In Our Town

By JEAN DAY

WHEN SIXTY of the Detroit Historical Museum's collection of distinguished historic costumes are modeled in a benefit, "History a la Mode," March 25 in the museum's Dodge Hall, one of the models will be Mrs. Paul Robinson of 43430 Reservoir Road.

Judith Robinson, pictured in a white lawn afternoon dress, demurely sashed, from the museum collection also will wear a fabulous ball gown worn by Mrs. Russell A. Alger in 1890 to a Washington event.

"I've been a member of the Detroit Historical Guild ever since I was 18 years old," Mrs. Robinson recalls, noting that this month's issue of "Detroit Adventure" publication has a picture of her on the cover taken at the museum 20 years ago.

Looking back on her monthly trips to meetings, she adds that they have been worth while as "you learn something every month."

A highlight of the 2 p.m. show this Saturday will be the viewing of four generations of wedding gowns worn by members of the Kresge family. From the years 1875, 1897, 1923 and 1952, they originally were worn by Mrs. Wesley Banghart (Josephine Davidson), Mrs. Walter McVittie (Callie Banghart), Mrs. Stanley Kresge (Dorothy McVittie) and Mrs. Bruce Kresge (Peggy Sale).

They will be modeled by contemporary Kresge ladies, the Misses Kathy, Cynthia and Susan Kresge and Mrs. Bruce Kresge.

"Sports" enthusiasts of an earlier day will be represented by bathing costumes, as well as those for walking and riding.

Proceeds will go to the Detroit Historical Commission to help offset budget cuts imposed earlier this year. Tickets for the show and tea are \$5 and may be obtained from the society office, TE1-0168. Mrs. Robinson also has a few and may be reached at 349-5137.

SIXTEEN members of the Northville Business and Professional Women's Club heard Congresswoman Martha W. Griffiths at the BPW spring district meeting Sunday at the Mayflower Hotel.

She urged all women to contact their senator to tell him to vote down any amendment to the Equal Rights Amendment, now on the Senate floor, and to work to secure passage of the ERA. She also spoke on welfare reform, Social Security inequities and other items of interest to women, Mrs. Terry Danol, club president, reports.

Next meeting of the Northville club will be March 27 at Hillside Inn. Guests will be District Nine director, Mrs. Myra Rose, who will induct new members taken into the club this past year, Mrs. Grace Reed of the dance committee is meeting chairman.

Mrs. Steinberg spoke at the church at 7:30 p.m. with the usual potluck meal at 8:30 p.m. preceding her appearance.

"The Queen" has a regular daytime disc jockey program on WJLB radio and combines recorded music with her philosophy of "Radio for the People."

MRS. JOHNSON MRS. BOYDEN

TWO LIFELONG residents of Northville were honored last Friday as Northville Woman's Club presented 50-year gold pins to Mrs. Waldo Johnson and Mrs. H.A. Boyden.

As they were honored at the club's annual tureen luncheon at Northville Presbyterian Church, they recalled school days together when Mrs. Johnson was Ruth Christensen and Mrs. Boyden was Hazel Perkins.

"It isn't often you are able to live all your life in the home in which you were born," commented Mrs. Johnson as she also noted that this is a time of milestone for her. She and her husband marked their golden wedding anniversary last December 31.

As an added honor, Mrs. Stanley Sonk, social chairman for the luncheon, had arranged that miniature cakes decorated with golden numbers be at the honorees' places.

Both the bride, a 1971 Northville High School graduate, and the bridegroom, a 1968 South Lyon High School graduate who is attending Oakland Community College will be going to Eastern Michigan University. He also is employed at Thermofilm.

They will make their home in Ypsilanti.

As Northville Woman's Club concluded its 79th year, two members received corsages marking 25 years. Mrs. W. Leonard Howard came from her home in North Muskegon to receive her life membership with Mrs. George Kohns, a past president. Another out-of-towner attending was Mrs. Raymond Stillson, who came up from Gatlinburg, Tennessee, and was most enthusiastic about their retirement area.

Northville Mothers' Club will meet at 8 p.m. Monday at the home of Mrs. Glenn Delbert, 8822 Napier Road. Hostesses will be Mrs. Douglas Day, chairman, Mrs. Leroy Ording and Mrs. Samuel McSevery. It will be a business session, according to Mrs. Harold Wright, president, with plans to be made for a May benefit sale.

Birth of their first child, Derek Ian, is announced by Mr. and Mrs. Michael Hills of Plymouth. Mrs. Hills is the former Sue O'Leary of Northville.

The baby, who weighed six pounds, eleven ounces, joins a sister, Sydney, 12, and a brother, Karl 8, at home. Grandparents are Mr. and Mrs. Jack Dewsbury of Northville and Mr. and Mrs. Carl Scott of Dearborn.

Couple in Bahamas

MRS DONALD C. ROOT

MR. AND MRS. KENNETH GARFAT

A trip to the Bahamas followed the marriage last Thursday evening of Sandra Lynn Nichols and Donald Charles Root at Our Lady of Victory Church. The Reverend Father John Witstock officiated at the double-ring service at 6 p.m. in Northville.

The bride's father, Charles Nichols, 727 Carpenter, Northville, gave his daughter in marriage. She also is the daughter of Mrs. Irene Earehart of Plymouth. The bridegroom is the son of Mrs. and Mrs. Robert Root, 27210 Pontiac Trail, South Lyon.

Sandy chose a floor-length gown of white organza fashioned with a full, gathered skirt and banded at the waist and wrists with satin. Ruffles of lace edged the high neckline and formed a portly yoke on the bodice. Lace also outlined the waistband and the hem, as well as her full-length veil of illusion.

She carried a nosegay arrangement. The bridegroom's brother and sister-in-law Mr. and Mrs. William Root, were the couple's attendants. The matron of honor's gown was floor-length with long sleeves in beige with blue, brown and green. She carried one long-stem yellow rose.

Guests attended from Kentucky, South Carolina and Michigan. Following the ceremony the wedding party and families of the couple had dinner at Weber's in Ann Arbor.

For the occasion the bride's mother wore a floor-length beige chiffer cabelle dress with brown velvet belt and orange butterfly detail. The bridegroom's mother chose a green, street-length suit.

Both the bride, a 1971 Northville High School graduate, and the bridegroom, a 1968 South Lyon High School graduate who is attending Oakland Community College will be going to Eastern Michigan University. He also is employed at Thermofilm.

They will make their home in Ypsilanti.

yellow daisies and tulips. What does a company specializing in good cooking and electric living serve its guests? Edison's professional staff chose a menu that began with fresh fruit cup. Highlight was roast beef on a plate with fresh asparagus and stuffed, stewed tomato with a biscuit.

Desert was a jelly roll with lemon custard topping. Since many in the audience were men, it was chosen with them in mind. Marion Ryan, director of the electric living department, announced at the luncheon that the company's next event will be for men, a King of the Patio contest with men to enter favorite patio recipes from May 1 to June 1.

As Joan Wilfong repeated, the day out alone is a "prize." First place, Mrs. Judith Mester, a speech teacher in Birmingham, who prepared "Souffle Quiche Aux Epinards" or Spanish Quiche. Second place, Mrs. Oweas, a member of the maintenance staff for the Detroit post office, prepared "Broccoli Supreme" with chicken.

At the conclusion, Mrs. Wilfong vowed, "I'm coming back next year for the crown and the stove!"

Mrs. Wilfong's FIFTH AVENUE CHOWDER

1 large onion (chopped) (approximately 1 cup) 1 pkg. (1 pound) frozen cod fillets 1 pkg. (6 ounces) frozen baby shrimp 1/2 tsp. pepper

1 can (approximately 6 ounces) lobster meat 1 can (1 pound cream-style corn 3 tbsps. butter or margarine 1 pkg. (10 ounces) frozen peas 2 c. water 2 tsp. salt 1/4 tsp. thyme 2 cans (about 10 ounces each) whole clams 1 large can evaporated milk chopped parsley

Saute onion in butter until soft in a kettle; add frozen cod, peas, water, salt, pepper and thyme; cover. Heat to boiling, then turn to simmer. Add shrimp and break cod into large flakes as it thaws. Simmer 20 min. While fish simmers, drain

lobster; cut into pieces. Add lobster to fish mixture in kettle. Then add mixture in can and evaporated milk. Cover, heat slowly to boiling. Reduce to simmer and cook for additional 15 min. Ladle into heated soup bowls; sprinkle with chopped parsley.

ounce cans of cream of mushroom soup and one can hot water together and pour over chicken and toast. Cover with four to six slices of buttered bread. Bake for 20 min. or until bread is golden brown. (Other types of meat may be substituted.)

Club Seniors Meet Tuesday

Northville Senior Citizens will meet at 6 p.m. Tuesday for a cooperative dinner and social hour in the Northville Presbyterian Church fellowship hall.

More than 50 members enjoyed a social afternoon from 1 to 5 p.m. last Wednesday at Kerr House, now open every Wednesday afternoon. Kerr House rooms now are "attractively and comfortably furnished due to the generosity of many Northville friends of the club," officials report.

Woman's Club Elects Slate

New officers of Northville Woman's Club were elected at the club's annual meeting Friday. Mrs. Leonard Klein turned the president's gavel over to Mrs. Douglas Day.

Other new officers are Mrs. George Weiss, vice-president; Mrs. William Switzer, re-elected recording secretary; Mrs. Frederick Harper, corresponding secretary; Mrs. Keith Wright, treasurer. Directors are Mrs. Klein, Mrs. E.A. Chapman, Mrs. Marcelle Douglas, Mrs. Herbert Weston and Mrs. Leroy Ording.

Program committee for 1972-73 year is composed of Mrs. William Crump, chairman, Mrs. B.M. Atchison, Mrs. John Federspill, Mrs. Orin Howe, Mrs. Leland Mills, Mrs. Robert Brueck and Mrs. Donald Williams.

Queen of the Kitchen BROCCOLI SUPREME Pre-heat oven to 375 degrees. Cook 1 10 ounce package of frozen chopped broccoli as directed on package (if using whole broccoli, chop into small pieces). Set aside. Toast six slices of bread. Grease bottom of pan 9 x 13 and line with toast. Spread 3 cups chopped chicken or turkey over toast. Mix broccoli with 2 1/2

Assistant High School Principal David Longridge shows his six-year-old son, David III, how he used to shoot marbles "knucks down" in the good 'ol days.

KNUCKS DOWN!

Remember Cat's Eyes?

Ah, yes, raw knuckles and dirty knees were as much spring as sniveling kites and buckety-buck and enny-funny-over and pitching big league player cards. But good gracious, talk to some of the people around town about "knucks down" and they give you that blank stare that suggests you're getting soft in the head. That is until you run up against fellows like Dave Longridge, Reverend Gunther Branstrer, Cliff Hill, and Frank Ollendorf. Now these gentlemen are of the old school of shooting marbles "knucks down." They still wear the scars and the memories proudly. They'll tell you about hunkering down over five-foot circles and blazing away with their special shooters and maybe leaving the kid next door in tears...and marbleless. About peeries and cat's eyes and boogles and steeles and teeing up. And about winning—or losing—whole pots.

By Split Vote

Township OK's Budget

By a split vote of trustees and over strong objections from two township residents, the 1972-73 budget for Northville Township was approved. The action came at Tuesday night's Settlement Day meeting and saw Treasurer Joseph Straub and Trustee Bernard Baldwin trusting the dissenting votes on adopting the budget. The balanced budget totals \$325,075.

Free Color Photos Offered by Record

How long since you've had your picture taken? Do you really have a fine, natural color portrait of yourself, your children or your family? The Northville Record and Novi News are offering area residents an opportunity to have such a portrait taken locally by professional photographers. And any new subscriber, or present subscribers entering a renewal for one year, will be entitled to one 8 x 10 portrait without charge. But this offer ends Tuesday, March 28. So act now. Turn to page 9-B of this edition for full details.

Proposed City Budget Holds Line on Millage

A proposed new City of Northville budget, which suggests no millage increase, was presented to the council Monday by City Manager Frank Ollendorf. Preliminary estimate as the council goes into its budget work sessions is that the 1972-73 budget may be several hundred dollars less than the anticipated general expenditure in the present 1971-72 budget.

Specifically, it calls for an outlay of \$792,015—not including public improvement revenue received from race track parimutuel returns to the city.

The anticipated 1971-72 general fund expenditure is put at \$792,572—up considerably over the projected general fund outlay of \$761,350 approved by the council late last May.

In presenting the budget proposal to council, Ollendorf said it represents "our best efforts to keep expenditures to the point that the city's property tax rate (10.3), currently the lowest in Wayne County, will not have to be revised upward."

"No change in levels of service is anticipated by this budget," he added. "This means that in several areas, new or expanded programs which merit serious consideration had to be postponed but no fewer or reduced services should result."

