County Clerk/Register of Deeds

2005
OAKLAND COUNTY
DIRECTORY

Dear County Resident,

It is my distinct pleasure to provide you with this 2005 Oakland County Directory of federal, state, county and local offices. Since 2004 was an election year there is a great deal of new information in this issue.

In this directory are maps of U.S. Congressional districts, State Senate districts, State Representative districts and County Commissioner districts. It also contains contact information for federal, state and county officials as well as contact information for Circuit Court Judges, Probate Court Judges and District Court Judges.

There is an alphabetical listing of county departments including addresses, telephone numbers, websites and key staff. You will also find census data and descriptions of major county functions with emphasis on our Parks & Recreation facilities.

Finally, there is a complete listing of cities, townships and villages showing the elected and appointed officials.

I hope you find this 2005 directory useful and if you have any recommendations or questions please email my office at clerk@co.oakland.mi.us.

Also, please remember to visit the Oakland County website at www.co.oakland.mi.us to order copies of birth, death and marriage records. Register of Deeds information can be viewed for a fee, just click on Access Oakland.

Thanks you for your continued support.

Sincerely,

A handwritten signature in cursive script that reads "Ruth Johnson". The signature is written in black ink and is positioned above the printed name.

OAKLAND COUNTY GOVERNMENT

In August of 1974, Oakland County citizens voted to create the first unified form of county government in the history of Michigan. Less than 60 such governments exist across the nation.

The government is headed by an elected County Executive, whose responsibilities are similar to those of a governor or the mayor of a large city. The County Executive administers the government on a day to day basis, proposes new programs and revamps existing programs. The executive represents the interests of more than one million residents.

Under this structure, the Board of Commissioners performs a role similar to a state legislature or city council. It acts on proposals submitted by the County Executive and makes proposals of its own. Government policy is set by the Board of Commissioners and implemented by the County Executive. The County Executive may veto acts of the Board and the vetoes can be overridden by two-thirds vote of the Board.

The third branch of government, the judiciary, was not changed by the executive form of government. Similarly, the five other offices headed by officials elected countywide remain unchanged. These are the Prosecutor, the Sheriff, the Clerk/Register of Deeds, the Treasurer, and the Drain Commissioner.

AUTOMATION ALLEY

Oakland County Executive L. Brooks Patterson identified Automation Alley as one of the nations fastest growing technology clusters. He recognized the need for an active government, education and technology company partnership – a consortium that would provide direction, focus and a single-voice for cluster companies.

The Automation Alley Consortium is a dynamic organization of visionary leaders comprised of technology-focused companies, representatives of K-12 and institutions of higher learning and supported by Oakland County government. Consortium members are dedicated to reinforcing their competitive positions in the global marketplace and to nurturing the economic vitality of Oakland County and Southeast Michigan. Member companies invest time, money and staff in the development and promotion of Automation Alley as a first-class technology cluster.

In fact, more than 500 technology companies are members of this global consortium. Today, visionary leaders of Automation Alley technology companies are joining the campaign to nurture the cluster's development – working together to effect the powerful competitive advantage that it offers.

Automation Alley has all the elements to support and grow a world renowned technology cluster. On many quality of life indicators, Automation Alley is on par with or better than those technology clusters considered among the most desirable in the nation – older, more developed technology clusters like California's Silicon Valley and Boston's Route 128. Automation Alley is the Mid-Wests fastest growing technology consortium.

SERVICE CENTER COMPLEX

The Oakland County Service Center Complex has been developed for over 80 years and functions as the hub of county government. The majority of the County's departments and institutions are presently located on a 443-acre site in Waterford Township and the City of Pontiac, divided by Telegraph Road. The County has developed the complex by systematically constructing facilities as needed and funding permits. It is laid out in a spacious setting according to a master plan, giving direction to an ultimate development, which will be functional, efficient and aesthetically pleasing. One of the principals designed into the Service Center is its "community" concept of a campus development whereby similar or related functions are grouped together.

The campus is serviced by full fiber optic connections and a county-owned and operated private telephone business exchange, campus technology infrastructure allows state of the art communications between all government units and the public.

