CHIROPRACTIC IS THE MOST RECOGNIZED NATURAL HEALTH CARE IN THE UNITED STATES. IF YOU HAVEN'T CONSIDERED CHIROPRACTIC CARE FOR YOUR FAMILY, PERHAPS IT'S TIME TO FIND OUT ABOUT THE SCIENCE AND ART OF HEALING WITH CHIROPRACTIC.

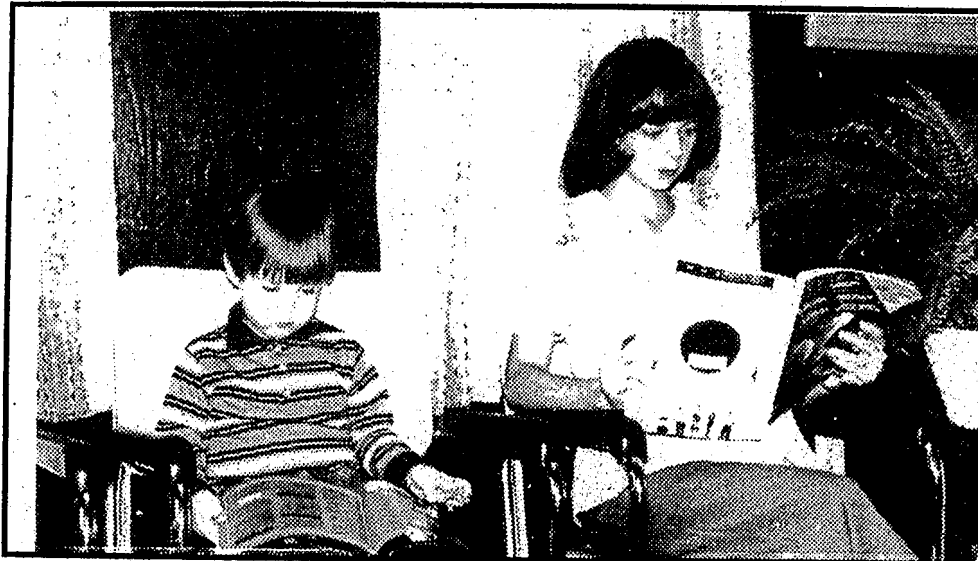

Dr. John Dettloff explains how the nervous system controls your body's health and what you can do to protect it.

Why Should I Become A Chiropractic Patient?

Through scientific research and clinical observation, chiropractors have learned that slight displacement of vertebrae causes pressure on nerves and interferes with vital nerve energy resulting in disharmony and disease in the body. No other health system is so specific or acts in such perfect harmony with nature's healing power. Chiropractors are trained to locate and correct the spinal cause of disease.

Do You Have To Have Faith In Chiropractic To Get Results?

No! Chiropractic is a scientific way of removing the cause of disease. The body does the healing. A chiropractor's job is much easier if he has the faith and confidence of the patient, but it is not absolutely necessary.

Most often, patients never have to wait more than a few minutes before being seen by the doctor.

Can Chiropractic Help My Condition?

Yes, the power that created the body can heal the body. If the body is free from nerve impingement and there is an uninterrupted flow of nerve energy from the brain cell to the tissue cell, a state of normal health can exist. Sickness begins when there are spinal displacements impinging nerves and interfering with the normal nerve energy flow from brain cell to tissue cell. Chiropractors locate and correct the spinal cause of nerve interference. The body has a tremendous capacity for healing and remaining healthy once nerve channels are free.

Are Chiropractic Adjustments Painful?

NO...Gentle spinal adjustments are painless. Chiropractors are specially trained to locate and correct displacement in the vertebrae with little or no discomfort. After spinal displacements are corrected, the body will feel more active, giving you that healthy, happy feeling.

With X-rays Dr. Dettloff can precisely determine where a vertebral problem exists.

Spinal adjustments are gentle and painless. Children especially enjoy visiting the chiropractor.

Why Do Chiropractors X-ray?

X-ray to the chiropractor is like the blueprint to the builder. The chiropractor uses X-ray to help him locate the exact vertebra that is causing the patient's condition. After the analysis has been made, the necessary adjustment can be given to return the displaced vertebra to its normal position.

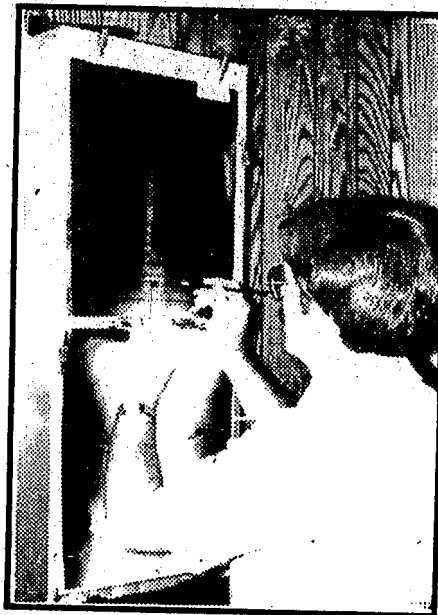

How Long Do I Have To Stay Under Chiropractic Care?

Once you have regained good health as the result of a spine that is free from nerve pressure, you would want spinal examinations regularly to insure continued good health.

Do Children Respond To Chiropractic?

Children usually respond to chiropractic adjustments more readily than adults. Their little bodies are growing, the tissues are rapidly developing and can be changed from a state of sickness to a state of health quite easily.

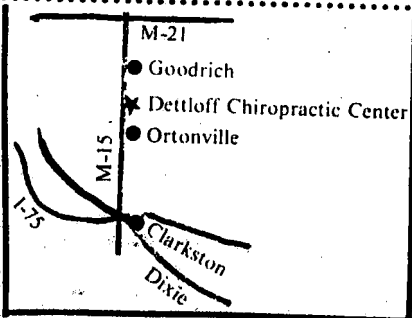

Children love chiropractic adjustments because they are gentle and painless and the doctor does not require them to take harsh tasting remedies. Chronic diseases usually begin in early childhood and develop over a long period of time. The best way to prevent chronic diseases and tissues is to remove the underlying basic fundamental cause of nerve interference in early childhood.

An expert Radiographic Analysis is part of the procedure for locating a structural problem so that a proper correction can be administered.

How long will it take to obtain results?

In a short period of time, you will begin to feel relief. Some conditions, however, may not respond as rapidly as others because these conditions have been developing over a period of years. It takes time for ligaments, muscles, tendons and disc structures to return to their normal position so they are able to hold the vertebrae in its correct alignment. In the early state of health restoration, there will be a tendency for the vertebrae to return to the old abnormal position. Then additional adjustments may be needed before the abnormal spinal condition is corrected. Once the vertebrae have been adjusted, freeing vital nerve energy to all parts of the body, the process of recovery comes quickly and naturally. The longer the spine remains in correct alignment, the more rapidly the body can restore itself to health.

editor's note

Robert Tisch, that rough talking, lanky country boy drain commissioner from Shiawassee County is back striking fear into the hearts of many state politicians with a ballot proposal that would, if passed this November, cut property taxes in half.

