TWENTY-FIVE CENTS

## Council reverses arcade licensing decision

An arcade in the Halabu Plaza on Beck Road has been granted a license to operate by the Novi City Council. Approval of the application reversed an earlier decision to deny the license based on "health, safety and welfare concerns."

Council members who previously voted to deny the licensing of the arcade withdrew their opposition after reviewing proposed revisions to the city's arcade licensing ordinance which would prohibit school age children from frequenting arcades during school hours.

Plans for the arcade call for 25 game machines. Those plans have been tentatively approved by the city building department.

Owner Charles Halabu also received a positive background check from the Novi Police Department.

The arcade is to be located in the shopping plaza across from Wixom's Village Apartments.

City Attorney David Fried presented a proposed amendment to the ordinance Monday night which states:

"no licensee ... shall permit any person under the age of 18 years to be on the premises during the hours of 7:30 a.m. to 2:30 p.m. local time on such days as any school within the school district where the premises is operating is open from regular school attendance."

Fried noted that a clause will be added to the ordinance so that all arcades currently operating in the city can retain their licenses, as long as they conform with the new regulation once it is adopted by the council.

Action on the amendment is expected at the next regular council meeting.

Questions on the enforcement of the ordinance were raised by council members. Concerns regarding the close proximity of the proposed arcade to Walled Lake Western High School originally prompted the rejection of the arcade license application.

Fried responded that school administrators should be made aware of the new provisions of the ordinance.

"This is the school's problem. If they go (to the arcade) and find students there they have a right to file a complaint," Fried said. "If they sign a complaint a violation will be issued. If there is sufficient basis for it the license will come before the council for revocation."

"The school administration should be told they have the tool to put this place out of business," Fried continued. "If there are repeated violations of the ordinance the license can be revoked. I don't view this as something the police can enforce. A neighboring establishment could call and tell the police that, for example, it's 10 a.m. and the place is jammed with kids; then the police would issue a violation. Otherwise it's a problem of the school administration."

Council Member John Chambers questioned the attorney regarding the status of further amendments to the ordinance which have been requested by the council. He also asked whether the council could act on the Halabu license when it had previously tabled two arcade license applications.

In previous discussion the council has discussed revising the ordinance to provide regulations for businesses where arcade machines provide a secondary

form of revenue for the establishment.

Fried said that if Chambers wanted the ordinance revised immediately it could be done, but he would not recommend taking such action at this time.

"The matter is in (the U.S. Supreme) court right now. I can present an ordinance that hasn't been tested in court, but I don't recommend that. I can't respond as the council desires me to at this time," Fried said.

Council Member Patricia Karevich suggested that the matter be discussed again by the ordinance review committee.

Fried also said that consideration of the Halabu license was appropriate since the license applications tabled by the council were for businesses where the arcade would be a secondary use.

"The majority of the council wanted

to continue the arcades where they are primary uses as arcades. A large number felt they didn't want a proliferation of arcades within establishments where they would not be the primary business. That is what is under study. When I can report on that it will come off the table," Fried said.

The council subsequently voted 4-1 to approve the granting of the license to Village Place Arcade in the Halabu Plaza. Council Member John Chambers opposed the licensing. Council Member Guy Smith and Mayor Romaine Roethel were absent.

Chambers said after the meeting that he opposed the licensing because the city does not appear "to have its act together."

"We approved a license based on an amendment that is not yet an amend-

ment," Chambers said. "I'm not an attorney, but I think it could be construed that we're acting arbitrarily and capriciously. We still have two license applications on the table that meet the requirements of the current ordinance. We're treating them differently than we've treated this application."

"We've found from past actions that when you change an ordinance in mid-stream it causes problems," Chambers continued. "If we allow one man to have a license why can't the others. We owe it to the people to get this question resolved."

He added that he believes the city attorney has delayed in presenting information regarding possible amendments to the arcade licensing ordinance to the council.

## Paving benefits negated by hazards, residents say

By KATHY JENNINGS

Nine Mile residents gathered in the board room in the basement of the Southfield Civic Center last week to appeal their property tax assessments for the paving of the road.

The appeal before the small claims division of the Michigan Tax Tribunal is the residents' latest salvo in their five-year battle against the city's paving program — a program which they say took away the rural character of their neighborhood.

In what at times was an emotional appeal, 23 residents led by former council member Donald Young, Jr., protested the assessments against their property. Those assessments range from \$13,000 assessed against the William Van-Burens to \$400 assessed to the John Begles. Each of the property owners were charged \$10 per front foot.

During the first day of the proceedings, the residents expressed their feelings on the special assessments to hearing referee Danny Hulbert. Driveways on Nine Mile are dangerous now that the road has been paved, they said. Traffic speeds down the paved surface. And residents who once walked their dogs and allowed children to ride bikes on the road now are afraid to do so.

City Attorney David Fried defended the city's assessment and questioned residents regarding their claims that the paving project proved detrimental to their properties.

Young, speaking on behalf of the residents, told Hulbert:

"Special assessment, by definition

means the additional payment for benefit over and above the benefit to the public at large. Nine Mile Road was always adequate for the use of the residents living on the road; however, the road was not adequate to carry the increased traffic of the growing city.

"Nine Mile was paved to carry the greatly increased volume of traffic... Since being paved... the road carries a vastly increased volume of traffic, and the nature of that traffic certainly indicates that the benefit of the paving was to the public at large, not to the residents of Nine Mile.... Any possibility of special benefit to the owners of homes on Nine Mile has been more than offset by damage to the adjoining property resulting from: loss of trees and screening vegetation, loss of sound barrier and privacy from the road, loss of the picturesque rural beauty of the road which was an asset that can never be recaptured, and a tremendous increase in the volume, speed and noise of traffic on the road."

"As a result of the detrimental effects resulting from the paving," Young continued, "we actually suffer a great loss for which we should not be further penalized through the payment of a special assessment."

Young stressed that the paving converted Nine Mile from a picturesque residential street into a major thoroughfare — a country highway.

He objected to the city's position in previous assessment appeals that residents benefitted by increased safety on Nine Mile. "If four cars are proceeding along the newly paved road, one cannot say that any one driver

benefits more from safety, smooth surface or any other road condition," Young said.

He also said increased property values were not necessarily a benefit to the owners. "When property values increase the city assessor soon increases the assessment on any home that increases in value. Very few people believe the resulting tax increase is a great benefit."

Young told the hearing officer that if residents were being charged for their actual use of the road, based on a statistical average of six trips per day for each home, assessments would have been 41 cents per front foot rather than \$10 per front foot.

"We cannot find where we receive any special benefit over and above the benefit to the public at large, but rather we have suffered great loss of trees, screening vegetation and the picturesque country lane character of our road, and we are now subjected to the increased dangers of more and faster traffic on the road. We therefore request that this tribunal declare the special assessment upon us invalid and enjoin the City of Novi from collecting the amounts provided on (the special assessment roll against the property owners.)"

Individually, residents primarily complained about the dangers of living on the paved roadway.

Fanchon P. Halaka told the tribunal referee she now feels "punished for living where I do."

"I moved here eight years ago

held the rank of lieutenant. He is one of three senior officers to be promoted in a realignment of responsibilities within the department. (News photo by Steve Fecht)

## Novi eyes speed bump installation to slow reckless drivers on Siegal

Novi's legal and engineering consultants are looking into potential liabilities that the city could entail if a speed bump is installed in Turtle Creek subdivision as residents have requested.

Frederick McGloughlin and other residents appeared before the council Monday seeking a speed bump at the entrance of the Siegal Court cul de sac.

Residents on Siegal Court have been plagued with cars racing around the island at the end of the cul de sac, McGloughlin said. While the destruction of mail boxes and lawn by cars racing out of control around the cul de sac are a nuisance, the resident are seriously concerned about the safety of children living there.

There are approximately seven small children who are threatened by the continuous reckless driving, McGloughlin said.

He showed the council seven complaints of drivers speeding around the cul de sac that have been registered with the Novi police. He called the complaints "the tip of the iceberg."

"These are probably one-tenth of the incidents that occur," McGloughlin said. "This happens so repeatedly we don't call the police everytime it happens anymore."

There has been a high speed chase around the cul de sac and residents have watched as cars race around the island only to lose control and drive up onto the resident's lawns, McGloughlin said.

Trans Am drivers cause some of the biggest problems in the neighborhood, but go-carts and trucks also speed around the curve, McGloughlin said.

"We would like to suggest a speed

bump at the entrance of the cul de sac. If they're accelerating there it's either to demonstrate their prowess in going around a curve or so they can maliciously destroy property. We ask you to consider our request in light of our extreme problem," McGloughlin said.

He urged the council to "weigh a child's life against a law suit against the city. A suit because of your inaction would be much more of a liability."

City Manager Edward Kriewall reported the police department recommended against installation of the speed bump. He said installation of one speed bump could lead to similar requests from other subdivisions. "Why is this different than any other cul de sac?" Kriewall asked.

However, City Attorney David Fried suggested the matter be researched further.

"A rule without any variance is a bad rule," commented the city attorney. "There doesn't appear to be the danger here that there would be if this were a through stretch."

The attorney did note, however, that speed bumps have been discouraged in the past because drivers can lose control of their cars as they drive over them.

It was decided that the city attorney and the city engineer's office should determine what liability the city might incur if a speed bump is installed as requested by the residents.

## Police promote three officers

Three Novi police officers — Richard Faulkner, Robert Starnes and Gordon Nelson — have received promotions as part of the first step in a departmental realignment, Police Chief Lee BeGole announced Friday.

Lieutenant Richard Faulkner, a 20-year veteran of the Novi police department, has been promoted to Captain.

In his new position Faulkner will serve as executive officer of the Novi Police Department. His responsibilities will include administration and supervision of the department.

Faulkner joined the department as a member of the road patrol, was promoted to sergeant in 1965 and named lieutenant in 1970.

Under the new alignment, the General Services Division Commander and the Patrol Division Commander will report directly to Captain Faulkner.

BeGole also promoted Sergeant Robert Starnes to the rank of lieutenant. He will serve as Patrol Division Commander and be responsible for its operation.

Starnes has been with the Novi police for 15 years. He was promoted to cor-

poral in 1969, served as a detective and was promoted to sergeant in 1980.

Sergeant Gordon Nelson was named General Services Division Commander.

Nelson joined the police force in 1965. He was promoted to sergeant in 1970 and has served as assistant to the General Services Commander in recent years.

As commander of the division Nelson will be responsible for the operation of the Detective, Narcotics, Juvenile, Liquor Law, Court Services, Intelligence and Special Operations bureaus, as well as any other bureaus that may be established.

The promotions are the first phase of a reorganization plan in the department. Promotions have been made to expand the supervisory capabilities of the department. Police officials explain that although the department has doubled in size since 1970 there have been no additions in supervisory personnel.

In the second phase of the reorganization, as many as five sergeants may be named. The new posts will not increase the size of the police department staff. Written examinations for prospective

sergeants are scheduled for September 17.

Friday's promotions opened one sergeant's position and four new sergeants are to be appointed. The new sergeant's posts were created through contractual agreements. Four sergeants will oversee road patrol platoons. A fifth sergeant will oversee civilian employees working in records, identification, vehicle and building maintenance.

Faulkner said the reorganization was initiated to provide additional supervision within the department.

"We are a 24-hour operation and need a supervisor here to see what goes on in the absence of the chief, captain or lieutenant." The new sergeants will have the authority to make both "personnel decisions and supervisory decisions as far as what goes on in the street," Faulkner said.

The current situation in the department is that corporals in act in somewhat of a supervisory capacity since they are ranking officers on a given shift. But the Michigan Employment Relations Commission has ruled that corporals are leaders instead of supervisors.

Even Scrooge would smile at the Results

## Novi school board to tackle hot lunch issue Thursday

Plans to keep the Novi school hot lunch program out of the red, including satellite meals to Village Oaks Elementary and raising lunch prices by 20 cents will be considered for action by the Novi school board tomorrow (Thursday).

The board will meet at 7:30 p.m. in the administrative services building at 2575 Tait Road.

Board members are expected to take action on a plan which school administrators have said is needed to make up for a loss of federal funds for hot lunches which the school district anticipated receiving, but which is to be cut from the federal budget.

Other items to come before the board include:

- ratification of the Transportation Association contract;
- information on the second annual Community Appreciation Day;
- a personnel report calling for the recall of all laid off teachers and the hiring of three new teachers;
- appointments to a committee formed to update the board of education policy manual;
- appointments to the community education advisory council;
- information on the bids for erection of a new Novi High School;
- extra-curricular assignments;

New post office/new postmaster

Novi is getting a new postmaster in addition to a new post office. James L. Asher (above) was sworn in as the new Novi postmaster in official ceremonies outside the new Novi post office on Novi Road Monday. A 13-year veteran of the U.S. Postal System, Asher began his career as a clerk in 1968 and has worked in management positions since 1973. His most recent assignment was supervisor of mails in the Royal Oak Sectional

Center. He replaces Neal Lahring who was transferred to a different assignment in January. Asher and his wife Judy have two sons, Dennis, 11, and David, 6. They currently are looking for a home in the Novi area. The new Novi Road post office has been completed and is awaiting final inspection by U.S. Postal Authorities. A tentative opening date of September 12 is anticipated.

## Vandalism taking toll on residents

Repeated vandalism in the Cedar Springs subdivision appears to be taking its toll on the nerves of residents there considering the latest incident reported to Novi police.

A young man was allegedly attacked by owners of one of the vandalized homes when they mistakenly believed he was approaching their home to commit an act of malicious destruction of property.

Novi police reported that on August 6 three teenage boys had been bicycling riding with the teenage daughter living in one of the frequently-attacked homes.

Later that evening the youths decided to go back to visit the girl, according to police reports. As the boys went into the drive of the home, the owner, apparently believing them to be vandals, yelled for her husband and grabbed at one of the youths.

Two of the boys fled, but the third, realizing he had done nothing wrong, did not. The boy was tackled. When the husband arrived on the scene he also grabbed and hit the youth, according to police. The youth was visiting from out of state and police said there is no reason to believe he or his two companions were involved in the malicious destruction of property in the neighborhood.

Parents of the youth have told police they do not intend to press assault and battery charges, but a lawyer has been retained and a civil suit is being contemplated.

Four homes in Novi's Cedar Springs subdivision repeatedly have been victimized by vandals. The latest incident was reported July 4 when some of the homes were spray painted.

An unknown person sprayed red paint on a Stone Street residence and also painted a mailbox and the front section of the sidewalk.

Other damage included:

- paint was sprayed on the house and mailbox of a residence on Buckminster;
- the mailbox, garage door and a section of the wooden porch were spray painted at another Buckminster.

In the past, the homes have been attacked with eggs as well as spray paint. Police stepped up patrols in the neighborhood this spring but have not yet been able to apprehend the responsible individuals.

## Transportation service available in Novi

Non-emergency transport service now is available in the Novi area.

Volunteer fire fighter Donald Johnson has established a new transportation service which is available 24 hours each day.

The service has been in operation since the beginning of the month. Donald Johnson reports business is slower than he had hoped, but expects business to pick up as word of the new service gets around.

Calls for use of the transportation service have been coming in every day since the business opened, according to Johnson. He noted that if night calls don't warrant operating the service after 5 p.m. the business could revert to a regular working day schedule.

Johnson said his company offers transportation in a unique vehicle, which was built to serve patients both on stretchers and in wheelchairs.

"There are wheelchair vans in Detroit, but as far as I know this is the only one in the area that serves both stretchers and wheelchairs," Johnson said.

The company recently received licensing from the State Department of Public Health, Johnson reported. Under terms of the license the company is to transport patients. It is not licensed to handle emergency cases.

Johnson noted that the service was started to provide an alternative to high-priced ambulance service. He said he perceived the need for such a service after talking to nursing home personnel and hospitals.

Although some patients may not require use of emergency equipment they would still pay higher rates for riding a vehicle with that type of equipment on board, Johnson explained.

"Before, calling an ambulance was the only alternative and for some of these people the insurance company doesn't cover the bill," Johnson said.

He noted that his company offers a ride for a person in a stretcher for \$40 plus \$1 per mile. A wheelchair ride is \$20 plus \$1 per mile.

To date the company has solicited business by sending mailings to nursing homes and hospitals.

The company, with one vehicle, currently is operating out of Johnson's home.

Those wishing to use the non-emergency transportation service can reach Johnson at 348-2875.

## Mayor Spencer breaks 3-3 deadlock

# Wixom proceeds with downtown revitalization plans

Efforts to revitalize downtown Wixom have received a boost with approval of the city's Community Development Block Grant (CDBG) application.

Mayor Assistant Stephen Bonczek told the Wixom City Council last week that the city's CDBG application in the amount of \$22,400 has been approved by the Oakland County Community Development Department.

Approval of the grant will enable the city to implement the first phase of its downtown revitalization program which includes sidewalk repair and construction, tree plantings and erection of street lamps.

Specifically, Bonczek said phase one of the project will involve the extension of sidewalks on the south side of Pontiac Trail from Wixom Road to the municipal center as well as the west side of North Wixom Road from Pontiac Trail to the post office.

The actual length of the sidewalk to be constructed depends on the bid results and needs of the city, Bonczek said.

Additionally, Bonczek reported that the city has purchased nine street lamps from Oakland Community College's Orchard Ridge campus.

"The city would like to alternate one street lamp and one pair of relatively closely located trees," added the mayor's assistant.

"The trees shall be planted in cast iron grates flush with the sidewalk. Cast iron tree guards about four feet

high will be installed for protection."

Bonczek's request to proceed with the downtown revitalization program met opposition from Council Member Wayne Glessner at last week's council meeting.

Specifically, Glessner charged that insufficient planning had been done to insure that the first phase of the revitalization program would be successful.

"If you want to put in a few sidewalks and street lights, it's fine, but let's not disguise it by calling it revitalization," said Glessner.

"The whole thing has to be planned. If you don't put the whole thing together into a coordinated plan, you can kiss all

the money we've spent on planning goodbye."

Revitalization of Wixom's downtown area has been listed as a priority item by city officials for the past decade, but, as Mayor Lillian Spencer stated last week, it's something that everybody talks about but nobody does anything about.

Bonczek noted last week that some preliminary improvements have already been made in the downtown area. Specifically, he noted that the Korex property at the Pontiac Trail/Wixom Road intersection has been purchased and the former Korex plant demolished.

Additional improvements cited by the mayor's assistant include renovation of homes and the street paving program.

Responding to Glessner's charges at last week's meeting, Bonczek defended his request to proceed with installation of sidewalks, street lamps and tree plantings by stating they are an integral part of any downtown revitalization program.

"Look at any revitalization program across the United States and you'll find that sidewalks, street lamps and landscaping are an integral component," he told Glessner.

"Our revitalization program has been planned about as well as it can possibly be planned."

Council Member Dennis Andrews subsequently submitted a motion that authorized the city engineer to prepare bid specifications for installation of the sidewalks, street lamps and landscaping.

The motion was passed on a narrow 4-3 margin with Council Member Gunnar Mettala joining Glessner and Andrews casting affirmative ballots, while dissenting votes were cast by Council Members Nancy Dingley, William Wyllie and Sidney Resner. Mayor Lillian Spencer broke the 3-3 deadlock by voting to proceed with the project.

"I want to get those sidewalks in," explained Spencer. "People who drive through Wixom get a bad impression and the sidewalks will help make our downtown area more attractive."

**Walled Lake Welcomes You**

**Limitless hospitality**

Some residents were a little discouraged by the city limit signs welcoming people to Walled Lake. With weather getting the best of some of the signs, Walled Lake's Beautification Committee set out to get some more respectable looking greetings. The final product (left) is the result of months of work both fund-raising and planning that has culminated in one of the most beautiful welcomes around. (News photo by Steve Fecht)

## Revised plaza addition plan submitted to city

The owner of the Maple Plaza shopping center gained a preliminary "ok" of a revised site plan addition from Walled Lake City Manager J. Michael Dorman Monday.

Dorman acting as planner Lee Lasser's request reviewed the updated proposal and will send it on to Plan Commission Chairperson Ken Tucker for his comments.

The action taken by Dorman Monday in no way represents official approval of the project, but will serve as a gauge for Lasser in his development of the site.

A minor furor was raised in July when Lasser approached the plan commission and suggested that unless his recommendations were met A&P might pull up stakes and move its store out of Walled Lake.