The 415,000 square foot Courthouse houses Circuit, Family and Probate Courts, and offices of the Clerk/Register of Deeds, Treasurer, Prosecutor, and Board of Commissioners. Other major facilities located on campus are the Executive Office Building, Sheriff's Law Enforcement-Jail Complex, Medical Examiner Facility, Public Health Center, Medical Care Facility, Children's Village and Drain Commissioners Office.

The Oakland County Sheriff's Law Enforcement-Jail Complex serves not only as a location to house many of Oakland County's 1,900 inmates, but contains many key components of the state's largest full-service Sheriff's Office. Its resources are always ready to assist any agency or person in Oakland County.

Resources and services of the Sheriff's Office include a 31 Harley Davidson Motorcycle Unit, K-9 Unit, Aviation Unit, Marine Unit, Dragoon, Traffic and Alcohol Enforcement, Dispatch, Court Services, Forensic Science Lab, Boot Camp and many more reputable specialty units.

The over 1,200 highly trained members of the Sheriff's Office work in six different divisions which include Corrective Services, Satellite Services, Patrol Services, ERP - Emergency Response and Preparedness, Technical Services and Administrative Services. The mission of the Sheriff's Office is to safeguard and protect the citizens and property within Oakland County and the care and custody of inmates.

Children's Village provides detention, shelter, care and residential treatment services for neglected and delinquent wards of the court and is situated on 50 acres on the Waterford Township side of the Service Center. The Village affords a home-like atmosphere for troubled children coming to the attention of the court and consists of nine (9) separate program units that provide an opportunity to deal with the individual problems of youths and families.

With the recent addition of 88 undeveloped acres directly adjacent to the current campus, Oakland County is well positioned to meet future expansion needs well into the 21st century.

The Oakland County Service Center is a model complex and is the core of county government. Oakland's officials are proud of the complex and its related facilities. County citizens and visitors from other counties, states and nations have found and will continue to find themselves most welcome.

OAKLAND COUNTY COMMUNITY MENTAL HEALTH AUTHORITY

With a FY 2005 budget of approximately \$224 million, the Authority has been serving Oakland County's 1.15 million residents since 1964. It has grown to become Michigan's second largest public Community Mental Health Services Program and is responsible for services to adults with mental illnesses, children with severe emotional disturbances, and people of all ages with developmental disabilities. The Authority provides services to over 12,000 children and adults in Oakland County.

The Authority is governed by a twelve-member board, consisting of primary and secondary consumers and interested members of the community.

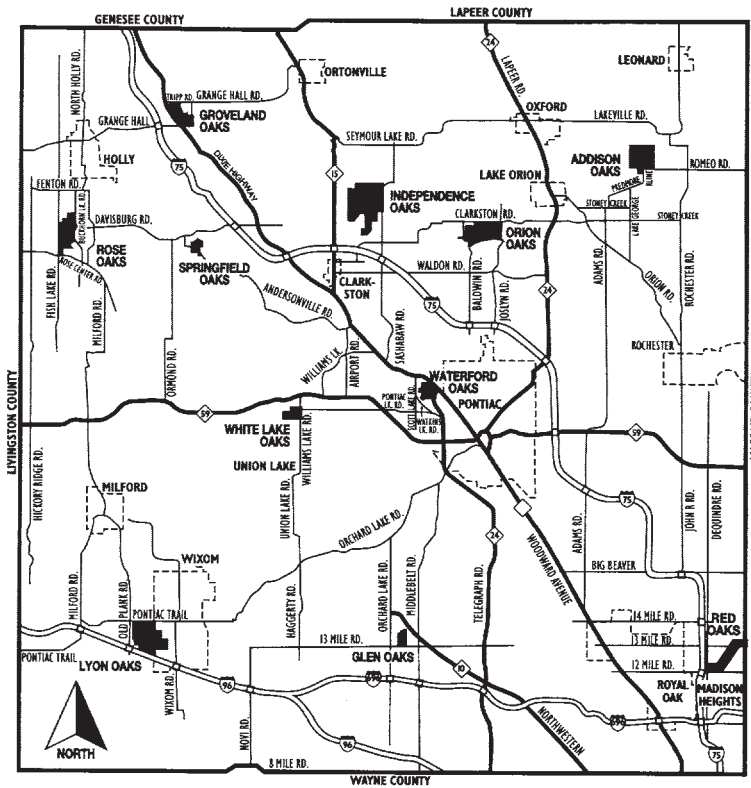

The Authority's mission is to support the advancement of social equity and improved quality of life for adults with serious mental illness, children with serious emotional disturbances, and people with developmental disabilities.