The proposed budget is based on an anticipated state equalized property valuation in the city of \$22,500,000—about 7 percent greater than last year, the manager said. An increase or decrease in this anticipated SEV would affect the budget's final outcome.

Although no millage increase is built into the new budget, taxpayers nevertheless will be paying more because of larger state equalization factors applied to locally assessed properties.

"One basic assumption underlies the budget," Ollendorf told councilmen: "That parimutuel revenues will not be used for operating purposes."

"These funds are kept for capital outlay and track-related uses, as has been the council's policy for many years. It is indeed politically very tempting to drop this policy. We could cut the tax rate substantially by transferring racing revenue to the general fund."

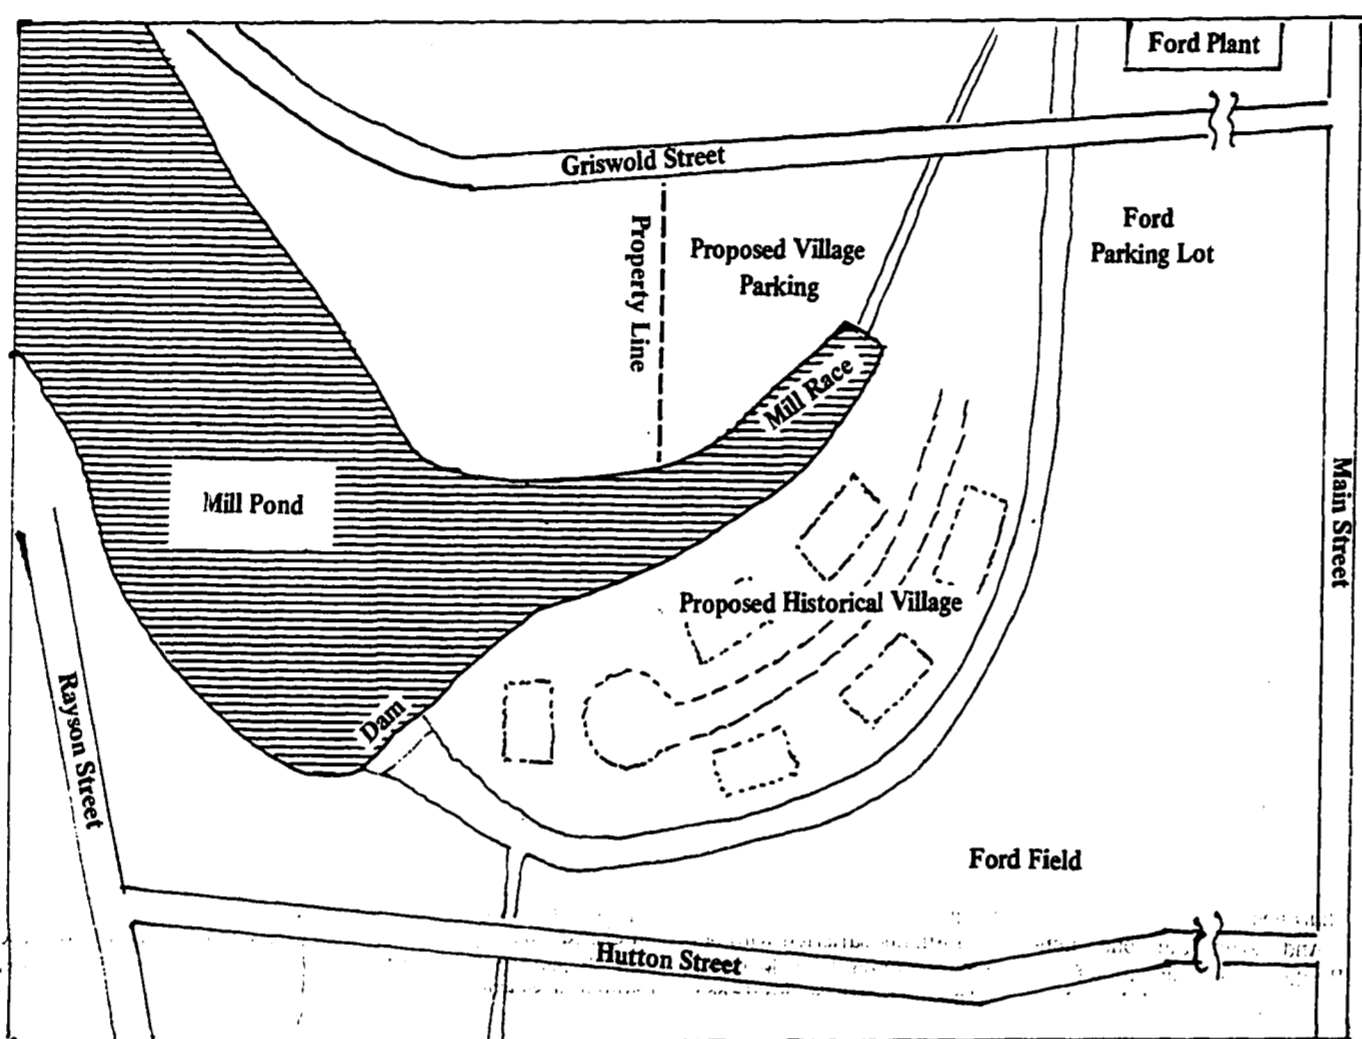

"Anyone proposing this would probably win great credit with the voters, but would be responsible for creating a very unsound financial basis for our city government. Put briefly, if we change our approach we are forced to start a bonding program for improvements or see our city plant deteriorate rapidly."

Estimated 1972-73 race track revenue is put at \$470,000—about \$20,000 more than anticipated in the current budget year.

"Estimated property tax revenue is pegged at \$326,015—or about \$26,000 more than anticipated this budget year. In other words, use of track revenue for general fund expenditures could easily cut the city's millage rate in half."

Proposed general expenditures by broad categories in the new budget compared with the present budget, are: Council \$4,800, down from \$4,839; clerk's office \$37,580,

HISTORICAL SITE? If the Ford land donation and Historical Society plans materialize this property on Griswold may one day house a

village of old buildings with period furnishings. The old library building is to be moved to the site to become a museum.

Plan Moving Of Old Library

A "Greenfield Village" in Northville? Certainly nothing as elaborate as Henry Ford's Dearborn landmark, but there's a good chance a small historical village may be developed on the vacant Ford property on the west side of Griswold Street.

Mayor A.M. Allen announced this week that Ford officials "have just about completed" arrangements to donate the nearly seven-acre site located just north of the Ford parking lot, to the city for an historical site. Council named Allen and Councilman Paul Vernon and the planning commission named Commissioner Francis Galazy to a committee to meet with representatives of the Northville Historical Society to immediately begin planning for the site's future development.

NEWS BRIEFS

PARENTAL CONCERNS—A meeting to air concerns of parents and teachers of Northville High School students is being called by Principal Fred Holdsworth at 7:30 p.m. next Wednesday, March 29, in the materials center of the school.

GOT A BEEF, suggestion or comment on current or proposed developments in the city? If so, the special public meeting slated Thursday, March 30 at the city hall is a good time to air them. That's the date (8 p.m.) when the city council and other city agencies will conduct an informational meeting.

'BREAD' FOR BAND—Northville High School band members will take to the streets of downtown Northville from 10 a.m. until 2 p.m. Saturday to sell homemade lemon bread. Band Booster mothers are baking the loaves (75 cents) with proceeds to help send the band to Blue Lake Fine Arts Camp in Twin Lakes, Michigan, this summer. They will be on sale until the 200 loaves are gone.

CHECKING IT OUT—Mrs. Jane Wiegand (right) receives a check for more than \$480 from Mrs. Sylvia Torma, president of the Northville Education Association, and Raymond Spear, Superintendent of Northville Schools. Mrs.

Wiegand, who is chairman of the Library Commission, said the joint donation will be used to purchase children's books and reference materials.

Novi Sells 4 Buses, Hires New Teachers

Four old Novi school buses were sold last week after the school board opened and considered six bids—all but one of them from Baptist churches. And even the one non-Baptist church bid came from a citizen who had hoped to donate two of the buses to a Baptist church.

When it was all over, however, all of the buses were sold to the Rawsonville Baptist Church of Ypsilanti—high bidder at \$1,157. In awarding the bid, board members indicated that while they would prefer selling the buses to a local church (Novi First Baptist was one of the bidders), they said they could not, in the interest of all taxpayers, ignore the high bid. Novi Baptist bid \$126 for two of the buses, \$137 for one.

In other business, Trustee William Ziegler requested that the board reconsider at its next meeting the possibility of accepting some kind of assessment for the proposed Taft Road paving project.

I am not satisfied with our lack of action," he declared. "I am still other business, several board members indicated displeasure with a budget study suggesting the hiring of a business manager and a bookkeeper for the next school year. Informed that the suggestion was just that and nothing more, Ziegler and Trustee LaVerne DeWaard made it plain that they were prepared to battle such a suggestion when and if it comes up for serious consideration. DeWaard indicated he was displeased with those who "take for granted" board acceptance without proper investigation. The board also—Accepted the resignations

of middle school physical education instructor, Mrs. Mary Warren, and high school English teacher James Karas and appointed as replacements Miss Sarah M. MacLeod (salary of \$2,047) and Russell G. Gardner (salary of \$2,670). —Authorized the administration to sell an old boiler and two used water heaters from Novi Elementary School. —Decided not to accept, at the recommendation of the athletic department, an invitation by Plymouth to rent its new hockey rink for any possible ice program that might be developed locally. —Authorized advertisement for bids on a plastic divider for the middle school gymnasium. —Directed the administrator to ask Kaufman & Broad to install sign on the Willowbrook drive to Village Oaks School and, if K & B declines, to inform the developer that the school would install it. Trustee Robert Wilkins urged immediate action, pointing out that children walking to school by this route must travel through mud daily.

—Heard a report from DeWaard that transportation of students to the airport by bus for non-sponsored class trips may be illegal, and it directed Attorney Frederick Knauer to investigate the matter and report back his findings. —Heard a report that the conversion from oil to gas heat at Novi Elementary School has been completed, and that investigation into what caused the leakage of oil is continuing. —Revised the wording of the salary contract with principals and the assistant superintendent, without changing salaries, for clarification purposes. —Decided not to accept final payment bills for new school construction or installations except when the architect and building principals are present to answer questions of the board.

On Wednesday, the Women's Ass'n group will sponsor a White Breakfast with a Tenabre service and Communion. The breakfast begins at 9 a.m. Reservations should be made by calling the church office no later than Sunday.

Commission Request

Novi OK's Park Money

Novi City Park should open on schedule this summer as the city council last week approved an increase of \$2,000 to the budget of the Parks and Recreation Department for the remaining of the current fiscal year.

The increase was not approved, however, until City Manager George Athas had verbalized displeasure with the procedure used in asking for the funds and Councilman Louis Campbell had received assurances from two Parks and Recreation Commission members about the proper operation of the park.

The Parks and Recreation Commission first made its plea for additional funds to the council several weeks ago. The money, they said, was needed in order to open the City Park on Walled Lake.

At the time of the initial request City Manager Athas told the council that he had no idea where he could come up with the funds to meet the request. The council instructed him to keep looking, however, and Monday Athas revealed a plan to take \$1,500 from the general fund gained via the trailer tax and \$500 from interest earned on certificates of deposit.

Even with the additional \$2,000, the Parks and Recreation Commission's budget will still end the year some \$500 in the red, Athas said.

The majority of the increase, \$1300, will be used for salaries for park personnel. After revealing his plans for financing the increase Athas said he was getting "pretty damned mad" at the Parks Board. "I hate to see the precedent set of different council members coming to the council and asking for an increase in their budget. There is an established procedure for requesting additional funds and it should be followed."

Nevertheless, the city manager termed the request a "valid one," necessary for "the park on time in the spring." Campbell's concerns regarding supervision of park personnel. "Saying he had

heard several complaints from citizens about the conduct of the life guards, Campbell said he would not approve the request for funds until some kind of "accountability for these people is made."

Councilman Denis Berry, a member of the Parks and Recreation commission, responded to Campbell's charges about park personnel. "Last year was the first year that Parks and Recreation had a lot of mistakes," he said. "We hope to hire a higher grade of employee this

summer. The only other alternative is to hire a full-time parks and recreation head which is kind of ridiculous."

Richard Bingham, another member of the Parks and Recreation Commission

present at the council meeting, affirmed Berry's statements that a higher-quality personnel will be sought this year and that members of the commission will provide better supervision.