In Clarkston and Davisburg, despite the election being a good five months away, Tisch is already on the minds of many.

Dick Jacobs, a spokesman for the Tisch group, was in town to tell local realtors why they should support the tax cut amendment. The Reminder was also there, and this edition includes Jacobs' comments and political philosophy.

Irene McCabe, a local realtor, has been pushing Tisch petitions for the last couple of months. You can't miss her office-it being plastered with Tisch signs.

And local politicians frequently mention Tisch in their conversations. Springfield Supervisor Collin Walls thinks the amendment is a "sure bet" come November, and he didn't hesitate to tell everybody at the last board meeting.

Walls may be right, considering the fact that an alternative plan like Richard

Dick Jacobs explains Tisch Tax cut to BISE realtors.

Headlee's winner in 1978, has yet to emerge. The Headlee Amendment was championed as the moderate alternative to the drastic Tisch cuts, and eventually swamped Tisch at the polls.

But Tisch has a long way to go and some mighty "big guns" to beat if it is expected to win this November. For one, Governor Milliken opposes it, and after what he did for George Bush, no one can underestimate the political clout Gentle Bill can wield.

Two, Tisch will have to have enough

money to combat the MEA, UAW and other politically active groups. At this time in 1978, remember everyone was also saying Tisch would be an easy winner. But after millions of dollars worth of adverse publicity generated by the unions, Tisch didn't come close.

So, despite the obvious early popularity of Tisch, the tax cut amendment, like the presidential contest between Regan and Carter (or Kennedy) and Anderson is much too early to call. It will be interesting to watch the issue develop as we get closer to November.

Also in this week's Reminder is a list of candidates that filed for local offices.

In the Township of Springfield, where contaminated well water became a major issue only months ago, the incumbent clerk and both trustees have absolutely no opposition. No opposition in the primary and no opposition in the general election.

That, to me, is the height of political apathy and a very unhealthy situation. I'm not suggesting the three office holders are incapable (they are the opposite in my judgment) -- but rather that several people in Springfield should care enough to get involved in the political process!

why not ask Carolyn?

Dear Carolyn,

Why are there often strained relations between mother-in-law and daughter-in-law? I keep hearing, "My daughter-in-law doesn't like me." My daughter-in-law shows me no affection." What can a mother-in-law do?

Hurt

Dear Hurt,

I suspect there is an unconscious competition between many mother-in-laws and daughter-in-laws. Some mothers compete with a man's wife, thinking that she knows his preferences and idiosyncrocies from having reared him. Her unspoken question is, "Will she take good care of him like I did?"

On the other hand, the daughter-in-law can cause trouble by competing with her husband's mother. Her illogical reasoning goes something like this. "I'll show her, him, and everyone else I can cook better, clean better, be a better mother, a better wife..."

This irrationality is often fed by a husband making a statement such as, "Nobody makes apple pie better than mom." This is picked up as a challenge by the insecure wife and translated into, "I'll show you!"

This is a difficult problem to deal with because many are unaware of the insecurities felt and the ways these insecurities are expressed. I would recommend that you first try to assess the sources of the problem; what do you contribute, what does she contribute. Deal with your contribution first and make changes accordingly.

Sometime down the road you may want to try to talk to her in an attempt to move the relationship to better grounds. Remember, though, it takes two to improve things, you can't do it all by yourself.

Thoughtfully,
Carolyn

To My Readers:

This is the last letter I will answer until September. Please feel free to continue to write to me over the summer, and in September I will again be answering your letters. Send your correspondence to me

Roads, Library Millage on Springfield Ballot

The Springfield Township Board decided to place two local requests for millage on the August Primary Election ballot, at last Wednesday's board meeting.

The vote to place the issues on the ballot was split 3-2 with Treasurer Pat Kramer and Trustee William Whitley opposed.

A mill each for road improvements and library operation for 5 year periods will appear on the ballot.

But, it wasn't the benefactors, as much as

whether to request millage at this time, that received the most debate.

In recalling April's annual meeting, Supervisor Collin Walls noted, "I don't think there was anybody there that thought it (the millage) would pass."

Then he added, "If we do it at all, it should be in August because of Tisch (which is expected to be on the November ballot). I'll be very shocked if the Tisch Amendment doesn't pass."

From the audience, local insurance agent Harry Kirk, added in support of the August placement, "It doesn't make sense to do it a year from now when you have to spend \$2500 for a special election."

And Trustee Glen Vermilye said, "I think we should give the people at least the opportunity to advise us."

Mrs. Kramer summed up her opposition by saying, "I don't think the (voters) take it that way. I think they think you are trying to get more money out of them."

Mill Pond Being Treated

Aquatic Nuisance Plant Control, Inc. has planned a three stage treatment of the Clarkston Mill Pond for weed and algae control.

The first application on May 19th was primarily to restrict the growth of weeds.

According to Richard Hinterman, president of the company, the second application will take place between June 11 and the 14th. They will be applying Cutrine in a granular and liquid form. Cutrine is an algicide (water purifier) and is used to control floating algae and chara which is a weed form of algae. There is no danger associated with the

use of this chemical, therefore, no posting is required.

At the time of the second application, Hinterman will make a visual inspection to determine the effectiveness of the previously applied chemicals.

If there are weeds or problem areas that were missed on the first application, they will be back to spot-treat the pond a third time.

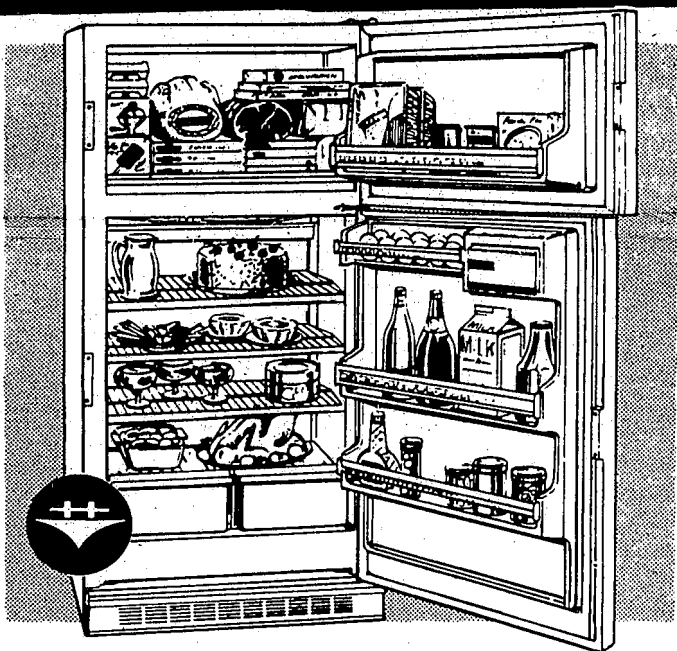

The action is being taken by the Clarkston Mill Ponds Association, an organization of riparian property owners dedicated to cleaning up and maintaining the aesthetic and recreational value of the mill ponds.

