## Senior housing zoning OK'd by city planners

By CHRISTOPHER J. KOZLOWSKI

Senior citizens may soon find more desirable areas in the city in which to reside as a result of action by the Novi Planning Commission last week. Specifically, the commission recommended that the

city council approve a "Senior Citizen Housing Zoning Amendment," which would allow multiple-unit senior homes to be constructed in zones that were not zoned for

The action, which is pending approval by the city council, would provide for four separate categories of senior housing, depending on the type of senior home, project height and its proposed location.

The ordinance states: "Senior citizen housing uses shall be treated as uses permitted subject to special conditions (special land uses) within the RA, R-1, R-2, R-3, R-4, R-T, RM-1, RM-1/PD-1, RM-2, MH, NCC, TC, OS-

1/Pd-2 zoning districts. The four types of senior housing specified in the amendment include:

SCH-1: Shared living in which no more than four unrelated individuals would share a home specifically designed for senior use. This is the only category under which this type of senior development could take place in single-family platted subdivisions. However, not more than five percent of the lots in any subdivision would be

SCH-2: Independent and congregate senior care which may include: cottage-type dwellings or condominiums,

provided meal services. SCH-3: Assisted senior living and convalescent care, or nursing home care. Such uses would be required to meet state public health standards and practices.

SCH-4: Mid-rise housing for the elderly. Such structures would be restricted to 65-feet or five stories in height and would not be permitted on property zoned for single-family residential use. The zoning amendments, as studied by the city's

Senior Citizen Housing Committee, were designed to increase the housing opportunities for seniors in the city. According to the ordinance, traditional senior complexes are allowed only in areas zoned for multiplefamily use — areas which are scarce in Novi. Commissioner Riley Richard voted against the

The moratorium was proposed by Commissioner Howard Dell, "It's lousy planning. We're going in the northwest area like gangbusters; we have a lot of water problems," said Dell.

APPROVAL OF A \$20 MILLION MARRIOTT HOTEL may be vetoed b Southfield Mayor Donald Fracassi because "it doesn't meet the need fortonof-the-line services."

The Southfield City Council voted June 8 to approve the six-story, 224-room Marriott near the Northwestern Highway service drive and Berg Road. "We should be in the market for top-of-the-line hotels with higher occupancy rates to take in the cost of operating full services," said Fracassi. ## Some health plans are like hospital gowns: They never cover as much as you wish they would.

When it comes to health care, traditional medical insurance leaves a lot to be desired. Because they only cover a portion of your costs. Health Alliance Plan, on the other hand, is

much more comprehensive. We offer complete coverage for virtually everything from pediatrics to geriatrics. And this extensive medical coverage is available from over 1,600 physicians at 23 medical centers, 18 hospitals and hundreds of individual doctor's office locations.

If one were to take the time, it would be easy to calculate how many inconsequential events happen simply

because we are in the right place at the right time.

It is often easy to say that, "Today is my lucky day because I didn't hit one red light traveling from Eight Mile to Twelve Mile while driving down Meadowbrook Road." Just as it would be easy to claim luck as yours after having just found five dollars outside your favorite Seven-Eleven store. Good luck, or fate, seemingly smiles upon us frequently, and we seldom give it a

Conversely, there are those days when everything we touch seems to end up broken or disabled. We all have our days, driven by bad

Although the homes that were torn apart were an awesome sight, what stood out more to me were the ones that were standing apparently unharmed.

If my home would have been left standing after being hit by such a storm, it would probably be very easy to simply believe fate had been on my side. But at the same time, if my home would have been destroyed or members of my family suffered injuries, simply accepting fate as a reason would not be enough.

I suspect most reporters have love/hate feelings about tragedies. A variety of feelings dash through your mind. It's not very noble, but you know you're going to get interesting stories and pictures. I have strong feelings of guilt when those other thoughts — those thoughts about getting good pictures and stories — flash into my mind.

