

Novi Seeks Funds For Sewage Plant

Plans to construct a sewage treatment plant somewhere in the southern section of the city were made a little more definite Monday as the Novi city council sought means of financing the project.

Specifically, the city council passed a resolution authorizing City Manager George Athas to apply for state and federal funds to construct the plant.

The resolution was approved by a 6-1 margin with Councilman Raymond Evans casting the dissenting ballot.

Basis of Evans' objection was citizen reaction to the project.

"Before we do anything on this sewage treatment plant we should make the public well aware of what we are up to," said Evans. "I don't feel that there's been proper publication of our intent to build a treatment plant. If people all of a sudden find out that we're planning to put a sewer plant near their property we're going to get a lot of abuse."

The resolution is called on this matter," he concluded, "I'm going to have to vote in the negative."

The city estimates that cost of construction of the plant would be in the neighborhood of \$6 million, Athas reported. If approved, the grant would provide a sizable portion (75 percent) of the funds.

Under the present plan for financing the treatment plant, \$2,726,000 would come from the federal government, \$1,283,000 from the state government, with the remaining \$1,599,000 being picked up by the city.

The grant request for which Athas applied would be for the 1973-74 fiscal year.

"All we're really doing by applying now," Athas told the council, "is getting in line for the time when it is decided as fast as it was," said the city manager. "I've never heard of a grant being approved in less than six months and this was approved in a matter of two to three weeks."

Athas went on to say that the rapid action of the Office of Highway Safety and Planning in making the funds available was an indication

For New Novi City Manager

Council Begins Search

The resignation of City Manager George Athas was officially accepted by the Novi city council Monday and the search for a replacement was set in motion.

According to the city charter, the council has a week in which to act on the city manager's resignation. Citing a lucrative offer from private industry, Athas submitted his written resignation to the council a week ago Monday.

Placed on Monday's agenda for action, the resignation was unanimously, but "reluctantly," accepted.

At the same time the council was accepting Athas' resignation, plans for hiring a replacement were discussed.

During the times where there is no city manager, the city charter calls for his responsibilities to be borne by the Mayor.

"We've tried this in the past," Mayor Joseph Crupi told the council Monday, "but due to the increased size and complexity of the municipal government, I don't feel the job can be handled in a part-time fashion any more."

Crupi then proposed that DPW Head Ed Kriewall be named acting city manager until such time as a replacement is found.

The council, however, requested to meet with the

For Novi Traffic Division

State Awards Grant

Novi has been awarded a state grant that will enable the city to set up a traffic services bureau and add three men to the police department.

News that the grant had been received was given by the city council Monday by City Manager George Athas.

"I'm shocked that our request for funds was granted as fast as it was," said the city manager. "I've never heard of a grant being approved in less than six months and this was approved in a matter of two to three weeks."

Athas went on to say that the rapid action of the Office of Highway Safety and Planning in making the funds available was an indication that they must have felt the need for a traffic services bureau in Novi was great.

The city council has not yet taken action on accepting the grant. Terms of the grant were given them Monday and they will have a week to study them before deciding whether to accept or reject the grant.

Funds are made available through the federal Crime Bill, but are dispersed by a state agency - the Office of Highway Safety and Planning.

If the council agrees to the terms of the grant Novi will receive \$35,000 for one year. In the second year they will receive 70 percent of that figure and in the third year they will receive 40 percent. After the third year the city must assume full financial responsibility for maintaining the traffic services bureau.

Athas pointed out that he had originally been hired on a temporary basis with the understanding that he could submit an application for the job if he wanted at the time a permanent city manager was being hired.

HIS LUCKY DAY — Ever dream of walking down the street and suddenly finding \$500 lying at your feet. That's what happened to a 13-year old Novi youth the other day. Tim Kocaj, an eighth grader at Power Junior High School in Farmington, was walking down Nine Mile Road when he found a large sum of money inside a leather pouch that had been lying in the middle of the road. All told, the purse contained \$216.48 in cash and a check for \$337, a total of \$553.48. Tim turned the money over to Novi police, who are looking for its owner. Chief Lee BeGole congratulated the youth for his honesty. Tim is the son of Mr. and Mrs. Bernard Kocaj of 38640 Nine Mile Road.

Of Wixom Charter Veto 4 Revisions

Three proposed amendments to the Wixom city charter sent to the offices of Governor William G. Milliken and State Attorney General Frank Kelly were sent back unapproved, while four others were approved for placement on the November ballot.

Discussion of the amendments by the council took place in a special Wixom City Council meeting Monday night.

Council voted four to two to send only the amendments approved back to the Governor for final approval. Councilwoman Mary Parvu and Councilman Val Vangieson cast the dissenting votes.

Dr. Vangieson then moved that the remaining three be discussed further and sent to Lansing for approval at a later date. The motion was unanimously carried.

Stabbing Brings Murder Charge

An 18-year old Union Lake man was taken into custody by Novi police Friday and charged with attempted murder as a result of a stabbing which occurred that evening at a Novi Party.

Arrested was John Schweier of Union Lake.

According to Detective Lieutenant Richard Faulkner of the Novi Police Department, Schweier was arrested at the scene of the crime and charged with assault with intent to commit murder.

He was arraigned before 52nd District Court Judge Martin Boyle, who set a \$5,000 cash or surety bond and set the examination date for September 25.

Victim of the assault was 25-year old Lee Thram of Union Lake. Thram, suffering from knife wounds, was transported by ambulance to Pontiac General Hospital where he received four units of blood before an operation could be performed.

Faulkner reported, "As of Wednesday morning Thram was still in the intensive care unit, but listed in fair condition."

"If he hadn't lived, Faulkner said, Schweier would be facing first degree murder charges."

Their investigation began at 11 p.m. and wasn't completed until 8:30 a.m. Saturday.

The stabbing took place at a party at the Gerald Weaver residence at 42479 13 Mile Road. At approximately 10:45 p.m. an argument broke out between Schweier and a second party. When Thram attempted to break up the altercation, Schweier began fighting with him.

Witnesses told police that in the midst of the fight Schweier pulled a knife and began stabbing Thram.

"The weapon, police reported, was a pocket knife less than six inches long and with a two and one-quarter inch blade."

"That's probably what saved Thram's life," stated Faulkner. "If Schweier had had a longer knife, Thram would probably be dead."

Due to the seriousness of the offense and the fact that it was uncertain Friday night as to whether or not Thram would live, the Michigan State Police crime lab was called to the scene to make a thorough investigation, Faulkner reported.

