

Investors Boost Household Stocks

Continued from Page 2-B
even before 1980. In any event, it seems clear that the industry will achieve a rate of growth considerably above that for the U.S. economy as a whole.

THE FAVORABLE market prospects for home furnishings has not been overlooked by the nation's corporate giants. Such highly specialized concerns as RCA, Sperry & Hutchinson, Armstrong Cork, U.S. Plywood-Champion Paper,

Magnavox, and Burlington Industries have established and/or expanded positions in furniture and carpeting during the past few years.

While Babson's Reports is not recommending any of the above companies for purchase at this time, we do feel that they have enhanced their potentials with this expansion into furniture and carpets. Currently, we are suggesting that investors maintain hold positions on

the stocks of these companies.

THE LARGEST segment of the home furnishings field is furniture, with annual retail sales amounting to more than \$5 billion. The market for furniture has climbed about 30 percent during the past five years, and is expected to nearly double in volume over the next half-decade. Approximately five thousand companies are involved in the manufacture of wooden,

upholstered, and metal furniture in the U.S., but only two—Bassett Furniture and Kroehler Manufacturing, had sales in excess of \$100 million in 1970.

The Research Staff of Babson's Reports does not keep Bassett under supervision because of insufficient client interest. We do supervise Kroehler, however, and recommend holding it for appreciation over the period ahead.

North Winds Blowing Up Frosty Fun

What do you do when the north wind blows and the whole world seems to be covered with snow and ice? In Michigan, you get out and get into the fun of it. And February is filled with "frosty fun," according to the Michigan Tourist Council.

Leading off is the granddaddy of all snowmobile races, the 1-500 at Sault Ste. Marie, February 5. This exciting ten-hour marathon is not the biggest nor the longest, but it's certainly one of the toughest snowmobile races there is. Tough on the drivers, machines, crews, families and even the spectators. The one-mile oval track, coated with hundreds of layers of ice, has defeated some of the best known names in snowmobiles and biggest names in snowmobile racing. For the first time in 20 years, Alpena will play host to the North American Speed Skating Championships, February 5 and 6. Top skaters, age 7 to 17 and older, from 37 states and Canada will be competing. This event is the training ground for future U.S. Olympic skating stars. Among the special guests scheduled to attend the coronal North American are Governor William Milliken, Terry McDermot—the only U.S. gold medal winner in the Winter Olympics—and Phil Brady, director of the Michigan Tourist Council.

If you're a 100 percent, signed in the woods devotee of the grand old game of golf, and you're a hearty soul, there's the Polar Ice Cap Golf Tournament, February 12 on the ice of Spring Lake, north of the Spring Lake Country Club. With the exception of being shorter, the course is a regular 18 holes for a pitch and putt game. Everyone is welcome to enter. Entry blanks may be obtained by contacting the Grand Haven Chamber of Commerce.

If indoor activities are more to your liking, and you're already looking forward to the summer months, the Detroit Camper and Travel Trailer Show will be held in the West Artillery Armory, near Northland, February 19 through 27. More than 700 campers, travel trailers, motor homes, folding tent trailers and all kinds of camping equipment will be on display.

Other February events include the Kiwanis Ski Tournament at Pine Mountain with 90 to 100 jumpers from the U.S. and other countries in an exciting competition, Sled Dog Races at Whitehall, the North American Snowmobile Championship Races at Munising and the Antique Auto Restorers "sell and swap" get together at Kalamazoo.

In short, there's something for every one of every age to enjoy during the leap year month of February in Michigan.

Alien Reports Available, Due

Report forms for aliens are available in area post offices. It was reported this past week.

In compliance with the 1952 Immigration and Naturalization Act, each alien must report his current address not later than January 31.

Post offices make the report forms available in cooperation with the Immigration and Naturalization Service to help to local aliens to comply with these address report requirements, according to Novi Postmaster Gordon J. Blackburn.

WIXOM CONTRIBUTIONS—Representatives from three Wixom-based businesses present Mayor Gilbert Willis and Police Chief George Von Behren checks for the city's Police-Community Relations Fund. Presenting checks are (from left to right) Warren Bennington, manager of the Wixom branch of the Community National Bank; Virgil Ciofu, representing Walter Toebe and Company; and Charles Phillips, head of security at the Ford Motor Company's Wixom plant. Von Behren indicated that the funds will be used in part to sponsor a summer baseball program for Wixom youngsters.

Wixom Makes Plans To Hold Stray Dogs

Wixom residents who are accustomed to letting their dogs run free—a violation of a city ordinance—could well find themselves recipients of tickets from the police department in the near future.

Reacting to numerous complaints about the abundance of stray dogs in the city, the Wixom council took steps Tuesday to allow police to enforce the ordinance more closely by authorizing the mayor and city attorney to enter into a contractual agreement with Char Mur-Kennels for retention of stray dogs.

Police have been less than strict in enforcing the ordinance because, quite simply, they have no place to put the dogs once they've been picked up. Theoretically, Oakland County will pick up the strays and take them to the county pound in Pontiac.

But theory and reality are a way apart. The problem lies in the fact that it usually takes county officials at least a couple of days before getting to Wixom.

The contract with Char Mur-Kennels will solve the retention problem. The city will pay a (daily) fee somewhere between \$1 and \$4.50 for each dog it retains in the kennel. The amount of the fee depends on the size of the dog. Residents recovering their dogs would have to pick up the cost of retention.

After two days, if the dog has not been claimed, County officials will transport it to Pontiac. If the dog remains unclaimed the city will have to pick up the retention fee.

For Snow Carnival Jaycees Announce Events

Plans for Nov. 1st annual Winter Carnival are shaping up rapidly, as Novi Jaycee President Hugh Crawford last week announced the schedule of events for what he hopes will become an important part of the city's winter calendar.

The Winter Carnival is being jointly sponsored by the Jaycees and Novi's Parks and Recreation Committee, headed by Peter Alcalá. All profits from the two-day festival will go to the Parks and Recreation Committee's sagging budget.

The Carnival will be held Saturday and Sunday, February 12 and 13, at the Novi City Park on East Lake Drive and on Walled Lake itself, immediately opposite the park.

Heading Saturday's list of events are the snowmobile drag races, which will take place on Walled Lake. Preliminaries will be held between 10 a.m. and 12 noon with the finals scheduled between 1:30-3 p.m. All registrations for the snowmobile races must be submitted before a 9 a.m.

deadline on the day of the races. Ice skating races will occupy the time slot between noon and 1 p.m. Registrations must be in by 12 noon with the finals being held between 2-3 p.m.

As in Saturday's snowmobile drag races, registration for the obstacle course will run until 3 p.m. on the day of the event. Sunday's activities will also include open skating, snowmobile rides, sleigh rides, and snow sled. The ice fishing and snowman building contests will run until 3 p.m. when the winners will be announced.

THE NOVI NEWS

SERVING THE CITY OF NOVI AND THE CITY OF WIXOM

Vol. 17, No. 37, Two Sections, 26 Pages Thursday, January 27, 1972—Novi, Michigan 15c Per Copy, \$6 Per Year in Advance

School Board Splits 1971-72 Budget Receives Approval

Months late and by a 5-1 vote, the Novi Board of Education Monday adopted its 1971-72 budget calling for a total outlay of \$1,714,550. The last school budget, with an outlay of \$1,467,915, was approved in November, 1970. Adoption comes at the start of the second semester, five months after school budgets normally are approved. While Novi is one of few in the state to adopt its financial estimates this late, most districts have delayed approval pending ratification of personnel contracts.

In Walled Lake Area High Rises Seen Soon

High rise apartment buildings could become a feature of the Walled Lake shoreline within the next few years, and if the prediction of City Manager George Atlas proves accurate, the first of these developments could be underway before the year is over.

The economic incentive high rise zoning would offer increased density of dwelling units. Apartment buildings of less than five stories would conform to the present density of 10.9 units per acre prescribed for ordinary one bedroom multiples and 4.4 units per acre for three and four bedroom multiples.

Creation of a high-rise zoning was seen as the best solution to two problems that confront the city in the Walled Lake area. First, city officials would like to do away with the sub-standard dwellings that abound in the area; and second, they would like to provide more open space around the lake shoreline.

City Planning Consultant Robert Shaddock for the firm of Villan-Leman pointed out that most of the shoreline is presently divided into small privately owned lots. "We have a lake," he said, "but no real open space around it. The high rise zoning would enable us to open up the area immediately around Walled Lake and also would offer developers an economic incentive to assemble the land in the area."

Another point to consider, Sheldon continued, is that even though these houses may only be worth \$5,000, the people who own them, they're worth \$40,000. It costs them approximately \$30,000 to relocate if they have to move from that area so they have to ask for a high price for their homes. The increased density makes it worth the developers

In Novi Housing 'Cluster' Concept Wins OK

Cluster housing—a relatively new concept in residential zonings found primarily in California—was approved in concept by the Novi city council Monday. Planning Consultant Robert Shaddock and Robert Bretz, chairman of the Novi planning board, brought the proposed text for an amendment to the zoning ordinance which would permit the one-family clustering option.

Novi Board May Accept Assessment for Roads

School officials kept their feet in the door Monday, indicating a willingness to discuss with city officials the possibility of the school district accepting some kind of assessment for improvement of Taft Road.

Two weeks ago the board reaffirmed an earlier position not to accept an assessment. Brought to the table again this week by Secretary Ray Warren, the board indicated its earlier decision was not a formal one but rather a consensus of opinion.

It may have been a consensus at least discuss the matter with city officials. Warren favored some kind of assessment, Trustee William Ziegler expressed a desire to discuss the matter. Trustee LaVerne DeWard spoke against accepting an assessment, and Board President Gilbert Henderson said he could see no legal way of accepting an assessment without a vote of the people but he indicated a willingness to accept an assessment.

Several times it was emphasized that the school board cannot use operational monies for improvement such as roads. Furthermore, Henderson argued that bond monies could not be used because when voters approved them they did so without specifying any amount for road improvement.

Painters To Sketch Ming Jars

Northville Spring Chapter of China Decorators will meet on Thursday, February 3 at 10:30 a.m. in the Plymouth Credit Union Building.

Boosters Club Meets in Nov

A meeting of the Orchard Hills Booster Club will be held at Orchard Hills Elementary School tonight (Thursday) at 8 p.m.

According to Mrs. Gloria Clafadi, "a very important program is being planned. All Parents of Orchard Hills students are urged to attend."

Mizpah Circle

Mizpah Circle of King's Daughters will meet at 2 p.m. Tuesday at the home of Mrs. Harriet Wheaton, 412 Horton Street.

LEARNING AIDS—Audio-visual teaching materials in reading, spelling and math will be on display at a workshop today (Thursday) at Amerman Elementary.

Community Calendar

TODAY, JANUARY 27 March of Dimes, continues through Monday, January 31. League of Women Voters, 8 p.m., First Presbyterian Church of Plymouth.

FRIDAY, JANUARY 28 Northville Weight Watchers, 10 a.m., Presbyterian Church. MONDAY, JANUARY 31 St. Paul's Lutheran School paper drive, 6 to 8 p.m., 560 South Main Street.

First Class Set Tuesday On Childbirth

The first in a series of seven classes on the Lamaze method of childbirth will begin Tuesday, February 8, at 7:30 p.m. in the Plymouth Credit Union.

Clergy Meets A joint meeting of Northville-Novici clergymen has been scheduled for Tuesday, February 1 at the First Presbyterian Church of Northville beginning at 10 a.m.

In Our Town

Like many others in the community, Woman's Editor Jean Day has been sidelined by the flu bug.

MRS. THOMAS O'CONNOR

Sharon Kovac Married Here

Sharon L. Kovac and Thomas O'Connor were united in marriage January 8 in a 2 p.m., double-ring ceremony at Our Lady of Victory Catholic Church.

