## Mason averts misconduct; vote to stand

By MICHAEL MALOTT Managing Editor

Novi City Council Member Carol Mason's refusal to cast a vote for or against the Expo Center Ordinance in Monday's council meeting led two other members to call for an attorney's review of the action.

Council Members Hugh Crawford and Joe Toth said the refusal constituted "misconduct in office."

The penalty for misconduct, Toth said quoting from the city charter. is removal from office. Under the charter, a member can also be prosecuted in court for misconduct, Toth point out, with penalties of up to a \$1,000 fine or 90 days in jail.

But the misconduct charge, and the attorney's review, was averted Monday when Mayor Matt Quinn recorded a 7-0 vote — including a "yes" vote by Mason — for the adopAfter making four amendments to the text. Novi City Council voted to approve the Expo Center Ordinance. Expo Center president Blair Bowman said passage will allow the center to move forward quickly. The lease is expected to be signed shortly and the site plan will likely be submitted in the next couple of weeks. The story is on page 12.

tion of the Expo Center Ordinance. Since the council had turned down a request by Mason to be al-

By MICHAEL MALOTT Managing Editor

Think it's hard to get excited about an issue like sidewalks? Better talk to Novi City Council members Robert Schmid and Tim Pope.

A discussion of the city's ordinance regulating the installation of sidewalks in new subdivisions turned heated Monday night, leading to what several observers described as a "diatribe" by Schmid at

The issue arose when city Attorney David Fried submitted a letter to the council stating that state law does not allow municipalities to

have different rules for sidewalk installation in site condominiums than in single family residential subdivisions. Council recently required sidewalks in all site condo developments. Upon receipt of Fried's letter, Pope proposed the same rule be adopted for single family home subdivisions.

Schmid objected, saying the proposal should be returned to the Planning Commission for review. Then Schmid, who has taken the position that many homebuyers do not want sidewalks, criticized Pope, who is an advocate of sidewalks in all subs.

Making friends

A petting zoo was featured among the activities at the 1992 Ingersoll Pioneer Festival held at the Novi Civic Center Saturday. Above, Katherine Superfisky, 7, pets a donkey provided to the festival by the Novi 4-H club. An estimated 700 people turned out, despite poor weather, to view a variety of demonstrations of crafts of the pioneer days. More photographs of the event appear on page 15A. The story is on page 3B.

## Candidates get ready for school election

By SUZANNE HOLLYER Staff Writer

The Novi school board election will not rank high on the list of eventful campaigns.

The three candidates have avoided any signs of mud-slinging despite the fact that one must lose. Two incumbents and one former board member are running to fill two seats on the Novi Board of

Trustee Sandra Thornton said vandals targeted some of her campaign signs Monday night. She believes the culprit was the same person or group of people who spray painted the Novi High School commons area Monday

"I would rather it was signs than a building." Thornton said. Thornton has been compiling an unofficial survey about a proposed 1.75-mill tax increase as part of her campaigning efforts. She said surveyed residents generally support school board efforts to fund programs for Novi students.

A detailed report will be provided

to school board members at a future meeting. Thornton said she has not surveyed people about their candidates of choice in the school election, instead sticking to millage issues in questioning area

residents. Candidate Julie Abrams was the first to have her campaign signs springing up around Novi streets. Abrams signs are printed in the green and white Novi High School colors which also are emblazoned on school uniforms.

She said some of her signs are missing. Abrams blames random vandals with no affiliation to any of the candidates.

"It has been a real clean campaign," Abrams said of her rivals. The election will be held Monday, June 8.

## Three vie for two school seats

By SUZANNE HOLLYER

Novi voters have a choice to make Monday. Three candidates are running to fill two positions on the school board. The election will be held Monday from 7 a.m. until 8 p.m. Only Novi residents living within school district boundaries will be eligible to vote.

Incumbents Raymond Byers and Sandra Thornton will face former school board member Julia (Julie) Abrams.

Abrams, a Ripple Creek resident, was appointed to the school board in 1988. She ran unsuccessfully later that school year to fill a board seat. Abrams works for the Novi Community School District as a noon aide at Village Oaks Three candidates vie for two seats on the Novi school board in Monday's election. Four candidates and a writein contestant vie for two seats in Northville schools, while two millage issues will be on the ballot. Complete coverage is on pages 6-10.

Elementary.

She served on a district Excellence in Education Task Force, a committee reviewing district boundaries and enrollment, a Facilities Task Force Committee, and evaluation and parenting

committees at Novi Meadows.

Abrams also has worked on art programs and as a tutor in kindergarten through 10th grade. In her spare time, Abrams gardens, walks and swims. She has been a Novi resident for 15 years and has three children.

Byers, a Winthrop Drive resident, works for Ford Motor Co. and has served on the school board since August 1985.

Byers has a bachelor's degree in business and government and has completed work on a master's degree.

He is a member of the Michigan and national associations of school boards. He serves on a Legislative Review Committee of the Michigan association and on the Business Education Al-

## Robbery reported at Novi gas station

By CRISTINA FERRIER

The Mobil gas station on Haggerty Road near Grand River was robbed Sunday night by a woman believed to have held a cashier at

gunpoint, Novi police said. The cashier, a Farmington Hills woman, described the suspect as a black female, age 25-30, approximately 5-foot-3 with black hair tightly pulled back. She was further described as being heavyset and

softspoken, with a rounded face. The cashier told police that the

blue smock over a dark colored shirt, entered the gas station shortly after 8:30 p.m. She reportedly walked up to the counter and

asked for change for a quarter. The cashier said that, when she opened the cash drawer, the suspect pointed an object that looked like a gun from under her smock and said This is a stick up. Give me all your money or I'll shoot you."The cashier said she responded by pulling the cash drawer out of the register and placing it on the counter.

## Boundary change discussed

By SUZANNE HOLLYER

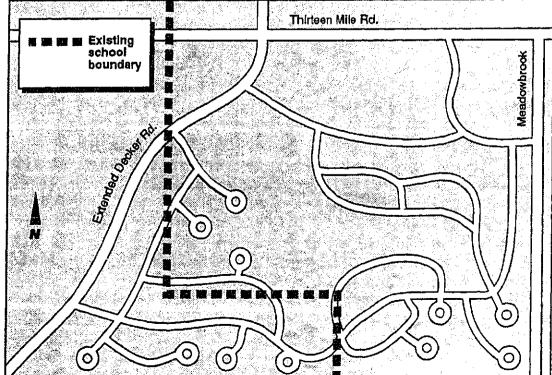

A committee of Novi and Walled Lake school board members is expected to discuss a possible boundary shift in the Sandstone Planned Unit Development project on Novi's north end.

The Novi school board agreed May 21 to appoint three members to a committee that will negotiate boundary changes in the development with Walled Lake school board members.

Sandstone, which will be located south of Thirteen and north of Twelve-and-a-Half Mile roads, sits on the boundary of the two districts. The property extends from Novi Road on the west to Meadowbrook Road on the east.

preciated the help."

Make way for ducklings: A Mallard mamma nesting at Marty Feldman Chevrolet hatched 10 young-uns Monday, May 11. The dealership staff had been zealously keeping an eye on the nest and worried about the welfare of the ducklings.

So they called Novi resident Laura Lorenzo to the site. Lorenzo has a permit from the state department of natural resources to rehabilitate

"They knew there was no water on their property and the ducks would have to cross Grand River to get to the wetlands," Lorenzo told the city "We walked them across Grand River and stopped traffic. I really ap-

Electricity needs: The Michigan Public Service Commission is conducting a 60-day public comment period on the Detroit Edison Co.'s long-range plan for meeting its customer's electricity needs over the next 15 years. The plan represents the first in a series of biennial updates to Deiroit Edison's Integrated Resource Plan, which was originally com-

pleted in January 1990. The plan evaluates not only the need for new power plants to supply anticipated electric supply demand, but also the relative cost of the alternative ways to balance future electric supply and demand, including the purchase of power from generators and other utilities.

The public review of Detroit Edison's long-range plan is an important part of the planning process in which Detroit Edison, its stockholders. and customers all benefit," said Charles Millar, Director of the PSC's strategic planning division.

Written comments must be submitted by July 9. To obtain a copy of the plan or submit comments, write to: Strategic Planning Division, Michigan Public Service Commission, P.O. Box 30221, Lansing, MI 48909, or call (517)334-6431.

Fifties Festival sponsors: The Michigan '50s Festival Committee, at work planning the upcoming fifth festival July 22-26, is seeking businesses and individuals who would like to help sponsor the program. This year, a festival banner with company names will be displayed in the entertainment tent for patron level donors. Patrons are those who donate \$250 or more. The festival offers a variety of membership programs for those donating amounts from \$25 to \$1,000. Anyone who would like to donate time can join the Cruisers, a large group of volunteers that works behind the scenes at the event. For more information, call

he reduction in state funding paints a dim picture for all out-of-formula districts. As more of the financial burden shifts to local districts. taxpayers will be expected to pay more taxes to maintain the high level of education they have come to expect.

As our population has increased, facilities such as Novi-High School and Parkview Elementary have become inadequate. Along with advances in technology, curriculum must be constantly updated. An increase in staff is inevitable. Transportation needs are increasing. I will try to meet the needs of the citizens with careful planning and prudent spending.

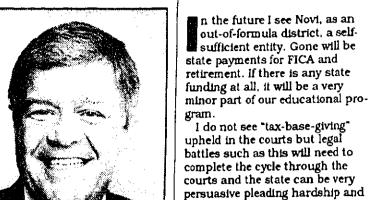

he Novi schools will continue to experience funding cuts from the state as it tries to create equity among all the school districts in Michigan. Novi should be able to maintain its present programs through the 1992-93 school year. It is too soon to tell what will be reduced following the state's fiscal year, but it appears likely that the reductions to outof-formula districts like Novi will

continue. The taxpavers of Novi will be faced with a tough decision as the state continues to shift the funding burden to the local schools. They will have to decide on diminished programs and services, larger class sizes, or increase the millage rate to offset reduced state funding. The next

tough choices from the citizens of Novi.

quality of education by being pro-

Do you support sex education in Novi? How far would you like to see such a program go in educating students about their bodies? Did you support the now-overturned section of a state law that asked school districts to inform students how to get a judicial bypass under the parental consent law? (The law requires students to have their parents' permission or the permission of a judge to obtain an abortion. The section requiring school districts to tell students how to get a judicial bypass to the parental consent law was overturned).

ducation that enables a person to make careful, well-thoughtout decisions, is beneficial. Sex education benefits students. their families and society.

The school district, through a well-defined curriculum, can give students the knowledge needed to make educated decisions. Sexually transmitted diseases, unplanned pregnancies and promiscuity are serious problems to face. I promote emphasis on abstinence.

it's the best form of birth control I know of. Realistically, I know there is, and will continue to be, widespread sexual activity among high school students. In teaching sex education. I favor strategies used in the DARE program such as, "how to say no." and how to deal with peer pressure

Birth control, child-bearing and its options need to be discussed.

I'm pleased that the school district isn't burdened with discussing udicial bypass.

support the work being done by the Reproductive Health Committee formed by the Board of Education to address reproductive 🚂 health issues in the schools. The committee is important because it involves administration, staff, parents, at-large community members, and physicians all coming together to provide some direction to the district on the subject.

This committee was formed after a student at the high school expressed her concerns about the lack of meaningful curriculum dealing with reproductive health. I support the committee's formation and the development of substantive curriculum in the area of repro-

No. I never thought that it should be the responsibility of a school system to come between family members when a decision regarding a non-school issue was to be made.

support sex education as a basic part of every student's education. In addition to moral and religious instruction at home, students need to receive education on human sexuality and the emotional. psychological, physical, hygienic, social and interpersonal aspects of an intimate relationship. The moral values of our community will be represented in our sex education curriculum by the newly appointed Reproductive Health Committee

monetary and momentum resources vital to our community.

I fully agree with our staff who feel they would be derelict in their responsibility to our youth not to recommend the inclusion of a sex education component. I did not support the judicial bypass law which mandated young

students grade 6+ be informed how to get an abortion without ever talking to Mom and Dad. I support open communication, and this must begin at home.

Would you support the implementation of an instrumental strings, Japanese or lacrosse program in Novi schools? What amount of money would you be willing to allocate for each? Would you support a higher millage rate to implement any of the above programs? Do any other areas of the curriculum need improvement?

support the refinement of existing programs rather than the implementation of new ones for financial and practical reasons.