Patterson to Speak to GOP

Oakland County Prosecutor L. Brooks Patterson will speak about his petition drive to get the placement of a constitutional amendment on the November General Election at a public forum sponsored by the Independence Township Republican Club. The meeting will take place June 19 at 8 p.m. at Spring Lake Country Club.

Amateur Filmmakers' Contest

Amateur film makers can plan now to enter an original silent movie in Pontiac Mall's Silly Film Makers' Contest jointly sponsored by Cinema I, II and III - Pontiac Mall. Grand prize winner will receive a \$50 gift certificate for film from Hudson's Pontiac; two film passes a month for one year; and a public "on-screen" showing at the sponsoring theater.

The contest is open to all residents of Oakland County. Entries must be a silent 16mm, 8mm or Super 8mm color or black and white film. The film must have a "silly" storyline with a beginning, middle and end. All entries will be judged on quality of film work, storyline, originality, silliness, and good taste. Entries will be accepted June 24 through July 31 at Cinema I, II and III - Pontiac Mall.

Film makers' registration forms are available in the management office of Pontiac Mall and at Cinema I, II and III - Pontiac Mall. For additional information, contact John Forster at 643-6552.

Craftsmen Wanted

The Clarkston Community Historical Society's Crafts and Cider Festival will be held September 19, 20 and 21, 12:00 to 6:00 p.m. The society would like to encourage local craftsmen to display. There are still a few places left. For information, call J. Bisha 625-3314.

Cranbrook Tour Scheduled

Waterford Welcome Wagon Club will tour Cranbrook House and Gardens, Bloomfield Hills, on Thursday, June 19. Lunch will follow at J. Ross Browne's Whaling Station. New residents in the Waterford, Clarkston, and Union Lake areas are invited. Reservations will be accepted through June 13. Phone 681-1455.

Luncheon at Seymour Lake

A bake sale and salad luncheon will be held June 20th, 10:00 a.m.-2:00 p.m. at Seymour United Methodist Church at the corner of Seymour Lake Road and Sashabaw.

"The Hobbit" at Springfield

The movie "The Hobbit" will be shown at the Springfield Township Library on Wednesday, June 11th from 6:30 to 8:00.

This summer the Library is sponsoring a Summer Reading Program for pre-school and school age children. The program begins June 25th and runs until August 15th. There will be weekly movies every Thursday at 1:00 starting June 26th. In addition there will also be several art contests. For more information, call the Library at 625-0595.

Some new books this month are:

Ghost Story by Peter Straub

Petals on the Wind by V.C. Andrews

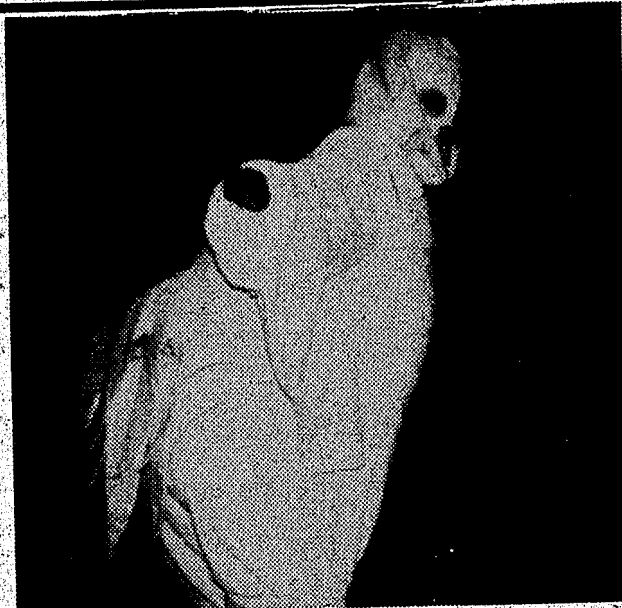

Random Winds by Belva Plain

Shibumi by Trevanian

The Empire Strikes Back by Donald Glut

The Third Wave by Alvin Toffler

Thy Neighbor's Wife by Gay Talese

The Super Sashabaw Bar-B-Que Chicken.

Church Sponsors Bar-B-Que

Sashabaw United Presbyterian Church, 5300 Maybee Road, Clarkston (near North Sashabaw Schools) will be having an Open Pit Bar-B-Que on June 14. Serving will be continuous from 4:00-8:00 p.m. rain or shine.

Proceeds from the dinner are used to benefit worthy projects.

Junior Golf at Springfield-Oaks

The Oakland County Parks and Recreation Commission will host its sixth annual Junior Golf Invitational June 19th and 20th.

Golfers through age 10 are invited to participate in the 36 hole tournament at Springfield Oaks in Davisburg on the 19th, and White Lake Oaks in Pontiac on the 20th.

Participants over age 11 play 18 holes each day, while those under age 11 play nine holes.

"To my knowledge this is the only public, two day, two course, back-to-back tournament in this area," said tournament director, Jim Mansfield.

Entries may be obtained at Springfield or White Lake, or by phoning 625-2540 or 698-2700. Entries must be submitted no later than June 12.

HAVE YOU SEEN OUR LIBRARY?

In our desire to be as highly professional as possible, we and our staff make it a point to read books and articles on death, terminal illness and bereavement.

We have kept adding new books and pamphlets to our shelves to the point where we are rather proud of our library. We do not compare with our fine local library but we just may have some reading matter which will interest you.

If you would like to read any of our books or pamphlets, please call or stop by. We would be glad to discuss them with you. And we extend our special invitation to all the clergy in the area.

Historical Society to Meet

On June 18 at 7:30 p.m. the Board of the Clarkston Community Historical Society will meet at the Village Hall on Depot Road. The public is welcome.

School Registration Now

Registration is now being taken for the summer Pre-Kindergarten and Child Enrichment classes at the Holly Community Education Center, 111 College Street, between 9:00 a.m. and 4:00 p.m.

The Pre-Kindergarten class, taught by Bonnie Ream, is designed to be much like a kindergarten class and serve as a bridge between preschool and kindergarten. Students must be five years old on or before December 1, 1980, and starting school in the fall.

For more information and to register, contact the Holly Community Education Office between 9:00 a.m. and 4:00 p.m., 634-7341.

Library Sponsors Reading Club

Registration for the Independence Township Library's summer reading club will be held June 11 to June 25 and include eight meetings every Wednesday from June 18 to August 6 from 1:00-2:30 p.m. The club is for grades one through 6. For further information, call 625-2212.

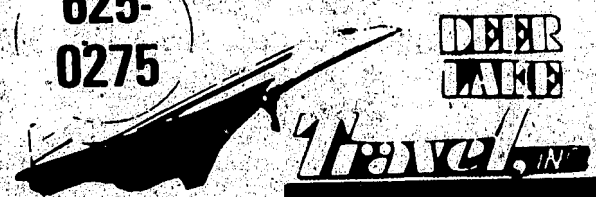

The 11 a.m. pre-school films for Wednesday June 18 will be two cartoons including "How the Elephant Got His Trunk" and "You and Your Eyes", starring Jiminy Cricket. The summer schedule for pre-school movies will remain Wednesdays at 11 a.m.