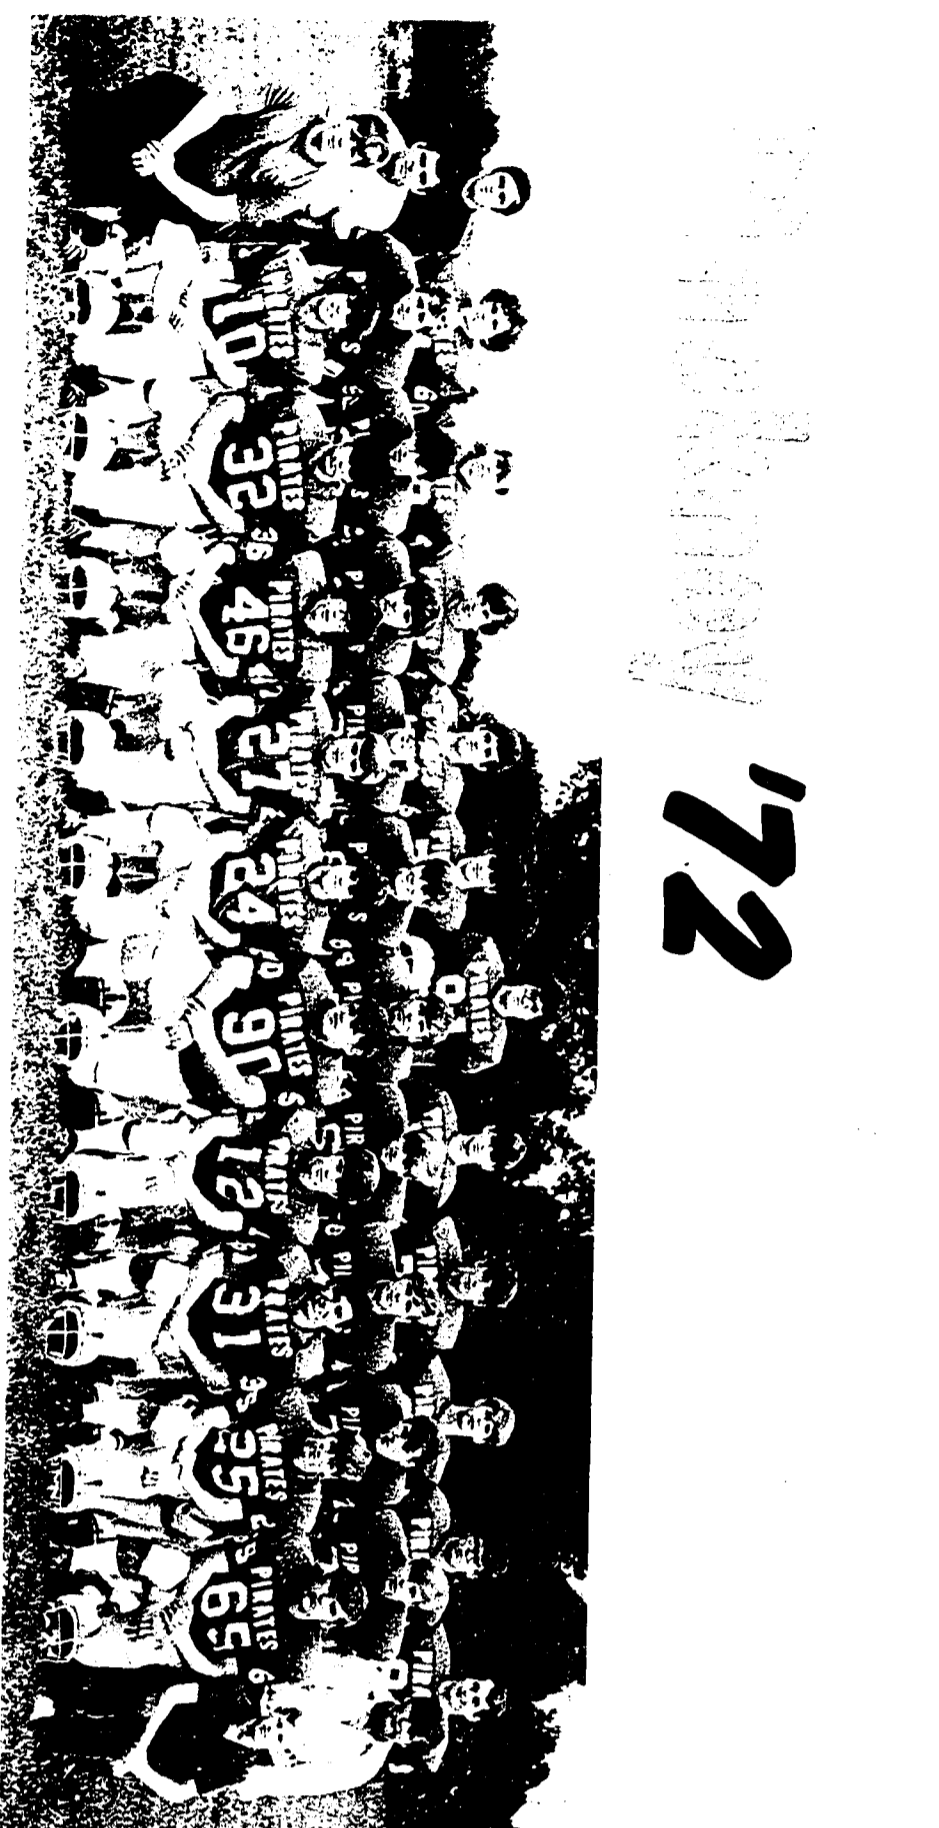

Their investigation began at 11 p.m. and wasn't completed until 8:30 a.m. Saturday.

TENNIS ANYONE — Newest addition to the Novi High School facilities is the tennis courts located just north of the high school gymnasium. The three new courts are constructed of the most modern materials. The Board of Education, which has already voted to add one new sport in cross-country, must now decide whether or not to add tennis to the school's sports curriculum in the spring. But whether or not tennis is added this year or at some time in the future, the school board does not need to worry about proper utilization of the facility. The courts are already getting plenty of use from high school and community netters.

from the Pastor's Study A True Witness

The Reverend B. DeWayne Hallmark Pastor, New Hudson Baptist Mission

The scripture, "A true witness delivereth souls", reveals that truth produces righteousness in the practical life. When the high school student applies himself to his school work, he will not fail to study his lessons faithfully every day. Therefore, when the teacher calls for a test, the answers will deliver that true student successfully.

When the true athlete works out faithfully every day he becomes conditioned for successful competition. Therefore, when the race or game comes up, the true athlete is able to deliver himself, his coach and his team to victory.

When the college student chooses the medical profession as his life's vocation, he must also accept the restrictions and disciplines which become necessary for him to achieve that professional goal. The restriction and disciplines of study supersede the appetites for personal, social and recreational pleasures by exercising the will. Many times short term goals in the immediate life must be evaluated in light of the future potential life.

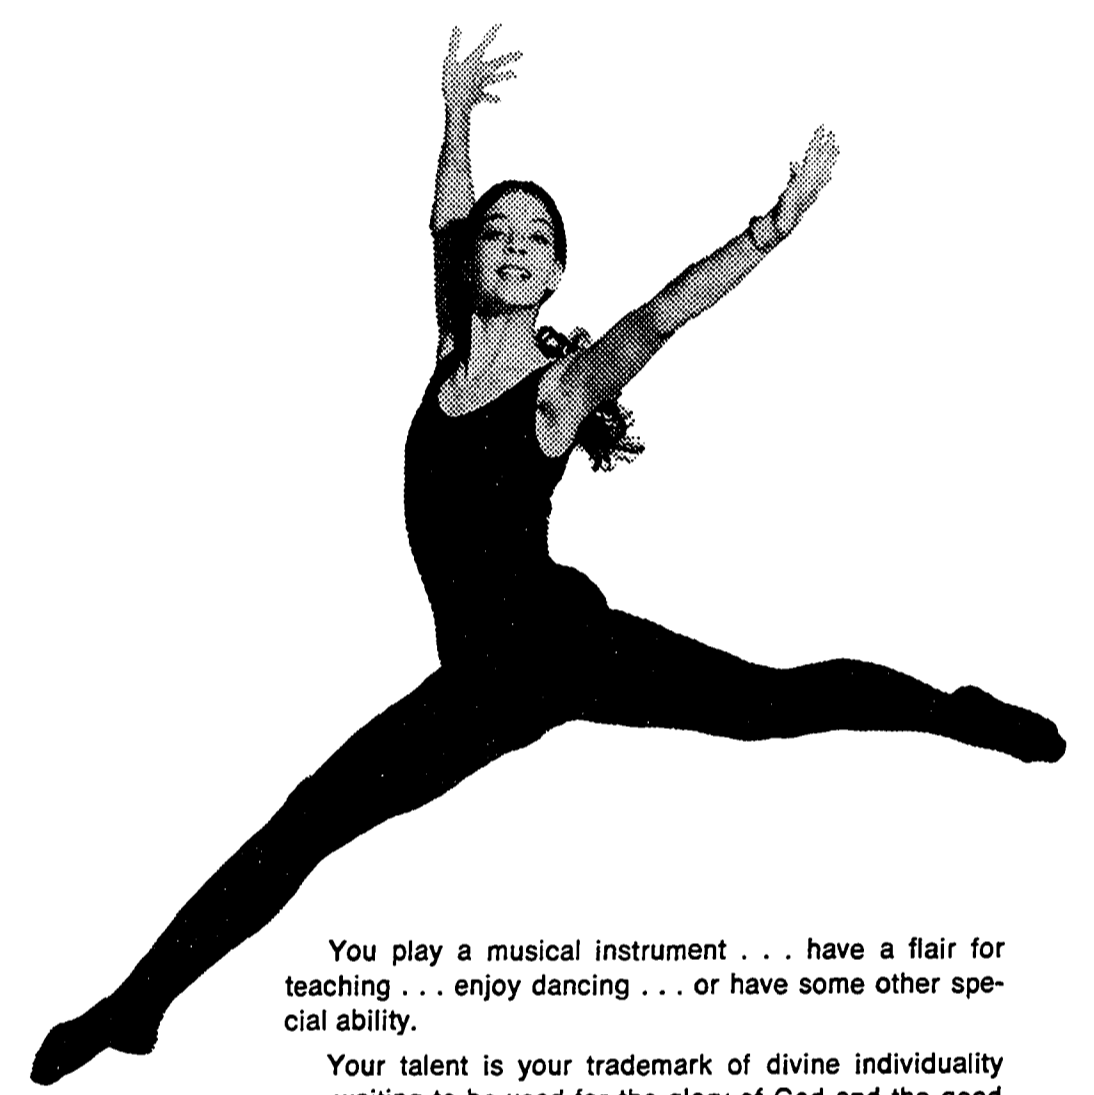

"All that glitters is not gold." When the student of life comes to realize his need of the peace, love, joy, and "abundant life", that only the Lord Jesus Christ gives, he becomes willing to die to sell. The Apostle Paul was such a true witness of life. In Galatians

2:20, Paul declared, "I am crucified with Christ: nevertheless I live; yet not I, but Christ liveth in me;...". The logical fulfillment must be found in the restrictions and freedoms described in God's Holy Word. The Man Christ Jesus, did always those things that pleased His Heavenly Father. Willingly, He subjected Himself to the restrictions of the earthly body and the abuse of the elite of society even to the death of the cross, that He might demonstrate His power and Deity. Christ accepted short term disciplines that the long range goal of redeeming from hell, all who repent and receive Him, would be accomplished. When the test of death came upon the Man Christ Jesus, His resurrection from the dead declared loudly that He had passed the test. After His deliverance from death many witnessed that He was a true witness. (1Cor. 15:1-9)

If, as a true student of life, a person wishes to pass life's final tests of death and judgment, the God given power must be present in that person. (1 John 3:24) and (Rom. 8:9).

If YOU would be with God in heaven after death, YOU should not fail to submit YOURSELF to the disciplines of preparation for that future goal. (John 5:25). "A true witness delivereth souls".

YOU'RE UNIQUE

You play a musical instrument... have a flair for teaching... enjoy dancing... or have some other special ability. Your talent is your trademark of divine individuality... waiting to be used for the glory of God and the good of your fellow man.

In this changing world where people want to make their identity count, the Church offers avenues for imaginative service. It also leads to life's Source for fresh inspiration and understanding.

You are unique. Discover your potential! Explore the satisfying fulfillment which God and the Church have to offer.

