Representative Seeks Re-election

House Republican Leader Clifford H. Smart (R-Walled Lake) has announced he will be a candidate for re-election to the Michigan House of Representatives from the 24th District.

"Because of the many serious problems in education, including the financing of educational operations, and because I believe this issue will be of prime importance during the coming session, I have made my decision to seek re-election.

Smart is completing his fourth two-year term in the legislature, and his first term as Republican Leader in the House. The recognized educational expert in the House of Representatives, Representative Smart served as Chairman of the House Education Committee during the 1967-68 session, and currently is the Republican Vice-Chairman of the Education Committee.

At the same time, Smart indicated his willingness to be a candidate for re-election as Republican Leader. "This caucus is working together as a unit in the best interests of the general public better than I have ever seen it work in the eight years I have been in the legislature. As a minority voice, we have attempted and I believe have succeeded in insuring that good legislation,

will strengthen the operation of the committee system, the very backbone of our system." Representative Smart served on the Board of Trustees of Oakland County Community College and on the Board of Managers of Michigan Congress of Parents and Teachers. He is a member of the Walled Lake Rotary Club, the Michigan Education Association, the Michigan Association of School Administrators, the Walled Lake Chamber of Commerce.

REPRESENTATIVE SMART

Sunday is Father's Day and few fathers are any prouder of their family than Nov's Frank Bosak is of his. When Steve, the youngest of the seven Bosak children, enters the University of Michigan next fall, he will be the seventh Bosak to embark on a college education. Above, surrounding their father, are (from left to right) Steve, Mrs. Bosak, Bob, 26 and a third year medical student at Michigan, Ginny, 20, a senior at Michigan State majoring in speech; Mrs. Paul (Edythe) Hermann, who holds her bachelor of science from Mercy College; and Frank, Junior, 29, an Eastern Michigan graduate. Not pictured are Susan, 23, a Michigan State graduate living in Cleveland and working as a journalist and Nancy, 24, another Michigan State graduate who is now a stewardess. The Bosaks live at 4300 Nine Mile Road.

Moak, De Waard Win School Posts

One incumbent was returned to office, another was defeated Monday as only 594 Nov voters cast ballots in the annual school election. Elected were Incumbent LaVerne M. DeWaard, who garnered the greatest number of votes with 285, and William A. Moak, a challenger who picked up 270 votes thus ousting Incumbent Mrs. Sharon Pelchat with 244 votes.

member of the Village Oaks Homeowners association, members of the Village Oaks PTO, and members of professional associations. He has 12 years experience in accounting. Mrs. Pelchat, who loses her seat at the end of this month, has been a member of the board for one year. She presently is treasurer. She lives at 41910 Aspen Drive.

LAVERNE DEWAARD WILLIAM MOAK

For Vo-Tech Funds Approved

With Board members Bruce Simmons and Mrs. Sharon Pelchat urging passage, the Novi Board of Education Monday approved a \$41,800 expenditure for vocational education industrial arts equipment by a 5-1 vote.

Dismissing as Trustee William Ziegler, Trustee Robert Wilkins was absent. The equipment is to be used to beef up the vocational education and industrial arts programs at the high school district. It represents a considerable reduction from initial discussions which had pegged the outlay at \$85,000.

It is estimated the district will receive, provided the vocational education program is funded by the state, about \$1,000 per year state reimbursement for the vocational education program. "Our vocational education programs," Dale said, "have

Oust Incumbent In Walled Lake

Dwight L. Wiseman, a 24-year veteran of the Walled Lake Board of Education, was defeated in his bid for re-election Monday.

Elected to a four-year term was incumbent John C. Clark, currently serving as president of the board. Clark has been a board member since 1958.

In other business Monday, the board reached a compromise settlement with John Miller of Green Ridge Nursery over a multi-thousand

LOOKING TO THE FUTURE—One hundred and fifteen Novi High School seniors received diplomas in the school's fourth commencement ceremonies held outside on the athletic field a week ago Tuesday. United States Representative Jack McDonald delivered the commencement address, asking graduates to participate in a renaissance of human values. Donna Robertson delivered the valedictory address, while Laura Little presented the salutatory address.

flag indicating that the break with England was pretty hard to accept. General George Washington, the nation's first president, reportedly said this of the flag when first flown by the Continental Army: "We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

Following admission of Kentucky and Vermont, a resolution was adopted in 1794 making the flag one of 15 stars and 13 stripes. While the 15-stripe flag was in use Francis Scott Key wrote the "Star-Spangled Banner." It was Captain Samuel C. Reid of the Navy, who suggested that, because a stripe for each new state would become unwieldy, the stripes remain 13 in number to represent the 13 colonies, and that a star be added to the blue field for each new state coming into the Union. Subsequently, a law was enacted on April 4, 1818, requiring that a star be added for each new state on the July Fourth after its admission. A 48-star flag came with admission of Arizona and New Mexico in 1912. Alaska added a 49th star in 1959, and Hawaii paved the way for 50 stars in 1960.

Tennis Courts, Skating Rinks Novi Nixes Ordinance

A zoning ordinance amendment that would have allowed location of indoor tennis courts, roller skating rinks, and ice skating rinks in manufacturing (M-2) districts was rejected by the Novi city council Monday.

Proposed by the planning board in conjunction with city planning consultant Vilcan-Leman, the amendment would have accommodated specifically construction of an indoor ice skating rink at 42300 Eleven Mile Road, immediately south of the I-96 expressway, but also would have been applicable in all M-2 districts throughout the city.

Leading the opposition to the amendment was Kalm Johnson, a Novi citizen and former planning board chairman. Such facilities are not prohibited by the city ordinance and may be constructed in commercial (C-2) districts, Johnson pointed out.

Calm Prevails as K&B Pledges Cooperation

The storm of controversy hovering over Village Oaks developer Kaufman and Broad seems to have subsided briefly, but the storm clouds still linger overhead and threaten to break loose once again at the slightest provocation.

Reason for the current lull in the storm was a meeting between Kaufman and Broad representatives and members of the steering committee of Lakewood, the condominium portion of the Village Oaks development, last Wednesday at the Lakewood sales office.

Much of the discussion centered on the lack of air conditioning, landscaping, swimming pool, and sidewalks. Directly to the point, Kaufman and Broad representatives explained their position and pledged cooperation.

Police Arrest Board Member

Two Novi citizens - one of them a member of the Novi Board of Education - were arrested and charged with larceny under \$50 following a high-speed police chase a week ago Tuesday night.

Arrested were William George Ziegler, 33, of 24275 Hampton Hill and Richard Henry Jensen, 34, of 24283 Hampton Hill. They were released on their own recognizance to appear before Novi District Court Judge Martin Boyle on or before June 15.

Jensen is a past officer of the Novi Jaycees. The two men were apprehended by Detective Sergeant Gordon Nelson and Corporal Robert Starnes at approximately 10:45 p.m. Tuesday, June 6. The Novi officers were on special patrol due to graduation ceremonies at Novi High School.

Graduates Wed In Minnesota

On the eve of their graduation from St. Olaf College, Northfield, Minnesota, Judith Kristine Stockhaus and Stephen Richard Olson were married at First English Lutheran Church in Fairbault, Minnesota.

The double ring ceremony for the daughter of Mr. and Mrs. Ralph L. Stockhaus, 4670 Bloomcrest Drive, and the son of Mr. and Mrs. Richard Olson of Galesburg, Illinois took place at 4 p.m. on Saturday, May 27. The Reverend Duane Hoven and the Reverend James Miller officiated.

The bride, given in marriage by her father, chose a gown of embroidered silk organza with bishop sleeves. Her chapel length mantilla was made of imported French rose de chantage lace. She carried a nosegay of spring flowers.

For her role as maid of honor, Joan Mueller of Mayville, Wisconsin wore a floor length gown featuring a short-sleeved beige bodice with a scooped neckline and a floral print skirt in shades of orange. Caria Howery of

Students Earn Honors

CMU
Three area students were cited for earning all-A grades at Central Michigan University, while several others were honored for academic achievement with "B" or better grades.

The all-A students are:

Charles G. Keegan of 18725 Valencia, Northville, a senior; David M. Maxwell of 27164 Meadowbrook Road, Novi, a senior; and Lynn M. Aro of 1821 Bruce, Wixom, also a senior.

Other honor students are: Sheryl L. Latuska of 5906 Pontiac Trail, Wixom, senior; and seven Northville students: Joy M. Barnum of 46131 Bloomcrest Drive, senior; Nancy A. Burt of 2410 Lujon, sophomore; Martha A. Eddy of 312 Randolph, senior;

Need Vacation Homes For Inner-City Kids

Area residents who would like to help provide a summer vacation for inner-city youngsters by taking them into their homes or sharing horses, a pool or even a picnic are invited to call Mrs. Andrew Caughey, 349-7143, or Mrs. Joseph Petro, 349-3244.

If enough residents are willing to take children into their homes, she says, the project this year can be less structured and will give the youngsters a more home-like country vacation.

She is making plans for a return visit of many of the same children during July.

FAYE QUALLS PATRICIA TOTTON

Mr. and Mrs. Carl Stephens and their family, 4064 Norton, returned last week from a 23-day visit to Europe. The trip was an early silver anniversary celebration for the couple and a long-anticipated trip for Mrs. Stephens, who became acquainted with her many relatives in England for the first time.

It also was an early graduation present for son, Carl, who will be graduated from Eastern Michigan University in December. He is majoring in commercial art and made a study of European churches on the trip. Fourth member of the group was daughter, Mary, who had just completed her freshman year at Schoolcraft College.

In addition to visiting London, Cambridge and St. Ives, the thatched-roof countryside area, in England, the family took a rented car by ship to the Hook of Holland, visiting Amsterdam, the Black Forest region in Germany, Switzerland, France and Belgium.

Bride-elect Suzanne Pfluecke was honored Sunday evening at a personal and linen shower hosted by Mrs. Robert Massel and Mrs. Paul Robinson of Northville and Mrs. Mary Sechler of Ann Arbor at the Reservoir Road home of Mrs. Robinson.

Suzanne is the daughter of Mr. and Mrs. Albert Pfluecke of Novi Street. She will marry George Gombasy on July 15. He is the son of Mr. and Mrs. Louis Gombasy of Clark Street.

CATHERINE BUNDOFF AND JOHN BARAN

An extended engagement is planned by Catherine Ann Bundoff and John Baran. The announcement was made May 20, at a formal dinner at the Chicago Road Steak House.

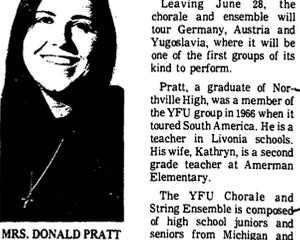

Catherine, the daughter of Mr. and Mrs. Edward Bundoff of Walled Lake, attended St. William's School, St. Mary's Academy of Monroe and is a graduate of Walled Lake Western High School and the David Prentiss School of Cosmetology. She also attended the Patricia Stevens Finishing School.

John is the son of Mr. and Mrs. Leon Baranowski of Dearborn. He is a 1968 graduate of Fordson High School, is currently associated with State Drugs of Walled Lake and is in the U.S. Army Reserve.

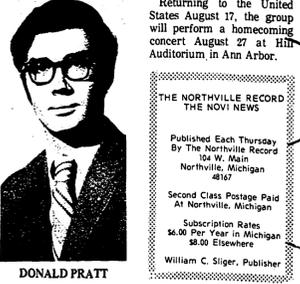

Couple to Tour With Choral

A Northville couple will accompany the Youth for Understanding Choral and String Ensemble on its two month tour of Europe.

Serving as counselors will be Mr. and Mrs. Donald Pratt of 525 Fairbrook. Pratt is also business and travel manager of the group.

PRACTICING ECOLOGISTS—Pollution problems and ecology were stressed in the physical science class of Robert Trombley at Northville High School during the past year. They were emphasized in other classes as well. So how better to close out the year than to practice a little of what they've been learning.

Trombley's students spent part of two days this past week cleaning up the debris on "beer hill" in Cass Benton Park, learning first-hand how some people disregard the landscape. They picked up some two-dozen garbage bags full of debris, winning the appreciation of park personnel in the process.

Bible School Set Monday

Vacation bible school begins Monday, June 19, at Northville's First Presbyterian Church.

Classes, which will be held daily from 9 to 11:30 a.m., run through Friday, June 29.

Students in grades kindergarten through six are eligible. Themes of the classes will be "Down Home Religion" with Appalachia selected as the area of study.

Pre-registration for the bible school can be made by calling the church office, 348-0911. Registration will also be available the first day of classes.

SPLendor AT MEADOWBROOK

Meadowbrook Country Club chef Richard Schultz poses with the regal-design, five-foot wedding cake he created for a May 27 club wedding reception.

This 500 Pound Cake Is Fit for Royalty

A wedding cake more than five feet tall including a tiny waterfall was the "unforgettable something" created by Meadowbrook Country Club chef Richard Schultz for a club wedding May 27.

Incorporating a crown motif the cake was based on a design made in the 1950's by Schultz when Queen Juliana of the Netherlands toured Detroit. Schultz then originated the royal design for "an elegant dinner display" at Dearborn Inn.

Schultz made the wedding cake at the request of the bride's mother, Mrs. Ernest V. Smutek, who wanted the event for her daughter, Pamela, to have "something unforgettable." The bridegroom was Bruce Kuffer, son of Mr. and Mrs. Kenneth Kuffer. They and the Smuteks are Farmington-area residents.

While the cake at Meadowbrook was all white, the original royal one was "royal ivory" with gold ribbons and red and green accents and was placed on a gold cloth.

Mrs. Smutek has saved the top tiers of the cake in the family freezer and is hoping they still will be edible on the 64-inch tall cake measured 56 inches across at the base and weighed about 550 pounds.

A florist decorated the open area above the first three tiers with a ring of live flowers encircling the waterfall. Flowers also circled the base.

The cake, however, is not the largest Schultz has made. He recalls that he has "gone up to nine feet with a sailboat design for a boat club 'Captain's Dinner.'" His biggest was 12 feet tall for a national competition.

While Schultz has been at Meadowbrook just a year, he has worked in the Detroit area for many years. He came to Meadowbrook from the Wardell-Sheraton in Detroit.

He was one of the first 27 graduates of Chadey High School's first culinary arts course. He recalls that prior to the Chadey program, only Chicago offered this training. He served his 15-year chef's indenture, working in various phases of the field.

Included in his specialist training was ice carving. Schultz remembers, in this connection, carving busts of Jennifer Jones and Gregory Peck for the premiere in Detroit of "Dual in the Sun." When there is a demand, it's apparent that Schultz finds it rewarding.

When the "Something unforgettable" was ordered, he went back to his reference books for the Juliana design with its filigree on each layer adding to the regal crown concept.

The original, he adds, graded a dinner of 16 courses, including capon-under-glass, served with gold table service and crystal goblets—even for the water.

Completes Marine Class

Woman Marine Sgt. Lynda L. Cooley, daughter of Mr. and Mrs. Morris B. Cooley of 227 Bell Court, Wixom, has completed the Women's Non-Commissioned Officer School at the Marine Corps Development and Education Command, Quantico, Virginia.

Her studies included administrative and clerical duties, career counseling and Marine Corps history and tradition, and were designed to enhance her leadership qualities as a Woman Marine.

She is former student of Schoolcraft College, Livonia.

Father's Day Gifts

Sky's Limit for Dreamers

Fathers being what they are will appear to be tickled pink with whatever gift or card or attention they receive from their families on Sunday, Father's Day.

But what about that necktie or suit of underwear? Is it really the gift that will make him do cartwheels?

And some reached pretty high. So we asked fathers in the area what they'd really like to receive.

Northville policeman, for example. "Well, I'll tell you what: I'd like my wife to come home some day and announce that she's just landed a job and will make \$13,000 so I wouldn't have to hunt anymore."

Take Bruce Deacon, a with the most beautiful single girl in town."

U-Kan, Mini-Bikes Stir Controversy

A three-hour-plus township board meeting Tuesday night was sprinkled with controversy involving both board members and an audience of some 25 citizens.

While some decisions were made, most of the action was concluded by making assignments to the attorney for future consideration.

But the six board members (Trustee Bernard Baldwin was absent) did take action on the following:

While only a few days remain before the Tuesday filing deadline, it appears at least three incumbent Northville Township board members will not seek re-election.

Township Race Gaining Steam

With only a few days remaining before the Tuesday filing deadline, it appears at least three incumbent Northville Township board members will not seek re-election.

Several others, however, have tossed their hats into the U-Kan question.