LBM Names Arthur Seiler

Appointment of Arthur Seiler, 120 Rayson, as a district representative for the first year that Parks and Recreation has been announced by Karl Mueller, CLU, (Chartered Life Un-

derwriter), Dearborn general agent. Seiler received a bachelor's degree from Wayne State University, Detroit. He served in the U.S. Air Force and attends St. Paul's Lutheran Church, Northville.

Faces Rabies Shots

A Novi Man, Thomas Hada, 24, of 22949 Novi Road, may not have to undergo a long series of painful rabies shots if police can locate the dog which bit him Saturday, March 11. Hada reportedly heard barking in his backyard at approximately 11 p.m. Investigation of the disturbance revealed a Siberian Husky dog fighting with his own dogs. He was bitten on the hand by the Husky as he attempted to break up the fight. If the Husky can be located, a rabies check can be given. If not, Hada will have to undergo the shots as a precautionary measure. The dog was described by police as having black colorings over light brown fur.

# Township Budget

Continued from Record 1

charge which a township really may do with the fee going back to the township) and even suggested not levying the one mill for the coming year.

Trustee Baldwin said it may be mathematically possible to live without millage, but all departments will not always be self-supporting.

Baldwin said he was in favor of deferring action on the budget until estimates of next year's excess of roll revenues were checked.

Treasurer Straub commented he could not answer questions on the excess of roll

# Novi Girl Heads For Capitol Meet

Eight Alma College students participating in the college's Washington Workshop this week (March 20-23) are conferring with officials of the executive, legislative and judicial branches of the federal government as well as representatives of interest groups and staff members of an independent research organization.

The students who left Alma Sunday (March 19) for the workshop program in the nation's capital are Sharon A. Burgett of Jackson, William

# Scouts Mark Birthday

Northville Girl Scouts filled the Ida B. Cooke gymnasium last Wednesday as they celebrated the 60th anniversary of Girl Scouting in a community program arranged by the senior scouts with their leader, Mrs. Charles Lapham.

# Colleges Are Topic For April

Selecting the right college will be the topic of the "Planning for College" program presented Wednesday, April 19, at Northville High.

Geared to sophomores, juniors and their parents, the program is being sponsored by the counseling department at the high school. Chairman of the program is Mrs. Alta Olson.

# JUBILEE FOR GIRL SCOUTS—It's a party to mark the 60th birthday of Girl Scouting. Hundreds of Northville Girl Scouts fill the Ida B. Cooke Junior High gymnasium to celebrate with their leaders last Wednesday. The program was arranged by Northville's senior troop under leadership of Mrs. Charles Lapham.

# State May Pay Taxes

A LONG-STANDING battle to force state and county agencies to pay local taxes on its locally inhabited property appears to be producing some measure of success. According to Township Supervisor Gunnar Stromberg, the state is now prepared to begin paying taxes on those housing properties, such as located at Maybury, that are occupied by year-round residents. Pressuring of county agencies, such as the Detroit House of Correction and the Child Development Center, to do the same is continuing he said.

# NOTICE

TO THE SUPERVISOR AND CLERK OF THE TOWNSHIP OF NORTHVILLE, WAYNE COUNTY, MICHIGAN:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, at a meeting of said Board held on March 9, 1972, decide and determine that the certain streets described in the minutes of said Board should be County roads under the jurisdiction of the Board of County Road Commissioners. The minutes of said meeting fully describe said streets as hereby made a part of this notice, and are as follows:

Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's office, 2nd Floor, City County Building, Detroit, Michigan, at 9:00 A.M., Eastern Standard Time, Thursday, March 9, 1972.

Present: Chairman Berry and Commissioner Burton.

\*\*\*\*\*

Commissioner Burton moved the adoption of the following resolution:

"RESOLVED: That the Board of County Road Commissioners of the County of Wayne, Michigan, do hereby accept the dedication to the use of the public of the following described roads and they are hereby taken over as county roads and made a part of the county road system of the County of Wayne:

All of Delwood, Ladywood, Rayburn, Robinwood, Thornside and Winchester Drives, 2 1/2 mile road, Ladywood Court, and Ladywood Lane as dedicated to the use of the public in Northville Colony Estates No. 2 a subdivision of part of the S.E. 1/4 of Sec. 14, T.15S., R.42E., Northville Township, Wayne County, Michigan, as recorded in Liber 52 of Plats on Page 72, and 73, Wayne County Records and constituting a total of 1.682 miles of County Roads.

The motion was supported by Commissioner Berry and carried by the following vote:

Ayes: Commissioners Berry and Burton.  
Nays: None."

\*\*\*\*\*

THIS NOTICE IS GIVEN UNDER AND BY VIRTUE OF ACT NO. 283 OF THE PUBLIC ACTS OF 1969, AS AMENDED.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan this 9th day of March, A.D. 1972.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN  
Philip J. Neudeck, Vice-Chairman  
Freddie G. Burton, Commissioner  
By Heery J. Galecki Secretary and Clerk of the Board

# Novi Names Honor Students

Ninth graders led the second semester first card marking honor roll at Novi High School, it was revealed this past week.

According to data disclosed by Gloria R. Souliere, guidance director, a total of 55 freshman were named to the honor roll. Sophomores places 39 on the list, juniors 39, and seniors 34.

Following are the honor students by grades:

**9th GRADE**  
Lisa Adain, Carrie Adams, Amy Alles, Mike Ashley, Patrick Belanger, Marci Brooks, Bruce Broquet, Roger Cornett, Ruth Douglas, Shelly Dunn, Darlene Evans, Mark Frisbie, Gary Farris, Gary Garcia, Pat Goers, Lynne Goodenough, Thomas Hardecke, Cyndi Hornsby, Carol Jackson, David Jolgren, Denise Koenig, Vickie Krueck, Phyllis Lyspert, Shawn Lovett, Doris Mercer, Gail Miller, Judy Mitchell, Dawn Noyle, Mike Muro, Jeff Murray, Claire McComas, Bob McMillan, Martha O'Neal, Juli Ollis, Richard Parsons, Daren Parra, Cheryl Pohman, Dwight Pugsley, Bruce Robertson, Lynn Roderick, Veronica Romanou, Claire Salow, Brian Schingek, Brad Shole, Angie Sinicola, Dawn Spero, Don Sommers, Katherine Swope, Lucine Taffralian, Terry Townsend, Laura Valendine, Dennis Waldenmeyer, Cathy White, Christine Wilkins, and Mary Dawn Withers.

**10th GRADE**  
Lisa Assemany, Linda Arvo, Kim Baker, Ken Beers, Nancy Breznjak, Jeff Davis, Ann Desjarais, Pam Dietrich, Johann Diser, Lynne Ferritta, Greg Garcia, Renee Garuffi, Eric Hansor, Ronald Hardecki, Craig Hesse, Rhoda Kruger, Bob Lampy, Theresa McGohey, Joe Murray, Deborah Norton, Sean O'Brien, Cindy Olson, Carol Padgett, Nancy Pisha, William Pyant, Karen Rice, Ingrid Scharf, Mark Schoof, Susan Smith, Kim Spielman, Mary Stayman, Patricia Tamm, Mike Talischak, Karen Tolton, Pat Tuck, Sandra Wadia, Annette Willacker, Randy Woodward, and Brian Wroten.

**11th GRADE**  
Gail Anderson, Diane Balagna, Pat Boyer, Gwyl Branch, Ron Broquet, John Brunning, Karen Burnett, Jane Cameron, Gary Collins, Dawn Crowell, Denise DeBrule, Ron Frisbie, Leslie Garner, Lefoy Harrison, Maureen Heidrich, Tom Karch, Dan Karel, Kathy Kryg, Terry Lynch, Carol Maki, Kathy Marick, Debbie Moore, Sue Morris, Carol O'Neal, Bill Res, Carol Salow, Sue Shoe, Jennifer Sibloe, Rita Sparks, Melvin Stephens, Nancy Suzbielak, Judy Traynor, Jim VanWagner, Kathy Ward, Don Warneke, Jennifer Warren, Tom Wilkins, Carol Winkelman, and Suzanne Wratell.

**12th GRADE**  
Sue Boyer, Les Branch, Dave Breznjak, Rose Button, Alayne Downey, Jan Easton, JoEllen Frere, Larry Gillett, Leslie Gingell, Harri Hamalainen, Loretta Harbinx, Natalie Haré, Theresa Henry, Kevin Hesse, Barb Krezel, Barbara Kruger, Rene Landreville, Laura Little, Nancy Mercer, Norma Morrison, Linda Payton, Thurman Ridenour, Donna Robertson, Darla Sheffield, Vickie Smith, Kathy Stafford, Dicon Taffralian, Kirk Tott, Tammie Townsend, Terry Valentine, Mary Beth Vellanoff, Janet Warren, Sandy Winner and Joan Zaprozetz.

**BUY ONE?** With this having been proclaimed Easter Seal Society Time, students at Northville High School are joining with the Northville Rotary Club in selling miniature Easter lilies to help raise funds to assist the disabled of the county. Such programs are important to the physical, mental and social well-being of the handicapped, according to C.A. Smith, Rotary

project chairman and representative of the Easter Seal Society for Crippled Children and Adults. Rotarians and students, such as (l to r) Gordon Rucker and Linda Wood, rear, and Chuck Wook and Dave Goodwin, will be selling the lilies in the downtown area on Good Friday, March 31, and April 1.

# Lauber to Return

# Swim Club Elects Ed Kelly

Edward Kelly has been elected president of the Northville Swim Club, with Mrs. Keith (Sue) Wright named a vice-president in charge of membership.

Picked as secretary was Hal Axtell with David Biery serving as secretary. The new officers were recently elected by swim club members.

# Lauber to Return

# Swim Club Elects Ed Kelly

Robert Crane will be director of staff personnel and Mrs. Robert (Andy) Bogart will serve as social director. Past president Dan Boland will remain on the board of the swim club after serving three years as president. Dane Fremouth has been hired as manager of the club with Denise Sterner as his assistant. Ben Lauber, Northville, will be in charge of the club's finances.

High swimming coach, is returning to the club this year as advisor and consultant in the instructional program and competitive swim meets. The club reports they plan to open on Memorial Day weekend. Due to poor volunteer turnout, the annual membership work day has been canceled this year and the manager and his staff will be responsible for opening and closing the club. This change, coupled with the expansion program, is reflected in the slight increase in annual dues for members, Kelly commented. Area residents interested in joining the swim club may contact Mrs. Wright at 349-9556.

# Traffic Survey Cites Problem Intersections

A study of five problem intersections in the city of Northville has been completed by AAA and, along with recommendations, is currently being reviewed by the city police department's traffic division.

The survey, conducted during the past five months, zoned in on the intersections of Seven Mile and Center Street, Eight Mile-Randolph Street-Taft Road, Main and Center streets, Center Street and Baseline Road and Seven Mile and Northville Road.

Also studied were the areas surrounding Cooke Junior High and Amerman Elementary schools. City Police Chief Samuel Elkins commented he and Lieutenant Louis Westfall are currently studying the AAA report, along with City Manager Frank Ollender.

Removing trees was suggested along with erecting a double-arrow sign on the west side of Center Street facing Baseline indicating a right or left turn is necessary at the intersection. Seven Mile and Northville Road review suggested a traffic light and a right turn lane on northbound Northville Road south of Seven Mile. AAA noted they contacted Wayne County Road Commission and the traffic signal was being installed as soon as the area is inspected by the railroad division of the Michigan Public Service Commission.

The report also stated an extra lane is being considered for the area by the county. Advertising signs which impair sight visibility should be moved, the study said. At Amerman Elementary, the report showed 60 percent of the 2,300 vehicles who go through the intersection of Eight Mile and Center between peak hours of 3 and 5 p.m., approximately 25 percent of all vehicles entering the intersection make either right or left turns.

# Accident Rate Down In First Two Months

Traffic accidents during the first two months of 1972 have dropped sharply compared with the first two months of 1971.

Accidents have been reported to date, compared with 60 reported through February, 1971.

Of the 47 accidents, 13 occurred in parking lots or driveways. During February, 25 accidents occurred. In-traffic accidents included 12 two-vehicle collisions, one vehicle with a fixed object and one with a parked vehicle. Nine parking lot accidents involved two-car collisions.

# Weight Limits Take Effect

Enforcement of truck axle load limits are reduced each year to protect roads from damage during the "spring break-up period" (Normally occurring in March, April and May). This normal axle loading is reduced by 25 per cent on Class "A" roads and by 35 per cent on Class "B" roads.

To provide a reasonable continuous and homogeneous system with Wayne County in conjunction with the City of Detroit and Michigan Department of State Highways road networks and the frost restrictions followed by 59 bridges in the area, Class "A" roads will be designated as "frost free" with the following local area exceptions on which axle loadings shall be reduced by 25 per cent:

Sheldon Road - Base Line to Main; Six Mile Road - Inkster to Middle Belt; Seven Mile Road - Rodgers to Napier; Sheldon Road - Five Mile to Six Mile; Sheldon Road - Ann Arbor Road to Ann Arbor Trail; Five Mile Road - Northville East.