The new time for the afternoon Movie Hour will be 2 p.m. all during the summer. Movies for Wednesday, June 18, will feature "Brown Wolf", a dog story by Jack London, and "African Lion In His Realm", a film about the king of the jungle.

New books recently acquired include: Star Wars: The Empire Strikes Back, Loretta Lynn: Coal Miner's Daughter, Moviola by Garson Kanin, The Baby Sitter by Andrew Coburn, Kane and Abel by Jeffrey Archer, The Story of the Olympic Games by John Kiernan, and The Complete Marathoner by the editors of Runner's World Magazine.

Lots of Challengers File for Independence Board Positions

Independence Township Republican candidates will outnumber Democratic ones nearly three to one in the August primary election following last Tuesday's filing deadline.

Competing for the top spot on the township board are Democratic incumbent Supervisor Floyd H. Tower of 177 N. Main Street. He is being challenged by Planning Commission chairman James B. Smith, 8551 Allen Road, on the Republican ticket.

Democrat Frederick P. Ritter, 6593 Amy

Drive, the incumbent will vie with Carol D. Balzarini, 10270 Reese Road, a journalist, for the treasurer's job.

Incumbent Clerk Christopher L. Rose of 6767 Snowapple, now running as a Republican, will be challenged by another Republican Ralph A. Chambers of 6196 Paramus and Democrat Karen F. Herron of 6315 Maybee Road.

Running for four slots as trustees are seven Republicans and one Democrat. Incumbent Republican trustees are

William D. Vandermark, 6594 Cherrylawn, Jerry E. Powell, 6134 Overlook, and Michael Thayer, 46 Orion Road. Also seeking seats on the board are Daniel F. Travis, 797 Perry Lake Road, Dale A. Stuart, 7336 Mt. Rang, Lawrence R. Kozma, 5190 Woodcreek Trail, and Lynn E. Mead, 5495 Boyne Highland Trail. Guy Z. Derryberry, 6953 Tappan Court will be the lone Democrat on the August ballot.

No Opposition For Other Slots

Only Supervisor, Treasurer Races in Springfield

Three incumbents are virtually assured of re-election in Springfield Township this November because no one had bothered to file against them by last week's deadline.

Collin Walls, of 8055 Marquoit, the Republican incumbent supervisor, will face Democratic challenger John Mulloy Jr., of 9358 Eagle Hill, in the November 4 general election.

Among the other township officials, Republican Treasurer Patricia Kramer, of 8585 Eaton Road, will be challenged by Democrat Marjorie Kirk, 10837 Big Lake Road.

Clerk J. Calvin Walters, of 7225 Ormond Road, and Trustees Glen Vermilye, of 12601 Ander-

sonville Road, and William Whitley, of 9850 Gibbs Road, all Republicans, are unopposed.

The three candidates seeking two openings on the library board are Republican incumbent Mary Watson of 13450 Rattalee Lake Road, Ina Golden, of 8569 Tindall Road (the Democratic incumbent), and Republican Shirley Secatch of 8612 West Ellis Road.

Charles Going, of 4151 Parker Road, will seek re-election to the Park Commission on the Republican ticket, while the other two Republican candidates are Robert Stiles, of 10735 King Road, and Fred Stewart, of 9901 Gibbs Road. There are two seats open on the board.

Clarkston, NWOVEC Graduate Seniors

Speaking at Clarkston's commencement from left to right Jeff Wood, Sarah McKoin, Leslie Wirpsa, Kari Peterson, Principal Dom Mauti and School Board member Eric Reickel.

U of M bound Tim McCormick gets his diploma.

Robert Kennon supervisor of Disadvantaged and Handicapped People for the Michigan Department of Education's Vocational and Technical Education Service, told NWOVEC students there were "no short cuts to maturity," and that they had an "obligation to be the very best kind of person" they could be. He also stressed the importance of technology in the years to come.

The students were graduating with entry level skills but it was up to them to build upon those skills.

Karen Kirby of Clarkston was awarded one of the scholarships offered by the Clarkston Waterford Business and Professional Women. Making the presentation is the organization's president Kathy Roughton. Karen completed the two year program in total office procedures (TOPS).

Photos by Carol Belarini and Jim Nichols

New County Tennis Complex Dedicated

The new Waterford Oaks County Park Tennis and Court Games Complex was recently dedicated to County Executive Daniel T. Murphy, center. Holding a replica of the plaque which will be displayed at the complex is Lewis E. Wint; left, chairman of the Oakland County Parks and Recreation Commission. Also pictured is parks commission manager R. Eric Reickel. The tennis complex is dedicated to Murphy for his "continued support of the county-wide recreation system and his accomplishment as a tennis player." (Murphy was one of the founders of the Oakland County Parks and Recreation Commission.) The complex consists of eight all weather, windscreened tennis courts, four lighted platform tennis courts, 10 horseshoe pits, 10 shuffleboard courts and an equipment-reservation center. The complex is accessible through the entrance to the wave action pool at Scott Lake Road, Pontiac.

The Holly High School Marching Broncho Band traveled to Holland, Michigan for the annual Holland Tulip Festival on Saturday, May 17.

The band, with new gaucho-style uniforms, has marched in the Holland Tulip Festival parade for a number of years. The parade is considered the 3rd largest in the United States; third only to the Tournament of Roses and the Mardi Gras.

Dick Jacobs speaks to BISE

Tisch Supporter Tells Benefits of Tax Cut Amendment

by Mike Wilcox

Dick Jacobs is worried about our country. He's worried that our economic system is leaning towards socialism. He's worried about the never ending upward spiral of taxes.

Unlike others, however, Jacobs has decided to do more than worry. He joined forces with Robert Tisch's group, and is now one of the tax cut amendment's leading spokesmen.

Jacobs, from Grand Blanc, was at Spring Lake Country Club last week to lobby for the Tisch Amendment in front of the Brandon-Independence-Springfield Exchange (BISE), a group of realtors.

"You're going to get an opportunity to vote (on tax increases) -- this is the big thing. It will remove voter apathy. It will give people an opportunity to say something," said Jacobs.

In a nutshell, the Tisch Tax Cut Amendment would make a 50% cut in assessed valuation based on the 1978 S.E.V. tax bill; a 75% cut if one's income is between \$5000 and \$10,500; or no property tax whatsoever for those who have an income less than \$5000.

The amendment also demands 60% approval by a vote of the public before any new tax is initiated; the exemption of anyone 62 or over from paying taxes to operate schools; the assurance that the State cannot alter the school aid formula or any other school aid formula to impair the mandated rights of school-aged children; and a mandatory law that the State must return 100% monies to local government.

The Tisch Amendment is expected to be on the November's General Election ballot. According to Jacobs they currently have 218,000 of the 290,000 validated signatures

"Michigan is long overdue for a Tisch tax cut..." - Jacobs

needed by July 7.