The Authority receives over 90% of the funding for mental health services from two sources, Medicaid capitation payments and State General Funds. Additionally, the County of Oakland provides about 5% of the funding. The budget allocates 95% of the funding to contracted services and support, with approximately 5% for the Authority administration.

The Authority's provider network consists of six major contracted service providers and several smaller providers who offer a full range of mental health and community-based services. These include evaluation and screening, hospital and residential treatment, respite care, clubhouses and day programs, supported employment, multilingual programs, corrections services, and a dual diagnosis program for individuals with mental illness and substance abuse. The Authority works with several Qualified Health Plans that provide comprehensive medical services to enrolled Medicaid recipients.

The Authority is fully certified by the State of Michigan Department of Community Health as required by the state Mental Health Code. Person-Centered Planning which is mandated by the code, provides individuals with disabilities with more choice and control. The goal of this model is improved quality of life for consumers and more integration as fully participating members of the community.

These programs are supported by your tax dollars. The Authority is ready to help eligible Oakland County residents who need professional mental health services in any way possible. For information and referral contact 1-800-810-3772. Mental Health clinicians answer questions, assist people in entering our system and refer consumers to providers in and out of our network. Crisis services day or night and on weekends may be obtained by phoning Common Ground Sanctuary in Pontiac at 248-456-1991 or (800) 231-1127.

EXPERIENCE THE OAKLAND COUNTY PARKS

With preservation of open space a priority, Oakland County Parks strives to enhance quality of life for its 1.5 million annual visitors.

Recreational, leisure and learning experiences are made possible through special events, programs and facilities, supported in part, by a one-quarter mill tax.

Homeowners pay an average of \$18.75 (on a \$150,000 home) to improve, maintain and acquire parks and recreation areas in Oakland County. Voters have supported the Oakland County Parks since its inception in 1966.

Currently, the 11-park system totals more than 6,000 acres. Land is acquired with assistance from state and federal grants. Ten citizens comprise its policy-setting commission.

A leader in innovative facilities and programs, the parks system offers two waterparks; The Fridge, Michigan's only refrigerated toboggan run; two nature centers; and a community mobile recreation fleet.

Construction of a new clubhouse at White Lake Oaks Golf Course, the addition of a paved trail at Independence Oaks, and a new pavilion at Addison Oaks are among the top projects in 2005.

The White Lake Oaks clubhouse will replace a structure that was originally built in 1929. The new facility will include a pro shop, grill room, garden patio and banquet dining area.

At Independence Oaks, a 2.1 mile River Trail will be created to connect to other sections of the trail system in the 1,088-acre park. The River Trail will include 1,200 feet of boardwalk and a 40-foot bridge.

Campground recreation will be centered around a new pavilion to be built at Addison Oaks, north of Rochester. Activities include musical entertainment, crafts, games, and nature presentations.

Additionally, new at Groveland Oaks will be a skate park, one-mile hiking trail and miniature golf course for camper enjoyment.

For more information, visit the Oakland County Parks website at www.co.oakland.mi.us/parksrec for discount coupons, maps and more or call 1-888-OCPARKS.

OAKLAND COUNTY ROADS

Almost half of all highways, roads, and streets in Oakland County are on the county system, which is under the jurisdiction of the Board of Oakland County Road Commissioners.

The Road Commission for Oakland County (RCOC) is now in its 92nd year of service to the people of Oakland County.