# Police Blotter Armed Men Hit Gas Station

## In Novi

An armed robbery of Ventura's Mobile Station at 49407 Grand River netted a trio of thieves some \$105 last week.

According to Gary Ortwin, the station attendant at the time of the robbery, three subjects, two Negro and one white, arrived at the station at approximately 6:15 p.m.

Under the pretense of asking for paper toweling to wipe their hands, the trio went inside the station where they suddenly pulled out a sawed-off shotgun, a pistol, and a knife.

The trio then fled north along Grand River in a 1966 dark green Pontiac Catalina, according to police reports. The rear license plate had been removed from the car.

A cassette tape player was stolen from the car of a Novi man, while it was parked in front of his home overnight last week.

An automobile stolen from Ann Arbor Wednesday, March 15, was recovered by Novi police Thursday.

Dale Kopke of 1321 West Lake Drive reported to police that someone had stolen his bicycle. The bike, which had been left next to his home, was apparently stolen some time between Wednesday and Thursday, March 15 and 16.

Cynthia Taylor of 15454 Gilcrest reported someone had been cutting down trees 'from a lot located near Connemara Drive off Nine Mile Road.

Duke's Bar at 801 South Lake Drive has had its liquor license suspended for 30 days by the Michigan Liquor Control Commission.

In a hearing before Commissioner Van Tiems Monday, March 20, Oville S. and Peggy J. Duke, owners of the bar, were found guilty on two counts — selling liquor to an intoxicated person and allowing intoxicated persons to laiter on their property.

The sentences were identical on both charges. The license to be suspended for 30 days and a \$300 fine must be paid. If the fine is not paid, the license will be suspended for an additional 60 days.

William S. Boyce, 35, of Detroit will face examination charges of possession of dangerous drugs Monday in district court.

On March 13, Robert H. Rattal of 100 East Cady Street pled guilty to driving with a suspended license and was fined \$54. He was arrested March 12 by city police.

On February 22, Bernard L. Jackson of Detroit arrested February 12 by township police on the charge of drunkenness, stoot mud and trail was set for April 25.

Police are investigating the theft of a high rise manifold valued at \$250 stolen from an apartment at 194 East Cady Street. The thief took place between 10 p.m. March 12 and 5:30 p.m. March 14.

Odell Peek of Detroit picked up by city police March 15 for allegedly passing counterfeit \$10 bills. He was turned over to agents from the United States Treasury.

James Gibb, 34, a Farmington man, has been arrested for violation of a restraining order. On Sunday, March 12, Gibb allegedly drove into an open field at 11 Mile and Wixom roads and dumped the shell of a 1968 Ford.

On Sunday, March 12, Napier Road north of Seven Mile, police reported. He was apprehended and arrested at approximately 2 p.m. by Novi police. After removing the junk body, Gibb was issued a ticket for violation of the dumping ordinance.

Corporal Frank Barabas and Patrolman Gerald Pratt conducted approximately 30 to four year old children from the Village Oaks Co-operative Nursery through a tour of the Novi Fire and Police Departments Friday, March 17. The youngsters were shown various police and fire paraphernalia, including hard cuffs, gas masks, and riot helmets.

On March 14, Terry E. Lynn of 188 East Main Street pled guilty to driving with a revoked license and was fined \$39 (suspended) and sentenced to three days in jail, credit given for time already served.

# Name Angove To Pella Post

## Novi City Manager Collapses at Work

Novi City Manager George Athas was back at work Monday after collapsing at City Hall Friday afternoon and being transported by ambulance to St. Mary Hospital in Livonia.

Doctors at St. Mary Hospital diagnosed the collapse as being due to exhaustion. Athas was released Friday evening and spent the weekend relaxing at home.

Last October the city manager suffered a minor heart attack. An electrocardiogram conducted Friday revealed no further heart problems.

Angove, a winter term 1972 Central graduate, will work closely with alumni, churches and business in the college's overall development program. While attending Central he served as sports information director.

**Get some green back!**  
In your lawn—and in your pocket. TURF BUILDER is the lawn food we recommend most often for spring fertilizing. It releases its nutrients only as fast as the grass can use them. So there's no spindly surge growth to cause extra mowing and no wasteful leaching away of the nutrients—no matter how much it rains. TURF BUILDER produces a thicker, greener, sturdier lawn. Lasts longer, too, because it's Trintized.

# Jaycees Join Council To Fight Drug Abuse

Northville Jaycees have joined with two other Jaycee organizations—Canton and Plymouth—in a financial campaign to support the Council for Community Concerns (CCC), an organization based in Plymouth to combat drug and related problems in this area.

First benefit program will be a community dance scheduled for June 18 at Roma Hall in Livonia. CCC got its start in November, 1970 when a group of citizens joined together to discuss the drug problem in the areas of Plymouth, Northville and Canton.

From that discussion, according to Northville Jaycee Dennis Dilly, it was found that drugs were not the only problem faced in those areas. "An idea of a crisis phone and an emergency drop-in center developed."

Out of the discussion came the idea of establishing a "crisis phone and an emergency drop-in center."

Because the drug problem had its roots in other problems, the organization's name was not limited to drugs. Under the all-encompassing name Council for Community Concerns, the new organization charged

itself with dealing with a variety of problems. First two functional programs developed by the council were the emergency phone line and the crisis walk-in center, explained Dilly. The phone line was (435-4900) called "Buzz Line" and it became operational February 26, 1971. In the succeeding year more than 2,000 calls were received requesting solutions to a host of problems.

Second functional program to go into operation was the crisis walk-in center, which was located in a house at 185 South Harvey Street in Plymouth. It was named "Our House."

An average of 85 persons come to the center each week seeking answers to their problems.

Dilly said the center and phone line are open and operating about 12 hours a day, seven days a week. Persons working on the phone lines and at the center go through 70 hours of intensive training, he said.

Training covers areas of pharmacology of drugs, suicide, depression, family and peer counseling, empathy skills, alcoholism, and related subjects. Volunteers range from 16 years old up to and including adults.

What does the future hold for such an organization? "Better service to the entire communities of Plymouth, Northville and Canton," said

Dilly. "It is important to recognize that the problems of those three areas inter-relate to each other and the problem can best be solved through their working together towards that solution. Some of these better services can be job placement, better counseling, more drug prevention work and being an aid to the community in the education of the drug problems as well as the other problems that should be faced in the communities. The more alternatives offered to a person to fulfill his individual needs the better that person will be to the community and himself."

# Insulation is Housewarming!

What a warm difference insulation makes in every room in your house. Like an invisible blanket, it prevents the heat from escaping to the outside and the cold from creeping in. Makes a difference in your fuel bills, too...makes them go down! Next summer, the same insulation will save you money on cooling costs. It's easy to install insulation yourself, or, as shown, have it pneumatically blown in. Consumers Power Company neither sells nor installs insulation, but for a number of years has encouraged their customers to investigate the benefits of insulating their homes.

Other Ways to Save Heating Dollars. Install storm windows and doors. Weatherstrip around doors and windows. Keep heating plant in good shape. Leave thermostat at lowest comfortable setting. Clean or replace filters regularly. Shut damper when fireplace is not in use. Close drapes on windy days and nights. Turn heat off in unused areas. Keep registers free from obstructions. Maintain proper degree of humidity. Send for this Free Booklet. If you'd like to get a more complete story on how insulation can give you more personal comfort and save you money, mail the attached coupon and we'll send you our free booklet, "Gas Heating Insulation Facts." Mail to your local Consumers Power Company office. At: Marketing Department. I would be interested in receiving your free Gas Heating Insulation Facts Bulletin. Name, Address, City, State, Zip. Consumers Power

# Citizens May Force Vote Unlimited Tax Power Seen in 'Authority'

Last week's action by Northville township board members naming three members to the building authority sets the wheels in motion for construction of the proposed township hall - fire station. Under Michigan laws governing authorities, an authority has unlimited power to issue bonds without a vote of the people and to levy whatever millage is necessary to pay off the bonds. The building is slated to be constructed on 8.9 acres of land donated to the township by Thompson - Brown developers. The site is located on Six Mile Road north of the proposed Winchester Road and east of Bradner Road. Although the township has not received the deed to the land, the board has authorized the supervisor and clerk to sign the deed, pending language clarification in the document by the township attorney. If residents of the township wish to force the question of building the \$500,000 complex to a vote, petitions signed by at least 10 percent of the registered voters in the township must be filed with the clerk asking for a referendum vote on the issuance of bonds. However, the petitions cannot be circulated until the building authority has published its articles of incorporation.

# Community Calendar

# For Millage, Bond Issue Election Eyed

"It's quiet, very quiet," commented Superintendent Raymond Spear on Northville Schools' upcoming bond issue and millage request. "And if it's quiet and there is not a lot of negativism, that's usually a sign that chances are good for passage of the questions," he explained. In a special election April 8, the school district will ask voters for an additional 1.5 mills for one year only for operation and \$1.45 million bond issue which, Spear emphasizes, will not necessitate an increase in taxes. The superintendent attributed the pre-election quietness to the fact that "people recognize the community is growing and they are prepared to meet the needs of an expanding school system which is trying to meet its commitment of providing schools to educate the students." Spear said the district is seeking the 1.5 mill hike in operational millage to "maintain our current educational program and keep up with the expanding enrollment. The millage increase is for today's children today. The \$1.45 million bond issue we are asking for," Spear said, "is for today's children tomorrow. The community is growing and the first bond issue, which does not require a tax increase, starts a three-phase building program for schools to meet the needs through the middle or late 1970's," he said. Included in the \$1.45 million bond issue are monies to purchase additional school sites (including \$45,000 site improvement costs for the 10-acre site in Highland Lakes), renovations and improvements to existing schools in the districts, equipment for buildings, alarm system, lighting of tennis courts and equipment inventory.

# Crime Rate Climbs, But Calls Decrease

Although city police calls decreased slightly in February compared with the same month last year, most categories of crimes continued to increase. A total of 453 calls were made to police last month compared with 473 in February 1971. To date, 990 calls have been received, up from the 897 received during the first two months of 1971. The figures were released recently in the city department's monthly report. Categories showing an increase include assaults, two compared with none in February, 1971; attempted larceny, one compared with none; thefts from homes, one compared with none; thefts from cars, one compared with none; vandalism, six compared with one; burglaries, four compared with one; and bad check complaints, 10 compared with four. City police arrested 20 persons for drunkenness, compared with 10 on the same charge in 1971; disorderly conduct, four compared with six; narcotic violations, one each month; weapon violations, one compared with none; possession of illegal weapon, one compared with none; and drunken driving, three compared with none. During February, city police also recovered two bicycles, investigated one tampering with an auto complaint, recovered two stolen cars, one stolen from Northville and one stolen from another city, investigated four family trouble calls, treated six injured persons, investigated one suspicious vehicle and one drug overdose, arrested six persons wanted by other police agencies, arrest 15 persons on warrants held by the local department, recovered two walk-aways and one escape. Four fires were reported last month, down from 15 reported the same month in 1971. In juvenile activity, five youths were arrested by police, one for a traffic offense. Two girls, ages 14 and 16, were charged with larceny from a building, one 18-year-old boy with attempted larceny and one 15-year-old girl with larceny under \$100. Four of the cases were handled within the department and one was referred to juvenile court.

# Open Handball Courts

The handball-paddleball courts at Scholerafrat College will be open to the public on Saturday mornings starting April 8. The College has six courts which may be rented for \$6 an hour from 10 a.m. until noon. They will be open to singles and doubles play on a first come basis. The Saturday openings have been established by the office of community services in response to numerous requests for use of the popular facilities. "Lockers and showers will be available, but persons using the courts on Saturday will need to furnish their own gym clothing and game equipment."

# Fire Insurance Rates Could Drop in Novi

Property owners in certain sections of Novi could well be entitled to a reduction in their fire insurance rates, City Manager George Athas reported Monday. Insurance premiums are based in part on the fire rating assigned to specific areas by the Michigan Fire Underwriters. Many portions of Novi have a rating of ten, which, in the words of Athas, is "about as low as you can get." Recently, however, the city has applied for and received a lower fire rating in certain areas, dropping from a ten-rating to an eight rating. The drop in ratings could save residents in the affected areas as much as \$10 per month in fire insurance, said Athas. Areas affected by the rating drop are all of the Willowbrook subdivisions, Meadowbrook Glens, Orchard Hills, Westridge Downs, and all of Village Oaks. People living in these areas should contact their insurance companies and request the reduction in their fire insurance premiums. The city's request for lower ratings was based on the availability of Detroit water, the location of fire hydrants, and the fact that the areas in question were all within four miles of the city fire station. A further reduction of the fire rating from an eight to a seven is still being sought.