"We have got a ways to go yet, but we're ahead of 1978," (when Tisch had a similar proposal placed on the ballot, but was defeated) said Jacobs. He also indicated the group was attempting to get 350,000 -- an adequate cushion, he said, to fend off anticipated challenges from the Michigan Education Association (MEA). Jacobs predicted the teachers would probably be the amendment's most vociferous opponents come November.

Jacobs said so far Tisch has received endorsements from only three Michigan senators -- Fredricks, Welborn and Richard Fessler of West Bloomfield.

"But many are waffling, sitting on the fence," he added. Many, said Jacobs, are waiting to see details of the Governor's plan, which is expected to increase the sales tax from 4 to 5 1/2 %.

Of State Budget Director Gerald Miller, Jacobs said, "I think he is an artist of deception." He seems to juggle figures around to fool people. They are talking about slashing the budget \$100 million one time, and then support a subway that will cost 10 times that, at another time.

One of the major reasons Jacobs jumped on the Tisch bandwagon was because of the positive results of Proposition 13 in Califor-

Historical Society Book Collection Grows

For the past 2 years, the Clarkston Community Historical Society has been building a collection of books and periodicals of special value to those interested in Michigan history, genealogy, architecture, preservation and antiques from Crafts and Cider funds.

The collection, donated to the Independence Township Library has grown to over 30 volumes. Most recently, the society began to purchase books which would be invaluable to those repairing, restoring or reproducing 19th and early 20th century houses and gardens.

Examples:

"Recreating the Historic House Interior" by William Seale

"The Old House" - (a practical Time Life home repair and improvement book)

"Landscapes and Gardens for Historic Buildings - A handbook for reproducing and creating authentic landscape settings"

"The Old House Journal" - a monthly dedicated to restoration techniques for the antique house.

On order are several reprints of Victorian pattern books used by carpenters and builders to produce 19th Century architecture.

nia. "California is experiencing a boom," wrote Jacobs in a regular editorial column he writes for the Grand Blanc newspaper. "Retail sales figures are up by 14%. Slashed property taxes have stimulated the housing market. Over 550,000 new jobs in the private sector were created."

"This sounds like the kind of medicine that Michigan's economy needs. The same thing could work in our state, if the Tisch Amendment passes. The money left in the hands

of the consumers could spur personal spending, which could create new jobs, and increase sales tax revenues, and decrease welfare costs and unemployment lines," continued Jacobs.

Jacobs told BISE, "Michigan is long overdue for a Tisch tax cut. California seems to be best in the Rose Bowl and best in tax cutting, and as usual Michigan taxpayers are a little late, and a dollar, well several dollars short."

Clarkston Well Driller Sells Geothermal Heat Extractor

A & A Well Drilling of Clarkston recently became a sales agent for the TETCO Geothermal Heat Extractor, a home heating and cooling system that uses groundwater as its

source of energy.

Essentially, the Extractor works like a refrigerator. When a gallon of warm water is placed inside the refrigerator, the heat is removed from the

water, dropping its temperature several degrees. The heat removed from the water is expelled into the kitchen. Likewise, the Extractor cools many gallons of water "expelling" the heat into the entire house.

Greg Cook, owner of A & A, said the advantage of the TETCO

Extractor is it operates on free energy -- well water. The only energy you pay for is the energy needed to run the system.

A & A is the first distributor of the geothermal extractor in Oakland and Genesee County. However, according to

Cook, in Ohio, units are being sold faster than they can be manufactured and some homeowners report a 70% reduction or more in heat costs.

Cook just installed a unit in his own home. "I got a 1500 square foot house and within 35-40 minutes, she's cooled it right

off. The whole house, just not one room," he added.

Cook said it's wise to contact him now, if you are interested in more information about the unit. It takes at least 6-10 weeks to get because of the high demand, he claimed.

For more information, call 625-2809.

The first Veterans of Foreign Wars (VFW) post in Clarkston was chartered Friday evening at the Clarkston Community School Building cafeteria.

State Commander John Konicki helped institute VFW Post 1459 and install its officers, including Commander Regis Little, a World War II Navy veteran.

The 58-year old Little, who served on Guadalcanal, noted that work on establishing the post began in March and is about to be realized after the 25 veterans in Clarkston needed for chartering the post were signed up.

Other officers to be installed are: Patrick Hogan, senior vice commander; Adolph Ayotte, junior vice commander; Leach Shelton, quartermaster; Nick Lekas, chaplain; Charles Smalley, post surgeon; and Trustees Thomas Coburn, L.A. Forsythe and Charles Kimbel.

Allan Watson - Vice President & Branch Manager

Don Mackewich, Paula Cochran, New Presidents of Davisburg Jaycees and Jaycettes

The Davisburg Jaycees annual Awards and Installation Banquet Saturday evening, May 31 at the home of Bunny and Larry Newmarch.

The Jaycees gave out various awards. Speak-Up awards were given out as well as awards for Projects of the Year.

Dennis Omell and Jim Golden were recipients for co-chairing the "Easter Egg Hunt", and Larry Newmarch and Ray Jakus were also recipients for co-chairing their "Wife's Appreciation" project. Jeff Still was given a special presidential award by president Tom Carr, for all of his help during the year. Tom was presented with the Jaycee's plaque with his name engraved

as past-president.

The Jaycettes also gave out various awards. Speak-Up awards and Sparkette awards were given to those girls who qualified for them during the year. Cheryl Omell was honored as Outstanding Spokette. Ina Golden was honored as Outstanding Jaycette, and Judi Bowker was honored as Key Woman of the Year. Pat Pfennig was surprised with a special presentation as an "Exhausted Hen".

The best project of the year award went to Bunny Newmarch and Sandy Chester for co-chairing the "Crazy Scamp Carnival", which took a first

place award at the state level, and has been entered for national competition. Eileen Still, outgoing president, was given a special gift from the Jaycettes as well as a scrapbook of things from the past year.

Incoming officers for the Jaycees are Don Mackewich, president; Dennis Omell, external vice-president; Mike

Peters, internal vice-president; Rudy Colgan, treasurer; Mike Lesler, director; Jeff Still, director; and Tom Carr, chairman of the board.

Incoming officers for the Jaycettes are Paula Cochran, president; Judi Bowker, vice-president and secretary; Cindy Carr, treasurer; and Eileen Still, past-president.

Ballet at PNH June 14

Back: Mandy and Katie Senk of Highland, ages 9 and 10. Front: Rhonda Lang, 5, of Waterford and Rusty Toth, 8, of Clarkston.

The Theresa Lee School of Ballet will be performing at Pontiac Northern High School, 1051 Arlene, Pontiac on Saturday, June 14 at 7:30 p.m. The show will present "Tulip Time", a tap dance done in wooden shoes; the Original Pointe Variations from "Swan Lake", "Sylvia", "Pas de Quatre", "Don Quixote", and "The Sleeping Beauty"; "Goldilocks and the Three Bears"; and "Pandora's Box". Tickets will be available at the door. For further information, call 666-3965.