Officer Carl Berry from Plymouth said a local center was needed in Northville because the present facility at Main and Wing streets is inadequate.

Voters OK Bond Issue, Millage Hike

Incumbents, Mrs. Gucken Win Election

Voters gave their support Monday to two millage requests backed a \$750,000 bond issue, returned two incumbents and elected one newcomer to the board of education.

Winning four-year terms on the board were the only two incumbents in the race. Dr. Orlo J. Robinson and Martin Rinehart. Mrs. Sylvia Gucken won a two-year seat on the Northville board.

A total of 2,361 voters, or 37 percent of those registered, cast ballots in the annual school election.

The "one-mill for one year only" request won support of voters 1,271 "yes" to 960 "no."

A \$750,000 bond issue to take options on future school sites and remodel the six existing school buildings passed 1,272 "yes" to 945 "no."

Northville also gave its support to a proposal to build four Wayne County vocational-technical centers by a vote of 1,222 "yes" to 951 "no."

Returned to posts on the board were Dr. Robinson, who garnered 1,291 votes, and Rinehart, who captured 1,014 votes.

Mrs. Gucken won a two-year term on the school board with 801 votes.

Candidates also running for Township Supervisor are:

Colonel Joseph A. Parisi Jr., executive director of the Michigan Townships Association, will give his views on annexation Thursday, July 6, at 8 p.m.

The meeting is tentatively scheduled for the township offices.

Sponsored by Northville township, the meeting is open to residents of both the city and township interested in learning more about township versus city government.

Paris, who is a strong advocate of charter township government, authored the township manual for officials. He has held the post of executive director of MTA for the past 20 years.

Two key items which hinged on the passage of the bond issue were corrections in the wedding facilities at the high school in order to continue to operate the program under health department regulations and payment of \$45,000 for the 10-acre school site in Highland Lakes.

In April, a \$1.45 million bond issue was defeated by 89 votes.

School officials said that more than 1,500 votes were cast after 4 p.m. Monday. About 230 voters were waiting outside the school.

BIDS were waived and a contract was awarded Steve Kellian (.240 per yard or a total not to exceed \$3,500) for removal of dirt from Horton Street. The dirt is to be used by the city elsewhere in Northville.

SUMMER TAX questionnaires sent home with kindergarten through sixth graders should be returned to the school board office as soon as possible. Out of the more than 1,000 surveys sent out, 200 have been returned, split evenly for and against the proposed collection of school taxes in the summer.

For Two Teachers

Novi Offers Contracts

Contracts are to be extended since length of the walk proved longer than had been indicated by the map. Trustee LaVerne DeWard cast a dissenting vote.

Approved a \$1,520 contract with the Wayne Fence Company for installation of fencing at Village Oaks. Formal awarding of the contract had been tabled pending investigation into reliability and workmanship of the firm.

Authorized an additional expenditure of up to \$500 (\$2.70 per foot) for the walkway at Village Oaks Elementary School.

Society Taps Novi Scholars

Eight Novi High School seniors have been chosen as members of The Society of Outstanding American High School Students, the leading high school honorary society in the country.

The selection of the eight Novi students, all of whom graduated in commencement ceremonies last Tuesday, was announced by Hal J. Seymour, Novi High School principal.

With the assistance of high school principals and counselors, The Society of Outstanding American High School Students strives to further the pursuit of academic achievement and civic responsibility on the part of American youth.

from the BOOKSHELF

New books in the public library this week include:

ADULT
"Captains and the Kings," Taylor Caldwell; An Irish immigrant makes an immense fortune enabling him to play a part in international currency manipulation, politics and the waging of wars.

"The Book of Witnesses," David Green; Life of Christ as seen through fictional "witnesses."

"The Private Sector," Joseph Hone; On the eve of the Six Day War, British agent Peter Marlow is sent to Cairo to track down a colleague who is suspected of being a double agent for Russia.

"The Gods Themselves," Isaac Asimov; Cooperation between two parallel universes is the theme of this new science fiction novel by the author of the "Foundation Trilogy."

"Out of the Dark," Norah Lof; A young girl's world explodes when her stepbrother is found murdered and the evidence points to her.

"The Second Kiss," Gayle Rogers; The love story between Maria, the sole survivor of a wagon train enroute to Oregon, and Nakoa, the Blackfoot brave who captured her. The novel is rich in Indian lore and authentically set against the backdrop of the prairies of the Blackfoot.

Summer hours at the Northville Public Library are noon to 8 p.m., Monday through Thursday, and 10 a.m. to 5 p.m., Friday. The library is closed Saturday and Sunday.

Church Ordains Novi Minister

The Reverend Philip M. Seymour, for the past 2 years minister of the United Methodist Church at Novi, was elected to Full Membership in the Detroit Annual Conference of The United Methodist Church on Thursday evening by Bishop Dwight E. Loder, resident bishop of the Michigan area of The United Methodist Church.

The son of Dr. and Mrs. Everett K. Seymour of Royal Oak, Mr. Seymour was born in Detroit, Michigan, and was admitted to probationary membership in the Detroit Conference and ordained deacon in 1968. He was graduated from the Grosse Pointe Michigan High School in 1963. He attended Albion College, Albion, and Wayne State University where he received an A.B. in 1967 and was graduated from Wesley Theological Seminary, Washington D.C., in 1970, receiving a master of divinity.

NOVI HIGHLIGHTS

By JEANNE CLARKE 624-0173

The Annual Novi School Reunion will be held on June 17th with a potluck at 1 p.m. at the High School. Everyone is asked to bring their own table service. Beverage will be furnished.

Officers of the group are Bill Mac Dermid, president; Dorothy MacDermid, secretary; and Madelyn La Fond, treasurer. Anyone who has ever attended Novi School is urged to be in attendance to greet old friends.

Tom Bell, son of Mr. and Mrs. Duane Bell of Fonda Street, had a graduation open house at his home on Sunday evening. Guests were present from St. Clair Shores, Pontiac, Tecumseh, Warren, Grrosse Pointe and Novi.

Word has been received of the birth, June 10, of a baby boy to Mr. and Mrs. Dennis Roche. Named Damon Lou, he weighed seven pounds and six ounces.

Mrs. Kathy Roche was employed at the Novi Police Department until her husband returned from service. They are now stationed in Kansas.

Mrs. Herbert Harbin, Sr. last week visited her son and his family, Mr. and Mrs. Bert Harbin, on the occasion of Loretta Harbin's graduation.

Mr. Frank Davis of Glenda Street has returned home from University Hospital in Ann Arbor.

Frank "Dan" Boone of Eubank Street died suddenly this week.

Mr. and Mrs. Jack Angine of South Lake Drive have returned from a two week vacation in Northern Michigan.

Mr. and Mrs. William Mac Dermid of St. Clair Shores attended the graduation exercises at Grand Valley State College at Allendale, near Grand Rapids, on Saturday. Their son, Dan, received his bachelor of science degree.

Eugenie Choquet and Leon Dochot of South Lake Drive attended an open house at South Lyon on Sunday honoring Jo Allen Moore.

Mr. and Mrs. Glen Salow, Jr. of Novi Road visited her sister, Mrs. Louis Salow at the Addison Hospital on Sunday.

Mrs. Keith Branch (Vivian) of Willowbrook is a patient at Providence Hospital.

Mr. and Mrs. Orville Duke of South Lake Drive attended the funeral of Mrs. Duke's mother, Mrs. Ritter, this past week.

Mr. Pat Karovich of Clark Street entertained several of her neighbors this past week at her home on the occasion of Mr. and Mrs. Pelton's 42nd wedding anniversary during the month of July. Again, anyone wishing to help may contact Mrs. Jody Adams at 349-2848.

Novi Youth Assistance

There is a need to send 26 youngsters to camp and applications have been made to Camp Oakland and Camp Fairhaven during the month of July. Again, anyone wishing to help may contact Mrs. Jody Adams at 349-2848.

Novi Rebekah Lodge

The Past Noble Grands will have a potluck dinner on the 15th of the hall. Hostesses will be Mrs. Atkinson and Mrs. Champton.

Next regular meeting will be on June 22. Reports will be heard about the Sunday clothing sale held recently.

Everyone is reminded of Erwin Marting and Flossie, now at Beverly Manor, and Mrs. Lillian Wines, who is in Oak Hill Nursing Home in Farmington, Cards would be appreciated.

Holy Cross Episcopal Church

Monday night the Bishop Committee held its regular meeting and Tuesday evening the church facilities are being used by Alcoholics Anonymous for its weekly meeting at 8:30. On June 18 during the 7:30 Holy Eucharist guest celebrant will be the Reverend Will Smith Junior, son of Mr. and Mrs. William Smith of the parish.

Holy Eucharist will be the closing service of the children's church school for the summer. Mothers are asked to sign up for nursery in summer months by contacting Mrs. Al Kendrick. The Roaring Seventies young people's group will have their

Calm Prevails

Continued from Nov 1 heavy spring rains.

Other complaints were answered by Kaufman and Broad Michigan division president John Tedesco.

"We're willing and able to do all we've said we'd do," he said. "We were very upset about our picketing our sales office last Sunday because it left the impression that K&B was not willing to cooperate in remedying complaints and that is just not true."

"From a marketing point of view it is in our best interest to have sidewalks, swimming pools, landscaping, and air conditioners in full view of potential buyers. We're hurting ourselves as much as we're helping you by not having these things accomplished yet," added Theison.

In summarizing the city's point of view, Mayor Crupi stated he had not heard a

single complaint that could be related to the improper functioning of the city.

"All these complaints are a matter of contractual agreement between K&B and individual citizens," the Mayor said. "I have yet to hear a single point where the city can be held at fault."

The meeting ended on a "we'll give you a chance to do what you've told us you'd do" note. Lakewood's steering committee also agreed to delay filing of a law suit charging K&B with fraud and misrepresentation.

The prevailing sentiment, as verbalized by Lakewood spokesman William Winters, was "the single family residences have had this type of complaint for over two years. The wonder if you're really do what you've said you'd do."

Another meeting was tentatively scheduled in approximately two to three weeks.

HELP WANTED CITY OF NOVI

1. Clerk-Typist—in City Assessors office. Must be good with figures, typing some light shorthand. Hours 8:00 - 5:00 daily with one hour for lunch. Usual fringe benefits. Must be able to begin work by July 1st. Salary for fiscal yr. 1972-73—\$5,512.00.

No. 54 will hold its Pinewood Derby at the Novi Community Building. All fathers and sons who have worked together on this project are looking forward to the event.

Novi Boy Scouts

Three boys had conference with their scoutmaster and have passed the tenderfoot requirements. They are: Arthur Neil, Rick Jensen and Glen Tomaszewski.

Next week the troop will meet at the Paul Bocco late at 7:30 p.m. It is located at the corner of Beck and Eleven Mile roads where they will plan the Father-Son Campout to be held at Half Moon Lake near Pinckney on June 23, 24, 25. Special father-son activities are planned. New boys in the troop are Rick Jensen, Steve Garner and Glen Tomaszewski.

Novi Rotary

Special guest was Mrs. Henry Bashian who attended with the pastor and all members of her wedding anniversary. The program was presented by the Reverend Leslie Bynnes, chairman of Novi Youth Assistance. Help was assisted by Mary Ann Margolin, supervisor of the Oakland County Youth Assistance and J. Smith, caseworker in the Novi-Carkeby area. They explained the aims and need for local volunteers to carry on the work being done by the Novi Youth Assistance.

Gala Days plans for Rotary are under the direction of Johnny Johnson. Bob Stiles is in charge of the installation of the new band. Unregistered children may contact Mary Wilkins at 474-2240.

On Tuesday of this week at 10 a.m. the Northville-Novu Pastor Association met at the church. Choir rehearsal was on Wednesday, and next Monday night the W.S.C.S. will meet at 8 p.m. at the church. Program will include a silent auction. Everyone is urged to bring picnic supplies for an "Indoor Patio Party."

Novi United Methodist Church

Flowers on the altar were given by Mr. Byrle Hines in memory of his wife, Effie, and grandson, John T. Hines. During the morning service, the pastor shared thoughts on his ordination. Greeters were Mr. and Mrs. Richard Freeman, acolyte was Karen Mokusan, and usher was Mrs. Wilkins.

There was a very good turnout at the potluck luncheon honoring Pastor Seymour on his ordination.

Vacation Bible School will be held June 19-23 from 9:30 a.m. until noon. Unregistered children may contact Mary Wilkins at 474-2240.

Program will include a silent auction. Everyone is urged to bring picnic supplies for an "Indoor Patio Party."

Novi United Methodist Church

Flowers on the altar were given by Mr. Byrle Hines in memory of his wife, Effie, and grandson, John T. Hines. During the morning service, the pastor shared thoughts on his ordination. Greeters were Mr. and Mrs. Richard Freeman, acolyte was Karen Mokusan, and usher was Mrs. Wilkins.

There was a very good turnout at the potluck luncheon honoring Pastor Seymour on his ordination.

Vacation Bible School will be held June 19-23 from 9:30 a.m. until noon. Unregistered children may contact Mary Wilkins at 474-2240.

On Tuesday of this week at 10 a.m. the Northville-Novu Pastor Association met at the church. Choir rehearsal was on Wednesday, and next Monday night the W.S.C.S. will meet at 8 p.m. at the church. Program will include a silent auction. Everyone is urged to bring picnic supplies for an "Indoor Patio Party."

Mary Birdsall, singing "How Great Thou Art." The offertory was a piano solo by Peggy Stewart.

The Missions Committee met on Sunday evening, following a dessert fellowship honoring the Reimers, the Baynes, and graduates, was held.

The church continues its calling program on Monday evening. On Tuesday evening Vera Vaughn Circle meeting is scheduled at the lakeside-home of Mary Jensen and Bob McAlister. Special guests will be the Reimers, Baynes, and Karshnick.

There will be a departure service for all teachers and superintendents on Wednesday evening at 7 p.m. followed by the mid-week prayer and Bible study.

There will be a Communion meeting on June 27 at 8 p.m. at the De Brule residence.

Plans will be finalized for the July activities at the Novi Gala Days. Discussion about the Tiger ball game in August is anticipated.

The Pack would like to thank Anita Dye, retiring den mother of Den 2 for her fine performance this past year. Pat Kostelnik is now officially in charge of Den 3 and she is wishing the best of luck. Also James Zepherus is retiring from Den 4 and Mike Rice has been officially transferred to Den 4.

CIRCUS—Without clowns and pretty girls there would be no circus. While getting ready for their turn in the big top the funsters who have eyes only for Terry Moore, acrobat and equilibrist, are putting their best foot forward. They are with the Carson and Barnes circus coming to Wixom (Maple Road west of Wixom Road) under the sponsorship of area Kiwanis Clubs. Performances will be given at 2:30 and at 8 p.m. on Saturday, June 24.

June 24 Circus Shows Come to Town

Circuses come rarely to this area. So South Lyon Kiwanians are joining with the Wixom-Walled Lake Kiwanis to bring in the big Carson and Barnes aggregation one week from Saturday (June 24) to Sunday (June 25). Carson and Barnes will perform on the one day only, with shows at 2:30 and 8 p.m. Wixom will be the site—on Maple Road west of Wixom Road.

Cost from South Lyon Kiwanians is considerably lower to the five-high big top attraction if purchased in advance. Advance tickets are \$1.25 for children and \$2.50 for adults, while the gate price is 25 cents higher for the kids and 50 cents more for parents.

Also participating in the sales campaign to assist the small Wixom-Walled Lake

Kiwanis Club are the Walled Lake Jaycees and Novi Little League.

Carson and Barnes carries a crew of 200 people, has a big top measuring 320 by 150 feet and features clowns, ponies, jugglers, horses, high wire, acrobats, trained lions and a large array of other animals performing in each of the two one-and-one-half hour acts.

The Plan Commission for the City of Northville, on petition of Mr. Paul Folino, 20556 Clement, Northville, Michigan, will consider the rezoning from R-3 (Multiple Dwelling) District to C-2 (General Commercial District) on Lot No. 212, Assessor's Northville Plat No. 3.

This lot is located on the west side of S. Center Street, south of Cady Street.

C. Thomas Wheaton, Chairman Northville City Plan Commission

Approval was given last week at the regional office of Health, Education and Welfare Department in Chicago, Illinois, where local school administrators appeared at a budget hearing.

Superintendent Raymond Spear said he was "extremely pleased with the meeting. There were no questions or changes on our intended use of the grant funds for the year round program."

A voluntary experimental

Someone once said that a room without books is like a human body without a soul. Have you a place for books, picture books, magazines, good novels—in your home? If not, the time is now to do something about it. Home construction of shelves in convenient places may be the answer. There are corners of your house not being used at this very moment. Why not put them to work creating a soul for your home?