Police Blotter

Area Vandalism, Thefts Top Week

Area Vandalism, Thefts Top Week. A day later, township police assisted state police in removing from 30 to 40 persons on the Maybury grounds. A wallet, owned by Edward H. Pieczek of 24773 Westhampton, was found in a swampy area south of Six Mile Road between Ridge and Napier. Pieczek earlier had reported the loss of the wallet from his car parked at the Plymouth State Home.

In Northville... Joseph McKee, 44, of 310 South Rogers was reported in fair condition this week following an automobile accident Wednesday, September 13 when he was seriously injured. The driver suffered severe head cuts and was temporarily placed on Wayne County General Hospital's critical list following the accident on Griswood north of Butler.

In Farmington... A storm winded September 15 at the Harold Ferris residence, 46906 Grasmere. Someone apparently threw a rock through the window in the front of the house, according to police. Cause of the accident is still under investigation as police wait an opportunity to speak with McKee, who was alone in the car.

In Novi... A Detroit man, George W. Sherrod, pled guilty to a traffic warrant for defective equipment. He was arrested on the warrant September 8. Kenneth L. Garrett of Northville pled guilty to a charge of drunkenness and was fined \$29 and placed on one year probation. He was arrested on the charge August 6.

In South Lyon... A breaking and entering at St. Paul's Lutheran School, 301 Elm, is under investigation. According to Principal Kenneth Lohm, someone broke a window in an east door to gain entrance to the building September 15 or 16. Taken were plastic hockey sticks, which were found later in the park at the rear of the school. Damage to the window was pegged at \$40.

In Township... Theft of items from a car parked at Seven Mile and Beck roads was reported September 7 by Colleen K. Myers of 4610 Fredrick. Four 17-year-old Detroit youths were issued unlawful entry violation September 9 when township police found them walking on the Maybury Park service drive. They are Daniel P. Dooley, Leo J. Haller, Jay T. Slapper and Michale J. Southern. The youths told police they "wanted to see Maybury."

under the influence of liquor last week were Martin Edwards and Henry Broomberg, 41, of Livonia; Marquest Kenneth Winberg, 33, of 1665 East Lake Drive in Novi; Leo Arthur Zehnder, 51, of Milford; Russell Van Smith, 63, of 16901 Beck in Novi; John Orlando Groszko, 42, of Detroit; and Roger Robert Reniff, 22, of Walled Lake.

In Wixom... A truck owned by Charles Ervin of Pontiac and stolen from Wixom September 13 was recovered by police last week. The 1966 half-ton pickup was located on Pontiac Trail across from the Farmington Auto Parts shop. Police reported that the left front window had been broken out, but that the vehicle was otherwise in good condition. The truck was returned to Ervin.

A freck accident in which a Detroit man was shot in the leg occurred Wednesday, September 13, at approximately 2 a.m. Charles Richard Heyart, 39, a reserve on the Detroit Police force, told officers that he and his wife had just finished nailing up reflectors along

Interested In Hockey? Men interested in establishing a Northville team in a "Slow Puck" Hockey League are being sought by Stan Pence. "The only rule regarding entry," said Pence, a local resident, "is that players be 30 years old or older." The age restriction does not apply to goals, he added.

James Louis Cawson, 28, of Walled Lake was arrested on drunk driving charges last week. A further charge of resisting a police officer was lodged against Cawson after a struggle in the police station. Cawson was apprehended on Novi Road north of 12 Mile and charged with driving under the influence of liquor. He had to be handcuffed forcibly by officers and later in the police station again resisted officers, leading to the levying of the additional charge.

Others arrested for driving under the influence of liquor last week were Martin Edwards and Henry Broomberg, 41, of Livonia; Marquest Kenneth Winberg, 33, of 1665 East Lake Drive in Novi; Leo Arthur Zehnder, 51, of Milford; Russell Van Smith, 63, of 16901 Beck in Novi; John Orlando Groszko, 42, of Detroit; and Roger Robert Reniff, 22, of Walled Lake.

'P & A Lady' Says

'There's No Such Thing As Small Part'

Penman and Allen are names that have been known in Northville for years. Actually, it is probably the initials P & A that have achieved prominence most recently. For years, they have been literally in the spotlight on the theater building at 133 East Main.

THE P & A LADY—a familiar sight to patrons of the P & A Theatre in Northville is that of Mrs. R. W. Doeksen standing at the door ready to take tickets.

Fires Ace

A 51-year old Livonia man carded his first hole-in-one recently, while playing Northville's Brooklane Golf Course. Warren McElroy used a six-iron to ace the 132 yard sixth hole at Brooklane Monday. He finished the front nine in 42 strokes.

Legal Notices

STATE OF MICHIGAN PROBATE COURT FOR THE COUNTY OF WAYNE. Notice is hereby given that on September 26, 1972 at 10 a.m. in the Probate Court Room, 2221 Detroit, Michigan a hearing will be held on the petition of Raymond P. Heyman for probate of a purported will, and for grant of administration with the will annexed to said estate.

REGISTRATION NOTICE FOR GENERAL ELECTION NOVEMBER 7, 1972

TO THE QUALIFIED ELECTORS OF THE CITY OF NOVI PRECINCTS NO. 1, 2, 3 AND 4 COUNTY OF OAKLAND, STATE OF MICHIGAN. Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

Edward J. Hohler and co-managed by Mrs. R. W. Doeksen. According to Mrs. Doeksen, "Mr. Hohler would never bring in a picture that, to his knowledge, was not suitable." Mrs. Doeksen has been with the P & A since 1963. Although there are those who might call her job small, she would disagree.

When there is no usher assigned to work for a given showing, Mrs. Doeksen goes down to what was once the orchestra pit and pulls a rope to change the size of the screen. All across the state and country, small theaters are closing for lack of business. According to Mrs. Doeksen, the P & A won't compromise showing times.

In the backstage area there is an old piano, probably used for background music for silent films. The old asbestos curtain, which is required in the legitimate theater by fire laws, still hangs from the stage, but now serves a useful function.

Mrs. Doeksen's late husband, "Duke" Doeksen, who was a coach at Northville High School, suggested it be used behind the screen to keep the cold air from the back door out of the theater.

For the different types of films, Mrs. Doeksen often has the job of "masking" the screen. This involves raising or lowering a board which is maintained at the top of the screen to increase or decrease its size.

When vista-vision and cinemascope came into vogue, it was found that they required a different size screen," she said.

Notice is further given that the LAST day for registration is FRIDAY, OCTOBER 6, 1972. The Clerk's office will be open 8:00 a.m. to 8:00 p.m. for the purpose of registration and after said hour and date no further registrations will be received for said election.

CITY OF NORTHVILLE NOTICE OF REGISTRATION GENERAL ELECTION

To the Qualified Electors of the City of Northville, Wayne and Oakland Counties. Notice is hereby given that registration for the General Election to be held on Tuesday, November 7, 1972 will be taken at the Office of the City Clerk, 215 W. Main St., Monday thru Friday 8:00 a.m. to 5:00 p.m.

The Clerk's office will be open on Saturday, September 30, 1972, 8:00 a.m. to 5:00 p.m. for purposes of registration.

Notice is further given that the LAST day for registration is FRIDAY, OCTOBER 6, 1972. The Clerk's office will be open 8:00 a.m. to 8:00 p.m. for the purpose of registration and after said hour and date no further registrations will be received for said election.

Notice of Public Hearing Township of Northville Planning Commission. At a meeting of the Northville Township Planning Commission to be held in the Northville Township Hall on OCTOBER 11, 1972, a public hearing will be held at 8 p.m. to consider the following:

PETITION TO REZONE FROM R-3 (RESIDENTIAL) TO RM-1 (MULTIPLE). Commencing at the center post, Sec. 11, T. 1 S., R. 8 E., Northville Township, Michigan, thence S. 84 degrees 52' 11" E. 440.00 feet; thence on a curve (radius 500.00 feet, 1 c. bearing S. 31 degrees 12' 27" E.) 559.926 feet; thence S. 63 degrees 17' 20" E. 342.43 feet to the point of beginning; thence S. 35 degrees 15' 52" W. 128.79 feet; thence S. 61 degrees 04' 03" W. 77.78 feet; thence S. 82 degrees 24' 44" W. 77.78 feet; thence N. 84 degrees 34' 35" W. 96.43 feet; thence N. 83 degrees 21' 52" W. 200.00 feet; S. 06 degrees 38' 08" W. 150.00 feet; thence N. 83 degrees 21 feet 52" W. 20.00 feet; thence on a curve to the left (radius 230.00 feet, 1 c. bearing S. 66 degrees 17' 35" W.) 243.61 feet; thence S. 35 degrees 57' 02" W. 165.00 feet; thence S. 59 degrees 44' 09" E. 155.62 feet; thence S. 33 degrees 16' 33" 185.96 feet; thence S. 51 degrees 18' 51" E. 136.85 feet; thence S. 71 degrees 31' 27" E. 136.85 feet; thence S. 86 degrees 24' 51" E. 60.00 feet; thence N. 75 degrees 29' 04" E. 354.07 feet; thence N. 57 degrees 55' 00" E. 515.00 feet; thence N. 26 degrees 15' W. 74.00 feet thence on a curve to the left (radius 420.00 feet, 1 c. bearing N. 44 degrees 46' 12" W.) 400.78 feet; thence N. 63 degrees 17' 20" W. 208.53 feet to the point of beginning. Containing 14.50 acres more or less.