Gilbert McCallum Graduates from West Point

A member of the first co-ed class in the 178-year history of West Point joined the "Long Gray Line" of graduates on May 28.

He is Gilbert C. McCallum; son of Mr. and Mrs. Gilbert J. McCallum, 150 Miller Road, Clarkston.

Studies at the U.S. Military Academy, West Point, New York, included science, engineering, and the humanities.

McCallum received a Bachelor of Science degree and was commissioned as a Regular Army second lieutenant in the corps of engineers.

A 1976 graduate of Clarkston High

School, he was appointed to the academy by a congressional appointment.

While at West Point, the newly commissioned officer was a member of the Portuguese Language Club and the Outdoor Sportsmen's Club and pitcher on the baseball team.

3 OFFICES TO SERVE YOU

Michigan.

This story of tragedy and victory shares the experiences of a family who was willing to risk all for others. The ten Booms became involved in the Dutch Underground during the German occupation of World War II by hiding Jews in a secret room built in their house, thereby aiding them in their escape from the Nazis. As a result of a raid by soldiers, Corrie's family was taken prisoner and Corrie was sent to the dreaded concentration camp, "Ravensbruck".

Place a personal Guaranteed Action Ad in
The Reminder and you'll get a chance at winning

2 FREE Tickets to a Detroit Express Soccer Game

Starting June 26, 1980 The Reminder will be giving away a pair of Detroit Express tickets each week to someone who has placed a non-commercial Action Ad that week.

After deadline, The Reminder Zone 2 will simply throw all the names of people who have purchased an Action Ad in the last week in a hat, and draw a winner.

Just another reason why you should use North Oakland County's only guaranteed classified ad plan!

WRITE YOUR OWN ACTION AD

1970 CHEVY Impala station wagon.
Power steering and brakes, air.
Clean, runs good, \$750 or best offer.
444-4444 after 6.

1 IDENTIFY
Abbreviations may be clear to you, but they're not to a prospective buyer!

2 DESCRIBE
Give enough basic information to get the reader interested.

3 DON'T EXAGGERATE
Make your pitch attractive, but also make it believable.

4 INCLUDE PRICE
Research shows price promises greater response. If price is negotiable, say so.

5 BE HOME
Specify the hours you can be reached. Some people will never call back if they can't reach you the first time.

It's easy! Fill in the blanks at right with what you want to see in print. Complete and clip coupon sending it along with your check or money order, 10 words or less, just \$3.00 for two weeks; 20¢ each additional word. (Zone 2 Prices Only.) To run your ad in both Zones 1 and 2 paper, the price is \$5.00 for 10 words or less, 30¢ each additional word.

How to cut the cost of keeping cool this summer

Installed on windows where the sun shines in, Window Quilt™ insulating shades keep cool air inside and hot air outside, where it belongs.

Suddenly your air conditioner is working a lot less to keep you comfortable. And you'll see the difference in your utility bills.

Window Quilts fit most any size window, including 8 ft. sliding glass doors. They'll save you money on winter fuel bills and summer air conditioning costs while they keep you comfortable year 'round.

Window Quilt
saves you energy dollars
winter and summer

Three Holly Students Rehearse at Blue Lake

Nearly 2,000 Blue Lake Students have visited Europe as part of the Blue Lake International Exchange Program since it began in 1969. During

this same period, more than four dozen European youth music groups have visited Michigan as part of the cultural exchange program.

Three members of

the Holly High School Band have been traveling to Blue Lake Fine Arts Camp once a month since last fall to rehearse with the International Exchange Band.

Blue Lake, one of the nation's largest summer music camps, is located about 15 miles north of Muskegon. It offers summer programs for talented elementary,

junior high, and senior high school music, art, dance, and theatre students.

Kellie Marsh is the daughter of Carl and Carol Marsh of Highland. In addition

to music, she is also interested in horses and horseback riding, swimming, 4-H, and snow skiing.

Mike Tuson, son of George and Gloria Tuson of Davisburg, is

also interested in track and cross country. Rich Swanson, son of Alan Ridgway, of Davisburg, has talent in track, basketball and swimming.

"Low rates make State Farm insurance a good buy.

Our service makes it even better.

Clarkston Woman Celebrates 99th Birthday

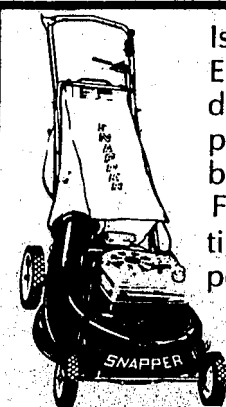

June 6th marked a very special day for Rose M. Fiedrich. On this day she celebrated her 99th birthday. Mrs. Fiedrich was born in Detroit in 1881, and lived there until 1970. At that time she moved to Independence Township to reside with her daughter Edith Young.

On Saturday friends and relatives, as close as Clarkston and as far as Pennsylvania, gathered at the home of Mrs. Young to help celebrate the occasion. Governor William Milliken was there via the postal service. In a letter of personal congratulations for her 99th birthday, he sent his personal regards and best wishes for her health and happiness.

Springfield to Continue Dispatching with Holly

The Springfield Township Board voted to continue contracting for fire dispatch services from the Village of Holly, despite a \$2800 increase.

The approval was granted by a 4-1 vote at last Wednesday's regular township board meeting. Trustee William Whitley was the lone dissenter.

Fire Chief Marlin Hillman had recommended the Board contract with the Oakland County Public Safety Division. He calculated it could save the township \$1600 over a 6 month period.

If Springfield were to contract with the County, services would begin July 1 and terminate December 31, 1980. The termination date is what the Board objected to.

"Unless there is a major political change in the make-up of the county commission, this (fire dispatch contract) is not renewable," said Supervisor Collin Walls.

The Board of Commissioners first voted down a request from the Public Safety Division to takeover the dispatching duties of Springfield and a couple of other townships. Then when the request came back a second-time it was passed, but only for 6 months.

"They are doing it to give us time to explore other opportunities," added Walls. J. Calvin Walters, Clerk, said, "I can't see

us making a change for only 6 months, even if it saves us money." He added, after 6 months, Holly might not take us back. Then what do we do?

He then made the motion to accept Holly's offer. It was seconded by Treasurer Pat Kramer.

Susan Basinger Elected Historical Society President

The Clarkston Community Historical Society recently held its annual meeting and election of officers at the Independence Township Library. Over 40 people were present to hear about the society's past and future programs and plans.

Officers for the 1980-81 year are as follows:

President - Susan Basinger 625-0976

Vice-President - Denise Symons 625-8823

Treasurer - Peg DaCosta

Rec. Secretary - Marily Roesner

Corres. Secretary - Nancy Haven

Board Members - Jennifer Bisha, Kathryn

Harlton, Jennifer Radcliff and Alice Spande.