# Driver Ed Signup Set

Parochial school students or other youngsters who do not attend Northville High School may register for the summer driver education program here until March 29. Interested persons are asked to contact Assistant Principal David Longridge, 349-3400, or visit the high school during regular school hours to obtain additional information.

# In Uniform

Navy Airman Steven D. Hanson, son of Mr. and Mrs. B.T. Hanson of 22633 Enshore Drive, sailed into Norfolk Virginia on March 16 after six months in the Mediterranean and North Atlantic aboard the aircraft carrier USS Independence. He and his shipmates journeyed more than 37,000 miles aboard the carrier and visited Scotland, France, Italy, Greece and Spain. Michael J. Robbins, son of Leonard Robbins, 776 Angle Road, presently is taking basic training at the United States Army's Fort Knox, Kentucky. First man to enlist through the Army's new recruiting station at 819 Penniman in Plymouth, Robbins joined March 17. He is attending South Lyon High School.

# First Calf Arrives

Continued from Nov 1. "The object is to get a full-bred Charolais," explains Kevin. "We ought to be able to achieve that in two more generations. As of right now, the two Novi High School seniors are not sure whether their calf is a bull or a cow as the mother is still very protective and won't let anyone near it. If it's a bull, they'll castrate it and in a year's time it should weigh 1,100 pounds and be ready for butchering. The first steaks from K&B Beef have already been spoken for by the Hesse's and Pisha's. If the calf turns out to be a heifer, the boys will be another step closer to their pure-bred Charolais. What is the future for K&B Beef? "We'd like to keep breeding our cattle until we get a large pure-bred herd," says Kevin. Both boys are planning to attend college in the fall with Bob probably going to Ferris State in northern Michigan so he can play football. Kevin, however, plans to go to the University of Michigan at Dearborn from where he'll be able to keep a close eye on the development of his venture with the Charolais."

Doug Swiss (Right) Stands Beside Farm Club Manager Len Okrie at Tigertown

# Ex-local Star Hangs Up Spikes

Doug Swiss doesn't look like an ex-professional baseball player. In fact, at six feet, two inches and 210 well-distributed pounds, he would seem to be in the very midst of his professional playing career.

Swiss came back the next summer, but the 1970 season was to be his last in professional baseball. He spent spring training with a Double A club and was doing well, but at the end of spring training he was told he was going back down to Lakeland in the "A" league.

Swiss is one of a quartet of outstanding athletes who performed at Northville High School between 1965 and 1970. Steve Evans, the 1965 graduate, is in the St. Louis Cardinal system.

Swiss, a catcher, was one of the key performers on the Northville team that captured two consecutive Wayne-Oakland league championships and a slew of tournaments. After hitting a robust .387 his senior year, he was signed to a contract the day he graduated in June.

"It was always my goal to be a big league ballplayer," he admitted. "This may sound kind of corny, but when I was a little kid I used to make up contracts and then pretend I was being signed by a major league team."

"That show was really a big boost for me," says Swiss. "I showed me that some people in the Tiger organization were aware of me and knew I had a lot of potential." Almost as soon as the taping of the show was finished, however, Swiss got a registered letter from Uncle Sam, ordering him to report for basic training.

# Graduation Hurts Mustangs Track Team Rebuilds

For the first time in a good long while, Northville track coach Ralph Redmond finds himself in the first year of a complete rebuilding program. There are to be sure a few talented veterans still on the Mustang track scene from whom much can be expected.

This year's edition of the Northville track team will boast some 55 members, and almost half of them are freshmen. The actual breakdown runs like this: 11 seniors, 11 juniors, 11 sophomores, and 22 freshmen.

Graduation hit the Mustangs hard. Sixteen seniors graduated from the Mustang track team that posted an 8-4 record in dual meet competition and finished second in the Wayne-Oakland League.

Heading up the distance men is senior co-captain Guy Dixon. Last year Dixon placed a fine 4:46 clocking in the mile and he is definitely the number one Northville runner in the distance events.

Another distance man who figures prominently in Redmond's plans for both present and future is Guy Cole, sophomore brother of team captain Brad Cole. The younger Cole distinguished himself as runner during the cross-country season and seems determined to keep up his impressive early pace.

Under the current Michigan High School Athletic Association's (MHSAA) track set-up, a team with several good sprinters has a decided advantage. In addition to the 100 and 200 yard dashes, sprinters are essential in the long jump where speed is often as much the determining factor, the 800 and 400 yard relay, and the 400 yard relay, an event added this year which will seem to make the emphasis on sprinters even more lopsided than it was before.

Presently, Redmond is taking a long look at the Mustangs' prospects in the pole vault where Bill Witek, a junior, and Dave Earehart, a senior, return to action.

BRAND NEW '72 CHEVROLET IMPALA SPORT COUPE. \$2789.00. INCLUDES POWER STEERING and POWER BRAKES. Lou LaRiche Chevrolet.

POLE VAULT ATTEMPT—Northville's Bill Witek races down the runway, as he gets ready to clear the bar in the pole vault. Witek, a junior, is being counted on heavily by Mustang track coach Ralph Redmond this spring.

anybody. His best leap last year was 11'3" and he's already topped that this year. What's more," adds Redmond, "we're getting real leadership from him. He's really helping to encourage the younger boys."

The shot putters are presently being headed by Jim Porterfield, another sophomore. Like Earehart, the 205 pound Porterfield is working extremely hard.

Members of Northville's fine high school swimming team will be competing Saturday and Sunday, March 25-26 in the Michigan Age Group A.U. Championship Swim Meet at Clarensville High School.

Novi Closes Little League. Novi Little League President Frank Buck this week issued a reminder that registration deadline for the summer baseball program is rapidly approaching.

# Remember Cat's Eyes?

Continued from Record 1

players, each teeing up a marble on a little mound of dirt shaped with the palm. First shooter got first crack at the teed up marbles. Shooting from behind the line, he tried to knock one or more marbles from the circle. If he succeeded and his shooter remained inside the circle he could keep right on shooting. Second and succeeding shooters had a crack at what was left in the circle.

Peeries and boulders...those were specials of Ollendorff and principal Longridge.

Cat's eyes and steelies were preferred by the pastor and ace shooter-turned-attorney Hill, who also remembered those "clay models"—the predecessor of the aggie.

Mr. Branstrer says steelies—the ball bearings—were as welcome as Saturday night baths.

"You could use 'em in the game of Milbs," insists Hill, "cause in that one you didn't hit the other guy's marble but just shot at a line. Closest to the line won. Use a steelie 'n' knock down and you'd knock the blazes out of an aggie."

"If you used a steelie you could count on your thumb being black and blue for the season."

"We also called cat's eyes big eyes. They were something like an aggie but they had a big eye in the center."

Hill asks, "Remember the cigar box...the promoter's game?"

Yes, but everyone would prefer to forget that con game.

Some used a con instead of a cigar box. Invite a kid to try to drop his marble through the hole in the top of the box or can from waist high. Tempt him by offering five marbles to his one. Hardly anyone succeeded and the operator usually had a basement full of winnings.

"There was one rule in that game," recalls Hill. "Never let some short kid play. He was just too close to the hole."

"Remember chase?" asks the minister. "Sure do," says the principal. "You and the other kid chased each other's marble all the way to school and back."

"How about the hole game?" asks Ollendorff, working his thumb and still hoping. "You know...put four or five holes in the ground and shoot your marble from one hole to the next. Just like croquet only you used marbles and holes instead of balls and mallets and wickets. Get to the last hole and you were poison and you could 'kill' the other guy."

Marbles seemed to be a game for dusk, says Longridge starting to warm up. "Play chase home from school then and then, oh great, it was knucks down and winners keepers!"

Ah, yes, raw knuckles and dirty knees.

Let's shuck it all and join Ollendorff out back. Tell Ma we won't be home 'til late.

## Historical Village?

# Plan Library Move

Continued from Record 1

of the property—be left as open space.

Mayor Allen recommended to council Monday that a historical committee or commission be established as a quasi-judicial body to work with the Historical Society and to ensure the project's continuation in future years should the society ever cease to exist.

Among the questions to be explored by the council-planning-historical society committee are financing, building ownership, operation, sewer and water needs, insurance, etc.

The Historical Society, which has been working with the city in attempting to procure the land and which requested the committee meeting with the city, surveyed the property Saturday and is presently preparing a topographic, scale model of the site to assist in the planning.

The present old library site is to become part of the downtown Northville Square development, while the Kerr house sits on the right-of-way

of the Griswold Street extension.

Since construction on these two sites is expected to begin early in May, both buildings are slated to be moved by then. Because Ford Motor does not expect formal transfer of the deed to occur prior to that date, Ford officials have stated that the buildings could be moved to the property if necessary pending the deed transfer.

# Drive Reopens

Continued from Nov 1

Stolberg said his company was flexible and could go along with ways on solving the problem.

The double cloverleaf plan was finally agreed upon as the best solution to the various problems involved in the matter. The school board would have access to the school down Willowbrook from 10 Mile, Willowbrook remains would not have to have Fairfield Farms traffic using their road, and emergency vehicles could still have easy access to Fairfield Farms down Willowbrook merely by driving over the four inch curbing separating the two cloverleaves.

The council granted preliminary approval to K&B for Fairfield Farms with the exception of that portion on which the two Willowbrook Drive cloverleaves will be constructed. Approval of that section is pending engineering studies for the turn-arounds.

In the meantime, however, Willowbrook Road will remain closed until such K&B has constructed a permanent bridge across Ingersoll Creek and the two main access routes through Fairfield Farms to Village Oaks school have been paved.

Both projects should be completed sometime this summer, said Stolberg.

## Open House

## Fetes Authors

An open house featuring young authors will be conducted by the Orchard Hills Elementary School Boosters Club tonight (Thursday) at 7:30 p.m.

Philip Hilaire, reading consultant for the Oakland Schools, who is an authority on Young Author Reading Clubs, will give a presentation at the meeting to be held at the school.

According to Gloria Cifaldi, the open house is a good opportunity for parents to visit their child's classroom and see their works as young authors.

## In Uniform

Navy Petty Officer First Class John S. Waterloo, son of Mr. J. Stanley Waterloo of 124 Rayson Street, sailed into Norfolk, Virginia, March 16 after six months in the Mediterranean and North Atlantic aboard the aircraft carrier USS Independence.

## Northville Glass

# City May Condemn Property

Reluctantly, the city council Monday authorized its attorney to begin condemnation proceedings against the owners of the Northville Glass building located along the alley between Main and Dunlap streets.

The site is part of the parking expansion agreed to with downtown merchants under an assessment program that helped finance the parking deck.

With Councilman Paul Folino given permission to abstain from voting because he is a relation of the owner of the property in question, the council took its action in hopes that an agreement to purchase the property may be consummated before the matter goes to court.

According to City Manager Frank Ollendorff, the owners—Jim and Joe Spagnuolo—apparently have decided not to sell the property after a verbal agreement had been reached. However, no formal rejection has been received by the city, he added.

The city has offered to buy the property at the appraised price of \$30,000.

In another purchase matter, the council authorized the real estate committee to negotiate the purchase of the Raymond Garrod house, 117 South Center, at the appraised price of \$22,500.

The council plans to hold the rental property until some future date when the adjacent alley, between Main and Cady, is widened and a commercial development takes place between the alley and Cady.

Council also authorized the city manager to attempt to secure an easement from Robert Cole for a drain through his property, adjacent to Northville Downs.

Several proposed storm drain routes are presently under consideration, with construction costs ranging from \$145,800 to \$176,200. The drain would service the area from Main and Center south to near the race track, then east to the Rouge River near Beal Street.

Construction of this drain is expected to start this year.

City Manager Frank Ollendorff also was authorized to negotiate a "50-50 split" of costs for the extension of a gas line in the Gerald Avenue area with the owner of the Northville Collision garage. Total cost of the extension is estimated at \$2,000.

Without taking formal action, the council indicated that it would be the school district, not the city, that would establish such a collection. Councilmen also suggested school officials consider the possibility of an alternate solution to obtaining taxes early by perhaps offering a 2-percent savings to those who pay their taxes early.

A public hearing was set for April 5 on a proposal to rezone two lots on South Main, just north of Beal, from residential to a professional office classification. The planning commission earlier recommended the rezoning.

Council authorized the city engineer to proceed with a survey of city-owned Gerald Avenue property (where the city dump was formerly located and where the DPW buildings are now located). They survey is to include some elevations, best bearings, building and utility locations, etc.

Upon receipt of this information, councilmen are to determine how much of the property it will retain for future DPW yard expansion and how much of it should be sold for industrial development.

The township board may soon be asked to help share the maintenance of the new senior citizens center inside the city.