We work at creating beautiful rooms. For all your furniture, carpeting and accessories visit CHADDER'S HOME FURNISHING, INC., 111 N. Wixom Newsbeat Bird's A Traffic Stopper

By MARY DINGELDEY

Sometimes there seems to be a lag in the odds and ends that go into a column such as this and then I wonder how the would-be rescuer, and the pieces of trivia that I seem to stumble over during the passage of time.

These pieces of trivia may be of interest and then again they may not. We aim to please and welcome your news any time...almost.

One story is that of a good samaritan and the rescue of a disoriented bird. On a routine trip to the General Store it was noticed by a passenger in a car that a rather newly hatched robin was walking a precarious route down the yellow line on Wixom Road. Traffic was heavy and the bird was in jeopardy. It was not an auspicious time for the motorist to stop. However, on the way back, the same motorist noticed the same bird still wobbling down the same yellow line. There was no traffic this time, so our good neighbor stopped for the rescue.

It was almost a futile attempt because our gay little robin seemed to enjoy the yellow line. So engrossed in the rescue were the good people that they failed to notice a line-up of cars on both sides of the street. Strangely enough, no one was in that

much of a hurry to find it necessary to beep their horns. Finally, a gentleman, noticing the plight of the bird and the would-be rescuer, joined, and together the two managed to get our little bird into the safety of the bushes at the side of the road.

Traffic and people began to move again, smiling and waving cheerfully at each other as they passed.

It is the kind of story that makes you feel good inside just knowing that people do care.

I wish I could say as much for those children at Wixom Elementary School who found it so necessary, during the last weeks of school, to demolish the orange couches near the office. It is truly unfortunate, not only for those who must repair the damage, meaning, of course, the taxpayer, but for those who "had to get away with sharp eyes. A Baltimore Oriole's nest hanging in the boughs of a tree. My only claim to birdhood is the nest of a blue jay inside of a milk carton that had its beginnings as a bird feeder a few years back.

A perfect opportunity presented itself...clean-up time at the ski lodge. Arrangements were made with friends to "camp out" within close proximity of their backdoor should anything unfriendly occur.

It was almost a futile attempt because our gay little robin seemed to enjoy the yellow line. So engrossed in the rescue were the good people that they failed to notice a line-up of cars on both sides of the street. Strangely enough, no one was in that

On Oakland Board Coy to Seek Third Term

Law L. Coy, 52, of Wixom announced this week that he will seek a third term on the Oakland County Board of Commissioners this fall. The Law Coy is a retired captain from the Detroit Fire Department; having served that organization over 25 years. He is a graduate of Oakland Community College and also a graduate of Wayne State University Mortuary School. Coy served in the United States Navy during World War II as a Hospital Corpman.

In 1969 he was appointed to the Oakland County Board of Commissioners and is presently Chairman of that board. He also serves on Personnel, Legislative, and Health Committees of the Board of Commissioners and is Oakland County's representative to the Huron River Watershed Council.

During the present term he successfully introduced legislation which permits toll free telephone service to the Court House from any place in the county. Also during the

current term he successfully introduced a new policy which requires the Drain Commission to list the drain on which work was done, the amount to be local community, and itemize the cost on a job-by-job basis rather than billing one total amount to the local community.

He introduced a resolution which would give the Road Commission more dollars for concrete.

He has been a consistent opponent of SEMTA and one of the few who stood against CADRA and its implications, which would facilitate new towns. He is opposed to court-ordered busing for racial balance and supports the proposed welfare work program.

His priorities continue to be to promote coordination between departments, eliminate duplication, and keep the budget down.

Coy attends the New Hudson Methodist Church and is president of the Wixom-Walled Lake Lions Club.

Northville Gets School Grant

Final approval has been given to a \$150,800 grant for Northville's experimental year round school program.

Approval was given last week at the regional office of Health, Education and Welfare Department in Chicago, Illinois, where local school administrators appeared at a budget hearing.

Superintendent Raymond Spear said he was "extremely pleased with the meeting. There were no questions or changes on our intended use of the grant funds for the year round program."

Curtain time is 8 p.m. Cost of tickets is \$1.50 for adults and 75 cents for children under 14.

Lake Trustees Cite Wiseman

During regular Walled Lake Board of Education meeting Monday night, board members presented a commendation to the longest standing board member who had defeated in his bid for reelection to the board.

Votes were being tallied during the progress of regular business and it became apparent that Dwight L. Wiseman, a twenty-four year member would be losing to a younger member who had just been elected.

Later in the evening, board member Barbara Scully made the motion to acknowledge and commend Wiseman for his dedicated service to not only the youngsters of the district but to the community as well. "He is a very great man and one of the finest board members. I am deeply sorry to see that he will no longer be with the board," she said.

In other business, the board tentatively approved ap-

proximately \$8,000 for proposed curriculum for health education at the elementary level. Other funds approved included the cost of constructing two facilities for auto-power shops at Western and Central high schools to meet increased demands in these fields.

Cost is pegged at \$91,000. Assistant Superintendent of Schools Roland Langerman presented a utilization policy for the outdoor education center. Applications for group use and further information on the center can be had by contacting Miss Barbara Garbutt, director of Outdoor Education.

The board also approved several resignations within the district, including that of Joe Winger, director of personnel. Winger has accepted an assignment with a private school in another county.

WEST OAKLAND BANK

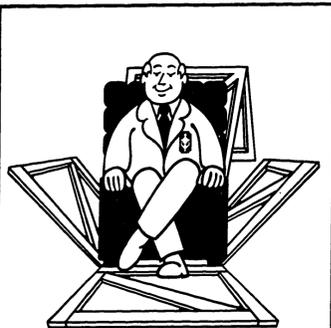

OPEN DAILY 9:30 A.M. TO 4:30 P.M.

JOSHUA DOORE IS HERE

Grand Opening Friday 10:00 a.m. to 10:00 p.m.

"And now you'll never want to buy Furniture any other way again!"

STARTING FRIDAY AT 10:00 A.M. YOU'VE GOT AN UNCLE IN THE FURNITURE BUSINESS.

1 Watch the train come right to our warehouse.

It comes direct from the manufacturer. And it's loaded with tons of furniture. So we can get manufacturer's discounts, train-load discounts, save transportation costs, save unloading time... and pass along those savings to you!

2 See 3½ million cubic feet of brand name furniture.

Bassett, Lane, Broyhill, American of Martinsville, Serta... never have so many distinguished names in furniture been gathered together under one roof!

3 Prepare yourself to save 20-40%.

With our revolutionary new two-price tag, plus our sale specials, you can save 20 to 40% on brand name furniture. Just read the tag on the next page. It tells the whole story.

4 Then... pick it out in the showroom.

Our huge, 300 setting showroom. Choose from 117 living rooms, 94 dining rooms, 62 bedrooms, 12,000 lamps and accessories, and a reclining chair gallery that rivals a jetliner in seating capacity.

5 Pick it up at the warehouse.

Our mammoth, 100,000 square foot warehouse. Large enough to hold five 747's... if it weren't filled with 50,000 crates of brand name furniture!

6 Take it home in the crate.

Just drive around to our dock, watch our men load your furniture into your car or trailer,* and take it home. You'll have your furniture in 60 minutes (Instead of the usual 60 days). And you'll save a lot of money.

*You can rent a trailer right on the premises!