Given in marriage by her father, the bride wore a white gown of satin tulle. Her flowers were yellow and white roses and mums.

Serving as maid of honor was the bride's sister, Sandra Kovac. She wore a pale green crepe gown, with a dark green bodice and velvet empire waist.

The bride's attendants carried bouquets of pale green and white roses and mums.

Serving as best man was James Shafer, assisted by James Kovac, brother of the bride, James and Steven O'Connor, brothers of the bridegroom, and Chris Meyer.

For her daughter's wedding, Mrs. Kovac wore a bone colored dress with gold trim. Following the wedding a

VALERIE ROSINSKI

Engaged

Mr. and Mrs. Walter J. Rosinski of 2414 Taft Road announce the engagement of their daughter, Valerie Ann, to Gary Edward Reinwald.

Both are 1970 graduates of Northville High and the bride-elect is employed as a secretary by Firebaugh and Reynolds Roofing Company in Novi.

The couple plans a May 6 wedding.

KAREN WETTERSTROEM The engagement of Karen Ann Wetterstrom to James Richard Minton is announced by the bride-elect's father, Dr. Robert G. Wetterstrom of 46376 West Severn Mile Road.

Miss Wetterstrom is a 1969 graduate of Mercy College in Detroit with a degree in home economics. Her fiancée attended Old Dominion University in Norfolk, Virginia, and is presently serving with the US Navy in Guantanamo Bay, Cuba.

A March wedding is planned.

Novi Grants Junior Requests

'Outside Prom' Gets OK

The Novi junior-senior prom will be held outside the school district this year. Board of education members Monday approved the "outside" prom, following a presentation by Junior Class President Ronald Broquet and recommendations by High School Principal Hal Seymour and Superintendent Thomas Dale.

Two prospective locations for the prom were revealed—the Roosterial in Detroit and the Hawaiian Gardens near Holly—but definite selection of the site has not yet been made, reported Broquet.

Seymour, who told board members he had opposed "outside" proms in past years, recommended that this one be permitted, primarily because of recent legislation giving 18-year-olds adult privileges.

Dale, who said he had come to the meeting opposed to the proposal, indicated he had been swayed by arguments for the outside prom and he, too, recommended it be permitted.

In giving it the board's stamp of approval, however, members limited that

school hours when the flashers are operating (probably by late March), speeds in the Orchard Hills area are to be reduced to 35 MPH.

Chief argument in behalf of the outside prom was a report that cost would be less to the individual student than if it were held at the high school as in past years.

Major argument against it was that an outside prom might prevent some students from attending, either because of expense, transportation, or parental restriction.

In other action Monday, the board authorized following a short executive session the hiring of a half-time instrumental music teacher for the middle school to assist the school district's present band director and to ensure instrumental instruction for sixth graders.

Also, the board approved extension of the maternity leave of Mrs. Bridget Patrick to September, 1972.

This year's trip, is due early in May. Members of the committee are: Principal Seymour, Calvin Schmucker, Jacquelin Lawrence, Steve Bosak, Ronald Broquet, Tony Sinicola, and Joyce Valentine.

Assistant Superintendent T. Richard Hendrickson reported that the first of two or three dinner programs for staff members, other school personnel and school board members will be held February 28 at the middle school.

Dinner is to be at 5:30 p.m., followed by a 6:30 conference, and by the 8 p.m. board meeting.

The first regularly scheduled board meeting in February—on the 14th—has been moved up to February 7 because several board members will be out of town, attending a convention in Atlantic City.

SAFETY HONORS—Fifth graders recently selected by their classmates as top safety boys and service girls are bottom row, (left to right) Laura Bergin, Main Street; Linda Blaney, Moraine; and Liz Smith, Amerman. Back row, Bob Letarite, Main Street, Greg Bach, Moraine; and Bob Chapman, Amerman.

Colleges Honor Local Students

Two Northville students have been named to fall semester Dean's List at Albion College, Vice-President Dr. Charles E. Glassick announced this past week.

They are: Karen E. Stefanski, daughter of Mr. and Mrs. Fred Stefanski of 840 Carpenter, and Ellen G. Thomas, daughter of Mr. and Mrs. Bruce R. Thomas of 18329 Shadbrook Drive.

To be named to the Dean's List at Albion, a student must attain a 3.0 or better scholastic average (based on a 4.0 system) while carrying a full class schedule.

Several area residents were among the Western Michigan University students who won recognition recently being named to the university's Dean's List for the fall semester.

They are: Julia Anne Brown of 45730 Fernmanagh, Nancy Jean Funk, 16254 Ebderry Drive, Sherry Lynn Hackmann, 44145 Cottisford, and Carole Sue Terry and Kristine Marie Terry, 48285 Nine Mile Road.

Miss Carole Terry was named for having earned all-A grades.

The others won their honors by taking at least 14 hours of class work while maintaining a grade point aver of 3.5 out of a possible 4.0 (all A's).

Five area residents were awarded degrees recently at Wayne State University's winter commencement exercises.

There are: Ethel Sharon (Goodman) Anthony, 22833 Heatherbrae, master of education; Larry Chris Beller, 19754 Fry Road, Bachelor of science in business administration; Janet Gunborg (Swanson) Malinowski, 18705 Jamestown Circle, master of science in nursing.

RECEPTION AWARD TEA—Mrs. Peter Lindholm, a past Northville Jaycee Auxiliary president, seated at tea table talks with Mrs. Keith Wright, who was among six other nominees for the Community Service Award who were honored at the presentation program last week in King's Mill clubhouse.

Northville Board Acts

School board trustees approved a revision of the student behavior code at their meeting last week.

Drafted by a citizen's committee composed of students, teachers, parents and administrators, the code is now in effect.

Plan 'Swap Shop'

Northville adult Girl Scouts will sponsor a "swap shop" for uniforms Wednesday, February 9, from 9:30 to 11:30 a.m. at the First Presbyterian Church.

On the agenda besides the uniform exchange will be plans for Girl Scout Week, planning the calendar of the events, program workshop for 1972 and establishing "buzz" groups.

—Police-Court Blotter—

In Novi...

Charges of impersonating a federal agent and assault with a deadly weapon have been brought against a Novi man.

Allen Curtis Hall, 31, of 4400 Stassen was arrested Monday, January 24, for an incident that occurred Friday, January 21, at approximately 11 p.m.

Two Novi High School students - Terry Auten and Donald Osborne - were stopped at a stop sign on the corner of Clark and Whipple Streets when they were approached by a vehicle with an emergency flasher on it.

Auten and Osborne told police the man identified himself as an F.B.I. agent, asked what they were doing in the area, told them there had been a lot of trouble in that neighborhood lately and pulled a pistol, sticking it out the window of his car and advising them to leave the area.

Investigation by the Novi Detective Bureau led to Hall's arrest three days later. The gun was confiscated and Hall given police a written statement. Official charges are pending.

Charges of assault and battery will be filed against a man who allegedly assaulted Kenneth Little of 308 Highland in Novi at the Derby Bar Thursday, January 20 at 1 a.m.

According to police reports, Little and a male companion pulled into the parking lot of the Derby Bar and were approached by a man identified as "Bill" who started assaulting Little. He was pulled away by another party and Little's companion, but returned the assault when again approaching Little on the pretext of apologizing, police said.

Little suffered bruises on his left cheek and a swollen lower lip, in addition to a chipped tooth.

Police report they have identified the assailant, but have not made contact with him yet. The case is open pending apprehension of this assailant.

Police broke up a fight at the East Shore Tavern at 1103 East Shore Thursday, January 21.

Police received a report of a large fight at the East Shore Tavern in which someone was using a black jack and another party had a gun. When officers arrived they found a large gathering of people behind the bar and two subjects bleeding profusely around the bar.

Two Walled Lake men, David Brewer, 24, and Isaac Brewer, 21, were transported to the hospital by ambulance. Investigation revealed the fight had started inside the bar and had then continued behind the bar. Further reports gave descriptions of the assailant, revealed he had used a black jack, and had gone back into the bar.

When police went inside the building they found a subject filling the description of the assailant hiding in the locked bathroom, according to reports.

The man was identified as Patrick Leonard, 20, a Detroit resident and son of the owner of the bar.

No weapon was found, however, and no charges have been brought against Leonard.

Novi police are investigating vandalism of two school buses that occurred sometime between 7 p.m. Monday, January 24 and 5 a.m. Tuesday, January 25.

Police were called to the Novi Elementary School with reports that two school buses had been vandalized.

They subsequently discovered that all the wires under the dash board had been cut. The case is open pending further investigation.

Reckless driving charges have been brought against Sterling Eugene Worley, 27, of 1109 South Lake Drive. Worley was observed driving his car across the ice on Walled Lake at approximately 12 midnight Friday, January 21.

Worley was lodged in the Oakland County Jail in lieu of a \$100 cash bond.

Two juveniles have been arrested in conjunction with a breaking and entering that occurred Saturday, January 19, in the Village Oaks subdivision.

Vandalized was the residence of Kenneth Walker, 2287 Brook Forest. Walker reported the breaking and entering to police, listing the merchandise stolen as including watches, rings, a stereo, and silver coins. Value of the items was placed in excess of \$600.

Due to knowledge gained in previous thefts in the area, police notified merchants to be on the look-out for some "chained" youths who came to cash in silver coins. Apprehension of the two juveniles came the following day. In addition a quantity of suspected narcotics and drug paraphernalia was confiscated from one of the youths.

Approximately 2:30 p.m. Monday, January 10, a breaking and entering took place at the residence of Robert McLimond of 2049 Westchester. McLimond told police approximately \$500 worth of items were missing, including a portable television set, a digital clock, and a diamond ring.

The McLimond residence was unoccupied at the time of the theft as the family was in the process of moving in.

Also under investigation is an attempted breaking and entering of the Pfosch residence at 2252 Brook Forest. Screens to the sliding doors of the family room, dining room window, basement window, kitchen window, and dining L window had been slashed near the window latch. No apparent entry was gained, however.

Police feel the attempted breaking and entering took place between 6:45 p.m. and 9:30 p.m. Thursday, January 20, while the Pfoschs were at the Village Oaks clubhouse.

The ripped screens were discovered Friday morning.

Three members of the Novi Police Department and a Novi lieutenant named to executive positions on various law enforcement agencies.

Novi Police Chief Lee BeGoie was named vice-president of the Michigan Ontario Juvenile Officers Association.

Lieutenant Detective Richard Faulkner and Robert Skellenger, a Novi resident and chief of police at Kensington Metropolitan Park, were named to the Board of Directors of the Michigan Ontario Juvenile Officers Association.

Patrolmen Robert Pankow and David DeLauder will begin classes in February at Michigan State University in investigation procedures.

Following completion of the course, the men will be responsible for investigative follow up involved in all city police department cases.

Walter J. Laabs of Warren pled guilty to an added charge of attempted larceny of property under \$100 and was referred for a pre-sentence investigation.

The action came last Thursday before 35th District Court Judge Dunbar Davis.

An unoccupied home on Chigwidden was entered between January 15 and Saturday when unknown persons broke a lock on a door wall. No damage was done to the home but the doorwall frame was bent, police said.

On Friday a home on North Ely Drive was ransacked. Police said a crowbar was used to pry the rear door wall open.

Drawers, closets and cupboards throughout the home had been rifled and furniture was overturned. Missing is a color television set.

Drawers, closets and cupboards throughout the home had been rifled and furniture was overturned. Missing is a color television set.

Patrolmen Robert Pankow and David DeLauder will begin classes in February at Michigan State University in investigation procedures.

Following completion of the course, the men will be responsible for investigative follow up involved in all city police department cases.