Following a preliminary report by the city manager Monday, the council agreed that the township has some financial obligation because approximately half of the senior citizens using the city-owned facility are township residents.

Pending a more detailed report by the manager, councilmen were reluctant, however, to ask the township to pay a portion of the building's \$30,000 plus cost. The building, was opened last month.

Mayor A.M. Allen suggested the council consider establishing a separate budget for senior citizens—separating it and the club's operation from the recreation department.

Among projected public improvement fund expenditures are:

Track police, \$70,000; major equipment, \$33,000; street construction, \$100,000; parking construction and lease, \$65,000; drains, \$56,000; bridge, \$50,000; park acquisition, \$20,000; park construction, \$10,000; building construction, \$8,000; street lighting, \$12,000; professional services, \$3,000; contingency, \$50,000; business district renewal, \$2,000; sidewalks, \$1,000; building improvement, \$2,000; land improvement, \$5,000; and administration, \$2,500.

Not included in the new budget are allocations for parking and street right-of-way acquisitions.

College Sets Fashion Show

Schoolcraft College Women's Club will present its annual benefit fashion show at 8 p.m. Wednesday, April 19, in the Waterman Center. Models will be members of the club, an organization of wives of college faculty members and administrators and women staff members.

Fashions will be provided by the Kay Baum Store of Dearborn. Door prizes and refreshments are planned.

Ticket price is \$1.50 with proceeds to go into a scholarship fund for Schoolcraft students.

Public improvement revenue, which is expected to be down from \$72,237 to \$492,000, provides for an expenditure of \$492,000, down from \$551,470 in the current budget.

Property sales and income accounted for the higher public improvement revenue during the current budget year.

# No Foolin', Most Area Courses Plan 1972 Opener on April 1

SAMPLE COPY  
B-1 CHURCHES 10-B  
WANT ADS 11-17-B  
The Northville Record / NOVI NEWS  
Argus / SOUTH LYON HERALD  
Wed.-Thurs., March 22-23, 1972

Unless ol' man winter decides to blow up a re-run, golfers will be swinging their clubs on most area golf courses by April 1—April Fool's Day.

Club managers report that winter dealt courses little trouble over the winter and at the moment it appears that less spring water than usual will blanket fairway dips and low-lying hazards.

Aside from minor tee changes, re-seeding, and greens grooming, most courses in this area will be much the same as they were at the end of last season.

And with the arrival of spring this week, you can bet golfing buffs have unpacked their clubs in anticipation of another "this will be my best year" migration to the open spaces.

Following is a brief description of what golfers may expect at their favorite public courses:

**BOB-O-LINK**  
Pro-Manager Midge Cova is still vacationing, but his spokesman says Bob-O-Link Golf course, located on either side of Grand River, west of Beck Road in Novi, is slated for opening April 1—provided the weather cooperates.

No changes are anticipated. The club features a bar and dining facilities with banquet services available for up to 400 persons in one party and private space for smaller groups.

Fees probably will remain the same.

On weekdays \$4 and on weekends and holidays \$5 for 18 on the south course where nine-hole play is discouraged. On the north course the rate is \$3 on weekdays and \$4 on weekends and holidays. Nine hole play on this course remains at \$2. Twilight play on either course is \$3.

**DUN ROVEN**  
Koch, a PGA club pro, provides lessons.

Fees are up at Dun Roven, located between Five and Six Mile roads off Haggerty, according to Earl Myers who starts his eighth year as pro. They are \$3.50 for nine holes and \$5 for 18 holes on weekdays. Weekend fees remain the same, \$6 to 2 p.m. and \$4 after 2 p.m. for 18 holes. Cart rental is \$5 for nine holes, \$9 for 18. Non-hole-rouds are permitted on weekends.

Open when weather permits, the course offers golfers a 6,800 yard, par 72 layout.

Light lunches and banquet facilities are available.

**GODWIN CLEN**  
The plush new clubhouse here will reopen with the first golf swings on April 1, weather permitting.

About twice the size of the sister clubhouse at Salem Hills, the clubhouse which opened at Godwin last season has carpeted floors, full bar and a complete kitchen.

Joining Manager Bob Szilogy this season is Ernie Burgess, who replaces Dean Clement.

Novi's golf team is expected to play its matches on this 18-hole, 6,944 yard Lyon Township course, located at 11 Mile and Johns roads. However, this play has not yet been sewed up, reports Szilogy, who says South Lyon's high school squad probably will play at Salem Hills.

**BRAE-BURN**  
John Jawor, who took over as general manager two years ago when Red and Lilian Block sold to an investment club, returns this season as does greens superintendent Jack St. Germain of Northville.

Located at Five Mile and Napier roads, the course offers 18 holes of challenging golf over the 6,320 yard layout. The club features a clubhouse with lockers, showers and carpeting, and it provides breakfast and banquet meals. Golf carts are available.

Slated to open March 31, the club will maintain last season's greens fees: On weekdays, \$3 for 18, \$4.50 for 18; and on weekends and holidays, \$3 for nine, \$6 for 18.

**HICKORY HILLS**  
"The grass weathered the winter well and is coming right along," reports Manager George Catto, who hopes to open this par 35, 2,865 yard course about the end of this month.

Golfers this season will be greeted by some new tees and additional trees along the watered fairways.

Catto, who just returned from vacation, has not yet set the new greens fees but expects they will be "about the same as last season": \$2.50 and \$4.50 on weekdays and \$3.25 and \$5.50 on weekends.

Hickory Hills is located in Wixom off Loop Lake Road. It features a clubroom for light lunches and space for banquets.

**HILLTOP**  
Officials opening date for this 2,862 yard, par 34 course was Tuesday (March 21), according to Pro-manager Chris Burghardt.

No changes to the course, located at the corner of Powell and Ann Arbor Trail near Plymouth, have been made. Rates are up, however.

Golfers can play nine holes during the week for \$2.75 for nine, \$4.50 for 18, and after 5 p.m., \$3.25. Saturday, Sunday and holidays the rates are \$3 for nine, \$5 for 18, and after 5 p.m., \$2.75.

**KENSINGTON**  
An April opening date is planned at this 6,380 yard par 71 (36-35) 18-hole course located north of I-96 between New Hudson and Brighton. A more definite date will be announced later. Those wishing to use the facility are asked to call 685-1408.

Richard Yeager is expected to return as manager.

Established by the Huron-Clinton Metropolitan Authority, the course will offer the same fees as last year: Nine holes on weekdays, \$2.50, and \$4 for 18 on weekdays. Saturday, Sunday and holidays fees are \$3.50 for nine, \$5 for 18.

Kensington has no equipment to rent, except for club carts. It sells some golfing necessities (balls, tees, etc.). In addition, the club offers a snackbar with a limited number of sandwiches, soft drinks, chips and candy bars—and, best of all, scenic park atmosphere.

## THIS WAY TO EASTER

**THE EASTER BUNNY IS HERE**

Bring the kiddies to visit the Easter Bunny and have their picture taken with him, if you like. Free coloring sheet and crayons to every kiddie (under 12). Sears Court 11 a.m. to 8 p.m. daily.

**LIVE EASTER CHICKENS**

March 16 - April 1. Bring the kiddies to see the many kinds of chickens there are. Pick up your entry blank from the Easter Bunny and help your child win a bike by guessing the different varieties. (Crowley Court)

**SAM FIELD ARTS AND CRAFT SHOW**

Here thru March. See thousands of paintings from the beginning painter to the polished professional and handicrafts of all kinds to please the most discriminating taste.

**SPRING GARDENS-MARCH 28**

Stroll through these delightful gardens and get ideas on how to landscape your own! Or ask the landscapers to do it for you.

**EASTER COLORING & GUESSING CONTEST**

WIN A BIKE (4 to be given away)

- Pick up your coloring contest sheet from the Easter Bunny (Sears Court)
- Open to children 12 or under.
- Each child may submit one entry only.
- Leave your entry with the Easter Bunny helpers.
- Contest ends March 29.
- Free Crayons.
- Get your Mother or Father to help you guess the different varieties of chickens as in our display in Crowley Court.

Open Daily 11 a.m. - 8 p.m. Sun. to 5.

**YOU AND THE JUDGE**

Your attitude toward the judges and other officials of a show, should be one of utmost respect. They are the people on whom the show's very existence depends and should be treated accordingly.

Under the rules of the A.H.S.A., no judge is required to explain his decisions to an exhibitor. As an exhibitor, you may, in an attitude of humility and respect, ask a judge what faults he found in your performance, and if he so wishes, he may explain them to you. As a rule, a judge is glad to do so, when courteously asked.

Under no circumstances has an exhibitor the right to inspect the judge's card, though he may ask the show committee the reasons for any decision, and the committee, at their discretion may require the judge to give his reasons for the decision in question. A judge is never to be approached concerning any decision while he is judging or about to judge.

No exhibitor or employees or relatives thereof shall commit any act of discourtesy or disobedience toward any judge or official of the show or of the association. Any such act shall be considered a violation liable to penalty by the Association. This includes any remark made during the show which might be considered offensive or intended to influence or cast aspersions upon the judging.

Penalties include censure, suspension, or expulsion from showing, forfeiture of winnings or a combination of any of these. These rules exist in the best interest of showing and of the people involved therein.

If an exhibitor, however, is aware of a specific violation of a rule or condition of a class, and is ready to substantiate such a claim by his testimony, he may make a protest. This protest must be signed by the exhibitor, and must be given to the show secretary along with a \$25.00 deposit. If after a hearing of the protest is sustained, the deposit is returned to the protestor. If it is not sustained, the deposit is forfeited to the show.

Generally, protests are to be avoided because they are a mark of poor sportsmanship as they are seldom valid. If, however, you are sure of a violation by another exhibitor, and this violation directly affects you, you are perfectly free to protest under the above conditions.

**SEMCOG Processes Requests**

Requests for \$368 million in federal funds in 1971 were processed by the Southeast Michigan Council of Governments (SEMCOG) for the seven-county southeast Michigan region.

The total value of all programs referred through SEMCOG as required by federal agencies under the A-95 review process was \$801,614,465, E. Robert Turner, SEMCOG executive director said.

"The federal government makes billions of dollars available for communities on the nation annually," Turner said.

"Rational allocation of these funds requires that there be a review by a regional agency and a regional plan and program to avoid duplication and conflict."

More than half the funding requests—\$191,419,326—were directed to the Environmental Protection Agency, he said.

These originated, for the most part, from the Detroit Metropolitan Water Board (DMWB). Total estimated

Beware of Con Men With Miracle Plants

LANSING—Spring time brings the annual warning to home gardeners against the miracle plant con men and the miracle plant racket by Attorney General Frank J. Kelley.

Get Equipment In Shape Now

It's time to begin putting lawn mowers and garden tillers in shape, says Steve Bolen, Michigan State University extension specialist. For equipment powered by an air-cooled engine, the MSU expert suggests that you consider the fuel system first.

By the increased desire of the public to improve environment and fight air pollution because trees, shrubs and even grass give off needed oxygen and absorb carbon dioxide. The public is warned against high pressure salesmen and mail order advertisers using fancy names for ordinary shrubs and plants and making exaggerated claims for their plant material.

SALEM HILLS Continued from Page 1B Dick Osborn rejoins Manager Bob Szlogyi as assistant pro this year, at Salem Hills—one of the longest Detroit metropolitan courses. Located on Six Mile Road just west of the Salem Township center, the course is 7,074 yards long. The tee-off system used the previous two years will be used again this season to speed play on the par 36-36 (72) yard course.

SAN MARINO Nine holes of golf during weekdays costs a little more this year at the par 36, 3,299-yard course in Farmington. Located at 26634 Halstead Road, south of 12 Mile Road, it offers these rates: For nine holes on weekdays, \$3 for weekdays and \$3.50 for weekends and holidays.

TYRONE HILLS A longer and more challenging course plus a completely remodeled clubhouse dining room feature this spring's new look at the Tyrone Hills Golf Course on U.S. 23 near Penton. The whole course has been lengthened and re-seeded, and in co-owner Tom Newell's words, is in such good condition that "it looks like a great year" ahead.

WOODLAND A new sprinkling system is the newest major feature to be found at Woodland Golf Club near Brighton this spring. Located on Grand River just west of the city, the nine-hole course has added a complete sprinkling system, first ever for Woodland.

NEW LOOK—A newly remodeled dining room, with complete banquet facilities, will greet spring golfers at Tyrone Hills where the ninth hole has been stretched into a 550-yard par 5 monster to test the driving skill of the longest hitters.

# Process Aid Requests Inter-County Report

Continued from Page 3-B  
cost of all EPA-supported projects processed by SEMCOG in 1971 was \$349,816.90.