The controversy was stirred by a relatively simple request. Lasser is seeking site plan approval of a 4,000-

square-foot addition to the rear of the D&C dime store that sits adjacent to the Maple Plaza grocery store. The addition would allow A&P to expand into the dime store, while D&C would recoup most of its lost floor space by moving into added space at the back of the center.

Lasser wants to increase A&P's floor space as the store has requested because A&P's lease is due to expire soon. The grocery chain's Walled Lake store is smaller than average and A&P either wants to enlarge or open a more modern store, probably outside Walled Lake, Lasser explained. If the store does not get what it wants, he said, it will simply close its Walled Lake facility and open another store somewhere else — where it can get what it asks for.

Plan Consultant Tod Kilroy told commissioners in July the proposed addition itself meets all city codes. Indeed, planners had no quarrel with Lasser enlarging the structure. Instead they expressed a number of concerns over weed maintenance, trash receptacles and broken doors to the mall, but primarily they spoke of the parking lot.

The basic problem with Maple Plaza is that it was built nearly 25 years ago and does not meet current city ordinances, particularly in the area of parking. The center is nearly 200 spaces short of the number now required for a development of its size. Lasser cannot meet that portion of the city's ordinance; it is impossible for him to add that number of spaces to the lot since the property around Maple Plaza has already been developed.

The plans viewed by Dorman Monday show an increase of about 14 parking spaces behind the plaza. Some 58 spaces will be added to the south of the proposed addition with 38 removed.

The front or north parking lot is also scheduled for restriping to allow for more adequate use of the space. Currently, the lot is striped so that drivers can park their vehicles in either direction. The latest proposal calls for one-way lanes.

A portion of the weed maintenance problem would be relieved by the placement of planters by the driveway entrances and exits and the main doorway.

In addition, the plan calls for a five-foot-long extension of sidewalk along Gamma Street, where none currently exists.

The addition to A&P would use approximately 1,743 square feet. And the D&C addition will require about 2,476 square feet.

Lasser is scheduled to return to the plan commission for its viewing of the revised plan during the September meeting.

## Petitions pulled for 2 council seats

Only two Walled Lake residents have drawn petitions for the five vacant council seats to be filled in this November's general election.

Incumbent Walter Lewandowski beat everybody out of the starting gate by pulling a petition August 8.

A newcomer, Jeffrey Sobolewski, of 787 E. Walled Lake Drive, drew the other petition last Friday.

Sobolewski, who has lived in Walled Lake since 1976, has no previous experience in city government. But the certified public accountant said the reason he was seeking office was because he'd "like to see the city improve and see it get back to the way it was in the past around the '40s and '50s."

Five of the seven seats on Walled Lake's City Council will be up for grabs when voters go to the polls November 3.

Political office seekers will be vying for four regular council seats and the mayoral position. Potential candidates are required to accumulate 50 signatures of registered Walled Lake voters by Tuesday, September 15 at 4 p.m. — the deadline for submitting petitions to the city clerk.

The top three vote-getters in the regular council race will serve four-year terms. While the fourth place finisher will be awarded a two-year term, the remainder of former Mayor Pro Tem Heather Hill's tenure.

THE NOVI NEWS—THE WALLED LAKE NEWS

Wednesday, August 19, 1981

## Brookover announces mayoral candidacy

By STEPHEN CVENGROS

It's going to be all or nothing for Thomas Brookover in this November's general election. The incumbent council member officially announced his candidacy for Walled Lake's mayoral post early yesterday morning.

Brookover's candidacy could lead to a bang-up race for the city's top elected spot—should Gaspare LaMarca decide to seek a second term as mayor.

LaMarca was unavailable for comment yesterday regarding his intentions for the upcoming election. But political insiders are claiming Walled Lake voters will have LaMarca as a choice for mayor come November 3.

Still, as of late Tuesday afternoon, LaMarca had not yet drawn a petition for either a council post or the mayoral seat.

Brookover, the city's mayor pro tem, told The News early Tuesday of his intention to seek the mayor's seat. The Detroit attorney said he planned to pull a petition for the office late Tuesday afternoon.

A Brookover-LaMarca race has been discussed in numerous political circles in and around city hall over the past several months. Brookover's announcement places that anticipated contest closer to reality.

The decision by Brookover to run for mayor puts him in a do-or-die situation.

*'I think I have something that I can offer Walled Lake. And I think I think I can do that better as mayor than as one member of council.'*

— Thomas Brookover, mayoral candidate

Should LaMarca decide to accept the challenge to his position, the loser will be eliminated from council. Because of Walled Lake's election system, the mayoral race is conducted separately from the contest for other council seats.

(For more details on the council race, see page 3-A.)

Brookover, 37, and just completing his first four-year term on council, emphasized the importance of his experience in dealing with other governmental

bodies and coordinating finances. He also openly anticipated LaMarca's joining the race in statements made Tuesday.

"Over the past four years, I've done a number of things and put my neck out on one of them," Brookover said. "Voters will have to decide whether they want me as mayor or Gaspare."

He added that Walled Lake is currently facing "a financial crunch" and "I see where we can reduce spending."

"I've tried to do that as a member of council," Brookover continued, noting his involvement in the fight against Oakland County over rising sewerage rates and the court lease extension, "and I have a lot of valuable experience

in those areas. That's something that Gaspare has not paid enough attention to."

Brookover cited both good and bad in that approach.

"I think Gaspare has tended to ignore and overlook financial problems and things like that. But I can't fault him in his day-to-day knowledge of the people."

The mayoral candidate added that "knowing the people" would be something he'd like to emphasize more.

"I think I have something that I can offer Walled Lake. And I think I think I can do that better as mayor than as one member of council," Brookover added.

Shear beauty

Walled Lake resident Wilbur Walter is gaining a reputation of sorts as a master gardener among both neighbors and city officials. In fact, the city has been so taken by his energy that two weeks ago Walter was awarded a special commendation from Mayor Gaspare LaMarca for his beautification efforts. Showing off his work, Walter walks along a row of shrubs he sculptured (above) with City Manager J. Michael Dornan. And his work even has some practicality to it as neighbor Florence White (right) discovered. Walter trimmed her plants in steps, once again clearing the view from her home's windows. (News photos by Steve Fecht)

## Commerce, Wixom differ on road project funding

It's Wixom's move. In a game of wits with Wixom officials, Commerce Township trustees decided last week to inform Wixom that Commerce will not contribute the entire \$27,000 it had promised toward the realignment of Beck Road and Pontiac Trail.

Trustees say they are still willing to support the road improvement project, which Wixom has been seeking for several years, but the board declared it could not deliver the full \$27,000 earmarked in the township budget for the realignment. Instead, Township Supervisor Robert Long was asked by the board to "communicate to Wixom" that Commerce plans to use about \$10,000 of that money to pay for landscaping improvements to Glegary Road.

Wixom's city council demanded a term and more than 50 trees be placed along Glegary Road near the Gilbert C. Willis Memorial Park in order to shield the recreation area from traffic, which will be routed closer to the park when the road is finished.

Wixom council members were upset that they had not been consulted in the Glegary relocation earlier in the construction project. The city has invested well over \$100,000 in developing recreational facilities in Willis Park, which is

actually located in Commerce Township, and council members apparently were concerned that traffic on Glegary Road would detract from the park's atmosphere. They sought a landscaping barrier between the park and road, even though the road cannot be seen from the berm and trees cannot be seen from the park, according to Long.

Long also told trustees he made it clear to Wixom officials that Commerce would have to use part of the Beck Road-Pontiac Trail road project funds to cover the landscaping improvements.

"I was very, very upset with Wixom's decision," Long told the board. "A definite understanding should be arrived at so there is no misunderstanding—the landscaping funds will be taken from that \$27,000."

Township Clerk Robert McGee sought to postpone Commerce's involvement in the Pontiac Trail-Beck Road realignment temporarily by moving twice to impose the \$27,000 until the final landscape costs are known.

The first attempt failed for lack of support, the second from a split vote.

Long stated, "I'm still willing to contribute to the (Pontiac Trail/Beck Road) project. We should determine if

Wixom will absorb the cost (of the landscaping). If not, they may consider it (the Pontiac Trail-Beck Road realignment) dead as far as Commerce is concerned."

According to Long, when Commerce Township decided to finance a portion

of the realignment, "there was a general feeling that there was higher priorities" in the township than the Beck Road realignment. The Pontiac Trail/Beck Road intersection is located on the boundary between Commerce and the Cities of Novi and Walled Lake.

## Village plans drain improvement

It's a simple solution to a complex problem. The answer to Wolverine Lake Village's woes over the Greenway Drain, which empties into an arm of the lake, is to be installed before flowing into the lake. Sediments will be filtered out before flowing into the lake. Sediments will be filtered out before flowing into the lake. Sediments will be filtered out before flowing into the lake.

But if it works, the filtration system will solve problems that once provoked threats of lawsuits by village officials who were distraught at the spring "mudslides" during Wolverine Lake in 1980.

Last week Stenikiewicz outlined his plans to install an infiltration system designed to allow sediments in the drain to settle out before flowing into the lake. Sediments will be filtered out before flowing into the lake. Sediments will be filtered out before flowing into the lake.

Long stated, "I'm still willing to contribute to the (Pontiac Trail/Beck Road) project. We should determine if

would not be inhibited, so flooding should not be a problem for Walled Lake residents along the drain's route.

According to Stenikiewicz, the plan is to install a series of infiltration basins along the drain. Sediments will be filtered out before flowing into the lake. Sediments will be filtered out before flowing into the lake.

Stenikiewicz also suggested staking some basins at the mouth of the Greenway on the lake. Although the basins do fill up and need to be replaced occasionally, he said, they would help filter out remaining particles in the water.

"The Greenway Drain, which begins in Walled Lake near Decker Road, has been a sore spot with village officials for years. At times, villagers have had their property next to the drain, the problems being in

Long said he was still willing to help Wixom on the project, but was unhappy with its stand on the Glegary Road realignment.

Long will contact Wixom officials and describe the situation "to them," he said.

LIMBERING UP Walled Lake Western frosh Barry Muzbeck is having herself quite a summer vacation. Muzbeck is competing in the United States Gymnastics Federation Single Elimination Championships in Reno, Nevada. The competition pits the top 16 senior and junior female gymnasts against one another. For her story, see page 2-D.

EYES HAVE IT: There was a lot of punny business at a recent Commerce Township board of trustees meeting. Discussing replacement costs of a pair of eyeglasses for a township firefighter, trustees looked over the request humorously before deciding to pick up the tab for the spectacles.

Clerk Robert McGee tallied the votes as "five eyes, no noses and two abstaining." "I thought he only had two eyes," quipped treasurer Eric Dohany. "That's why they're (the glasses) so expensive," should be. But construction was in progress. McGee returned. "Members of the audience overlooked the spectacle."

## Mother, son killed in Ohio accident

By STEPHEN CVENGROS

A Walled Lake woman, her son and sister were killed and her daughter critically injured Friday night when their van collided with a semi-tractor trailer just west of Port Clinton, Ohio.

Mabel Campion, 35, of 2645 Brisbane in Walled Lake, and her sister Dorothy Williams, 18, of Reedville, Virginia were dead at the accident scene. Campion's son, 6-year-old John, died early Saturday morning in Toledo Medical College.

Dorothy Campion, 8, was reported in critical condition late Monday by Toledo Medical College officials.

Ottawa County Sheriffs were alerted to the accident at 10:47 p.m. last Friday. "The public safety officials reported that a tractor trailer rig driven by a North Jackson, Ohio man had pulled onto a thoroughfare that runs east-west bypassing Port Clinton.

Attempting to turn eastbound, the rig drove into the van, which was completely across the westbound lane and was reportedly waiting to finish his turn. The van carrying the Campions and driven by Williams "apparently did not see it at all and drove right under the trailer of the semi," according to police.

Both of the youngsters were transported to Toledo via Life Flight Helicopter. John Campion died at 3:20 a.m. Saturday.

The semi-tractor trailer's driver escaped injury. He was cited for failure to yield right of way. And Ottawa Sheriffs reported no further charges had yet been filed, but the final decision would rest with the county prosecutor.

The four family members were returning from a one-day excursion to Cedar Point Amusement Park in Sandusky, Ohio at the time of the crash.

Reverend Lloyd Christler of the Walled Lake United Methodist Church called Mabel Campion "a very intelligent woman" and "a marvelous mother."

"Mabel's fine centered around her family and her church," Christler said Tuesday. Campion was involved in the church choir, the church's Sunday school and teaching youth classes.

Services for Mabel and John Campion will be conducted tonight (Wednesday) at 7 p.m. at the Walled Lake United Methodist Church.

SCHOOL DAYS As summer fades away, the readiness for reading, writing and arithmetic starts to settle in. For an inside look at some of the things Walled Lake school children and parents can expect from the new year, see today's special supplement SCHOOL DAYS.

SPEAKIN' OF SCHOOL Meanwhile, halfway around the world a local family will be settling into the Korean way of education. The traveling gymnasts are on the road again — this time for a year's stay as teachers in an oriental country. Catch up with them in today's LIVING section.

## Resident's battle against paving assessment continues

Continued from Nov. 1

because of the rural character of the road. I walked my dogs and my babies and enjoyed the beauty of the neighborhood. In the past two years since the road was paved I can no longer do that because it's too dangerous. Now we have traffic noise from Novi Road — noise pollution," she added.

Her family faces other problems because her seven year old son is hard of hearing. The frequency which is hardest for him to hear is the same frequency the sounds of cars make, she said. When the road was gravel the speed of the cars was held down and she didn't worry as she does now about her son's safety.

Fried questioned the woman as to whether her son had been allowed to be near the road unsupervised before the road was paved and whether the boy was unsupervised after Nine Mile was paved. The mother said the boy always has adult supervision.

She went on to say that her property

was appraised both before and after the paving of the road. The appraisal the Realtor told her that because she now lives on a major thoroughfare the value of her property has dropped \$10,000.

Fried questioned why the Realtors had not been asked to testify at the hearing before the tribunal. He was informed the resident did not realize the appeal was "formal."

Barbara VanBuren said that since the road was paved her property has regularly been flooded with water. She noted that she has five children who drive and every time they go in and out of the drive she "prays because of the traffic."

"Two dogs the VanBuren family owned for 10 years have been killed since the road was paved. She asked, however, that the trees she noted the city to retain were allowed to stand.

The primary problem faced by the VanBurens since the paving occurred is the drainage problem, she said. "I have been told it would be fixed and they've done nothing. When Nine Mile was a

I moved here eight years ago because of the rural character of the road. I walked my dogs and my babies and enjoyed the beauty of the neighborhood. In the past two years I can no longer and that because it's too dangerous. Now we have traffic noise from Novi Road — noise pollution."

— Fanchon P. Halaka, Nine Mile resident

Other residents told the hearing officer of the problems they now have getting in and out of their drives.

On the second day of the appeal City Attorney David Fried brought expert witnesses to testify to the benefits the residents received. City Consulting Engineer Joseph Kapelczak explained the design standards of the road and Robert George Abas discussed how property values increased when the road was paved.

Testimony was presented to the effect that the residents benefited because they had a hard surface to drive on that was safer than the gravel road.

Statistics showed that in the 10-month period preceding the paving of Nine Mile there were nine automobile accidents in which passengers were injured and three accidents where only the vehicle sustained damage. Since the road was paved, in both 1980 and 1981 there was just one accident each year — no one was injured in either incident.

Kapelczak explained the measures the city took to retain the character of the area before paving Nine Mile. Employees on the city consulting engineers staff worked closely with homeowners to ensure the city saved as many trees and shrubs in the area as could be saved.

The engineering consultant also explained the design criteria for the roadway. He explained that the majority of the driveways on the roadway were tested for sight distance. Each of the tested drives has a minimum of approx-

imately 310 feet of sight distance; 310 feet is the distance needed for a car travelling 45 miles per hour on wet pavement to react and brake before coming to a stop.

Abas testified that there was a significant increase in property values as a result of the paving improvement. The special benefit to the residents in the elimination of the dust and the mud is a special benefit to those residents.

Fried further pointed out that the residents along Nine Mile admitted they get more use from the road than the public at large when Young told the hearing officer statistical averages show a resident will use the road, they live on six times a day.

The city understands that most owners of single family residences on the street opposed the paving, Fried said. But their opposition to the paving is not the test of whether there was a special benefit to them. The question is whether it is a benefit either to them or some person in the future, he told the referee.

## Novi parks master planning should proceed through fall

Novi's Parks and Recreation Department is seeking proposals from planning firms interested in developing a master plan for the city's parks.

The deadline for submitting proposals is the first week of September.

Parks and Recreation Director Tom O'Branic said the department "has had little in the way of parks to go with in the past three years." The recreational facilities plan will offer a long range look at what the city can be developing, he said.

The master plan will be a 10-year general plan with a five-year working plan. O'Branic said he also expects a plan for a two-three year capital expenditure program which would include within the five-year working plan. The five-year working plan would contain specific objectives.

Preliminary information needed by the companies developing the plans will be provided by the parks and recreation department in the form of administrative goals and objectives and survey results. Deficiencies in local park facilities in comparison with state and national standards also will be brought to the companies' attention.

O'Branic explained the companies study population projections, thoroughfare plans and concepts that are similar to those used to prepare the general city-wide master plan for land use.

An inventory of existing recreational facilities, including city, school and quasi-public facilities, will also be considered, O'Branic said.

"They can take the planning background information and turn it into concrete proposals. They will use this information and condense it into a readily identifiable form," the park director explained.

Park master plans are based on widely regarded state and national standards, O'Branic said. Costs and other factors also will be considered as the parks and recreation commission reviews park plan proposals. Proposals also will be reviewed by the city administration.

O'Branic said the master plan will deal mostly with parks and facilities, rather than programming since programming is largely determined by the availability of facilities.

Informal interviews of school board members, city council members and city planners also have been conducted throughout the summer months. Information gathered from discussions with those "decision makers" also may become part of the background information presented to the park planners.

"We're trying to get representative thoughts of those who are running our community," O'Branic said.

It is expected that a planner will be selected by October and the planning process will proceed for the next six-eight months, O'Branic said.

The plan will be presented in public hearings before the planning board and city council, he added.

Person to Person... Why So Many Churches Dr. James Luther

Before you discard the church as a relic of a bygone age, please consider these facts:

1. The church was established by Christ (Matthew 16:18).
2. The church is presently owned and operated by Christ (Eph. 2:20, 24).
3. The local church is God's method of dealing with the world during this present age (I Timothy 3:15).

The church will continue until Christ comes again (Matthew 16:18).

It is true that the church has many failures. Anything associated with human beings is bound to have shortcomings. The best of us are but sinners saved by God's grace.

There are also many different kinds of churches today. This is mainly due to people being rebellious and fickle. If we see or hear something that displeases us or runs counter to our way of thinking, we simply go to another church or start a new one. Of course we should seek to prosper what we believe is right, but our beliefs should be founded on the unchanging truth of God's Word, not our own opinion. Heaven will not be partitioned! True believers are all one body (Eph. 3:6). We should all be active in a Bible believing, Bible teaching church, that seeks to honor Christ, and spread the wonderful gospel.

Consider your responsibility to the local Bible teaching church. You will one day be asked about your response by the HEAD OF THE CHURCH.

First Baptist Church of Northville 217 N. Wing • Northville 318-1020

## Parents asked to immunize students before opening day

In compliance with state law, the Novi and Walled Lake school districts will be assessing the immunization status of all students in grades kindergarten, fifth and tenth as well as new enrollees.

The review of student immunization records is part of a statewide campaign to insure that all students in public and non-public schools have had the full series of immunizations to prevent such diseases as measles, mumps, diphtheria, pertussis, tetanus, rubella and polio.

Parents should check their children's immunization records to make sure they are fully immunized in accordance with the following required immunization schedule:

- DPT or Td (diphtheria, pertussis, tetanus): Infant series of three doses with a booster after the child's third birthday or at school entry. A Td booster is required every 10 years.
- Oral Polio Vaccine: Infant series of two doses with a booster after the child's third birthday or at school entry.
- Measles Vaccine: One dose after the child's first birthday. Repeat this vaccine if given before the first birthday or before 1967. If the child has been diagnosed as having had the measles disease, the vaccine is not required.
- Rubella Vaccine: One dose after the child's first birthday. Repeat this vaccine if it was given before the first birthday. This vaccine is still needed if the child has had the disease.
- Mump Vaccine: One dose after the child's first birthday. Repeat this vaccine if it was given before the child's first birthday. If the child has had the mumps disease, the vaccine is not required.

