The
OLD

The
NEW

The schools of Clarkston have had a long and varied history during which they have progressed from private institutions to our present school system. The first public school was located on the west shore of Park Lake. This building gradually became too small to meet the needs of the community so in 1911 a larger building was erected on the same site. This school had six classrooms and eight teachers. When this building proved to be no longer adequate the property was sold to Henry Ford and the present school property on East Church Street was acquired. The new building was erected and Mr. D. M. Winn served as superintendent. The first class to graduate from the new building was the class of 1931.

The present school employs fifteen teachers and serves about six hundred students. Since 1944 Mr. Carl Brablec has served as superintendent and Mr. Wallace Ridgley as principal. Under their administration the school has increased its enrollment and added numerous courses.

To

CARL BRABLEC

whose pleasant smile and friendly advice

have helped so many students

we sincerely and respectfully dedicate

MR. CARL BRABLEC

Superintendent

His twinkling eyes and contagious smile lend an atmosphere of pleasantry and understanding. In Mr. Brablec we have an educator whose foresight and vision will build good citizens for tomorrow.

MR. WALLACE A. RIDGLEY

Principal

He has guided us toward higher ideals of achievement, has shown a progressive modern spirit, and a friendly interest in all phases of school life. In him we find a good example of responsibility, well taken.

MRS. WILLIAM VLIET

Principal

Her earnestness and endeavor in her work are something to be copied. She has manifested a human interest in each individual student and her thoroughness and attention to detail have helped them get the most out of each day's school.

In years gone by annuals have usually been published as memorials to each graduating class. Achievements of the class were emphasized in the class roll, the will, the prophecy, and like senior activities. Today there is a democratic tendency to forget class barriers and to record a review of the school as a whole. The object of the HILLTOPPER staff of 1946 has been to produce an annual that will give all students attending school this year a means of cherishing the rich memories of their school life.

STUDENTS

● JOYCE McCANN

One of our outstanding students. Joyce is the editor of this year's HILLTOPPER.

● B. ASH--G. ARTHUR--D. SMITH

The music department is well represented by these three boys. Look for them in the band at the dances.

● W. LaPLANTE--FRANK RONK

Co-captains of this year's winning football team. Both up and coming lads, they should go far.

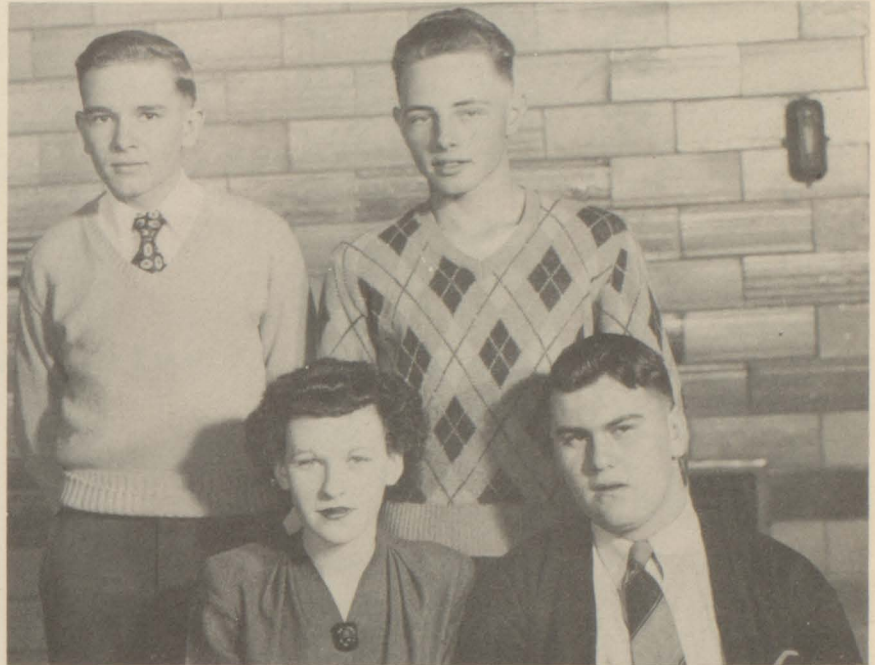

● BARBARA KREM

Barbara is one of our outstanding girl athletes. She is a familiar sight at all school activities.

The foundation of every school is its pupils. Without pupils a school is useless. The growth of students should be physical, mental, and moral. Under the leadership of Mrs. Vliet and her staff the grade school is helping each pupil to do just that. Each class has its own library and supplies to help provide conditions for mental growth and development of the boys and girls. A gym program has been worked out for the grade children to keep them physically sound and also to furnish relaxation from academic activities. Thus we find our pupils growing into young men and women with well-rounded personalities.