\$1.45 Million Issue Slated for April Vote

A \$1,450,000 bond issue will be placed before voters April 8 in a special election. The amount of the issue was established Monday night by school board trustees who emphasized the election would carry a "no tax hike" theme.

School administrators point out the issue can be passed without an increase in the debt levy millage due to increase state equalized valuation in the district.

Trustees noted they must establish exactly what buildings will be built before putting a price tag on the bond issue.

Administrators have hinted a middle school and possibly two elementary schools would be included in the fall bond issue.

Desiring to continue the "bid before bond" practice, trustees noted they must establish exactly what buildings will be built before putting a price tag on the bond issue.

SIDE SHOW—Spectators had to look quickly to catch the action last week Wednesday when workmen razed the former Heritage House on North Wing Street. The house, which makes way for an expanding municipal parking lot, came down in about one hour.

Building A Lever School Eyes Unification

Unification of the city and township and a new library facility got a shot in the arm Monday night from school board members.

Superintendent Raymond Spear explained that rather than having the city and township ask its taxpayers, the school board would purchase the board office building, "we could give the building to the city and township and ask the voters for a like amount of money to do the job of converting the annex."

Board members, though generally in agreement with giving the building for use as a library, took no official action on the matter.

Trustees indicated they might be willing to "give" the present school board office building (old community building) to the city and the township for use as an administrative offices and library complex.

The "gift" would be conditioned upon voters approving an amount of money (similar to that amount which would be paid to the school district if the two governments were to purchase the building) to be used to remodel the present junior high annex for board offices.

A survey conducted last year by the library board (which is made up of members of the city and township which share expenses of the library) selected the board office building as the ideal location for the library.

Acquisition of the board offices has been pushed by Northville City Manager Frank Ollendorf and the city council.

Kids Cheat To Fail Test

Reportedly following instructions of the parents, several seventh graders at Cooke Junior High purposely performed poorly on the Michigan Assessment Test recently given to all seventh and fourth graders in the district.

Superintendent Raymond Spear told board members Monday he received information informing him of the situation last week.

"It reflects negatively on the district," Spear commented. "The test results cannot be valid. Some parents felt the district might stand to gain certain things if the the students performed poorly."

Board President Dr. Orlo J. Robinson commented the scores "could drop our accreditation because of the stupid behavior of a few parents."

Miss Florence Panatoni, director of instruction, told board members the tests will be separated into those which were altered and those which were not.

Planners OK Plat

Preliminary plat plan for Highland Lakes subdivision was recommended to the township board for approval Tuesday night by township planners.

The recommended approval of the single family subdivision was conditioned upon submission to the township engineer of grading plans showing satisfactory solutions to drainage problems.

Planners noted they were concerned with extreme grade differences between lots in the northern section of the subdivision where drainage could adversely affect adjoining property.

In other action Tuesday, planners agreed to hold public hearings on two changes in the zoning ordinance. No action was set for the hearings.

Room counts in RM-2 (multiple) zones were determined last week.

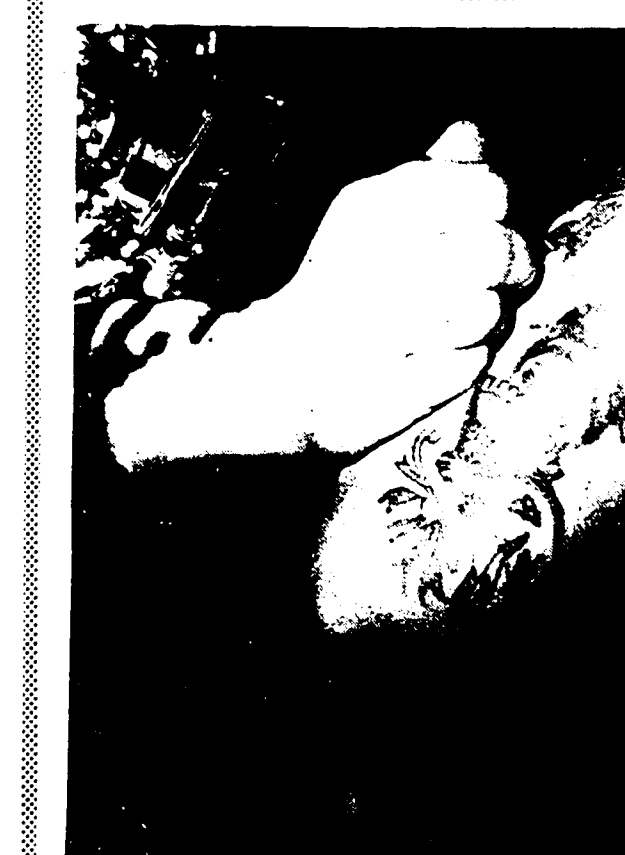

NEWS BRIEFS

NORTHVILLE MOTHERS (and fathers, too) begin their annual march against child delinquency today (Thursday), soliciting neighborhood homes for funds that, hopefully, will produce a vaccine against rubella to protect against birth deformities. The March of Dimes will continue through the weekend. Chairman again this year is Postmaster John Steimel.

ANOTHER TRY at open swimming will be started February 2, according to Swim Coach Ben Lauber. Discontinued last fall because of lack of response, the program is open to any member of the family. It will be conducted from 7 to 9 p.m. on each Tuesday and Wednesday and from 1 to 3 p.m. on Saturday at the high school swimming pool. Student fee is 65-cents, adults \$1. All women and girls are required to bring bathing caps, and all persons using the pool must supply their own suits and towels.

ROBERT BOGART has been elected chairman of the Northville Arts Economic Development Committee. Other officers are: John Canterbury, vice-chairman; Crispin Hammond, treasurer; and Donald Lawrence, secretary.

NORTHVILLE FRIENDS now living or vacationing in Florida will enjoy a get-together February 16 at the Sweden House Center Plaza in Bradenton, Florida. Ed Barnes sends the invitation; with a note that he "hopes to see you all" at the lunch and get-together which will begin at 11:30 a.m. It's "come as you are," says Ed.

It's About Like A Bee Sting Most Anywhere He Makes His Mark

They came usually in pairs or more - 18 to 21-year-olds - sustaining their courage in numbers.

Most of his customers are young men. But not all of them. Increasing numbers of women are having tattoos put on their bodies, and he's "done work" on men 60 years and older.

Most women prefer simple designs—butterflies and small flowers—on their shoulders and, since the advent of mini-skirts, on the inside of their legs or knees.

Men's preference still tend towards the old standards—forearm eagles, snakes and words. Go to dancers to further afield, some displaying Johnson's handwork in their topless performances.

A 1964 graduate of Northville High School and a full time steel mill employee in Plymouth, Johnson operates his tattoo business only part-time—in the evenings and on weekends. He became interested in the tattoo business when during four years in the service, he was a customer in parlors throughout the world.

An Augusta, Georgia artist got him started, turning over to him a file of 500 stencils—some dating back to the Spanish American War era. His first customers were fellow servicemen who were getting tattoos from off-base clip joints for 25 bucks that he would do for \$5 or less.

Now his minimum price is \$5 for small designs, and ranging upwards to \$100 for the more elaborate full-figured sailing vessels costing \$125. Most jobs are in the \$5 to \$15 class, however, and require about 30 minutes of his time.

His wife, who wears some of her husband's designs, also has become adept at tattooing but she admits her precision work is not up to her husband's standard.

The Johnsons have a two-year-old daughter, and they are expecting another child.

Police Probe Death

Possible foul play involved in the death of a groom at Northville Downs early Friday morning is under investigation by city police.

William W. Ahola, 55, was pronounced dead on arrival at Wayne County General Hospital 12:30 a.m. Friday. Ahola, who had no identification on him when he was found, was identified shortly before noon Friday through fingerprints.

Police Probe Death

Officers say they believe he was robbed since a large sum of money Ahola was known to have and his wallet are missing. The parking lot of the Downs was searched with negative results in an attempt to find the wallet.

Editorials... a page for expressions ...yours and ours

SPEAKING for The Record

By BILL SLIGER

The temperature was 70 degrees, the sun was shining brightly, and as I looked down the 18th fairway at Foxfire in Pinehurst, North Carolina and watched the green needles gently sway atop the giant pines lining the fairway, I knew this would be my last tee shot of a three-day golfing trip.

a team, we really flopped. Bad holes together and good holes together. When one partner was in trouble, so was the other.

"We'd make a great circus act," Mike declared.

And the colonel agreed that we played like gorillas.

All day long they'd split the middle and chip them close. Mike and I would come flying out of the woods and traps in miraculous fashion, somehow remain in contention, only to three putt together.

As quietly and unobtrusively as possible, I had sneaked away from home and office for a long weekend of golf as the guest of Bill McAllister of Northville, who owns one of the condominiums at Foxfire.

Actually, the colonel and the hotelman came to enjoy our little act. They had us one down on the front nine and jumped at our offer of a "press" bet on the back side.

Friday had been foggy, but temperatures were in the sixties. Twenty-seven holes of golf helped remove the winter kinks and properly introduced the course.

When our opponents suggested that we stay longer, or even consider moving to North Carolina, I knew they hated to see the pigeons fly back north.

Another foggy day Saturday and another 27 holes.

As I lined up that final tee shot I hoped to salvage some pride, just as Mike had done with a "boomer" down the middle.

Sunday my partner and I (Mike Sonk of Westland) were ready. Just two shots off the pace in our flight. We had played so poorly together in the first round of the 36-hole tournament, that there was no way we could get worse.

But like Casey-at-the-bat, my mighty swing caught both turf and ball with the latter squirting to its familiar resting grounds amidst the pines.

McAllister and his partner, brother-in-law Warren Hoffman of Menominee, had experienced their share of difficulties, too, in the opening round.

The scribbles didn't change. Both Mike and I bogged the par-four 18th, its huge green causing my partner to three-putt after hitting two beautiful shots.

But Sunday we were ready: Early to bed, a big breakfast. Hit a bucket of practice balls. Putt 15 minutes.

Needless to say, we didn't win a prize. You might say, we were lucky to find our way back to the clubhouse.

And it was 70 degrees and the sun was shining.

After paying off our friendly side bet and hearing the colonel and hotelman again urge us to return for another game, we were greeted by a smiling McAllister and Hoffman.

We met our opponents, a retired army colonel and the ex-managing editor of the Erie, Pa., daily newspaper, now proprietor of the Pinecrest Hotel in Pinehurst.

They had teamed beautifully and captured third prize. We had lost another one.

Naturally, we challenged them to a little side bet. And in addition, Sonk and I made a little wager with McAllister and Hoffman that we'd top them by a few strokes on that sunny Sunday at Foxfire.

I've never bought that old "it isn't whether you win or lose" saying, but believe me—even losing is bearable in the pines of the Carolinas on a sunny day and a beautiful course. Especially in January.

Now it was down to the last tee shot. In just a couple hours it would be back to the airport and off for chilly Michigan.

The colonel and hotelkeeper may get another chance to see that circus act—but the gorillas will be better trained.

How could we have played so miserably and paired so poorly? As

Top of the Deck

They've Got Your Number, Too

By JACK W. HOFFMAN

Prizes offered through the mails have always intrigued me...but no more so than the humdinger offered by the American Home's Giveaway.

a salmon nearing the payoff upstream. That was on Monday.

On Wednesday she learned that the salmon's moment of glory is shortlived. In the mail came still another personalized letter from American Home...exactly like the first except that her very own lucky number had mysteriously changed to HD 590369.

My wife received her personalized entry blank last week with her very own lucky number, NF 652906. Presumably, no one else in the nation has this number so she has a good chance of winning herself a new home or \$53,500 in cash.

Three cheers for the gals. It appears they may break the discrimination barrier on two more fronts: at the Naval Academy in Annapolis and as Junior Achievement representatives at Detroit Economic Club meetings.