Committees:

Programs - Denise Symons

Library - Sally Binard

Oral History - Connie Lektizian

Genealogy and Cemetery Research -

Dennis Spande

Microfilm - Peg DaCosta and Jennifer

Radcliff

Crafts and Cider - J. Bisha

Membership - Nancy Haven

SPRINGFIELD TOWNSHIP BOARD JUNE 4, 1980 SYNOPSIS

The regular meeting of the Springfield Township Board was called to order at 8:00 p.m., Wednesday, June 4, 1980, by Supervisor Walls. All Board members were present at the meeting.

MINUTES:

Motion by Mr. Vermilye, supported by Mr. Whitley, that the minutes of the May 7, 1980, meeting be approved as presented. All members voting aye. Motion carried.

REPORTS:

Motion by Mr. Walters, supported by Mr. Vermilye, that the Treasurer's Report be accepted. All members voting aye. Motion carried.

Reports from the Building Department and Fire Department were submitted.

COMMUNICATIONS:

1. Resolution from the Township of Pontiac in reference to changes in Michigan Department of Social Services rules and regulations governing Adult Foster Care Homes. No action taken.

2. Resolution from the City of Birmingham supporting H.B. 5782. No action.

3. Letter from Phillip Dondero, Oakland County Planning, responding to our request for assistance in the development on Dixie Highway and improving the economic viability and appearance of Davisburg.

4. News Release from Oakland County Parks and Recreation Commission recommending that a one-quarter millage renewal be placed on the ballot for the August 5 local election.

5. Letter from the Oakland County Department of Management and Budget notifying the Township that the CETA patrol officer will be transferred to regular budgeted status effective May 17, 1980.

OLD BUSINESS:

1. Holly Greens Industrial Park No. 2: final plat approval granted.

2. Fire Dispatch: Motion to enter into a contract with the Village of Holly for one year at an annual rate of \$5,000.

NEW BUSINESS:

1. Planner's Contract: The Board will meet with various planners to discuss services available.

2. Springfield Oaks: Hours for the concessionaire to serve alcoholic beverages was extended from 10:00 a.m. to 10:00 p.m.

3. Discussion regarding improvements to the Township Hall.

4. Motion to advertise for bids for a radio for the Fire Department.

5. Authorization to allow the Fire Chief mileage for use of his vehicle for fire department business other than fire runs.

6. Mr. Bill Leddy was appointed to fill the vacancy on the Parks and Recreation Commission.

7. Assessor's resignation, effective June 13, 1980, was accepted.

8. Authorization to put millage question on the ballot for the August 5 election for roads and library, one mill each for five years.

9. Authorization to have 300 copies of the Zoning Ordinance printed by Johnson and Anderson.

10. Authorization to allocate \$6,500 from the Contingency Fund for expansion of the Davisburg Cemetery; survey to be done by Mosher-Mead-Kapelczak, Inc., and fill supplied by Tri-City. Discussion regarding repair of the pump at the cemetery. Mr. Walters suggested that the Board consider revising the fees for the cemetery.

11. Mr. Walls reported that the Township's property on Eaton Road is not restricted to use as a landfill. The property can be used for whatever purpose the Township desires.

BILLS:

General Fund - \$6,984.17
Fire Department - \$1,220.57

ADJOURNMENT:

The meeting was adjourned at 9:25 p.m.

Respectfully submitted,
J. Calvin Walters
Springfield Township Clerk

Chiropractic: A Twist For The Better

Richard Fox fell water skiing and twisted his entire body as he fell. This caused some very painful problems, as Richard said. "I didn't know what pain was till then."

But he didn't know what chiropractic was till then either. He came to Rumph Chiropractic Clinic bent over at the waist, with pain that started in the shoulder and went into his hip.

But we're happy to say that Richard felt relief after his first visit, and after about two weeks he felt normal and good again.

Richard Fox

Help For Sinus Sufferers!

"I was referred to Rumph Chiropractic Clinic by a friend. I had been having sinus problems and low back pain. The pain in my back was so bad that I stayed in bed all the time, and the sinus trouble also made me tired."

"But after I received two or three chiropractic treatments, I wasn't tired, so I didn't need to stay in bed, and also, I felt no more pain which made me very happy."

"I recommend that anyone with sinus or back problems should see a chiropractor. It really makes a difference, it's help without medication!"

Alice Scott

Tim Got More Than He Came For

"Being a skeptic of chiropractic I would have to be classified as a non-believer. However after just two visits I began to feel a lot of relief from pain in my right heel which was badly broken in an accident four years ago."

I might say that this is an added benefit, for I went to see Dr. Rumph because of bursitis in both my shoulders which I have not suffered from since starting treatments. I would greatly recommend chiropractic to anyone."

Timothy Edge

No Need To Live With Pain

I'd suffered with a ruptured lower lumbar spine since I was in a car accident in 1964. My regular doctor said I'd simply have to live with it the rest of my life.

Fortunately my brother urged me to visit Dr. Rumph. Within 3 weeks there was a definite improvement.

In addition, I no longer have colds or sinus trouble. I feel great.

A lot of my friends come to Dr. Rumph too, on my recommendation.

JOHNIE S. CARTER

Discover the Benefits of Chiropractic

"We have a family plan!"

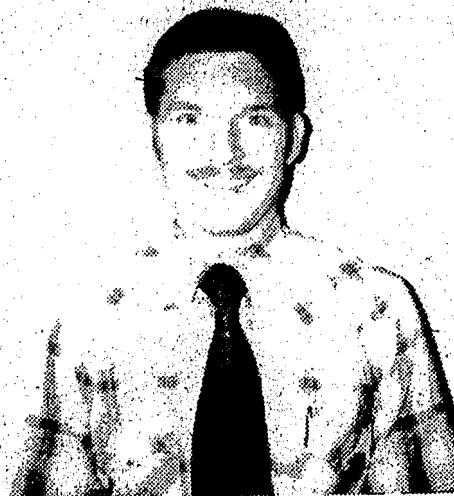

Warner O'Gurek had some back trouble this past year, so he decided to try a chiropractor. "It Worked," he said, "so I started to bring my family in for adjustments."

But besides Warner's back problem being taken care of, he found that other things were being effected too. He found his sinus problem being cleared up with no medication, and his stomach trouble has settled down so that he can eat a bigger variety of foods.

His family has also had some allergy and sinus problems cleared up. But remember, chiropractic care, aside from being good correction is also good preventative health care!

The Warner O'Gurek's

Coach Needs Correction!

Every fall for several years I would come down with sinus problems, a bad cold, and the flue. I had frequent pains and soreness in my back.

A year ago I started with chiropractic care and have had these problems practically eliminated. I feel healthier, and if any of my symptoms flare up again, one visit takes care of them. As a soccer and baseball coach I encourage my players with similar problems to see a chiropractor. When they do they stay healthier and play better. I would recommend anyone to give chiropractic care a try and enjoy their health.

It's no pain in the neck!!

Todd Vanaman

It's Not Just For Adults!