Japanese culture, history, economics, etc. could be integrated into the social studies curriculum. This awareness is more beneficial than having the language taught. After the basic needs of the present band program (uniforms. instruments, etc.) are met, only then would I consider a strings pro-

I am a strong supporter of fine arts as a vital component of educa-

The present athletic facilities, indoor and outdoor, are inadequate Additional coaches may be necessary for our existing offerings. I am in favor of the addition of lacrosse in the future.

annot support additional programs when we might have to reduce or eliminate programs because of state-mandated funding reduc-

All three programs are worthwhile, but on a year-to-year basis, would increase in budget, and I cannot imagine what they would cost as they grow in the district. This is a time to work on the basics, not start new programs with limited funding. It is counterproductive to create false expectations for our students, faculty and parents. I can see no justification for a millage increase to fund these pro-

The curriculum at the high school is constantly being re-evaluated to prepare our students for after graduation. I am concerned about the middle 50 percent of the students who tend to slide along and graduate but really aren't prepared for the world of work. As we visit the needs of the high school over the next few months. I want to see more information on programs for them.

he development of any educational program is an evolutionary process. Novi's curriculum is assessed and evaluated on a rotating basis to meet content or interest changes and legal requirements. I support the implementation of new programs as part of a whole educational curriculum to meet the needs of our students. Research shows there is ample community interest and support to

offer programs in instrumental strings. Japanese, and lacrosse. Last year as part of a cost cutting move, the board carefully reviewed minimum class sizes. The student interest level for these three programs far exceeds those guidelines. There are possible alternative funding sources, and the minimal cost to run th should not be singled out as a budget item paw.

Novi High School has 10 valedictorians and two salutatorians this year? They were selected solely on grade point average. Have you considered any options to limit the number of valedictorians and salutatorians that can represent any given graduating class?

the selection process is properly the business of the administra-

to micro-manage the administration and the schools. The board

is in place as a policy-making body. One of the biggest faults raised

about boards of education is that they become bogged down in minu-

tion and staff. It is not the business of the Board of Education

am very proud of the valedictorians and salutatorians that we honor every year. Just because we have a number of honorees. that doesn't mean the title is easy to achieve. The accomplishments show that we have an excellent school district with high-achieving

These graduates will be entering a world of ongoing learning where they will always have to prove themselves. Hopefully, they will continue to show us their excellence. I have not considered any options to limit the number of valedictori-

ans and salutatorians.

The board would be guilty of that if they were to dictate the standards for the selection of valedictorians and salutatorians. This is a decision properly left to the administration, staff and students of the The must remember that graduation is the student's day. The valedictorians have worked very hard for such outstanding records and they have all achieved equally. Those academic achievements should not be minimized by our considering other options to limit the number. All the valedictorians should be asked to make a cooperative learning decision. Do they have volunteers to speak or not to speak? draw straws? all speak for a few minutes? Whatever they decide it is their day and they have carned it.

Would you support a fall bond issue to fund improvements at the high school? Why?

support a fall bond issue to fund improvements at the high school. The high school needs additional classrooms and expanded athlet-

The upgrading of present facilities and programs are needed. Dr. (consultant John) Childs, in his report to the school board, cites the growing need for tools of technology to improve the education at the

As the popultion increases, overcrowding exists. A short-term remedy, adding an extra hour onto the high school day, may alleviate some of the overcrowding. In reality, the necessity for expansion and improvement faces the community.

make you feel at ease when you address the board?

would support a fall bond issue to fund improvements for the high school only if it contained substantive additions for academic classrooms as well as physical education improvements.

The district is growing, and the growth needs must be addressed this year or we will have an overcrowded building in the next couple of years. I would hope that any bond issue would also address the needs the district has at the elementary level for classroom space and technology needs for all schools.

Tes. The reports by a citizens' committee, staff and an outside consultant all indicated that the increased high school student population cannot be accommodated with the current space configuration. Some current space could be reallocated and upgraded, but more additional space will be needed. Both of these routes require a capital expense beyond the resources of an annual budget.

Why should voters choose you over the other two candidates?

re you seeking a board member who is approachable, easy to talk to and sensitive to your needs? Do you seek one who will Is it a "mom" who has worked in the school's classrooms, lunchrooms, pre-school, kitchens, board of education that you want to represent you? How would you like to have a board member who has served on committees discussing boundaries, AIDS, enrollment, facili-

ties, parenting, curriculum and counseling? I have the time and the desire to serve this community. This is my

he voters don't need to choose me over the other two candidates; there are two positions open. I am not running against anyone, rather I am asking the voters of the Novi Community School District to continue to allow me to serve on the board. I am asking for that privilege because I think I have been responsive to the needs of the district, and to its citizens. I think that I can continue to contribute to the system and provide meaningful leadership at a time when leadership will be very important for our future

Right now, you get a new kind of help at Highland. Instead of a salesman who's working for commission you'll find a Customer Advisor who's working for you. Honest advice from a Customer Advisor makes electronics and appliance shopping so much easier. And only Highland has it.

The Highland Customer Advisor is a trained professional who earns his or her salary by making you happy—and earns it whether you buy the basic model or the top-of-the-line-or nothing at all.

So there's no percentage in being pushy. No incentive to switch you from one product to another.

## No commission. No pressure. No kidding.

You won't believe the difference this makes. Instead of a salesman on your back-you've got an unbiased expert on your side.

Instead of someone who needs to hype-you've got someone who only wants to help. And when you're looking at a large black box full of chips and diodes, with a whole bunch of specifications on the side-honest advice really matters.

## We offer more choices. We offer more help.

At Highland, we have a bigger selection than anybody else in town. So there's at least a chance that you'll find yourself staring at a long row of appliances that look the same, but don't cost the same. Don't worry. The Customer Advisor has a highly–trained eye. Feature for feature, dollar for dollar, he can help you decide what's important to you-and what's an unnecessary expense.

Miracle of miracles, he might recommend a less expensive model than you were thinking of.

And here's another shocker. Nobody at Highland is going to try to scare you into buying more warranty than you need. Our Customer Advisors have no reason to recommend more than you need.

## Nobody has a lower price. Nobody.

We check our competitors' prices constantly—to make sure we're the lowest. And they check ours. Anybody who wants to can drop a few prices, run a snap survey and say "Look, we're lower!" But you shouldn't assume that that's still true by the time you see it in an ad.

At Highland, we sell more TVs, more audio equipment, more video equipment and so on than anybody else in Detroit. One reason we do that is we sell at a lower price.

If you buy something at Highland and then see it elsewhere for less-we'll give you back the difference. That's a lifetime guarantee. (Details in store.) And if you ever see a competitor advertise a price below ours, we'll give you a price that's lower still.

## The best price. And honest advice.

It's a combination you won't find anywhere else but Highland. Our prices are pushy. Our people are not. Come see. Come save.

Highland

## **Board could see** regional control

By TIM RICHARD

It's up to House Speaker Lew Dodak whether the Detroit-controlled water board becomes a regional

fairs Committee. It's chaired by Rep.

Dodak, D-Birch Run, will decide this week which committee gets the Senate-passed regionalization bill. "If it gets into this committee, it's dead on arrival," said Oakland County Drain Commissioner George (1967-70) from the lakes area of Kuhn, his index finger stabbing the roster of the Housing and Urban Af-

Nelson Saunders, D-Detroit, and has 40 percent Detroit members. "If it goes here . . . " Kuhn pointed to the Towns and Counties Commitprocedure to pay off Detroit for any of tee chaired by Rep. Roland Niederits general fund money that might be stadt, D-Saginaw, that contains no in the system. big-city members. Tve talked to

Niederstadt. All I want is to get the bill to the floor where it can be voted on." The Senate last Thursday gave 21-16 approval to SB 936, put on a fast track by sponsor David Honigman, R-West Bloomsleld, after one of the most bitter Detroit-suburban

floor debates in years. For 16 years suburban lawmakers had been shot down in efforts to establish a multi-county authority to take over the wholesaling of water and sewerage services from the city of Detroit. Kuhn, drain commissioner since 1973, was one of the local

Honigman, a freshman senator, moved the bill through the upper

Voting yes were 12 Republicans and nine Democrats, including Honigman and both of Northville's state senators, Robert Geake, R-Northville, and Jack Faxon, D-Farmington Hills.

Voting no were eight Republicans and eight Democrats, including Detroit's five senators and many outstate Republicans. Missing the vote was Lana Pollack, D-Ann Arbor. As a former state senator

western Oakland County, Kuhn was able to sit on the Senate floor with Kuhn said Honigman's bill differed from earlier efforts in setting up a

The system has been built largely with federal aid and from revenues, according to court documents. anteed," Kuhn said.

"You lay \$3 billion on the table, and maybe we might want to talk, said Democrat Michael O'Brien. "Start your own (system). That way you won't have to put up with us."

"We start the business. We built control, you want to take control. the business. Now the customers Then you wonder why there's trouble want to take the business over," said in urban areas." Democrat Virgil Smith. "We don't want to sell. They want to steal the said Democrat Jackie Vaughn III in a water system. Believe me, we'll go to veiled reference to Honigman's concourt. We'll fight this all the way. gressional ambitions.

## Northville Public Schools Millage Proposition Information

#### Millage, Board Election, School of Choice - June 8th Election **Q**uestions and Answers

1. What are the millage questions on the June 8th ballot?

Two proposals will be placed on the ballot. 22.63 mill renewal.

 1.4 mill increase Each proposal will be requested for one year only.

2. Why is the millage (renewal and new) only for a one-year

The Northville Board of Education is desirous of moving toward multi-year proposals as soon as state school financing stabilizes. Our state government in Lansing is unable to decide on a comprehensive school financing package. The November election may result in significant changes in the way schools are now funded. Furthermore, the current property tax freeze expires in 1993. For these three reasons, we cannot predict

3. Why is the renewal of 22.63 not generating enough revenue

to maintain existing programs? Over the past several years, the State has shifted its FICA responsibility to local districts. Both in-formula and out-of-formula (NPS) districts have had to assume these FICA payments for their employees. Historically, the State has paid 100% of the employers share of this expense. Now, the State is requiring local school districts to pay a percentage of this

 Additionally, the property tax freeze of 1992 severely reduced the expected revenue generated by 22.63 mills. We anticipate an additional 125 students will attend the Northville Public Schools in the 1992/93 school year. At an approximate cost of 56,000 to educate one student per year, an increase of 1750,000 (a 1 mill equivalent) is needed to meet this enrollment increase. Costs include teachers, textbooks, furniture, supplies, etc.

 Other increased costs include health insurance, utilities, contracts, supplies, and textbooks. Since 1985, textbook costs alone have risen 12% per year.

4. Back in September, 1990, a 1.28 mill increase was approved for one year. Why is it included in the 22.63 renewal?

Renewal of existing millage includes all current mills being levied. The State's refusal to pay FICA and the transfer of that

responsibility to local school districts will cost the Northville Public Schools at least \$1,153,000 for the 1992/93 school year. Approximately 1.5 mills will be needed to meet this budget expenditure alone.

5. What was the community response to the Board of Education regarding the April 28th millage defeat, and what suggestions were offered for restructuring the question(s) for

The NPS Board of Education received 270 written responses and 145 phone calls on the evening of May 7th. Most responses cited the following:

• By combining the renewal request with the additional millage request, no choice was allowed. • Communication was inadequate in explaining what the Because of recent difficult economic times, cuts must be

made, particularly in the areas of transportation, athletics. and co-curricular activities. Citizens input to the Board of Education regarding renewal, additional millage, and programs cuts for 1992/93 is described in the center section.

6. What process was used to determine program reductions and/or cuts for 1992/93?

The Board of Education received considerable community feedback regarding its priorities for program reduction and/or cuts. The Board established the following parameters Maintain the integrity of the instructional program as much as possible

 Reduce rather than eliminate programs and/or support services wherever possible. Transportation, athletic, co-curricular programs, custodial/maintenance, and other non-teaching positions

7. Without the 1.4 additional mils, what athletic and co-curricular activities will be cut?

should be the areas of greatest reduction.

• Athletics: All LIV-OAK League Athletic competitions and schedules for middle school in 1992/93 would be eliminated.

All ninth grade and JV sports would also be eliminated. Only Varsity Sports (boys and girls) would be offered for students in 1992/93 at N.H.S.