Notice is further given that said hearing will be held at the Novi Community Building, 26350 Novi Road, Novi, Michigan, 48050. A copy of the proposed amendments may be examined at the office of the City Clerk, at the City Hall, 28850 Novi Road, Novi, Michigan, during regular office hours until the date of the hearing.

Notice of Public Hearing City of Novi, Oakland County, Michigan. NOTICE IS HEREBY GIVEN THAT A PUBLIC HEARING WILL BE HELD ON MONDAY, OCTOBER 9, 1972, at 8:00 P.M., or as soon thereafter as the same may be reached to consider the rezoning of the following parcels.

1. Proposed Zoning Map Amendment No. 18.191 To Zone a portion of Section 18 T.1.N.—R.8.E. Said portion formerly known as parcels M341D, M348, and M349 on the Township of Novi tax rolls and presently designated as parcels 22-18-200-006, 22-18-300-002, and 22-18-400-001 on the City of Novi tax rolls.

Attractive, Completely Furnished Rooms Await Visitors at the Lexington Condo Models at Eight Mile and Taft Roads

Lexington Condo Condominium Models Opened in Northville

Three model condominium units have opened to the public in Thompson-Brown's Lexington Commons development, corner of Eight Mile and Taft roads. A preview opening for local area governmental officials and community leaders was held Thursday evening.

Part of a giant planned unit development, encompassing part of the old Taft farm and a gravel mining site, the condominium complex has been named Lexington Condo Homes.

Thompson-Brown's single-family homes are adjacent to the north, on both sides of Taft Road, and to the south on the south side of Eight Mile Road. The development is featuring two and three-bedroom models ranging in cost from \$85,900 to \$95,500.

The models are open daily and Sunday from 11 a.m. to 8 p.m. on Saturday from 11 a.m. to 6 p.m. Included is a 2-bedroom, 2 1/2 bath colonial; 2-bedroom

the more the MERION the better the mixture. AND the better the mixture, the more beautiful your lawn. Less weeds. Less water. Check the MERION in each package you buy. The difference you see there is the difference you'll see in your lawn.

Methodists Plan Picnic. An all-family congregational picnic for members of the United Methodist Church of Northville will be held Sunday, September 24 at Waterford Bend Park at Six Mile and Northville Roads.

JUST ARRIVED AND DON'T KNOW WHICH WAY TO TURN? Call Welcome Wagon. The hostess in your area will call on you with a variety of helpful community information along with gifts and greetings from local merchants.

Splits Its Vote

Continued from Record 1

Boundary Commission we give local services we can afford and which the people are asking for," she stated.

Klem said he "thought we had settled this in budget hearings in March." With three men which the force is now as we could come up with 16 1/2 hours of patrol but a fourth man would not give us that much more service due to scheduling.

Scheffer commented that an additional man would cover problems which exist in the late evening.

Nisun said the main function of the additional patrolman would be general patrol in subdivisions.

Those in favor of hiring another officer cited an increase of trespassers at Maybury and the problems they are creating for people living in the area.

Straub commented that it was made to sound like there is an emergency at Maybury, but Maybury has been there a long time. The state police and county sheriff's should patrol that land. I am opposed to another patrolman.

"The city still has not been

contacted as to providing services under contract," he stated.

Mrs. Hammond said "Maybury is not the main situation but it just crystallizes our thinking."

Baldwin disagreed, stating that "no schedule has been set as to what he (Nisun) expects the patrolman to do. The police should provide township type of service and not the traffic patrol (Nisun) seems to be interested in providing."

He said he was opposed to using the contingency fund for paying a patrolman. "How much will a four-man department cost us on an annual basis?"

Nisun stated the figures were included in a five-year projection presented several years ago and that "we've been running pretty close to that cost projection."

Dem Challenges GOP Opponent

Northville township Democratic candidates have challenged their Republican opponents to a debate.

Larry Vander Molen, Democratic candidate for supervisor and spokesman for the slate, said that registered letters have been sent to each of the Republican opponents suggesting a public discussion and debate of "the issues facing Northville township this fall."

According to Vander Molen the letters noted that with interest running high in the presidential race, large numbers of newly enfranchised voters and an existing concerned electorate, we can expect an unprecedented level of political participation. As public figures we, of all people, should be cognizant of the "public's right to know." In

keeping with this ideal I would like to extend an invitation to publicly discuss and debate the issues."

The Democratic candidate for supervisor suggested the meetings could be held at such places as Kings Mill clubhouse, Highland Lakes community center and Northville Forest clubhouse.

The Democrats have candidates running for supervisor, two trustee seats and clerk. They are Vander Molen, Michael Price for clerk, Thomas Orran and Eugene Guido for trustees. Republican candidates are: Lawrence Wright, supervisor; Mrs. Sally Gayley, clerk; John MacDonald and Incumbent Richard Mitchell, trustees.

Incumbent Treasurer Joseph Straub, a Republican, is unopposed.

LWV to Visit State Capitol

A "Day in Lansing," on Wednesday, September 27, will highlight the official active in providing a variety of voter services including local registration of eighteen-year-olds; sponsoring get-acquainted meetings with various candidates; and providing voter information on all candidates in the August primary.

The League also conducted a study and took consensus in favor of annexation of Northville Township to the City of Northville.

Mrs. Steven Orban, president of the Northville-Plymouth League, extends a special invitation to all those interested in becoming League members to spend a significant contributions made to effective and responsive government on local, state, and national levels.

Locally, the Northville-Plymouth LWV has been active in providing a variety of voter services including local registration of eighteen-year-olds; sponsoring get-acquainted meetings with various candidates; and providing voter information on all candidates in the August primary.

The League also conducted a study and took consensus in favor of annexation of Northville Township to the City of Northville.

Mrs. Steven Orban, president of the Northville-Plymouth League, extends a special invitation to all those interested in becoming League members to spend a significant contributions made to effective and responsive government on local, state, and national levels.

Teachers Sidewalk Hearing Set

Request Doomed?

levels that are greater than the governmental units' resources.

However, the NEA contends binding arbitration is the "best and least painful method of reaching agreement in a peaceful and expeditious manner."

"We challenge the board of education," the NEA said, "to exhibit the same interest in its students and this community by agreeing to submit the remaining issues to binding arbitration. This is one sure way to guarantee that education continues uninterrupted in Northville."

Specifically, the NEA has proposed that 13 matters be designated for binding arbitration:

vacuum, the city requested bids from several firms but only one firm, American Steel Fabrication, responded. John Mach-Ford was the low bidder on the truck chassis.

Reappointment of Councilman Paul Polino as the council's MERS (pension) representative to attend the annual meeting in Lansing on October 18.

Tabled items pertaining to an appointment to the Northville Beautification Commission and discussion of Drawbridge Restaurant parking plans.

Apathy Vs. Empathy

Continued from Record 1

Donald, who is chairman of the group, is the only male member.

Ironically, the group's initial difficulty was finding people to help. That "problem" has long since disappeared, and now there are far more people asking for help than volunteers to help them, according to Mrs. Burch.

FISH today is averaging 50 calls for assistance monthly. And the backlog of cases is growing.

The non-denominational, organization derives its name from the symbol of a fish used in early days of the Christian church for recognition and as a password. Today the name is used by helping organizations throughout the country.

First to be formed in this area, the Northville-Novl organization is, ironically, dying while neighboring FISH chapters formed later are "going great guns. Why elsewhere and not here?"

immediate emergency assistance, Mrs. Burch said. "Then, after we've helped them through a crisis we can refer them to a proper social organization if continued help is needed."

"Are people afraid to volunteer because the help needed is too difficult or expensive? "Absolutely not," the women declared, giving the following examples:

"Baby-sitting, help moving furniture, providing a meal or a bag of groceries, housework for the sick, handyman, overnight housing, transporting someone to the doctor, etc."

"Our most urgent need," they said, "is for transportation. It may seem unimportant, but to an old person without a car the simple matter of getting to the doctor's office is a major problem."

Next biggest need is for people to serve telephone duty once a month, they said.

Phone duty, which in the organization is called FISH-of-the-day, means checking periodically throughout a 24-hour day with the organization's answering service to see if someone has called for help."

Also needed are people to assist in organizational matters, such as publicity and clerical work, and for internal financial assistance.

"Our monthly expense is \$45, which is almost entirely for the answering service we maintain, and for mailing, etc."

"As for volunteer help, if a person will donate just an hour or two of his time a month we would be extremely pleased. Right now, all 50 of those calls a month are falling on the shoulders of just a few people and, quite frankly, the burden's too great and it's beginning to discourage even our most faithful supporters."

"All a person need have to volunteer is an empathy for his fellow man and a willingness to help him in time of need."

"Is that too much to ask?"

If not, call 349-4350.

And while they concede that other organizations are providing services, they emphasize that often the service is for those with obvious needs.

"But what about the mother, whose husband walked out last night, leaving her with a car and two sick kids? She doesn't need help next week or next month or at the next drive for Christmas packages. She needs help now, and she needs it desperately."

"Or what about the woman who called to say she is thinking about suicide, that she has nothing left to live for? Does she have to call a minister or wait until a social worker is able to stop by to see her? The need is now, not tomorrow or the next day."

The Primary purpose of FISH is to offer

Pass New Sign Law

Continued from Record 1

preference for a candidate, he should have the right to do so.

The ordinance restricts political signs to office and business areas.

Democratic candidate for supervisor, Dr. Larry VanderMolen, said he felt the ordinance "violates the basic property rights of homeowners and basic first amendment freedoms such as freedom of speech and freedom of expression."