Not everyone received a number...no indeed. According to the good people at American Home, my wife's name was "selected" for entry. "Your lucky number is yours alone," she was assured.

But those are headlines, for the Big Papers. I'm just itching to write something on the home front about the gals who apply for membership

Naturally, she was as excited as

ROBERT DINGLEDEY

YES...

Watchout! Man has found himself a new toy. It's called a "snowmobile" by the ones who don't care for them and a "machine" by those who do. It is capable and, on numerous occasions, has been the cause of property damage, human suffering, pollution and animal discomfort.

Laws have been passed to control these machines but, man has taken it upon himself to ignore them and in fact, encourage the defiance of them for his own personal gain.

No longer can the nature lover, the hunter, or the rural pedestrian be safe from the roar and smell of its gasoline engine, as it races by at who knows how many miles per hour. You leap clear of its path and curse it. But, being a machine, an inanimate object, it says nothing and goes on about its task of destroying peace and tranquility at all hours of the day or night.

This grotesquely shaped and expensive missile, strangely enough, is not to blame. It is a creation of man and by man is controlled. Man, as its operator, is the cause of the destruction and discomfort—not the machine. Man guides it on its way, and takes it where it goes, whether it be through a bird sanctuary, Mrs. McIntosh's fruit orchard or across the ninth green at the local golf course, destroying every inch of the way.

The laws that have been passed to govern these machines should be more restrictive and take into account the driver that acts as a pre-puberty delinquent. He is the cause of the property damage, human suffering and animal discomfort...not the snowmobile.

Robert Dingledey
Wixom Councilman

FRANK GUINNESS

NO...

Snowmobiling itself has many practical uses. Please allow me to point out a few:

1. Snowmobiling has become a national pastime, allowing entire families to enjoy the long winter season. People can now enjoy the great out-of-doors with other snowmobiling families.

2. Snowmobiling has enabled our conservationists to feed our wildlife more effectively, as well as to more efficiently police all our national parks and forests.

It has also helped conservationists in battling forest fires, making it possible for firefighters to reach the danger area quickly and safely.

3. The snowmobile industry itself has produced numerous jobs in the United States, as well as in neighboring countries. It has also allowed marine dealers to stay open year-around, as opposed to the past's summertime-only business. It has brought forth a very profitable and exciting enterprise to the economy.

I firmly believe the snowmobile industry has helped in even more fields than just the recreational; it has helped our national economy and our unemployment picture as well.

probation after he pled guilty to an added charge of driving while ability impaired. The original charge of drunken driving was dismissed after he pled guilty to the added count.

Daryl A. Herter of 46327 Seven Mile Road was placed on three months' voluntary probation. He was arrested December 28 by city police for drunkenness.

In district court Saturday, Herms Gersch of Flint was found guilty of being drunk and fined \$129. Gersch, who was tried on the charge before a jury, was arrested July 7 by city police.

In Township...

Ransacking of a home of West Main Street Saturday is under investigation by township police.

According to reports, the home was entered through an unlocked door between 2 and 10:30 p.m. Missing is \$20 in cash, though the home had been ransacked. Police said footprints were found in mud outside the home.

Four minor accidents were reported to police during the last week. All were attributed to icy road conditions.

In Wixom...

Five different cases involving either stolen automobiles or attempted auto thefts topped a busy week for Wixom police.

A 1968 Thunderbird belonging to Daniel Michael Raffel of Detroit was stolen from the Ford Motor Company parking lot Saturday, January 15, according to police reports.

Raffel told police he had parked the car, gone to work, and returned to the place he had parked the automobile at 12:30 a.m. only to find the vehicle missing.

A 20 inch chain saw valued at \$271.13 was reported missing from the Korex Building by Peter Paisley. Paisley told police last week the saw had been stolen sometime around January 5.

HARVEY C. HODGE

A former Northville resident who served as a tugboat captain on the Great Lakes, Harvey C. Hodge, 43, died Friday in Cleveland, Ohio where he was attending Lake Carriers School to upgrade his license.

Born in 1929 in Sault Ste. Marie, he was the son of Harvey and Bertha Hodge, both of whom survive him. A 1947 graduate of Northville High School, he was a resident of Northville from 1938 until his marriage 13 years ago.

His wife, Jean, survives him. She lives in Dearborn Heights.

Other survivors include a brother, Homer of Detroit; two sisters, Shirley McEvey of Chico, California and Lillian Mosser of Plymouth; four nieces, one nephew and one great niece.

Funeral services were conducted Tuesday from the Janwich & Stevens Funeral Home at St. Peter and Paul Orthodox Church in Detroit, with burial in Woodmere Cemetery, Detroit. The Reverend Father Michael Dirgo officiated.

DONALD L. GREEN

Donald L. Green, 50, of 633 Evergreen, died January 24 at his home in Plymouth. He had been ill for the past six months.

Born December 17, 1921 in Northville, he was the son of Judd D. and Pearl M. (Shipley) Green. His wife, Marion Delano, survives him.

Mr. Green was a life-long resident of the Northville-Plymouth area and was employed in the Dearborn Engineer Division for the Ford Motor Company.

He was a member of the First Presbyterian Church of Plymouth, past master of Northville Lodge 186 F & AM, member of R.A.M. 55, Northville Council 38, and past patron of Orient Chapter, Eastern Star 77 of Northville.

Services were held at the Casteline Funeral Home where the Reverend Lynn Stout of Plymouth officiated. Burial was in Cadillac Memorial Cemetery, Westland.

DELBERT GROOM

Funeral services were held Saturday for Delbert Groom of Plymouth who died Wednesday, January 19, at St. Joseph Hospital in Ann Arbor. He was 57 years old.

Born November 15, 1914, in Missouri, he was the son of John and Mattie (Harris) Groom. He had moved to Plymouth from Kansas 25 years ago. Mr. Groom was employed as a mechanic by the Farmington School District.

Surviving are his widow, the former Freda Foreman, two sons, Donald and Kenneth of Plymouth, three daughters, Mrs. Roger (Carol) Rathburn of Northville, Mrs. Lloyd (Jean) Graham of Taylor, Mrs. Finus (Shirley) Caksockkar of New Port Richey, Florida, a sister, Mrs. Richard Monroe of Joplin, Missouri, and six grandchildren.

Officiating at the services held at Schrader Funeral Home in Plymouth were the Reverend Warren Tyler and the Reverend John Walaskay. Burial was in Riverside Cemetery, Plymouth.

Mr. Russell, who lived in Salem for the past 12 years, was a retired field superintendent with Link-Belt Construction Company in Coleman, Pennsylvania.

Surviving besides his widow, the former Della Patterson, are two daughters, Mrs. William Whitehead of Westland, Mrs. Curtis L. Powell of Plymouth, a son, Russell J. of Broham, four sisters, Mrs. James Garman, Mrs. William Moore, both of Niagara Falls, New York, Mrs. Bain Palmer, Sr. of Marion Center, Pennsylvania, Buelah of Washington, Indiana, seven grandchildren and six great-grandchildren.

Services were held at the Casteline Funeral Home where the Reverend Lynn Stout of Plymouth officiated. Burial was in Cadillac Memorial Cemetery, Westland.

Northville Tops Novi

It was another of those Northville versus Novi basketball contests, but this time the participants were all females, as the Northville girls' basketball squad defeated their northern neighbors 42-24.

Sharon Balko and Debbie Burken led the Pat Boyle coached Northville squad with 11 points apiece. Muriel Bedford added eight points. Carol Padgett's six point performance was tops for the female Wildcats, but Carol Maki and Kim Reska also scored in four point apiece in a balanced scoring attack. Norlene Chadwick is the coach of the Novi squad.

In the javelin game, the Novi girls turned the tables on the Mustang girls by taking an 8-4 decision in a tight defensive struggle.

BLOCKING OUT—Lincoln's Emil Barber adds a new dimension to 'blocking out' one's opponent, as he lands on the head of Novi's Pat Boyer.

FRIDAY MATINEE

Novi Loses, Then Wins

Speed—that's the name of the game the way Milan Obrenovich and his Novi High School basketball team play it, but Friday they ran a hot Ypsilanti quintet that thrives on speed and suffered a 91-63 setback.

It was quite a different story Saturday, however, as the Wildcats, paced by Jim VanWagner's 28 point performance, got back on the winning track, simply outturning a bigger, but slower, Milan five to take a 78-66 victory.

It was another of those two-game weekends in the Southeastern Conference, as the eight SEC teams finished up the first half of their schedules Friday and then started the second round of league games Saturday.

The loss to Ypsilanti gave Novi a 2-5 record for the first half of the season, and although those two victories represent more wins than the Wildcats have ever taken before in the conference, the first half record has got to be something of a disappointment to Obrenovich in light of what might have been.

Three of their five losses came by a total of seven points, as Chelsea, South Lyon, and Dundee all beat Novi with scores that came with less than 15 seconds left on the clock.

Only Saline and Ypsilanti established a clear-cut supremacy over the Wildcats, and they did it by surprisingly similar scores. Saline took a 91-82 victory, while Lincoln won by a 91-83 count.

Not so ironically, those two squads completed the first half of the season tied for the

Victory came to the Novi wrestling team last week when they won as infrequently as Coach Rick Trudeau's grapplers have over the past two seasons, victory on the mats is now something to be savored.

The Wildcats have had their individual winners, of course, as Tom Smith, Pat Ford, Duane Miller, Randy McGarry, and particularly Terry Auten have all had their share of successes during the season.

But last week the Novi squad took their first team victory, dumping Ypsilanti Lincoln by a score of 34-24. The victory was the first in seven dual meet outings for the Wildcats, and you have to go all the way back to last year's Milan meet before you find another Novi wrestling victory.

The Wildcats were 1-10 last season.

Novi's victory over the Raispliters was all the more impressive because they had to forfeit three weight classes, having no one to enter at 107, 134, or 121. Those three forfeits gave Lincoln an 18 point lead.

Trudeau might have expected it would be a good night for his squad again, as the Raispliters had to forfeit three weight classes, having no one to enter at 107, 134, or 121. Those three forfeits gave Lincoln an 18 point lead.

Upset! Mustangs Knock Off Tough Waterford Five

Backed up by a strong defensive punch, Northville's varsity quintet upset Waterford Mott, 64-62, here Friday night in one of those "go what a finish" games.

It was probably the Mustangs' best showing of the season, surpassing even the local five's lopsided victory over neighboring Novi.

Considering its previous winless showing in the Western Six conference, Northville had business keeping pace with the Corsairs but they did that and more besides.

Hustle, defense, and a stellar performance at the charity-line earned the local cagers their upset.

"Our guards were driving especially hard," said Mustang Coach Hal Koepke, who cited blocking under the boards as a key factor in Northville's strong first half performance.

And possibly—just possibly—some football drills Thursday night may have had something to do with the Mustangs' run into blocking dummies as they drive under the basket. It may have been just what they needed.

Western Six Standings

JV Win Is No Upset

Four players scored in double figures as Northville's JV basketball team racked up a 73-10 victory over Waterford Mott in the prelude to the Mustangs varsity's stunning upset Friday night.

Northville never trailed in their game against Mott. Forward Bill McDonald scored six points in the first quarter to help his teammates to a 14-10 lead in the end of that stanza.

The Mustangs added seven points to their lead in the second quarter, but the speed of Northville's offense kept Mott 18-11. As McDonald and Ed Kritch paced the attack with five points apiece.

Any chance Mott might have held to catch the young Mustangs was dispelled in the third quarter, as Northville put the game out of reach with a 26 point outburst, while holding Mott to an opportunity to 11.

No fewer than four Mustangs scored in double figures. McDonald led the team with 18 points, but he was followed closely by freshman center Doug Crisan who pumped in 17—ten of them in the third quarter surge. Tod Eis, a sophomore forward, had 15 points, and Kritch finished with 12. Northville's other starter, guard Ted Fuerges, had eight.