Parents must know the dates these immunizations were given to their children. The information is available from your child's physician or from the clinic at which the immunizations were received.

Parents are required to sign immunization forms for their children.

no further boosters are required.

• Measles Vaccine: One dose after the child's first birthday. Repeat this vaccine if given before the first birthday or before 1967. If the child has been diagnosed as having had the measles disease, the vaccine is not required.

• Rubella Vaccine: One dose after the child's first birthday. Repeat this vaccine if it was given before the first birthday. This vaccine is still needed if the child has had the disease.

• Mump Vaccine: One dose after the child's first birthday. Repeat this vaccine if it was given before the child's first birthday. If the child has had the mumps disease, the vaccine is not required.

Parents must know the dates these immunizations were given to their children. The information is available from your child's physician or from the clinic at which the immunizations were received.

Parents are required to sign immunization forms for their children.

## Walled Lake to pour cement to finish sidewalk project

Workers will begin pouring cement today toward the completion of Walled Lake's sidewalk improvement project.

The program, City Manager J. Michael Dornan claims, stretched over three years and brought over \$60,000 in upgrading to city walkways.

This final phase will include improvement to sidewalks along Walled Lake Drive to Angie and include the placement of curb cuts for handicapped individuals.

An estimated 11 concrete ramps —

accommodating wheelchairs and bicycles — will be installed along Pontiac Trail and East Walled Lake Drive.

The majority of financing for the program has come through Community Development Block Grant funding.

The \$60,000 figure quoted by Dornan appears to be high in a quick review of past projects. Last year, \$12,500 was spent to upgrade 3,220 square feet along Pontiac Trail south of Nicolet and West Walled Lake Drive.

Emergency spending clause rescinded

Walled Lake board okays budget resolution changes

The "new majority" on the Walled Lake school board flexed its muscles last week and amended the 1981-82 budget resolution to eliminate the superintendent's emergency spending clause.

The superintendent's emergency spending clause was approved prior to the time that the balance of power on the school board shifted when Roddy and Jackman assumed their seats in July.

The "clause is provided for within the law," he said. "Our purpose in resuming the power was not to usurp the board's authority nor avoid the law."

School board members vote to give up meeting salaries

Members of the Walled Lake school board have agreed to give up their pay for the remainder of the 1981-82 school year.

Board members attended every meeting, it would cost taxpayers a total of \$4,550.

Assistant Superintendent for Business Harry Carlson said it is impossible to determine just how much money the district will save as a result of its board's split decision to forfeit its salaries because it is not known how many board meetings there will be during the 1981-82 school year.

Cooper's motion was questioned by Callahan who asked why he had made the proposal without prior notice.

Walled Lake told to rehire worker

A Walled Lake Department of Public Works (DPW) employee dismissed more than 20 months ago has been reinstated on the city payroll following an arbitrator's decision.

But arbitrator George T. Roumel Jr. ruled that Dickson's inability to drive a truck was detrimental to his DPW job.

According to the arbitrator's report, Dickson's operator's license was revoked December 18, 1979 by Michigan's Secretary of State's office because of a history of alcohol-related driving offenses unrelated to his DPW job.

Drainage solution

Continued from Walled Lake, 1. Hard rains carried dirt from the construction area into the drain, through Walled Lake and dumped the mud at the edge of Wolverine Lake, where a sand bar was gradually built up at the mouth of the drain.

Stankiewicz and village DPW workers are planning to get to work on the new system this fall.

Stankiewicz and village DPW workers are planning to get to work on the new system this fall.

Firefighter seeks funds for education program

It's not easy squeezing money out of the tight fiscal budgets of most municipalities these days.

That's a disappointing reality for Commerce Fire Chief Tom Jenkins, who has been making the rounds trying to drum up contributions for Fire Prevention Week, slated for October 4-10.

Jenkins is also planning to ask the Walled Lake City Council, Joyce Jaycees, Walled Lake Jaycees and other area service groups to contribute toward the fire prevention program.

Area Police Blotters

Wixom police join highway chase; arrest three men

Three Detroit men were arrested in Wixom after they allegedly robbed a jewelry store in Howell. The men evaded police officers from Howell, Brighton and Milford as they sped down I-96 toward Detroit.

The jewelry was apparently the only thing stolen from the home. Among the missing items were a garnet dinner ring surrounded with seven diamonds, an engagement ring with a 2.25 point diamond worth \$500, a ring with a 20 point diamond surrounded by six smaller diamonds worth \$750, a wedding ring imbedded with five diamonds worth \$350, gold earrings worth \$180 and an ankle bracelet worth \$80.

A black pontoon boat washed up on the east shore of Loon Lake August 13 minus its motor and a large amount of fishing gear.

The boat was found about 8 a.m. August 13 on the east shore of the lake by a man who said he had never seen the boat before.

When Wixom Collision ran a check on the boat, they learned it had been reported stolen more than a year ago.

Mark Sanford Schlenke, 18, of Milford was arrested August 12 for receiving and stealing stolen property and stealing an automobile, according to Wixom police.

When Wixom Collision ran a check on the boat, they learned it had been reported stolen more than a year ago.

## As We See It

### New board's votes impair efficiency

The "new majority" on the Walled Lake school board flexed its voting muscle last week by approving two motions last week over the dissent of the "old majority."

The so-called new majority was formed when Patricia Jackman and David Roddy joined Kenneth Tucker and Janet Callahan on the board in July to provide what has proven to be a four-vote majority on any given issue.

Although there is nothing wrong with a little muscle-flexing on the part of the new majority, two of the decisions approved on 4-3 votes last week do not appear to have been wise decisions. Further, there is some legitimate question as to whether the actions may prove counter-productive to the best interests and efficient operation of the district.

Specifically, we question the board's decision to rescind the superintendent's emergency spending power under the Uniform Budgeting Act which is in effect for the first time this year.

The act permits a local unit of government to grant its chief administrative officer the right to approve emergency expenditures of up to \$50,000, provided that he reports the action to the elected body at its next regular meeting. The emergency spending power clause also states that the elected body must approve the expenditure.

In calling for the clause to be rescinded, Jackman argued that any expenditures not indicated specifically in the budget should be brought to the board for approval. If the board is kept abreast of fund transfers, she said, it will have a better understanding of the budgetary process.

Although we have no quarrel with Jackman's rationale, we question the decision to rescind the clause on several grounds. First, \$50,000 is an extremely small portion of the district's overall budget. To be precise, the \$50,000 figure represents less than one-half of one percent of the district's \$24 million budget.

Secondly, we do not believe it is unreasonable to grant the chief administrative officer the freedom to move one-half of one percent of the overall budget under emergency situations. To restrict that authority can lead to situations where the ability of the district to respond efficiently to emergency situations will be impaired. Additionally, it can conceivably place year-end strains on the business office that could require additional personnel.

The "new majority's" interest in rescinding the emergency spending power clause might be easier to understand if there were any legitimate evidence that the budget has not been handled properly in the past.

### Your letters welcome

This newspaper welcomes Letters to the Editor. We ask, however, that they be limited to 500 words and that they contain the signature, address and telephone number of the writer. Deadline for submission is noon Monday. Names will be withheld upon request. We reserve the right to edit letters for brevity, clarity and libel.

## Journal

By KAREN RICE

Like just about everyone else, we reporters are creatures of habit.

Maybe it's something we develop from covering regular beats. After all, municipalities set meeting schedules; so do school boards. The routine helps them get all the things out of the way that they can so they're better able to deal with new issues. School activities and sports follow a well-established pattern and we come to know it as well as though we were actually playing on the team or acting in the plays.

But something that doesn't seem to adequately explain the lunch routine we follow here at The News. We just can't seem to get out of our lunch rut.

This can't be considered a new habit, unfortunately. When we had our offices in Walled Lake, we had the run of the city at lunchtime. We could have chosen from Nifty Norman's (on payday), Laneson's, McDonald's, Lake's, Big Boy's, the Nugget, and several others. We could have ordered take-out food from Little Caesar's or Kentucky Fried Chicken. We could even have packed our own lunches.

But no. We ate at Pizza Hut almost every day. And even more boring, the order was always the same: smorgasbord and a large water.

I'll grant you Pizza Hut was the quickest place to go and it was probably the best meal for the money. But hitting the same restaurant every day and eating the same thing every day is dull.

In retrospect, it's pretty funny to think that when we moved our desks to Northville the only appealing thing about the move at the time was the thought of having a new restaurant to eat lunch at. Quite a selection in Northville, we thought. Actually, there's a fair choice and we've tried every one. And occasionally on payday we'll splurge and go to Little Caesar's for pizza and beer or drop in at a Chinese restaurant.

However, about 90 percent of the time, we opt for eating at the same old place. It seems our staff has pretty much adopted Positively Mainstreet (more affectionately known as The Old Mill and sometimes Old Mainstreet) as OUR place.

If the truth be known, it's almost embarrassing at this point. Our favorite waitress, Tina, knows us all by name. Worse, she knows us all by our preferred selection, too. Just the other day, Tina was able to order for us.

"You'll have a large glass of milk and a tuna melt," Tina told Kathy Jennings, who thought that sounded pretty good.

I decided to test Tina. "What'll I have?" I asked. "A club sandwich on whole wheat toast and a glass of iced tea."

"Bingo."

And she can do that with everyone on our staff. We all live lives bound by routine.

In a way, it's kind of nice going to a place where you always know what they've got on the menu. That's why McDonald's is so successful: It's predictable. You know you can always go in there and get a Big Mac and fries and you know what it will look like and taste like.

If you've ever gone past one of those greasy spoon places, you'll know what I mean. You want to go in and investigate but you're not positive you're going to like what they give you. So you hold out until you see those golden arches — even if you're not in the mood for what they serve. At least you know what to expect.

Well, The Old Mill has about the same thing going for it. It's predictable, consistent and comfortable. We always ask for Tina; we always order one of three or four things; we always wonder why we're going to the same old place for lunch. And we always go back.

Perhaps when you get right down to it, though, developing a routine isn't all that bad. It lends stability to one's hectic life, which just about everyone I work with needs. And I imagine we're not the only ones who insist on adhering to a patterned life.

That could explain why we keep seeing the same people in The Old Mill. Every day.

Maybe it's not the most thrilling way to spend lunch, but it's relaxing.

## Photographic Sketches...

By JIM GALBRAITH

"Uphill bound"

JACK W. HOFFMAN'S COLUMN

For those of us who need the bottoms of Coke bottles to see beyond the length of our arms, the visit to the barber shop is one insult after another.

What's more, it's often embarrassing.

One of our secret wishes is to be able to sit in the barber chair and read a magazine as those with normal vision sometimes do. But, alas, it will never happen.

No sooner have we climbed into the barber chair and we're asked to part with our goggles. Usually, before we can react, the barber snatches them from our face and purposefully places them out of reach on a nearby blurry counter.

Having effectively removed our contact with the world around us, the barber spins the chair so we're pointed at the television. The voice of Tarzan comes through loud and clear but the jungle is missing. In fact the whole screen is little more than a glob of winking white.

"Not much on today. Would you rather see Gabby Hayes?" the barber asks. (Frankly, we'd rather be pointed at the window; at least the glob of white is larger).

Then the door opens. And a voice says, "Hello, Jack, how have you been?"

"Fine, and you?" comes the reply as we try vainly to identify the faceless voice before the conversation becomes more specific. Too late.

"Are you coming Sunday?"

Oh, ye of normal vision, take pity on us who have difficulty in replying to a simple question without knowing who is asking it. If we say "yes" we've committed ourselves to attending a church social we wanted to avoid. Say "no" and we've just kissed goodbye to that free Lions game at the Silverdome.

And then the final insult. Having finished, the barber twists the nearsighted customer around to face a mirror. "How's that," he asks.

## Readers Speak

### Novi resident questions expense of primary election

To the Editor:

Now that 10 percent of Novi's voters have gone to the polls (all eight precincts) for the purpose of eliminating one qualified candidate from a field of three, I'm wondering whether this mayoral election was required and who was to benefit from it.

Certainly the voters in Novi are an intelligent enough lot that we could have selected our favorite candidate in a single election without the necessity to eliminate one worthy candidate from the field.

If in future mayoral elections we had to choose from a wider field of candidates than three, I feel that we would

be capable of this responsibility, as well.

I have heard that a citywide election costs about \$15,000. Please correct me if I have been misinformed on this figure.

It seems to be that while the economy has all of us pinching our pennies that the city could assist us by not asking us to pay for unnecessary elections.

I'm sure that the primary election results provided useful information for the campaign committees of the two candidates who received the most votes, but all that it did for the voters was reduce our options for the fall election and drain our city taxes.

Alice Pierle Novi

EDITOR'S NOTE: The total cost of the primary election was \$4,633.39, according to Novi City Clerk Geraldine Slipp.

To the Editor:

I am writing this letter in response to one written by Lois Weidenbach regarding the A&P Store in Walled Lake.

I have been a customer of that store for over 10 years. I shop there at least twice a week.

She says the personnel of that store is slow, aloof, unresponsive and disrespectful.

When I was shopping at the A&P several weeks ago and looking for one particular item, I asked a very busy

store boy where I might find it. He told me, but since I did not look hard enough, I missed it.

About 15 minutes later when I was waiting in the checkout line, this same young man passed by. He stopped and asked me if I had found what I was looking for. I told him no. He went back and got it for me.

Now this young man did not have to stop. He could have went right by me, but he was kind and responsive enough to care.

I wonder if Lois Weidenbach hasn't confused the A&P personnel with some of the A&P customers.

Lauretta Larsen Wixom

To the Editor:

My name is Sarah McLaughlin; I am 13 years of age.

I live in Turtle Creek in Novi. I am writing to you about the article that appeared in The Novi News on August 12; the one concerning the price increase of school lunches. I feel the price increase of 20 cents per meal, and the added nine cents per carton of milk is excessive.

If this happens, I am personally going to go to the next year's student council president and urge that the school lunch program be boycotted. Maybe then the school board will lower prices to get teenagers, children and adults of the Novi School's system to buy lunches.

I am not trying to threaten the school board, but I am more concerned about the school system in our city, mainly because I am a part of it.

Sarah McLaughlin

To the Editor: Question please, to the Novi School Board.

Why is it each time the millage comes up for an increase or renewal, the children are said to be the benefactors, which I agree they should be.

But now we are told of an increase in wages for the school administrators, and the children will get an increase in the price of their lunch.

From my point of view, the children come out on the short end. What do you think?

William Koller

### District Court lease funds included in county budget

The proposed 52nd District Court lease has already received county budgetary approval, according to an Oakland County official.

John Madole, county manager of property management and community development, confirmed Monday that county board of commissioners finance committee approval was not needed because of the item's inclusion in the annual fiscal year budget.

"They budgeted, at the beginning of the year, so much," Madole observed of county finance handlers. "They had projected an increase."

The final step toward resolution of the continued lease extension, which expired June 30, will come during tomorrow's (Thursday) county board of commissioners meeting.

If accepted, the rental rate would increase to \$2,781.82 per month between its effective date and September 30, and jump to \$3,002.09 October through the contract's end.

In comparison to the Decker Road facility where the court's civil division is being housed that fee is high, Madole confirmed the county is paying only \$2,000 a month for use of that facility.

The marked increase in the city hall lease is a result of Walled Lake officials' insistence to continue a pay hike because of climbing building costs. Walled Lake is planning to undertake an extensive renovation project and expand its office space once the court vacates the facility.

The initial contract regarding the most recently proposed extension occurred April 20. It is that original proposal that Walled Lake has agreed to comply with.

The court's original lease expired last June 30 and was extended at the county's request for one year. Prior to the extension's expiration this year, Madole approached the city for a second extension through March '82. The deadline has once again been pushed back to next April.

### Walled Lake's city council set to review charter amendment

The decision to amend sections of the Walled Lake City Charter relating to public bidding may be before the city's voters in November's general election.

Walled Lake's City Council was scheduled to discuss the possibility of placing a proposal to change sections 12.1 and 12.2 of its charter before constituents, during its meeting last night (after our press time).

City Manager J. Michael Dornan said Monday that the item was placed on the council agenda to allow for "a review and development of a proposed resolution that council could review and use."

Dornan noted that the matter was coming before council at this time because of the 60-day period that must precede placement of proposals on ballots. In order to make that deadline and have

voters decide on the suggested charter alterations when they go to polls November 3, council needed to act on the resolution either last night or during its September meeting.

The areas of sections 12.1 and 12.2 that have received most concern in the past deal with the \$500 ceiling placed on public bidding.

Currently, comparative prices must be obtained for either the purchase or sale of items more than \$500. Professional services and other areas determined by council are exempt from bidding.

City Attorney Richard Poehlman observed during his questioning that the \$500 ceiling was a bit low considering the rise in inflation. Dornan confirmed Monday that inflation was one reason the council would be asked to consider the changes.

# School loan to cost Walled Lake District \$660,000

It will cost the Walled Lake School District \$660,000 in interest payments to meet its financial obligations during the first half of the 1981-82 school year.

That's how much interest the district will pay on a loan of \$8.7 million from the Northern Trust Company of Chicago.

The Illinois-based financial institution was the lowest of four bidders on the \$8.7 million loan which will enable the district to meet its financial obligations until local tax revenues start arriving in December.

pany offered to loan the money to the Walled Lake Schools at an interest rate of approximately 11.8 percent. Other bids ranged from 12 to 12.78 percent.

Superintendent of Business Harry Carlson said the district was fortunate to receive four bids for the school loan. Other Oakland County districts are receiving only one or two bids and some have received no bids whatsoever, Carlson said.

Carlson stated further that financial institutions apparently were willing to offer the district a relatively low interest rate on the loan because of the district's good financial rating.

The assistant superintendent for business reported that the Walled Lake Schools have received a MIG-1 rating from Moody's Investor's Service. Moody's is a New York-based firm which grades the financial reliability of public and private institutions.

"The MIG-1 (Municipal Investment Grade) rating was very beneficial in our ability to attract bidders and receive a relatively low interest rate on the school loan," said Carlson, adding that interest rates secured by other Oakland County school districts are ranging in the 12 to 12 1/2 percent range.

"The top rating indicates that we pay our bills and have never gone into a deficit position. It makes our bonds more desirable and more saleable."

Carlson estimated that the district probably saved between \$15,000 and \$20,000 as a result of securing the MIG-1 rating from Moody's.

It is not unusual for school districts to borrow money early in the year to meet their financial obligations. The Walled Lake District receives the major portion of its revenues from local property taxes, which are levied in December and not fully collected until March.

Since the school year begins July 1 and the bulk of the revenues do not start arriving until December, many districts must borrow money early in the year to meet expenses.

Carlson told the school board last week that the district expects to run out of money in August. The loan will enable the district to pay its bills until property tax revenues start to arrive in December.

The loan is then paid off from the property tax revenues.

Efforts by the district to eliminate the need to borrow money early in the year

by collecting half the school taxes in August and the other half in December have been largely unsuccessful.

School taxes are collected by municipalities and turned over to the school district. The cities of Novi and Farmington Hills both collect school taxes twice a year, but they provide only a small percentage of the total revenues for the Walled Lake district.

Voters in Commerce Township, who provide the largest share of school tax revenues, turned down a request to collect taxes on a bi-annual basis in last November's general election.

## Wixom may need to reimburse owners of community wells

Connecting Wixom's individual wells into a single coordinated water system may cost the city more than originally expected, according to City Attorney Thomas Connelly.

In essence, the city attorney reported that it is difficult to make a "categorical statement" regarding ownership of the wells because each well is subject to different deed restrictions.

"In some cases, the individual wells have been deeded outright to the city with no restrictions of any kind," reported Connelly.

"In other cases, the wells have been deeded to the city with restrictions that state the well is to serve a specific development, and the city may be required to pay the original owner if any broader use of the well is made.

"If Wixom decides to interconnect the individual wells," Connelly added, "there may be a question of compensation to the original owners."

Connelly was asked to submit the legal opinion regarding ownership of the wells at a time when the city council is investigating the possibility of developing a citywide water system.