Co-curricular: Music and Band performances, play productions, Forensics, class sponsors, National Honor Society, Pep Club, pom-pom, Science Olympiad, Debate and other after-school activities would be eliminated at N.H.S. for 1992/93. Forensics, music performances, Yearbook, Intramurals, Newspaper, Science Olympiad, and other after school activities would be eliminated at both middle

8. How was the additional 1.4 mill request decided and what programs would be restored with a successful passage?

After receiving community input, the Board met in a lengthy teachers to the classroom and allows for the hiring of 4 to 5 additional teachers to accommodate increase student enrollment, thereby keeping class sizes at reasonable levels. Athletics and co-curricular programs would be fully restored, continuing a comprehensive educational program for

9. How many Board of Education positions are being voted

Two seats are open for election. Incumbents Mr. Donald Klokkenga and Mrs. Carol Rahimi are running for second terms. Two new candidates will also be on the ballot: Mrs. Patricia Custer and Mr. Glen Meisel. Please read the upcoming "Special Millage Election Issue" of School News and the Northville Record for candidate information.

10. Should NPS implement the State's 'Schools of Choice' program within the district?

A state required Citizens' Study Committee, comprised of at least two thirds parents, recommended the electorate vote "NO". The "NO" vote supports the Board's decision to exempt NPS from implementing another State mandate that is not supported with State funding. From 1979 to the present, NPS has provided students 'Cholce' under the Open Enrollment

School Programs and Support:

With the renewal only, pupil/classroom teacher ratios will increase across all three levels to 31:1 average ratio with some classes running up to 35 students. Course selection option will be reduced K-12. All athletic and co-curricular activities, including marching band, Science Olympiad, yearbook, and academic/athletic completions at both middle schools will be eliminated. Co-curricular activities at the High School, including the spring musical, marching band, evening musical performances, plays, forensics, debate, newspaper, Honor Society, pom poms, class sponsorships and Pep Club will be eliminated. All but varsity level sports will be eliminated. Our highly valued Student Substance Abuse Program will also

With the additional 1.4 mills, 4-5 new teachers will be hired to accommodate 125 new students. All laid-off teachers will be recalled. Athletic and co-curricular programs will be restored, as will the Substance Abuse Program. Reaardless of passage of the two millage requests, Science/Math, Technology and Gifted Resource Teachers will be reduced to half-time. Positions like library assistants, teacher oldes, NHS half monitors and other personnel will be reduced or eliminated. Statt

development needed for retraining teachers will be drastically cut.

Currently, the Northville Public Schools employs twenty-five bus drivers who provide bus

service for students living outside a .5 mile radius of their schools. With the renewal only, the transportation department will be reduced from 25 drivers to 13 and will increase the .5 mile radius to 1.5 miles for all students, grades K-12. If the additional 1.4 passes, some of these services will be reinstated.

**Technology:**In 1989, the electorate supported a bond election resulting in a capital investment of over 13.000.000 in computer hardware/voice, video, data telecommunications, and an array of other instructional equipment (overhead projectors, tape recorders, monitors, etc.) This budget cut for '92-'93 means preventive maintenance/repairs will be significantly reduced. Software needed for integrating technology into everyday lesson plans across the curriculum will not be purchased.

Even with the renewal and additional millage passing, the existing 41.25 custodial staff will be cut by 11 positions. This reduction in work force will have a significant impact on the established cleaning procedures in each building. Rooms now will be cleaned every other night rather than dally. In some cases, cleaning will only occur every three days. Two maintenance positions will be eliminated. The impact of this cut will be in at the grea of mowing, plowing, delivery and general repair/maintenance. Delayed maintenance will result in higher future costs.

Central Support:
Renewal only millage will eliminate the highly

regarded Business/Education Partnerships. Through this program students have gained a better understanding of how learning in the classroom relates to the world of work. Drastic reductions in staff training will occur at a time when the nation is demending more of its school system. The Strategic Plan directive to re-organize the high school day to increase course selection options for students, reduced pupil/teacher ratios and provide collaborative planning study time for staff is delayed for '92-'93.

## **Community Education**

Registration for summer programming through the Community Education Department of Novi Schools is now under way. Registrations for individual classes will be accepted until the class is full.

Registrations will be taken at the Educational Services Building on Taft Road from 9 a.m.-7 p.m. Thursday, June 4, and from 9 a.m.-4 p.m.

To register by mail, send a registration form — with check, money order or credit card authorization attached - to Novi Community Education, 25345 Taft Road, Novi, MI 48374. To register by phone with Visa or MasterCard, call 344-8330. Ext. 73. Those who register by June 5 can receive an "early bird" discount

Requests for refunds should be made five days before the class. A \$5 service fee will be charged. Full refunds will be given if a class is full before your registration is received.

Summer swimming: A special registration will be held Thursday. June 11 at Novi Middle School for summer swim lessons. Registrations for lessons will not be taken before this date. After June 11, registations will be accepted at the Community Education office during regular office hours. On June 11, please register according to the following schedule: last names beginning with I-P, 6 p.m.; last names beginning with A-H, 6:45 p.m.; last names beginning with Q-Z, 7:30 p.m.

Swim level evaluations will help residents to select the proper level of class. Evaluations will be held during an open swim June 9. Swimming lessons will begin June 15. Later sessions will begin July 13 and July 27. A variety of levels of classes is available, from AquaBaby (6 months-2 years) and AquaTot (2-4 years) to advanced classes. Private individual swim lessons will be available for adults. Daytime classes, at 10 a.m. and 1 p.m. are available. Evening classes, at 6 and 8 p.m. are also available. Class fees range from \$24 to \$44 depending on the skill

For Sale by Owner: This step-by-step workshop will show you how to sell your home and avoid the 13 most commonly made mistakes. You can learn to write ads that attract buyers, determine a price and negotiate a sale from start to finish. Fee includes an 81-page workbook with sample documents. The class meets in Room 106 of Novi High School and will run two weeks. Class begins at 7 p.m. Tuesday, June 16. The fee is \$32 per person or \$47 per couple (or \$23 per person and \$34 per couple for senior citizens.)

Piano lessons: This class is designed for the young child with very little or no experience playing the piano. A keyboard or piano to practice

on at home will be helpful. Classes are 30 minutes long and held between 10 a.m. and 2:45 p.m. on Tuesdays and Wednesdays. Individual class times can only be given in person or by phone. Do not mail a registration form until you have called first. Class times will change to afternoon and evening hours Sept. l and 2. Students ages 7 and up will be in the Parkview Music Room and run for six weeks. Session one begins June 16 and runs through July 22. Session two begins July 28 and will run until September 2. The fee is

Successful Investing in the '90s: This seminar will present strategies to help you achieve your financial objectives and manage your money in the most efficient manner possible. The speaker, Paul J. McIntyre, has a degree in business education and 16 years experience in the financial industry. The class will start at 7 p.m. Wednesday, June 17, in Room 107 of Novi High School. The class fee will be \$7.

## As We See It

## All candidates would make fine trustees

Education

Abrams has other strengths. She

has experience, serving on the school

board as the result of an appointment in

1988. She also works for the Novi Com-

munity School District as a noon aide at

Village Oaks Elementary. She has served

on a district Excellence in Education

Task Force, a committee reviewing dis-

ities Task Force Committee, and evalua-

tion and parenting committees at Novi

Meadows. She has worked on art prog-

rams and as a tutor in kindergarten

board since 1988. She has a bachelor's

degree in English and speech, and mas-

ter's degrees in technical theater and

communications. She is a professor in

the communications department at

Oakland Community College on the Or-

had to do with her handling of com-

plaints about grading handed out by the

former Novi High School band director.

Yet as things turned out, it appears she

may have had information which played

into her dealings with the director which

proven her self to be a good school board

member, knowledgeable about the

issues and level-headed. If anything, we

would suggest she should become more

of a leader on the school board in the

fine board members. The incumbents

are doing good work. But if voters are for

switch, they can rest assured there is a

viable alternative in the challenger.

In the final analysis, she has

chard Ridge Campus.

trict boundaries and enrollment, a Facil-

Novi voters will face a pleasant dilemma when they go to the polls Monday, June 8, to cast their ballots school board trustees — they must choose two from a field of three well-qualified

On the ballot, vying for two seats up for election this year, will be incumbents RAYMOND BYÉRS, SANDRA THORN-TON and challenger JULIE ABRAMS. We believe strongly all would make excellent board members.

Now, we've certainly had our criticisms of the two incumbents over time. but none of our concerns are so strong that they warrant replacing them on the board. At the same time, the challenger is an experienced and involved member of the school district and offers Novi voters strengths where the incumbents have weaknesses.

Take Byers for an example. Byers has served on the school board since August 1985, and there is no doubt he knows the issues involved in running Novi schools. His financial and budgetary acumen is impressive. He understands state finance particularly well.

It should also be noted that Byers has a business background. He has integral to the formation of the Ford Academy of Manufacturing Sciences (FAMS) program in Novi schools. If anything, schools in general need to work more closely with business to prepare students to take their places in the workforce. So it is of note that he is a member of the Business Education Alliance Committee of the Greater Detroit Chamber of Commerce and the Business and Education Council of the Conference Board of the University of Nevada-Reno School the general public was not aware of. of Journalism. He has been a guest speaker at education forums on the local, state and national level and a guest lecturer at Northwestern University and

the University of Missouri. Our criticisms of Byers have been his occasional reluctance to take input from district residents. This is where Abrams would seem to have more strength. Not only does she rate herself as "approachable," she wants to make any reason feeling a need to make a the district and school board more inviting for residents who want to come in

board members. Rahimi especially shows a great depth of knowledge on the issues facing the district, both locally and statewide. Klokkenga's particular strength is a willingness to take stands and speak his mind.

tion is for a resounding NO. Rahimi and Klokkenga have helped chart the district on a proper course, and we do not believe the failed millage prop-Legislature's effort to improve Michigan schools through competition. If parents osal points up any serious rift between can send their kids to any school in a disthe sitting board and the community at trict, goes the thinking, each school will have more incentive to provide quality

Millage renewal and increase We strongly recommend two YES votes on the property-tax proposals on Monday's ballot in the Northville School

efits accrue from open enrollment. The Voters loudly expressed their displeasure with the previous request combinstate plan, though, would add a requireing a millage renewal with a 2.78-mill inment that the local districts provide crease — in the election booth and aftertransportation to whichever school a wards, in an assortment of ways. The student wants to attend, while Northville proposal now before us takes the mesrequires that of parents who elect not to sage into account, and deserves use the closest school.

This time, voters have the choice to retransport students to any school. But new last year's tax rate; increase the levy when only a handful of children use the by 1.4 mill; or turn both down, although option — as is the case locally — setting we can't picture that happening. With up the transportation system creates a only the renewal, the schools next year significant new expense with little real won't function as we've known them for benefit.

# Big story hidden in census

ing accompanied the Census Bureau's recent release of the Michigan figur<del>e</del>s. The rich are getting richer

while the poor are getting poorer. Median income in Oakland County, for example, rose a bit over the past decade, while inflation-adjusted incomes for Michigan residents overall fell nearly 4 percent. Bloomfield Hills families gained 30 percent; Detroit families lost 20 percent.

**Power** The big cause was the restructuring of Michigan's economy away from good-paying jobs in heavy manufacturing. We lost nearly 10 percent of all manufacturing jobs over the last 10 years (Detroit lost 30 percent). Worse, the service jobs that replaced them neither paid as well nor had good benefits.

Poverty in Michigan is increasingly concentrated in households headed by females with children. Nearly half of such families with minor children are below the poverty level - two-thirds if children are under 5.

Enter at this point, of course, Vice President Quayle and Murphy Brown and the persistent political quacking about "traditional family values." The main political move today seems to bemoan at

length the decline of the traditional two-parent family. Fair enough. But have you noticed that most of those quickest to point the finger of blame never propose much beyond benign and noisy neglect to help out? (This discussion forcefully reminds me of the comment

made to folks who are so anxious to outlaw abortion in order to protect the unborn child: You guys are evidently more interested in the fetus before birth than in the kind of life the child will lead after it's out of of the womb.)

The big story about the census data — and one which the big city media of course missed — is the growth and prosperity of the suburbs regardless of the race or ethnicty of suburbanites.

Nationally, nearly half of Americans now live in suburbs. In Michigan, the communities showing population and income gains were nearly all suburban: Oakland County, Western Wayne County, Livingston County and communities around Lansing. Many of these communities are still largely white; in-

deed, the suburbs around Detroit are still among the nation's least integrated. But change is coming. After all, an interest in finding a

good place to raise kids, attend decent schools and live in quiet, safe neighborhoods is not confined to caucasians. Minorities of all kinds — blacks, Asians, Chaldeans — are making the move to the suburbs quietly and without big media notice.