Novi JVs Fall Twice

While the varsity was working its way to a split in its back-to-back games last weekend, the junior varsity squad had to suffer through a double loss, as the first Ypsilanti Lincoln and then Milan took the measure of Coach Bob Wineburger's Wildcats.

Neither game was close. Lincoln took a 73-47 victory, and Milan won 78-51.

After taking an 18-10 lead at the first quarter, the Ypsilanti Raispliters got the game out of reach by outscoring Novi 22-7 in the second quarter to take a 40-17 halftime lead.

The two teams played on much more even terms in the second half. Lincoln 43, Novi 22. But the Raispliters' second quarter outburst had put the game out of reach.

Bill Ross led Novi scorers with 13 points. Pat Ford had nine and Gary Ford tossed in eight more.

In the Milan game it was the third quarter that proved to be the decisive one. The Wildcats trailed 36-27 at the half, but the Big Red broke loose in the third quarter, outscoring Novi 22-10 to make the score an unreachably 59-36.

Again it was Bill Ross who topped the Novi scorers, as he had another 13 point performance.

Wildcat Wrestlers Take First Victory

Victory came to the Novi wrestling team last week when they won as infrequently as Coach Rick Trudeau's grapplers have over the past two seasons, victory on the mats is now something to be savored.

The Wildcats have had their individual winners, of course, as Tom Smith, Pat Ford, Duane Miller, Randy McGarry, and particularly Terry Auten have all had their share of successes during the season.

Tankers 'Re-Beat' Crestwood

Although Ben Lauber won't admit it, his Northville High School swimming team has a few brothers on its schedule in the week ahead—needs against teams they've already beaten handsily once and who don't really present much of a threat to the talented Northville swimmers.

Of course Lauber tends to be one of those cautious, almost pessimistic coaches, who wouldn't predict a victory if he were coaching the UCLA basketball team against the Michigan State team for the short.

Northville's 77-28 conquest of Crestwood last week was notable for the implications it had on the state meet.

"We had an opportunity to try some fellows in some different events," reported Lauber, "and as a result we were able to qualify two more swimmers for the state meet."

Gary Putrow, who has already qualified to go to the 100 yard backstroke and the 200 yard individual medley, and John Pacific both qualified in the 50 yard freestyle by sweeping the event in 24.8 and 25.0 seconds respectively.

Also of potential importance for the state meet was the performance of the 400 yard freestyle relay team of Bill Maguire, Kevin Kelly, Bill Witke, and Joe Boland. Swimming together for the first time this season, the team easily won the relay event by 30 seconds with a time of 3:37.8. That time set a new Northville record and tied the high school record set by a team of Maguire, Witke, Boland, and Jeff Kapple in their third year last season in the state meet.

In addition, Boland won the 100 yard butterfly with his best time of the season in that event—59.1 seconds.

The victory also marked the 18th dual meet triumph in a row for the Northville Mustangs.

Tonight (Thursday) Northville will be shooting for number 19 as they host Livonia Churchill.

Hockey Teams Win in Inkster

If anybody's going to beat Northville's Squirt and Midget teams in the Inkster Suburban Hockey League, they'd better come forward soon, as presently Northville doesn't seem to be a potential challenger in sight.

The two hard-skating Northville clubs moved through their league games with ease last week to keep both their undefeated records and league leadership in tact.

Meanwhile, the other two Northville entries didn't do badly, either. The PeeWees and the Bantams each picked up a victory, and only a loss suffered by the Bantams to a strong Plymouth team kept the Northville teams from a perfect week.

The Squirts ages 9-10 squad, sponsored by the P.O.E. Eagles, blasted Inkster 7-0 in their only league game and then went out of their conference to scrimmage a classy Fraser outburst in the first round of league games.

Although the score in their non-league encounter was considerably closer, the outcome was the same, as the Northville skaters hung up a 3-2 victory.

John Pawlowski and Rod Michael paced Northville in the Inkster game as each netted a pair of goals. Single goals were scored by Ted Rickett, Tom Allen and Jerry Stelmach, who provided the decisive goals against Fraser, scoring late in the first and second periods after Tom Allen had opened the Northville scoring with a goal early in the first period.

The Thunderbird Inn-sponsored Midgets (ages 15-16) also played two games—both of them league contests. Mark Rutie and Garnet Peeling scored a pair of goals apiece, while Frank Knott, Mike Patwell, and Steve and the Bantams each picked up a victory, and only a loss suffered by the Bantams to a strong Plymouth team kept the Northville teams from a perfect week.

CONSUMERS POWER COMPANY

Gas Franchise Ordinance

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and other public places, and to do a local gas business in the CITY OF NORTHVILLE, WAYNE AND OAKLAND COUNTY, MICHIGAN, for a period of thirty years.

SECTION 1. That wherever the word "Grantee" appears in this ordinance it is hereby intended to refer to the Consumers Power Company, a Michigan corporation, its successors and assigns.

SECTION 2. The right, power and authority is hereby granted and vested in said Grantee to lay, maintain and operate gas mains, pipes and other public places, and to do a local gas business in the CITY OF NORTHVILLE, WAYNE AND OAKLAND COUNTY, MICHIGAN, for a period of thirty years.

SECTION 3. The City of Northville Ordinance No. 1 (Wayne Co.) City Hall - Council Room

PRECINCT NO. 2 (Wayne Co.) City Hall - Council Room

PRECINCT NO. 3 (Oakland Co.) Amerman School - N. Center Street, upon

MONDAY, MARCH 6, 1972

at which there will be submitted to the vote of the electors of the City, the question of ratifying a certain public utility franchise contained in an ordinance adopted by the City Council at its meeting held upon the 17th day of January, 1972, which said ordinance is entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the CITY OF NORTHVILLE, WAYNE AND OAKLAND COUNTY, MICHIGAN, for a period of thirty years.

On the date of said election, the polls will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be kept open until 8 o'clock in the afternoon, Eastern Standard Time, when they will be finally closed.

The City Clerk will be in her office on the 4th day of February, 1972, between the hours of 8 a.m. and 6 p.m., Eastern Standard Time, said date being the fifth Friday, as determined by statute, preceding the date of said election, for the purpose of reviewing and registration, and registering such of the qualified electors of the City as shall appear and apply therefor. In the event such fifth Friday shall fall on a legal holiday, registration shall be accepted during the same hours on the following day.

Board Approves Night Counseling

An experimental program in night counseling was approved Monday night by school board members.

The five-week program, which begins during the second semester, was suggested by members of DARTIE (Drug Abuse Reduction Through Education).

According to high school counselors Victor Temple and Jack Wickens, the main goal of the program will be to facilitate meeting the need of counseling for students in non-school related areas.

Counseling services will be offered on Thursday evenings from 6:30 to 9:30 at the high school on a walk-in, call-in or appointment basis.

Included will be information and referral for students finding difficulty coping with circumstances, short term and long term counseling, crisis counseling, small group experiences in special group sessions for parents and/or the community.

The program is aimed at students who might not

otherwise make use of counseling opportunities available during traditional school hours. It is not designed to replace the existing counseling program, Wickens explained.

In other action Monday, school board trustees approved a request for maternity leave for one teacher and granted contracts to two others.

Maternity leave was approved for Mrs. Ann Haase, fourth grade teacher at Sherman Elementary, effective March 3.

New teachers hired include Mrs. Iva Louise Wolf, a 1971 graduate of Eastern Michigan with a BS degree in elementary education. She will teach second grade at Moraine.

Also given a contract was Anita S. Kalousdian, a 1971 graduate of University of Michigan with a bachelor's degree in choral education. She will teach vocal music at the high school. Both are replacing teachers who have resigned.

Trustees also appointed Trustee Stanley Johnston as representative and Trustee Martin Rinehart as alternate to represent the school district at the Wayne County Intermediate School District budget hearing February 25.

Trustee Richard Martin was appointed to represent the district in exploratory sessions with the Michigan Association of School Boards discussing the establishment of a new school district. Johnston was named as alternate.

Record Set At Library

A record number of books were checked out of the Northville Public Library last year with 61,739 books read. Besides its present collection of 20,682 books the library also has available books from all other libraries in the Wayne County Federated Library System.

The most circulated book during the year was "Wheels" by Arthur Haley.

Also available for library users is the copying machine. For 10 cents, copies may be made of articles, personal papers and other materials.

During 1971, a library assistants club was formed under the name Biblians. Members of the club are in grades four through six and each learns the operation of the library, including the shelving of books.

Librarian Mrs. Robert Thornbladh reminds teachers that collections of books may be borrowed to use in the classroom and classes are welcome to come to the library for instruction. Teachers took advantage of both programs last year, she noted.

The library also has an display art works done by Northville students.

Library commission members for the year are Mrs. Steven Urban, Hurd Sutherland, Mrs. Albert Wiegand, Mrs. Charles G. Chase, Mrs. Roy Mattison, Mrs. William Sliger and Robert Bogart.

The library is open noon to 9 p.m. Monday through Thursday and from 10 a.m. to 5 p.m. Saturday. It is closed Friday.

Novi to Keep Road Open

School officials were told Monday that the suggested closing of the end of Willowbrook Street is not likely to happen.

Representatives of the board met with city council representatives and Kaufman & Broad administrators and it was concluded, board members learned, that a bridge will be constructed at the south end of the street to permit access to the school.

Early proposals for a rustic type bridge have been scrapped, officials reported, and a concrete structure with two lanes and a sidewalk on either side are now planned.

Regulating traffic signs on the street are planned, and road bumpers are to be installed on the school drive to slow traffic, board members were told.

In another report to the board, Superintendent Thomas Dale said repair work on ruptured lines at Novi Elementary was continuing early this week. The library was still without heat, he said.

Recent cold weather damaged circuit breakers, he explained, which disrupted pumps, causing several lines in the 1955 addition of the school to freeze and rupture. Inability to obtain all of the

necessary replacement parts delayed repairs, despite around-the-clock work, he said.

School was cancelled for third to sixth grades on January 18, and the planned transfer of sixth graders to the middle school was executed early because of the school condition, Dale said.

The superintendent also reported that efforts to organize a junior board have resulted in little progress because of apparent disinterest on the part of the student council. No explanation could be given, either by Dale or High School Principal Hal Seymour, for the student council reaction.

Before the meeting closed, Trustees William Ziegler proposed that the superintendent prepare a recommended policy on nepotism-employment of relatives of board members and administrators; that the district investigate again the possibility of using more of the school services offered by Oakland County; and that a review be made of the public's voting record to ascertain who is and who is not voting.

Novi Board OKs Budget

Continued from Novi 1

balance in the existing budget is likely to exist when the school's financial year ends in June, officials are not yet sure what this balance might be.

Anticipated tax revenue (not deducting delinquency) is pegged at \$1,246,742, while state aid is put at \$394,184. Still other anticipated revenues include state and federal monies earmarked for specific school programs.

Concerning tax delinquency, Dale said it has been running from 10 to seven percent annually.

During the discussion, officials noted the some \$11,000 might be saved if the district taxes were paid in two installments (twice yearly). They had reference to appeals to the city for dual tax collection periods to eliminate the necessity of borrowing money each year against anticipated revenue to meet financial obligations early in the school year.

Concept OK'd

Continued from Novi 1

stated that approval of cluster housing would give the city another, perhaps preferable, option to deal with the land along the heavily-traveled thoroughfares.

"I don't feel there's sufficient demand for commercial zonings along each of the mile roads," he said, "and I don't think you want all single family residences with yards abutting these streets either. Clusters gives you a third option for land use."

Planning board member Merle Jenkins directed his comments toward the demand for increased density levels. "The single largest problem facing the planning board in the next ten years is the pressure from developers to allow greater density."