Quite honestly, covering the Chateau Estates tornado Sunday night wasn't too bad from the guilt perspective. I tried to approach residents cautiously and courteously, identifying myself and asking politely to talk to them. Surprisingly, most of them were more than willing to tell me what had happened. A few even came up and volunteered the information.

The toughest "tragedy" story I ever covered was the drowning death of a little boy in a pond off Meadowbrook Road several years ago. I hated it. I hated being there.

# **SUMMER FUN**

Ediner, Twelve Oaks Mall

## **SUMMER OF \$59.00**

Reminiscent of the "Summer of '59" the Novi Hilton is offering a \$59 nightly rate through September 7 for guests whose stay includes Saturday night.

Reservations may be made any time up to two days in advance of arrival for a stay of as many as ten nights.

The special reduced rate applies for either single or double occupancy and includes Continental breakfast. As always, children stay free in the same room with their parents.

"This is the value of the season for vacationers or those visiting friends or relatives in the metropolitan Detroit area," says Gary Seibert, General Manager at the Novi Hilton. "It's also a perfect opportunity for a wonderful weekend escape. Our "Summer of '59" is another way of thanking our customers for their business."

Hilton's "Million Dollar A Day Thank You," a four-month program of instant travel awards and discounts provided to every guest, every day, was a successful prelude to the company's special summer rate program.

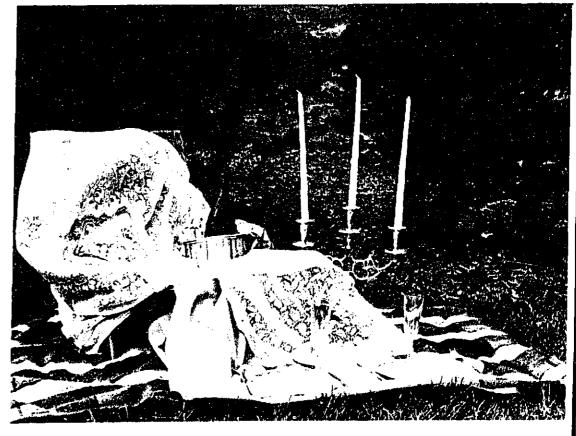

Rooms at the "Summer of '59" rate may be booked through the Hilton's reservation office, travel agents or

Hilton's Vacation Hotline, 1-800-HILTONS. The special \$59 rate is available at Hiltons across the United States on a limited basis, so early booking is advised. Rates may be slightly higher at resorts and in certain other cities.

### **GOURMET PICNIC IDEAS**

Summer is that favorite time of year to pack a gourmet picnic basket for some "fun in the sun" at local beaches, parks or outdoor concerts.

Novi Hilton's Chef Wilson and the Crystal Swan's Manager, Aliece Younie, have teamed up to offer ingredients needed to ensure your romantic picnic for two. Select a bottle of Champagne Chardonnay complimented with Iced Blueberry Soup Grand Marinier. For an elegant main course serve Chilled Lobster Salad and Cold Glazed Duckling. Strawberries Amaretto are the perfect ending to this romantic affair . . . or is it the beginning?

Don't forget to include a checkered table cloth plus linens, silver wine bucket, china, fresh flowers and candles for a romantic ambiance.

Recipes are available by writing the Novi Hilton, attention: Aliece Younie, 21111 Haggerty Road, Novi, Michigan 48050. ■

Bellman Jim Paris

A guest's first impression is sometimes made the minute they walk into a hotel.

A welcome greeting at the door and assistance with one's luggage are just a few of the bellmen's responsibilities.

The bellmen at the Novi Hilton offer a full line of guest services which include: assistance with airport transportation, limousine service for VIP's, suggestions for sightseeing in the area, new housing and relocation information, complimentary valet parking and hotel tours.

The guest service desk, located in the lobby, is staffed around the clock. Continually updated on community attractions as well as hotel happenings, the bell staff serves as an information center.

Personal service and attention given to a guest's needs makes the impressionable difference! ■