Wixom officials have been warned by both the State Department of Public Health and the Oakland County Department of Public Works that the existing water system must be improved.

Richard Leher, of the State Department of Public Health told the council in March that the state will take steps to induce improvements to the system if the city fails to take action on its own.

Wixom's water system currently consists of individual, community-type wells in which wells, pumping equipment and local distribution systems have been constructed by the developers of individual subdivisions.

Upon completion of the development, the wells are deeded to the city which then contracts with Oakland County to operate the water systems.

State and county officials are concerned about Wixom's water system because of reports which indicate that none of the individual water systems in Wixom meets the criteria established by the American Water Works Association for meeting peak demands.

Additional concerns about the water systems have been expressed by Wixom Fire Chief George Spencer who told the council in December 1980 that the city may be facing serious fire hazards due to the absence of an organized water distribution system.

To meet those concerns, City Engineer Lawrence Pate has recommended that the city initiate a capital improvement program that would consist of inter-connecting the individual systems through the construction of transmission mains.

Inter-connection of the individual systems would increase the reliability of the overall system, according to the city engineer.

Although Connelly's report indicated that the city may be required to pay developers for use of their wells if and when they are inter-connected, the major expense will be the cost of installing the water mains between the individual developments.

No cost figures have been received, but preliminary estimates suggest that the cost of installing the transmission mains will be more than \$1 million.

The council has decided that it must proceed with improvements to the water system, but there is still a major disagreement as to just how the project will be funded.

Some council members have taken the position that the city-at-large, while others maintain that the improvements should be financed through creation of special assessment districts.

In his report last week, Connelly stated that the city's water system has been operated on something of a "special assessment" approach over the last 20 years in the sense that capital improvements have been funded by the users of the system through their water bills.

Connelly added, however, that the inter-connection of the systems represents a new phase in the operation of the water system.

"The council must still decide," said the attorney, "whether capital expenditure costs will be spread over the users of the system or be paid by the city-at-large."

**CITY OF WALLED LAKE ORDINANCE NO. C-2-81**  
**AMENDMENT TO CITY CODE**

An Ordinance to amend Title II, Chapter 22, Section 2.36(8) of the Code of the City of Walled Lake.

THE CITY OF WALLED LAKE ORDAINS:  
Section 1. Title II, Chapter 22, Section 2.36(8) of the Code of the City of Walled Lake is hereby amended to read as follows:  
2.36(8). The City shall pay for all water used by it at the established rates except that for fire hydrant rental it shall pay \$1.00 per year for each hydrant connected to its system. Such rental shall be payable in equal quarterly installments.

Section 2. Repealer. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect.

Section 3. Severability. Should any section, subdivision, clause or phrase of this Ordinance be declared by the Courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so invalidated.

Section 4. Effective Date. The provisions of this Ordinance are hereby ordered to take effect twenty (20) days after their enactment.

Section 5. Adoption. This Ordinance is hereby declared to have been adopted by the City Council of the City of Walled Lake, at a duly called meeting held on the 4th day of August, 1981, and ordered to be given publication in the manner prescribed by law.

I, the undersigned, the duly qualified and acting City Clerk of the City of Walled Lake, Oakland County, Michigan, do hereby certify that the foregoing is a true and complete copy of the proceedings taken by the City Council of the said City at a regular meeting held on the 4th day of August, 1981, the original of which is on file in my office.

RUBY LEWANDOWSKI, City Clerk  
Publish August 19, 1981

**NOTICE OF PUBLIC HEARING**

NOTICE IS HEREBY GIVEN that the Walled Lake City Planning Commission will hold a public hearing on Tuesday, September 8, 1981, at 7:30 p.m. at the Walled Lake Municipal Offices, 1499 E. West Maple, Walled Lake, Michigan, to consider the following amendments to Chapter 51 of Title V of the City Code. They are:

1) Addition of new Section 5.33 — (10) which regulates the location of mobile homes, modular homes, sectional constructed or prefabricated housing units within R-1A and R-1B Single Family Residential Districts. (Full text of this proposed new section is available for review at the City Clerk's office.)

2) Addition of new Section 5.216 Width to Length Proportion in Single Family Residential Districts as follows:  
5.216. Width to Length Proportion  
All dwelling units in R-1A, R-1B, and RD-1 Districts shall have a width to length proportion that does not exceed 1 to 4. When calculating the proportion of such dwelling units, the length of any dwelling divided by its width shall not exceed the number four (4).

3) Amendment of Section 5.4, Definition No. 74 (a) (b) (c) as follows:  
a. Front Yard: An open space extending the full width of the lot, the depth of which is the minimum horizontal distance between the front lot line and the nearest line of the location of a main building whether existing or proposed.  
b. Rear Yard: An open space extending the full width of the lot, the depth of which is the minimum horizontal distance between the rear lot line and nearest line of the location of a main building whether existing or proposed.  
c. Side Yard: An open space between a main building and the side lot line, extending from the front yard to the rear yard, the width of which is the horizontal distance from the nearest point of the side lot line to the nearest line of the location of a main building whether existing or proposed.

NOTICE IS FURTHER GIVEN that these amendments are on file and may be examined at the City Clerk's office, 1499 E. West Maple, Walled Lake, Michigan, 48028, from 8:30 a.m. to 5 p.m. Monday through Friday. Any comments regarding these proposed amendments can be made at the above scheduled hearing or by mail to the City Planning Commission.

Kenneth Tucker, Chairman  
City Planning Commission

**An American Family in Yosŭ**

By KAREN RICE

they had hit "a plateau of excitement," now they are just eager to get unpacked in Yosŭ.

Ed and Eileen, both teachers in the Oak Park school district, call the coming year the "chance of a lifetime." They'll have 10 students — including their own sons — ranging from second to sixth grade. They'll make the policies, plan the lessons and teach all the students individually.

"As far as the kind of teaching we'll be doing," Ed says, "it's an idyllic situation. We'll be doing some real teaching; we'll be teaching kids not groups. It'll mean an awful lot of planning and it will be very, very challenging. It won't be a snap at all."

Teaching friends of the couple envy them the opportunity to "really teach and not just enforce rules," the Carrothers say. But many other friends, before they left, though, they admitted

ly envious of the Carrothers' move to Korea. The reaction, says Eileen, was "How nice for you — but I couldn't do it."

"That sentiment doesn't phase the Carrothers at all. The Carrothers have never been a family to be confined to doing what's expected of them. In fact, they thrive on trying new and unexpected things.

Last summer, for instance, the four some rode their 10-speed bikes on a 300-mile jaunt around Canada. Adam and Chris were 10 and 9 1/2 at the time. And they're planning another bicycle tour — this time they hope to ride through mainland China on one of their school vacations. They might even try the same thing in Japan, which lies just south of their new home in Yosŭ.

The dream adventure started last spring when Eileen read an ad in the newspaper seeking two experienced elementary teachers interested in teaching in Korea. She yelled downstairs to Ed and read him the ad. He was excited, but Adam was even more taken with the idea; the next day Adam went to Village Oaks Elementary and told his classmates he was moving to Korea.

"We had to correct that quickly" in case the jobs fell through, Eileen remembers.

Ed and Eileen played down the possibilities of the job so their sons wouldn't be disappointed, they say, but privately they were sure the position would be theirs. "It just felt right from the very beginning," Ed explains. "Somehow, we just knew it would work out."

Adam's initial reaction and his parents' gut feeling turned out to be right. The Carrothers interviewed in Midland for the job and were notified in May that they had been selected to run the school. They quickly asked for and received leave of absence from their posts in Oak Park, arranged for passports, purchased supplies for the schools and had their furniture placed in storage. They shipped over 2,000 pounds of personal goods — including bikes, backpacking gear and "the entire kitchen." They also found a new home for their 12-year-old Siamese cat, whom they fear would not survive the long plane ride to Korea.

Their house will be rented out while they're gone, but when they return next summer (or the year after if they decide to stay on) home, belongings, jobs and friends will all be waiting. "We're not burning any bridges behind us," Ed notes. "We'll be back."

One thing the Carrothers did not expect from the job was to develop an appreciation for large corporations. Dow Chemical has practically become a family friend; however, the company has given them the red-carpet treatment. The Carrothers will live rent-free in a three-bedroom air-conditioned ranch. Their plane fare is covered, as is transportation for home leave next summer if they stay another year as teachers. Dow has arranged for a car and driver for them, as well as countless other fringes, Ed says.

But for the two teachers, the most wonderful thing Dow has given them is a large budget for the school. "I'm not going to say how large," Ed laughs, "but after dealing for years with public school budgets, we were just floored. And for only 10 students... We bought everything we wanted and still have money left over."

While the Carrothers are eagerly planning for fall classes, however, Adam and Chris aren't overly enthusiastic at the prospect of having their parents be their teachers. And Ed admits the situation could be tricky. "We're not worried about teaching them," he says. "We are worried there might be too much togetherness, but I'm sure we can work that out."

What about too much togetherness for Ed and Eileen? They insist it won't be a problem. "We work well together," Eileen states. Besides, agrees her husband, "We're older. We can handle it."

Even though the Carrothers are confident of their ability to handle anything they come up against — and are sure this job was tailor-made for them — they are a little bemused at the chain of

events that has brought them to this stage. Eileen says she doesn't really know why she was reading the classifieds the day she saw Dow Chemical's ad.

"I guess we were at the point where we wanted to do something else and there aren't many opportunities like this for teachers anymore," explains Eileen.

"Sometimes I'd look around and say 'We're so settled here... You sort of think you're going to go on that way, and I don't think either one of us ever wanted that.'"

They got their wish. Nobody can say the Carrothers are stuck in a rut now.

Friends of the Carrothers can write them in care of Post Office Box 1865, Midland, Michigan 48640.

Eileen, Adam, Ed and Chris Carrothers prepare to leave their home in Novi for a new one in Korea

**Check it out**

**Library circulation figures break a record**

It's been a record-setting summer at the Novi Public Library.

Administrator Dianne Bish reported that the library set a new record during the month of August by circulating a total of 9,818 books, periodicals, pamphlets and children's record.

The new mark eclipses the former one-month circulation record of 8,878 set in March of this year.

Other new circulation records this year at the library include most circulation in one day (582 on July 9) and most circulation in one week (2,454 during the week of June 15-21).

"Things have definitely been busy," said Bish last week, "but it's good to be busy because circulation increases show that the library is meeting the needs of the community in terms of providing relevant, useful information."

One of the major reasons for the new circulation records in July, according to Bish, is the children's summer reading program headed by Children's Librarian Jane Brown.

Some 160 youngsters were enrolled in the six-week program which encourages them to read at least five books.

Approximately 9,300 books were circulated during July, and more than 9,000 of those books were circulated as a result of the children's reading program.

Specifically, a total of 9,303 books were circulated during July — 4,619 books for children and 4,684 books for adults.

In addition to the children's reading program, Bish suggested that several other factors contributed to the record-setting circulation figures during July.

"We're continuing to improve our collections and the library now has more materials to offer," she said. "We also think we're getting a better understanding of the types of materials that the community wants to be available through its library."

Bish further suggested that public relations efforts have helped create an increased awareness in the community of the library and the services it has to offer.

The semi-recession syndrome in our economy may also have been a contributing factor to the circulation increases," she added.

"Library circulation typically increases when times are bad because people are looking for self-help books on such topics as saving energy that show them how to save money."

The "hottest" fiction books at the library right now are "Rage of Angels" by Sheldon, "Gorky Park" by Smith and "Noble House" by Cavell.

In the non-fiction category, there is high demand for "Never Complain, Never Explain," the biography on Henry Ford II, and "Crisis Investing."

The most popular children's book appears to be "SuperJude," an adventure story by Judy Blume.

Bish has her sites set on at least one

# Wolverine Lake Village police slate bike registration

The Wolverine Lake Police Department will be registering bicycles this Saturday, August 22, from 9 a.m. until 2 p.m.

The free service is for village residents only. Bicycles should be brought to the police station and children should be accompanied by a parent.

License numbers will be issued as part of the theft-prevention program. Call 624-1335 for more information.

WALLED LAKE LIBRARY: Workshops on the game Dungeons and Dragons will be conducted by Mike

## Community Notes

Jones, a member of the Scarlet Brotherhood, at the Walled Lake Library.

The first workshop will be held at 7 p.m. tonight (Wednesday). Call the library, 624-3772, before the workshop to reserve a spot.

Area children are invited to attend the summer's second session of "Stories in the Park" next Wednesday (August 26) at noon.

The program will last approximately 45 minutes. Children and parents should bring a brown bag lunch to enjoy during the stories.

The Walled Lake Library can provide library service to the hearing impaired. The service is offered through the Wayne Oakland Library Federation.

For more information, on "Stories in the Park" or services to the hearing impaired call the library at 624-3772.

CO-OP REGISTRATION: Places are still available in the fall preschool classes at the Novi Coop Nursery. Orientation for three and four year olds will be August 31, but registration may be made before that in order to assure a spot.

This is the 10th in operation for the school, which operates from Moraine Elementary School on Eight Mile.

Places are still available for three year olds, who meet Mondays and Thursdays from 9:15 to 11:15 a.m.; and for four year olds, who meet Mondays from 12:45 to 2:45 p.m. and Wednesdays and Friday mornings.

FIRST BAPTIST: Mill Frick will speak on "Who is the Word of God" at

## WEST BLOOMFIELD LIBRARY:

Four films for children will be shown at the West Bloomfield Library next Tuesday and Wednesday.

"Le Merle," "Madeline," "Madeline's Rescue" and "Crazy Animal Caper" will be screened next Tuesday (August 25) at 10:30 a.m. at the Westcoast branch and next Wednesday (August 26) at 10:30 a.m. at the main library.

On Sunday (August 23), children can select two new paperback books each to keep from the library. The books are part of the Reading is Fundamental distribution period. No library books may be checked out or returned during the RIF giveaway.

DUNGEONS AND DRAGONS: The Scarlet Brotherhood invites area residents interested in playing the game Dungeons and Dragons to join them Monday evenings at 6:30 p.m. at the home of Mike Jones.

The brotherhood, a group of about 25 dedicated players, conducts the game sessions until 10 p.m., according to Jones. Players work only with paper and pencil and do not play the game with costumes.

For more information, call 624-2760.

OVEREATERS ANONYMOUS: The Novi chapter of Overeaters Anonymous meets every Thursday at 7:30 p.m. at Holy Family Church on Meadowbrook Road.

For more information on the weight-control group, call Tova, 624-5604.

IMMUNIZATION CLINIC: The Oakland County Health Division offers its regular monthly immunization clinic at Wixom City Hall on Tuesday, September 1, from 9 a.m. to noon.

Immunizations for measles, German measles, mumps, polio, diphtheria, tetanus and whooping cough are available. A parent or legal guardian must accompany children under 18 years old and bring any previous immunization records, including any notices received from the schools.

MAKE TODAY COUNT: The Orchard Lake chapter of Make Today Count meets the second and fourth Thursdays of each month in the Orchard Lake Community Church, 5171 Commerce Road, at 7 p.m.

The support group of people suffering from fatal diseases encourages discussion and sharing of human concerns and emotions, according to the group.

All interested 12-14 year olds should contact the Farmington Area YMCA at 553-4020 for more information. Registration is limited.

CEGAR POINT TRIP: The Farmington Area YMCA, which includes "Round-up" from 7-9 p.m. August 25-28 for children ages 5-12.

The Round-up, a replacement for the more conventional Vacation Bible School, will feature hay and pony rides, yard games and other outdoor activities.

The Round-up features a western theme; activities will be held on the church's 16-acres of fenced property which contains a barn, orchard and woods.

There is no charge and pre-registration is not required. Parents also are welcome to attend.

For further information contact the Reverend James Conner at 348-7600.

# Welcome Wagon taking reservations for salad lunch

Reservations are being taken for the Novi Welcome Wagon's annual salad luncheon. The luncheon will be held at 12:30 p.m. on August 26 at Faith Community United Presbyterian Church, Call Ann, 349-0864, or Mary Lou, 348-0598, to reserve a spot.

Members, guests, newcomers and interested residents are invited to attend to find out more about the Welcome Wagon. Call Lisa Willard, president, 478-7087, for more information.

PIN POINTERS: An organizational meeting for the women's bowling league will be held August 27 at 10:30 a.m. The women, who just bowled for fun, will meet at Bel-Air Lanes at Ten Mile and Orchard Lake Road.

Officers for the coming year are Janice Kester, president; Jean Porter, vice-president; Barb Pietron, secretary; and Barb Walling, treasurer. Sue Taylor is sergeant at arms.

The Pin Pointers bowl Thursdays at 9:30 a.m. Regular members and subs are needed. Call Barb Pietron, 349-0531, for details.

PERSONALS: The fifth Ledford-Sowers reunion was held in Cadillac recently. About 60 attended, including local resident John Ledford, who was elected reunion president and also received a prize for being the oldest man present. A good time was had by all.

Guests this week at the Beck Road home of Alma Klaseener were Inez and John Klaseener of Tennessee. Visiting from Cincinnati, Ohio, were Charles Klaseener and Clarence Owens.

Mr. and Mrs. Bill MacDermid of Stassen Street have recently returned from a trip in the Thumb area. They attended a wedding of Sharadur Harud of Getageton, a cousin, and also visited relatives in East Tawas. The MacDermids camped at Hiawatha Forest with their daughter and her family and visited former residents Mary and Fred Sarmen of Mass City before returning home.

Mr. and Mrs. Eugene McFale entertained Mrs. McFale's sister, Marie Buck of South Dakota. They took a trip

## Novi Highlights

By Jeanne Clarke  
624-0173

There will be a basic leadership training session for returning leaders and new prospects. The seminar will be held at Farmington Methodist Church. Call Keith Dubois for details.

NOVI LIBRARY: The summer reading program was a huge success, according to librarians. More than 2,500 books were checked out and read in about six weeks by 280 children registered in the program. About 80 preschoolers were enrolled in the "Read To Me" program.

Any children who were in the program and could not attend the year-end party to pick up their certificates can do so by stopping at the library before September 12.

Kelly Parker's collection of patches is on display now at the library. Call Jane Brown, 348-0720, if you have a collection or an idea for an exhibit.

Entry forms to the Woodland Medical Center drawings continue also are available at the library. Children under 12 are eligible to submit drawings depicting health, children, peace, broken bones, trips to the hospital and other medical-related events. Deadline is August 28. Call 348-8000 for information.

NOVI KIWANIS: The fall membership drive of the Novi Kiwanis Club will be kicked off next Wednesday (August 26), when each member is asked to bring a prospective member to the weekly meeting.

Paul Tomshany, governor-elect for the Michigan Kiwanis district, will address the club. Anyone interested in joining a service organization or in helping to make Novi a better place to live is invited to the meeting.

The Kiwanis Club meets at 6:30 p.m. Wednesdays at Novi United Methodist Church.

Celebrating the chartering of their club one year ago, the Kiwanians will hold an anniversary dinner September 24 at the Red Timbers. Call Vic Carroll, 348-0668, for tickets, which cost \$13.50.

Judge Gil Zitzelsberger, immediate past district governor, will be the speaker at the anniversary party.

Blue Star Mothers still need good used men's clothing, paperback books, toilet articles, hearing aids and glasses to take to the Veterans Administration Hospital in Ann Arbor.

Mothers, sisters, wives of veterans and other interested women are being sought to join the club. Call 349-1904 for details.

REACT: Novi React members are preparing for their annual Safety Break on the Labor Day weekend at the Novi rest stop on I-96. Coffee, cups and donuts are needed from area contributors who would like to support the project.

React members recently participated in a simulated emergency situation in which they searched the area for a missing person. Members of the Plymouth, Livonia and Farmington area React teams also joined in to track down the body, which was really a mannequin hidden in the woods.

For more information on React, call John Nesse, 348-2531.

YOUTH ASSISTANCE: Henry Warren, chairman of the Youth Assistance general committee, chaired her first meeting of the year recently. At the meeting, a slide presentation was given by John Greenhill of Oakland County Youth Assistance.

Cindy Dove is the new PLUS chairman. Call 348-8288 for more information on the PLUS program, which pairs an adult with a youngster needing a friend.

The annual NYA meeting is set for October 2 at the Novi Woods School.