"It can't be emphasized

Planners

Continued from Record 1

proposed to be raised from four to five rooms in three-bedroom units and from five to six rooms in four-bedroom units.

Township planner George Vilcan, who prepared the suggested change, explained lower density would be the result. He noted under the existing guidelines 9.1 dwellings were allowed per acre and under the proposed change the density would be reduced to 7.2 units per acre.

Also set for public hearing was a proposed amendment in the leading zones in industrial areas to permit the zones only in rear yards, interior side yards or space beyond the required minimum front yard.

Planners

In addition, the proposed amendment presented to the council Monday would allow cluster housing only under certain conditions: 1) land abutting a major thoroughfare at least 150 feet wide in right of way in order to provide transition between the road and one-family detached dwellings; 2) land having frontage on a major thoroughfare at least 120 feet wide and next to non-residential zonings (commercial or professional offices, for example); and 3) in areas in which unusual soil conditions or topography makes physical development under the normal subdivision approach impractical.

EARN WINGS—Lieutenant Neil G. Brasune

son of Reverend and Mrs. Lloyd Brasune of Northville, has been awarded his pilot wings and has been assigned to Laughlin Air Force Base at Del Rio, Texas as a pilot instructor in jets. A graduate of Alma College, he was commissioned in October, 1970. Following pilot training, he recently completed a survival course at Fairchild Air Force Base.

Tattoo Artist

Continued from Record 1

years ago, he explains. His first use was tribe marking by ancient Romans, Gauls and other European races.

Over the years "all kinds of people have been tattooed," including government officials, members of royalty, and top military brass. It became popular in the United States shortly after the Civil War, he explains, primarily because sailors traveling around the world returned with tattoos that intrigued their friends.

Today tattooing, he says, is popular throughout the nation and California has become the tattooing capital of the world.

Chinese and Japanese, however, are among the best artists.

Although tattooing is thought to be a trademark of masculinity—strong, virile men, that isn't necessarily the case, says Johnson. "I'd rather tattoo a woman anyway. They're not as nervous, hold still, and they can stand pain better. Big men come in and some of them start getting faint even before I start working."

Promote Officers

Continued from Novi 1

designation is a new one to the Wixom force, created at Von Behren's request. Currently, Sprenger is undergoing a training period with the Novi Detective's Bureau.

Paul Green, 29, has been a member of the Wixom department for the past seven years after having previously served as a military policeman in the United States Army. Like Sprenger, Green is a Wixom resident. He is married and has one child.

O'Sheky, one of the new officers, is a graduate of the Wayne County Sheriff's Police Training Academy and has served with the Wayne County Sheriff's department for the past two and a half years as a jail guard and a booking and court officer. He was a medical corpsman in the United States Army.

Kirby, 21, the other new officer, is a recent graduate of the Oakland Community College Police Academy.

In addition to the promotions and the hiring of the new officers, Von Behren also announced that

4 Churches Set Service

An ecumenical worship service involving four area churches will be held Sunday at 8 p.m. at the First United Methodist Church of Northville.

According to the Reverend G.C. Brasner, pastor of the Methodist Church, the service will be an experience of joint fellowship with emphasis on congregational singing.

Participating churches will include Our Lady of Victory Catholic, First Presbyterian of Northville and Holy Cross Episcopal Mission of Novi.

Several church choirs will be singing.

CITY OF NOVI NOTICE

NOTICE IS HEREBY GIVEN THAT the City Manager has been directed to prepare a report, including preliminary plans and estimates of costs, estimate of the life of the improvement, description of the proposed assessment districts, for the proposed construction of paving improvements in the City of Novi, to-wit:

Taft Road, between Ten Mile and Eleven Mile Roads

Taft Road, between Eleven Mile Road and Grand River Avenue

Meadowbrook Road, between Nine Mile and Ten Mile Roads.

NOTICE IS FURTHER GIVEN THAT THE SAID REPORTS will be given to the City Council at a Regular Meeting of the Council to be held on Monday, February 14, 1972, at 8:00 p.m. at the Community Building, 26360 Novi Road, in said City.

Jaycees Honor Jan Reef Rinehart Named Man of the Year

Martin Rinehart, 34, member of the Northville board of education, was named Outstanding Young Man of the Year last night by the Northville Jaycees.

Also honored at the dinner program held at Saratoga Trunk Restaurant in Novi, was Jan Reef, who received the Jaycees Distinguished Service Award.

Featured speaker for the occasion was Representative Marvin Stempin of Livonia, former Northville city at-torney.

Rinehart who lives at 552 Reed Street with his wife and two children, is assistant general distribution superintendent for the Standard Oil Company in Southfield. He holds a bachelor of science degree in civil engineering from the University of Colorado, as well as a bachelor of science degree in business administration from the same university.

He formerly worked for the United States government as a road surveyor in Colorado and New Mexico, managed a hardware store in Denver, Colorado, and for 10 years was in construction and maintenance for Standard Oil.

His present position puts him in overseas distribution of gas and fuel from 19 fuel terminals, handling distribution of all proprietary vehicles, supervising three fertilizer mix plants, and serving as air and water coordinator in charge of environmental controls within a four state region.

A resident of Northville for the past four years, he is a member of the Northville Presbyterian Church, served in 1968 as chairman of outdoor PTA activities, in 1969 as PTA millage commissioner, in 1970 as PTA treasurer and millage committee chairman, and in 1971 as PTA treasurer at Amerman Elementary School.

From 1970-1971, he was present of the adult board of the Caven Teen Club and he continues as a member of the adult board.

He was appointed to the board of education in March,

High Rises

don't think a lot of them will spend the necessary money for a sewer tap and will decide to sell instead."

Although the high rise developments are presently being considered only in conjunction with the area surrounding Walled Lake, Shadduck stated that the possibility of high rise developments in other parts of the city should not be excluded.

Furthermore, future high rise building might not be limited to residential use, as Shadduck specifically mentioned the possibility of high rise buildings in the area of the Shopping Centers Incorporated development.

Top Photographer

Galbraith Joins Argus, Herald, Record Staff

D. James Galbraith, one of Michigan's best-known and respected press photographers, joins the staff of Sliger Publications this week.

Jack Hoffman, assistant-to-the-publisher of The Northville Record-Argus, Brighton Argus and South Lyon Herald newspapers, announced that Galbraith would head up the newspapers' photographic department.

"We're extremely happy to add Galbraith to our staff because we've always known that professionalism in photography is an area neglected by our newspapers," Hoffman noted.

In Galbraith, the community weekly newspapers serving Northville, Novi, South Lyon and Brighton, acquire a recognized artist in camera and darkroom skills.

Galbraith will take pictures, train other staff members in his methods of photography, and do all darkroom developing of photographs taken for use in news stories, features and advertisements in Sliger Publications.

His skill will also be employed in taking and developing photographs for commercial printing in the Northville Record plant.

"Our newspapers have won more than their share of awards for news reporting, typography, columns, features, etc., but we know we can

Record Set

improve our products further with use of good pictures," said Hoffman. "That's where Galbraith comes in".

Galbraith, whose pictures have appeared in publications such as Life, Look, Time, The New York Times, The London Times and The Paris Match, has been a professional photographer most of his life.

Now the president of the Michigan Press Photographers Association (MPPA) his first job as a professional photographer was with Ann Arbor studio at the age of 16. His first full-time photography job was as an assistant in research at the University of Michigan's Institute of Science & Technology, shooting pictures of the nation's first missile system, the Bomark.

It was while with the Institute that he developed an interest in photo journalism.

During the Korean War, he served four years in the Air Force—his last year on the press staff of General Curtis LeMay.

Upon discharge from the service he returned to his hometown of Ann Arbor as a photographer for four years with The Ann Arbor News. He left newspapering to enter private business as a portrait-commercial-industrial photographer, eventually becoming associated with a national studio handling portraits of the nation's lawyers, judges and the Catholic clergy.

In the formative stages of the International Greek Theater in Ypsilanti, Galbraith was commissioned to handle that newly-formed group's publicity, churning out some 10,000 photographs circulated throughout the world. It was during this period that his penchant for stage photography blossomed and he became one of the foremost photographers in this medium. And while with the theater, he also played minor acting roles.

In 1967 he joined the staff of The Livingston County Press as a news photographer, as well as continuing his free lance photography. He was with The Press until joining this newspaper.

Besides serving as president of MPPA, he is a board member of the National Press Photographers Association and he is a past member of the Professional Photographers of America and the Industrial Photographers Association of Michigan.

Presently, Galbraith has a one-man show of his works on display (through Saturday) in the Forsythe Gallery in Ann Arbor.

Although a preponderance of his pictures are shot in natural light with 35 millimeter equipment, he owns and uses everything producing 35 mm to 8 x 10 negatives—including Leica, Nikon and Hasselblades.

An Ann Arbor high school graduate, he studied for two years at the University of Alaska while serving with the Air Force. Divorced, with two teenage children, Danielle, 17, and Robin, 13, he lives at Round Lake near Brighton.

WE'RE DOING A LOT FOR AMERICA. WE WANT TO DO MORE.

THE \$200 billion SAVINGS & LOAN business

America's Savings and Loan Associations are now \$200 billion strong. It took 152 years to reach the first \$100 billion in assets and only eight years to reach the second \$100 billion.

Lending money to people who want to build or buy homes is still our major lending job. Today, we make more loans for one to four family home purchases than do all other sources of home financing combined.

On the savings side we offer a wide range of savings plans in addition to the daily interest passbook savings account. We have a variety of short and long term certificate accounts. We're still growing because more and more people know we offer a high return, with insured safety.

When you put money in a Savings and Loan Association you are helping build America's future. This is the real meaning of the \$200 billion. Savings and Loan story.

Congratulations Young Americans 18 to 21

Babson Report

Fewer Labor Hangups Seen in 1972

DESPITE the fact that the new year opened with continuing friction on the docks and recurrent friction between labor and the Pay Board, 1972 will see far fewer tense situations than were noted in the past two years.

steel giants that met unions at the bargaining table in 1971. There will, as usual, be expiration or reopening of agreements in a fair number of fields, including machinery, communications, retail outlets, clothing manufacturing, chemicals, and building trades.

LABOR AUTHORITIES are basically of the opinion that controls are illegal because they change terms included in an already accepted pact. More economists, politicians, and businessmen also have an uneasy feeling about the effectiveness of wage-price curbs, particularly in peace-time.

Research Department of Babson's Reports that Congress will not enact any new "anti-labor" legislation this year, except as we have noted-one shot measures if they are really needed to protect the public.

There will be an increasing trend toward shorter-term labor agreements, insisted upon by unions in the hope of getting bigger raises after controls are eliminated.

Strictly Fresh

If you think your kids are spoiled, try getting downwind of a hippy colony. Many a seer makes a prophetic living. There's no skeleton in OUR family closet; we keep it in a trunk in the crawl space. Girls-if you have nothing much on for the evening, you're right in style.

THERE HAVE been differences among the Pay Board's three factions since the initiation of Phase 2, with fault-finding over decisions and disagreements over the fairness of pay versus price rulings. This year, however, tensions should be somewhat reduced because of more relaxed standards. The Board has adopted rules which permit raises to be granted if they fell due during the wage-price-rent freeze period, although there is still a general guideline of 5.5 percent. Here again, however, there is considerable elasticity, and some wage hikes in both multi-year contracts and newly signed agreements are being allowed to surpass this yardstick limitation under special circumstances.

President Nixon himself—despite brave claims that price increases can be reduced to 2-3 percent a year within a reasonable length of time—has never really had confidence in such wage-price curbs. He has clearly recognized their failure in the past, and he has strongly hinted that he intends to terminate Phase 2 before the year is out.

IT IS THE OPINION of the

Economy Spurs Camp Trailing

Economy is one of the major reasons families buy recreational vehicles. Convenience and ease of travel are other reasons, but economy ranks at the top for many.