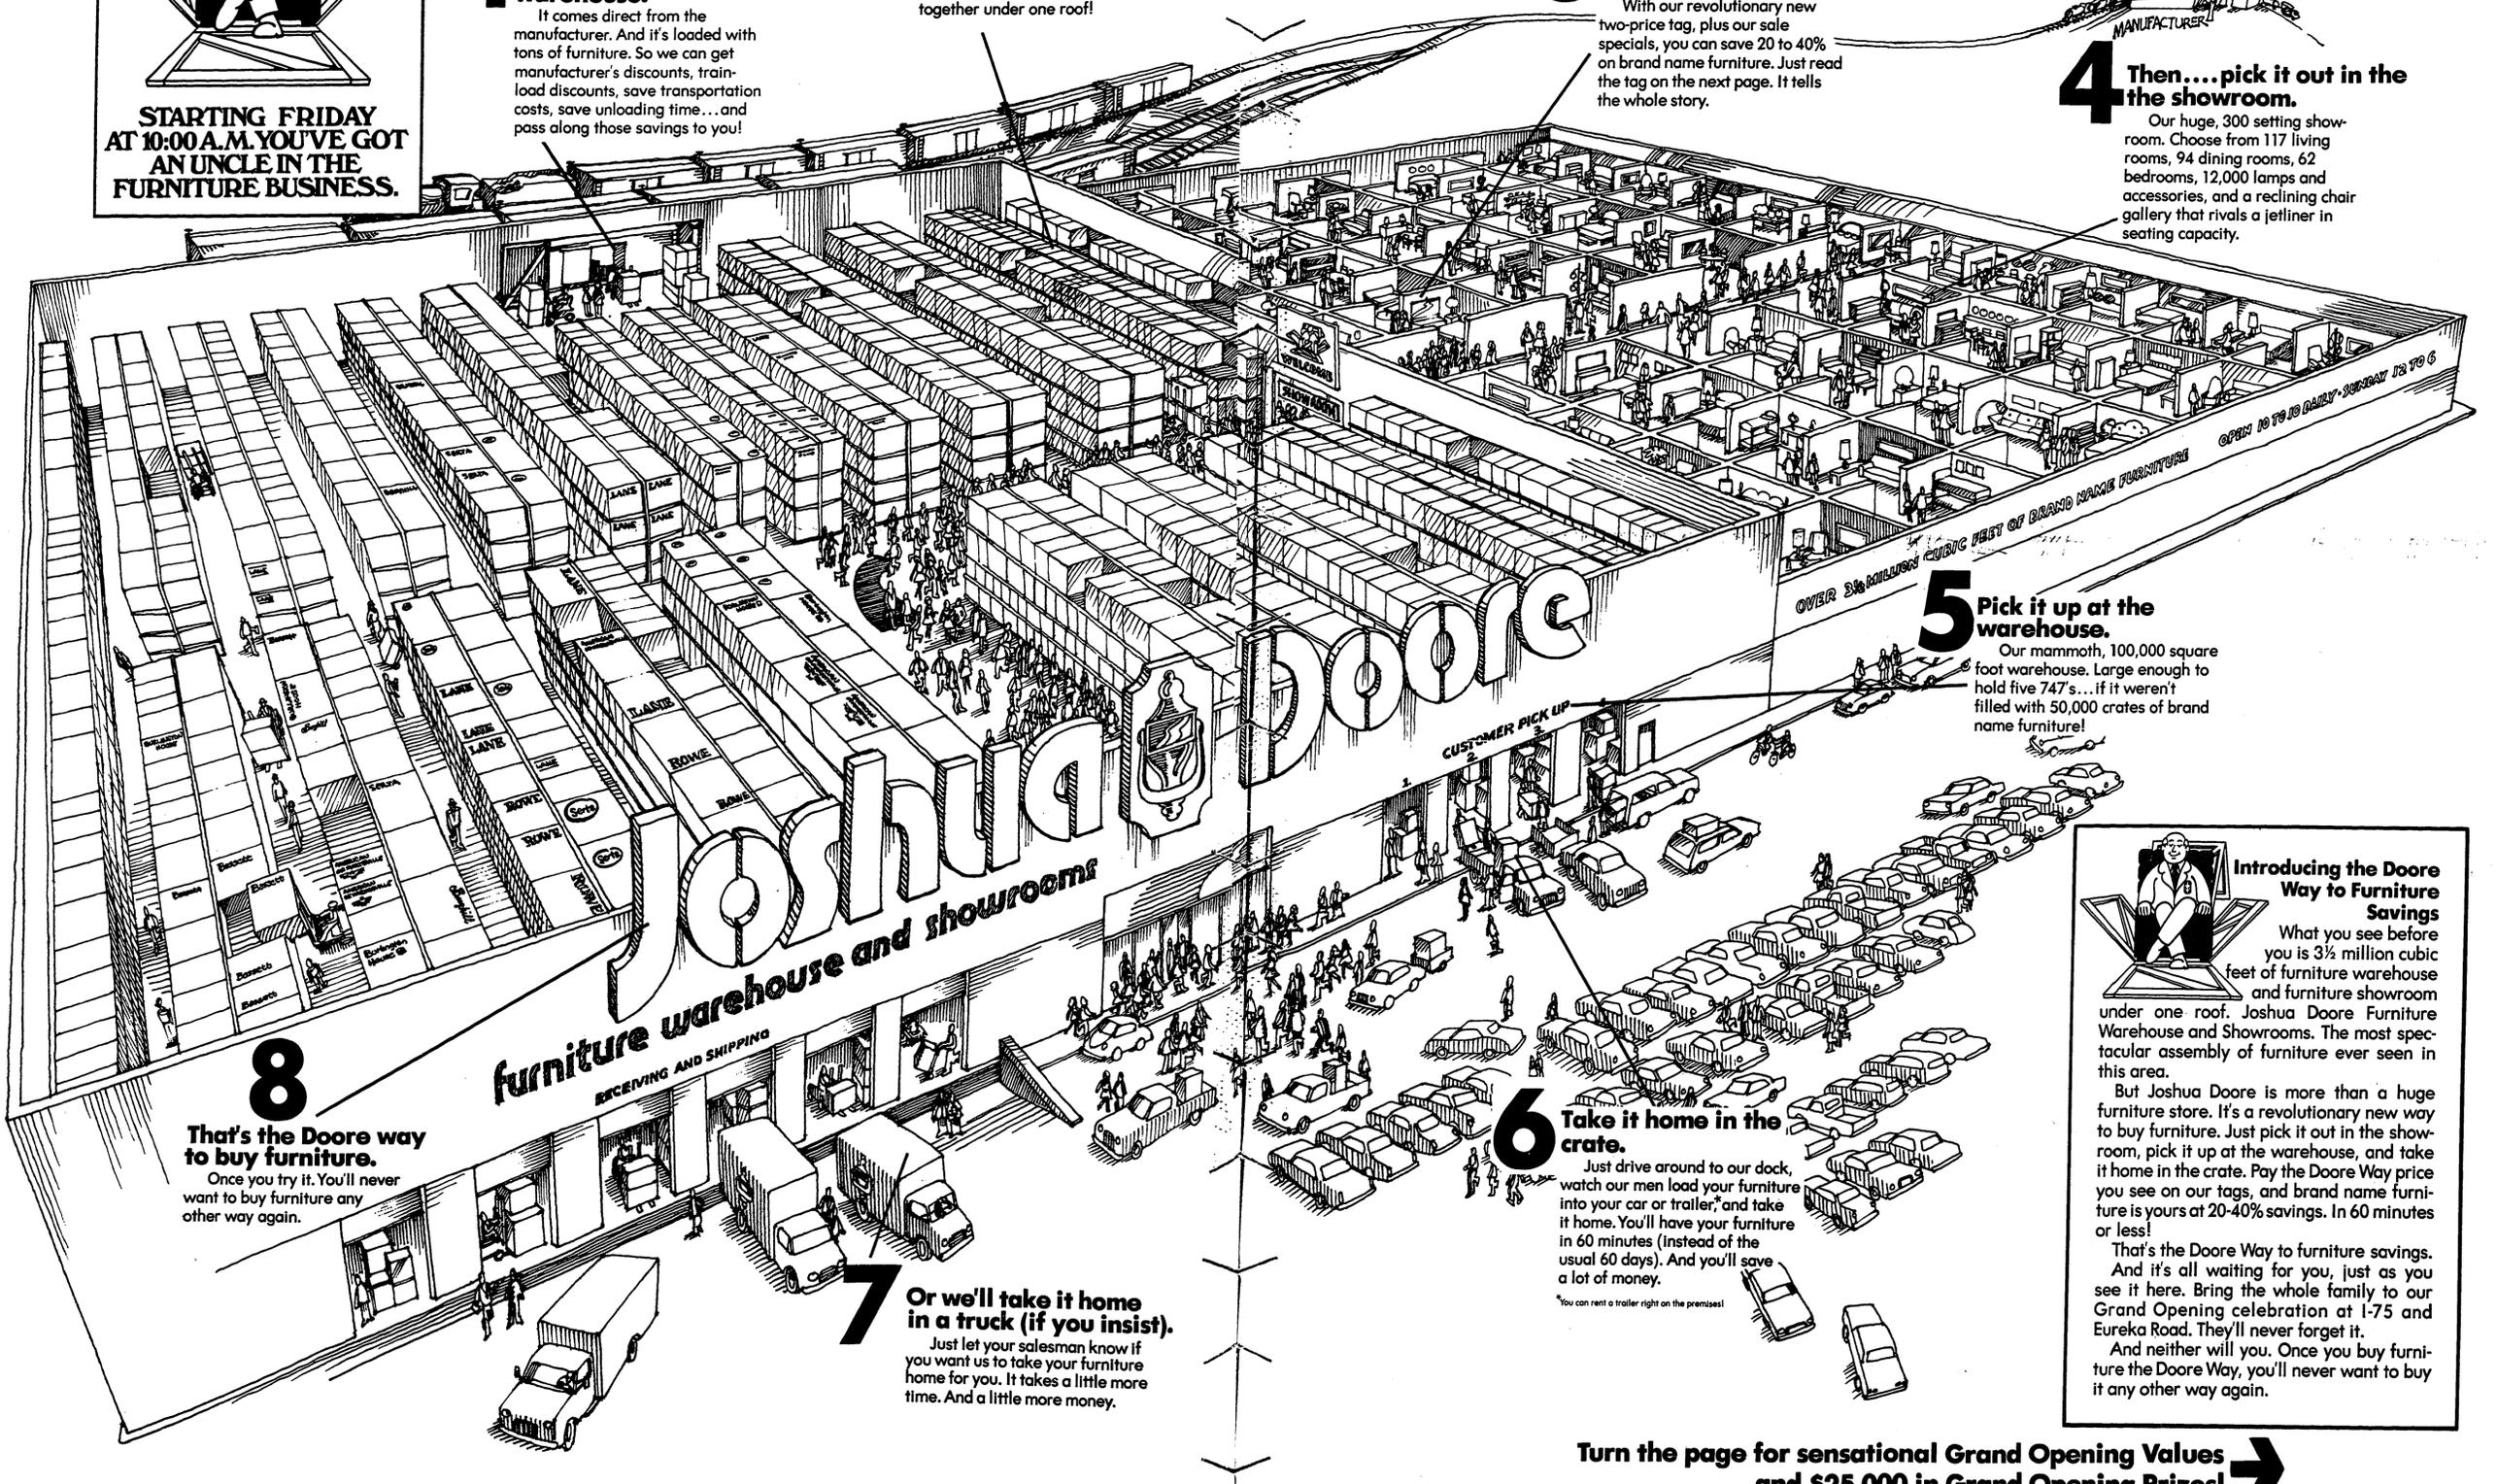

7 Or we'll take it home in a truck (if you insist).

Just let your salesman know if you want us to take your furniture home for you. It takes a little more time. And a little more money.

8

That's the Doore way to buy furniture.

Once you try it. You'll never want to buy furniture any other way again.

Introducing the Doore Way to Furniture Savings

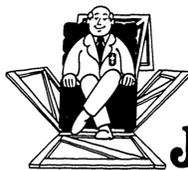

What you see before you is 3½ million cubic feet of furniture warehouse and furniture showroom under one roof. Joshua Doore Furniture Warehouse and Showrooms. The most spectacular assembly of furniture ever seen in this area.

But Joshua Doore is more than a huge furniture store. It's a revolutionary new way to buy furniture. Just pick it out in the showroom, pick it up at the warehouse, and take it home in the crate. Everything's on it but the license plates! See it in our showroom. Drop your coupon in the car window. And wait 'til the drawing June 25th. You could be a winner! Free balloons for the kids! Joshua Doore Helium Balloons. They fly. Really fly!

Deluxe Way: \$349.95
Doore Way:

\$197.00
Brookwood Sofa.

Save over 40% on this nationally advertised Brookwood sofa. 90 inches of rich avocado velvet. Styled in elegant traditional. With a deep tufted back, three deluxe reversible cushions, and a custom tailored skirt. 7 1/2 feet of luxurious good looks. At tremendous savings. Pick it up in our showroom at tremendous savings.

How do you get brand name furniture at packing crate prices at Joshua Doore?

Our revolutionary new price tag is one way. It helps you save money, by giving you the chance not to pay for what you don't want. For example, if you don't want decorator service, you don't have to pay for it. If you don't want special order service and layaway, you don't have to pay for it.

(At ordinary furniture stores you're probably paying for these services whether you like them or not. They're usually figured into the "retail" price.)

At Joshua Doore you simply choose the Deluxe Way or the Doore Way to buy. It's a choice between getting the furniture for more. Or the furniture for less.

Either way...you get your money's worth.

Joshua Doore

Police Blotter

In Novi

A Farmington dentist, Dr. David Skiba, 47, has been charged with felonious assault after he allegedly attacked a Novi woman with a butcher knife.

According to police reports, Miss Diane Hayes and Manfred Ostermeier arrived at the police station at 3:30 a.m. Sunday, June 4, to report the incident.

The attack grew out of an argument between Miss Hayes and Skiba at Miss Hayes' apartment, police reports indicated.

A warrant charging Skiba with felonious assault has been obtained from the Oakland County Prosecutor's Office.

Police are investigating a case of aggravated assault which allegedly occurred June 5 at the Derby Bar on Novi Road, Phyllis Conway, 40 of Royal Oak was treated for head injuries at Ann Arbor Hospital in Wayne - the injuries being received in a disturbance at the Derby Bar.

Akan Mohsin Yafai, 45 and Harbi Ahmad Elabed, 23, both of Dearborn, were arrested last week for soliciting without a permit.

The two men were attempting to sell watches at various Novi restaurants and gas stations, police reported.

They were apprehended at Ward's Standard Station on Grand River. The men were able to produce a receipt for the watches they were attempting to sell.

An additional charge of carrying a concealed weapon was lodged against Yafai.

They were released on \$25 bond and are to appear in the 52nd District Court June 15.

Alert thinking on the part of an 11-year old Novi boy could well lead to the arrest of a man on indecent exposure charges.

According to police reports, a man in a light blue Volkswagen stopped his car at the corner of 10 Mile and Hampton Hill Roads while a group of youngsters was awaiting the school bus.

When a couple of the children responded to the man's request for directions and approached the car, he allegedly exhibited himself.

Dwayne Paquette, 11, who lives at 24589 Hampton Court was among the youngsters waiting for the bus. When he saw the other children running from the car he wrote down the license plate number of the vehicle.

Police lauded the boy's quick thinking. No arrests have not yet been made in the case, however.

A lawn tractor valued at \$1,250 was stolen from the front yard of a residence at 24120 Lynwood. The theft occurred Friday, June 2.

After nearly two months of investigation Terrance Sharrard, who presently resides in Plymouth, has been charged with "fraudulent schemes."

Sharrard allegedly forged the signatures on two checks he had stolen and cashed them in the amounts of \$76 and \$210 respectively.

A 48-year old-Northbrook, Illinois man, Roy Gardner Burton, has been arrested on charges of being drunk and disorderly.

Police were investigating an automobile accident in

which Burton was involved. When he was asked for basic information he became increasingly belligerent until he had to be restrained forcibly and was charged with being drunk and disorderly, police reported.

The action came June 6 before 35th District Court Judge Dunbar Davis.

The company was issued a violation by city police April 25.

Randy J. Podany of Detroit was fined \$39 after he pled guilty to a charge of unnecessary noise-squealing tires. He was ticketed by city police May 26.

A Plymouth man, James M. MacKay, pled guilty to driving with improper license plates and was fined \$19. He was ticketed by city police May 1.

Storing an inoperative vehicle resulted in a \$14 fine for Louise Ringle, 523 West Main Street. She was ticketed by city police May 1.

John M. Quinn of Plymouth was fined \$10 after he pled guilty to an added count of improper parking. Quinn was arrested April 14 by city police on a charge of drunkenness, a charge which was dismissed after he pled guilty to the added count.

Following pre-sentence investigations, two cases were closed.

Dennis J. Noonan of Farmington, arrested April 27 by city police and charged with drunkenness, was fined \$39 and placed on one year probation.

James D. Bryant of Taylor, ticketed April 21 by city police, was fined \$19 for making an improper left turn, and placed on six months voluntary probation on a charge of no operators license ever acquired.

In Northville

According to police, a Livonia youth, Michael McCormick, notified officers shortly after 7 p.m. that he had just seen his car, stolen Sunday from Novi, being driven south on Center Street.

Checking the area, police found the missing vehicle on a high school hill. It had been involved in a head on collision with McCormick who was driving his parents' car.

Police said Mills was driving the missing car at the time of the accident. McCormick said he saw Mills going down the hill as he was going down, both tried to avoid a collision and swerved into each other. There were no injuries reported in the accident.

A walkaway from Wayne County Child Development Center was recovered by city police at 10:30 a.m. June 8.

The youth, who was found walking northbound on Center Street near Fairbrook, was turned over to authorities at the school.

Shortly thereafter, Mrs. McNally appeared and stated that the car was hers. She refused to give officers any identification, however, that indicated the car was hers, and she became increasingly disorderly when police refused to release the vehicle without identification until she was placed under arrest for being drunk and disorderly, police reported.

She was released on \$50 bond.

Police received a complaint about loitering youngsters at the Wixom General Store. A told officers he was beginning to become irritated at having to shove his way through a throng of teenagers every time he wanted to enter the store.

Marshall Osentoski of Farmington reported a white wall tire had been stolen from his truck Thursday, June 2. Osentoski told police the tire had been taken while his truck was parked in the Ford Motor Company parking lot while he was at work between 5 a.m. and 2 p.m.

Police, sheriffs and firemen searched the area for possible passengers in the car when Miss McCord said there was someone else but found no one.

Hospitalized with a broken leg, facial lacerations and back injuries is Margaret S. McCord.

The accident occurred shortly before 1 a.m. Tuesday on Sheldon Road, 200 feet south of the city limits.

Police said Miss McCord, who was alone at the time of the accident, was traveling south on Sheldon when her car hit a guard rail on the east side of the road.

SPEAKING for The Record

By BILL SLIGER

MRS. PATTISON

YES...

YES!! Everyone says times have changed - kids are different - they don't want the old sock hop type of fun—well these people should see the teens that attend the little publicized Church activities. These groups are hoping to organize with community help activities. True the kids don't want fifty chaperones breathing down their necks, but with help in setting up activities they pretty well can police their own.

We've had hard rock bands, guitar players, Jesus Movement people, roller and ice skating parties etc., and all ages of high schoolers DO attend. We used to have a parents club and sorority and fraternities plan and carry out all type of activities, sure some kids drank - but when haven't they? But if the majority are having fun fewer find drinking that great.

There could be half price night for bowling and the show etc. Friday night the Support the Band had a Millionaires party and there were many high schoolers there. Where else could they have so much fun for a Dollar? In questioning the Jrs. and Srs. their own comment is there's nothing to do in Northville and they really don't know how to set up and organize activities—so it's a fun night at Beer Hill or the Gravel Pit for a free swim—if you don't get caught or break your neck—

Mrs. E.M. (Barbara) Pattison
Northville Resident

NO...

The word "relevant" has been overworked to the point of becoming irrelevant. The better question to ask here is, "Do Teen Clubs Work as Planned?" And the answer shows that some teen clubs are useful and desirable, but few, if

Editorials... a page for expressions ...yours and ours

By JACK W. HOFFMAN

Rummage sales are gold mines.

Take the 1883 Michigan Manual I picked up for a few cents awhile back. Alexander Tincham, a lawmaker from "Livonia Center", had autographed it. So had 125 other state senators and representatives of the period.

But more than that, the 90-year-old book is filled with interesting facts. For example:

Up to 1883, five Northville residents had served in the state house of representatives; two from Novi, two from South Lyon, one from Salem and one from New Hudson.

The Northville representatives were: Caleb Herrington (1837), a representative who had helped draw up Michigan's first constitution, Winfield Scott (1873-74), David H. Rowland (1843-44), John M. Swift (1865), and William Yerkes (1857).

The Novi representatives were: Daniel S. Lee (1843) and George Yerkes (1879). South Lyon: Thomas D. Lane and Alonzo F. Knapp (1873-74). Salem: George Renwick (1847). New Hudson: George Volwes (1869-70).

Besides serving in the house of representatives, Thomas Lane of South Lyon also served a term as senator (1861-62). A state senator served from Northville as well. He was Dr. James Hueston (1883).

Two state representatives had served from the now non-existent community of Kensington (where the park of the same name is now located). They were: Marshall M. Welles (1850) and Thomas Curtis (1841).

Of course, the most famous of the local area legislators was Kinsley S. Bingham of Green Oak. He served both as a state and federal lawmaker. He also became the first Republican governor in the United States, serving as Michigan's chief executive from 1855 to 1859. His

Speaking for Myself Are Teen Clubs Relevant?

REV. WELSER

any of them, accomplish the purpose for which they are called into existence; therefore, it seems that most teen clubs fail to become relevant, and they quickly fade.

A kid who is already persuaded that "there is nothing for us to do here", will not likely find anything to do for long at a Teen Club. Rather, there will be the new complaint, "This is not what I REALLY want to do." Free entertainment is rarely the cure for an all-encompassing boredom. The boredom merely extends to cover the new entertainment.

The kid who exhibits a lot of energy coupled with a propensity for destroying things may be stymied for a while by adult efforts to occupy all his waking hours from breakfast to bed-by. But sooner or later the energy will overflow, and the disappointed adults will be forced to ask, "what did WE do wrong?"

This latter question illustrates the real problem; sooner or later most adults become disillusioned with their efforts to entertain and to while away hours for someone else.

Behind the scenes you find a great group of hard-working kids shouldering the burden of operating a Teen Club; the kind of kids who could effectively govern themselves with or without a teen club!

The problem is not one of spare time or of spare energy, but rather of a basic philosophical weakness. Kids do not idle away their time and destroy property merely because they have an excess of time and energy. They do so because they have not yet developed a reasonable philosophy of life—sometimes called common sense—which would lead them to respect property and constructively channel their time and effort.

You show me a Teen Club which effectively communicates a reasonable philosophy of life, and I will show you a relevant Teen Club.

Reverend Carl Welsler
St. Paul's Lutheran Church, Hamburg

Readers Speak No Threats In YR School

To the Editor:

In response to Doctor Larry VanderMolen's letter in the 8th edition of the Northville Record, I am pleased that the citizens of Northville are fortunate to be involved in an experiment funded by the Federal government and our school district has, in fact, been asked to participate in it.

The entire program is voluntary, both for teachers and students. How can we turn down an opportunity and money to explore new areas to improve our school system? Surely there is room for improvement even in the best of school systems.

Come on, Larry. What are your real objections to the ESY program? Your wife complains that you know all the reasons why not—after all, you do have a PhD. Do you know something that we, the common folk who attend the school's meetings, don't? Come on, Larry, sock it to us. Show us some real PhD wisdom.

UN Revisions Suggested Losing Battle

To the Editor:

I want to thank you personally for your interest in our problems in Lakewood. I have been fighting a losing battle with K & B since November 1971. Our new group of concerned citizens is the first ray of hope I've had. Some time, you might be interested in the merits of letters I've written in an attempt to get the injustices corrected. Perhaps I've been writing to all the wrong people.

Sincerely,
Peggy Craich

Thank You

To the Editor:

At this time I would like to thank all the volunteers who helped on the American Cancer Crusade. I wish I could thank each one for I know everyone worked real hard. We made over \$1000. This money is used for research, education and service.

Now once more on behalf of the American Cancer Society and myself I wish to thank all of you again for the wonderful work you did for me.

Yours sincerely
District Chairman
Rose Hamilton

Newly Blacktopped Parking Lot at the Northwest Corner of Sheldon and Seven Mile Roads is Ready for Northville Downs Opener

36 Racing Nights Downs Opener Week Away

Northville Downs opens its 29th summer campaign on Wednesday, June 21, with racing for 36 nights through Tuesday, August 1. Executive Manager John Carlo is looking forward to the greatest season in history.

The Downs summer session in 1971 found all records going by the boards for attendance and handle. Northville had the biggest increase in nightly average handle of all tracks in the Metropolitan Detroit area. It wound up with an average

nightly total of \$417,584, best ever at the half-mile plant. Wagering also set a record for a single night with \$608,697 on Saturday, July 3.

Racing Secretary Harry Peterson, and assistant Tom Smith have checked in to make the final screening of applications.

Peterson believes he'll have the best racing stock ever gathered at the Downs for a summer program.

"We anticipate many of the top stables shipping in from Wolverine Raceway and staying for the entire meeting," said Peterson. "We'll have a series of \$5,000 Michigan colt stakes during the week beginning July 10 as one of the highlights of the summer campaign. By the time the colts arrive here, we'll have a complete line of the top candidates in each division and should have keen competition in each event."