However, trustees pointed out that political signs could be placed in office and business areas and said that cars with political signs on top could be parked in front of homes.

Agency shop, salary, extra-curricular schedule, driver education stipend, denial insurance, long-term disability, class size, year-round school-innovative program, maternity leave, filing date for applications, calendar, duration of contract, and tuition reimbursement.

"What they are asking," said Busard, "is that we start from scratch. I recognize that we have not formally agreed on any of these matters, but negotiators for both sides are well aware that informally many of them have been resolved."

Still unresolved, formally or informally, are salary, extra-curricular schedule, maternity leave, and duration of the contract, he said.

Presently, teachers are working under an extended 1971-72 contract by mutual agreement of both sides.

Latest negotiating meeting took place Friday as negotiators met with a substitute state mediator, Thomas Badaud. No progress was made, however.

Man Stabbed in Novi

Continued from Novl 1

During the investigation which included a search for the weapon, police uncovered various narcotics paraphernalia and several "baggies" of suspected marijuana.

Schweier made no attempt to flee the scene of the crime, according to reports. After the stabbing he went into the house to wash off the blood and when he returned the police had arrived and he was pointed out as the assailant.

Faulkner also reported that a complaint is being filed against Gerald Weaver, owner of the home at which the party took place.

"Neighbors report that there were more than 50 cars at the location and estimates of the number of people at the party are in the vicinity of 100," said Faulkner. "It's my belief that if you have a party you ought to be able to control it. When a party becomes uncontrollable and something like this occurs, someone should be held responsible."

Bad Dye

Do you know that a two-by-four may not be 2 inches by 4 inches at all? The fact is that a two-by-four, when it is surfaced, measures 1 1/2 inches by 3 1/2 inches! This is because a surfaced two-by-four is sold by the measurements it had when it was rough. The planing takes off approximately 1/2 of an inch on each side during the planing. Still, however, these figures are only approximate. When working with planed lumber, it is generally a good idea to measure each piece to be sure it fits properly.

And for the proper tools, supplies and advice for your homeowner tasks, visit the experts at NORTHVILLE LUMBER CO., 615 E. Baseline, 349-0220. You will find a complete inventory of everything you need to keep your home in top condition including Skill power tools, Stanley hand tools, pre-finished shelves, Peetles and Gibraltar cement and mortar, and Formica sheet stock. Hours: 8-6, Mon.-Fri.; 8-2, Sat.

State Lacks Prison for Women

LANSING—One need remains dramatically unfulfilled despite all the building the state has done in recent years. Michigan has no facility to house women prisoners.

abiding or because judges are more tender with the weak used to be known as the weaker sex.

available to male inmates. THE CORRECTIONS DEPARTMENT already has a good idea what it needs if the money becomes available.

more were opened in August at Grand Rapids and Flint. They offer complete counseling, testing, retraining and driver safety education services for the problems driver.

CONSTRUCTION actually began on a facility for women back in the 1920's in Meridian Township east of Lansing. Progress only reached the point that a foundation was built.

OF THERE is any validity to the alarmed cries today for prison reform, then this project—which has been high on our priority list for many years—deserves immediate attention and adequate financing now," she continues.

ONE INNOVATION established by Secretary of State Richard H. Austin since he took office in 1971 is the opening of several Driver Improvement Safety Centers.

THE PROBLEM drivers include people who have 12 or more points for traffic violations and convictions; probationary drivers who continue to have violations; drivers with three negligent accidents within two years; drivers involved in fatal accidents; and people with physical problems.

Along the Campaign Trail

Broomfield

Congressman William Broomfield, Republican candidate for the 10th District seat, is urging a reduction of the United States' dues to the United Nations.

Dr. Geake believes that instead of wasting millions of dollars for forced busing this money would be better utilized to: 1. hire more teachers and improve the training of teachers and 2. provide more relevant educational programs such as a. the added programs for disadvantaged kids, and b. the career education programs.

OCDC

The Oakland County Citizens League came under fire last week as the county Democratic organization charged it with a "partisan bias" in its selection of candidates.

Concerning the gowing number of the so-called mini-state members, Broomfield said that while they represent "a handful" of the world's population they can tie up and block the effective operation of the UN.

Geake

Dr. R. Robert Geake, chairman of Schoolcraft College's Board of Trustees and candidate for Michigan's House of Representatives from Livonia and Northville, has written a letter to the United States Senate calling on the Senators to expedite approval of President Nixon's Anti-Busing Legislation.

Patterson

The Republican candidate for Oakland County Prosecutor has accused his Democratic opponent of "inept, unethical and possibly criminal abuse" in his use of Oakland County's 17-member Citizens' Grand Jury.

Propositions

Five state propositions will appear on the ballot in the November Presidential election. The five concern Daylight Savings Time, abortion, property tax, graduated income tax, and to enact laws to permit local units to levy a flat rate or graduated income tax.

Proposals to allow the state to borrow \$86 million for tuition payments and bonuses to Vietnam and other veterans. The proposal would allow a licensed medical or osteopathic physician to perform an abortion at the request of the patient if the period of gestation has not exceeded 20 weeks, and (2) if the procedure is performed in a licensed hospital or other facility approved by the Department of Health.

Spreen

Oakland County Sheriff Candidate Johannes F. Spreen said this week his opponent had virtually conceded the race, and should end the campaign and resign his candidacy.

Spreen claimed the concession when his opponent in the November 7 election, Under-sheriff Leo Hazen, declined an invitation from the Oakland Press to appear with Spreen at its offices for a joint in-depth interview.

Fall's Great Time at Village

Fall starts a whole new thing at Greenfield Village and Henry Ford Museum. Since Labor Day marks the end of the height of the season, the crowds thin out a little and the Village takes on the atmosphere of a real, quiet, American rural community while the Museum proudly displays its treasures with regained quiet dignity.

NEW LAW—Governor William Milliken (left) signs into law a new statute, sponsored by Representative Marvin Stempien, a Democratic candidate for Congress, covering young adults in the home-buying market.

Spreen said this is not the first time actions by Hazen or Hazen's party supporters have suggested they lacked full confidence in his ability to meet the responsibilities of the sheriff's office.

Under-sheriff Hazen could save himself and his supporters, as well as me and my supporters, a lot of unnecessary time and effort spent on fund-raising and campaign promotion, if he would simply declare himself out of the race here and now.

When Spreen finally announced his candidacy on the Democratic ticket in June, Sheriff Irons was quoted as reconsidering his previously announced retirement, almost pulling the rug out from under Hazen's candidacy, Spreen pointed out.

Even the Republican candidate for county prosecutor, Brooks Patterson, moved to associate himself with Spreen's campaign by appearing at a Spreen fund-raising affair, Spreen said.

"In addition," Spreen said, Hazen has steadfastly refused other invitations as well as that of the Oakland Press, to appear on speaking platforms with me when we have been invited for a joint appearance.

Babson Report

Nonferrous Stock Prices Down

WELLESLEY HILLS, Mass.—The aluminum, copper, lead, nickel, and zinc industries in late years have been experiencing some serious difficulties. In reflection of this, the stocks of the foremost companies in these fields are now priced near their lows for the past few years.

agreement. The four leading aluminum producers—Alcoa, Alcan Aluminum, Reynolds, and Kaiser—were all under considerable pressure.

From 17 cents per pound to 18 cents. Many in the industry feel that another price rise is imminent. Thus, some inventory building is currently taking place.

BECAUSE of steadily rising costs of both labor and materials, nickel prices were recently raised 15 percent by the two leading producers, International Nickel and Falconbridge Nickel—both Canadian companies.

Jack Frost Paints State Landscape

Although Jack Frost already has touched the fringes of some forests, this state's peak fall color touring season is not expected to begin until the end of September, according to Automobile Club of Michigan.

"The annual fall spectacular begins to peak in the top of the Keweenaw Peninsula in the Upper Peninsula near the end of September," adds Ratke.

Almost anywhere that a person travels in the state, special color tours have been arranged by chambers of commerce. All a person has to do is stop at the local chamber office and ask for information and special maps.

Kroger Refutes Charge

Editor's Note: Following is a statement released by N. A. Sawall, vice president of Kroger Food Stores, Detroit, in response to Cost of Living Council Director Don Rumsfelds statement charging chains with not reducing beef prices when costs went down.

Average retail beef prices at Kroger Food Stores have been reduced during the last six weeks.

The lower cost for beef cited by Director Rumsfeld has been reflected through the use of an intensified and accelerated program of weekly specials. Since 60-70 percent of beef sold is sold through the weekly special features, we believe this has been the quickest way to allow consumers to benefit.

To give an example, in Detroit, U.S. Choice Round Steak at Kroger was featured for three consecutive weeks at 98 cents per pound a reduction of 61 cents per pound under regular price. This 50 cent price was in effect from August 21st through September 10th.

Another current example is U.S. Choice Center Cut Chuck Roast featured at 59 cents per pound this week. This is 29 cents per pound less than regular retail and is 4 cents per pound less than sale price of 63 cents per pound in effect four weeks ago, August 14 through 20. These examples indicate clearly our reduction of beef prices.

The figures used in the paragraph above were derived at as follows: The regular price of Center Cut Chuck Roast in Detroit is 88 cents. This week it is on special at 59 cents or a 29 cent savings for customers. This special of 59 cents is at a lower price than the 63 cents which was the special price in August or a drop of 4 cents per pound.

