ZONE 2 INDEPENDENCE & SPRINGFIELD TOWNSHIP VOLUME 5 NUMBER 5 OCTOBER 22, 1981

District Finances Rebound

by Dawson Bell

The Clarkston School Board received the results of the district's annual audit last week with little comment.

As expected, general fund spending far outstripped revenue in 1980-81, to the tune of \$699,035. But the final figures were not as perilous as had been predicted by the administration last spring.

At one one, superintendent Milford Mason projected a deficit of up to \$920,000, but continued high interest earnings on short term investments and a reprieve from the governor on an anticipated executive cut improved that outlook at fiscal year end, June 30.

Investment earnings of \$334,627 were almost double the forecast figure in the 1980-81 budget.

As a result the district's general fund equity, which picked up the tab for the deficit, was depleted less than had been expected.

The district's financial outlook has im-

proved further since the bleak days of early spring as a result of spending caps put in place by the board and the administration.

Mason had projected growth in expenditures of \$1.35 million for 1981-82, bringing the district's total expenses up to \$14,355,330.

But personnel reductions and modifications, coupled with cuts in supply purchases and other operating expenses, have reduced the budget for the current school year to \$13,793,000.

Income, too, rose in 1981-82 budget projections thanks to the three mill increase in local property tax won by the schools in June. Budget projections on revenue are pegged at \$13,504,826.

Both income and expense figures are expected to change, however, when Mason presents the board with a revised budget in November. Revenue will drop by at least \$160,000, the amount of state membership aid lost when student enrollment fell off

more than had been expected.