The official family will be much the same as that during the winter. Clay Hulett of Fowlerville, will be state steward with Frank Utter as presiding judge and Clair Cook as associate judge.

Post time for the summer meet is 8:30 p.m. There'll be 16 races with the double on the 1st and 2nd; a trifecta in the 6th; and a trifecta in the 10th.

Fights Blaze, Wins Praise

Schoolcraft College maintenance employee Rawland Storm has received a letter of commendation from President G. Nelson. Grote for his actions in stemming a potentially dangerous fire in the school's Physical Education Building on June 1.

After discovering the fire in the men's sauna, Storm called for help and then fought the blaze with fire extinguishers until help arrived. Thanks to his efforts, the fire was limited to the sauna causing less than \$1000 in damage, and smoke damage was kept to a minimum, also.

Novi Condominiums Go on Display

Pre-opening sales have begun for Stonehenge, a fourplex condominium community planned for a 30-acre site off Haggerty Road in Novi.

The new development "will represent an enlightened approach to condominium building," officials said. By emphasizing careful site planning, developers have

succeeded in combining the convenience of condominium living with the physical appeal of single family homes.

Thirteen architectural variations and 26 color combinations lend an air of individuality to the building exteriors and dispel the "row after row" sameness often identified with multi-unit housing.

In landscaping the site, planners took great care to preserve most of the apple orchard which originally occupied the land. Sodded Lawns and shrubbery surround the buildings.

Sixty foot wide right of ways wind through Stonehenge, providing the convenience and attractiveness of regular residential streets. Each building faces the street, with parking lots and driveways hidden in back.

Two and three bedroom ranch and colonial style units are available ranging in price from \$23,990 to \$28,990. Stonehenge planners have

also incorporated the privacy of single family residences. Each unit features an enclosed patio, a private front entrance and another private entrance to the condominium through the attached garage.

Stonehenge models are now available for viewing and 40 units have already been sold.

Final state equalized valuation figures have been received by Northville School District, township and city officials.

School district valuation is pegged for the year at \$92.7 million, up 12.4 percent from \$82.5 million.

Business Director Earl Busard said the figures are "lower than what we anticipated when we figured our preliminary budget. It's due to reassessment of the township and the devaluation of vacant land in the area," he commented.

Valuation of the township is \$31.4 million, up \$7.8 million from last year's figure of \$43.6 million.

Funds OK'd

Continued from Nov 1

dollar error in bidding for the repair and sodding of the high school football field.

In his explanation to the board, Miller said he had mistakenly miscalculated the size of a football field in submitting a bid of \$3,975.

Admitting his error, pointing out that the actual cost would be closer to \$10,000, Miller said the mistake was compounded because the old sod was not removed.

Miller said his firm would complete the job at the quoted price, whether or not the board would agree to a settlement.

The settlement, which was approved by a 4-2 vote (Trustees LaVerne DeWard and Ziegler dissenting), involved "time and material"

Mrs. David Christensen of Northville will preside over the meeting. The reading of the national resolutions will be the program for the afternoon.

MODEL PREVIEW—Northville Downs won't open its summer meet until next week, but there was plenty of action on the oval Friday as American Motors staged its national press unveiling of 1973 models for American and European magazine writers and photographers. While members of the press took turns tooling the new cars around the track, Downs Recording Secretary Mrs. Margaret Zayt conversed with the two most popular figures at the show—former Miss America Pam Eldred and American Motors President Roy Chapin. The new cars won't be introduced to the public until August.

Local SEV Told

Final state equalized valuation figures have been received by Northville School District, township and city officials.

School district valuation is pegged for the year at \$92.7 million, up 12.4 percent from \$82.5 million.

Business Director Earl Busard said the figures are "lower than what we anticipated when we figured our preliminary budget. It's due to reassessment of the township and the devaluation of vacant land in the area," he commented.

Valuation of the township is \$31.4 million, up \$7.8 million from last year's figure of \$43.6 million.

City valuation is \$32.3 million, an increase of eight percent over last year's valuation of \$29.9 million.

Increases in both the city and township SEV figures are due to an increase in valuation of existing buildings and new construction, officials said.

Jaycees Plan More July Fourth Events

Expanded festivities are in the works following Northville's annual July Fourth parade. Jaycees officials announced this week.

All of them will be held in conjunction with the annual chicken barbecue. "The barbecue again will feature chickens barbecued to your delight and all the fixin's, including beans, cole slaw, potato chips, roll and butter, coffee or coke," officials said.

Adult portions will be \$2 each, children's portions, \$1.50.

The serving line will be in the driveway from Cady Street into the city hall parking lot, and a picnic area will be established in the park. Serving will begin at 11 a.m.

New barbecue activities this year will be the appearance of the Jaycee Dunk Tank, to be located in the southeast corner of the park. For 25-cents the participant receives three softballs to throw at a small target on the dunk tank which will send the unwary tank sitter into 500 gallons of ice cold water.

Volunteers to sit in the tank are urged to call Dunk Tank chairman Pat Dustin at 476-7378. Tank operation will start at noon.

The first annual Jaycee Watermelon Eating Contest will be held at the park at 1 p.m., according to Co-chairmen Lyn Bourne and Dave Van Hine.

This contest to be held in the city hall parking lot, will be open to all area youngsters, 12 years and younger.

Each contestant will be given one-eighth of a watermelon to consume in the quickest possible time. The contest will be run in heats of eight persons each.

Winners of each heat will receive a gift certificate to an area restaurant, while the quickest overall winner will receive a special prize upon being named the "Community Pig."

There is no entry fee for the contest. However, parents of each participant must be present at the time of the contest, which will be limited to the first 80 entrants on a first-come, first-served basis.

To finance their July Fourth activities, including the parade and fireworks, the Jaycees are again conducting their annual July Fourth raffle.

Winner of this year's raffle will have his choice of either a \$50 savings bond, a color TV or a 4-day trip for two to Las Vegas.

A maternity leave was granted to Mrs. Michele Kowicz, effective Friday. She taught first grade at

Atlantic Richfield Company at a cost of 14.95 cents per gallon; and awarded milk bid to Ira Wilson and Sons Dairy Company at 6.1 cents per half pint white milk and 6.7 cents per half pint chocolate milk, including straws and coolers at no additional cost.

Also resigning is Mrs. Rita Resovsky, math instructor at the middle school. Mrs. Resovsky, whose resignation is effective Friday, is expecting a baby.

Cavern Closes Doors for Good

Cavern Teen Club has closed its doors permanently. Don Williams, adult representative of the Cavern, told Northville school board trustees Monday night that the "Kids have no interest in continue with the Cavern."

"The teen board and members of the Cavern took a poll and the kids really do not know what they want," he said.

Williams explained the Cavern will maintain its corporation status but will no longer operate. "There were several discussions of joining with another group like U-KAN, but no decision was made."

In March, school board members extended the teen club's use of facilities in the junior high annex through June 15 at \$1 per month to allow Cavern members time to re-evaluate the club's future.

In other action Monday, trustees accepted two resignations, granted one maternity leave, reinstated one teacher and "hired another."

A resignation was granted to Mrs. Jennie Donnelly, who has been on health leave, effective immediately. Mrs. Donnelly taught social studies at the middle school.

Also resigning is Mrs. Rita Resovsky, math instructor at the middle school. Mrs. Resovsky, whose resignation is effective Friday, is expecting a baby.

NOTICE OF PUBLIC HEARING. TOWNSHIP OF NORTHVILLE PLANNING COMMISSION. JULY 12, 1972.

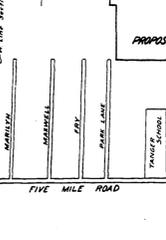

At a meeting of the Northville Township Planning Commission to be held in the Northville Township Offices, 301 W. Main Street, a public hearing will be held at 8:00 p.m. to consider the following:

TO REZONE FROM R-4 (ONE-FAMILY RESIDENTIAL) TO R-2 (MULTIPLE FAMILY). Property located in the Township of Northville, Wayne County, in that part of Sec. 13, T.1.S. R.2E, and described as beginning at a point distant N 0 degrees 07'10" W 264.04 feet and N 86 degrees 18' 40W 525.37 ft. and N 87 degrees 38' 00" W 528.92 ft. from the E. corner of Sec. 13 proceeding thence N 87 degrees 38' 20" W 268.39 ft. thence S 260.22 ft. thence S 87 degrees 20' 13.30 ft. thence S 0 degrees 43' 50" E 890.17 ft. thence N 89 degrees 24' 10" E 328.64 ft. thence N 89 degrees 25' 50" E 1728.39 ft. to the center line of Haggerty Road; thence along said center line N 30 degrees 7' 10" E 583.09 ft. and N 28 degrees 3' E 143.96 ft. thence N 87 degrees 38' 20" W 255.69 feet thence N 2 degrees 21' 40" E 149.40 feet thence S 87 degrees 38' 20" W 158.85 feet thence N 89 degrees 21' 40" E 208.70 feet to the point of beginning. A parcel containing 61.37 acres, more or less.

All interested parties will be given an opportunity to participate in the hearing and at the close of the hearing, all comments and suggestions of those citizens participating will be considered by the Northville Township Planning Commission before making its decision.

A copy of the item scheduled for hearing is on file in the office of the Township Clerk during regular office hours for public examination.

NORTHVILLE TOWNSHIP PLANNING COMMISSION. June 12-26. Kenneth Sewell, Chairman.

Choo-Choo Untracks Lipon's Challenge

Choo-Choo Car Wash is looking more and more like the team to beat in the Northville Recreation Department's Men's Slo-Pitch Softball League. The powerful Choo-Choo hitters belted out a solid 15-5 victory over Lipon's to knock off one of their prime contenders for the league crown and then outslugged Phil's Palace-Stone's 22-15 to remain undefeated with a 5-0 record and in first place in the tough American League.

Prime threat to the Car Washers is Northville Lumber - last year's champs. The Lumbermen stayed just half a game behind the Choo-Choo squad by topping Phil's Palace-Stone's 6-3 and then dumping B.C.A. Trucking 10-6.

Over in the National League, Village Oaks moved to the front with three victories in last week's play and the Northville Jaycees also notched three victories to take over second place with a 3-1 record.

The big game of the week was Choo-Choo's victory over Lipon's. The Car Washers went into that contest with a 3-0 record, while Lipon's was just half a game back at 1-1.

Over in the National League, Village Oaks moved to the front with three victories in last week's play and the Northville Jaycees also notched three victories to take over second place with a 3-1 record.

Jaycees all week. The Jaycees scored just three times themselves off the VFW's Jim Lanning, but Reitenour held the Vets to two runs as the Jaycees won 3-2. Reitenour's finest performance came against the Newcomers, as he gave up just four hits in pitching a shutout.

CAMPANERIS IT ISN'T—But everything else about Northville's Slo-Pitch Softball League is first class. Here Village Oak's Chuck Gramlich slides into third base in action last week, as the league began play on the brand new Thompson Field.

Jaycees, Inn Face Showdown

The stage is set for the biggest game of the season in the Novi Parks and Recreation Department's Men's Softball League. Best game of the week was the Jaycee-Travel Center clash. Harold Orwine was the hero for the Jaycees, as he held the powerful Jaycees bats hitless.

The "Men from Bens" had an easy time of it last week, lambasting the Northville Burger Chef squad 20-7. But the Jaycees were hardpressed to keep their undefeated record intact - going into the game that will have an important bearing on the final league championship.

Keeping pace with the Village Oaks team was the Northville Jaycees squad. Boasting a new pitching find in Ron Reitenour, the Jaycees won three games as Reitenour never gave up more than three runs in any contest.

The CAT Diesel Power squad succumbed to Reitenour's tosses 7-3, and came out on top of a 17-14 slugfest with the Meadowbrooks Lakes club.

Travel Center scoreless in the bottom of that frame to register the 9-8 victory. Cheroif and Doug Thrush with two hits in four trips to the plate led the Jaycees hitters.

And what a game it was. With Councilman Louie Campbell on the mound for the Jaycees and Denny Skerwacz pitching for the burgermen, the score was tied at 5-5 all at the end of six innings.

Back to back singles by Phil Gardner, Bill Ruck, and Junior Bernardi loaded the bases for the Burger Chef squad in the top of the seventh.

But the Travelers staged a rally of their own. Doubles by Orwine and Jim Eskola brought in one run and Lloyd Huotari's single drove in another. Then with two outs Bill Heinonen ripped a two-run triple that tied the score.

Klaus Bajak was the winning pitcher and also paced the Inn in the hitting department, rapping off two singles, a double, and a triple in four at bats.

Dick Wiseman with three doubles in three trips to the plate led the Burger Chfs. The M.O. Air Filters advanced their record to 2-2 and moved into second place with a 17-14 conquest of Meadowbrook Lakes.

Dick Monheimer's bases-loaded double was the big blow in a nine run fourth inning rally that brought the Filters from a 12-8 deficit and put them into a 17-12 lead the Lakers were unable to overcome.

Ted Battistone and Frank Mrowczynski hammered round-trippers for the Filters. The M.O. Air Filters advanced their record to 2-2 and moved into second place with a 17-14 conquest of Meadowbrook Lakes.

Notable players included Klaus Bajak, Dick Wiseman, Ted Battistone, and Frank Mrowczynski.

Junior Olympics Scheduled Here

Sponsored by the Northville Jaycees, the second annual Junior Champ track and field championships have been scheduled for Saturday, June 24, at Northville High School.

The competition is open to boys and girls ages eight through 16 and entrants from Novi, South Lyon, and Brighton, as well as Northville, are eligible to compete.

Last year the local Junior Champ Meet drew some 300 entrants from the four communities. Youngsters will compete in five divisions: PeeWees (ages 8-10); Juniors (ages 11-12); Preps (ages 13-14); Intermediates (ages 15-16); and Senior (ages 17-18).

To Take Championship Need Two More Wins

There are just four teams left now - every other Class B high school baseball team in the state having been eliminated from the state championship tourney in district or regional play over the past three weeks.

Those four teams will meet Saturday, June 17, at Godwin Heights High School in McGavin Field in Wyoming, a suburb of Grand Rapids.

Northville, of course, is one of those four finalists. The Mustangs will take on Bullock Creek Saturday at 12:30 p.m. following the Greenville-Carleton Airport clash slated to begin at 10 a.m.

Eye State 'B' Crown Mustang Nine Wins Regional Title

Wearing a football helmet, there are those who contend, leads directly to baldness. Ask Ray Nitschke, for example.

Well Chuck Shonta, Northville Mustang baseball coach, has done more than his share of football helmet wearing and, sure enough, the Mustang coach is indeed beginning to get a bit "thin" on top, but he has an entirely different theory about those disappearing hairs.

"It's from tearing my hair out during these baseball games," he said. "I don't know what it is about this team, but sometimes I get the feeling they don't think they've won a game unless I've had some kind of nervous breakdown in the dugout first."

Nervous breakdowns and declining hairline notwithstanding, Shonta has good reason to be happy these days. Led by the strong pitching arm of Jeff Moon and Scott Evans, Shonta's Mustangs emerged from the tough Yale regionals last Saturday as the surprise winner by first trimming Madison Heights Bishop Foley 1-0 and then turning back Marysville 5-4.

By virtue of winning the regional championship, the Mustangs are now one of just four teams left in the state Class B tournament. The four finalists will meet Saturday in Wyoming, and all the Mustangs have to do now to cop the state title is win two more games.

They will meet Midland Bullock Creek at 12:30 p.m. and, if they win that game, they will meet the winner of the Greenville-Carleton Airport clash slated for 10 a.m. A victory in the second game will give them the state championship.

The victory at the Yale Regionals was a bit unexpected. Generally regarded as the strongest regional field in the state, the Yale regionals featured defending state champions Lutheran West. But Marysville's Rich Kern outeded West's Leon Drunkenmiller in a 1-0 game in the semi-finals to end their hopes for a second consecutive title.

Marysville came right back in the third, however. Bunching three of their four hits in that frame they scored three times and only a perfect throw from Stevenson to McDonald's wrist kept Marysville from tying it up at 4-4.

"Stevenson's throw was probably the key play in the game," said Shonta in retrospect. The Mustangs added an insurance run in the fifth as Dale Griffin doubled and Sherman singled him home, and that insurance run proved valuable as Marysville scored once in the sixth on a two-base error and two consecutive force outs at first base.

Evans suffered some control problems in the seventh and walked the first two hitters. But McDonald threw the first runner out trying to steal second, and Evans retired the last two hitters on a strike out and a pop out to McDonald.