Further, our margins today are 20 percent lower than they were in April and considerably below the maximum allowed by the Price Commission.

2 Proposals On Ballot

Continued from Page 2-B
Tuesday deadline for filing of ballot items.
One mill equals \$1 per \$1,000 of state equalized valuation. It amounts to \$10 per year on property worth \$20,000.
If both proposals were approved, a total of nearly \$65 million would be raised over the five years. Lengthy studies of jail and juvenile court needs have recommended facilities estimated to cost a total of \$68,915,666.
The cost of the recommended jail facilities is estimated at \$39,598,000 and the cost of the juvenile court and Youth Home facilities is estimated at \$29,317,666.
Thus the jail millage proposal was expected to approximate 6-10ths of a mill (60 cents per \$1,000) and the juvenile facilities proposal would amount to about 4-10ths of a mill (40 cents per \$1,000).
The County Board of Auditors was to submit precise figures for the formal Board meeting.
The decision to separate the two proposals was made following lengthy discussion during which some commissioners maintained that a sharp reduction in the jail population has shown that a new jail is not needed.
Others argued, however, that it would be impossible to rebuild the present jail, built in 1929, in order to comply with a Circuit Court panel's orders that all state housing and jail codes be met with regard to cell space and air space per prisoner.
The jail population has been reduced from nearly 1,600 inmates to about 500 within the last two years.
Commissioners who questioned the need for new jail facilities attributed the decrease to the recent "cash program" which added 10 visiting judges to the Recorder's Court bench.
They argued the July 5 voter approval of a permanent seven-judge expansion of the bench should keep the jail population down by diverting trial sooner than in the past.
Commissioner Albert J. Zak, D-Hamtramck, who proposed that two separate proposals be placed on the ballot, argued that a combined proposal would risk defeat of both if a majority of voters were opposed to one.

Multiple Account Insurance Available. A Family of 4, for example, may keep up to \$280,000 Fully Insured at First Federal.

What Daily Interest Means To You...

DAILY INTEREST simply means that you will never lose a single day's interest, regardless of when you deposit or withdraw your savings at First Federal. You'll wake up every day a little richer!

The deposit you make today begins to earn daily interest the day you make it. It continues to earn high interest until the day you withdraw it. Compound interest is particularly good for the "payday saver" as well as for individuals, organizations and businesses with short-term funds. Money not needed at a given time can earn daily interest for a few days, weeks or months. Yet it is interest when you want the money for any purpose.

Doesn't this prove that daily interest is another excellent reason to save at First Federal Savings?

Question:
What is The Difference between the FS LIC And The FDIC?

Answer: Essentially none. They are both government agencies that function in the same capacity—that of insuring savers' funds in financial institutions. The Federal Savings and Loan Insurance Corporation (FSLIC) was set up after the stock market crash of 1929 to insure the deposits of savers. It is the only federal agency in the nation that insures the residential real estate. The resulting activity in the real estate market was an important factor in the nation's recovery from the depression. The FS LIC and these associations hold over 96 percent of the total assets of the Savings Association business.

New Plastic Bag

We like doing thoughtful little things for our customers. That's why we're the first Savings and Loan in Michigan to start using resealable plastic envelopes at our drive-in windows. They protect your transactions from wind, rain or snow, and they'll keep your money safe and sound. You'll find them so handy, you'll want to use them every time you come in. And at the same time we'll allow you to return your money to us.

Like thousands of people across the country we feel you will find them very useful for many other purposes, besides making drive-in deposits, such as: holding lipsticks, pencils, keys, etc. They'll help you to enjoy saving with us just a little bit more. Yes, wherever you save, does make a difference.

The Brighton office's move to the Ridgewood Plaza was announced last week. The new building, a modern structure in a modern attractive new building in the Ridgewood Plaza Shopping Center, 8888 East Grand River, in September, announced Wilbur P. Vermeulen, First Federal's executive vice-president and treasurer.

This move, approved by the Federal Home Loan Bank Board of Indianapolis, Ind., gives First Federal the distinction of being the first occupant in the Plaza. A formal opening will take place on September 26, with gifts for First Federal's customers and friends.

Vermeulen continued: "And with more and more people moving to the suburbs, we feel we have a major role in community development and it is a privilege to exercise that responsibility to community, business and individual customer needs."

Livingston county's largest financial institution is proud of its new location. Starting in November of 1972, with assets of more than \$1 million, First Federal has grown in 15 years to assets of more than \$10 million. And through the years, First Federal has built higher-earning assets, higher-earning interest rates to their depositors. Billions of dollars have been earned by many family people.

FIRST FEDERAL SAVINGS NEWS

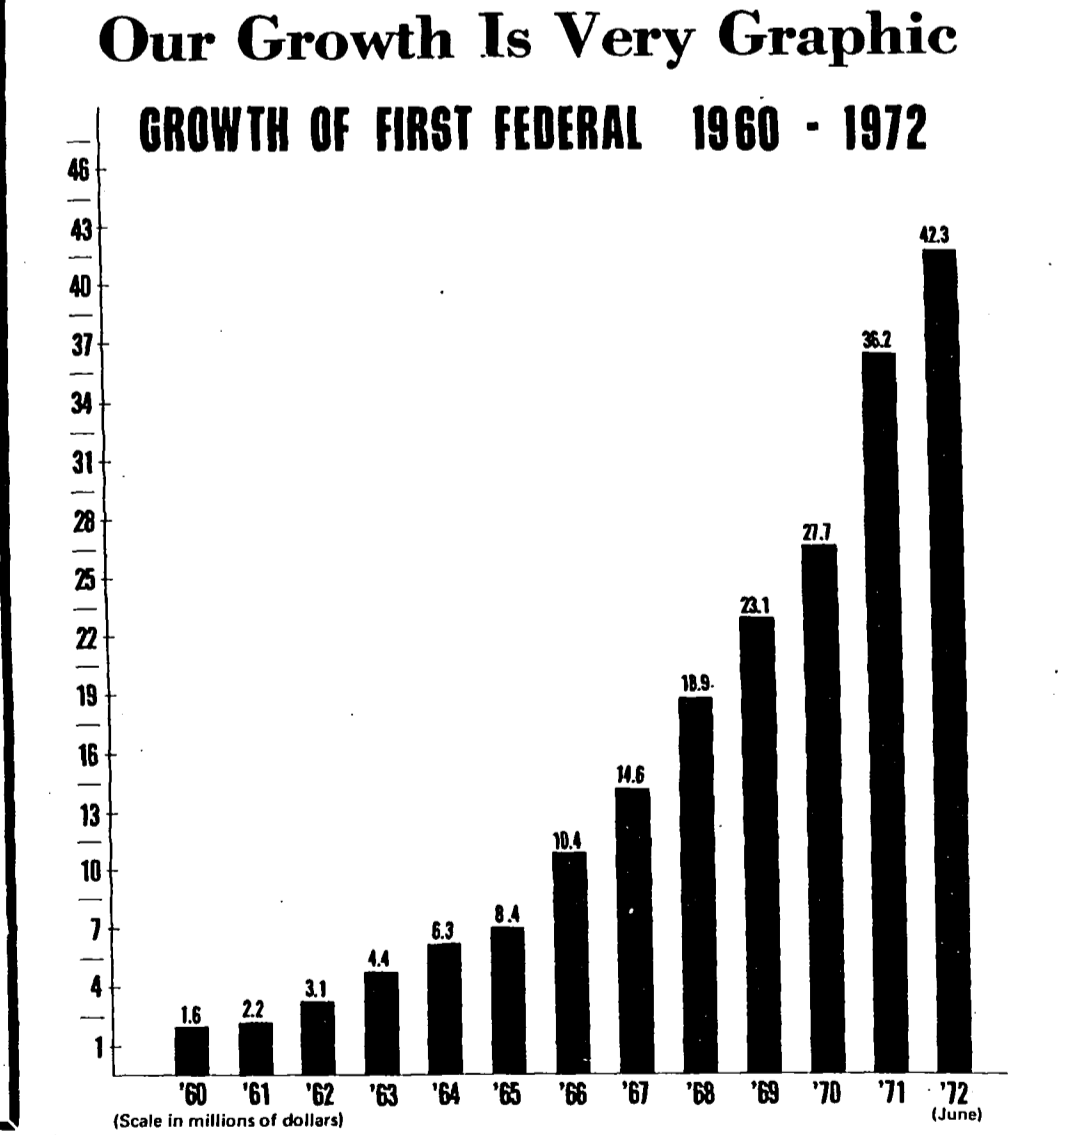

Keeping Pace With Savings and Mortgage Demand

First Federal has been very responsive to maintain the highest interest rates paid on savings accounts while meeting the great demand for mortgages in the area. In the Livingston County area our savings account customers can be sure that the highest savings rates will be maintained and that we will always keep in pace with the financial giants in this very competitive field.

The demand for mortgage money has been tremendous in the fast growing area in which we live. To the good of the entire community First Federal has met this demand. At times we have been hard pressed to meet this demand, but thanks to one of the many services available to us through the Indianapolis Home Loan Bank our needs in the area are satisfied. The record shows how well we have progressed in meeting the needs of home builders.

Officers and Staff of First Federal

Wilbur P. Vermeulen, Executive Vice President

It is our hope that by reading this special issue of the First Federal News, you will get better acquainted with the First Federal Savings and Loan Association of Livingston County—our many services and our helpful staff.