BLUE STAR MOTHERS: Women met at the home of Winnie Dobek, president of the Blue Star Mothers, and

## Double-ring ceremony unites Pixley-Genung

Sarah Pixley became the bride of Kenneth Genung July 18 at St. Paul's Evangelical Lutheran Church. Reverend Charles Boerger officiated at the double-ring, candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Keith Pixley of Northville. The bridegroom's parents, Mr. and Mrs. Donald Genung, attended from Tucson, Arizona.

The newlyweds greeted about 175 guests at a reception at Plymouth Cultural Center before leaving on a wedding trip to Las Vegas and Southern California.

The new Mrs. Genung is a 1977 Northville High School graduate and currently is attending Oakland Community College. She is employed at First Federal Savings and Loan of Detroit in Farmington Hills.

Her husband graduated from Cholla High School in Tucson, Arizona, in 1973 and is a 1977 graduate of the University of Arizona. He is a salesman for C. A. Roberts in Farmington.

The couple will reside at the Village Apartments in Wixom.

## Couple sets wedding date

Greening-Johnson

Raymond and Shirley Greening of Wolverine Lake announce the engagement and forthcoming wedding of their daughter, Gayle Ellen, to Kirk Dean Johnson of Commerce Township.

The future bridegroom is the son of Keith and Ruth Johnson of Commerce Township.

A resident of Walled Lake, the bride-elect is a 1977 graduate of Walled Lake Western High School. She is employed by the Bloomfield Hills law firm of Barnett, Knight, Falvey and Drolet as a legal secretary.

Her fiancé, a 1978 graduate of Walled Lake Western, works with his father at Jackson's Service.

The couple is planning a garden wedding for August 22 at the Greening's home.

**Dental Dialogue**  
of A. Allen Tucklaper, D.D.S.

**ALL THUMBS**  
Q. My son is 1 1/2 years old and still sucks his thumb. What should I do?  
A. Nothing for now. Thumb-sucking in a child's early years is a natural instinct that provides pleasure and a sense of security. Try to develop a relaxed attitude because attempting to break the child of the habit too early will only cause frustration for both of you. If thumb-sucking is continued after the permanent incisors erupt (around six years of age) an uneven bite can occur which is correctable with orthodontic treatment. Chances are your child will give up the habit when other more interesting activities capture his attention.

This column is presented in the interest of better dental health. From the office of

## Kevin Boettger wins state award

Kevin Boettger isn't one to let a handicap stand in his way. As a result, his determination to overcome his handicap has made him an inspiration to many students at Hawthorne Learning Center Complex and employees at Commerce Township Hall, where Boettger is employed as a custodian. And the Michigan Department of Education and the Council for Exceptional Children have selected him as one of 10 regional residents to receive "Handicapper of the Year" awards. In Commerce Township, the council passed a resolution recognizing Boettger's accomplishments and wishing him well in the future. Boettger, who is enrolled in the trainable mentally impaired program at Hawthorne Center, has been employed as a township custodian since March of 1979. According to the township's resolution, Boettger "is always willing to perform whatever work assignment he is given" and "has earned the respect and admiration of his fellow employees." Boettger was one of the first participants in a community work experience training program offered at Hawthorne Center.

## Historical village slates fall workshops, classes

The Northville Historical Society has announced its schedule for fall workshops and classes. All will be held in Mill Race Historical Village on Griswold Street south of Eight Mile in Northville.

The workshops will be held on Saturdays and run from two to five hours. Classes are slated for weekdays and run from four to six weeks.

Among the offerings:

- Instructor: Ellen Wilson** will teach eight students how to hook a picture in old English letters November 7. Workshop begins at 10 a.m. and runs to 4 p.m. Students should take along a sack lunch; beverages will be provided. Tuition fee is \$12 and a complete kit costs \$24.
- Two three-hour workshops on band box construction will be held October 17 by Betty Abraham and Jan Moylan. Students will learn how to construct, line and cover a medium-size oval box. All materials, including take-home patterns, will be provided in the \$10 entrance fee.
- Children's weaving techniques will be taught October 10 and October 17 to students age eight and older. Instructor Heather Fee will lead the workshop both weekends from 10 a.m. to noon. Class limit is 15 students and the workshop costs \$10.
- Mother-daughter teams can get in on a quilting workshop October 24, where mothers will make patchwork pillows and their youngsters will begin a doll quilt. Jo Krause's seminar costs \$15 for mother and daughter; for extra daughters, add \$5.
- Jo Krause also will teach a rug braiding workshop October 3 from 9 a.m. to 1 p.m. in New Church School at Mill Race. Tuition is \$12 and enrollment is limited to 10.
- Karen Poulos and Elva Asquini will conduct a basic wheat-weaving workshop October 31, while Barbara

Scantlin will lead a workshop on colonial belt wreath construction November 21.

Natural dyeing will be taught by Wanda Lou Huber October 3 in Cottage House at the village. Twelve different color variations will be produced from natural materials. Students should wear old clothes and bring a large open container.

A class in chair caning will be offered by Plymouth resident Don Sober Monday evenings from 7-9 p.m. beginning October 5 at New Church School. Sober will cover the traditional seven-step method of caning. Students must provide their own chair frames. The course costs \$25 and \$3 for cane and pegs.

Mel Anderson is holding a clock repair class as a hobby course for individuals wishing to repair American-made pendulum movement clocks. His class will begin January 6 and run six weeks. Cost is \$35.

Beginning and advanced basketry classes will be taught by Helen Maki beginning October 9. The Friday course lasts four weeks and is limited to 12. Fee is \$16.

Sharon Dealexandris will teach calligraphy from 7-9 p.m. Thursdays beginning October 6. The six-week course costs \$25.

Full tuition must accompany all registrations, although checks will be refunded immediately if classes have been filled. To obtain brochures and entrance forms, call 349-6784 or 349-2833.

To register without forms, send checks to Northville Historical Society, Classes/Workshops, 121 High Street, Northville 48167.

1856 Italianate home on Ypsi tour

**Two-day air show stars local Thunderbird pilot**

A Northville man, Captain Jim Jiggins, will be flying left wing when the U.S. Air Force Thunderbirds perform at Selridge Air National Guard Base Saturday and Sunday.

The base near Mount Clemens (25 miles north of Detroit on I-94) will be holding a two-day open house and air show featuring the aerial demonstration team.

Admission and parking are free. In his third year as a Thunderbird, after a year as team narrator, Captain Jiggins is in his second year as left wingman.

Captain Jiggins entered the Army's Warrant Officer Rotary Wing Aviation course in 1966. He served a tour of combat duty, flying 500 hours in the OH-6A Scout and AH-1G Cobra in 1968.

In 1971, he graduated from Eastern Michigan University with a bachelor's degree in business administration. He attended officers training school and graduated first in his pilot training class at Moody Air Force Base, Georgia.

Jiggins returned to Southeast Asia, this time flying F-4s.

Prior to his selection with the Thunderbirds, Jiggins was assigned to Seymour Johnson Air Force Base, North Carolina, as chief of weapons and tactics for the 34th Tactical Fighter Squadron. He attended the Air Force Fighter Weapons School at Nellis Air Force Base, Nevada, and has logged more than 2,000 hours in Air Force jet fighters and more than 3,400 hours in total flying time.

Captain Jiggins and his wife, Barbe, have two daughters, Jamie and Kayce. The Thunderbirds will be flying both days of the open house and air show. Also on the program are demonstrations by Army, Navy and Air National Guard aircraft. There will be modern and vintage (Warbirds) aircraft on display, weapons loading demonstrations, army tanks and vehicles, and performances by "Sky," the rock contingent of the Air Force Band.

Food and souvenirs will be for sale. Gates open at 9 a.m. both days; the air show will end about 4 p.m.

"Plan to arrive early and bring your camera," advises base public affairs officer, Lieutenant Colonel Donald E. Odell.

## Ypsilanti tour features five historic buildings

Doors of five historic homes will be open for touring by the public Sunday, August 30, as part of Ypsilanti's 1981 Yesteryear Heritage Festival.

The tour is sponsored by the Ypsilanti Heritage Foundation.

Began in 1869 and completed five years later, the stuccoed frame house at 510 Pearl is now owned by Jack Harris, professor of English at Eastern Michigan University.

The home has a typically Victorian porch, and a front hall with a fireplace and charming corner staircase. The first floor bath still has a pedestal tub, and the old-fashioned kitchen has an exposed maple floor.

The first brick home built in Ypsilanti, a Greek Revival structure, was constructed for Judge Jacob Lane in 1839. Now owned by Dr. William Feneil, it is not known if the structure was originally built as a double home, or was built in two stages.

Both apartments in the home feature black walnut staircases. Other interesting features of the home at 202 South Huron are the woodwork original hardware and "Christian" doors, so named because of the cross created by the panels. Bricks for the entire structure may have been imported from France since there were no local brickyards at the time.

Barry and Diane LaRue purchased the home at 504 North Hamilton in 1977 after it had suffered years of neglect and abuse of its historic character. They inherited a backyard filled with beer cans, a broken swing set and a tree growing through rusting bedpans.

The home, built about 1889 in the then popular functional style, is closest to Queen Anne if a specific identification were needed. The LaRues have refurbished the contoured "bulbseye" pine woodwork and floors, located five-paneled doors, wallpapered and scrounged strange and wonderful items from curbs on trash days for their home.

The 1856 Italianate style home at 415 North Huron has long been known as the Lewis House. The elegant structure is characterized by a gently sloping roof, deep overhanging eaves supported by ornate brackets, and tall double-hung windows, each with single panes of glass.

The rope-like detailing around the door and over the windows is an unusual variation from the more usual style of ornamentation, which can be seen in the house next door at 411 North Huron.

Carolyn and Gary McKeever presently live in part of what was once one of the grandest hotels between Detroit and Chicago. The Pollett House, built in 1859, had its grand opening on July 4 of that year.

When the commerce of Ypsilanti shifted from Depot Town to Michigan Avenue, the hotel declined and became five storefronts and many apartments. The McKeever's bought the fourth storefront in 1975, and began restoration and rehabilitation in the spring of 1981. One floor is to be commercially rented, the McKeever's live on the second floor, and the third and fourth floors are studios for Carolyn and other artists.

Inside the apartment is an exposed brick wall and original floors. The tall windows in the third and fourth floors open into Pollett Hall, the hotel ballroom. Traveling musical and theatrical companies entertained Ypsilantians in those elegant surroundings.

More information: 482-4920.

gymnast will be 14-year old Barrie Muzbeck of Novi who will be entering the Beck Road school as a freshman.

Barrie will not only be the top gymnast at Western, she also is one of the top gymnasts in the United States, and the U.S.G.F. (U.S. Girls' Federation) has a strict policy against letting its most talented performers compete at the high school level.

"There are good reasons for the ruling," reported Barrie's mother last week.

"The USGF invests a lot of time and money in training its elite gymnasts for international competition and it doesn't want anyone injured while competing at the high school level.

But even though Barrie will not be competing for Walled Lake Western this year, the talented young Novi girl will be seeing plenty of action during the upcoming year.

She competed with the top elite gymnasts from a five-state region at Bloomfield Hills Lahser last weekend for qualifying scores for the Elite National Championship in Albuquerque, New Mexico, later this month.

And at this moment she is competing in the USGF's Single Elimination Championships in Reno, Nevada.

"The Single Elimination Championships are extremely important," reported Mrs. Muzbeck, "because it will give Barrie some idea of where she stands among the top gymnasts in the country.

Barrie is currently one of just 12 girls on the USGF's Junior National team. There are 16 girls on the Senior National team. Girls must be at least 15 years of age to be on the Senior National squad.

The top 16 female gymnasts in the country were invited to participate in the Single Elimination Championships in Reno, and Barrie was the only "junior" gymnast to receive an invitation.

"Barrie's really excited about this meet because she's competing against the top female gymnasts in the country," her mother reported.

"Traci Talavera isn't competing because she's got some scratches right now, but all the other big names are there, including Cathy Johnson, Joanne McNamara and Michelle Goodwin.

"Barrie wants to do well because she may decide to travel as a member of the 'senior' team, but it's the members of the 'senior' team who really get to see the world.

The fact that Barrie is competing at all these days is something of a miracle in itself.

The talented, young Novi girl suffered a serious injury while practicing a "double full" earlier this year.

"It was a freak accident," reported her mother.

"She's done that trick thousands of times, but she came down on the mat wrong and slipped off the side."

As a result of the injury, she tore all the ligaments in the right side of her foot and had to undergo surgery to remove a bone chip.

She was in a cast for six weeks, but her mother reports that Barrie missed hardly a day of practice.

"What she could do was obviously limited, but Barrie concentrated on the tricks she could do and her recovery has been phenomenal.

"In a way, there were some positive things associated with the injury because Barrie was able to develop her upper body strength and has added some new tricks to her routines that she wasn't able to do perform, particularly on the uneven parallel bars.

One more thing, Mrs. Muzbeck confirmed that her talented daughter still has her sites set on the 1984 Olympics.

"That's the number one goal," she said.

"Barrie's been around a long time and she loves to work and compete. She's probably on an equal level with the best gymnasts in the world and she's enjoying every minute of it.

"She's definitely on a high."

The top 16 female gymnasts in the country were invited to participate in the Single Elimination Championships in Reno. Novi's Barrie Muzbeck was the only "junior" gymnast to receive an invitation.

# Gone Fishin'

'Night's the best time to catch the big lunkers'

# Witches' Hat Run set in South Lyon

As part of the grand opening for the Witch's Hat Museum, the South Lyon Kiwanis are sponsoring a pair of "fun runs" Saturday, September 19.

The runs, five and 10 kilometers in length, are just one of the events slated for September 19 and 20 to celebrate the opening of the Witch's Hat, a 1900 railroad depot which has been converted by the city and volunteers into a museum. Proceeds from the runs will be used to further restore the Hat.

Participants in the runs will be divided by sex and eight different age groups, depending on their age the day of the runs. Trophies will be awarded to the first male and female finishers and awards will also go to the top three finishers in each sex and age group.

The age groups for the runs are as follows: Under 14 years old; 14-19; 20-29; 30-39; 40-49; 50-59; 60-69 and 70 and over.

Entry fee for the event is \$5 and includes a T-shirt. All entries must be received by September 12. Late entries will be charged \$5 but will not receive a T-shirt. Participants may register the day of the run between 8:45-9:45 a.m.

Those interested in participating can pick up application blanks at a number of South Lyon businesses or The South Lyon Herald office. Out-of-town runners can have an application blank mailed to them by calling South Lyon Mayor Joel Allen at (313) 437-9697.

Both the five-kilometer (3.1 miles) and the 10-kilometer (6.2 miles) runs will start at 9 a.m. near South Lyon High School, located at Nine Mile and Pontiac Trail.

The course will take runners through rural and city streets. Police and amateur radio club members will marshal the course. Split times will be available to runners and one aid station will be provided in the five-kilometer run and two will be provided in the 10-kilometer run. The South Lyon ambulance service will also be on hand.

Both runs start and end at South Lyon High School.

In addition to the runs themselves, a free pre-run clinic will be held Friday, September 18 at 7 p.m. at a location yet to be determined. At the clinic, running films will be shown and experienced runners and medical experts will be present to field questions. The clinic is open to all runners and non-runners.

Runners may pick up their run packets the day of the run between 8:45-9:45 a.m. In addition, lockers rooms for men and women will be available but runners should bring their own soap and towel.

For those participants of the 10-kilometer run, Mark Mitchell, a member of the Frank Shorter Racing Team, will provide some competition. A former South Lyon resident, Mitchell recently finished first in the Michigan Heart Association's 10-mile run in Detroit.

In addition to the runs, other grand opening events include a parade, a tour of the Hat, live music, folk dancing, melodramas and skits, an antique machinery display and the Kiwanis Club's famous barbecued chicken.

By KIM STRICKER

Last week I based my column on how fish habits are altered by weather changes. Well, that directly applies to this past week's fishing. Unsettled weather patterns have upset any outlook of steady fishing. As I said last week, the best fishing has been at night, according to myself and other local fishermen.

One calm night several weeks ago I went out fishing with surface lures and crankbaits and did very well, the largest bass weighing three pounds. The very next night the wind changed directions. It came a front out of the northwest. The wind increased and threatened showers. The wind kept the mosquitoes away and unfortunately did the same for the fish. All around Livingston County the fishing has been good one day, bad the next.

Frank Smendziuk happened to be fishing on Kent Lake last week, on what he found to be a very good day. Frank elatedly went to Wolverine Tackle in Hartland to weigh in one of the bass he had caught.

There is a saying, "Bragging may not bring happiness, but no man with a big fish goes home through the alley." The lunker Frank caught weighed in at six pounds, four ounces and measured 22 inches and was caught on a Fat Rap crankbait.

Wolverine Tackle had a contest running through the summer and ending October 1. Frank Smendziuk is in first place in the bass division, and that's going to be a tough one to beat.

The Brighton School Olympics "Bait Casting Tournament" was held at the Livingston Conservation and Sportsmanship Association August 1. If you missed this, you missed out on a lot of fun for kids and adults of all ages. The game was to cast at 10 colored discs, all at various ranges. For every foot you missed, you received a demerit. A perfect score was 100 points. The results were as follows —

- first, second and third:
- Pee Wee Boys — Phil Arvy 51, Tweed Gerecke 29, Erick Bumbaugh 19
  - Pee Wee Girls — Tina Bornick 33, Tracy Bornick 3
  - Cadet Girls — Laura Cabaj 23, Wendy Bartel 13
  - Cadet Boys — Todd Krause 73, Steve Swanson 15
  - Junior Girls — Tina Swanson 50
  - Junior Boys — Rollie Schiedler 61, Ben Schiedler 58, Gary Kelly 53
  - Intermediate Girls — Debbie Ochs 74
  - Intermediate Boys — David Krause 90, Ken Kempainen 57
  - Adult Women — Sue Bornick 48, Pam Gerecke 40, Vicki Thornton 31
  - Adult Men — Steve Krause 93, Kim Stricker 92, Al Bornick 89
  - Senior Men — Ten Krause 91

# Need a ride to Lions' games?

You say you think the Lions are going to go all the way to the Super Bowl this year and you want to get season's tickets but the long drive in heavy traffic to Pontiac has got you down?

Is that what's troubling you, bunkie.

Well, fret no more. The Novi Parks and Recreation Department has got the answer to your troubles.

To help residents who want to attend Lions' games save on gasoline and parking expenses, the Parks and Rec Department is sponsoring shuttle bus service to all home games in the Silverdome.

The bus will leave from the parking lot at the Novi City Hall on Ten Mile, near Fat Road at the given departure time. All bus tickets must be purchased in advance at the Parks and Rec office on Sixth Gate.

Each trip is limited to 60 persons and the department reserves the right to restrict the number of passengers with no refunds.

There's a charge of \$6.50 per person.

Here's the schedule of home games for the Lions at the Silverdome along with game time and bus departure time.

Sunday (September 6). The Lions play San Francisco at 1 p.m. The bus leaves city hall at 11:15 a.m.

Sunday (September 27). The Lions play the world champion Oakland Raiders at 1 p.m. The bus leaves at 11:15 a.m.

Monday (October 19). The Lions play Chicago at 9 p.m. The bus leaves at 7 p.m.

Sunday (October 25). The Lions take on Green Bay at 1 p.m. The bus leaves at 11:15 a.m.

Sunday (November 15). The Lions meet the Dallas Cowboys at 4 p.m. The bus leaves at 2:15 p.m.

Thursday (November 26). The Lions take on Kansas City at 12:30 p.m. The bus leaves at 10:45 a.m.

Saturday (December 12). The Minnesota Vikings provide the competition at 4 p.m. The bus leaves at 2:15 p.m.

Sunday (December 20). Tampa Bay comes to town with kick-off scheduled for 1 p.m. The bus leaves at 11:15 a.m.

Additional information regarding the shuttle bus service may be obtained from the Parks and Rec Department at 349-1976.

# Novi's swimming Cohens claim additional honors

Novi's swimming Cohen family is continuing to rack up records on the state and national level.

Setting the pace was Jon Cohen, 10, who added a new state record and several nationally-ranked times to his accomplishments.

The young tanker broke the state record in his age-group in the 100 meter breaststroke by almost 2/5 seconds as he claimed one of three personal state championships this summer.

The talented young tanker also won state championships in the 200 meter freestyle and 200 meter individual medley.