●FRANK RONK--was elected co-captain of the 1945 football team. He's a swell all around good sport. He will surely be missed during next year's sport season. Nice work, Frank!

●WALT LaPLANTE--co-captain with Frank, showed plenty of fight out there on the field. Walt, a scholar, a gentleman and an athlete, should be a success in whatever he undertakes.

"Crash right through that Line" is just what the gridmen did. Our strong, conditioned eleven won five games and tied one.

The past season's schedule was the hardest yet attempted, but the WOLVES, led by Co-captains Ronk and LaPlante, handled the situation well and surprised many of our supposedly stronger opponents.

"Doc" Thayer deserves much credit for the fine performance his team turned in.

If scores were the only important things in an athletic season, the basketball campaign would be considered unsuccessful. Experienced fans, however, know that the score book does not tell the whole story. Handicapped chiefly by lack of height, our team showed the Clarkston spirit nevertheless and played ball to the very end.

While these fellows proved that "they could take it" like good sports; they also demonstrated that they could give it. Even in the face of defeats, such players as "Tink" Ronk, Walt LaPlante, Bill Sharp, Glenn Davison, and Bill Wychoff were outstanding and contributed much to the morale of the team.

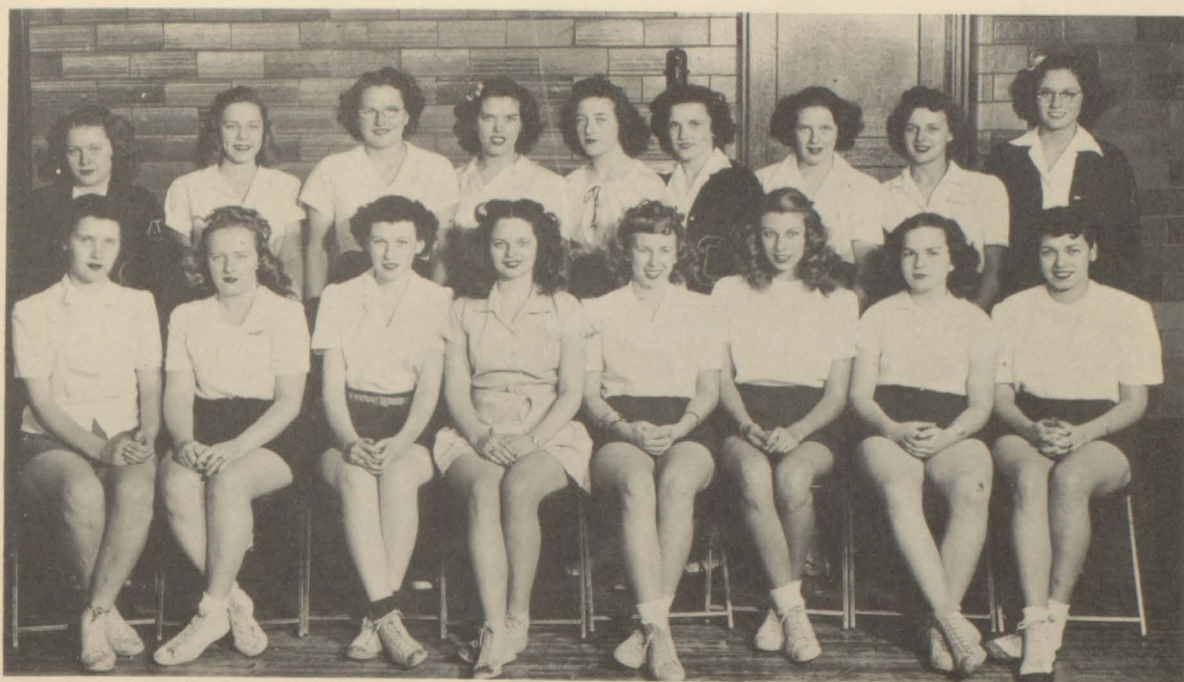

Next season will find us with a number of experienced players but for this year our satisfaction lay in the sport and the spirit of the team.

BASEBALL

In spring a young man's fancy turns to thought of baseball. This year, nine lettermen are returning to the team, along with many promising newcomers. As the HILLTOPPER goes to press, the 1946 season has not yet begun, so we present last year's schedule which is very similiar to the present one.

Early this year these girls organized themselves, under the leadership of Miss Ward, into a basketball team. They have worked to establish the ideal of sports for sports' sake since they do not work for letters. Their theory is that the enjoyment and proficiency in the sport is enough reward.

Next season will find them, as experienced players, a real threat to their opponents.