One of America's strengths has been its capacity and inclination to save. Another has been an enterprising spirit that invests in new and better ways to do things, whether mining materials or making automobiles. We at First Federal are proud to be a part of this great American characteristic and recognize the value of adapting new marketing concepts, ideas and programs in order to maintain the highest customer service to everyone at all times in our offices.

To all our friends and members, it is my hope that we can walk the path of business life together for many years in a relationship which is rewarding to all. We cordially invite you to visit any of our offices located throughout the Livingston County area.

Signature of Wilbur P. Vermeulen
Executive Vice President and Treasurer

CHARLES TRIM
Vice President and Secretary
Charles Trim has 16 years experience in the savings and loan field. He was with American Savings in Detroit before joining First Federal in 1965, as manager of the savings department. In 1967 Trim was named manager of the Brighton office, and in 1968 he assumed the duties of chief mortgage officer. He was later promoted to vice president.

WALKER AARON Assistant Vice President
Walker Aaron started with First Federal in 1968 and was soon managing the South Lyon office. In 1970 he was transferred into the Howell main office, where he works directly with Charles Trim in the mortgage department. Aaron was recently promoted to assistant vice president.

BERNIECE HOUCHEN Assistant Secretary
Mrs. Houchen started with First Federal in November, 1968. She was previously connected with the Quarter-Master Depot in Kansas City as supervisor in transportation. In 1967 she was store manager of Brown's Togs in Louisburg, Kansas. In January, 1971 Mrs. Houchen was appointed an officer of the First Federal Savings and Loan Association, with the title of Assistant Secretary. She is also presently Supervisor in the Mortgage Department.

TOM LONGEWAY Administrative Assistant
Tom Longeway is involved with administrative duties in First Federal's Howell office. He came to First Federal in December of 1971, after receiving a bachelors degree in economics from Central Michigan University in June of 1970.

Dennis Bernest, First Federal's administrative coordinator, has assumed the management of the new Brighton office. With a bachelors degree in economics from the University of Michigan and a background in the educational field, Bernest has worked in the Howell office of First Federal since Sept. 1970. He now welcomes the opportunity to make new friends among our many accounts in the Brighton area.

First, decide how much you can afford to spend on a home and how to finance it most economically (check out several lending institutions and compare their terms). While most families budget 20 percent to 30 percent of their income for housing (including taxes, insurance and upkeep), a handy rule of thumb is to plan on spending about 2 1/2 times your annual income. No two families are alike, of course, but you should take into account such things as: your annual income and job stability, amount of savings, the anticipated needs of a growing family, personal habits and desires (travel, etc.) and do-it-yourself ability.

You might keep a checklist of the homes you go through, rating each on these points: price, location, accessibility, services, size of home and construction. Then, using the checklist you have carefully compiled, sit down and objectively compare one home against the other. The following might serve as a guide for you:

- Location
- Is the lot large enough?
- Is the lot graded to insure proper water drainage?
- Will the view from the house remain unobstructed?
- Will traffic be a hazard, in case of children?
- Are homes in the area well kept?

When Buying A Home

A home is the most important investment that a family will make in a lifetime. As that's where members of the family spend most of their time together, it must be compatible with their living style. And it means different things to different members of the family...it is a man's castle, a woman's domain and a child's world. Because of this, buying a home should not be a sudden, snap decision. It is unlikely that all the desires of a family can be met by any particular home, but the lack of only a few important factors could make your purchase a long-term regret. Be sure to investigate thoroughly before you buy!

Next, take time to investigate the neighborhood in which you would like to live. Drive through it often, at different times of the day and evening, during the week and on weekends. If possible, talk to residents and find out what they think about the neighborhood.

Kriewall Named Acting Manager

Edward Kriewall, head of the Novi Department of Public Works for the past three years, was unanimously appointed acting city manager by the Novi city council Tuesday.

Kriewall, 31, will fill the vacancy created by the resignation of George Athas until such time as a permanent manager is appointed by the council.

Athas' resignation was accepted by the council last Friday, October 13. Kriewall will assume the managerial duties at that time.

Kriewall will receive an annual salary of \$16,200 during the time he serves as acting manager under the terms reached with the council Tuesday. The permanent city manager's position has a budgeted annual salary of \$20,000.

Although Kriewall was appointed Tuesday to a purely interim position, members of the council made it obvious that he would have their full support.

"As far as I'm concerned," said Mayor Joseph Crupi, "Mr. Kriewall will have the full authority and responsibility of a permanent manager."

Kriewall's public career began in 1961 when he went to work for the Michigan Highway Department. After four years he moved to the DPW of the City of Detroit where he spent an additional four years. While with Detroit

centers. In addition, he has directed the city's sewer and water projects.

Although Kriewall was appointed only on an "acting" city manager basis, his name is still being considered for the permanent position.

"The council has directed that advertisements for a new manager be placed in the Michigan Municipal Review, but has also made it clear that Kriewall's application for the position is welcome and would be considered along with the others.

He is presently completing work on his degree at the Detroit Institute of Technology with a major in political science and minors in public administration and English.

Kriewall worked in the Bureau of Highways and Expressways.

In September of 1969, while Harold Aclley was city manager, Kriewall was hired by Novi to supervise the DPW.

Since March of the present year, he has had the added responsibility of serving as Athas' administrative coordinator. His duties have involved extensive dealings with developers, particularly the developers of shopping

Kriewall told The Novi News Tuesday that he is "strongly considering" the possibility of applying for the permanent job.

"I feel the acting city manager's job is a good opportunity for me to review the nature of the position," he said.

THE NOVI NEWS

SERVING THE CITY OF NOVI AND THE CITY OF WIXOM

Vol. 18, No. 20, Two Sections, 28 Pages Thursday, September 28, 1972—Novi, Michigan 15c Per Copy, \$6 Per Year in Advance

ACTING MANAGER EDWARD KRIEWALL

Council Says OK To Traffic Grant

A \$35,000 grant from Michigan's Office of Highway Safety Planning was unanimously accepted by the Novi city council Tuesday.

The unanimous acceptance of the grant came as somewhat of a surprise to certain city officials who had expected some opposition to the action.

In accordance with the terms of the grant, the funds will be used to establish a

Traffic Services Bureau in the city of Novi. In addition, the money will enable the city to add three new men to the existing police force.

News that Novi had received the grant was first given the council by City Manager George Athas at their regularly scheduled session a week ago Monday.

At that time Athas asked the councilmen to study the terms of the grant and be prepared to take action Monday.

Discussion of acceptance of the grant Monday was interrupted by the collapse of Councilman Denis Berry (see story under picture). The meeting was adjourned until Tuesday when acceptance of the grant was moved to the top of the agenda.

At the Monday night session, Councilman Edwin Pressnell had raised questions about the city's ability to

finance the project.

During the first year of the grant the city anticipates matching funds on a 50-50 basis. During the second year, however, the state pays only 35 percent of the cost and in the third year the state provides only 20 percent of the funding. After the third year, the city must bear the entire responsibility for funding the program unless additional funds are applied for.

"It would be ridiculous to argue that we don't need the men," said Pressnell. "The question is whether we have the money to pay for them?"

"This is going to cost us \$55,000 in the second year and \$64,000 in the third year," Pressnell stated.

Athas reported that additional funds would be available from several sources:

1. A \$7,500 surplus in the general fund.
2. An increase of a minimum of \$3,000 in the federal Public Employment Program.
3. Increased court revenues. "We know that proper law enforcement will bring about increased court fees," he said. "For example, our returns from the court since we added our own breather have increased several times. For example, we received \$475 in July and last month we got \$1,400."

"This in no way implies that we're going to be creating speed traps, it's just that a matter of being cognizant of the fact that as enforcement improves court fees go up."

Mayor Joseph Crupi pointed out that Novi would soon be receiving federal funds from the revenue sharing program—a figure estimated at \$48,000.

"There's no doubt in my mind whatsoever that we will be able to comfortably afford this program," Athas told Pressnell and the council.

Corporal Frank Barabas, who was instrumental in preparing the application for the funds and will head the Traffic Bureau, told the council that the grant calls for three "experienced" officers to be used in the traffic division.

"We will establish a selective enforcement bureau," he continued. "We'll put our traffic officers on duty in the times and at the places where our records show accidents take place."

Most accidents occur between 6:10 p.m. Tuesday through Friday and 75 percent of Novi's accidents take place on either Grand River (20 percent) or Novi Road (57 percent), Barabas reported. Chief of Police Lee McGole added that the "so-called traffic officers are first and foremost policemen and will handle felony cases as they occur just as any other officer would."

"The Traffic Bureau will

COUNCIL CASUALTY—Monday's Novi City Council meeting was brought to an abrupt halt at 10:30 p.m. when Councilman Denis Berry suddenly "blacked out". Fortunately, the council was discussing a matter regarding the police department at the time of the incident and several police representatives were present. Sergeant Dale Gross raced to his patrol car to get an emergency supply of oxygen, which was administered until the Fire Department arrived with the resuscitator. Above: Fireman Duane Bell administers the resuscitator while Corporal Frank Barabas (right) helps put the fallen councilman on a stretcher. Berry was transported to Botsford Hospital where his black out was diagnosed as being due to heat prostration and exhaustion. He was released later that night.

Bond Will Appeal State Suspends Novi's Attorney

Novi City Attorney Howard Bond has been suspended from the practice of law for 18 months by the State Bar Grievance Board on the grounds that he has improperly used funds from an estate he was handling.

The suspension became effective August 21 and was issued as a result of an appeal by the grievance administrator who argued that a previously issued reprimand did not constitute sufficient discipline for the offense.

