## SALARY RATES

The salary rates in this schedule are rates which became effective on or after January 1, 1984. Two exceptions are noted in the schedule by use of asterisks.

1. Classes marked with a single asterisk (\*) are classes in which employees are represented by a union where negotiations for 1984 salaries have not as yet been finalized. Rates shown for single asterisked (\*) classes are from 1983 or earlier and may or may not be changed as a result of negotiations.
2. A double asterisk (\*\*) indicates classes in which there are union represented employees and non-union represented employees. Rates shown are 1984 rates in effect for non-union represented employees. Union represented employees in double asterisked (\*\*) classes continue to receive 1983 rates as contained in their respective labor agreements.

The salaries shown in this salary schedule constitute the salary ranges of the various County classifications, whether they consist of a single salary rate or a series of salary rates. Any service increment pay, night shift differential or other bonuses will be in addition to the salaries shown in this schedule. For a full description of Oakland County's salary plan, see Merit System Rule 2 - Salaries.

## EXPLANATION OF MERIT INCREASE PROGRAM

The advancement to the next higher step within a salary range is called a merit increase. As the name indicates, this increase is based not only on the completion of the specified length of service, but also on the quality of that service. Merit increases are not automatic, but are granted only on the recommendation of the employee's department head.

## METHOD OF PAYMENT

Payday is every other Friday except at the beginning of the year. Pay periods begin on Saturday and end on Friday, 14 days later. Payday is the following Friday. In 1984 bi-weekly pay will be the annual rate divided by 26.1.

EXPLANATION OF SERVICE INCREMENT PAY PROGRAM

Recognizing the importance of encouraging career employment among the persons in the service of Oakland County, the Board of Supervisors passed Miscellaneous Resolution 2817-A, effective January 1, 1954, providing that County employees and certain officials be granted special automatic salary increments in addition to their regular salaries, as provided by the following schedule:

<u>Years of County Employment</u>	<u>Percent of Salary Rate</u>
7 years . . . . .	2%
10 years . . . . .	4%
13 years . . . . .	6%
16 years . . . . .	8%
19 years . . . . .	10%

"Salary Rate" is the current salary step the employee is at, within their classification, as shown in the Salary Schedule.

Length of employment is determined by the amount of service the employee has to their credit in the records of the Personnel Department.

Service Increments become effective the payroll period nearest the completion of the required years of service.