A family with a travel trailer, camping trailer, or pickup camper can be free of high motel bills, the high cost of restaurant eating, and the necessity for carrying "dine-out" clothing while on an outdoors vacation.

At the same time, the family can enjoy the beaches, mountains, streams, lakes, and ski runs just as much as those staying in fancy resorts.

Particularly for those who like to travel a lot or who enjoy a number of camping weekends each year, a rec vehicle is a good investment.

The first cost saving comes in lodging. Motel rents can run up to \$30 or more a night for a family. Fees for public or private campgrounds

DRESSAGE SCHOOLING February 5-6 Dressage Schooling show to be held at Bloomfield open Hunt, Birmingham. Entries close February 1, for further information, contact Bloomfield open Hunt.

The Midwest Dressage Association will present the Hans Moeller clinic starting Monday morning, February 7, to continue through Saturday, February 12, at Bloomfield Open Hunt. Morning session is from 10 a.m. - 11:30 a.m. Evening from 8 p.m. - 9:30 p.m.

The cost to participate for the week is \$70, spectators \$2 per session or \$10 for the series.

Starting January 30, Miss V. Hopkins, Union Lake will be conducting a Dressage seminar from 5 to 5 p.m. This will be held at Tristan Oaks, Oxbow Lake Road every Sunday for four consecutive weeks. Cost for spectators is \$1.

Books Set Impressions Early in Life

"In many ways, parents are responsible for providing the experiences on which their children's impressions are based," says Jeanne Brown, extension child development specialist at Michigan State University. "Carefully chosen books can guide your child's growth and prepare him for later enjoyment of books and reading in school."

"No book can be absolutely recommended for any age group," she says, "but certain types and themes are popular with most preschoolers."

A young child's first interest is in his home. Mrs. Brown points out, so he enjoys stories about relatives and family. If it weren't for you, by Charlotte Zolotor is one such story in which an older brother expresses jealousy for his younger brother. For example, if not for his little brother, he could have a room of his own and sit in the front seat of the car! The ending shows there are advantages, too.

Books can prepare children for new experiences and preserve the excitement of daily living. For example, Sharp and Shiny by Marguerita Rudolph shows the fun of getting dirty—and cleaning up—when you are very small. Alfons Weber's Elizabeth Gets Well shows a child what it's like to be in the hospital.

Books about weather and changes of season increase a child's fascination. One exciting weather book is The Storm Book by Zolotor. The child will learn what makes the first stillness of a storm, the thunder, the lightning and the beautiful rainbows.

"Concept books," counting books and ABC books all describe abstract ideas in understandable terms. With simple illustrations, they apply the concepts of shape, weight, numbers, words, etc. to more familiar objects. For example, Carolyn Ramires examines size in Small as a Rain Big as the World.

Children enjoy animal stories when the hero acts like a human, especially like another child. Bedtime for Frances, one of a series by Russell Hoban, shows how a young badger tries to evade bedtime. And, there are many other charming animal stories.

Picture books of other lands and different ways of living help to expand a child's awareness. One of these is Leo Politi's book, Little Lee. While it depicts such unfamiliar scenes as Italian vineyards and olive trees, it also shows how all the world's children love to play.

Sweeping Election Changes?

LANSING—While much recent attention deals with legislative programs proposed by Gov. William G. Milliken and various legislators, Secretary of State Richard H. Austin has drawn up proposals for significant change in two of the most

important areas of his responsibility.

If enacted, they would change the state picture significantly in both the fields of elections and traffic safety. In one area, they would actually combine the two.

Austin wants people to register to vote at the same time they apply for or renew a driver's license. This would save time and travel for the citizen; consolidate records, or renew a driver's license. If this were done, he says, more people would be eligible to vote, and registration would be done on a regular, efficient basis rather than on a rush basis right before the deadline which precedes election day.

IF HE CAN'T bring about this change, Austin would at least like to stop the removal from voting rolls of all voters who don't vote for a two year period. He'd like to see the period extended to four years.

This is hardly for purely altruistic reasons. It is well known many Democratic voters tend to vote only in presidential elections. That means they have to go out and register to vote before each presidential election. That means they have to go out and register to vote before each presidential election.

Republicans, on the other hand, are more faithful about casting their ballot during off-year elections as well as in presidential years.

ALTHOUGH IT seems impossible to control, Austin also would like to see more limits placed on campaign spending in the state.

"Presently candidates and supporting committees are supposedly limited to four cents per eligible voter, but there is no limit on the number of committees behind

each candidate," he points out.

Austin would like to see stringent standards of 10 cents per voter put on all advertising in general elections and a lower limitation for primary elections. There are questions of constitutionality here because the right of people to pay to support a candidate must be dealt with.

More steps to eliminate bad drivers from the road is another Austin goal.

First, he would like to give persons convicted of driving while ability is impaired by alcohol or drugs six points on the driver's license instead of the present four.

HE WOULD also like to make sure persons who drive with a revoked or suspended driver's license serve 72 consecutive hours in

jail under the law now requiring three days imprisonment. He says some judges allow persons to fulfill the three day requirement by serving Saturday night, Sunday and then leaving on Monday morning.

The Secretary of State would like to set up a system where physicians routinely report medical conditions of patients whose situation might impair a driver's ability to control his vehicle. This would include having hospitals notify the Secretary of State whenever they admit a driver for the treatment of alcoholism.

THE MARCH of time about to eliminate the brick road in Michigan. At last count, there were only 5.5 miles of brick road left in the State highway system. That's out of

Authors to Speak Fly Fishing Talk Slated

An invitation has been tendered to area fishermen to attend a special meeting program of the Michigan Fly Fishing Club on Wednesday, February 2 at Bentley High School in Livonia.

It will begin at 7:30 p.m.

"It's a program I think the fishermen in your area will really enjoy," said the secretary, Joyce M. LaClair.

Highlighting the program will be a presentation, titled Selective Trout, by authors Doug Swisher and Carl Richards. It will deal with a new and scientific approach to trout fishing.

Swisher and Richards, who will include slides with their presentation, will discuss their research, conclusions and solutions to the problems that both new and experienced fishermen encounter on trout streams.

In addition, the club will make a presentation of a plaque to Stanley Bisque, a well known fly fisherman in Michigan, for his contribution to fly fishing. Special note will be made that he invented and tied the first "deer hair mouse" than can now be found in many a fisherman's tackle box today.

The Michigan Fly Fishing Club is an organization of fly fishermen dedicated to the promotion of fishing, and the protection of gamefish and their natural habitat throughout the State of Michigan.

Parks Welcome Winter Campers

The number of Michigan parks keeping gates open to service the winter camper has jumped 30 percent over last year, according to Automobile Club of Michigan. An Auto Club survey of Michigan parks operating this winter shows 62 state and 58 private campgrounds open. Most state park campgrounds in the several years have been operating all year. Privately operated campgrounds open this winter have grown 50 percent as compared with 1971. Auto Club's survey shows: Camping units are being used by many families to lower the cost of skiing and snowmobiling weekends since they reduce \$15 to \$30 nightly lodging costs per couple to \$3 or \$6 nightly per family. Trailer cooking facilities also help save on the cost of restaurant meals. One Michigan campground, located just south of Gaylord, is staying open this winter even though the facility just started operation last summer. "We are located near Bear Mountain and Skyline ski lodges. We have access to 200 miles of marked and about 2,000 miles of unmarked snowmobile trails," states Bob Steubs, manager of Yogi Bear's Jellystone Park Campground. Some weekends so far this winter, Jellystone Park, with 150 summer sites, has had over 40 camping families. Patrons pay \$4 per night at Jellystone Park which includes use of electricity plus a heated shower building and an indoor recreation center with a log-burning fireplace. The campground also keeps its store open all winter and has 11 snowmobiles renting for \$8 per hour of \$40 per day on weekends. Camper rentals are also available at Jellystone. The units range from 14 to 18 feet and sleep four to eight per

We're Celebrating Our 1st ANNIVERSARY

A Special "THANK YOU"

I would like to take this opportunity to thank the people of Livingston County, and surrounding areas, customers, friends and neighbors for their warm welcome and support during our first year in the Howell area.

We sincerely believe it takes a good product, the best automotive maintenance equipment, and a certain "know-how," to keep our customers happy with the purchase and upkeep of their automobiles from Clayton Cadillac-Olds.

We are anxious to show motorists of this area that we really care about their automotive needs—that we will always strive to give our customers the best in value and service.

In Recreation Vehicles Economy Spurs Camping

Continued from Page 2-B

usually are only a couple of dollars a night. And if the vehicle is self-contained — with cooking, sleeping, and sanitary facilities — the family can camp in national or state forests or remote areas for nothing.

Another savings item comes in equipment. There's no need to rent skiing

equipment, golf clubs, outboard motors, or other items. You can carry them right with you.

Rec vehicles of all kinds will be on display at the fifth annual Detroit Camper and Travel Trailer Show. It opens Saturday, Feb. 19, and runs through Sunday, Feb. 27, at the Detroit Artillery Army

on West Eight Mile Road. Heady to tell prospective buyers about the savings that can be theirs will be representatives of trailer and camper sales firms, campgrounds, and camping suppliers. Banking and insurance representatives will be available to explain how easy it is to finance and insure a recreational vehicle.

Bricks originally were used to replace decaying plank roads and were considered quite an innovation. But they were slippery when wet or snow covered and dislodged and cracked by trucks, snow plows and fast moving automobiles. When concrete and asphalt made their debut in highway construction, the use of bricks declined.

Concerned About Meat Costs?

With a little planning a little comparing, you can prance your food dollar but still eat well. Start with meat! About one-third of every food dollar goes for red meat, poultry, fish, with red meat making up the largest share.

meat is not always obvious, since the price per pound does not take bone and fat into account. Some cuts contain relatively large amounts of bone. Fat and connective tissue, while others are nearly all meat. The difference in yield of edible meat has an important effect on the actual cost of an individual serving.

the thrifter eat. If you're really trying to economize on meat, you can make the best tender cuts your main choice. 75 of the beef animal is made up of these cuts, parts of the animal which have had more exercise, so they're less tender and are in less demand and proportionately lower in price.

Babson Report

Continued on Page 14-B

a total of 9,251 miles in the state highway system. The longest section of brick paved highway in the state system is a one-half mile section of Saginaw Street in downtown Flint. The remaining 5.4 miles are scattered through 16 lower peninsula counties.

Many of the brick surfaces on the state highway system were never removed, but were covered by an asphalt covering.

Albert Weiss, a Farmington engineer representing Novi-Ten Associates, appeared before the Novi council Monday night seeking assurances that utilities would be available at Novi road and Ten Mile.

The Novi-Ten group proposes to begin its development of the 130-acre former Trwin Orchards property on the southeast corner with a complex of stores including a major supermarket, drug store and three to five auxiliary shops.

Services Sought for Major Shopping Center

Construction of Novi's first major commercial center may begin this summer if arrangements can be made with the city for water and sewer facilities.

The Novi-Ten group proposes to begin its development of the 130-acre former Trwin Orchards property on the southeast corner with a complex of stores including a major supermarket, drug store and three to five auxiliary shops.

First stage of the project would include about 48,000 square feet of retail space. The second stage, slated to follow within two to four years depending upon population growth, would provide another 100,000 to 300,000 square feet of store area on the 30-acre commercially-zoned corner parcel.

Weiss noted that the total 130-acre site is zoned for commercial, professional office and industrial use.

"We think it promises to provide the community with both needed services and tax base," he told The News this week. "The 14-acre office area fronts on Novi Road south of the commercial site, while the 95-acre industrial section fronts

on Ten Mile east of the commercial zone and extends southward along the railroad. Weiss said the start of the shopping center depends on the availability of utilities (water and sewer). Once started, he estimated the first stage would take nine to 12 months to complete.

