Victoria Mitchel ED/TOR Richard Periberg EXECUTIVE EDITOR Grace Perez Perry GENERAL MANAGER

Our fundamental purposes are to enhance the lives of our readers, nurture the home towns we serve and contribute to the business success of our customers

### In our opinion: **Congrats Class** of 2007

Our congratulations goes out to the Novi Community Schools, students, faculty, administrators and parents for a successful graduation ceremony held at Compuware Sports Arena last Saturday. And further congratulations goes out to all the volunteers involved with the All-Night Senior Party immediately following the ceremony. Nearly 500 students crossed the stage during the Novi High School's 39th commencement ceremony represent-

ing the Class of 2007. "You have been an outstanding group of students," Novi "Community School District Superintendent Peter Dion fold the graduates Saturday. "You have represented Novi High School very well ... I know that you are going to be tomorrow's leaders in Michigan, in the United States and even the world."

Nearly half of the Class of 2007 graduated with honors, and, as a group, the class was awarded or offered more than \$8 million in college scholarships.

This is \$2 million more than last year's graduating class The graduating class included 239 students graduating with honors.

Sixty-one students graduated Summa Cum Laude (ab 3.95); 80 students graduated Magna Cum Laude (3.75-3.94); and 98 students graduated Cum Laude (3.50-3.74). We applaud the district for reaching such high academic standards during a time when the state and national educational system is in flux, and for many communities in peril.

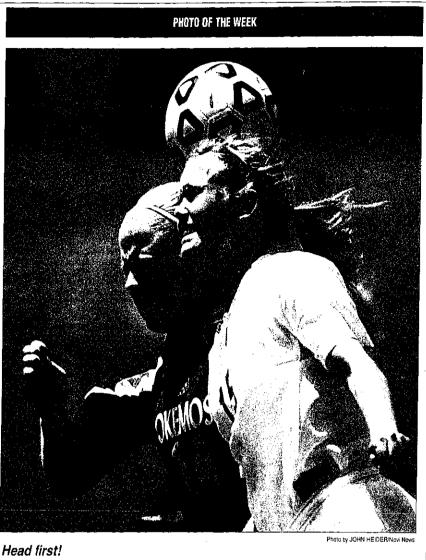

Urban districts throughout the nation applaud when they

have a graduating class. Thoughts of \$8 million in scholarships or nearly half of the student body graduating with honors are not even in

administrators' grasps. As the community celebrates the many accomplishments of the Novi High School Class of 2007, don't forget to also take a step back and soak in what this success really means

It is easy to take for granted what we feel is owed to us but never lose sight of the bigger picture.

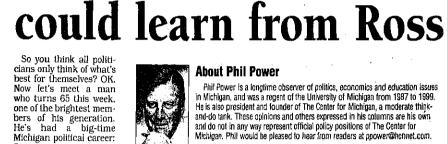

Shannon Cody goes up for a header during last Saturday's regional title soccer game, which the Wildcats 200 won. The team squared off against Northville yesterday in its quest for the state title. For game results check // vinews.com.

AS HAVING MORE MONEY.

Many investors won't put all their refirement savings at a single broker because they believe it's far too risky Actually, there may be more risk in having multiple accounts. Without a single focus, it can be difficult to keep track of your investments and to see if you're properly diversified.1 At the very least, multiple accounts usually mean multiple fees.

Bringing your accounts to Edward Jones could help solve all that. Plus, one statement makes it easier to see if you're moving toward your goals.

To learn why consolidating your retirement accounts to Edward Jones makes sense, call your local investment representative today.

### Wolves claim title!

The Michigan Wolves cornered its first state cup title in the U17 boys state championship Saturday afternoon. Novi resident Michael Ujkic drove in the game-winning goal in the first half of overtime and added another in the second half of overtime in a 5-3 victory. The Michigan Wolves finally overcame arch rival Vardar, which has wop the state title five years running. The Wolves now travel to Des Moines as the Michigan representative to compete for the regional championship. Defender Cortian White, also a Novi resident, helped shut down the other teams' top players throughout the tournament.

### Home Owners Do You Know ... **Repairs** Can Improve The Value of Your Home

### HOME REPAIRS BEFORE SALE CAN ADD VALUE

Many homeowners often overlook casy and relatively inexpensive fixes that can add real value to a home's value. While major remodeling is costly and may not address the needs and tastes of owners, these repairs and maintenance sug-gestions have universal appeal and may help a home increase in value.

### INTERIOR – If You Are Planning To Sell

· Bathrooms and the kitchen should be given a deep cleaning. Homeowners should consider hiring a cleaning company that offers "move in / move out" cleaning services to do the job.

· If kitchen cabinet surfaces are in bad shape, refacing may be an option. Far less expensive than new

epition, can test expensive man die word cabinetry, relacing can give all of and worm cabinets new life and can visually update a kitchen. • Consider replacing kitchen or bathroom counters with a neutral colored laminate surface if the cur-nut maxiful is holdly worm or tent material is badly worn or stained. This gives everything a fresh look and prevents buyers from

tresh took and prevents buyers from focusing on an eyesore. Fresh paint on the walls and ceilings will do wonders for all rooms in the house. Stick to

neutral colors se that buyers aren't distracted by the color. They'll be able to imagine themselves and their furniture in the space much more easily.

 If carpet is covering hardwood floors, consider having the carpet removed to expose the hardwood flooring. Hardwood floors are desirable, so they should be shown off, If carpet is to remain, it should be thoroughly cleaned.

### EXTERIOR

 If the entire exterior needs painting, it should be done. Buyers notice if paint is faded and peeling.
 If the paint is in good shape overall, renew the doors and triun with a fresh coat.

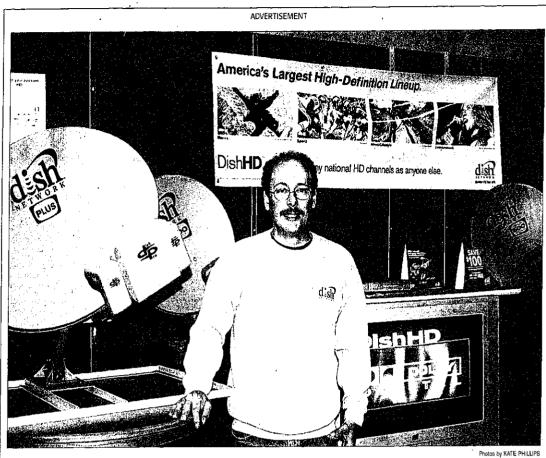

· Clean the windows inside and out so they sparkle. It's amazing what a difference this can make in a home's appearance. Hiring a profes-sional window cleaning company is the easiest and safest way to get the job done on a multi-story home. • Clear clutter from the yard,

keep the lawn mowed, and trim any overgrown shrubs that are detract-ing from the home's appearance. The home should look well main-

tained even at first glance. • Plant some bright, colorful flowets along an entry path and doorway to add a welcoming touch. Homeowners should save their major remodeling projects (and budget) for their new home, not the one they are about to sell, but implementing some of the steps above can increase the appeal to prospective buyers without a huge investment of time or money.

Call us to have your home CHECKED FOR UNKNOWN ISSUES WHICH COULD CAUSE YOUR HOME TO BE OF LOWER MARKET VALUE.