Totaling nearly 2,700 miles, RCOC's road system includes all public roads in townships, except state highways, and through-streets in most cities and villages. It is the largest county system in Michigan and is second in size only to the state highway system. Its subdivision streets alone (all in townships) make up more than 900 miles.

About two-thirds of the system is paved. More than half is within the county's urban area, where some roads are four, five, six and seven lanes wide to handle heavy traffic. A single intersection, in Southfield, is the meeting place for 100,000 vehicles daily. More than 1,200 electrical signals and over 120,000 signs are in use on the county road system.

The Road Commission has no authority to levy a countywide tax, nor does anyone levy a tax countywide for roads.

The basic source of Road Commission revenue is the state-collected vehicle fuel and registration taxes, which motorists pay at the pump, and to the Secretary of State. The state-collected taxes are the only source of substantial funding for county road maintenance, and snow and ice control.

Federal, county, municipal, township and property-owner contributions are also received, but generally only for specific road projects. Such projects include adding lanes, intersection improvements, paving gravel roads, adding new gravel, resurfacing paved roads, adding passing lanes, and other safety improvement projects.

In 1992, RCOC embarked on a program called FAST-TRAC, which is an Intelligent Transportation Systems (ITS) effort. The Road Commission has installed "smart" traffic signals operated by computers and video vision at nearly 650 intersections across the county. This is the largest adaptive traffic control system in the United States and the largest video imaging system for traffic management in the world. The Road Commission was the first local unit of government to initiate a program of this scope and magnitude.

For paving and resurfacing of subdivision streets, property owners can petition RCOC to create a special assessment district through a process prescribed by state law. The process begins by contacting the Road Commission, then petitioning and participating in public hearings.

Members of the three-person Board of County Road Commissioners are appointed for staggered six-year terms by the elected Oakland County Board of Commissioners, which also sets their salaries. Salaries are funded by state-collected vehicle fuel and registration tax revenues. The Board of Road Commissioners is separate from county general government — establishing policies as authorized by state statutes for management of the countywide road system, administering its own budget, and hiring its own full-time managing director and staff.

Citizen requests for information are given special attention by the Road Commission's Department of Citizen Services (DCS). That office may be reached between 7:30 a.m. and 4:15 p.m. weekdays by dialing (877) 858-4804, or via e-mail at the Road Commission website, www.rcocweb.org.

WHERE TO GET MAPS, AERIAL PHOTOGRAPHS
DEVELOPMENT INFORMATION AND BUSINESS ASSISTANCE**

Oakland County's One Stop Shop provides the expertise, knowledge and contacts to meet just about any resource need. You can turn to our experts for help in many areas, including map products, community planning, business support and development, land and site data, community networking, financing and more.

Managed by Oakland County's Planning & Economic Development Services (PEDS) division, the One Stop Shop is a resource center with a wealth of information, publications and customer service professionals to help.

Current property information and high-resolution aerial photographs (dating back to 1963) are now just a few clicks away with a self-serve mapping system. Users of the system can locate property in Oakland County, or using the custom search tools, generate a list of properties by size, use, school district or assessed value. Products can be printed in a number of different formats and sizes.

Development data, population, housing, income, employment, land use, master plans, zoning and environmental data are available in both printed and electronic formats. Countywide and community specific information along with county regional comparisons helps the business community and citizens fulfill their information needs. Staff can answer any questions about the information and explain land use, location of sensitive ecological areas, soil conditions, demographic and economic trends. Staff also provides specific business services that assist businesses of all sizes with start-up growth and expansion needs. Primary services are real estate assistance, fixed asset financing, market information and workforce recruitment.

Pledge of Allegiance

I pledge allegiance
to the flag
of the United States
of America
and to the Republic
for which it stands,
one Nation under God,
indivisible, with liberty
and justice for all.