All three championship performances came at the Michigan Age Group AA Long Course Swimming Championships at the Southfield Civic Center. He was the only swimmer in his age group to place in every event he entered and was selected to receive the boys' High Point Champion award in the 10 and under division.

In addition, Jon holds two Lake Erie District (Ohio state) records and his clockings in the 50 meter breaststroke, 100 meter breaststroke, 200 meter freestyle and 200 meter individual medley are recognized as national 1981 top Long Course times among the top 16 times in his age group in the U.S. this year.

Although Jon has led the way, his two brothers also have been busy this summer. Jeff, 12, was awarded championship plaques in the 11-12 boys' 50 and 100 meter breaststroke events at the Southfield meet, while Steve, 9, received championship plaques in the Southfield meet in the boys' 10-and-under 100 meter butterfly, 200 meter freestyle and 200 meter individual medley.

The swimming Cohens have just returned from Battle Creek's "Summer End" Short Course Meet where Jon had five first place finishes, Steve placed in six of seven events and Jeff brought home a medal in the 100 yard breaststroke.

Swimming as a two-man team, Jon and Steve won the boys' 10-and-under team trophy. Jon won the boys' 10-and-under high point award.

The three Cohen boys swim with the Bulling Aquatic Club at Schoolcraft College under Coach Brad Brockway.

**LEARN HOW TO SAVE A LIFE!**

As a community service, Botsford General Hospital will be offering a free training program for area citizens in cardiopulmonary resuscitation (CPR). The ultimate purpose is to enable citizens to perform CPR for heart attack victims until emergency medical personnel arrive. Certified instructors will teach the course.

The one-session, 3-hour "Heart Saver" course will be offered the first Thursday of each month at 7:00 p.m. in classroom 203 on the second floor of the professional building which is located in front of the hospital.

To pre-register (required), please call the Department of Health Promotion and Development at 476-1927 or 476-7600 Ext. 221 or 222 on Monday through Friday from 9:00 a.m. to 5:00 p.m. Class size is limited, so please register early. Botsford General Hospital is located at 28050 Grand River Avenue, Farmington Hills 48024 (North of 8 Mile Rd., behind the Botsford Inn).

# Four Stars fall short in bid for USSSA world crown

A national championship is what Coach Jack Grubbs had in mind when he entered his four stars in the USSSA Youth World Tournament in Nashville, Tennessee, recently.

But the USSSA's Senior Division is a new and different beast. The four stars, who were once the elite of the youth game, are now competing for a title that is more difficult to win than ever before.

Grubbs' four stars, who were once the elite of the youth game, are now competing for a title that is more difficult to win than ever before.

Wednesday, September 2nd: CLASSES WILL BE IN SESSION ALL DAY. THIS WILL BE THE FIRST DAY FOR ALL KINDERGARTEN STUDENTS.  
MONDAY, SEPTEMBER 7TH IS LABOR DAY. NO SCHOOL. CLASSES RESUME AT THE REGULAR SCHEDULE ON TUESDAY, SEPTEMBER 8TH.  
Registration information shown on page 7

# Four Stars fall short in bid for USSSA world crown

A national championship is what Coach Jack Grubb had in mind when he took his crack Cooper, Shifman and Gabe Four Stars team to the USSSA Youth World Tournament in Nashville, Tennessee, recently.

But the Walled Lake squad came up short in the USSSA's Senior Division (16-18 year olds) tournament and had to settle for a ninth place finish which had Grubb muttering under his breath.

The Four Stars manager felt considerably better, however, after his talented, young slow pitch softball squad entered the State Class B Women's Tournament last weekend and came home with a second place finish.

"That's the first time I've ever been pleased with second place," observed the Four Stars manager. "I wanted to see if our girls could compete against good women's teams, and they showed that they could."

The second place finish in the state women's tournament helped offset Grubb's disappointment with the Four Stars' ninth place finish in the USSSA Youth World Championships.

A total of 56 top teams from across the country competed in the Senior Division, and a ninth place finish can't be all that bad. Still, Grubb was hoping for better things on the basis that his squad finished seventh in the tourney last year and third in 1979.

The Four Stars opened the Tennessee tourney with a 5-2 triumph over the Ellisville Angels from Mississippi. Robin Taylor collected three hits and Marshann Hensley knocked in a pair of runs with two hits to spark the victory.

But it was the second day of the tourney which caused the problems. Playing four games in a stretch of 24 hours proved too much for the weary Four Stars as they were forced out of the tourney before reaching their goal

of the USSSA championship.

Judy Orr and Denise Goyette each drove home a run as the Four Stars eked out a 2-0 victory over Tri-County Sporting Goods in a game that was played at 12:30 a.m. It was the twelfth shutout of the year for Four Star hurler Robin Taylor.

The Four Stars returned to action at 11 a.m. and posted a 7-3 triumph over Volunteer Truck Leasing of Tennessee as Sandy Carney and Cathy Henney each had a pair of hits and Wreni Mountford drove in a pair of runs.

That's when the trouble started. Returning to action at 11 p.m., the Four Stars dropped a tight 5-4 decision to another Tennessee team which pushed across two seventh-inning runs to secure the victory. Tracy Grubb and Debbie Cooper each stroked out three hits in that one to share hitting honors with Judy Orr who had a pair of hits and two RBIs.

Less than two hours later — at 1 a.m., the Four Stars found themselves pitted against Southern Bank of Ohio — the team which had eliminated them from the tournament in each of the two previous years.

The Ohio squad continued to display its mastery of the Four Stars by claiming a 6-3 victory. The Four Star offense was led by Michelle Roedding and Wreni Mountford who collected two hits apiece.

Grubb refused to blame the rugged schedule for his team's disappointing showing, however. "It was the same for everybody," said the Four Star mentor. "What did us in was our lack of offense — we just weren't hitting the ball."

Grubb's disappointment with the results of the Tennessee tourney were just about wiped out by his team's second place finish in the state women's tourney.

The Four Stars opened the tourney

with a 4-3 extra-inning triumph over Griff's of Detroit. Judy Orr scored the winning run in the eighth as she ripped a double and then raced home on a sacrifice fly off the bat of Cathy Henney.

The Four Stars secured another one-run triumph in the second game as they bested Taylor by a 9-8 margin. Trailing 8-7 after six, the Four Stars got singles by Kim Kurzawa and Peggy Hathaway to put runners on first and third. Debbie Cooper then reached base on a force out to knot the game at 8-8.

A single by Tracy Grubb and an intentional pass to Marshann Hensley loaded the bases for Wreni Mountford who delivered a clutch single to drive home the winning run.

Debbie Cooper and Marshann Hensley rapped out three hits apiece in

the game to share hitting honors with Judy Orr who belted a bases-loaded triple in the opening inning.

The Four Stars broke loose for 10 runs in their next game, but it wasn't enough to beat Brighton-Howell Auto Parts which registered a 15-10 decision.

Faced with elimination from the double-elimination tourney, the Four Stars responded by pounding out a 15-2 conquest of Radar Love of Detroit in their next game to move into the finals. Sandy Carney, Tracy Grubb, Judy Orr, Robin Taylor and Julie Barton each had a pair of hits.

In the finals, the Four Stars again found themselves pitted against Brighton-Howell Auto Parts — but the results were identical as the Brighton-Howell squad posted a 9-1 triumph to clinch the state championship.

## Sport shorts

**TODAY (WEDNESDAY)** is the last day of registration for the Novi Parks and Recreation Fall Soccer League. The league is open to all boys and girls ages 5-13 (before January 1, 1982). Registration fee is \$10 and includes a t-shirt. Games will begin September 12 and run six weeks. Call 349-1976 for more information.

**NOVI PARKS & REC** needs referees for soccer and flag football. Applicants must be at least 16 years old. Games are held Thursday nights and Saturday mornings. Interested individuals should call 349-1976.

**RESPONSIBLE, INTERESTED** adults are needed by the Novi Parks and Recreation Department to coach youth soccer and flag football. Games start in early September. Call 349-1976 if you are interested.

**LAKELAND ARENA** is open and there is plenty of hockey action. Travel team tryouts, clinics and the Paul Woods Hockey School are scheduled for August.

Registration for the Lakeland Hockey Association is September 9 through 12. All boys and girls (ages three to 17) are invited to join the program. A swap shop with hockey gear at reduced prices also will be held.

For more information contact the Lakeland Arena at 666-1910 or Dot LaLone at 634-3532.

**WEST OAKLAND YMCA** will begin its 1981-82 swim team season with an organizational meeting on Tuesday, September 1. The team subscribes to the national YMCA theory, "Everyone swims, everyone wins."

The team is open to boys and girls between the ages of six and 17. There are separate divisions for boys and girls in groups of eight-and-under, 9-10, 11-12, 13-14 and 15-and-up.

The organizational meeting will be held in the Farmington YMCA at 28100 Farmington Road (just north of Twelve Mile) in Farmington Hills on September 1 from 6:30 to 8:30 p.m.

The team will practice two to four times per week on Mondays through Thursdays for 20 weeks beginning September 14. The team competes primarily in dual meets against other YMCA teams which take 2½ to three hours. Practice times are 5:30 to 7:30 p.m.

For more information call the YMCA at 685-3020 or attend the organizational meeting.

**OCC GOLF COACH** Roscoe Dann will hold a meeting for prospective golf candidates tonight (Wednesday) in H Building on the Orchard Ridge campus at 1-696 and Orchard Lake Road in Farmington Hills at 6:30 p.m.

To be eligible to participate in golf, a student must be enrolled for 10 semester credit hours at any campus of the college.

Students who are interested but cannot attend the meeting should contact Dann at 476-9400, extension 376, or 682-1011.

A **VARSITY GOLF ALUMNI** gathering is being organized by Oakland Community College Golf Coach Roscoe Dann for August 24. Anyone who has played golf at Oakland Community College since the sport began in 1969 should plan to attend.

All previous golf coaches will be present and look forward to an enjoyable day. For details contact Dann either at the college (476-9400, extension 376) or at home (682-1011).

A **SIX-DAY SOCCER** school for boys and girls begins August 24 at Schoolcraft College. The program is designed to give participants ages 7-16 an opportunity to learn basic soccer skills and compete with members of their own age and ability group.

Emphasis will be on individual soccer skills and techniques as well as individual, group and team tactics. Registration takes place August 24 between 8-9 a.m. Applications are available through the physical education office and must include a \$25 non-refundable deposit. Tuition is \$50 and the balance may be paid on or before registration.

Applications or further information are available by calling the Schoolcraft College physical education office at 591-6400, extension 480.

**THE FOURTH ANNUAL Melon Festival Run** will be held this Saturday at the Howell Area Recreation Department. The one, three and six mile races are expected to draw serious competitors as well as families running just for fun.

Top male and female finishers in each age division will receive medals and plaques. Free t-shirts, specially designed for the Melon Festival Run, will go to the first 1,000 registrants.

More than 750 runners registered for the race last year and more are expected this year. The race begins at 9 a.m. at Howell High School. Call 517-546-0693 for entry forms or more information.

### Welcome

Welcome, students, parents and staff to the 1981-82 session of Novi Community Schools. I am sure that this school year will be one of growth and development, which makes Novi's educational program one of the best in the state. Students, parents, and staff who are new to the district will find some of the most up-to-date and best facilities around. Novi's curriculum has been designed to allow each student to master the basics and to develop his/her maximum potential.

Those of you who are returning will find that the Board of Education, administrators, and many staff members have been planning and working throughout this summer to be ready for the first ring of the bell on September 1st. Expanded opportunities in computer education, refined and improved reading programs, new and up-to-date textbooks, and many other changes have been put in place. Other activities will continue throughout the year as we progress toward the achievement of the District Goals and Student Goals which were adopted by the Board of Education near the end of the last year.

An enthusiastic staff of dedicated professionals in all areas of the school system is eager to make this year a rewarding experience for everyone involved.

I look forward to seeing you in September, and throughout the 1981-82 school year.

Joel Colliau  
President  
Board of Education

### SCHOOL HOURS

High School	7:35 a.m.-2:05 p.m.
Middle School South (7th/8th)	8:05 a.m.-2:40 p.m.
Middle School North (5th/6th)	9:10 a.m.-3:40 p.m.
Elementary (K-4)	8:40 a.m.-3:05 p.m.

SPECIAL COMMUNITY  
EDUCATION REGISTRATION  
6:00-9:00 p.m. H.S.

1981 NOVI SCHOOLS'  
COMMUNITY DAY

Strong community support makes Novi Schools No. 1. This positive support is very much appreciated.

Join us: (Admission Free).  
WHEN: Friday, September 18, 1981  
WHERE: Novi High School Football Field  
TIME: 7 p.m. (Pre-Game, Band Show); 7:30 p.m. (Game time, Novi vs Howell)

COMMUNITY EDUCATION  
CONTINUES TO SERVE YOUR INTERESTS

Brochures on course offerings will be out to the community the first week of September. Registration for classes will be from September 14th to September 23rd, 1:30 p.m. to 8:00 p.m. Classes start the week of September 28th. JOIN US. THERE'S SOMETHING FOR EVERYONE OF ALL AGES.

## A Matter of Safety... Everybody's Concern

Because our district transports a large percentage of our students, the safety of the students while riding the buses is one of our prime concerns.

Aside from the mechanical condition of the bus fleet, the drivers are key factors in transporting students safely to school and home. It is their responsibility to maintain order on the bus, while at the same time watching the road and traffic in every direction and maneuvering the bus through busy rush-hour traffic. This is an impossible task for bus drivers to accomplish alone.

The responsibility for the safe transporting of students must be shared by students, parents, and school personnel.

Therefore, we urge you to read this article and share it with your children.

## SCHOOL DISTRICT:

1. Operate transportation service in accordance with the laws and regulations of the State of Michigan.
2. Employ skilled bus drivers.
3. Educate pupils regarding traffic and transportation safety.
4. Deny students who willfully disobey bus safety rules the privilege of riding the bus.
5. Make periodic surveys of bus equipment, bus routes, and the observance of safety practices by drivers and students.

## STUDENTS:

1. Be on time at bus stop.
2. Stay off the roadway.
3. Always obey the driver.
4. Stay in seat while bus is moving.
5. Do not throw objects either on the bus or out the windows.
6. Keep hands and head inside bus at all times.

7. Keep silent while crossing railroad.
8. Use only the front door of the bus.
9. When crossing the road: (a) Walk in front of bus (if crossing road) and wait for drivers signal to cross; (b) Look both ways before crossing. (c) Walk — do not run.

## PARENTS:

1. Keep an eye on the children.
2. Support school authorities in demanding proper student conduct at bus stops and while on bus.
3. Review and discuss with your children the importance of safe conduct.

## DISCIPLINE PROCEDURE:

1. Unsafe behavior is cause for driver to issue a "Bus Safety Violation."
  2. FIRST TICKET: Student's copy must be signed by parent and presented to driver before child will be allowed to board the bus.
  3. SECOND TICKET: Parent must arrange a conference with the principal and ticket must be signed before student will be allowed to board the bus.
  4. THIRD TICKET: Parent must arrange a conference with Dr. Barr, Assistant Superintendent, before student will be allowed to ride bus again.
  5. FIGHTING ON BUS: The "Third Ticket" procedure will automatically be followed before student will be allowed to ride bus again.
  6. UNJUSTLY TREATED? Student or parent may appeal to the next highest authority.
- LET US ALL WORK TOGETHER TO MAKE CERTAIN THAT THE LIVES OF OUR CHILDREN ARE NOT IN JEOPARDY WHILE RIDING TO AND FROM SCHOOL.

Superintendent's  
MessageTHE FUTURE  
IS NOW...

Welcome to the start of the 1981-82 school year. During the summer months, the Board of Education, administrators, and staff have continually worked to plan and program for the coming year. We feel that the many plans being put into action will ensure quality education and services for all Novi students, now and in the future. Our major commitments are geared to the present; however, a good portion of the goal setting is looking ahead to anticipated needs which will lay the groundwork for the successes of tomorrow.

The Novi School District's goals will continue to emphasize a commitment to excellence. The strong emphasis on basic skills and special program needs can, and does, make a difference to the individual student's growth and potential. All of our efforts will remain directed toward these ends. As always, your ideas, suggestions, and participation are welcome.

The Novi School District is unique in many respects. Compared with other districts, support from the Novi community has provided outstanding facilities, materials, and financial resources. These enable the total staff to fulfill responsibilities involved in providing an outstanding educational program for our students. Many thanks must be extended to those members of the committees and various organizational groups. They provide information and evaluation data which aids in much of the district's program planning.

In appreciation for all the community has done and provided, the Board of Education has established, Friday, September 18, 1981 as a COMMUNITY DAY. Numerous programs and activities have been planned. The day's events will conclude with free admission to the Novi vs. Howell Football Game. This will start at 7:30 P.M. at the Novi High School Football Field. Prior to the game, 7:00 P.M., the Novi High School Marching Band will perform on the field. Provisions have also been made for tours of the high school and registration for Community Education classes will also take place prior to the game. Details will be forthcoming in local newspapers and through various school publications.

We hope to see you at the game the 18th of September. Thank YOU for all you've done.

## Novi Schools Policies and Procedures 1981-82

## "Closed Campus" Student Responsibility:

The Board of Education of Novi has stated that it recognizes, among other things, that students have a responsibility to be accountable for their actions and, that they expect young high school adults to conduct themselves in a responsible manner.

Since some students do not accept their responsibilities along with using the fullest, their rights, the Board of Education adopted a student conduct code.

In conjunction with the Student Conduct Code there are several school policies and procedures published that specifically state certain requirements for active students. Specifically, the action of the policies under the heading "Leaving the Building — Illness or Emergency" provides that students are not to leave the building prior to the last bell unless they are on an approved co-op training program or have permission from the counseling office, main building. This ruling section further states that certain requirements must be met anytime a student leaves the school.

Under the section entitled, "Lunch Period" it is stated that students will eat during one of 3 lunch periods this year. Students may purchase milk separately if they do not desire a hot lunch. All students must eat in the food commons. Several guidelines are stated which include a statement that classes are in session during the lunch periods. It further specifies that, "no students are to be in the parking lot during lunch." Hopefully, students will realize that these rules exist for their own protection, considering the fact that accidents could happen while students are rushing to and from lunch off campus, resulting in permanent injuries, or possibly death. It is also a legal requirement that students' whereabouts be known during their schedule of classes.

It is interesting to note that responsible student citizens have no difficulty abiding by established rules, since they realize their major purpose at Novi High School is to prepare themselves properly, in several ways, for the world of work or further studies in college. Being in class regularly, and on time, will certainly enhance each student's chances for success.

NOVI HIGH SCHOOL  
DAILY TIME SCHEDULE

BUS ARRIVAL and FIRST BELL	7:30 a.m.
FIRST HOUR	7:35-8:30 a.m.
SECOND HOUR	8:35-9:30 a.m.

## ACCREDITED BY

The University of Michigan June 1969, 1974  
First Graduating Class: 1969  
North Central Association of Colleges and Secondary Schools March 1973, 1979.

NOVI HIGH SCHOOL  
GRADUATION REQUIREMENTS

A total of nineteen (19) credits is the minimum requirement for graduation. These credits must include:

1 Semester	Social Studies
2 Semester	American History
1 Semester	American Government
4 Years	Communication Skills
2 Semester	Science (including 1 Semester of Life Science required of all Freshmen)
1 Year	Mathematics
1 Year	Physical Education

All ninth and tenth grade students must elect a year course in Communication Skills. Teachers will counsel students in Communication Skills course selections; individual counseling will be available too. College bound students should elect advanced senior level Communication Skills courses. See requirements for this department.

All students are required to carry a full program of studies. This means that all students except Seniors will select six (6)

classes. Seniors must select five (5) classes or four (4) classes and home or Co-op.

Class designation:  
Seniors — 14 credits  
Juniors — 9 credits  
Sophomores — 4.5 credits  
Class changes: All students will be scheduled into their selected courses or alternates. Once the new school year starts no class changes will be made except in the case of injury, prolonged illness, or an unresolved conflict in schedule.

Co-op students must schedule a full day of classes (to be revised when job placement becomes known).  
CREDIT: A credit is earned through a class which meets five days, one hour, all year.

HALF CREDIT: A ½ credit is earned through a class which meets five hours each week for one semester. Exception: Lab Assistant, ½ credit; C.V.S., ½ credit per 100 hours applied for.