Another \$73,686.69 was in the form of requests for highway construction funding to the U.S. Department of Transportation (DOT) for \$106,652,000 in highway and freeway construction.

"This review process, utilizing a council of govern-

ments in a metropolitan region as the clearinghouse, is rapidly expanding throughout the nation and is a clear demonstration of the need for a regional agency and a regional plan," Turner said. He said the regional review system began in the mid-sixties when the U.S. Congress required that highway funding be continued in metro areas of 50,000 or more persons only when regional planning was ineffect.

Since that time, other federal funding has been similarly regulated and "Southeast Michigan, as other metro areas in the nation, has been hard-pressed to develop coordinated regional systems capable of meeting federal requirements," Turner said. The dollar value of applications to federal agencies by local units processed by SEMCOG tripled in the last year, he said.

State agencies, such as the Michigan Department of Natural Resources and the Michigan State Housing Development Authority, also utilize SEMCOG as a review agency.

"Refusal of SEMCOG to favorable review a grant application does not necessarily mean it will be rejected also by the state or federal authorities," he said.

"But in a few instances, that has been the effect and the trend is for the federal government to insist on a favorable review before it will approve a given project."

Following is a complete listing of the type and value of projects scrutinized by SEMCOG during 1971:

### A-95 REVIEW SUMMARY — 1971

| Applications/ Letters of Intent Reviewed | Grant Amount Requested | Estimated Project Cost |

# Here's Area Road Projects

A number of area road projects—proposed, started, or completed—are included in the annual construction

report of the Inter-County Highway Commission of Southeastern Michigan. Purpose of the 1972 report is

to coordinate construction projects between counties and the state within southeastern Michigan.

1.93 miles of grading and bituminous surfacing at an estimated cost of \$90,000.

projects in Livingston include: Chilson Road, Swarthout to Brighton Road, 2.59 miles of grading and bituminous surfacing, \$40,000.

## 'Pete's Sake' Drama Slated

"For Pete's Sake," a fast paced comedy-drama, premieres at the Penn Theater in Plymouth April 19-25.

Set in the Rocky Mountains in and around Denver, the film appeals to youths and their families with a look at the ups and downs of the faith of 20th Century man.

Advance tickets for the premier may be purchased at the Penn Barber Shop in Plymouth or the Alpha Bookstore in Livonia. Tickets are \$2 for adults and coupon books of 20 tickets, may be purchased for \$30. Churches and youth groups are encouraged to save by purchasing the books. Tickets at the door will be \$2.25 for

adults and .75 for children.

"For Pete's Sake" tells the story of Pete Harper, a middle American, who tackles the questions about Christianity today. He and his family learn how to use faith as a working commodity while they meet the challenges of a Christian commitment.

Pete finally collides head on with a gang of motorcyclists who challenge him with the honesty of today's youth. He proves he's not afraid to try their world with a dare-devil ride over mountain trails.

Starring are Robert Sampson as Pete and Pippa Scott as his wife. Sampson played in the movie "The Restless Ones" and Miss Scott has starred on Broadway and television.

"For Pete's Sake" is being brought to the Northville Plymouth area by a group of men in the communities who are concerned about the youth.

The steering committee represents a cross section of with Jack Norton, director of Christian education at Plymouth Wesleyan Church as chairman.

Members include Harold Head, former director of Victorious Christian Youth in Detroit; the Reverend Paul Thompson, pastor of the First Baptist Church of Plymouth; Jim Houk, former Plymouth mayor; Ken Evans, youth evangelist from Calvary Baptist Church of Plymouth; Dick Kirchgatter, Plymouth veterinarian; Donald H. Sutherland, certified public accountant with offices in Northville and Plymouth; and Don Pickren, manufacturer's representative from Northville.

Following are projects listed in this area.

In Oakland County...

A total of 2.2 miles of 10-Mile Road, from Novi Road east to Haggerty, proposed bituminous overlay at a cost of \$30,000.

• 1-696 to 10 Mile Road, reconstruction of the Francis Drain.

• 1-96 under construction from I-696 to the Wayne County line.

In Washtenaw County...

• Proposed replacement of the Salem Road culvert at a cost of \$10,000.

• Relocation of North Territorial in the Gottfredson area, completed, .56 mile of finished grade asphalt surface.

• Acquisition of 120-foot right-of-way on Sheldon Road from Joy Road to Ann Arbor Trail.

• Acquisition of 120-foot right-of-way on Six Mile Road from Edward Hines Drive to Napier Road.

• Acquisition of 120-foot right-of-way on Haggerty from Five to Six Mile Road, and on Haggerty from Plymouth Road to Five Mile Road.

• Acquisition of 120-foot right-of-way on Sheldon from Five Mile to Edward Hines Drive.

• Completed, 60-foot reconstruction with reinforced concrete pavement and curb on Haggerty from Six to Seven Mile Road.

In Livingston...  
• Chilson Road, Brighton Road to Laison Road, 1.18 miles of grading and bituminous surfacing at an estimated cost of \$100,000.  
• Hamburg Road, from M-36 to Strawberry Lake Road, 2.6 miles of bituminous recap at an estimated cost of \$60,000.

• Rushton Road, from Silver Lake Road to Doane

We're Proud to Honor A Life Insurance Leader!

Donald W. Smith

A 1971 Recipient of the MILLIONAIRE AWARD

This recognition goes to the select group of Woodmen Accident and Life District Managers who, during a calendar year, provide more than one million dollars of individual life insurance protection.

As well as bringing honor to this representative, such an outstanding effort brings a wider scope of financial security to many individuals, families and businesses. We think this achievement deserves a special tribute, so won't you join us in congratulating

# Fashions for Spring

Mrs. David Ode and daughters, Michelle (left) and Kimberly are ready for Easter in their fashions from Dancer's Department Store in South Lyon. Mom's wearing a Vicki Vaughn outfit of white and navy dress featuring embroidered trim. Kimberly shows off a two-piece white skirt-navy jacket, accented by a hand-painted Easter pin. Michelle is wearing a Nanette Perma Press blue and white stripe dress with flower applique trim and white gloves.

Wearing new white on white Cable knit stretch pants (\$25) is Paul Condon of Lapham's Men's Wear, Northville. His brown and white double knit sports coat (\$69.95) is accented by a chocolate brown sports shirt.

Terry Sue Gellerman models a \$7 body shirt and spring special seersucker plaid shorts by Russ Togs, also \$7. She's holding a matching long seersucker skirt, \$15, all of which are featured at Brader's Department Store in Northville.

Photos by Jim Galbraith

Latest fashions are modeled here by Denise Pounds of Dancer's and Jack Jarvis of Dads and Lads Store in Brighton. Denise is wearing a Betty Rose coat in rose color with brown trim. The anyweather coat is of brush denim and her beige Stringbean pants are trimmed with brown top-stitching and buttons. Jack wore tan Levi double-knit flared pants with a brown striped Van Heusen knit shirt, brown double-knit Bush Jacket and side zip Manley Boots in brown.

Michigan Mirror

Busing's No Big Deal in Jackson

LANSING—Amid continuing controversy over the busing of pupils to schools, 70 unusual pupils are being bused on a daily basis in Jackson and with no ballyhoo.

The 70 are all inmates from the trusty division of Southern Michigan Prison at Jackson. They are attending advanced vocational courses at Jackson Community College.

Courses range from business to electronics to electrical welding, and the program will be expanded. The classes make use of outside lecturers. On one occasion the welding class took a field trip.

THE INMATES in the program have between six and 18 months left on their sentences and have to meet academic prerequisites.

Special provisions have been made for the inmates to sleep late on the mornings after the night classes, and their classroom time is treated as a regular work assignment by prison officials.

The dean of vocational and technical education at Jackson Community College, Harold Matthews, says he thinks the program is a success.

"I'M VERY PLEASED with the attitudes of the trusties," he says. "And I'm amazed at their thirst for knowledge. They are making the program work."

"In most cases, we find that student enthusiasm is high at the beginning of the semester but tends to flatten out as times goes on. These, men, however, remain highly enthused."

"It may be that they are just glad to get away from the prison for a while."

THE JACKSON program isn't the

only one underway in the Corrections Department, but it's the most ambitious. At Camp Pontiac, some 30 men are taking courses at Northwestern Oakland County Vocational Center and Clarkston High School. At Camp Pugsley, some 45 men are being transported three nights a week to Traverse City High School for instruction.

THE DRIVE by women for an equal footing took another step recently. It came with the appointment by Michigan Republicans of a special assistant to Chairman William McLaughlin to work for women's rights.

Vicki Toensing, 30, who insists on the "Ms." designation in front of her name, took the job in the firm belief women can do more than type or take shorthand in political campaigns.

She will be traveling the state urging Republican women to participate more in the party and vie for policy making positions, as well as secretarial jobs.

McLAUGHLIN said the appointment itself shows that women are making progress in their efforts to attain equal status.

"The fact that this position has been created in itself shows that we are concerned about the status of women in the party," he said. "Just a couple of years ago no one would have thought about creating this post."

McLaughlin knows first hand what women can do as administrators as he worked as state vice chairman when Elly Peterson was state chairman.

WHILE THE CREATION of the position showed strides are being made, it brought out some old customs as well.

One of the news stories about her appointment started out referring to

"An attractive Dearborn housewife" and at another point referred to her as a "30-year-old brunette."

If that doesn't seem unusual to you, try to remember when, if ever, you saw a story about a male politician starting out "A handsome

Dearborn husband" Or a story referring to a male politician as a "30-year-old brunette."

The old attitudes and customs die hard, but if Ms. Toensing has her way, they'll go the way of the belief women shouldn't even be allowed to vote.

Mozart Featured At EMU

The Palm Sunday presentation on the Eastern Michigan University campus, traditionally a major event, will feature Mozart's "Grand Mass in C Minor" this year.

Performed by the University Choir, four guest soloists, the University-Civic Symphony Orchestra and University organist, the program is sponsored by the Department of Music and the Office of Religious Affairs. It will be presented at 8 p.m. March 26 in Pease Auditorium.

The Mass is Mozart's most important religious work apart from his Requiem Mass. It was written in 1783 following his marriage and its first performance took place in Salzburg. A strict manner of composition is used and monumental choral movements result. The breadth of the solo movements and treatment of the orchestra raises the Mass to a level of distinction.

The 96-voice choir and the 90-member orchestra, directed by Blaine Ballard, will be accompanied by University Organist Erich Goldschmidt.

The concert is open to the public without charge.

Babson Report

Gold Hike Doesn't Hurt

THE NIXON Administration's bill to devalue the dollar by raising the official price of gold from \$35 to \$38 an ounce was recently approved without change by the House Banking Committee.

The approval at a time when the dollar was again under pressure from foreign currency speculators, focuses attention on the probable effect of devaluation on U.S. companies.

The extent of the devaluation of the dollar in relation to the price of gold is relatively minor and the stock market had been "psychologically prepared" for it for some time. Hence, investor reaction to the move has been generally favorable.

LOOKED AT FROM an investor's point of view, the decision to devalue the dollar and realign other key currencies has bullish long-term connotations. It has been thought that one reason for the slow recovery of the national economy from the 1969-1970 recession was that the flood of foreign merchandise into this country over recent years depressed demand for U.S. merchandise.

So, making foreign goods more expensive should increase demand for U.S.-made goods, thereby boosting domestic employment. And exports of our merchandise should

expand because prices to foreigners will be lower in terms of their money.

On the face of it, then, both U.S. firms that derive a sizable portion of revenues from exports and those that have been hard pressed by foreign competition here at home should benefit from a devalued dollar. However, things are not quite that simple. Caterpillar Tractor, for example, could be expected to show significant gains as a result of dollar devaluation since 53 percent of its volume comes from foreign sales.

Yet competitive benefits from lower prices of its equipment in terms of foreign currencies will be restricted by (1) slowdowns in economic activity in many of Caterpillar's customer countries, (2) inelasticity of demand for earth-moving equipment, and (3) the fact that Caterpillar already holds a dominant position in its own particular industry.

IN SPITE of the somewhat muted benefits to Caterpillar from devaluation of the U.S. dollar, the Research Department of Babson's Reports is of the opinion that higher profits are in prospect for this company for 1972 as a whole, and retention of the issue is recommended.

There are, of course, a number of corporations with heavy foreign business that could be expected to derive some benefit from dollar devaluation. Those mentioned here

all carry "hold" advice.

Particular attention is directed toward those concerns with 50 percent or more of total sales in foreign markets: Santa Fe International (70 percent); American Smelting & Refining (65 percent); Otis Elevator (61 percent); Colgate-Palmolive (55 percent); and Columbia Pictures, CPA International, and Reading & Bates (each 50 percent).

