## INTERESTING FACTS ABOUT OAKLAND COUNTY

### The Hub of Michigan's Playground and Automotive and Defense Industry

On May 6, 1812, Congress passed an act to make a survey of this territory. The County was organized in 1819, and on June 28, 1820, the Governor divided the County into two townships, Oakland and Bloomfield, which had a total population of 300.

On April 12, 1827, the County was divided into five townships, Oakland, Troy, Bloomfield, Farmington and Pontiac, which had an aggregate valuation of \$338.00, and \$849.00 in 1828. The aggregate township expense including its proportion of the County costs was \$823.32.

The first Supervisors elected by these townships were Roger Sprague of Oakland, Stephen V. R. Trowbridge of Troy, Lemuel Castle of Bloomfield, Amos Mead of Farmington, and Jacob N. Voorhies of Pontiac, who were paid one dollar per day while the board was in session.

In 1831, the Townships of Southfield and Sagana were added to the County.

In 1833, Novi, Royal Oak and Grand Blanc.

In 1834, Mia, Commerce, West Bloomfield and Lyon.

In 1835, Waterford, Milford, Highland and Avon.

In 1836, White Lake and Orion. Grand Blanc and Sagana were then discontinued.

In 1837, Addison, Brandon, Independence, Rose, Springfield, Oxford, and Groveland were added, and Mia was discontinued.

On March 5, 1838, the Township of Holly was added to the County making a total of twenty-five townships.

The pioneers of our County must have looked to the future of our County as a Manufacturing center, as well as a great Agricultural county, for we find in July 7, 1849, the Oakland County Agricultural Society was organized. The purpose of the organization was for the encouragement and advancement of Agriculture, Manufacture and Mechanical Arts.

Nature was very generous with her gifts to Oakland County and the many lakes and streams, large acreage of rich and fertile farm lands, and excellent natural building sites for homes, factories and towns offer to the industrialist, farmer, home seeker and resorter abundant opportunity to follow their chosen occupation or inclination.

There are more than 400 lakes in the county with an area of 20,000 square acres, or one lake to each two square miles, and most of them have sandy beaches where the children may bathe in perfect safety. These lakes are well stocked with game and pan fish, and to keep them supplied with bluegills and bass, there is maintained at Drayton Plains the largest hatchery of its kind in the world. Of the 87 acres at this hatchery, there are 50 acres under water and the annual output is 5,000,000 bluegills and 250,000 bass. Visitors are always welcome.

There are numerous streams in the county and many of the lakes are connected by these rivers or creeks that are wide and deep enough to be navigated with a boat or canoe and a trip from lake to lake by way of these winding streams takes the voyager through a veritable wonderland of beauty.

Eleven State Parks with a total combined area of 1006 square miles afford camping and recreational space for the large number of visitors who come for week-end trips or to spend a few weeks in Oakland County during the summer. There is also a county park with an area of 600 acres located near Davisburg.

Most of these parks have great possibilities for winter sports and each year skating, ice boating and tobogganing are attracting more people. The long ski slide at Rochester brings throngs of people annually to view the championship matches there.

The Scotch Game of Curling was played upon the ice of Orchard Lake in the winter of 1832. This was the first time this ancient Scotch pastime was played in the United States. The Scots, living around Orchard Lake, did not possess the regular stones or "STANES" as they call them; but took hickory wood blocks and made them into a shape similar to the regular curling stone.

The game of golf has many followers in the county as evidenced by the fact that there are 41 courses where this game may be played. Most of them are public or semi-private and many of these golf courses are known as among the sportiest to be found in the entire nation.

Although Oakland is near the large Metropolitan centers, the wooded areas provide cover and food for game and birds and there is excellent pheasant, rabbit, squirrel, fox and partridge hunting. Duck shooting is a favorite sport, and a few coyote have been seen.

The Pontiac Motor Company, The Fisher Body Corporation and the General Motors Truck are the largest industrial plants while numerous smaller industries are scattered throughout the county giving employment to thousands of persons.