It was not always thus. Twenty years ago, some suburban newspapers were running alarmist stories about neighbors protesting when black families moved in.

I remember a long meeting with my staff to talk over what to do. We decided that the race of those moving to the suburbs was irrelevant to the news. Most media now fol-And, today, suburbs like Southfield are actively mark-

eting their ethnic diversity. The population of Southfield's schools - more than half black, 10 percent Chaldean, two percent Asian and the rest white - is featured in promotional brochures and videos designed to attract families and teachers of varied racial backgrounds. It's a big story hidden in the census numbers: from alar-

mist news stories to promotional videos. It shouldn't be overlooked amid all the hand wringing. Phil Power is chairman of the company that owns this

## Moments

#### By Bryan Mitchell

'Dancing the night away'

## Good fathers are important

Richard

From the boat launch, I looked into the shallows and spotted him.— less than seven inches long, hovering over a saucer-shaped depression. Earlier in spring, the bull bluegill had scooped out the nest, herded in a female, then fertilized the eggs she laid.

The bull bluegill, with his iridescent gill covers and vellow bowtie, will guard the eggs until they hatch. Let a minnow, beetle or another fish venture too near, and the bull 'gill attacks, his sharp dorsal fin flashing.

When a slovenly carp or idiot speedboater stirs up the bottom, the bull 'gill fans away the silt with his pectoral fins. The 'gill is vulnerable to anglers when he's on guard because, hungry or not, he will take a whack at anything that comes near the nest. Other fish, like muskle and salmon, scatter their eggs and spawn, then depart. Not the bluegill, who has an excellent reproduction rate and is one of Michigan's most

widespread and successful species. The bull bluegill, though cold-blooded and pea-brained, is a better father than many human males. The importance of Father's Day isn't toki in syrupy verses of Hallmark cards. It's found in the sociological statistics. Bad things happen to kids born into a household with no father.

■ Their infant mortality rate is double their counterparts says the state Department of Social Services. ■ They are three times more likely to be classified EMI

(educable mentally impaired).

They are more likely to be raised in poverty. Women and their children account for 70 percent of Michigan's

poor, largely because of the poverty of single parents... 55 percent of female-headed families with children were in poverty," said the Michigan Women's Commission. ■ Welfare is needed by 73 percent of teen mothers within four years, it being understood that 70 percent of births to teens are out of wedlock. Says the National Urban League: "That act alone is a passport to poverty."

■ There are no hard statistics, but DSS says kids in single-parent families do poorly in school. ■ Three years ago, I wrote about monitoring child disaster stories - small children who get shot, drowned, left in dumpsters and so on. Only about one story a year involves children with two parents. Watch them on TV yourself. You'll see grieving mothers, aunts, sisters, grandmothers rarely an adult male.

The worst result of a kid not having a father, however, is prison. Some years ago, the Michigan Department of Corrections released some horrifying figures to the effect that a disproportionate number of prison inmates was from fatherless families. As I recall, a kid from a fatherless home had three or four times as much chance of going to prison as a kid from a two-family home. This is not to say that all kids from two-parent homes will do well. Witness Leslie Williams, the confessed serial killer and rapist.

Nor is it to say that every kid from a single-parent home is doomed to hell. Witness statesman Willy Brandt, Leonardo da Vinci, Lawrence of Arabia and conquistador Francisco Pizarro. It's a matter of odds. It's possible for a colt carrying 145 pounds to win the Derby against a field carrying 120, but that isn't the way you want to bet. Dads won't eliminate rioters, but they will better the odds their kids won't grow up to riot. Good fathers are important in raising kids and keeping them out of prison. Even a fish knows that.

Tim Richard reports regularly on the local implications of state and regional news.

Matt Quinn Monday night was the art of chair-

manship at its best. His quick thinking and

Chairing a govern- been altered. It enabled the council to vote on

Communications watch: Another example of the Novi city administration's communications problem cropped up last week. Novi resident Judy Quinn (no relation to the mayor) had to write a letter to the state Department of Natural Resources last week to request a public hearing on a permit applied for by the city government in order to find out what the city has in mind for fixing a drainage problem on her own property

Quinn - who lives along the Munro Creek, downstream from the proposed new retention pond that is causing so much concern for Cedar Springs Subdivision residents — has had a growing drainage problem for the past three years. It's gotten so bad that in the last two years, her lot has suffered four 100-year rain evel floods. You'll notice the math doesn't work

Well Quinn, who has asked for city help in dealing with the problem, apparently is going to get it. Novi's Department of Public Works applied for a permit to work on the creek back in April, and when the paperwork was lost by the DNR, the city resubmitted its application in

Yet Quinn has not seen the plans for what the city intends to do on her land. And last week, she wrote to the DNR asking for a public hearing just so she could get a look at what the city intends to do.

Maybe this isn't "proper," but the only conclusion I can draw is that the communications

## Drive American in Memorial parade

The Novi Memorial Day Parade was beautifully done and a good example of what this community

represents. However, I was ashamed and insulted at the insensitivity and disrespect Mayor Matthew C. Quinn and Councilman Joseph G. Toth displayed at the parade. Mr. Quinn and Mr. Toth were both driving foreign trucks. Both Geo (Suzuki) Trackers were appointed with American flags flying on each side.

I felt proud of the applause that the resident line along Novi Road gave as our veterans (including World War II) passed by. Then I noticed that following only 100 yards behind our veterans were two Novi city officials in Japanese vehicles sporting American flags.

I hope next year Mr. Quinn and icle to drive in the Memorial Day

## A new development in healthcare is just minutes away.

Introducing the new Providence Medical Center - Providence Park in Novi Opening in June 1992

#### Minutes away. Light years ahead.

Providence Medical Center - Providence Park, located at Grand River Avenue and Beck Road in Novi, represents the first phase of Providence's medical campus of the future. We offer the most comprehensive medical services in the area. Scheduled to open in June 1992, the Ambulatory Center will house:

- A 24-hour emergency center equipped to handle minor injuries to major heart attacks
- A fully equipped surgery center designed to handle outpatient (same-day) surgeries ranging from arthroscopies and hernia repairs to plastic surgery and gynecological procedures
- A post-surgical recovery care unit, for care less than 24 hours
- Complete clinical laboratory and diagnostic radiology services
- Mammography and diagnostic ultrasound
- CT-scan and nuclear imaging support services
- Cardiopulmonary and audiovestibular testing services
- Diagnostic endoscopy center
- Physical medicine and rehabilitation services
- Pharmacy care center
- Community health education resource and conference facility
- Restaurant

Adjoining the Ambulatory Center is the Medical Office Building of more than 90,000 square feet. Providence physicians specializing in the following areas will have offices in this building:

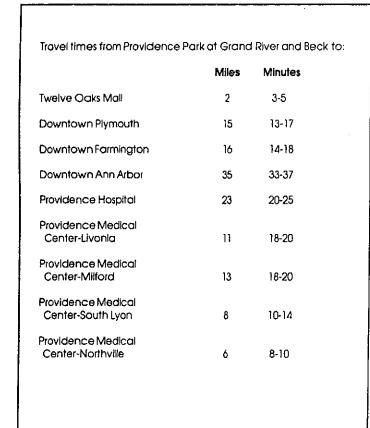

- Family practice
- Obstetrics/gynecology
- Pediatrics
- Cardiology
- General surgery Ophthalmology
- Otolaryngology (ear, nose and throat)
- Many other medical and surgical subspecialties

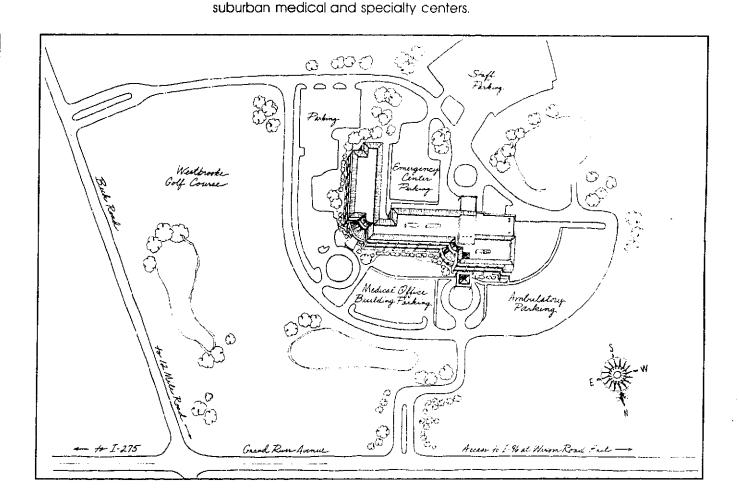

Additional medical office space will open in December 1992. Future phases we envision for Providence Park include expanded comprehensive outpatient services with the eventual goal of building an inpatient hospital and residential facilities for the elderly. In the years to come, Providence will continue its commitment to provide quality, accessible healthcare for area residents.

#### A convenient location. A beautiful setting.

Providence Medical Center - Providence Park is conveniently located in a beautiful park-like setting just two miles west of Twelve Oaks Mall. It is right off I-96 at the Beck Road exit at the corner of Grand River Avenue.

Providence Hospital and Medical Centers: a network of caring. Providence Medical Center - Providence Park is part of a complete healthcare network created to meet your needs. This network of caring includes Providence Hospital in Southfield and numerous

# Walk this way

Challenged Northville resident Ron Bachman's life to be filmed

By STEVE KELLMAN Staff Writer

on Bachman's story is an uplifting one, so much so that he wants to share it with the world.

The 34-year-old Northville resident, who had both legs amputated at the age of 4 as the result of congenital deformities, is turning the tale of how he conquered those obstacles into a movie and a book.

The working title for both projects is Walk This Way, a subtle reference to Bachman's friendships with rock stars like Aerosmith's Steven Tyler.

But the title also refers to Bachman's view that his condition is less a handicap than a challenge.

Bachman has answered many challenges throughout his life, working as a telemarketer, booking agent for local music clubs, and researcher at the Detroit radio station WRIF. But he said his greatest accomplishment is acting as father to his 12-year-old daughter, Alicia. Bachman won cus-

tody of Alicia when she was 5. The handicap issue is one thing, but the single-parent issue is another thing altogether," he said. "We've really been through the ropes, from just

out of diapers to getting ready to be a teenager ... It would have been very easy for me to say, 'No, I can't do that.' But I didn't think that, man. She's my girl."

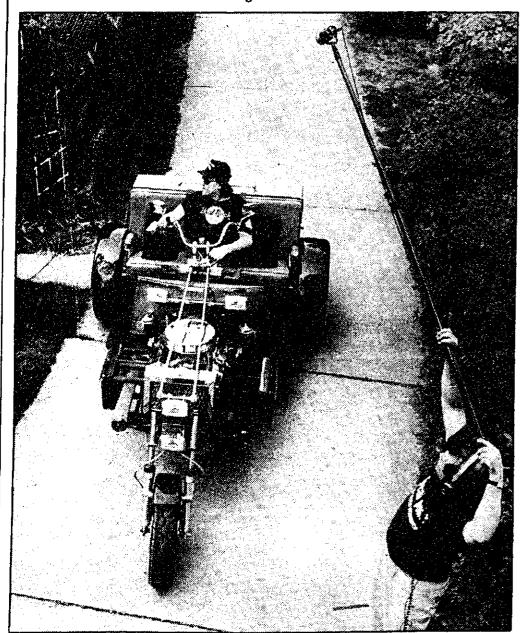

Two years ago Bachman built his own entertainment business, booking acts such as rock bands, company picnics, weddings and children's parties. The Brighton-based firm, Diversified Entertainment Agency. fell victim to the recession, but that hasn't slowed its founder down.

Bachman simply swiched gears and went back to school, graduating from the Specs Howard School of Broadcasting Arts in November with plans to become a disc jockey. It was there that he met Kathy Vander. an instructor who is now coproducing and directing Walk This Way.

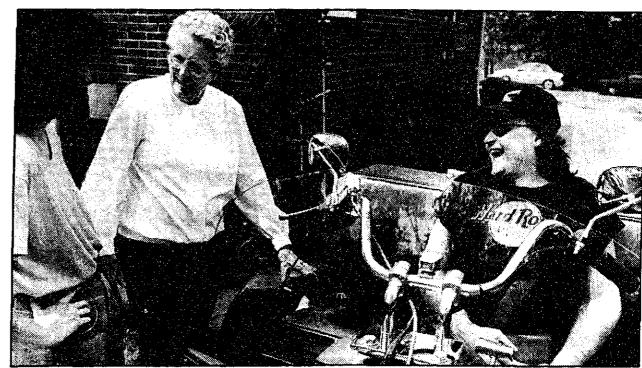

"Kathy was my video and performance instructor," Bachman explained. "She taught me television performance ... everything from on-camera to behind the scenes."