CLOSE ON the heels of these leaders are some important companies with 40 percent - 50 percent of their sales made abroad: Pfizer (47 percent); Ferro (46 percent); National Cash Register and Standard Oil of California (each 45 percent); Black & Decker, Chesbrough-Pond's, and Gillette Company (each 43 percent); Dow Chemical and Texaco (each 40 percent).

Even those firms with foreign sales in the 30 percent - 40 percent range are worth considering by investors eager to take advantage of the opportunities stemming from devaluation of the U.S. dollar: International Business Machines (39 percent); Culligan International (38 percent); Singer Company and Warner-Lambert (each 36 percent); Burroughs Corporation (35 percent); Honeywell (34 percent); Eastman Kodak, Trans World Airlines, and Upjohn Company (each 33 percent); Sperry Rand (31 percent); Avon Products, Bucyrus-Erie, and Xerox Corporation (each 30 percent).

COLLEGE CONFAB-The new Writing Concepts Center at Schoolcraft College was visited recently by Miss Florence Panatoni (left) Northville Schools director of instruction, and Mrs. Violet Bradford (right) chairman of the Northville High guidance department. They are looking at a sample lesson described by Les Mayes (center), an English instructor and one of four co-authors of the innovation.

College's Concepts Center

Writing Program Praised

Two instructional leaders from the Northville Schools visited a pilot program in English composition at Schoolcraft College recently and they liked what they saw.

Mrs. Violet Bradford, chairman of the high school guidance department, and Miss Florence Panatoni, director of instruction, visited the Writing Concepts Center, a Schoolcraft College innovation in freshman composition.

The center affords students the opportunity to work in a new learning experience, utilizing methods and materials designed to meet individual needs.

Traditional methods and setting associated with the English classroom, like

listening to lectures and questions and answers of other students; occasionally participating in a group discussion; appearing in the same room at the same time each day and sitting at a desk has been abandoned. These traditional things have been discarded because the instructors involved in the Concepts Center approach feel they produce an inactive, passive student, or at least encourages an inactive attitude.

Miss Panatoni said her impression of the center was "extremely favorable," and observed "at last a college recognizes that each student is individual and is building programs such as this to meet individual needs." Mrs. Bradford added that she liked

the program for its individual approach because "it holds promise for students with varying degrees of English ability."

Schoolcraft's Writing Concepts Center opened last fall on a trial basis. It was developed by English instructors John Kyrkopoulos, Elizabeth Lichty, Michael Malinowski, and LaSalle Mayes.

They designed the program as an answer to the basic and underlying factors: 1. that no two individuals learn at exactly the same rate, the same things at the same time in the same class; 2. that each person studying a subject has a different background, ability and point-of-view. 3.

'Village' Plans Easter Features

For area residents who are spending Easter vacation at home, two special attractions are announced by the Henry Ford Museum and Greenfield Village in Dearborn.

A steam locomotive "Torch Lake" begins operating on weekends on Saturday, April 1. An Easter-season family theater program features a live production of "Hansel and Gretel" in the museum theater. The Greenfield Village Players are receiving their successful Christmas show to present again this lively production.

perdine score. The staff points out it is entertainment designed for the whole family. It will be shown at 2:30 p.m. daily April 1-9 and also at 7:30 p.m. Saturday, April 8.

Horse-drawn carriage tours of the village also are available daily. Village hours are 9 a.m. to 5:30 p.m. Monday through Friday; 9 a.m. to 6 p.m. Saturdays, Sundays and holidays. Weather permitting, a village snack stand is open. Clinton Inn is open during the noon-time hours. In the museum, hours are 9 a.m. to 5 p.m. daily; 9 a.m. to 6 p.m. Saturdays and Sundays. Museum visitors can get snacks or cafeteria-style lunches in the Garden Room from 9 a.m. to 4 p.m.

Smoking Adds Years

Advertisement for Colligan's water conditioning service, featuring a cartoon character and contact information.

Trying to stay young—or at least look that way—is an obsession in this mad age. But looking young may be even tougher for men and women who smoke.

Facial wrinkles like crowfeet may be caused more by cigarette smoking than by exposure to sun and wind—according to Dr. H.W. Daniell of Redding, California.

In a recent article in the Annals of Internal Medicine, Dr. Daniell describes his study of 1104 subjects between the ages of 30 and 70. Each subject was asked to fill out a questionnaire about his or her smoking habits, sun exposure, weight changes, and medical history.

Without seeing the questionnaires, the doctor first signed each subject a wrinkle score from one to six. Closeup photographs were taken. And three other sets of observers also scored the pictures.

After all correlations were made, prominent wrinkling and heavy smoking were related for all age groups.

Subscription coupon form with checkboxes for newspaper selection, address, and name, and a section for a free color portrait.

# from the Pastor's Study Mouth Pollution Contaminates Society

by The Rev. Ivan E. Speight Salem Bible Church

Recently a Supreme Court judge ruled favorably in a case regarding the use of profanity in public. He declared that what is profanity to one man is poetry to another. One of the curses of our society is "rethinking" and redefining evil, and classifying it as good and necessary for some people to function in society. The Bible says, "Woe unto them who call evil good, and good evil; who put darkness for light, and light for darkness." (Isa. 5:20)

"Mouth pollution" has permeated our society. The smog of profanity has contaminated the public places, the factory, the school, the office, the respectable place of business, the printed page, the T.V., radio, and movie screen.

The Bible says: "For out of the abundance of the heart, the mouth speaketh." If any man likes his "spiritual house" dirty, and wishes to go to hell in his uncleanness... that's his privilege. But to spew forth filth and profanity from his "house" unto the public is the worst pollution of its kind. "Thou shalt not take the name of the LORD thy God in vain" is a commandment of God.

To use the name of the Lord in a curse, vulgarly, or in an unholly way, is to take God's name in vain. To profane words of Scripture is just as bad. Psalm 138:2 says, "...for thou hast magnified thy word above all thy name." In other words, it

could be worse for a person to misuse any of the words of Scripture.

The "respectful" society of our day commonly misuses some very meaningful words used in Scripture besides the name of God and His Son, Jesus Christ. For example: to be damned is to be lost and condemned to hell. Hell is the eternal place of punishment for those not obeying the Gospel and believing in the Lord Jesus Christ as Savior. A bastard is an illegitimate who was not to enter into the congregation of Israel, and is used to describe the spiritual condition of one who is not a child of God. (Hebrews 12:8)

The Shittim wood (acacia wood) was used to make the altar and holy ark of the covenant and other sacred things of the tabernacle of Israel. These holy things of the tabernacle came from shittim wood (King James Version) and not dung, as the common abbreviated form of the word is used to express.

To profane the Scriptures is to profane the work of the Holy Spirit. Such profanity can result to blasphemy shall be forgiven men, but the blasphemy against the Holy Spirit shall not be forgiven men. (Matthew 12:31). The answer to "mouth pollution" is a changed heart. The way to a changed heart is by faith receiving Jesus Christ as your personal Savior.

## as thou wilt

**Sunday**  
1:18-25  
**Monday**  
Hebrews  
2:5-10  
**Tuesday**  
Hebrews  
6:9-20  
7:15-28  
**Wednesday**  
Hebrews  
7:15-28  
**Thursday**  
Hebrews  
9:11-15  
**Friday**  
12:1-10  
**Saturday**  
Hebrews  
13:10-16

The night was dark and calm. All creatures were silent and leaves stood still as a lone man knelt in a garden called Gethsemane and prayed, "Not as I will, but as thou wilt."

Around Him Jesus' disciples lay sleeping. Soon He knew would come betrayal, public condemnation and derision... and the long last march. And yet he prayed, "Thy will be done."

In the shadow of the Cross Jesus demonstrated perfect love and trust for God, His Father. In the hours ahead He would establish His Sonship for the atonement of all mankind.

And so today, in a world that finds this message of hope, let us commemorate that first Good Friday by acknowledging God as our Father, helping our churches to illustrate His way to the hungry, the sick, and the needy.

that students will have different problems and goals even though they are studying the same general subject.

Students enrolled in the program attend three 50-minute orientation sessions during the first four days of the semester.

Students study and learn basic writing concepts, proceeding at their own rate during the semester.

The visit by Mrs. Bradford and Miss Panatoni was arranged by Mrs. Bradford as part of an ongoing program sponsored by the Schoolcraft College Foundation.

At the Center the two Northville educators met and were oriented to the program by Les Mayes, one of the authors of the program.

Miss Panatoni said that she would like to see a similar program instituted in Northville.

The new methodology and environment associated with Schoolcraft's Writing Concept Center permits new individualized instruction and new supervised learning when needed and requested by the student.

This allows great flexibility which, according to Miss Panatoni, is the key to the whole program.

Mrs. Bradford indicated the program is consistent with Schoolcraft's efforts in providing quality education to Northville graduates.

Lone Bandit Robs West Oakland Bank

A lone bandit held up the West Oakland Bank office at the corner of 12 Mile and Novi Roads Monday afternoon...

When Bennetts returned with the orders, the robber pulled a note saying he wanted all the cash presently on hand in the bank.

Bank personnel told police he was wearing a light colored felt dress hat and a tan wind breaker.

WITH ALL THE FRILLS UP IT - Four-year old Laura Gozinski tries on her Easter bonnet in preparation for Sunday's celebration of the resurrection of Christ in Novi's churches.

By Gun Shot Wixom Girl Slain

Three-year old Penny Huff of Wixom was shot in the head and killed Saturday, March 25.

At approximately 4:30 Saturday afternoon Wixom police received a call of family trouble and were directed to an apartment residence at 48361 Pontiac Trail.

Revised English Curriculum OK'd

An innovative English department curriculum, prepared and recommended by Novi High School teachers and administrators, was approved by the board of education Monday for implementation next fall.

The revised curriculum, which provides English courses on a semester rather than an annual basis, suggests an offering of up to 30 different courses.

Number of courses taught each semester will depend upon whether or not a sufficient number of students elect a particular course, board members were told.

Course offers include: Ninth grade - Developmental Reading and Writing Skills I; Developmental Reading and Writing Skills II; Basic Reading Skills I; Basic Composition I; Basic Reading Skills II; Composition II.

Continuing, "It should be remembered that no class will be void in those elements so necessary to good communication: reading, writing and speaking. All of these will be an integral part of each course."

THE NOVI NEWS

Vol. 17, No. 46, Two Sections, 30 Pages • Thursday, March 30, 1972—Novi, Michigan • 15c Per Copy, \$6 Per Year in Advance

Road Assessment Moves Step Closer

Novi's city council moved another step closer to the establishment of a special assessment district to finance a portion of the proposed paving of Taft and Meadowbrook Roads Monday, as it passed the third in a series of seven resolutions necessary before the assessment district can be finalized.

Ed Pressnell, said Traynor. "I've been trying to follow his thinking on the assessment ever since it first came up. We originally suggested an assessment of \$7 per front foot, but Pressnell said 'no, go to \$14.' We went up to \$10 and Pressnell still insisted on \$14," Traynor continued.

Along School Walkway Mud Relief Promised

Citizens concerned about the "muddy" walkway between the end of Willowbrook Drive and Village Oaks Elementary School were assured this week that a temporary, satisfactory solution is in the offing.

It was noted, too, that the time of the assistant superintendent would be especially important this year with the arrival of a new superintendent to replace Dale. The assistant should be available to assist in this transition, it was pointed out.

Wixom Chamber To Discuss Park

A proposal to develop a 64-acre community park in Wixom will be discussed at a meeting of the Wixom Chamber of Commerce by James Lahde, member of the city's planning commission, on April 5.

The land is boarded by Hickory Hills Golf Club on the east and Glangery Road on the north.

Each of the three resolutions received the council's approval by a 6-1 margin and on each occasion it was Councilman Edwin Pressnell who cast the dissenting ballot.

According to Assistant Superintendent T. Richard Hendrickson, Kaufman and Broad have made little effort to get a path graded for walking youngsters. He has appealed to K&B because the firm has a commitment to erect a bridge at the location.

Following approval of this measure, DeWard introduced a motion to prorogue the vacation day compensation on a salary of \$14,000 rather than on the superintendent's present \$20,000 salary.

He argued that many of the accumulated days occurred in contract years in which Dale was receiving considerably less salary. It was noted, too, that technically vacation days should have been taken in each contractual year.

The measure was defeated, however, by a 5-3 vote - with board members lining up on

bridge as soon as weather permits. In other business Monday, the board voted 5-3 to grant Superintendent Thomas Dale 44 accumulated vacation days.

Trustee Ziegler, who opposed the measure, urged the board to consider hiring outside help to free the school's administrators for more important educational matters.

It was noted, too, that the time of the assistant superintendent would be especially important this year with the arrival of a new superintendent to replace Dale. The assistant should be available to assist in this transition, it was pointed out.

Other board members agreed that outside help would be advantageous.