And the Mustangs were regional champions. "This is a beautiful and exciting feeling," said Shonta. "All we've got to do now is win two more games."

Table with 2 columns: Player Name and Statistics. Includes players like Rustin, Ab, R, RBI, etc.

FLAME THROWER—One of the main reasons for Northville's success in the state tourney has been the pitching of big Jeff Moon. The 6'3" left-hander has given up just one run in his last 18 innings, while recording three tournament victories. It was Moon's five-hit whitewashing of Bishop Foley Saturday which enabled the Mustangs to move on to the regional championship.

Township Controversy

Continued from Record, 1
being removed to make way for Northville Square shopping mall.

The city council, co-owner of the fish hatchery building on Seven Mile road, had already given its permission for use of the building by U-Kan as a counseling center for drug abuse, care and prevention.

Trustee Leonard Klein was the leading spokesman against the proposal. He said he was opposed to having those who would use U-Kan be near youngsters at the proposed fish hatchery recreation site. He said the building was intended for use by ice skaters in the winter.

Officer Berry said a facility was needed badly, called the problem "not mine, but yours", and said that he had young volunteers ready to continue work in the facility.

It's the only place we can find that we can afford. We've looked every place", Berry stated.

Several citizens in the audience supported Berry, as many opposed the location of the facility and supported Trustee Klein. The board split evenly with Clerk Eleanor Hammond, Trustees Charles Schaeffer and Richard Mitchell favoring the program, and Supervisor C. J. R. Smith, Trustee Joseph Straub and

Klein opposed. The proposition was saved from rejection when Trustee Schaeffer in a proposal to permit use until December because the area is not yet used for recreation.

Schaeffer's motion even included giving U-Kan enough money to repair the building for counseling use so that there would be no delay. Berry said a year was really needed, but he accepted the five-month offer. He said they'd continue to look for permanent quarters.

Trustee Klein voted against the abbreviated contract and Supervisor Stromberg abstained. Several residents spoke against the noise and dangerous operation of minibikes, motorcycles, etc., in residential areas. The board finally called upon Attorney Donald Morgan to prepare an ordinance to aid the police in enforcement.

Treasurer Straub said he objected to the appearance of Parisi without scheduling a speaker representing "the other viewpoint". "I'm not saying whether I'm for or against annexation to the city. But we represent all the people in the township—some for, some against and some who haven't made up their minds," Parisi said. Trustee Joseph Straub and

he's working for the townships, he's not going to give both sides", the treasurer argued.

It was finally decided that a unification spokesman would be sought, but not to appear on the same night as Parisi. Trustees Schaeffer and Mitchell opposed the idea, however, on the basis that a definite spokesman wasn't named.

More details on Tuesday night's board meeting will be reported in next week's edition of The Record.

Primary

Continued from Record, 1

stated he will seek a trustee's post.

According to VanderMolen, the Democratic Club will "very likely" back a slate of candidates for nomination and election. Guido, he said, would be one of those receiving the club's endorsement as well as Thomas Curran, who reportedly will seek a trustee's post.

Another of the club's possible endorsements will be Mrs. Anabel Schaeffer for clerk or treasurer. Still another possible candidate will be former trustee Wilson Tyler, a Republican who may run for treasurer.

Deadline Tuesday for filing is 4 p.m. Registration deadline for voting in the August primary is Friday, July 7 at 9 p.m. Clerk Mrs. Hammond reminded township residents. The township office will be open from 8 a.m. to 5 p.m. on Saturday, July 8, for registration purposes, she said. Citizens also may register anytime during regular weekday office hours, she added.

Election

Continued from Record, 1

in line when the polls closed at 8 p.m., but with the use of five voting machines, results were totaled shortly before 9 p.m. Fifty absentee ballots were cast with absentee voters carrying none of the proposals. In April, when both the millage and bond issue were defeated, absentee ballots were cast in favor of both questions.

The newly elected trustees will take their seats on the board at the organizational meeting Monday, July 10. Officers for the 1972-73 year will also be named.

Current officers are Dr. Robinson, president; Richard Martin, vice-president; Rinehart, secretary; and Glenn Deibert, treasurer. Other trustees include Stanley Johnston and Andrew Orpman.

The board has cancelled its June 26 meeting.

Northville Swim Club Facilities Ready for Open House on Saturday

Swim Club Open House Set Saturday

An open house is being held at the Northville Swim Club from 3 to 5 p.m. this Saturday, June 17, with everyone in the community invited to drop by to see its new facilities.

In extending the invitation to the community, Edward Kelly, board president, points out that the additions at the club have been planned to provide "a total family area." In addition to picnic facilities, there are basketball and shuffleboard courts, tennishall, a huge sandbox and sturdy play equipment for small children.

Kelly adds that the interior of the clubhouse also has been redecorated and the area landscaped.

The Bermuda-blue clubhouse is located at 646 West Baseline and may be reached via the rear parking lot at Northville School.

Sky's Limit for Dreamers

Continued from Record, 1

Ernest Essad, a Northville food market owner, says a family in good health "and a trip up North for some quiet rest, clean air and good food" would do him just fine.

And good food, in his book, must include something called "Kuba," a Lebanese dish "that's the greatest. I'll have my wife make some for you and you'll be begging for more."

"A nice blond" would do just nicely for Brighton Postmaster Al Bosworth.

Northville Postmaster John Steimel indicates some fencing would be appropriate so his neighbors wouldn't have to put up with him any longer.

Patrolling in a police car makes Officer Bill Brown of Novi think constantly of open spaces and "a boat—maybe a 16-footer and a 100 HP motor."

South Lyon High School Principal Bill Adams would like a new spinning reel so he can prove once and for all that Band Director Frank Hopper.

The incumbent is U.S. Representative Marvin Stempien.

The new Second District consists of northwest Wayne County, the eastern half of Washtenaw County and all of Monroe County except one township.

Thirty-eight year old Stempien, who is the House Majority Floor Leader, is a three-term member of the Michigan House of Representatives.

He has had three terms to accomplish congressional reform, and we're still waiting," Stempien said. "It is time for change, for reform and for new approaches to nagging old problems. I feel that with my relative youth and my experience in government I can make a contribution to that change," he concluded.

Stempien is supporting Senator George McGovern for president.

An attorney who lives in Livonia, he holds degrees from the University of Michigan and Detroit College of Law. He is an Air Force

Kochalko isn't nearly as good a fisherman.

Frank Fazekas of Brighton also would like a new spinning reel. "I got a new one recently," he explains, "but I look it apart and can't get it back together."

"Peace, of course. Maybe after that a house boat-trailer unit," says Bob Webber of Northville.

Brighton Barber "Mac" says, after watching so many enjoy a rest in his barber chair, "I'd like a Lazy Boy chair for myself."

"What about a week at the golf course...without any painting?" asks Russell Anger, Jr. of Northville, hopefully.

"Give me a couple of minutes to think," asks William Asher of Northville before coming up with a suggestion that he be permitted "to lay in the back yard and just relax."

Bryce Lockwood of Northville, a sailing enthusiast, would like to graduate from his 28-foot boat to "something about 43-foot long that would be just right for Lake St. Clair."

A good family get-together," says South Lyon Attorney C. H. Letzring.

And finally, Northville School Business Manager Bob Benson came up with a suggestion that should fit the bill for many fathers:

"Wouldn't it be nice just to be able to plan the schedule for Father's Day instead of letting the family decide what dad would like to do?"

Do you know that flat paints may vary from the top to the bottom of the can unless they are stirred? The color, even the make-up of the paint, may be different. Always stir paint before using it. Use a lifting motion to bring the thicker paint up toward the top surface of the can and to get it evenly suspended throughout the paint. Be thorough. A few moments spent this way at the beginning of the job saves many hours if the paint is not satisfactory once it's on your walls.

You can get your quality paint and supplies at NORTHVILLE LUMBER CO. 615 E. Baseline, 348-0229. We carry DuPont paints, and Minwax and Olympic stains. Our large inventory also includes all types of building materials and supplies to meet your every building need. Free delivery service. Master Charge honored. Hours: 8-6, Mon. - Fri.; 8-2, Sat.

And finally, Northville School Business Manager Bob Benson came up with a suggestion that should fit the bill for many fathers:

"Wouldn't it be nice just to be able to plan the schedule for Father's Day instead of letting the family decide what dad would like to do?"

Do you know that flat paints may vary from the top to the bottom of the can unless they are stirred? The color, even the make-up of the paint, may be different. Always stir paint before using it. Use a lifting motion to bring the thicker paint up toward the top surface of the can and to get it evenly suspended throughout the paint. Be thorough. A few moments spent this way at the beginning of the job saves many hours if the paint is not satisfactory once it's on your walls.

You can get your quality paint and supplies at NORTHVILLE LUMBER CO. 615 E. Baseline, 348-0229. We carry DuPont paints, and Minwax and Olympic stains. Our large inventory also includes all types of building materials and supplies to meet your every building need. Free delivery service. Master Charge honored. Hours: 8-6, Mon. - Fri.; 8-2, Sat.

Another golf club fancier is Bob Steiner of South Lyon, who predicts confidently, "and I'm going to get them."

John Birdsong of Brighton would be satisfied with a new golf cap.

"Peace, of course. Maybe after that a house boat-trailer unit," says Bob Webber of Northville.

Brighton Barber "Mac" says, after watching so many enjoy a rest in his barber chair, "I'd like a Lazy Boy chair for myself."

"What about a week at the golf course...without any painting?" asks Russell Anger, Jr. of Northville, hopefully.

"Give me a couple of minutes to think," asks William Asher of Northville before coming up with a suggestion that he be permitted "to lay in the back yard and just relax."

Bryce Lockwood of Northville, a sailing enthusiast, would like to graduate from his 28-foot boat to "something about 43-foot long that would be just right for Lake St. Clair."

A good family get-together," says South Lyon Attorney C. H. Letzring.

And finally, Northville School Business Manager Bob Benson came up with a suggestion that should fit the bill for many fathers:

Novi Nixes Ordinance

Continued from Novi 1

contended that commercial ventures (such as tennis courts and ice and roller skating rinks) should be allowed only in commercial districts.

Councilman Edwin Presnell cited economics as the reason for his opposition. It is cheaper for a developer to purchase M-2 land than C-2 land, said Presnell.

The result of adopting the amendment would be making it cheaper for developers to build such facilities in Novi.

The objection of Councilman Raymond Evans was that light manufacturing zoning were frequently being allowed adjacent to residential districts and he did not feel it was right to allow roller skating rinks, for example, to be built next to people's homes.

The amendment was rejected by a 5-2 vote of the council. Mayor Joseph Crupi and Councilman Denis Berry cast the two votes objecting to rejection of the proposed amendment.

Surviving are her husband, Robert, a son Brock, her mother, Mrs. Reba Lillbridge of South Lyon, a sister, Mrs. Marion Salem of Ann Arbor and a brother, Glen Lillbridge of Seattle, Washington.

Services were held Tuesday for Kathleen E. Hadley of 705 Dixboro Road in South Lyon who died Sunday, June 11, at home. Mrs. Hadley, who was 39 years old, had been ill for the past seven years.

She was born February 17, 1942, in Wayne, and moved to South Lyon six years ago. She was a graduate of Plymouth High School, a member of Salem Bible Church and was employed at Plymouth Lithograph.

Surviving are her husband, Robert, a son Brock, her mother, Mrs. Reba Lillbridge of South Lyon, a sister, Mrs. Marion Salem of Ann Arbor and a brother, Glen Lillbridge of Seattle, Washington.

Bridges Abound

Continued from Page 1-B

Highway, two of the longest highways in North America. The Blue Water Bridge permits pedestrians at present the only large bridge in the state to allow foot traffic. (The Ambassador Bridge usually allows people to use its eight-foot walk but this is closed indefinitely until some construction is completed.)

An engineering marvel and a tourist attraction by itself since its opening in 1965, the Mackinac Bridge, popularly called "Big Mac." From anchorage to anchorage, it is the longest suspension bridge in the world. There are 42 miles of wire in the main cables.

The American Institute of Architects has designated the bridge as one of the seven man-made wonders of the world.

Oldest of the Michigan-to-Ontario bridges is the Ambassador Bridge. Opened in 1929 at a cost of nearly \$17 million, it is almost two miles long and 152 feet above the water at its highest point. There are five traffic lanes. The two cables from which the bridge is suspended are supported on towers and tied to massive anchorages.

The arch-type Blue Water Bridge, opened in 1938, is three-and-a-half miles long and spans the St. Clair River

between Port Huron and Sarnia, Ont. The bridge is the eastern terminus of the 1,607-mile Interstate 94 freeway between Port Huron and Billings, Mont. There is a walk for pedestrians.

Another interesting bridge, but only for railroads, is the old International Bridge at Sault Ste. Marie, erected in 1887. It stretches 3,607 feet across the American Locks, the St. Marys Rapids, and the Canadian Locks. One of the largest jackknives spans in the world, it combines both the swing and bascule types.

Bridges not so familiar to most Michiganders include these:

The Rouge River Bridge, just south of Detroit, opened in 1967. A deck plate girder structure, it was the costliest single project ever constructed by the Michigan Department of State Highways. Capable of carrying 120,000 vehicles a day, it is a vital link in the I-75 freeway system as it enters Detroit.

Among the picturesque bridges is the high Cut River Bridge, 4.3 miles northwest of Brevort on US-2 in Mackinac County. Built in 1947, the cantilever truss-type bridge has three 555-foot spans. Visitors who use a parking area provided at the east end of the bridge can walk back and descend into the deep ravine. From the bottom looking up the scenery is spectacular.

One of Michigan's most unusual bridges also is on US-2 over the Manistique River in Manistique. This 1918 bridge was once featured in Ripley's "Believe It or Not" newspaper syndicated column because the bridge level is higher than the riding surface of the bridge.

A different type of bridge is the double-deck vertical lift bridge which carries US-41 traffic across the Portage Lake waterway between Houghton and Hancock. Opened in 1959, the upper deck provides a four-lane highway while the lower deck has railroad tracks. The section with the decks can be lifted 100 feet above the water.

The Pine River Bridge on M-55, 4.2 miles west of the Westford County line, is a high, cantilever bridge, built in 1934, the same type as the Cut River Bridge in the Upper Peninsula.

Another Westford County bridge singled out by the panel of highway engineers, is the Pine River Bridge on M-37, 12 miles southwest of Marquette. Built in 1948, it is deck plate girder type.

Back in the Upper Peninsula, highway engineers have included three more bridges.

Interesting rock formations are the attractions at the Chocoyua River Bridge on U.S. 41, about seven miles southeast of M-38 in Marquette County.

Also listed are two bridges on M-26 over the west and east branches of the Firesteel River. One is 1.3 miles northeast of M-38, the other 1.9 miles northeast of M-38. Both were built in 1952.

The highway department also includes as outstanding eastern termini of the 1,607-mile Interstate 94 freeway between Port Huron and Billings, Mont. There is a walk for pedestrians.

Perhaps one of Michigan's best-known bridges, at least to motorists who use I-75, is the bascule-type Zilwaukee Bridge just north of Saginaw. The counter-weighted bridge spans are opened to allow passage of river traffic, sometimes causing a backup of cars for several miles or more in either direction. Completed in 1960, this bridge is an important link in the I-75 freeway system. It is scheduled to be replaced by a high-level bridge.

Less spectacular spans are the weathered, wooden covered bridges of a century ago. There are six covered bridges still standing in Michigan, and each is a tourist attraction by itself.

The Langley Bridge near Centerville, crossing the St. Joseph River, St. Joseph County.

A bridge two miles northeast of Niles on the farm of the late E.M. Norris, in Berrien County, on private property.

White's Bridge which crosses the Flat River near

Smyrna in Ionia County. (Built in 1867 at a cost of \$2,000, the bridge still has its original timbers except for sills which were replaced about 15 years ago. The bridge derived its name from Levi White, a carpenter and early Michigan pioneer.)

The Fallsburg Park Bridge over the Flat River north of Lowell in Kent County, off M-91.

The 125-foot-long bridge crossing the Thornapple River at Ada, on M-91, Kent County, built in 1866.

Greenfield Village, Dearborn, the Ackley Covered Bridge, traversed by visitors on foot or in carriages, which straddles an artificial pond. (Built in 1822 in Pennsylvania the 75 foot bridge was acquired by Henry Ford and moved to his outdoor museum, America in 1938.)

The Langley, White's and Fallsburg Park bridges still carry vehicular traffic.

Except for the covered bridges which are primarily tourist attractions, the Michigan Department of State Highways warns motorists not to stop on any bridge or the scenery. It is dangerous.