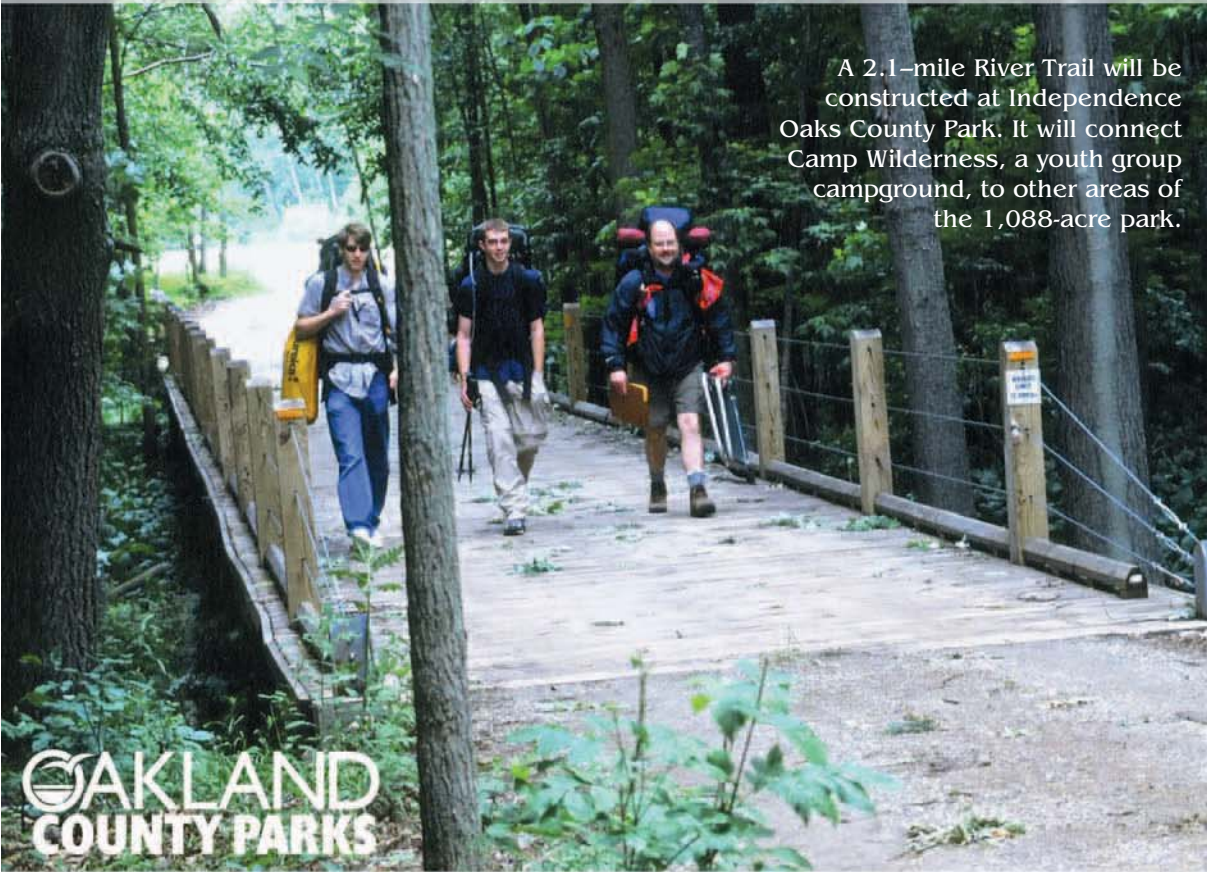

Red Oaks Golf Course in Madison Heights. For information on all Oakland County Parks courses, visit www.golfoakland.us.

It's wetter and better at **Red Oaks Waterpark**, home of a river ride, children's water playground, giant triple waterslide and tot spray zone. Visit www.splashfun.com.

The Bark Park at **Orion Oaks County Park**, an off-leash playground for dogs, will nearly double in size. The park is also popular for fishing, hiking and mountain biking.

A 2.1-mile River Trail will be constructed at Independence Oaks County Park. It will connect Camp Wilderness, a youth group campground, to other areas of the 1,088-acre park.

OAKLAND COUNTY PARKS

The historic 1883 Ellis Barn is moving to **Springfield Oaks County Park**, also the future site of the proposed Oakland Equestrian Center.

Visit www.oaklandfridge.com to view a video of The Fridge, Michigan's only refrigerated toboggan run, at **Waterford Oaks County Park**.