Contacted at City Hall Wednesday morning for his reaction, City Manager George Athas stated that he felt Bond had been "smeared." "I hate to see it happen to the man," said the Novi City Manager.

The charges of improper use of funds from an estate stem from a case involving John Sam Pappas, who retained Bond in March of 1963 to probate the \$300,000 estate of George Pappas, his father.

According to John Sam

Pappas, he wrote checks totaling \$104,395 to Bond with the understanding that the Novi city attorney would pay federal estate taxes of \$76,000 and estimated state inheritance taxes of \$10,000. The money involved included expenses of \$1,300 and fees of \$21,500, according to Bond.

Pappas was cited for contempt in 1969 and 1970 as a result of the fact that Bond failed to pay the taxes.

Bond allegedly used \$68,000 of the estate funds to pay taxes of his own mother.

Bond told The Novi News Wednesday morning that he felt the final action of the grievance board in reprimanding him had been "plenty tough."

"Those large checks were known by the executor and he had agreed to them. He has admitted that his original complaint was false. That was taken into consideration by the original board but the state board failed to take it into consideration," he said.

"The suspension was sought by assistant grievance board administrator Eugene N. LaBelle. "Bond has conducted himself honorably through his first 35 years as an attorney," LaBelle stated, "but his misuse of the estate funds further disciplines him than a simple reprimand."

the ruling, as he had "not misused the funds."

David Fried will take over as Novi's city attorney. Fried has been retained by the City since October of 1971 when the original charges were lodged against Bond.

In testimony before the hearing panel Pappas admitted that he had loaned the money to Bond. It was his contention that Bond had failed to pay it back within the time limit agreed to at the time of the loan.

Bond reported that he had lost \$25,000 in an Ann Arbor convalescent home project, which prevented him from paying the taxes. He has since paid the taxes with penalties, Bond said.

The suspension was sought by assistant grievance board administrator Eugene N. LaBelle. "Bond has conducted himself honorably through his first 35 years as an attorney," LaBelle stated, "but his misuse of the estate funds further disciplines him than a simple reprimand."

By Wixom Council Trained Park Denied

A rezoning request previously denied by the Wixom Planning Commission to permit the establishment of a mobile home park within the city limits has been unanimously denied by the Wixom City Council.

The request of Michael Martin to change his land from single family to a multiple family district was rescheduled for a second public hearing Tuesday night.

At the hearing Charles Leman, a Wixom planning consultant, was present to give expert testimony to the council as to the benefits and hazards of rezoning the land.

The parcel of property, which is located at the northeast corner at the end of Charns Road, includes about 80 acres. Tuesday night, close to 50 residents appeared to show their objections to the mobile home park.

Citizens of Wixom living in the area in which the park was requested were given an opportunity to speak out on the matter, and then Leman told the council why the mobile home park should not be established in that particular location.

Under the ordinances of the city, Leman explained, mobile home park must be located on a major thoroughfare. The closest road to that land which could be considered a thoroughfare is Napier Road. Leman said, which is designated as a secondary road.

Leman further pointed out to Council that the land owned by Martin was, in the master plan for the city, intended to be used for single family dwellings with large size lots. "This land is out of character for a mobile home park," he said.

Later on in the hearing, Leman pointed out that in the master plan, which was developed in the early 1960's, mobile home parks were to be used as "buffers between industry and single family residences or industry and something else."

Leman told the Council and the citizens that the master plan for the city was only a guide and would have to be changed, but he still could not give his approval for mobile homes in that area.

"Mobile home parks should not be plucked down in the middle of a single family area."

By Novi School Board Salaries Hiked

Administrators' salaries ranging from \$26,500 for the superintendent to \$14,300 for the Village Oaks principal—were approved by the Novi Board of Education Tuesday night.

In addition to setting these salaries, the board approved granting of dental, disability and term life insurance—equivalent to those plans granted teachers—to administrators and central office staff personnel.

It also approved salary adjustments for 12 teachers who have received additional educational training, and it granted salary increases to six non-certificated employees.

The salaries of Superintendent Gerald Kratz and Assistant Superintendent William Barr, hired this past summer, were fixed at \$26,500 and \$22,000, respectively. Their salaries had not been previously set.

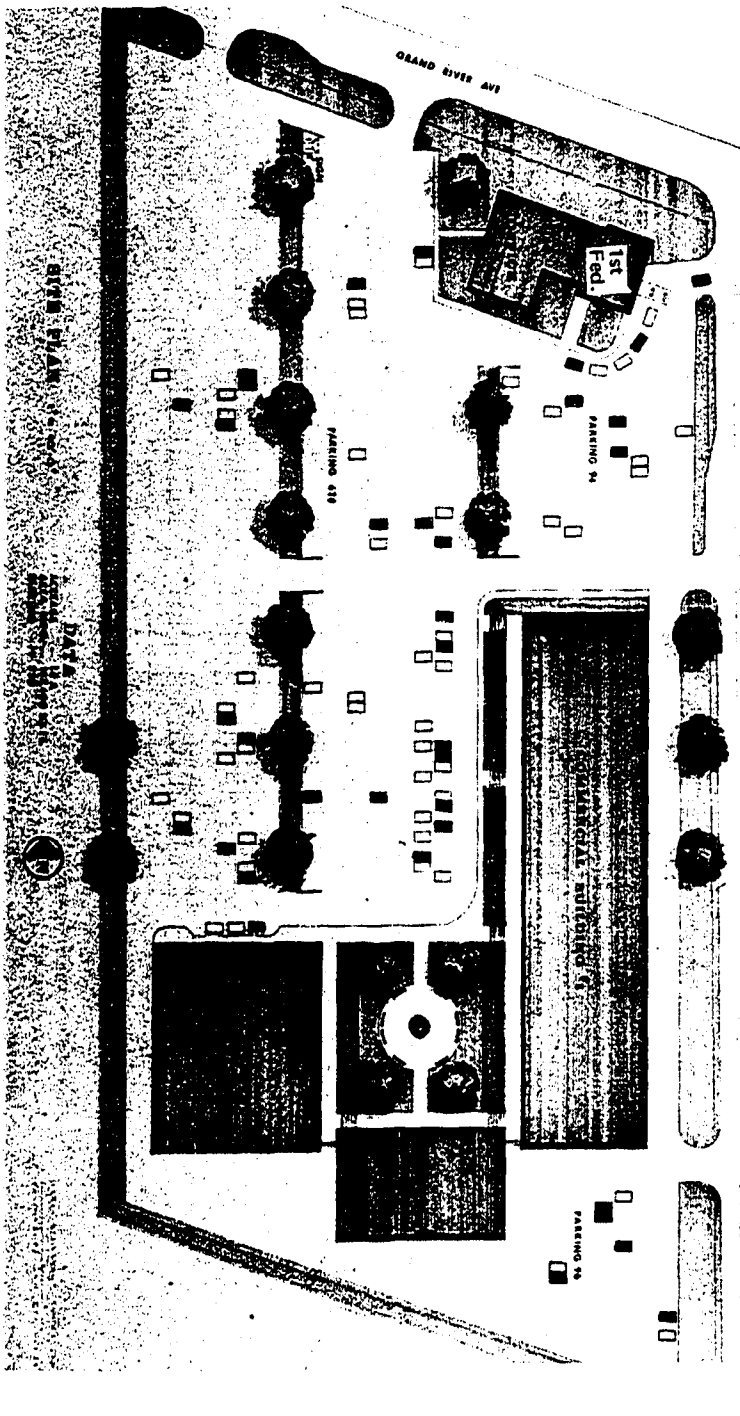

Salary of former superintendent Thomas Dale, now administrative assistant, was set at \$17,000.64. As superintendent, Dale was paid \$21,056.

Middle School Principal **See Report**

The official annual report of Novi School Superintendent Gerald Kratz, a report required by law, is published in full on Page 8-A. It contains a status of the school district.

FIRST FEDERAL SAVINGS NEWS

Livingston County's Newest Shopping Plaza Beautiful, Exciting

Ridgewood Plaza

First Federal Savings wishes to compliment the Mason Company for their foresight and know-how in planning and developing the excellent project now known as Ridgewood Plaza. Through still in its early stages, the entire scope of the shopping center is clearly envisioned in the proposed architect's plan.

The total plaza will encompass a full multiple shopping center, with stores leased to prestige firms handling nationally-known products and services. The Mason Company will be the tenant of the center, which will house as many as 300 families. This total shopping concept is new, in that people residing here will have the opportunity of shopping so to speak, from their doorstep.

Consistent with the First Federal objective, space is available for each type of businesses as retailers, doctors, dentists, architects, lawyers, accountants and many others. These business services will be an added benefit to the shoppers in our first growing area will welcome this type of much-needed retail, medical and financial complex where so many needs can be conveniently met.

- Is the foundation dry and free of cracks?
- Is the heating system adequate?
- Is the hot water system meet peak hour demands?
- Will the wiring designed to meet household needs, present and anticipated?
- Are the exterior finish lead held to easy maintenance?

When you are ready to buy the home, the services of an attorney, sometimes may be advantageous. You must have the down payment and mortgage to equal the price of the home. The lender (financial institution) will specify a certain percentage of the purchase price for preliminary and closing costs, such as appraisal fees, credit report, title search, survey (if exact boundaries), "prepaid" insurance and taxes, etc. It is sometimes advantageous to have an attorney check the deed, to have him present at the closing, when all papers are signed, to help you. After all, helping people buy homes is a big part of our business. —the most important part of our business.