Whoops! But Battling the Wind, According to Enthusiasts, Makes Sailing A Great Sport

Sailfish Pull to Shore for Racing Chalk Talk at Kensington Metropolitan Park

Sailing

Continued from Page 1-B

January, involves several Detroit based sailing fleets.

Boats range from the sailfish up to 17 footers. Most are in the 15-foot range.

This year's racing season at Kensington started in April and extends to mid-September, according to Skellenger.

Several races are held each weekend, and races are also conducted every other Tuesday. Each race will draw anywhere from five to 50 boats, with two to five boats per race heat.

Skellenger explains that the racing course changes, depending upon wind and weather. Prior to each racing day, a patrol boat is sent out with a racing official to set out the course buoys.

Most of the racing boats are trailerered, says Skellenger, although some sailors have their boats docked at the park marina.

Divorce Splinters Ladder

'Success' Tied to Marriage

Take heed, men: the ladder of success may be only as stable as your marriage.

Divorce could splinter a few crucial rungs of that ladder, advises John E. Troman, professor of social work at The University of Michigan.

He measured the mobility or advancement of 6,000 American males, aged 45 to 54, ranking their first job, last job and current marital status.

The men who had progressed the furthest were those who had remained married to their first wives, followed closely by those who had remarried. Far behind were the men who had been divorced, separated or widowers.

"Our findings reverse the assumption that mobility causes family instability," Professor's Troman commented. "The stereotype of the hard-driving, ambitious breadwinner who works long hours and accepts new responsibilities at the expense of his duties to wife and children may not be wholly accurate."

"It may not be the career which jeopardize the marriage, but the marital status, if disrupted by divorce, separation or death, followed closely by those who had remarried. Far behind were the men who had been divorced, separated or widowers."

"But it challenges two myths: that mobility endangers family stability, and that hard work is always rewarded by occupational advancement," Troman said.

"Correctly or not, employers seem to regard a stable marriage as an asset when considering a man for promotion or hire."

"Mobility may influence a marriage in a more subtle, opposite way," Troman added. "If a man senses that he is not advancing as fast as his peers, he may become unconfident and resentful. The expression of this inner conflict may further inhibit his progress and create friction between him and his family."

The presumption that mobility disrupts marriage said the U-M professor, stems from the belief that mobility causes stress, that it is a somehow "abnormal" phenomenon which society has neither planned for nor accepted. This may have been warranted in a sedentary peasant culture, Troman added, but in today's society, mobility is becoming the norm, not the exception.

more heat is received during the day than is lost at night." The evening skies will be highlighted by a pair of bright planets and a popular northern constellation, Professor Losh notes. The planet Jupiter rises in the southeast in the constellation Sagittarius. It reaches the meridian at midnight and shines brightly the whole night through, she says. "On the 26th, Jupiter is very close to the full moon forming a lovely configuration."

On June 17, the brilliant planet Venus is lost as an evening attraction. On that date, its orbit carries it between the earth and the sun, and thereafter it emerges as an eastern morning planet, Professor Losh says.

Spreen Seeks

County Post

Professor Losh explains, "because the temperature continues to rise as long as the summer solstice. Because the sun will make its longest arc across the southern sky, we will have our longest day, 15 hours, and shortest night, 9 hours."

"We will also be exposed to the most solar heat in any 24-hour period of the year on that day, but chances are it will not be our hottest day."

"The peak heat of the season usually follows from four to six weeks later,"

Johannes F. Spreen, former Detroit Police Commissioner and a resident of Farmington for the past year and a half, announced his candidacy Monday for the position of Oakland County Sheriff.

Spreen said he had decided to run in the Democratic primary August 8, primarily because of his association with Oakland County Prosecutor Thomas G. Plunkett, Democratic incumbent.

Horse's Mouth

This column is open to news of all breeds of horses and ponies. Send your questions, comments, and horse show news to "Horse's Mouth", care of South Lyon Herald, South Lyon, Michigan 48178.

The Law and Your Horse

As a general rule motorists can be held liable for injuring or killing a horse upon a highway if the motorist is crossing the Thornapple River at Ada, on M-91, Kent County, built in 1866.

The manufacturer is liable for any feed or medicine to be sold containing a substance injurious to the health of livestock.

A veterinarian should not, in the absence of a special contract to do so, undertake to perform a cure of horses he treats. He only agrees to use such reasonable skill, diligence, and attention as may be expected of a skillful veterinarian. Often the question may be one of liability and liability should not follow a mistake of judgment.

Determination of whether the training, showing and breeding of horses will be considered a business or a hobby in the eyes of the Internal Revenue Service will depend upon several factors.

Expenses are deductible for business but not hobby purposes, yet profits are taxable. Therefore, it is most important to be able to prove that you intend to produce a profit and that such management as in any other business enterprise.

Some factors determining this are:

1. Tax payers' personal attention to phases of the operation and common sense management as in any other business enterprise.
2. Serious study and knowledge going into the operation - (functional barn design, not show place).
3. Advertisement and promotion of stallions and marketing/horse in horse magazines.
4. A form of such size that, "it is a reasonable opportunity to gain a profit."
5. A program of advertising and selling that will show a profit in four or five years.
6. The operation of the horse farm, showing and breeding of horses is the only occupation.
7. Keeping complete records.
8. After reasonable time there must be a profit.

Each of the fifty states of the United States has found it necessary to enact laws controlling livestock running at large. These laws were intended to protect agricultural crops from the ravages of stray domestic animals. As more and more land was used for crops the more demanding farmers became for the legislature to enact laws for their protection. Thus each state passed acts regulating and restraining trespassing animals.

In Michigan recovery for damages caused by beasts may be interpreted in the following way:

When any person is injured on his own land by sheep, swine, horses, asses, mules, goats or meat cattle, he may recover his damages in an action of trespass, or trespass against the owner of the beasts, or against the person having the care and control of such beasts, or by retaining the beasts doing the damage, and proceeding there with as hereinafter directed.

If the beasts shall have been lawfully on the adjoining lands and shall have escaped there from through neglect of the person who has suffered the damage to maintain his part of the division fence, the owner or person having the control of the beasts shall not be liable for such damage.

For further information on the law and your horse, read the book with the same name by lawyer Edward H. Greene, Huntington, West Virginia.

"The very fact of an acquittal means that there was no fair trial—because a fair trial would have been no trial at all."

In other words, she was saying she was innocent, a political captive and target of a capitalist society. Angela Davis is an avowed communist.

The man at the polls and Miss Davis - two people at different poles - are equally blind. Both, at least in given circumstances, would throw out our system of courts and judges. What they would replace them with, I frankly don't have the slightest idea.

The fact is the American legal system is by no means perfect, as I'm sure any attorney or judge would readily admit. But thank the powers that be that we have it.

What Thomas Jefferson had to say about our Democratic society holds true, too, for the courts. They may not be perfect, but they are better than any other system devised. Where else but possibly in a Communist country where she would be a political celebrity would Miss Davis receive a fair trial?

Some factors determining this are:

1. Tax payers' personal attention to phases of the operation and common sense management as in any other business enterprise.
2. Serious study and knowledge going into the operation - (functional barn design, not show place).
3. Advertisement and promotion of stallions and marketing/horse in horse magazines.
4. A form of such size that, "it is a reasonable opportunity to gain a profit."
5. A program of advertising and selling that will show a profit in four or five years.
6. The operation of the horse farm, showing and breeding of horses is the only occupation.
7. Keeping complete records.
8. After reasonable time there must be a profit.

When any person is injured on his own land by sheep, swine, horses, asses, mules, goats or meat cattle, he may recover his damages in an action of trespass, or trespass against the owner of the beasts, or against the person having the care and control of such beasts, or by retaining the beasts doing the damage, and proceeding there with as hereinafter directed.

If the beasts shall have been lawfully on the adjoining lands and shall have escaped there from through neglect of the person who has suffered the damage to maintain his part of the division fence, the owner or person having the control of the beasts shall not be liable for such damage.

Here's Answers

Termites Dangerous?

Termites can cause terrific damage. And because people know so little about them, some "exterminators" are balking their clients.

So, Don Cress, Michigan State University entomologist, tried to set the record straight by answering these questions:

Question: How much should a termite inspection for a typical one-family residence cost?

Answer: When a charge is made for the inspection, it will range between \$10 and \$25, depending on the distance traveled from the office by the pest control operator and whether or not the building has a crawlspace.

Question: How can a customer tell whether the inspector is doing a superficial job? In other words, are there some minimum steps that must be taken to do an adequate job?

Answer: To properly conduct a termite inspection, the inspector will utilize a bright flashlight, ice pick (or screwdriver) and other necessary sharp tools to pierce and observe the various wooden structures of the building. He will enter all crawl spaces (wherever physically possible) to make observations for termite signs. In addition, he will check door frames, stair casings, floor studs, wall joints and similar wooden structure by sounding. The time required for an inspection is variable but usually requires 1 to 2 hours.

Question: What is the Michigan Pest Control Operators Association doing to combat the practices of some inspectors who give a favorable report on termite-infested property in return for a special fee or bribe?

Answer: Training sessions are continuously being conducted in an effort to up-grade our standards. An example is the wood damaging insect session conducted at our recent winter conference. In addition, we are in favor of the recent legislation which requires that legitimate pest control operators be licensed. In addition, we are pleased to see that the license number of the inspector must now appear on all FHA and HUD termite inspection forms. In addition, many of our members are also members of the National Pest Control Operators Association. The national association is also continuously working to get rid of those few individuals which conduct dishonest practices which result in a "black eye" for the industry as a whole. We are also working with the state

Termites Dangerous?

Continued from Page 4-B

Regulatory agency on licensing problems and cases of outright fraud which come to our attention.

Question: Is it possible for inspectors to convince a client that the premises are infested when they are not?

Answer: This depends entirely on the client. The client has every right to ask to be shown, and in most cases, will voluntarily be shown the live termites involved in the active infestation. During the summer months, if live termites in the infestation cannot be shown to the client, then, obviously, the client should not be convinced that they are there. However, in the winter months the live termites may not be apparent because of dormancy in the soil.

Question: Can you pretty well certify that an area is termite-free? Are there some parts of Michigan where you don't even have to inspect a

house, you just know it has no termites because of the way the house was built?

Answer: The answer to both parts of this question is "no." Termites are found "wild in nature." Hence, they are found in all areas under the conditions, such as food (wood), moisture, temperature, and other factors, are favorable for them. Of course, some areas are more favorable than others but these areas have no definite boundaries. The only way to know whether they are present is to inspect the structure (building).

Question: When do termites swarm, and how can a layman identify swarming insects as termites?

Answer: Termites usually swarm during the day in the spring, but occasionally they also swarm in late summer or fall. They are found in small cracks in the foundation which allow termites to enter the wood without constructing tubes even though the wood is not in contact with the soil. Also, tubes may be constructed in "hidden" areas such as inside hollow cinder blocks and similar situations.

Question: Is it necessary to kill termites with pesticides? Won't they die if their access to the soil is cut off?

Answer: Chemicals provide the surest means of control, but to do so they must be applied correctly. Usually, most of them will die if all of their contacts with the soil are broken. However, in some cases, it has been reported

that the moisture, temperature and other conditions were such that subterranean termites could live for various lengths of time with no contact with the soil. Knowing when these conditions exist is impossible for the pest control operator and that is mainly why he must rely on chemicals.

Question: In what areas of Michigan do you recommend soil treatment before houses are built? How much would this cost if done for a tract of 200 houses? For a single home site?

Answer: As pointed out in an earlier answer, termites are found "wild in nature." Therefore it is always a good practice to treat at the time of construction. If done at this time, it is the least expensive and the treatments can be applied properly and in such a way as to reduce, if not completely eliminate any chance of environmental contamination.

The cost of treating 200 houses should be determined on a bid basis. Hence, this cannot be answered without the bidding companies seeing the houses. The cost of treating an individual house will depend on the size of the building, extent of the infestation, and whether various complications arise.

Question: How has the mosquito control program been going during the past few years, Newton says?

Answer: Assuming they are coming from his property, he may like to call two or three pest control operators, preferably specializing in termite control, to obtain estimates of both the extent of the infestation and the cost of various companies is always

more practical solution, Newton suggests. "People in Michigan tend to accept mosquitoes as a necessary evil, when for as little as a dollar a year per citizen, mosquito abatement programs could nearly eliminate the problem."

Michigan is one of the few states without tax-supported mosquito control programs. Here, each county or municipality deals with mosquitoes in its own way. Funds for Lansing's control, for example, come from its department of parks and recreation. If budget cuts are necessary, such minor operations as mosquito control often suffer.

Control must come through broadscale independent programs, Newton says. Permanent drainage ditches in marshy areas, implantation of mosquito larvae-eating fish, and use of insecticides as a last resort are effective and inexpensive when part of a wide area tax-supported system.

A bill that would authorize establishing voluntary mosquito abatement districts throughout the state is now in committee. "If the bill passes," Newton said, "such programs would probably cost each citizen about as much as one can of mosquito repellent."

Along the Campaign Trail

Sharpe... Griffin... Broomfield... Turner...

Sharpe... State Representative Thomas G. Sharpe (R-Howell), incumbent seeking re-election in the 51st District, has taken positive steps to ease the critical shortage of doctors coming into the state of Michigan.

In a bill recently introduced by Sharpe, citizens of the United States who get their medical schooling outside the United States would be allowed to take their internship here in the state. "At the present time, these medical students are prohibited from practicing their internship here. So they go to Canada to gain this necessary experience," Representative Sharpe said.

"We have talked about a shortage of doctors here in Michigan for some time and have wrung our hands wondering how to correct this situation. I think this is one way to fill the void," Sharpe stated.

McDonald... Congressman Jack McDonald, GOP nominee for re-election in the 19th District, has introduced a bill that would provide for the payment of pensions and extend certain priorities for WWI veterans with regard to hospital and medical care.

Total payment authorized under this legislation, he explained, ranged from \$35 per month for an unmarried veteran to \$150 per month for a married veteran, subject to the income limitations of \$3,000 and \$4,200, respectively.

Additional pension payments would be available for veterans requiring regular aid or attendance. Widows of WWI veterans, if there is no child, will be entitled to a pension of \$100 per month; widows with one child, \$125 per month; and if there is more than one child, the pension would be increased by \$20 per month for each child.

Griffin... United States Senator Robert P. Griffin addressed more than 800 Greater Detroit Chamber of Commerce members and guests at the Third Annual Meeting of the Chamber Tuesday evening, August 8th primary.

A native of Detroit, the Senator is a graduate of Central Michigan University and of the University of Michigan Law School. He was elected to the House of Representatives in 1956, and was completing his tenth year in Congress when he was appointed to the Senate in 1966 by then Governor George Romney.

Later that year he was elected to full six-year term. Senator Griffin was elected Assistant Minority Leader ("Whip") of the Senate on September 24, 1969. On the opening day of the 92nd Congress, January 21, 1972, he was re-elected to that post unanimously.

He is a member of the Commerce, the Finance, and the Rules and Administration Committees.

Broomfield... Congressman William S. Broomfield, Oakland County Representative, Friday became the first Michigan Congressman to file nominating petitions for the August 8th primary.

Broomfield, who resides in Birmingham, filed approximately 2500 signatures, the maximum allowed under Michigan law.

Senate approval of legislation to halt forced school busing in the Detroit Metropolitan area was hailed as another giant step toward final approval by its author, Congressman William S. Broomfield.

Broomfield, Birmingham Republican, is the chief sponsor of legislation to halt court ordered busing until all appeals to the case have been exhausted, hopefully to the U.S. Supreme Court. Final consideration of the Broomfield amendment and two other anti-busing amendments attached to the Higher Education Act is expected in the House in the next two weeks.

Turner... Billy L. Turner, Democratic candidate for the U.S. House of Representatives from the Second Congressional District, recently commented on the urgent need for tax reform.

"Even as millions of Americans filed their 1971 tax returns, thousands of wealthy citizens were paying little or no taxes," said Turner. He went on to point out several outrageous inequities in our present tax system.

"As an example," said Turner, "in 1968, the middle income worker, \$8,000 to \$10,000 per year, paid federal, state and local taxes at the same rate as the worker earning \$25,000 to \$50,000 per year."

Furthermore, the Revenue Act of 1971, part of Nixon's new economic policy, reduced corporate tax rates by 15 percent, the largest tax cut for corporations in American history. "It was appalling to learn that 21.37 persons with more than \$20,000.00 annual income paid no federal income taxes in 1969," said Turner.