Vander, with 14 years of involvement in video and film production, also accelerated the pace at which Bachman's life story will hit the screen.

Continued on 2

Sound man Paul Locricchio records Bachman arriving at the house of friend and former nurse Mary Fuller.

Above: With an "Oh, my," Mary Fuller, Bachman's former nurse, expresses amazement at Bachman's toy with Vande, left. Bachman's toy is a three-wheeled motorcycle powered by a Corvette engine. Left: Bachman and Fuller kiss when he arrives for the start of filming.

the calendar as there will be some days the center will be closed. Some of these days include July 1 and 2. when they will be spending the night at Addison Oaks, and by day will visit Boblo, a Tiger Game, Four Bears, etc. The center will offer Super Sitters

Training; first aid; CPR; several discussions with Dr. Dave; a career day; tour of the district court; a dance marathon; an all night lock-in from 7 a.m. to 7 a.m. complete with band, karaoke, speakers, games, etc. Many sessions are available for

swimming trips to Red Oaks Wave Pool, horse back riding, canoeing and much more. Call the office at 349-8398 Youth Assistance is also sponsor-

ing a program called Family Fun, a free program for families presented by Wise Mothers Inc. at the Village

## Ingersoll Festival visitors slip into the Pioneer spirit

The weather didn't cooperate, and the turnout wasn't as high as in previous years, but the 1992 Ingersoll Pioneer Festival was deemed a success by organizers and participants

"The turnout wasn't as great as a year and a half ago, for whatever reasons, weather or whatever, but there was a steady flow of people — no gaps where we were waiting for a crowd to come in," said festival organizer Margaret Schmidt.

Schmidt estimated that 700 people attended the festival, which featured a variety of demonstrators giving lessons on lost arts and crafts of the Pioneer era. The all-around favorite aspect of

the festival, Schmidt guessed, was

the hands-on participation that al-

lowed people to try out different

crafts and take their work home with them, at no extra charge. \*People just seemed to enjoy all the different hands-on activities, like the tinpunching -- that was a pretty popular one." Tinpunching involves creating a picture by simply punch-

ing holes in tin. Visitors to the festival experienced a wide range of other pioneer-era activities, too. Among the hands-on demonstrations Saturday were quilting, loom weaving, bread making, stenciling, apple head doll making, wood carving, blacksmithing, sheep shearing, and scherenschnitte — an

old Pennsylvania Dutch craft that in- mals outdoors were also quite popuvolves cutting intricate paper designs lar with festival-goers, and large getting loose. with tiny scissors. There was also a very large bucks- shearing demonstration.

Op-

Big sellers at the General Store were the scherenschnitte pieces, lap dulcimers and — mostly— candles

and pies. Musical entertainment during the festival included performances by the Fifth Michigan Regimental Band, a bluegrass fiddle group called Shades of Blue, a dulcimer singing group called A Joyful Noise, the 4-H Adventurers Jug Band and more. Lois Bettesworth, who leads Shades of Blue, told Schmidt that it was an honor to be a part of the festival, but Schmidt disagreed.

"For us, it's an honor to have her," she said. Bettesworth was one of six performers or demonstrators to receive special recognition for attending all three of Novi's Pioneer Festivals. Others recognized were quilter Brenda Benn; weaver Pam Supervisky; buckskinner Ken Schmidt; spinner Laine Schmidt; and applehead doll maker Helen Lassiter. A special "Paul Revere Award" was given to 4-Her Ryan Kelly because, Schmidt said, he ran up and down the road during the Memorial Day parade offering individual Pioneer Festival invitations to spectators.

"He was our Town Crier," she said. The festival was free, thanks to contributions by local organizations and individuals including the Novi Education Association, Novi Optimist Club, Novi Rotary Club, Novi Jaycees, Novi Newcomers, and Dr. Morris Christlieb.

Schmidt said the festival really could not have taken place without the cooperation of the Novi Parks and Recreation Department crew, which

## Bachman walks into new world of film production

Continued from 1

"What I'd wanted to do was a book," Bachman explained. "I didn't have any plans on a movie this soon; I thought that the book would lead into a movie." Even so, Bachman is excited to tell

his story to the world. "It's a motivating, inspiring story, to hopefully pump up not Just handicapped kids or people, but everybody," he said

Vander recalled how her star pupil inspired his classmates at Specs Howard, "Ron, because of his personality and how determined he was to do this, really changed a lot of peoheard so many people say, 'I didn't Vander fully expects Bachman's come a grass-roots project involving its premiere.

Thirteen Novi girls earned the pre stigious silver award for Cadette girl scouts this year. The award is the Girl Scout organization's second-highest, and the highest a Cadette is eligible to

Local girls honored include Gina Barduca, Michelle Barduca, Melissa Halvorsen, Rebecca Kohl, Barbara Lambert, Beth Langham, Mary Loussacrt, Shella O'Sulltvan, Emily Parker, Amy Shenkle, Melissa Shubert, Adriane Utz and Erin

Cadette girl scouts are in seventh and eighth grade. The highest award is the gold award, which Senior scouts work toward.

"It's very time-consuming," explained Girl Scout representative Kathy Langham, whose daughter Beth was among the local award

"It's a major award that requires a wide range of experiences and commitment to bettering (their own) life and the lives of others."

Requirements for the award include earning three project patches: a "From Dreams to Reality" patch (career exploration); a leadership pin: and completion of a Cadette Girl Scout "Challenge." It also requires a special project involving about 30 to 40 hours of work for the award itself. The Girl Scout Challenge local Cadettes worked on included lessons on knowing themselves better, relating to others, developing values. commitment to community, and knowing about Girl Scouting.

Different local girls completed different projects for the Silver award. For example, some girls planned neighborhood "pre-camp" programs for Brownies, where young girls learned camping skills before actually going to camp.

Langham said her daughter and another cadette. Emily Parker, were among the girls who chose to execute such a program for Brownies.

They taught camping skills to 103 Brownies," Langham said. "The thing itself was 12 hours and they also had to do all the preparation work," she said. "It was really a fairly ambitious project for 13-year-olds."

Langham said she was at the program as a chaperone, but didn't do any of the work. They did all the planning and we basically sat back and watched," she said. And how did it turn out?

Rebecca Kohl, Melissa Halvorsen, Mary Lous-

and Kathleen McCarthy of Novi.

LISA McCARTHY of Novi was among the Alma College students graduated with honors at the college's 1992 Commencement on April 18. An exercise/health science and business administration major who received a bachelor's degree, she was graduated cum laude, an achievement which requires a 3.4 cumulative grade point average and a 3.2 in courses outside the division of major. McCarthy, a 1988 graduate of Novi High School, is the daughter of James

MICHELLE L. BERRY, SUSAN C. CUMMINGS, KATHRYN D. KELLER, BAR-BARA KOWAL, MARILYN A. KOWALKOWSKI, ROBERT A. PHILLIPS. JANETTE M. RANUCCI, ROXANNE M. SHELENBERGER and JEANINE L. WEBER were named to the Dean's List at Madonna University in recognition for their superior academic achievement during the past term at Madonna University in Livonia.

ROBERT A, PHILLIPS of Novi, father of two, will graduate with high honors with a bachelor's degree in marketing. The previous owner of his advertising firm, Phillips currently works for Phillips Service Industires in Livonia. He and his wife are active in Detroit's Coalition on Temporary Shelters (COTS) and are members of Holy Family Catholic Church in Novi. After graduation he plans on continuing his studies and is considering teaching in the field of

BART E. MESER of Novi is among 559 Michigan State University graduates to earn a perfect 4.0 grade point average for the winter term 1992.

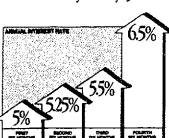

MICHAEL E. HEINONEN and CARL J. WAACK of Novi are among Lawrence Tech students to be named to the Dean's List for the winter term.

COLLEEN J. MOLLOY of Novi is among Western Michigan University students named to the Dean's List.

## RIGHT NOW, OUR RISING RATE CD AND FIRSTRATE FUND WILL BE MOVING EVEN FASTER.

While there's sure to be a lot of excitement at First of America Free Prix Day, Friday, June 5, at the ITT Automotive Detroit Grand Prix,

we're expecting even more in local First of America and Security Bancorp branches. That's because of the FirstRate Fund" and Rising Rate CD." Both are two shrewd ways to invest, no matter what your economic outlook.

Sign up by July 31 and get these

Now if you think interest rates are going to drop or remain flat, get a Rising

Rate CD with rates guaranteed to rise every six months over the next two years. With a minimum deposit of \$1,000, your money will start at a bonus rate of 5 percent per annum and end up earning an attractive 6½ percent for the final term.

SECURITA

On the other hand if you think the economy is going to make a speedier recovery, the First Rate Fund is the right place to put your money. It gives you a great interest rate coupled with liquidity. You'll need to maintain a new minimum deposit of \$10,000\* to earn a bonus rate of 5¾ percent per annum on your

money through July 31. After that, the rate is based on the 91-Day Treasury Bill, so if rates go up quickly you'll benefit. FirstRate Fund Rate

Call or stop in to learn more. Sign up now and get this bonus And then plan to join us on Belle Isle per annum rate through July 31.

for First of America Free Prix Day as we invite the entire Detroit community out for a peek at the prix. You'll find plenty to get revved up about at First of America and Security Bancorp Banks

FIRST OF AMERICA. ONE OF THE MIDWEST'S BIGGEST BANKS, BUT ONLY WHEN YOU WANT US TO BESU Security Bancorp is an affiliate of First of America Bank Corporation. # Travel

**NEWS** 

By WILLIAM T. TOMICKI New York Times Travel Syndicate

G: Can you recommend the ultimate whale-watching

A: According to ecologist Jacques Cousteau, the best pice to observe whales is Canada's spectacular St. Lawrence and Saguenay River estuary. In these waters are minke, beluga, humpback, sin and blue whales. It is one of the only places to view a snow-white beluga whale outside of the Arctic.

From May 1 to Oct. 31, Air Canada and St. Lawrence Cruise Lines offer several calm-water cruises of these eastern Canadian waterways. One is "Odyssey to the World of Whales." Another is the "Upper St. Lawrence Excursion."

Passengers sail on replica turnof-the-century steamships. The itinerarles may be combined with pre- and post-cruise excursions to Montreal to visit restaurants and sample the local culture. The costs range from \$562 to \$689 per person for a three-night and four-day trip or from \$1,512 to \$2,133 for a seven-night and

eight-day trip.

For further information contact St. Lawrence Cruise Lines at (613) 549-8091. Information is also available from your local

Q: Are any organized bicy ele trips going through the wine country in Portugal this

A: There is a tour called "Val levs and Vineyards," which goes through northern Portugal's historic Minho Province, including its vineyards and local outdoor

Nights will be spent in manorhouse notels, many of them centuries old. The trips - leaving July 16, Aug. 6 and Aug. 22 - begin and end in Oporto, a port city known for its port wine houses. Tour

miles each day. For further information contac Cycling Through the Centuries at (800) 245-4226. Information is also available from your local travel agent.