The White Chapel Memorial Park is one of the finest in the country, and in addition to the modern mausoleum having thousands of crypts, is the memorial ground of the Polar Bears, that company of American soldiers who served in Russia during the World War. Each year the White Chapel is the mecca for tulip lovers and choice varieties by the hundreds are grown there.

Among the religious institutions that attract nation wide attention is the White Lake Catholic church that was built more than one hundred years ago and is still being used as a place of worship and the Shrine of the Little Flower located at the corner of Woodward and Twelve Mile road.

The great Cranbrook schools and church were built by the Booth Foundation and are one of the points of interest visited by thousands each year. The carillon concerts on Sunday afternoons during the summer precede the vesper services at the church.

Farming is by no means the least of the industries of Oakland county and the farm crops and produce are of an excellent quality and bring top prices in the city markets. Some of the choice dairy and beef herds of the nation are to be found in this county. The D. M. Ferry Seed Company has its demonstration and seed growing farm near Rochester and the Parke Davis Laboratories are also located in that village.

The schools of Oakland county have always been at a high standard, the high schools being on the approved list of the Colleges and Universities. The rural and consolidated schools are rated as among the finest in the state.

In this county where the population increased from 211,251 in 1930 to 254,068 in 1940, there is a total of 2387 miles of improved roads, with 827 miles of these roads being hard surfaced. The road organization of the county is a very complete one and is taken as a pattern and example by many other counties and states.

These are some of the natural and developed resources and attractions of the county, but what is more important than any of the physical or material wealth of Oakland is the class of her citizenry. They are a loyal, law abiding, friendly and home loving people who extend a cordial welcome to others to come and enjoy life with them.

It shall be the duty of such committees to prepare the necessary facts and details concerning the matters so referred, including the opinion of the Civil Counsel as to the legal principles involved therein, notify the Chairman when such information is ready and make a written report to the Board when the same convenes, with or without recommendations.

Rule XXII. No standing rule of the Board shall be rescinded, changed or added to, except by the consent of a majority of the members elect of the Board and with one day's notice of the motion thereof.

Rule XXIII. The rules of parliamentary practice as comprised in "Roberts' Rules" shall govern in all cases in which they are not inconsistent with the standing rules and orders of the Board or the Constitution or the laws of the State of Michigan.

#### PRIVILEGED QUESTIONS

Rule XXIV. Privileged questions are questions that may be considered when other questions are pending. They are:

- 1st. To adjourn.
- 2nd. To adjourn to a certain time.
- 3rd. The previous question.
- 4th. To lay on the table.
- 5th. To postpone indefinitely.
- 6th. To postpone to a certain length of time.
- 7th. To commit or to amend.

The first, when made and seconded, is always in order. The first, third and fourth must be decided without debate.

#### PREVIOUS QUESTIONS

Rule XXV. The previous question, when moved and seconded, is a motion to determine all amendments to the question pending and the pending question itself, without further amendments or debate, or before any other motion is in order, except to adjourn. It shall be stated in the form, "Shall the main question be now put?"

#### RECONSIDERATIONS

Rule XXVI. A motion for reconsideration may be made by any member of the prevailing side within one day after the question was determined, but if such motion be laid on the table it shall there remain.

#### MOTIONS

Rule XXVII. When a member desires to make a motion he shall arise and address the Chair, and when recognized by the Chair he has the floor to make his motion, and if the motion is seconded, it shall be stated by the Chair after which it may be debated.

Rule XXVIII. A motion to adjourn to the call of the chair may be made whenever an adjournment, as contrasted with a dissolution of the assembly is desired, and such motion shall have the effect and be construed to mean an adjournment to a day certain, the day certain being fixed by the chairman of the Board of Supervisors, provided, however, notice of the re-convening of the board by the chairman shall be given to each member thereof by the posting of such notice in the United States mails, sufficiently stamped, properly sealed and plainly addressed to each member at his last known address, 10 days preceding the re-convening of the session; provided further, that such notice will be considered waived by attendance and answer to the roll call, at the re-convened meeting and, provided further, that no such adjournment shall be considered as a dissolution of the assembly and always a continuance of the session in which it is made.