GARDEN BEAUTY—Although the Trillium is considered a wild flower, this hearty plant most often seen in wooded, shady sites is frequently grown by garden specialists who want to add something special to their backyard gardens. A member of the lily family it is sold by some nurseries—but not by all. As the name implies, its leaves and petals grow in threes.

BOLENS HUSKYS

Mosquito Surge Seen in State

The hordes of mosquitoes which seem to descend every time you step out the door this spring may be more than a simple annoyance, a Michigan State University pesticide research specialist warns.

An unusually large mosquito population may be spreading encephalitis, dog heartworm, allergies and secondary infections, says Dr. Harold Newton, MSU entomologist.

Heavy rains in late April caused flooded areas where mosquito larvae developed. A cold spell followed by warm weather then triggered mass hatchings rather than the usual gradual development of the mosquito population, explains Newton.

Just how many cases of mosquito-borne encephalitis have occurred in Michigan, is not yet known, but there are in the state a number of mosquito species known to transmit the disease. The

from the Pastor's Study

The Perfect Flight

Rev. Cedric Whitcomb
First Baptist Church of Northville

Although I have traveled a good deal, I am eagerly anticipating a very special flight. I will be ready at any moment because it will be soon.

A friend of mine has paid for it in advance and all the preparations have been made. Travel to new places is always exciting and usually there's some effort involved, like saving money, packing and the leaving the house and yard in good order. There's always the possibility of bad weather, disappointing accommodations and accidents. None of these things disturb me about this flight.

For this trip there'll be no packing necessary, my safety is guaranteed. I'll have wonderful companions, there'll be no obstacles or aggravating circumstances.

My destination is heaven, to be with the Lord. The Bible in matchless words describes the great beauty that will delight my eager eyes when I reach my new home. "In my Father's house are many mansions; if it were not so, I would

have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there you may be also" (John 14:2-3).

This perfect flight is referred to as the rapture of the church. The thought of it makes me feel clean and free. I'd like to have you join me. Anyone who wants to may. There are no required qualifications as to race, education, culture, age, accomplishments or financial standing. You can't, however, go by yourself and your own way.

The Bible says that despite the fact that you are a sinner, God loves you so much that He sent His Son, Jesus Christ to die in your place. Therefore, the only condition you must meet for this perfect trip is that you confess your sin and unworthiness and receive Jesus Christ as your personal Savior. To know Him as personal Savior is to be heaven-bound and to be with Him for eternity. Receive Him as your Savior and He'll put your name on the passenger list.

Senator Honored

Pick Pursell For Seminar

Michigan State Senator Carl Pursell has been selected as one of 50 outstanding legislators from throughout the United States to participate in this year's State Legislators Conference of the Eagleton Institute of Politics.

The prestigious conference is scheduled for July 16-22 at Singer Island, Florida. Legislators joining Pursell at this seventh annual conference come from 25 different states. Expenses of the legislators are paid by the Institute, located at Rutgers University in New Jersey.

Persons invited to the conference are chosen by a panel of Eagleton officials, prominent state legislators, journalists, and individuals associated with independent organizations concerned with the quality of state government.

Senator Pursell is the fourth Michigan Senator chosen to represent the State at the Eagleton conference since its inception in 1966. His predecessors are Majority Leader Robert VanderLaan (1968), Senator William Ballenger (1970), and former Senator and gubernatorial candidate Sander Levin (1966).

"I'm very honored to have the opportunity to take part in this meeting," Pursell commented. "Those who have experienced it have highly commended the productivity and usefulness of the conference in broadening their legislative effectiveness. They have also highly praised the Eagleton Institute for its programs to promote good government."

"Hopefully this conference will help me as an individual, and help the Legislature and the state through the ideas I will be able to contribute after discussing common issues with legislators from throughout the country."

Senator VanderLaan expressed his personal pleasure upon learning that Pursell had been picked for the select meeting.

The honor is particularly noteworthy in view of the fact that Senator Pursell is a freshman Senator, and the only first term member of the Michigan Senate with no prior experience in the state legislature.

Horse's Mouth

equitation and patterns Dave and Dan Earehart, 10 a.m. stock seat equitation and patterns. Kathy Holt, 10:30 a.m., reining horse demonstration. Frank Flock Sr., and Jr. 11 a.m., judging a class. Keith Forbush and Ed Kentala, class runs until 12 noon. Demonstrations in Kozad Building, 9 a.m. to 3 p.m.: Fitting and showing, and Tomlinson, 10:30 a.m. leather tooling (Miss Millie Harrison), slides (John Ireland) information booths centered primarily on the health care of horses and pamphlets concerning horse and horse care.

Vet Clinic, Dr. Carol Geake, Council building, 9 a.m. to 3 p.m. Sack lunches to be eaten in the dining hall, 12 noon to 1:30 p.m., Beverages on sale. Horse arena: 1:30 p.m., dressage demonstration, Fran Hincheff, Prix St. George level, Majestic Farms of Ann Arbor. 2 p.m., fitting and showmanship, 4-H boys and girls of Wayne County. This is an instructional clinic especially designed for 4-H youth. Attendance should be beneficial to all and should be considered an important date.

Half-Mill

Continued from Page 7-B

used to finance construction and operation of correctional facilities. The Board of Commissioners has set a target date of next January for the start of construction of a new county jail as the result of a Circuit Court order virtually requiring new jail facilities. Consultants have recommended that a new downtown jail housing 750 inmates be built by 1975 at a cost of more than \$21 million.

legislature." VanderLaan said. "In this year and one-half in the Michigan Senate, he has proven himself to be an industrious, forceful voice in Michigan government."

"As a member of the Senate Appropriations Committee at a time when the financial situation of our state is bleak, he has demonstrated his

abilities to determine and meet the needs of state citizens," VanderLaan continued. "He has commanded the respect and admiration of all his colleagues in the Michigan Senate and of his constituents, and is well-deserving of this recognition of his talent and sincerity."

Persons invited to the conference are chosen by a panel of Eagleton officials, prominent state legislators, journalists, and individuals associated with independent organizations concerned with the quality of state government.

Senator Pursell is the fourth Michigan Senator chosen to represent the State at the Eagleton conference since its inception in 1966. His predecessors are Majority Leader Robert VanderLaan (1968), Senator William Ballenger (1970), and former Senator and gubernatorial candidate Sander Levin (1966).

The honor is particularly noteworthy in view of the fact that Senator Pursell is a freshman Senator, and the only first term member of the Michigan Senate with no prior experience in the state legislature.

Babson

Continued from Page 7-B recommendation is the common stock (conservative grade) of AT & T, which offers a high secure return and potential for good long-term appreciation. The Babson Research Staff is of the opinion that AT & T will meet the challenge of the specialized microwave carriers through more aggressive development and marketing of new products via its own national public microwave transmission network.

DISTRIBUTORSHIP \$5,000-\$15,000—Spare Time \$15,000-\$30,000—Full Time. The person selected for distributorship will service and manage a route of NATIONALLY ADVERTISED products for men and women in the field. He will be responsible for the sale of these products and will be supported by a full-time sales representative. The route will be set up by the Company and can be covered either SPARE TIME OR FULL TIME... NO SELLING. ENDORSED BY LOCAL BANKS, BUSINESSMEN AND THE PUBLIC. This is a bonded distributorship made for the FIRST TIME IN THIS AREA, by the LEADING NATIONAL MANUFACTURER. Our products are needed by national and local advertising including LIFE Magazine, etc. Some of our present accounts include HOLIDAY INN, SEARON HOTELS, MOTEL HOTELS, BANANA INNS, WAUSA AIRLINES, etc. NO TRAVELING OR CRACKS. REQUIREMENTS: Minimum age 21 years. You must be a person of good character, have a high school diploma, and be able to make an "INDEPENDENT CASH PRODUCT" ORDER OF \$1,000.00. We are now interested in your character and ability, not the amount of your investment. For a complete brochure in your area, send a short note about yourself, including your references, home address and phone number to: AEROSOL CITY P. O. BOX 551, OAK PARK, ILLINOIS 60063. ALL APPLICANTS WILL RECEIVE THE COURTESY OF A FULL CORPORATE EMPLOYEE.

For Wixom Charter Revisions Eyed

An amendment to the Wixom city charter which would require the mayor to abandon his existing non-voting position and take a stand on every issue which comes before the council could well come before Wixom voters before the year is over. Presently, Wixom's charter specifies that the mayor does not vote unless the city's six-man council reaches a tie vote. When a deadlock occurs, the mayor casts the decisive ballot. The amendment changing the role of the Wixom mayor is one of seven proposed by a special charter revision committee set up by Mayor Gilbert Willis late last year. Comprised of Fred Moorhead, Cass Schulte, Arthur Cronin, Lillian Bird, and Neil Taylor, the committee recently released its recommendations to the city council at their Tuesday night session.

Other proposed charter revisions include —changing the mayor's term of office from two years to four years with terms of office commencing on the second Monday in January following the election —granting the mayor 90 days in which to appoint all administrative officers. Presently he must make all appointments within 30 days; —stipulating that vacancies occurring in the office of council for more than 120 days before the next regular city election be filled by the closest defeated candidate in the previous election provided that there was a five percent difference or less between the vote cast for the last elected councilman and that candidate; —limiting the amount of time the council may extend the time of acquiring residency to a maximum of six months. All full time administrative officers of the city are required to become Wixom residents within six months. The amendment would prohibit the council from waiving the residency requirement for longer than six months; —adding the authorization of up to two weeks severance pay to any appointed officer or employee after that person has completed his service; and —requiring the council to adopt a set of rules and order of business.

The proposed charter revisions are still tentative. Assistant to the Mayor William Travis pointed out, and are subject to further revision by the council before they are brought before the voters for approval. City Attorney Gene Schneck indicated that the charter amendments would in all probability appear on the November ballot, although he told the council they might also be ready to go before the electorate on the August primary. Council's discussion of the proposed charter revisions centered primarily on the question of whether or not the mayor should be forced to take a stand on all issues. "The idea behind making the mayor state his position, said Fred Moorhead, one of the charter revision committee members, was to get rid of the "ambiguous" mayor concept. "Every election we have a man run for mayor on such a platform, but once he's elected we never hear his views again until the following election."

Support for the amendment came from Councilmen Elwood Grubb and Val Vangoson. "I think we should have a mayor whose feelings on pertinent issues are available to the public," said Grubb. "I have heard a great many Wixom citizens," added Neil Taylor, another member of the charter revision committee, "say they want to know where the mayor stands."

Opposing the amendment requiring the mayor to vote were Councilman Howard Coe and Gunnar Mettala. "Under our present system of government," Mettala remarked, "the mayor serves not only as a political figure but also as the administrative head of government. Until

RIDERS IN THE SKY—Work is rapidly progressing on the new Detroit Edison power lines being installed through Novi along the I-96 freeway. Here Edison workers present an eerie sight as they ride ladders along the cables which reach heights of 100 feet above the ground.

There is a possibility that there will be two vacancies on the Novi city council in November in spite of the fact that none of the terms of the present councilmen expires until 1973. If the vacancies should arise it will be because two Novi councilmen have met with success in their bids for other public offices. The Novi News learned Tuesday that William O'Brien has filed petitions to run for Oakland County Commissioner and Denis Berry has filed petitions for the office of state representative from the 24th district. Both men have served on the Novi city council since the city was incorporated in 1969. Berry was a member of the charter commission and is currently mayor pro-tem. In his effort to be elected Oakland County Commissioner O'Brien must defeat a field of four candidates for the Democratic nomination in the August primary. Also running for the right to oppose Coy as the Democratic candidate for County Com-

K&B Begins Work; Complaints Shrink

The possibility of withholding building permits from Kaufman and Broad is still under discussion, but by and large the furor which a few weeks ago demoralized the city council shut down the developer of Novi's Village Oaks complex seems to be on a definite downward trend. Monday was the date set for the council to take action against Kaufman and Broad. Residents from both Heatherbrae (single family homes) and Lakewood (multiple family sections) had submitted their specific complaints against the developer written to City Manager George Athas. Sixty-five letters were received, the City Manager reported. The complaints were then broken down into specific categories. Last Friday representatives of the city met with Kaufman and Broad representatives to discuss the list of categorized complaints. "We presented the complaints Friday and they began correcting them Saturday," Athas said. The only argument offered by the Village Oaks residents present at the council session to Athas' contention that Kaufman and Broad was indeed attempting to remedy existing complaints concerning the removal of piles of building debris, such as building forms and discarded crates. Taking the side of the developer on the question of the removal of the debris was Building Department Head Earl Baily, the man who has been the target of much criticism from Village Oaks residents. "K&B has assigned a full-time contractor to do nothing but haul out the existing piles of debris," said Baily. "They have been working on those piles every day and are making progress on trucking it out."

beginning to have an abundance of multiple residences. If this matter can be resolved without holding back building permits then it should be done. "We should be careful not to take any action which would discourage builders of single family homes from coming into Novi."

On Road Resurfacing Sub Reverses Stand

Homeowners in Novi's Echo Valley Estates subdivision have members of the city council scratching their heads in confusion and under the circumstances, that bewilderment seems justified. Several months ago the council received a letter from the Echo Valley Homeowner's Association requesting that the possibility of resurfacing the subdivision's roads be studied. Action now, they argued, could well save greater expense at a future date. Prompted by that letter the council directed City Engineers Johnson and Anderson to undertake the study. When the reports were completed, the cost of resurfacing the roads to each individual homeowner was discovered to be so low that city officials commenced on a program to resurface all

subdivision roads throughout the city. Monday the council held a public hearing necessary for establishing a special assessment district specifically for the resurfacing of the roads in Echo Valley. The only thing gained by the council through the hearing, however, was the fact that the Echo Valley had changed their minds and no longer wanted the resurfacing program. "I think what the people in Echo Valley had in mind when they sent that letter," suggested Councilman Raymond Evans, himself a Echo Valley resident, "is that the City would pay for all the resurfacing. When they realized that they were going to have to pay for part of the repairs they changed their minds."

In other business the council —approved an application for a fire works permit for Raymond Shapiro. State law requires that a permit be obtained from the local municipality government before fire works displays can be presented. Shapiro must also post a \$5,000 financial responsibility bond with the city prior to obtaining the permit. The bond is refundable. —Authorized the expenditure of \$50 for the Novi Youth Assistance program but refused to allow the organization to use the city's letterhead on its stationery. "The city seal should not appear on anything that is not exclusively city business and city controlled," said City Manager George Athas in recommending the request to use the seal be denied. Oakland County and the Novi Board of Education are also involved in financing the Youth Assistance program. —accepted the bid of Crown

He's Ron Broquet

When the General Assembly of the United Nations is called into session next Monday, a 17-year-old Novi youth will be one of the delegates. He is Ronald Broquet, son of Dr. and Mrs. Ronald Broquet, who reside at 41365 Llewellyn. And while Ron will not be a member of the United States delegation to the United Nations per se, he will be a member of a select delegation of visitors to the U.N. next week. Ron was one of 22 high school students selected from across the state to represent Michigan in the 23rd annual "United Nations Pilgrimage for Youth" program sponsored by the Odd Fellows and Rebekahs of America. Canada participated in the 1971 Pilgrimage which was the largest in the history of the program. Purpose of the program is to allow high school students to study and observe the United Nations in action, to learn about problems and progress in international affairs, and to understand how local communities are related to world problems. The program also offers activities which help in the understanding of relations between the United States and Canada. Ron was selected to represent Novi High School by Counseling Department Head Gloria Soulliere, who cited his academic excellence, citizenship, and involvement in extracurricular affairs as the reasons for her selection. Ron then went on to the state competition in Detroit where he was selected to represent the state by a panel of three judges from both the United States and Canada. Basis for the selection was a five-minute oration entitled "What It Means to Me To Attend the United Nations", as well as a private interview with the judges. Ron, along with the 21 other Michigan representatives and the 17 representatives from Illinois, left Tuesday for New York aboard a chartered bus. The group was scheduled to stop Wednesday in Gettysburg to tour the famous Civil War Battlefield before heading on to Washington, D.C., where they will tour Congress and other spots of national interest. The agenda calls for arrival in New York on Sunday and attendance at the General Assembly of the United Nations Monday morning. In addition to attending classes and various departments of the United Nations, Ron and other members of the Pilgrimage will have an opportunity to meet representatives from various nations. The group will spend a total of six-days in New York City. Thursday each of the high school delegates will deliver an extemporaneous address on his reactions to the United Nations with the winner of the contest receiving a set of encyclopedias. They will leave New York Saturday, July 1, stopping over at Niagara Falls before arriving back in Michigan Monday, July 2.

Local Youth Is U.N. Delegate