**Q**: Are there any outdoor festivals coming up in Minneapolis?

members will cycle about 23

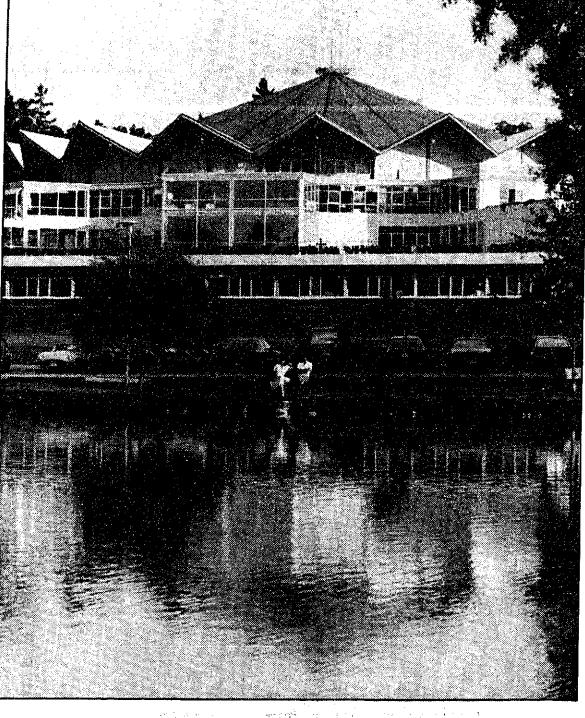

A: The City of Lakes will hold its 53rd annual Minneapolis Aquatennial July 17-26. The opening event is a giant block party with local bands and nearly 40 restaurants catering to people downtown along Hennepin

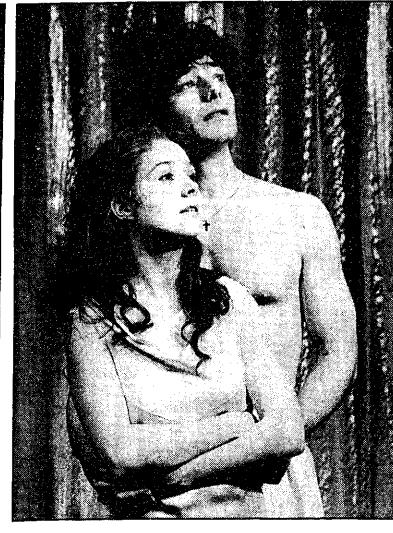

At a weekend powerboat race, professional drivers will reach speeds up to 120 mph. There will be a glittering nighttime torchlight parade and a daytime parade with floats, celebrities and marching bands.

Among the other special events are sand-castle and sandsculpture contests, the Milk Carton Boat Races and the Aquatennial Gelatin Slide where fun lovers can plunge into a

1,000-gallon vat of red gelatin. For further information contact the Minneapolis Aquatennial Association at (612) 377-4621. Information is also available from your local travel agent.

Readers are invited to submit questions to William Tomicki, P.O. Box 5148, Santa Barbara, Calif. 93150. Although he cannot answer each query individually, selected questions will be included in his column. Mr. Tomicki, who logs over 150,000 miles each year, is the publisher of EN-TREE, a noted travel newsletter.

Megan Porter and Antoni Cimolino (above) star as Romeo and Juliet in the Stratford Festival's presentation of the Shakespearean classic at the Festival Theatre (left) on the Avon River.

#### The scenic route to Stratford

To get to Stratford, Ontario, from communities served by HomeTown Newspapers take 696 east to I-94 east toward Port Huron. At Port Huron take the Blue Water Bridge into Samia, Ontario, and onto Highway 402 east to Exit 65 at Strathroy. Follow 81 north 2 miles to Road 19 and take 19 north to the town of Allsa Craig.

From Ailsa Craig, take Highway 7 east into Stratford It's a pleasant shortcut away from the highway and through farmland.

The trip should take approximately three hours. For more detailed or alternate route information, stop at the information/welcome center across the border.

## Enjoying the Stratford experience

## The plays are only part of the fun at Ontario's Shakespeare Festival

The Stratford Festival continues through Nov. 15 in Stratford, Ontario

Productions run in repertory at three theaters, each within a 20-mi-

## Wildcats grab **KVC** baseball championship

What do Jay Leno and the Wildwon't be appearing on the resoon, they did take Novi's first-ever Kensington Valley Conference

A pair of make-up victories over South Lyon and Lakeland propelled the Wildcats to the conference championship by a game over Milford. According to coach Brian Howard, it was truly a team effort that gave Novi the crown

When you get the kids to work together," he said, "it overcomes any minor deficiencies. And we The Wildcats won the KVC with a

record of 16-8. Milford finished a game out and South Lyon games behind for third. Overall, Novi went 21-11 - a school record for victories. Howard said the championship was the per-

cake," he commented. "And the cake was good."

fect topping to a great season. "It was a nice frosting on the was picked up at the top of the fourth inning with Novi ahead 6-4. A great pitching performance

I game, going four innings and al-"He was superb," said Howard. "He had a very good breaking ball

Novi got two runs in the first inning, one in the second and three in the third back in May for the margin

NOVI 4, LAKELAND 0: The

Two Wildcat pitchers combined for the shutout. Dan Sveller originally started the game and went two innings. When play resumed May 27 with Novi ahead 1-0 at the top of the third, Eric Messner went to the mound and completed the

The Eagles managed one hit off o Sveller and Messner. Howard took

Lakeland got its hit, a double up centerfielder over. The ball was hit to the outfielder's other side and he

## Softballers close season with losses to Lakeland

Dan Sveller led a late season surge to the title for Novi.

By SCOTT DANIEL

A pair of losses at Lakeland last week closed the season for the Wildcat softball team.

Novi fell 6-5 in the opener and 13-9 in the nightcap. The losses dropped the 'Cats to a 17-19 overall mark and 11-13 in the Kensington Valley Conference.

While Novi was certainly trying to win the games, coach John Peace said he did experiment with his lineups in preparation for next year. "I played a lot of kids in these games," he commented. "But we had our chances to win." Game one was actually a conti-

nuation of an earlier season contest. The game was resumed in the ahead 3-1.

The 'Cats' lead didn't last long, however. Lakeland tied the game in a slugfest. the bottom of the third with a pair of runs. The Eagles then went ahead in the sixth inning with two more

But Novi staged a comeback of its own in the seventh. Kristen Mathias and Kathie

Schenkeleach singled to lead off the inning. Kelly Barton then tripled in both of them to tie the game at five. The Eagles got the game winner in the bottom of the inning on a pair of walks and a single.

Julie Swinehart pitched well in defeat. The sophomore gave up only bottom of the second with Novi two earned runs and four hits while striking out eight Game two turned out to be a bit of

With the contest tied 6-6 in the top of the fourth, Novi took the lead. Mary Grace Yankowski put the 'Cats up by one with an RBI single in the inning.

The 'Cats relinquished the lead in the bottom of the inning falling behind 10-7. Novi trailed 13-7 going

Laura Jones led that inning off with a single. Katie Shaw then

## Wheeler eyes a different kind of tennis future at Ferris State Uninversity

By SCOTT DANIEL

Only a handful of people can say their passion is their profession. And still fewer can claim that they have realized a dream. With any luck at all, tennis

player Tim Wheeler will be living his dreams in a few years. This fall, the Novi native will enroll in Ferris State University's pro-

ram with an eye on making the racket sport his life's work. "I've always wanted to be a pro sports player, but that's a hard dream to fufill," Wheeler said. "This gives a lot of people a chance to fufill

"I just want to do something I en- and fell in love with it." joy instead of dragging into work every day," he continued. "It's my way

of staying in tennis forever." Wheeler, 17, will graduate from Novi High in a few weeks as a Kensington Valley Conference singles Thrush, Jon Crince and Jon champion. He went undefeated, at No. 4 singles, in the conference as ing on his own. well as posting a 17-2 overall mark.

The championship and sparkling record were a big turnaround at the kitchen table of his home in from his junior season. Wheeler lost the Crosswinds Condominiums. "I more matches than he won for the just love the sport. Everytime I go Wildcats in what was his first var- out, there's a new challenge. The time I relax is when I'm on the According to junior varsity coach

Chris Hayward, who worked extensively with Wheeler throughout his career, determination made the dif-"Tim is so self-motivated," she said. "He made up his mind he wanted to be good. And he has done

Wheeler will continue his playing career as a walk-on at Ferris State. He said he may have trouble making the squad as a freshman, but should make the grade by his sophomore year.

If he does make it, it will be quite Unlike many who compete on

that level, Wheeler hasn't played the game all of his life. In fact, he hadn't played at all until just before fessional tennis management prog- his freshman year at the high

THURSDAY June 4.

Ken Lasky is one of many softball enthusiasts in Novi.

## Softball tourney comes to festival

There will be a new event associated with the Michigan 50's Festival and Novi Parks and Recreation this year, but it won't take place at the Novi Town Center. The 50's Festival location has been extended to include Novi's Power Park, which will be the site of the Men's Class C & Below Slow Pitch Softball Tournament - July 24, 25 and 26 at the softball fields behind the Novi Civic Center.

Novi Parks and Recreation sponsors tournaments all the time, but this one is special. The tournament winner will be awarded a berth to compete in the Men's Class C National Tournament in Battle Creek, Sept. 24-27.

Dave Peterson and I have always talked about having a Michigan '50s Festival Softball Tournament," said families together with the '50s volunteers. Came times, fields and and Novi Parks and Recreation Parks and Recreation, 347-0400.

We got the idea from Farmington, they hold a softball tournament in conjunction with the Farmington Founder's Day Festival every year. The difference is that they gear theirs to Farmington teams, while we have a chance to draw major teams from all over Michigan because we are offering the winner a berth in the national tournament."

The winner of Novi's tournament wins a paid berth to the Men's Class C National Tournament in September. This is extra special since the national tournament is in Michigan this year which will make it easy for teams to travel there.

As coordinators of the tournament, Deanne Adaschik and Dave Peterson are working hard to get ev-Deanne Adaschik, Novi Recreation erything ready. They will be joined by Coordinator. "It seems so natural to a staff of umpires and scorekeepers.

brackets will be finalized as soon as they know how many teams are participating. If 24 teams enter, a team that goes all the way to the championship has the opportunity to compete in eight games during the threeday tournament. It takes a total of nine games to win it all going through the loser's bracket.

"Tournaments offering a national berth help bring in the really good teams with major sponsors. We're also fortunate to have McNish's Sporting Goods to help us sponsor this event," said Dave Peterson, adult softball supervisor.

The tournament format is double elimination (maximum 24 teams). Rosters may have up to 20 players, ASA registered and signed by local league directors. All players must be 18 years of age. Teams can register now at Novi Parks and Recreation.

League rules will apply. Entry fee of \$130 includes umpire fees, scorekeepers and awards.

Awards are sponsor trophies for first, second and third place; bat bags for first place; golf/polo shirts for second place; a bat for the offensive MVP; and a glove for the defensive

"We've had so many requests from ball players that we know this tournament will be a success. The players wanted a sporting event tied in to the festival. This can now be an annual event in conjunction with the Michigan '50s Festival.

We are also offering a Home Run Derby on Saturday, July 25, at 1 p.m. with the proceeds going to Novi Youth Assistance. Our tournament benefits worthwhile organizations, as well as

all players involved," said Peterson. For more information call Deanne bring all these ball players and their—as well as many parks and recreation—first come, first serve until full. ASA—Adachik or Dave Peterson at Novi

## Soccer tryouts on tap this month in Novi

Softball tourney: Amen's Class Candbelow slow pitch softball tournament will be held July 24-26

at Power Park softball fields and will be sponsored by Novi Parks and Recreation and McNish's Sporting Goods. The winner is awarded a berth to compete in the men's Class C national tournament in Battle Creek, Sept. 24-27. The tournament format is double elimination (maximum 24 teams). A total of 20 players, ASA registered, will be allowed. Players must be at least 18 years old. Registration will be held at the Parks and Recreation department on a first-come, first-serve basis. The entry fee is \$130 and includes umpire fees, scorekeepers

A home run derby to benefit Novi Youth As-

sistance will be held July 25. For more info on the tourney or home run derby, call 347-0400.

Lacrosse camps: An instructional camp Novi sports leagues and many others.

## **Rec Briefs**

for high school-age players will be held June 22-26 at Novi High from 9:30-11:30 a.m. Michigan State University head coach Rich Kimball and Northwood Institute head coach Ron Herbert will conduct the camps. Players are expected to bring their own stick, helmet, gloves and arm protection. The camp is non-contact. Cost of the camp is \$65.

Golf Tournament: A scramble tournament for area players will be held June 13-14 at Kensington MetroPark in Milford. All entering golfers must have a USGA handicap. Entries and fees must be received at the Kensington starter's desk by 5 p.m. June 7. The nonrefundable entry fee is \$14 per team. Open players will be required to pay pre-paid greens fees of \$16. Prizes will be awarded to at least the top three teams in each flight.

Senior Spotlight: Novi seniors host a feature-oriented half-hour show on cable Channel 12 Mondays at 6:30 p.m. Topics featured on the show have included health issues, Novi Bike Club: Cyclists who are good with people, organized and who are willing to coordinate the organization for the club are being sought. The club was formed last year to support safe cycling. Primarily a recreational club, they intend to provide rides throughout the season to accommodate all levels and ages of riders. Call Marilyn at 347-0400.

Open Gym: Open gym time is available at Novi Meadows school from 8:30-10 p.m. Mondays and Wednesdays. You must be a Novi school district resident. A \$1 charge per person is asked and you must present identification. For more information call Novi Community Education at 344-8330.