The initial development, approximately six stores, would be built on a 10-acre L-shaped parcel behind the existing Irwin Orchards' building on the corner. The Novi center would have access from both Ten Mile and Novi Roads, Weiss stated.

When services are extended to the location, they will in

all probability come from the east across 10 Mile Road, City Manager George Athas said Wednesday. A Huron-Grand Sewer System interceptor is now running parallel to the railroad tracks that cross 10 Mile and water lines have been extended as far as Meadowbrook Glens subdivision.

Both the source and the financial means of extending services are still under investigation, however, Athas said a special assessment could be levied or a pay-back agreement with the Novi-Ten group might have to be worked out. As to when water and sewer might be available, Athas would only say an "educated guess" would be within the year.

Mark Twain Performance Scheduled

Tom Noel brings his highly acclaimed one-man performance of "Mark Twain at Home" to the Clarenceville High School auditorium on January 28.

Currently on tour of college campuses across the nation, Noel has enjoyed great success portraying America's best loved humorist. His drama has been variously described as "highpoint of an exciting year," "we actually had Mark Twain here on our stage," and "truly marvelous performance."

According to Noel, Mark Twain was the first swinger of the century — and he is still swinging today. He speaks to all generations, regardless of sex, of nationalities, of races, of political and religious affiliations. And he never goes out of date.

"Mark Twain at Home" is being sponsored by the Schoolcraft College Cultural and Public Affairs Committee. It will be performed at 8 p.m. Admission price is \$1 for students and \$2 for the general public. Tickets are on sale at the College Bookstore and will be available at the door the evening of the performance.

Mail order tickets are available from the Schoolcraft College Student Activities Office, 1800 Haggerty Road, Livonia 48151. Clarenceville High School is located at 20155 Middlebelt, Livonia.

Seminar For Adults Underway

A lot of adults think about going back to school but somehow their plans never get beyond the thinking stage.

They should consider the Human Potential Seminar being offered at Schoolcraft College.

The seminar meets three hours weekly for eight weeks. It is composed of adult men and women who have been planning to go to school but didn't know where to start. The seminar is a good place to start.

Their teacher is a trained counselor from the Schoolcraft staff. Only he isn't a teacher, because there are no written assignments or tests or grades or credits for the seminar. He is more of a guide, a friend, somebody who understands and wants to help.

That's because the seminar gives adults an on-campus experience with others who like themselves, want to go back to school. It's a chance to explore their opportunities, to evaluate self-interests, to engage in goal setting and planning.

The seminar is held Monday through Thursday nights from 7-10. It begins the week of January 31. The cost is \$25 and enrollment each night is limited to 12 persons on a first-come basis.

For further information or to pre-register for the seminar, telephone the community services office at 591-6600 extension 364.

Arrests Soar

149; and 17,111 registered 15 and above.

Police agencies administered the most tests during May when 2,105 were given. Other months were January, 1,548; February, 1,511; March, 2,003; April, 1,801; June, 1,467; July, 1,815; August, 1,695; September, 1,764; October, 1,843; November, 1,987; and December, 2,066.

During 1970, the most breath tests were given in December when 1,878 were administered.

Athas Says 'Taxes Go A Long Way'

By GEORGE ATHAS
Novi City Manager

Every year about this time the same comments are heard in the municipal offices. Not just in Novi, but throughout the state of Michigan. You have all heard them and we have all said them: "these taxes are ridiculous," "what do they do with all the money?" "you would think for all the money we pay, we would get a little more service."

Maybe the time has come for someone to tell it like it really is. It is my firm belief that only one out of every fifty tax payers has any idea what they really pay to the City of Novi; and just what they get for their money. The average house or homeowner in the city pays approximately 26 cents per day which is about half the cost of a pack of cigarettes or three bottles of coke. This boils down to a little over one penny per hour.

Of the three major categories, County, School and City, the smallest "take" is by the City of Novi. Presuming you paid \$50,000 for your home and it is properly and legally assessed at 50 percent of its current market value (which, incidentally, is a state law) your total tax, presuming you are in the Novi school district is \$1,203.76. Of this the city receives only \$162.50 or 44 cents per day. Based on a twenty-four hour day, this is a little over one and three-quarter cents per hour.

Incidentally, there are not that many \$50,000 houses in Novi yet. Just what are you getting for your one and three-quarter cents per hour. First, and probably most important, you receive 24 hour a day service of seventeen police officers, 4 police cars plus 24 hour dispatch service. You also receive 24 hour a day fire protection including six pieces of fire fighting equipment which, by the end of this month, will be located in two buildings. You also receive the services of ten people in the Building Department, three people in the sewer department, six people in the Department of Public Works (roads) as well as the service of a nine man (free of charge) Planning Board, a six man Board of Appeals, a three-man Board of Review and a current twelve man (free of charge) Road Commission.

There is also a Library Board and a Community Building Board. For the same one and three-quarter cents per hour you receive the services of an Assessor and a secretary and a complete record keeping service in the person of a City Clerk and two deputy clerks as well as a City Manager and secretary, a City Treasurer, deputy treasurer and a switchboard operator.

Last, but certainly not least, the intensive service of the City Council and the mayor also are available for the same one and three-quarter cents per hour. You also receive the services of two of the most prestigious firms in the United States, Villacian-Leman, our planning consultants, and Johnson and Anderson, our consulting engineers, as well as the services of one of the most experienced city attorneys anywhere in the Midwest.

Now, as to your \$162.50. If you had one fire call during the tax year, that costs the City \$200.00 in man and material hours. Not being a fire fighting organization, this is "raw cost figure." In this instance the City has lost \$7.50. If you receive one police call you have eaten up approximately ten days tax payment.

There is no question that taxes, per se, are high. But all too often we have a tendency to point a finger in the wrong direction. There is not anywhere a better "bargain" than what you, as a tax payer in the City of Novi, receive for your money.

But let's go one step further. Nobody really wants apartments or industry. Sure, they are necessary but let's keep them limited so that we can have a nice country atmosphere to live in. The blunt, harsh truth of the matter is that single family homes on large lots are a loser. The only people who do "pay their way" are apartments and industry.

So that I will not be accused of being prejudiced, I am using my own subdivision for this example. The total CITY TAXES in my subdivision for 1971-72 (and less in mind) is the total for the entire subdivision were \$15,321.00. I will let the reader decide how much fire, police and building dept. calls this subdivision had. The total city tax for Michigan Tractor, as an example, was \$15,300.74 and as near as we can tell, they have had no fire calls, one police call and no other services.

It is not the intention of this article, in any way, shape or form, to belittle or play down the single family homes. But, the time has come when the people of Novi should realize where their tax dollars go and it's fairly obvious that the biggest percent does not go to the City of Novi.

The amazing thing is not the fact we are paying too much for our service. The amazing thing is that you are getting as much for your dollar as you are.

Top Wixom in Value

Median value of homes in Novi is some \$6,000 greater than homes located in Wixom, according to census data disclosed this past week by the Southeast Michigan Council of Government.

Value of owner occupied homes in Wixom is put at \$20,110, with the median rent \$120. In Novi the median value of homes is \$26,520. No median rent is shown for Novi.

Figures show 2,898 housing units in Novi, with 0.3 percent occupied by non-whites, 2,214 owner-occupied and 462 renter-occupied. Wixom has 681 housing units, none are

State OK's Annexation Cuts Township To One Section

SEWER LINE—Construction is underway on the Grand River-Novu Road Sewer Trunk. The line was ordered by the State Water Resources Commission some five years ago when it cited Novi for polluting the nearby lakes and streams. This new loop will cover approximately one-half

mile, stretching from the railroad tracks along Novi Road to the south to Adell Industries on the north and from Clark Street on the west to Novi Drug Store on the east. Estimated cost of the project is \$700,000.

Brookland Farms subdivision is all that remains of Novi Township as the State Boundaries Commission Wednesday approved the City of Novi's petition to annex the other seven parcels of land that comprise the present township.

At the same time, the Boundaries Commission let a little doubt that they would not approve the city's petition to annex Brookland Farms when it comes before them at a later date, thus bringing an end to the township form of government within the boundaries of Novi.

It was Commissioner Irving Rozian who indicated that the Commission would approve the Brookland Farms annexation of the seven parcels.

"The filing of an additional petition by the city for Brookland Farms was an important consideration in our decision to approve the initial petition," he said, "as we felt it is important that Brookland Farms not be left hanging by itself."

Rozian also urged Brookland Farm residents not to exercise their right to veto the Commission's decision, when it is made, with an election, as annexation is essential to their ultimate benefit.

If and when the Commission does approve the city's annexation petition for Brookland Farms, the residents of the area to be annexed can overturn that decision through an election.

According to the procedure laid down by law in annexation proceedings, some time after the Commission announces its decision an adjudicative meeting that decision, and the reason for it, are put in a written document called the "findings of fact and order." In these "findings of fact" a date is set on which the annexation will become effective.

If the area to be annexed contains more than 100 persons they can legally require an election by submitting a valid petition signed

by at least 25 percent of the registered voters.

The petition must be obtained during the 30 day period between the time the Commission "declares" its "findings of fact" and the date specified in those "findings" as to when the annexation becomes effective.

Approval of the "findings of fact" and the date specified in those "findings" as to when the annexation becomes effective.

Approval of the "findings of fact" and the date specified in those "findings" as to when the annexation becomes effective.

Approval of the "findings of fact" and the date specified in those "findings" as to when the annexation becomes effective.

Approval of the "findings of fact" and the date specified in those "findings" as to when the annexation becomes effective.

1-Mill Issue Set in Novi

City to Vote on Roads

Novi voters will be asked to approve a one mill hike in taxes to be used specifically for street and highway improvements.

The council, however, was reticent about beginning a total road program without first having a voted millage increase, and while there was general consensus among council members that the purpose of the meeting was presented, it can be safely assumed the school board is willing to discuss possible acceptance of a share of the cost for paving Taft Road in

return for council's consideration of their request to have their taxes collected twice a year instead of once.

The School Board would like their taxes divided and collected in both the summer and the winter.

The council also received a letter from the Michigan Department of State Highways approving the use of state major highway funds for the paving of Meadowbrook Road between Nine and Ten Mile.

In Wixom

New Police Unit Shines

Within four days of its inception on January 24 the newly-formed investigative arm of the Wixom Police Department, with Sergeant Wallace Sprenger at its head, made its debut in a series of arrests involving stolen autos and the charging of a Detroit man for possession of untaxed cigarettes.

Two juveniles were arrested and two juveniles taken to Oakland County Jail by Sprenger had Ohio license plates. The rash of prior car thefts all took place in the southeastern area of Michigan and Toledo.

Sprenger stopped both cars on a routine traffic check at the corners of 12 Mile and Napier roads. "It was just a hunch," said

Council Hears Reports

Novi's first State of the City Report, destined to become an annual event in years to come, was the subject of a city council Monday as the department heads gave an accounting of their departments' past accomplishments and future goals.

The reporting departments were as follows: John Merrifield, assessor; Earl Bailey, building and safety department; Mable Ash, city clerk; Frances Gow, controller; Fred Loyes, fire chief; Lee Begole, chief of police; Edward Kriewald, sewer and water - D.P.W.; and Geraldine Stipp, treasurer.

"The purpose of this is to tell you what we've been doing, how we've spent your funds and what we need in the future," said City Manager George Athas.

Much of the dialogue centered around the effect of the growth of the city on the various departments and the need for increased equipment, personnel and services for Novi residents.

City assessor Merrifield began the presentations with an appeal for increased industry in Novi.

Commenting on the ratio of residential and agricultural bases to the population, Merrifield said, "The ratio is not good. The residential and agricultural base is much too high."