"I really recommend chiropractic" states Cathy Evans. Cathy, who was referred to Rumph Chiropractic by her mom, said that she noticed great relief from headaches that made her wish she could stay in bed all day.

"I recommend chiropractic, especially for small children. My little boy was 1 year, and my daughter 2 weeks when they had their first visits. Neither have any real health problem, I just don't want them to have the same ones that I've had.

Cathy Evans

Rob Gotch: I'm A Believer

Rumph Chiropractic Clinic made a believer out of Rob Gotch. He went through a lot of pain before he took his father-in-law's advice to see a chiropractor. But he was glad that he finally did.

Rob had a dirt bike accident in which he sprained both shoulders, so he came to Rumph Clinic with severe headaches and a stiff neck. Now after a few weeks of adjustments, he feels great and believes in chiropractic.

Can we make a believer out of you?

Robert Gotch

IT'S NOT ONLY FOR SORE BACKS

Dear Friends,

We have had the pleasure of helping hundreds of people in the Pontiac area begin to enjoy life again through Chiropractic care, and as some of the interesting stories contained herein shows, it's "Not just for sore backs."

One of the comments we hear most often from patients like these as they feel better is "I only wish someone would have told about Chiropractic sooner."

We feel that our purpose here at the Rumph Chiropractic Clinic is to help YOU as perspective patients to understand any questions that you might have regarding your particular health problems and to show you the many benefits other people like yourself, have received through Chiropractic.

Perhaps we will have the opportunity and the pleasure of helping you or members of your family and friends regain the most valuable asset you have - their health. As always we are here to serve you.

Yours in health,

Enjoy Good Health

Discover the Benefits of Chiropractic

"Chiropractic Gives Relief!"

"Chiropractic Gives Relief"

Delores Orenca is much better after three years of not taking the medication that medical doctors told her she would need for the rest of her life.

She came to Rumph Chiropractic Clinic with dizziness, pinched nerves, and a back problem all of which medications didn't seem to help. But with only three adjustments she felt a difference in her nervous condition, and with no medication!

"I feel 100 percent better now," she says. "chiropractic has done wonders for my health."

Delores Orenca

Only For The Back?!

After two years of re-occurring back pain and 10 to 12 muscle relaxants a day, David Dakroub decided to see a chiropractor about his problem.

He noticed improvement the day after his first visit and has taken no medication since then. Now he says that he feels "mentally better, with not so much pressure or depression, I'm back to my normal routine with no problem!"

David would also like people to understand that there is more to chiropractic than just correcting back problems, it gives a healthier, better outlook.

David Dakroub

Sound Familiar?

When Medical Doctors told Margaret O'Connor that there was no cause for the numbness she was feeling in both arms, she decided to try chiropractic care.

After only six adjustments at Rumph Chiropractic Clinic, she stated that she had been "hoping to get relief" and was "really pleased with the results."

Margaret O'Connor

20 Minutes for 25 Feet!

Earl Hotchkiss felt better after his very first chiropractic adjustment. "On my first visit it took me 20 minutes just to walk from my truck to the office door! The pain in my lower back was so bad that I couldn't even bend over to tie my shoes, and I was getting Headaches 2 and 3 times a week," says Earl.

"I feel 100 percent better now, and I send a lot of people to Dr. Rumph because he helped me so much."

Earl Hotchkiss

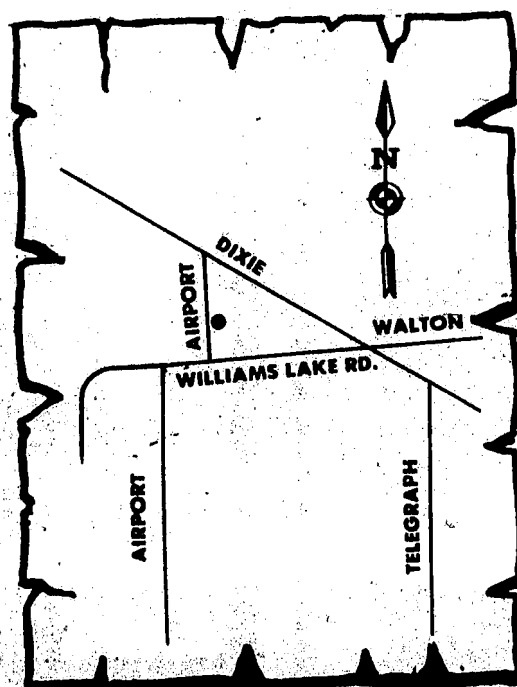

15 DANGER SIGNS

SIDE VIEW OF SPINE

THE SPINAL COLUMN

The spinal column consists of 26 bones, called vertebrae. Each of these vertebra contain a hollow ring in the center, placed one upon another, forming a canal in which the spinal cord is housed. Between each vertebra is an opening from which nerve trunks extend from the spinal cord to all parts and organs of the body.

The bones (vertebrae) of the spinal column are movable so that we may move, twist and turn. It is also the frame which the body is built around. It's the balancing mechanism and the center of all major movements of the body. There are 43 pairs of nerve trunks connecting the brain and spinal cord with all parts of the body. Of these, 31 nerve trunks extend from the spinal cord and distribute nerve energy to the thousands of organs, cells and tissues.

Every part of the body must get its normal amount of vital nerve energy from the spinal cord to function right. Because nerves have such an important influence on the physical action of all organs, and since illness is primarily abnormal activity in the affected organ, the best approach is to realize that there is interference.

There is interference in the nervous system cutting off the brain energy to the affected organs. All of these facts have long been known, but it was the science of chiropractic that discovered that minor displacements of a vertebra would cause nerve interference resulting in these distressing effects. Consult your chiropractor to determine the truth concerning your condition. He will help you keep your most treasured possession - your health.

DO THESE COMMENTS SOUND FAMILIAR TO YOU?

1. "The doctor took tests but couldn't find a thing."
2. "If I only could sleep at night."
3. "I'm taking muscle relaxers but they just don't seem to help."
4. "My back hurts all the time."
5. "The doctor said it's just bursitis and I'm going to have to live with it."
6. "My headaches are so bad that I'm beginning to think I've got a tumor."
7. "He said I'm going to have to have surgery."
8. "I'm so dizzy sometimes I'm almost afraid to drive."
9. "I'm so afraid of taking all that medication."
10. "My muscles hurt so, I feel as though I have a weight on my shoulders"
11. "The doctor said it's all in my head."
12. "I get so tired lately for no reason at all."
13. "I was so upset the other day when I was shopping, my legs gave out."
14. "I feel so nerved up lately."
15. "My hands are so numb I can't even hold a cup of coffee in the morning."
16. "That pain runs right down my leg."
17. "My neck is so tight I can't even turn my head!"
18. "I have this pain right between my shoulders."
19. "I just can't eat the foods I used to eat."
20. "Ever since I fell, my sinuses have been acting up."

IF YOU'RE HAVING ANY OF THE ABOVE PROBLEMS, MAYBE WE SHOULD FIND OUT WHY?
FOR EVERY CONDITION THERE IS A CAUSE.