Aerobic Exercise: Designed for men and women, this aerobic exercise program stresses an individual workout at your own pace. The class, sponsored by Novi Community Education, meets at Novi Meadows Gym Monday though Thursday from 7-8 p.m. For more info call 344-8330.

Fitness for the '90s: Aerobic conditioning is combined with progressive resistance using weight machines to reduce body fat and achieve good muscle tone. Meets in the Novi High School weight room. For more information

## Flossing neccessary for healthy mouth

Dr. Kathryn

If you want to keep your natural teeth all your life, you must do your part to keep them healthy. Just using your toothbrush can't prevent dental disease. You should use dental floss daily for maximum

Both brushing and flossing is neccesary to thor-

oughly remove food and plaque (a sticky layer of bacteria constantly forming on your teeth). If left on your teeth, plaque can be the cause of the two most common dental diseases: tooth decay and gum disease, such as gingivitis, peridontitis and pyorthea.

Tooth decay begins when plaque combines with the sugars and starches you eat. This combination produces acids that attack the enamel and cause "cavities." Also, if the plaque isn't removed regularly it can lead to gum disease. which gradually destroys the tissues and bones supporting the teeth. Gum disease can eventually cause teeth to shift, loosen and fall out. Flossing removes plaque and food particles

results. Hoppe, D.D.S.

## **Health tips**

from between the teeth and under the gumline, where your toothbrush can't reach. Because tooth decay and gum disease often start in these areas, it's important to clean them thoroughly.

Flossing is a skill that needs to be learned. It may seem difficult at first, but it becomes easier each time you do it. Your gums may feel sore or bleed the first few times you floss. The bleeding will stop as the plaque buildup is broken down and your gums become more healthy. If bleeding persists more than five or six days consult a

Some helpful flossing instructions are: ■ 1. Break off about 18 inches of floss, and wind most of it around one of your middle

2. Wind the remaining floss around the same finger of the oppisite hand. This finger will "take up" the floss as it becomes soiled.

■ 3. Hold the floss tightly between your thumbs and forefingers with about an inch of floss between them. There should be no slack. Health Centers staff.

Using a gentle sewing motion, guide the floss between your teeth. Never "snap" the floss into the gum.

4. When the floss reaches the gumline, curve it into a C-shape against one tooth. Gently slide it into the space between the gum and the tooth until you feel resistance. Then scrape the side of the tooth moving the floss away from the gum. 5. Repeat this method on the rest of your teeth. Also, remember to floss the back side of your last tooth.

There are many different kinds of dental floss on the market; waxed, unwaxed, ultra-fine and dental tape. Some people find waxed floss or dental tape easier to handle. Dental tape also seems to work well with tightly spaced teeth. Scientists are now studying the possiblity of a fluoride-covered floss.

No matter what kind of floss you use, the important thing is that floss disrupts the plaqueacid-decay process, keeps plaque from harming your gums and helps you keep your teeth

## Small-town revival begins during the 90s

By James M. Woodard Copley News Service

The 1990s may be the decade of revival for small towns across

The appeal of buying a home and settling down in a small town is rapidly growing. Owning a home and raising a family in an environment where the air is clean, the crime rate low, commute-time minimal and neighbors are consistently friendly and helpful creates the kind of lifestyle people are seeking.

Economics also play a role in the increasing exodus from smoginfested metro areas and growth of small towns. A comfortable singlefamily home on a large lot can often be purchased in a small town for the price of a condo in a metropolitan area.

Another factor in the increasing popularity of small towns is the progressive and sometimes creative approach by community leaders to make their towns more attractive and appealing to prospective homeowners and tourists.

An example of this kind of town revitalization project has begun in Fillmore, Calif. - a rural area town about an hour's drive north of Los Angeles. This budding project may become a model for other small towns across the country.

Plans call for Fillmore's downtown area to have a face-lifting operation, from refurbished shops to beautified streets and sidewalks. After shopping, residents and tourists can rest in the expanded and improved Central Park or enjoy a swim in a public pool designed in the spirit of historic swimming holes found in local river canyons. Or they can go "rock climbing" on a large 30-foot simulated rock emulating the nat-ural rock forms found in the

Visitors also may rent paddleboats or rowboats at a small boathouse. Or they may fish in a picturesque lagoon, well-stocked with trout from a local hatchery. Or they can stroll along paths in a colorful interpretive garden.

One new development idea for Fillmore is a "grand rail station" at the site of the abandoned Southern Pacific depot, from which people can ride and enjoy dinner on a nostalgic train trip from Fillmore to nearby towns. The depot also will include a number of restaurants and specialty shops.

These design ideas all have links with the community's historical Continued on 2

# Rockin Gardens

Add a splash of color to desolation row

#### By ALICIA GARRISON

If dry patches and problem spots are making your lawn look more like a trampled baseball field, a rock garden may be the ideal solution for your green thumb

Rock gardens can prevent steep, sloping terrains from washing away with the rain. and are great for those out-of-the-way

areas where the grass dries out. "They're one of the easiest gardens to maintain," said Gerri Von Tersch, night manager of the Leppek Nursery & Garden Center in Brighton. "Between the ground covers, rocks and low-growing plants that

are used, there's no room left for weeds." Whether it's to give a desolate area a splash of color or to keep hard-to-grow turf areas covered with plants, rock gardens can serve many purposes.

#### HOME DESIGNS

## The Franklin blends well with rural setting

By James McAlexander Copley News Service

A bird's-eye view of the contemporary-style Franklin reveals that the home is laid out in a large square, with the garage in an overlapping smaller square at the front. The Franklin blends easily into a rural setting and is designed to take full advantage of a view.

Clerestory windows under a pop-up roof at the central peak add visual interest to the hip roof from the skeet while bathing the home's central interior in soft, natural light. The clerestory windows are further accented inside by exposed beams, which run from each of the four corners to the center.

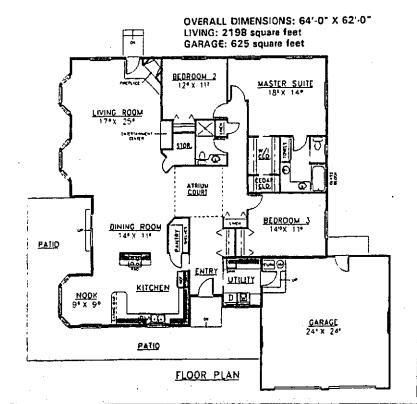

The utility room, located between the garage and the kitchen, is convenient to both. Amenities include a laundry sink and counter space for folding clothes.

The spacious kitchen has an eating bar, a sunny eating nook, generous counter space, a step-in pantry and sliding-door access to a patio. While not fully enclosed, the dining room is separated from the kitchen by a floor-to-ceiling partition, which blocks kitchen messes from view.

The huge family living area could be outfitted as either a family room, a living room or a mixture of the two. The corner fireplace has a tile hearth, and a nearby door provides easy access for firewood. This room also features two bay windows, a recessed home entertainment center and a concealed storage closet.

In the master suite, a skylight brightens the luxurious master bath, which features two basins and a compartmentalized toilet. And there is so much storage in this home that even the closet has a closet — a small cedar-lined area, accessed through a pocket door at the back of the roomy walk-in closet.

For a study plan of the Franklin (209-57), send \$7.50 to Landmark Designs, c/o HomeTown Newspapers, 323 E. Grand River Ave., Howell, MI 48843. (Be sure to spectfy plan name and number when ordering.) Designers, Architects and readers with plans they would like to see featured are also invited to contact Landmark.

## Ornamental grasses

By C.Z. Guest Copley News Service

Your common green lawn not only requires a great deal of upkeep, it also uses a lot of water. Of course, water can be scarce during drought condi-

Opting to plant ornamental grasses is one way to save water and add unique beauty to your landscape. Though in the same family as ordinary turf, ornamental grasses are the best plants I know of for your outdoor design.

The artistry of landscaping with ornamental grasses goes beyond the drama these herbaceous clusters can add to the scene. It encompasses a philosophy of achieving an aesthetically satisfying look while conserving natural resources.

Many ornamental grasses sport shades of white, pink, cream, blue and even blood

The beauty of ornamental grasses goes beyond their long, elegant leaves and graceful blossoms. These perennials also are a drought-tolerant addition to the garden requiring little, if any, water.

This is especially true when the soil is conditioned properly with Canadian Sphagnum Peat Moss, which holds up to

#### GARDENING

20 times its weight in water and releases it slowly to thirsty plant roots. The strong, deep root system of ornamental grasses also reduces the effects of erosion by preventing soil from being blown or

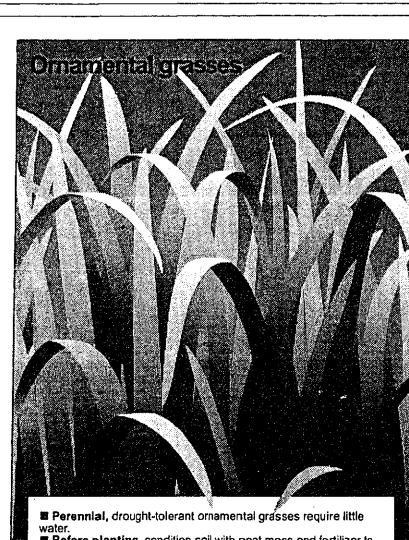

washed away. Low maintenance is another quality of ornamental grasses that is appreciated by the busy homeowner. Unlike lawn grasses that traditionally are mowed, ornamentals are left

to grow naturally. The only care required is cutting the stems down to ground level before the plants begin to grow in spring. Occasionally, dead leaves can be removed from the center of the grass clumps in order to

maintain a neat appearance. Ornamental grasses also add enchantment to the landscape as they change with the seasons. Their striking flower spikes rise above the clusters of leaves in spring and summer, turning into stately seed heads in fall. The fronds themselves begin growing in spring, mature during the summer and show a range of colors in

All varieties of ornamental

■ Before planting, condition soil with peat moss and fertilizer to

help conserve water Leave ornamental grass to grow naturally, only cutting stems

down to ground level in the spring. ■ Use a mix of ornamental grasses in shades of white, pink, cream, blue and blood red as borders, accents and ground cover.

Copley News Service/Dan Clifford

## Tips and hints for better rockin' in the garden

Von Tersch has been designing rock gardens professionally for the past seven years, and she said homeowners should have a general idea of what they want to

achieve before they start planting. Some people, she said, need to select specific plants for sunny areas, while others need hardy growing plants for shady or partally shaded areas. Some may want a rock garden that is virtually maintenance-free, while others may desire a garden that isn't overly expensive to upkeep year-

The bottom line, Von Tersch and hard to water? What is the said, is to plan your garden on condition of the soil? These are paper first. Draw a sketch of what your consider. Von Tersch said want your garden to look like

MISSION FURNITURE The Mission Oak furniture that is so closely related to the work of Gustav Stickley actually

Chronologically, Mission furniture occupied the period between art nouveau and art deco. Stickley was so impressed by the Arts and Craft movement in England that in 1888 he started a factory in Eastwood, N.Y.

His furniture was simple, sturdy and rectilinear in design and usually constructed of solid oak. It was a perfect match for the Prairie School of architecture based on the designs of Frank Lloyd Wright.

He called his work "Craftsman Furniture" and signed each piece with his registered

Stickley expanded his operations to include wicker furniture, lamps, rugs, curtains and metal household accessories. He established Craftsman Farms, Craftsman Magazine and even the Craftsman Building in New York City. He overextended his resources to the point of bankruptcy in 1915.

Stickley's brothers Leopold and George bought the remains of his company and continued operations in Fayetteville, N.Y. The company is still in business and recently revived the production of Mission Oak furni-

Stickley's other brothers, George and Albert, manufactured furniture in Grand Rapids, Mich., from the late 1800s to 1907. Their designs resembled those of Stickley, but their furniture was mass produced, poorly designed and not well made. Another brother, Charles, operated the

Stickley-Brandt Furniture Co., in Bingham- Appraisers Association of America.

did not make Mission Oak-style furniture.

ton. N.Y., from 1884 to 1919. However, they

Elbert Hubbard produced some Mission Oak in Buffalo, N.Y., from 1901 to 1915. It

was marketed under the "Roycroft" label. The Charles P. Limbert Co. of Grand Rapids. Mich., manufactured Mission-type furniture in the early 1900s with the label, "Holland Dutch Arts and Crafts."