A student planning to pursue a specific professional field should take all the courses in that area. For example, a science major should include Physics in the schedule. Students should consult the curriculum guide, which is distributed each spring, for sample schedules for some other professional fields.

Most classes carry a one half (½) credit per semester, or one credit (1) for a year long course. There are some exceptions, Lab Assistant and Library Science are one half (½) credit for the full year.

## ADULT STUDENTS

All regulations and policies contained in this handbook apply to all students, regardless of age, during their enrollment at Novi High School.

## STUDENT CLASS LOAD

All students, with the exception of seniors, approved co-op, and skill center students, are required to carry six class hours.

Seniors are required to carry a minimum of five class hours in order to graduate. The few exceptions to this must be approved by the parents, the counselor and the principal.

Students enrolled in the day school program, who wish to take an adult high school completion course for credit, are required to have prior approval of the principal.

## TRUANCY POLICY

Truancy is absence without parent or guardian knowledge and school approval. Knowledge of truancy will be communicated to the parent or guardian. Truancy will result in a parent-administrator conference. Habitual truancy will be processed through the Oakland County Juvenile or Probate Court. See student conduct code.

## ABSENCE PROCEDURE

Absences from school will be excused for the following reasons:

1. Personal illness or illness in the family.

## LUNCH PERIODS

1. Death in the family.
2. Court appointments.
3. Religious Holidays.
4. Prearranged family vacations.
5. Medical appointments will be excused only if it is impossible for the student to get an appointment during out-of-school hours, or for emergency appointments.

In case of 3, 4, 5, 6 the absence should be prearranged in the attendance office, if possible, at least three (3) days in advance. (See section on Prearranged Absences)

EXCUSED ABSENCES  
The following are the procedures to follow in case of No. 1 and No. 2 above:

1. The parent or guardian is to notify the school on the first day of absence. (349-5306)
2. In case the parent does not call, the student receives an unexcused admission slip, but will be admitted to class. He may receive an "E" or a "zero" for the days missed unless the parent calls.
3. Classwork assignments may be made up in cases of excused absence.
4. At the end of the day the student will leave the Admission Slip, form B-3, with the last hour teacher, who will return it to the office.
5. The administration or designee will notify the home about unexcused absences.

## PREARRANGED ABSENCE

Students may be excused for prearranged family vacation, if the following procedures are followed:

1. Parent letter should indicate purpose and dates of absence.
2. Prearranged absence form, obtained from the counseling office, main building, should be signed by each teacher concerned.

It should be understood that this type of absence is not encouraged unless the student has a satisfactory academic, attendance and behavior record. Prearranged absence is excused; therefore work missed may be made up.

## TARDINESS

Students that are tardy to school between 7:45 a.m. - 8:00 a.m. are to go directly to first hour class where they will have their tardiness indicated on the attendance report.

After 8:00 a.m. tardy students must sign in the counseling office, main building before going to class.

Students arriving after first hour will be unexcused unless a parent calls to excuse the student prior to arrival at school.

Students who are tardy because a teacher has detained them, must secure a pass from the detaining teacher.

2. Once a teacher has warned a student about tardiness, the teacher may keep the student after school after making arrangements with the parents.
4. Students who ride a school bus that arrives late will be excused after signing in at the counseling office, main building.

## MAKE UP WORK

It is the students responsibility to make up missed classwork due to excused absence. The excuse must be provided by the sponsoring staff member when the absence is due to school business.

## LUNCH PERIODS

Students will eat during one of 3 lunch periods. Students may purchase milk separately if they do not desire a hot lunch. All students must eat in the food commons. The following are a few guidelines for students during the lunch period:

1. No food trays, utensils or paper products are to be taken from the food commons.
2. After eating, all cartons, dishes, trays, and silverware are to be returned to the proper area.

Since classes are in session during the lunch periods, no students should be in the classroom areas of the main building. No students may be in the parking lot areas during the lunch period, nor may they leave the premises for lunch elsewhere.

## TEXTBOOKS

All students are required to have a deposit of ten dollars on record at the time of registration or before textbooks are issued. In cases of extenuating circumstances, adjustments in this regard may be requested. It is the students responsibility to secure and protect their own issued textbooks.

The following simple procedures are suggested:

1. Identify your property well.
2. Do not leave books lying around. Keep them in your lockers.
3. Do not throw or purposely drop books on the floor.
4. Take care of books. Protective covers are suggested. Deposit balance refunds are made upon separation from the high school as an enrolled student.

Textbooks must be turned in or payment made for lost books.

LEAVING THE BUILDING  
ILLNESS OR EMERGENCY

Students are not to leave the building prior to the last bell unless they are on an approved co-op training program or have permission from the counseling office, main building.

A student will not be sent home during school hours unless the student reports to the counseling office, main building and one of the following conditions has been met.

1. A parent or guardian is called or has called in, and permission has been given for the student to leave.
2. An emergency number is called and a person listed on the emergency form is willing to pick a student up from school.
3. If prior arrangements have been made, and approved, students must still sign out in the counseling office, main building prior to leaving.

TEACHERS AND LEGAL  
AUTHORITY

All teachers have full authority to initiate or exercise disciplinary action regarding any student behavior infraction.

## DRESS AND APPEARANCE

If Novi is to assume a leadership position among the better Class B schools in the state, its students must think, look and act the part. Novi High School is a community

Continued on Page 4

tax supported institution provided for your educational growth. It ranks among the best. We want our students to rank number one.

All students should present a clean and neat appearance. A pleasing appearance denotes pride and satisfaction with one's self-confidence and maturity.

Fundamental responsibility for standards of dress and grooming rest with the home. School clothing, as a minimum standard, should adequately cover the student, as expected in a place of business.

When it is determined by the faculty or administration that dress or grooming interferes with the educational process or environment, the student will be sent home pending a conference with parents. Shoes must be worn at all times.

#### LIBRARY

The library will be open from 7:45 a.m. to 2:15 p.m. The library is a place provided for your convenience for studying, or doing specific library assignments. With proper permission, you may be given a pass from study hall to the library when the use of library materials is involved in your assignment. This permission will be a library pass issued by the teacher who wished you to use the library. Procedures regarding book checkout, renewal of books, use of current magazines, lost books and fines will be announced by the librarian. Group trips to the library may be arranged in advance by the teachers with the librarian.

#### SCHOOL INSURANCE

School insurance is provided by the school board to all students through the school year, covering accidents occurring in school or enroute to and from start of school. This insurance coverage includes all extracurricular activities, but does not include students driving vehicles.

#### ACCIDENTS AND INJURIES

1. First Aid supplies are kept in the First Aid Room located in the counseling center of the main building.
2. All accidents are to be reported to the principal immediately and the accident form completed on the same day and filed in the office by the teacher or student.
3. In case of serious accident the office will contact the parent.
4. Any accident involving school insurance should be reported and recorded the same day it happens. Forms will be completed promptly by school personnel.

#### LOCKER

Lockers will be assigned through the office. No locker is to be changed without the approval of the office. Materials should be stored neatly in the locker to insure easy access. There should be no writing of any kind on a locker. Lockers will be inspected periodically by the librarian, and a list of books removed can be checked by contacting the librarian. If the locker is not working properly report this to the counseling office, main building.

#### TELEPHONE

A pay telephone is available for students near the school entrance. Students shall not be excused from class to place calls. Students may not use the phones in the office, as a general rule, due to continual school business in process. Necessary calls to parents can usually be made during lunch period.

#### HONOR ROLL

The Honor Roll is compiled at the end of each marking period. Students must have all A's and B's to have their names appear on this roll.

HONORABLE MENTION will be given those students who have earned a 'B' average. Grades of C, D or E in any subject will disqualify a student. The honor roll is determined on the basis of all credit-bearing classes.

#### REPORT CARDS

Report cards are issued four times a year, and are mailed shortly after the following dates.

1. October 30
2. January 22
3. March 26
4. June 11

#### COLLEGE SCHOLARSHIPS

Many scholarships are available for advanced education for graduating seniors who have demonstrated outstanding leadership ability, high academic competence, and have special need for financial help. Application for scholarships to colleges, schools of nursing, business schools, etc., may be obtained through the Counseling Office.

Each candidate for a college scholarship is required to take the National Merit Scholarship Test in the Junior year of high school. This test is administered in the high school for all students who wish to take it, and pay the small test fee. Also given in the Junior year of school is the preliminary Scholastic Aptitude Test.

Students interested in the Michigan Competitive Scholarship Exam must take the ACT prior to November of their senior year.

#### DEFICIENCY NOTICES

These are used to inform parents that the student is in imminent danger of failing a course. A conference should be arranged by the parent. Phone 349-5155.

#### DRIVER EDUCATION

Driver Education as prescribed by the State Department of Public Instruction is offered to students who have attained the age of 15 years. With the certificate issued upon completion of this course, drivers' licenses may be obtained at the age of 16. An official birth certificate is necessary when one obtains a license. Without such a driver education certificate, a license cannot be obtained until age 18. At Novi, the Driver Education program is operated during the summer months and in special sessions during the fall and spring semesters.

#### VISITORS

Visitation privileges for students/friends from other schools or communities are not permitted. There is no admittance during school hours to individuals other than students enrolled at Novi High School, their parents or those reporting directly to the office on official business.

#### TRANSPORTATION

The Novi Community Schools operate buses transporting students each day to and from school. The buses travel many miles each year to various destinations transporting students.

The safety of every student on these trips is of utmost importance. The bus policy will again be distributed to each student. Classroom conduct should be maintained on the buses at all times. Your cooperation with the bus driver is most important for safety. The bus driver is in complete charge. Smoking or eating is not permitted on the bus. Discipline cases may be deprived of bus transportation.

#### DETENTION

School district policy indicates that reasonable detention at the close of the school day is permissible as a means of discipline. All teachers have this authority and will notify parents by letter, or phone, concerning the days of detention.

#### CONFERENCES WITH TEACHERS

Students and parents are encouraged to consult with teachers pertaining to any phase of the learning process. Each teacher is assigned a conference period during the day, and is also available after school on an appointment basis. Parents are welcome to take advantage of this conference, or to personally see the teacher in the building. Please call the school for appointment arrangements at 349-5155.

#### NOTICE OF SCHOOL CLOSING

In every case where school must be closed due to inclement weather, announcements to this effect will be carried by local radio and T.V. stations. PLEASE DO NOT CALL SCHOOL EMPLOYEES! The following stations will be asked to announce school closing: WWJ (Detroit) and WJR (Detroit) as soon after 6:00 a.m. as we are able to reach the stations.

#### HALL CONDUCT AND TRAFFIC

Undue hall traffic during instruction interferes with classroom teaching. No stu-

dent is expected to be in the hall without a hall pass.

Hall passes allow a student to go only to the area designated and return. Their use is limited.

Passing periods are five minutes which allows adequate time to pass from class to class regardless of room location.

#### DROP-OUT

Students who have dropped from school or have been suspended and wish to be reinstated must make personal application to the principal with parents present.

#### HALLWAYS

A school can be judged by the appearance of its hallways. Help us provide a neat and attractive building for you.

#### FIRE DRILLS

Several fire drills are scheduled during the year for an average of one per month. Teachers and students will be alerted to the first drill in the fall and the procedures to be followed. Thereafter, the drills are conducted without advance notice. Special directions will be posted in each room. Read them and do as your teacher directs.

#### SEVERE WEATHER DRILLS

Several Severe Weather Drills will be held each year. Teachers have special directions to be followed, and maps posted in each room as to where students are to go in case of severe weather. Students should be aware of each designated safe area for each class hour, since each class room assignment is different.

#### WORKING PERMITS

Application for a work permit for those students of the school district is issued at the high school office. Upon completion of the form by the student and the employer, the form should be returned to the high school office. Work permits are required from age 14-18 unless employed by parents. No student under 18 will be excused for employment purposes during school hours. The one exception to this will be co-op and skill Center students if the student meets requirements.

#### MOTOR VEHICLES AND MOTOR CYCLE REGULATIONS

As a general rule all students who can readily do so will use the school system bus service. Because of the safety factors involved, the administration reserves the right to grant specific permission to drive to school.

Motor vehicle stickers which includes motorcycles, will be issued by the Assistant Principal's Office. The designated area for student parking is the parking lot with the entrance from Taft Road. Motorcycles are to be parked in the designated location on the lot, and not under the overhang. Violators will be dealt with under Article VII of the Student Conduct Code.

No student belongs in a car during the school day without specific authorization of the administration. Violations may result in the loss of driving privileges.

#### FIELD TRIPS

Field trips for any class or group must be planned in advance and approved by the administration.

A permission slip signed by the parent MUST be given to the sponsor and filed in the office before any student may accompany the group on a trip.

Extracurricular field trips may have a bus fee charged along with the cost of the activity.

#### PASSES TO THE OFFICE

A student will not be given permission to go to the office during an instructional period - UNLESS:

1. An appointment slip from the office has been issued earlier.
2. A request is sent from the office asking for the student.
3. An emergency arises and the teacher feels it is necessary to send the student to the office.

#### NOVI FIGHT SONG

WE'RE GOING TO FIGHT FOR YOU NOVI!  
HAIL TO YOUR MIGHT  
FIGHT ON YOU WILDCATS.

WAVE YOUR GREEN AND WHITE TO ALL THE WORLD.

THEN YOU WILL FIGHT FOR THE VIC-T'RY,  
AND CONQUER THE FOE.  
FIGHT! FIGHT! FIGHT! TEAM FIGHT!  
GO! TEAM! WIN TONIGHT!

#### ACTIVITIES

Involvement in school activities is encouraged. They are an important phase of your school life. Following is a list of some of the activities which exist for student participation:

Student Council  
National Honor Society  
N-Club  
Cheerleaders  
School Year Book  
School Newspaper  
Homecoming Program  
Varsity Golf  
Girls' J.V. Softball  
Girls' Varsity Softball  
Varsity Baseball  
J.V. Basketball  
J.V. Football  
Freshman Football  
Freshman Baseball  
Girls' Varsity Basketball  
Girls' J.V. Basketball  
J.V. Baseball  
Varsity Basketball  
French Club  
Spanish Club  
Science Club  
Ski Club  
Tennis  
Girls' Volleyball  
Girls' Track  
Band  
School Dances  
School Play  
School Musical  
Rhythmettes.

#### STUDENT COUNCIL

The Student Council assumes a leadership role and is a student organization devoted to promoting fine school spirit and constructive relationships. Your representation in the Student Council can be no better than the representatives you elect.

#### STUDENT ORGANIZATIONS

All student organizations must deposit all funds with the counseling secretary and pay all bills by checks written by the Board of Education Office.

Treasurers books will be kept by the sponsor of each organization, and should be checked monthly. Requisition orders will be completed in the office by the sponsor. All bills must be paid within thirty days. The organization sponsor and treasurer will expedite this procedure with the office secretary.

#### PROCEDURES FOR ALL EXTRA CURRICULAR ACTIVITIES

Class sponsors are in charge and directly responsible for all extra curricular activities. The following steps are to be followed for official approval of all extra curricular activities. This applies to all classes, clubs, and student activities.

1. Discuss request with sponsor first.
2. Obtain approval of sponsor, outline activity details and organize committees.
3. Obtain approval for building use and complete activity forms two weeks prior to activity from activity director.
4. Obtain approval from Assistant Principal.
5. Dance bands when employed by school groups must be contracted through the office. A contract is available to the sponsor for this purpose. No band will be employed without a signed contract by the band representative and the school official.
6. After organization of activity is completed and approved, work closely with your sponsor.

#### OFFICERS

Every student organization, club, or class will have a teacher sponsor. Each class and student organization in school elect officers for the year. These officers conduct the business of the class meeting. All officers must have attended Novi School the semester previous to election.

## WEDNESDAY, AUGUST 19, 1981

## NOVI COMMUNITY SCHOOLS

### SCHEDULING EVENTS

Only approved events appearing on the school calendar may be scheduled by a class or sponsor of a club or activity. To schedule an event the groups must submit their request to Student Council for scheduling and then it is brought to the Assistant Principal of Principal for approval.

All fund raising activities conducted by student organizations must comply with district and building policies. Copies of these policies are available from either Student Council or the assistant principal.

### ANNUAL YEARBOOK

The school annual is called the "Reflections" and it is published each year by the annual staff. Pictures of all the important events occurring during the school year are recorded. The editor and business manager of the "Reflections" must be a junior or senior.

### BAND

Band is open to any student in high school who can successfully play a band instrument at the level of performance required for this group. The band plays for football games, pep sessions, assemblies and parades, as well as participating in district and state band festivals. It is an active and proud organization.

### DRAMATICS

Dramatic activity centers around the school play. The play is produced in the Spring. This activity is one that is enjoyed by the pupils, and is a beneficial form of self-expression.

### ATHLETIC POLICIES AND PROCEDURES

Our program is operated under the rules and regulations of the Michigan High School Athletic Association and the Board of Education. Athletes must maintain scholastic eligibility pertaining to age, residence, season of competition, semesters in school, etc. that are incorporated in the rules.

The loyal support and enthusiasm of the student body and fans is solicited. We encourage sportsmanship on the field and in the stand. Support your team and represent your school well.

### INSURANCE ATHLETICS AND PHYSICAL EXAMINATIONS

Insurance is offered to athletes under the Athletic Accident Benefit Plan of the M.H.S.A.A. (Michigan High School Athletic Association). This may be obtained through the coaches for each sport. All athletes must have adequate insurance.

All athletes are required to receive a physical examination prior to any participation in interscholastic sports.

All athletes are required to furnish an insurance affidavit before participating in interscholastic sports.

### PUBLICATIONS

The official newspaper of Novi High School is the Wildcats Roar which is published about 15 times a year. The cost is 25 cents per issue.

### NATIONAL HONOR SOCIETY

Novi High School has chapter membership in the National Honor Society of Secondary Schools. The purpose of the society is to create enthusiasm for scholarship to stimulate desire to render service, to promote worthy leadership, and to encourage the development of character among pupils of Novi High School.

Any student seeking more information about eligibility, and procedures for joining the National Honor Society should contact Mrs. Lawrence.

### RESPONSIBILITIES-SCHOOL-COMMUNITY

A variety of influences play upon students and help to shape their attitude and determine their actions. Among those influences are the home and the attitudes it fosters, peer group relationships, the news media and what it selects to emphasize, society and the attitudes and feelings

prevailing therein, as well as the school and its program.

- A. The Student is expected to:
1. Put forth every effort to achieve the highest academic level possible and to develop high quality social habits.
  2. Understand that, with citizenship/school rights and privileges, comes responsibility to act and react in an acceptable manner.
  3. Participate with the school staff in the development of school rules at his developmental level.
  4. Recognize that there are channels through which rules or conditions can be questioned or studied and that proper channels should be used.
- B. The parent is expected to:
1. See that the student attends school regularly and is punctual.
  2. Establish and maintain communication with the school.
  3. Be responsible for the child's health, personal cleanliness, acceptable grooming and suitable dress.
  4. Assume responsibility in working with school personnel and community agencies in solving behavioral problems.
  5. Develop and maintain in their children respect for lawful procedures and for other people, their rights and their property.
- C. The teacher is expected to:
1. Provide a good atmosphere for learning and teaching.
  2. Help the student realize that as an individual he is important and that, as a group member, he should act in a responsible way.
  3. Seek conferences with parents and other school personnel in an effort to understand students who present behavioral problems.
  4. Know and enforce, consistently and fairly, the rules and policies of the school. He will report to the administration instances of serious misbehavior.
  5. Use procedures appropriate for age, background, and level of maturity in disciplining children.
  6. Participate with staff in formulating rules which relate to the school.
  7. Work with students so they understand the objectives of the classroom.

D. The Principal is expected to:

1. Make known and interpret to students, parents and school staff the specific school discipline policies.
2. Formulate and implement plans for effective student involvement in the development of recommendations which may affect school policies and procedures.
3. Provide time at meetings for discussions of techniques of good discipline.
4. Provide teachers with relief of serious problems, as soon as possible, and support for all building personnel in maintaining appropriate and effective discipline.
5. Arrange and be available for conferences with member of the staff, pupils, parents and other regarding discipline matters.
6. Attempt to solve more severe discipline cases by the use of one or more of several procedures.
7. Survey innovative adaptive educational programs and make necessary proposals to the superintendent to help minimize discipline problems.
8. Inform teachers consistently of principal's disciplinary action.