There were a few others competing with Stickley, but we are not apt to encounter much of their work today. Good examples of furniture bearing Gustav Stickley's mark are fetching at least \$1,000. Particularly fine pieces have sold for more than \$300,000.

L. & J.G. Stickley and Roycroft Mission Oak furniture sells from the low hundreds to the low thousands. There are a lot of unmarked pieces to be had for less than \$100.

**New Home** 

See the Quality. At Fox Pointe of Plymouth, we believe that every home should reflect the highest level of quality and craftsmanship, starting with the design

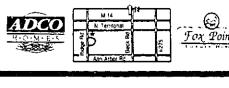

phase, continuing throughout construction and long after you take delivery of your new home. We invite you to see the quality this Saturday, June 6 and Sunday, June 7

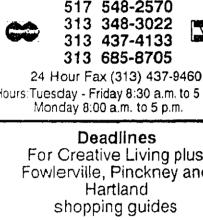

from 1:00 p.m. to 5:00 p.m. at Fox Pointe in Plymouth. We'll be showing the newly finished Ashford model, our latest home design

that includes four bedrooms, a spacious den/library, lots of closet space and much more. The builders will be on site Sunday from 1:00 p.m. to 5:00 p.m. to meet with

you and show you the Ashford and the rest of the site personally. Or, if you'd like, call us at 455-2880 to schedule an appointment at a more convenient time.

## CLASSIFIED GREEN SHEET

## Practice is perfect for law assistant

By RICK BYRNE Copy Editor

Some people work all day until they get to go home.

For Debbie Swindlehurst, a paralegal with the Northville firm of Jerome & Samhat, going to work is like going home. She's worked for the firm for nine years, which practically qualifies her as a family member for the partners in the practice, attorneys David Jerome and Donald Samhat.

"She's really a part of this organization," said Jerome. "It's not just a job to her."

Swindlehurst's dedication earned her some well-deserved recognition recently as she was named Legal Professional of the Year by the Oakland County Legal Secretaries Association.

"It was a real surprise," said Swindlehurst on receiving the honor. "I had no idea I would get it."

Jerome and Samhat thought otherwise, though. They applied to the Legal Secretaries Association to "She's extremely conscientious, nominate Swindlehurst for the and totally reliable," said Jerome.

"We're aware of Debbie's qualitles," said Jerome. "So we wrote in an application why we were nominating her and why she deserved to win."

A panel of judges then compared Swindlehurst's nomination to those of other legal professionals around the county before declaring her the winner. She's come a long way from the shy high school graduate who came to the firm nine years ago.

"Debbie started with us as a secretary just out of high school," said Jerome. \*She came to us I think just two weeks after graduation. That's

\*She has just matured and moved from the clerical work to a secretary to doing basically paralegal work. where she will draft and file pleadings and gather information. Right now she's gathering information on rental rates in Northville. We have a client who wants to know about that."

In an exacting profession like the law, it's important to have someone who will take care to do the job right.

Jerome & Samhat's general pracuce deals with a wide variety of cases, from family law, real estate and estate planning to transportation law and corporate law for clients both local and out of state. But to Swindlehurst, who graduated from Novi High School in 1983, the bosses make the

"I really enjoy working here," said Swindlehurst. "I got all my experience there. I had no legal experience, just office experience. Then I worked my way up.

"And we all get along well. It's hard in a small firm like that if some people don't get along."

And the diversity of clients keeps the job interesting.

"I like the variety in the types of law deal with," Swindlehurst said. There's always something different. You don't get bored."

Swindlehurst attributes much of her professional growth to her membership in the Oakland County Legal Secretaries Association, where she is

"It's a nice feeling to be able to work with someone like that." currently recording secretary.

"You don't have to be a legal secretary." "You don't have to be a legal secretary to be a member." she said of the group which is part of the larger National Association of Legal Secretaries. The chapter meets once a month. We'll have a guest speaker each month and they'll talk on different subjects."

Topics can range from records management to sexual harassment. Just as important, though, is the networking aspect of the group. Through the Michigan Association of Legal Secretaries, Swindlehurst can get help from paralegals around the

"If we need pleadings filed or a defendant served, we can arrange it," she said. "You can contact secretaries you know on the other side of the state, and see who they recommend."

Around here, though, it's Swindlehurst who's drawing all the recommendations.

"We're very lucky to have someone like Debbie working for us," said Jerome. "Hopefully she will be for many

staffs and families across Michigan.

SUSAN BROWN, JANE DEAN AND MARIE R. PETERS of Novi have been elected to membership in Sigma Theta Tau International Honor Society of Nursing.

Sigma Theta Tau International is a prestegious organization of leaders and scholars in nursing. Membership in the society is awarded to bachelor's, master's and doctoral nursing candidates who achieve high scholastic averages and to graduates of Madonna College programs who achieve excellence in nursing leadership roles. The graduate student inductee must have at least a 3.5 grade point average on a 4.0 scale and be in the upper one-third of his or her class.

The honor society is committed to improving the health of the public by advancing nursing science. Madonna University is located at I-96 and Levan Road in Livonia.

DR. MARK BOWERS, a Milford chiropractic physician, has been elected to serve a two-year term on the Chiropractic Federal Credit Union's Board of Directors.

"I believe the credit union is a very valuable asset to the chiropractic profession and I'm looking forward to serving the profession during my tenure on the board of directors," said Dr. Bowers. Based in Farmington, the Chiropractic Federal Credit Union was established in 1950 and serves licensed doctors of chiropractic, their

Dr. Bowers is director of the Bowers Chiropractic Center, 216 E. Commerce Road in Millord. He is a member and past officer of the Michigan Chiropractic Society.

MARSHALL R. SOLOMON of Novi has formed ABS Investments Inc., a commercial real estate firm located at 24385 Halsted Road. Suite 201, in Farmington Hills. He was formerly vice president of brokerage for the Beale Group, Inc. in Southfield.

MICHAEL HOWE, president and CEO of Young & Rubicam Detroit, recently announced several changes in the media department. Among them was the promotion of Michael Yaekle of Novi to assistant media buyer.

Young & Rubicam Detroit is the second largest Y&R office in the United States, with such clients as Lincoln-Mercury Division, Lincoln-Mercury Dealer Association, E.I. Du Pont de Nemours, and Michigan Consolodate Gas Company.

CUMMINS MICHIGAN INC. reports that their parent company Cummins Engine Company, reported first-quarternet earnings of 8.6 million on sales of \$881.3 million. Results for the first quarter represent the fifth successive quarter of improved performance for the company This success benefited the company's ongoing cost-reduction ef-

forts and lower product coverage costs as a result of the company's successful 1991 on-highway product introduction and the demand for mid-range engines remaining strong. The steady improvements in results began in the first quarter of

1991 and enabled Cummins Engine Co. to return to profitability without the benefit of an economic recovery. Cummins Michigan Inc. is the distributor for Cummins Engine Co. in the lower peninsula of Michigan of diesel engines, components

and power systems for trucks and industrial equipment. There are lo-

cations in Novi, Dearborn, Gand Rapids, Saganaw, Redford and

CONSTRUCTION IS NEARING completion on Michigan's largest landfill gas electricity facility at City Sand and Landfill Inc. located in southwestern Wayne County,

The \$10 million facility is a joint venture undertaken by City Management Corp. of Detroit and Michigan Cogeneration Systems of Novi. The state of the art facility will convert 4.5 million cubic feet of landfill gas each day into electricity using ten Caterpillar engine/generator sets. Under contract with the Detroit Edison Co., 7.6 megawatts of electricity will be distributed through Edison's power lines providing all the electricity for nearly 5,000 homes.

The gas used to produce electricity is approximately 55 percent methane, 40 percent carbon dioxide, 5 percent moisture and trace components and is a natural product of landfill decomposition. Initial operation of the facility is expected by summer 1992.

City Management Corp. is Michigan's largest independentlyowned environmental services company. Michigan Cogeneration Systems is one of the leading landfill gas to energy developers in the U.S.

ROSS ROY COMMUNICATIONS has promoted Marsha Kovacs to senior account executive. The announcement was made by Ross Roy President Dick Ward.

Kovacs will be responsible for managing the Chrysler Level III Interactive Videodisc Program. She was previously an account executive. Prior to joining Ross Roy, Kovacs was an account manager at Jack Morton Productions. Before that, she was an account executive with Maritz Communications. A member of the Adcraft Club of Detroit, Kovacs holds a bachelor's degree in advertising from Michigan State University. She resides in Novi.

Ross Roy Communications is a member of Ross Roy Group. The Group is composed of eight advertising and marketing communications agencies, with offices in Michigan, New York, Ohio, California, Georgia and Canada. It is the 17th largest advertising agency in the

GREG CLINE has been appointed as an Account Representative for Metropolitan Life Insurance Company's Motor City Branch located at 24800 Denso Drive, Southfield.

In this capacity, Cline will be responsible for the sales and service of a wide range of insurance products including life, health, auto and homeowners. Cline resides in Milford.

ERIN M. OETTING'S outstanding performance on the November 1991 Uniform CPA Examination has earned her the American Institute of Certified Public Accountants (AICPA) Elijah Watt Sells Award Octting, a Novi resident, graduated with honors from Michigan

State University in June 1991 with a bachelors of arts degree in accounting. She is currently uemployed at Deloitte & Touche in Detroit. Oetting is one of four Michigan residents to receive the Sells Award — the other Michigan awards went to Parken P.K. Tai of Dearborn, Gerardo Espionoza of Royal Oak, and Lance E.P. Howley bof Coloma. The Sells Award is presented by the AICPA to CPA candidates across the nation who pass all four sections of the CPA Exam at one time and receive the highest grades. Gold, silver and bronze medals were awarded for the three highest grades and 123 certificates for performance with high distinction were also awarded for the November 1991 CPA exam. There were approximately 70,000 candidates nation-

wide who competed the November Exam. The award was presented to Oetting and the MACPA's Current Accounting Issues Conference on May 12 at the Holiday Inn-South/ Convention Center in Lansing.

For more than 90 years, the MACPA has been providing quality education and professional programs to more than 12,500 CPAs in Michigan. The MACPA maintains offices in Farmington Hills.

THOMAS WINSLOW of Novi, territory manager for Kraft Foodservice-Detroit, was recently presented with the company's highest national sales award, the Circle of Excellence, at a national banquet recently in Washington, D.C.

To win the award, Winslow posted the most substantial growth in sales and profits in Kraft Foodservice-Detroit. Winslow has been employed by Kraft Foodservice for six years, covering the North Oakland County and Detroit suburbs.

"It's Winslow's attidude, effort, smart and hard work that has distinguished him as a Circle of Excellence award winner," said Bill Beedie, Kraft Foodservice vice president, national sales and distribution. "Winslow is a top sales performer who earns that distinction by excelling."

Kraft Foodservice Inc., operating a national network of leading broadline foodservice distribution centers in the U.S., is part of Kraft General Foods, the multinational food business of Philip Morris Com-

gines in the (passenger car) market - What you have to remember is But Wing said other factors will more in Europe at first, but the Un- that it's not what you see that is necessarily harmful to the environ-

the reliability of the diesel engine, market in Europe, he said. In the Un- xide emissions from a diesel engine modern diesels are more efficient and ited States market, the diesel engine are 30 percent less than those of a sihas captured less than I percent. milarly sized gasoline engine fitted

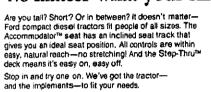

Another accelerating factor in the with a catalytic converter, he said. acceptance of the diesel engine is a Britton, of the association of diesel engine cars will have a difficult time growing consumer awareness of the specialists, said emissions and minienvironment brought on by acid rain, mum mileage requirement regulaglobal warming and ozone depletion, tions may not be enough to spur a significant increase in the use of

Automobile manufacturers will resist stricter regulations - and in fact, several cars already exceed 50 miles per gallon - and technological advancements may help the dirtier gasoline engines.

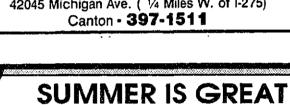

There will continue to be a market for diesel trucks. Ford, General Mo-The diesel. Wing said, is inherently tors and Chrysler all offer full-sized, cleaner than its gasoline counter- diesel-powered trucks.

But to convince the mainstream sive catalytic systems to remove public to take a real look at the diesels, fuel prices are going to have to come down, he said. Diesel fuel would fare quite well against ever prices are typically higher because of more restrictive emission standards federal taxes — which are higher that conventional gasoline engines than gasoline taxes — and higher re-