Novi Student Conduct Code for Secondary Schools

The Board of Education of the Novi Community School District recognizes the following:

That the primary intent of society in establishing the public schools is to provide an opportunity for learning.

That the students have full rights of citizenship as delineated in the United States Constitution and its amendments.

That citizenship rights must not be abridged, obstructed, or in other ways altered except in accordance with due process of law.

That education is one of these citizenship rights.

That students have a responsibility to be accountable for their actions.

That the target group is youth who are still in the mainstream of society. We believe that we may reach those in this group who are uninformed or misinformed, and those who will accept guidance. We doubt if classroom instruction can reach the extreme deviants who need therapy.

We expect young high school adults to conduct themselves in a responsible manner. Sometimes when this may not be the case with a few students, disciplinary measures are indicated.

A Student Conduct Code was studied by a committee of parents, teachers,

students, and administrators in 1970-71. The committee recommended adoption of a Student Conduct Code by the Board of Education. The Student Conduct Code was adopted by the Board of Education on February 29, 1972.

Due process will be followed in all disciplinary cases. Following are code procedures for disciplinary action.

Administrators and teachers also have rights and duties. The teacher is required by law to maintain a suitable environment for learning and administrators have the responsibility for maintaining and facilitating the educational program.

The teacher has the authority to debar students from a class for just cause, the principal or his designee is authorized by statute to suspend students for just cause. The Board of Education has the authority to expel students from school for just cause.

The following rules, regulations and due process procedures statement are designed to protect all members of the educational community in the exercise of their rights and duties.

It is evident that many conditions are reflected in the discipline of the student body. Teachers, custodians, bus drivers and administrators are assured that the Board of Education of Novi Community Schools will pledge their support to disciplinary actions taken, provided that they have acted responsibly, in the administration of discipline.

Nothing in this statement of student rights shall be held to limit the due process rights of educators or non-certificated school employees nor their use of the recognized or established grievance procedure.

### DEBARMENT, SUSPENSION, EXPULSION DEFINED

**DEBARMENT:** Removal of a student from a particular class or classes, but not from the building.

**SUSPENSION:** Removal of a student from school by the principal or his designee.

**EXPULSION:** Removal of a student from school by action of the Board of Education.

### DUE PROCESS

The constitutional rights of individuals assure the protection of due process of law; therefore, this system of constitutionally and legally sound procedures is developed with regard to the administration of discipline in the schools of Michigan.

1. The hallmark of the exercise of disciplinary authority shall be reasonableness and fairness.

2. Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources in cooperation with the student and the parent or guardian.

3. A student must be given an opportunity for a hearing with the appropriate school administrator. A hearing shall be held to allow the student and the parent or guardian to contest the facts which may lead or have led to disciplinary action, or to contest the appropriateness of the sanction imposed by a disciplinary authority, or if the student and his parent or guardian allege prejudice or unfairness.

4. In case of emergency situations as determined by the teacher's professional judgment, a student may be immediately debarred from the classroom and sent to the office. After the emergency situation has been brought under control, debarment and/or suspension procedures may be initiated.

5. Procedure for suspension from school.

1. A student shall be fully informed in a conference with a school administrator of the charges brought against him including the rationale for the actions which may be taken against him. The parent may be notified if, in the professional judgment of the administrator, such notification is warranted.

2. The parent shall be notified by telephone, letter, or personal contact if the student is to be temporarily separated or suspended from school or retained after school.

A written record of such contact shall be made in all cases of suspension.

3. The administrator will make every attempt to have a parent conference for suspensions requiring them. Parents and students have a right for a conference to be held at school during regular school hours.

4. Parents and students shall be notified of their right of appeal.

C. Procedure for expulsion.

1. Written notice of charges against a student shall be supplied to the student and his parent or guardian and included within this notice shall be a statement of the time and place of the hearing, which time therefore shall be reasonable for the parties involved.

2. Parent or guardian shall be present at the hearing.

3. The student, parent or guardian may be represented by legal counsel.

4. The student shall be given an opportunity to give her version of the facts and their implications. He should be allowed to offer the testimony of other witnesses and other evidence.

5. The student shall be allowed to observe all evidence offered against him. In addition he shall be allowed to question any witness.

6. The hearing shall be conducted by the Board of Education shall state within a reasonable time after the hearing, its findings as to whether or not the student charged is guilty of the conduct charged and its decision as to expulsion.

7. A record shall be kept of the hearing.

8. The Board of Education shall state within a reasonable time after the hearing, its findings as to whether or not the student charged is guilty of the conduct charged and its decision as to expulsion.

9. The findings of the hearing authority shall be reduced to writing and sent to the student and his parent or guardian.

10. The student and his parent or guardian shall be made aware of their right to appeal the decision of the hearing authority to the appropriate appellate authority.

NOTE: Suspension per se does not automatically fail a student. Regardless of the length of the suspension, if the quality of the student's work for the time he is in school is such that his overall average for the marking period is passing, the suspension will not prohibit him from receiving credit.

### CRIMINAL ACTS

The following activities are among those defined as criminal under the laws of the State of Michigan and will be reported to the proper authorities with the possibility of a consequence being arrest, fine, and/or imprisonment. This list is not all inclusive.

**ARSON** — The intentional setting of fire.

**ASSAULT** — Verbal threat.

**BATTERY** — Physical threats of violence to persons.

**CONCEALED WEAPONS** — The carrying or possession of weapons in the school or on the school grounds.

**EXTORTION, BLACKMAIL OR COERCION** — Obtaining money or property by violence or threat of violence or forcing someone to do something against his will by force or threat of force.

**FALSE FIRE ALARMS** — Setting off the fire alarm when there is no fire.

**FALSE BOMB CALLS** — Calling the school or the police to report falsely that a bomb has been placed in the school.

**FIREARMS** — (illegally used) — Firearms are prohibited on school property or at school sponsored events. This list is not all inclusive.

**FIRECRACKERS** — Setting off firecrackers or possession of same.

**LARCENY** — Theft.

**MALICIOUS MISCHIEF** — Property damage.

**ROBBERY** — Stealing from an individual by force or threat of force.

**SALE, USE OR POSSESSION OF ALCOHOLIC BEVERAGES OR ILLEGAL DRUGS** — Being present in an unauthorized place or refusing to leave when ordered to do so.

**UNLAWFUL INTERFERENCE WITH SCHOOL AUTHORITIES** — Interfering with administrators, teachers, or other school personnel by intimidation with threat of force or violence.

Continued on Page 6

**DISCIPLINARY ACTION FOR STUDENT CONDUCT VIOLATION**

Administrators may invoke any or all of the options listed for each violation.

- I. Criminal Acts on School Property
  - A. Minor (no property damage, property loss, or injury)
    1. First offense
      - a. Up to a five (5) day suspension.
      - b. Parent-counselor conference before return to school.
    - c. Referral to appropriate agency (when applicable) for social or psychological investigation.
    - d. Detention: type to be determined by administrator.
  2. Repeated offense
    - a. Up to a ten (10) day suspension
    - b. Parent-counselor conference before return to school.
    - c. Referral to appropriate agency (when applicable) for social or psychological investigation.
    - d. Detention: type to be determined by administrator.

NOTE: The third offense for the same violation may result in recommendation to the Board of Education for expulsion.

B. Major (property damage and/or loss and injury)

1. First offense
  - a. Full restitution for damage inflicted and/or notify law enforcement agency in case of property damage and/or property loss.
  - b. Up to a ten (10) day suspension.
  - c. Parent-counselor conference before return to school.
  - d. Referral to appropriate agency (when applicable) for social or psychological investigation.
  - e. Recommendation to Board of Education for expulsion.
2. Second offense
  - a. Recommendation to Board of Education for expulsion.
  - b. Smoking or carrying of lighted or unlighted tobacco is not allowed in the school building, at indoor athletic events, on field trips, at dances or on school sponsored transportation, etc. (The single exception is that 18-year olds are directed to the outdoor area between the gymnasium, media center and art room at the rear of the building.) Violating this rule is a serious offense and will be dealt with as follows:
    - A. If a student violates the rule he will be suspended. He will be instructed to report to the principal's office with at least one parent as soon as the parent can come in.
    - B. A second offense of this nature will result in suspension of the student for five (5) days. The student can obtain readmittance only by turning in homework for the five days and having a parent with him.
    - C. A third offense may result in recommendation to the school board for expulsion for the remainder of the semester.

III. Possession of Alcoholic Beverages.

- A. First offense
  1. Up to a five (5) day suspension.
- B. Repeated offense
  1. Up to a ten (10) day suspension.
  2. Notify law enforcement agency of the possession and parents of the action taken.

IV. Alcoholic consumption and/or intoxication

- A. First offense
  1. Parent notification mandatory.
  2. Call law enforcement agency mandatory.
  3. Up to a ten (10) day suspension with possible recommendation to the Board of Education for expulsion.
  4. Parent-counselor conference before return to school.
  5. Referral to appropriate agency for parental aid in dealing with the problem.
- B. Repeated offense
  1. Call law enforcement agency after attempted parental notification — mandatory.
  2. Suspension pending Board of Education action upon recommendation for expulsion.

V. Illegal possession drugs carried by student in his clothing; his hand, or drugs

found in his locker, car or personal belongings. All illegal offenses will be reported to the Police Department.

- A. First Offense
  1. Parent notified — mandatory
  2. Notification of law enforcement agency after attempted parent notification — mandatory.
  3. Up to a five (5) day suspension.
  4. Parent-counselor conference during suspension before return to school.
  5. Referral to appropriate agency to aid parent in dealing with the problem.
- B. Repeated offense
  1. Parents notified — mandatory.
  2. Notify law enforcement agency — mandatory.
  3. Up to a ten (10) day suspension with possible recommendation to the Board of Education for expulsion.
  4. Parent-counselor conference during suspension before return to school.

VII. Substance Abuse — Student who becomes involved in the use of illegal drug or narcotic, or the abuse of any drug, narcotic, or other harmful substances, will be given an automatic leave from school by the building principal until the following steps are completed:

A. A qualified medical person certifies that the pupil is under treatment for the problem.

- B. The parent or guardian certifies that he shall work closely with the school counselor, medical professional, and agency involved while the pupil is under treatment.
- C. Both written and signed statements shall be forwarded to the office of the Superintendent of Schools.
- D. Re-admission to the school program will be determined by the building principal involving the counselor, parent or guardian and student.

VIII. Driving and parking lot violations.

- A. First offense
  1. Improper parking — warning.
  2. Improper use or not displaying sticker — warning.
  3. Speeding on school property — revoking driving privileges up to five (5) days and notifying parents.
  4. Reckless driving on school property — driving privileges revoked up to a calendar year and notify parents.
  5. Call law enforcement agency for ticketing.
- B. Second Offense
  1. Improper parking — revoking driving privileges for up to balance of school year and notify parents.
  2. Improper use or not displaying sticker — revoke driving privileges up to balance of school year and notify parents.
  3. Speeding — driving privileges revoked permanently and notify parents.
  4. Call law enforcement agency for ticketing.

IX. Class disruption, insolence and insubordination.

- A. First offense
  1. Sanctions up to debarment and/or up to a five (5) day suspension if occurring in class.
  2. Up to a five (5) day suspension if occurring in school property.
- B. Repeated offense
  1. Up to a five (5) day suspension with possible recommendation for parent conference and medical or psychological testing before returning to school in cases of severe injury or psychological trauma.
  2. There must be a parent conference held before student may return to school.
  3. A recommendation may be made to the Board of Education for expulsion.

X. Fighting — on school property, bus stops, before and after school, or in activities sponsored by the school or under school jurisdiction.

- A. First offense
  1. Up to a five (5) day suspension with possible recommendation for parent conference and medical or psychological testing before returning to school in cases of severe injury or psychological trauma.
  2. There must be a parent conference held before student may return to school.
  3. A recommendation may be made to the Board of Education for expulsion.
- B. Repeated offense
  1. Up to a ten (10) day suspension with possible recommendation for parent conference and medical or psychological testing before returning to school in cases of severe injury or psychological trauma.
  2. There must be a parent conference held before student may return to school.
  3. A recommendation may be made to the Board of Education for expulsion.

or partial period, a portion of the school day, a day, or more than a day.

- A. First offense
  1. Single or partial period — warning given. One hour after school and/or up to one day suspension.
  2. Portion of school day truancy (more than 1 period), a warning is given. Four (4) hours after school and/or up to a two (2) day suspension.
  3. One day truancy — A warning is given. Up to a three (3) day suspension.
  4. More than one day truancy — Up to a five (5) day suspension.
- B. Repeated offense
  1. Up to a ten (10) day suspension with parent-counselor conference before return to school.

XIII. Cooperation with school personnel — Students must obey the lawful instruction of school district personnel or they are subject to punishment under Section IX of this code.

XIV. Off-Campus events — Students at school-sponsored events shall be governed by school district rules, regulations, this code of conduct, and are subject to the authority of school district officials.

- XV. Freedom of speech and assembly.
  - A. Students are entitled to verbally express their personal opinions. Such verbal opinions shall not interfere with the freedom of others to express themselves. The use of obscenities or personal attacks are prohibited.
  - B. All student meetings in school buildings or on school grounds may function only as a part of the formal educational process or as authorized by the principal.
  - C. Students have the freedom to assemble peacefully. There is an appropriate time and place for the expression of opinions and beliefs. Conducting demonstrations which interfere with the operation of the schools or classroom is inappropriate and prohibited.

XVI. Freedom to Publish.

A. Students are entitled to express in writing their opinions. The distribution of such material may not interfere with or disrupt the educational process. Such written expressions must be signed by the author.

- B. Students who edit, publish, or distribute handwritten, printed or duplicated matter among their fellow students within the school must assume the responsibility for the content of such publications.

XVII. Search and Seizure — The following rules shall apply to the search of school property assigned to a specific student (locker, desk, etc.), and the seizure of items in his possession.

- A. There should be reasonable cause for school authorities to believe that the possession constitutes a crime or rule violation.
- B. General searches of school property may be conducted at any time.
- C. Search of an area assigned to a student should be for a specific item and be in his presence in most situations.
- D. Illegal items (firearms, weapons) or other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities.

XVIII. Corporal Punishment.

A. Corporal punishment is authorized when issued in a reasonable manner, taking into consideration the age, sex, and size of the offender and the seriousness of the offense.

XIX. MALICIOUS MISCHIEF: General causes — is a social action of people. Buildings do deteriorate if allowed to, but much of the maintenance and repair costs that schools have today is to correct damage done by vandals. Malicious mischief is an outgrowth of indifferent actions.

- A. Intended malicious destruction — This malicious mischief is the most intensive and usually most severe. Malicious mischief which is intended has the purpose of destroying, mutilating, stopping the operation of, or disassembling that which is property functioning.
- B. Indicative destruction — This malicious mischief is less severe. The vandal has little doubt but what he is about to do will cause damage, however, he acts without self-control. Sometimes the vandal, too, is surprised by the severity of the outcome of his act.

XVII. Search and Seizure — The following rules shall apply to the search of school property assigned to a specific student (locker, desk, etc.), and the seizure of items in his possession.

- A. There should be reasonable cause for school authorities to believe that the possession constitutes a crime or rule violation.
- B. General searches of school property may be conducted at any time.
- C. Search of an area assigned to a student should be for a specific item and be in his presence in most situations.
- D. Illegal items (firearms, weapons) or other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities.

**SUMMERTIME IS A BUSY BEHIND THE SCENES TIME!**

People in various departments contribute to getting schools ready for opening day. Four such persons are shown above: Kathy Kendra, Secretary for Community Education and Curriculum Instruction; Ella McMillen, Secretary for the Purchasing Department; Joan McMullen, Data Processing Programmer; and custodian at Orchard Hills Elementary, Joe Palazzolo. Along with many others, they are looking forward to welcoming students and staff.

**IMMUNIZATION**

The Oakland County Health Division clinic offices are now open Monday evenings to make clinic services more accessible to county residents. This is especially helpful to working parents in obtaining immunizations for their children.

Immunization clinic hours are: Monday, 12 Noon-4:30 p.m.; 5:30 p.m.-8 p.m. Tuesday through Friday, 8:30 a.m.-11:30 a.m.; 1 p.m.-4:30 p.m.

Health Center locations:  
**OAKLAND COUNTY HEALTH DIVISION**  
 1200 North Telegraph Road  
 Pontiac, Michigan 48053  
 Phone: 858-1301

**SOUTH OAKLAND HEALTH CENTER**  
 2775 Greenfield Road  
 Southfield, Michigan 48076  
 Phone: 424-7045

There is no charge and no appointment is necessary. State Law requires immunization for entering kindergarten pupils and newly enrolled pupils. Parents may sign a waiver of immunization for religious reasons, or there may be a physician's signed statement that for health reasons the child cannot receive the vaccine at this time.

The required vaccines are: Diphtheria, Pertussis (whooping cough), Tetanus (combined vaccine); Oral Polio; and Measles, Mumps, Rubella (combined or separately) must be given after the child's first birthday.

This is the third year of the statewide push for pupil immunization. The drive was initiated after statistics revealed the numbers of pupils permitted to enter school without the required immunizations or waiver. The concern was heightened by outbreaks of communicable diseases among teenagers.

In Oakland County the catch-up focus is on all fifth and tenth graders. Under Oakland County Ordinance and local school district policy, school immunization records will be assessed by the public health nurses; and districts, using their own policies, will be excluding pupils who do not meet the required criteria.

An immunization notice will be sent to parents or guardians where there is no immunization record, or the record is incomplete.

Communicable diseases and their potentially disastrous side effects for the children of Oakland County can be kept to a minimum by parents, school, and health department personnel working together.

If you have any questions about outreach clinics or needed immunizations for your child, please contact Joan Thompson, R.N., Public Health Nurse assigned to Novi at 424-7133.

**SCHOOL LUNCH PROGRAM**

The school lunch program will begin on Wednesday, September 2, 1981. The Novi program is a part of the National School Lunch Program.

Due to the rising costs in milk and food supplies, labor increases, and reduced funding by the Federal administration, the prices of the lunches and milk will increase.

School lunch and milk prices will be announced shortly before or on the first day of school.

Menus will be sent home with all the elementary students on a monthly basis.

Children from families that meet the income criteria may apply for free and reduced meals. Applications, which include the income schedules will be distributed to all students the first week of school. If parents feel their child will qualify, they should contact their child's principal.

- MENU FOR SEPTEMBER 2, 1981**
- Grilled Cheese or Pizza
  - Green Peas
  - Chilled Peas
  - Milk

**REGISTRATION**

Elementary: Grades K-4  
 All new elementary students should register during the week of August 17th from 9 a.m. to 4 p.m. Call the individual schools for exact days of operation.

Middle School North (5th-6th grades)  
 All students are required to register. Parents must accompany students to registration the week of August 17th-21st between 9:00 a.m. and 2:30 p.m. Class schedules and teacher assignments are given at that time.

Students new to Novi this year, should come the week of August 24th. Parents are asked to be prepared to give emergency and business telephone numbers. A \$10.00 book deposit is required of students registering for the first time at the Middle School.

Middle School South (Grades 7-8th)  
 All new students should register beginning Monday, August 17th through Thursday, August 20th from 9-12 noon or 1-3 p.m. All students who have already registered will receive their schedules through the mail prior to school opening. New students register the week of August 24th.

High School (Grades 9-12)  
 12th grade students ..... August 24  
 Eleventh grade students ..... August 25  
 Tenth grade students ..... August 26  
 Ninth grade students ..... August 27

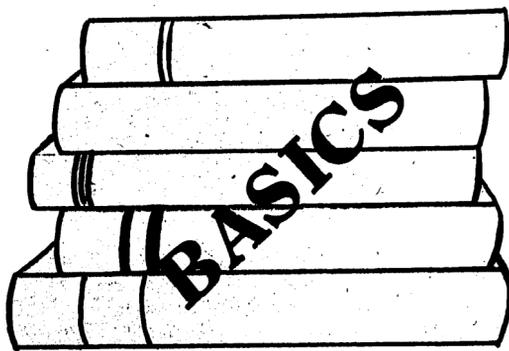

All students who have previously registered will receive their schedules, through the mail prior to school opening.