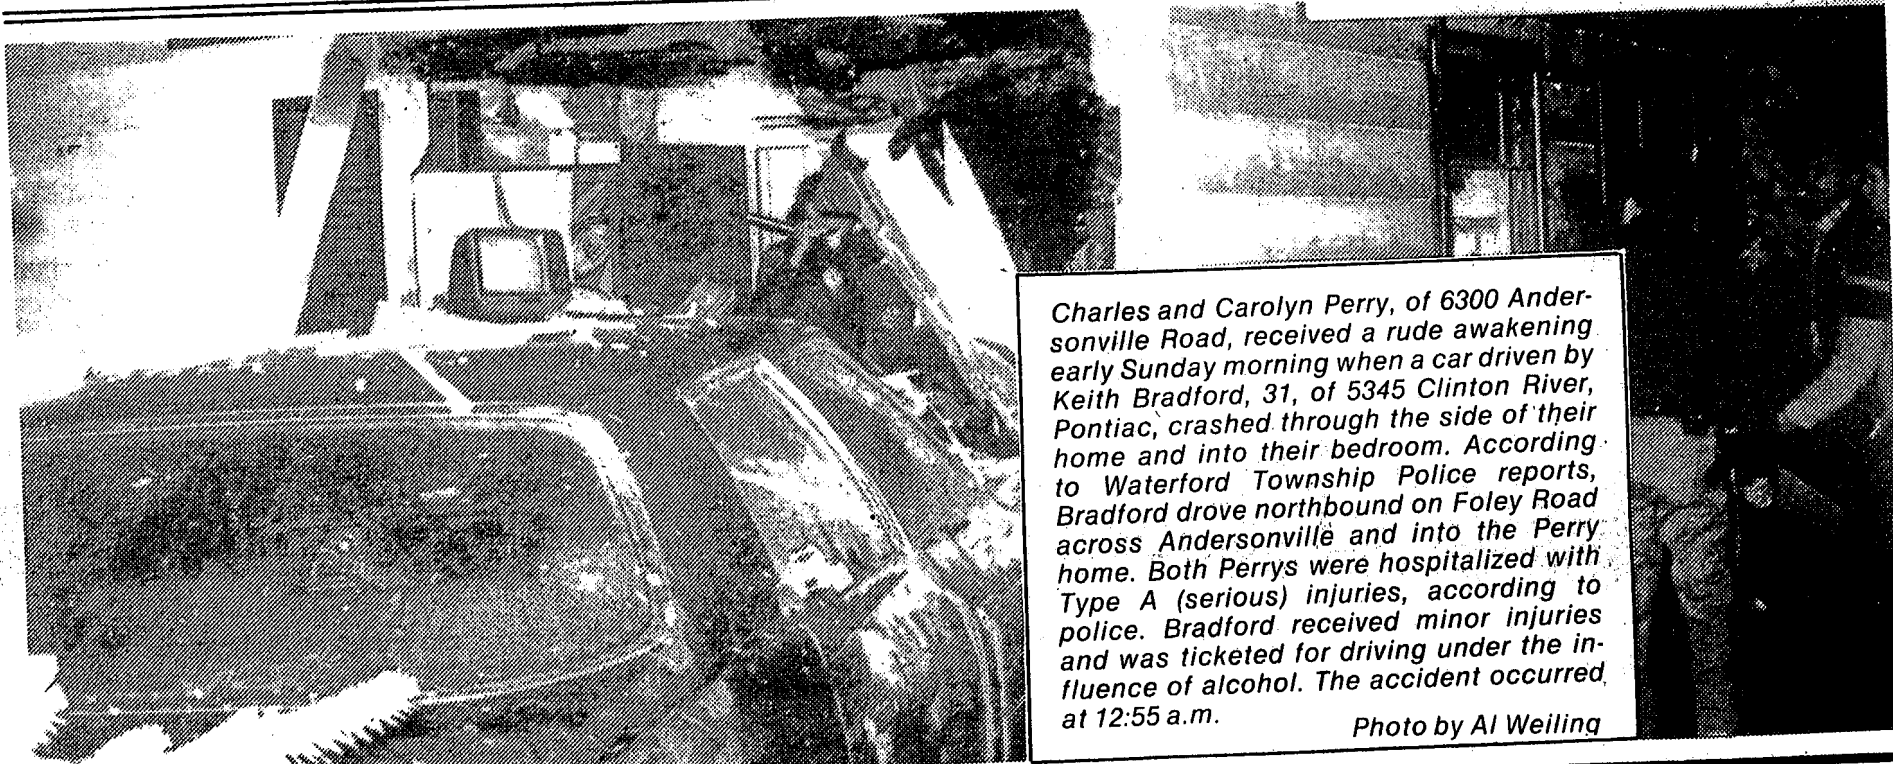

The addition of a new program for gifted children and start up expenses on a community education program are expected to push the expense side of the ledger up also, around to \$13,855,000.

Business manager, Stan Darling, said the administration hopes to keep the projected deficit under \$500,000 for the year.

It is not a rosy picture. But it is less discouraging than might have been expected.

In one sense, through the combined effects of budget cuts and high interest the district is likely to be three-quarters of a million dollars less poor in June of 1982 than had been predicted last spring, even without the millage.

With it, Mason is hoping that he can string out equity until "spending" falls in line with "getting", or the state legislature puts together a state aid reform package.

Charles and Carolyn Perry, of 6300 Andersonville Road, received a rude awakening early Sunday morning when a car driven by Keith Bradford, 31, of 5345 Clinton River, Pontiac, crashed through the side of their home and into their bedroom. According to Waterford Township Police reports, Bradford drove northbound on Foley Road across Andersonville and into the Perry home. Both Perrys were hospitalized with Type A (serious) injuries, according to police. Bradford received minor injuries and was ticketed for driving under the influence of alcohol. The accident occurred at 12:55 a.m.

Local Taxidermist Killed in Auto Accident

by Dawson Bell

Robert L. Brown, Jr., of Clarkston, was to have been married on last Saturday. Instead, he was buried in Ottawa Park Cemetery, the 21-year-old victim of an automobile accident.

Brown died a little after noon Tuesday in the St. Anthony Hospital Trauma Unit in Rockford, Illinois from head injuries suffered in a single car accident on Illinois Highway

75 in the early hours of Sunday morning.

He and Ruthanne Osmond, also of Clarkston, were to have been wed at Calvary Baptist Church in Waterford Township Saturday morning.

Brown had gone to Illinois for a taxidermist's convention. As the owner of the Waterford Hill Sports Center he had been practicing that art for the last year.

According to the Stephenson County (Illinois) Sheriff's Department, Brown was one of three passengers in a pickup truck driven by Dale E. Brown (no relation), 19, of Oak Forest, Illinois.

Dale Brown apparently lost control of the truck and it left the road. Bob Brown, who had been riding on the passenger's side, was thrown from the vehicle. Neither the driver, or two other passengers, William E. Wessman and Tony J. Malzone, were seriously injured in the accident, according to the sheriff's report.

Brown was taken to the trauma unit, where his family and Ms. Osmond's family kept up a two day vigil until his death at 12:50 p.m. Tuesday.

Brown was a 1980 graduate of the American Institute of Taxidermy. He purchased the Waterford Hill shop on Dixie Highway last fall and has been in the process of transforming the venerable old bait shop into a full service sports center.

Brown told The Reminder recently he expected to mount 150 white tail deer for area hunters this fall.

Robert Brown Jr. was the only son of Mr. and Mrs. Robert L. Brown, Sr. He is also survived by five sisters, Mrs. Al (Judith) Wright

of Texas, Mrs. Jack (Jill) Formichella of Ypsilanti, Jeannie Brown of Ypsilanti, Joani Brown of Waterford Township, and Julie Brown of Clarkston; and grandparents, Mrs. Mary Brown and Mrs. George (Dorothy) Strawn of Clarkston, and Mr. Paul Trager of Auburn Heights.

Robert Brown at work.

SCA Presents Drama

The venerable Apostle Paul will step out of history Friday evening October 30, and onto the platform of Dixie Baptist Century Christians. The drama will be performed by the students of Springfield Christian Academy under the direction of The Academy of Arts of Greenville, S.C. "Unfeigned Faith" is a biblical drama of the Apostle Paul and a young man named Timothy. The story is set against the backdrop of first Century dangers and persecutions.

Timothy as a young boy learn reluctantly from his mother that he must put away wooden swords and win the battle of life by faith. In one scene, Paul lays before Timothy all the dangers and hardships of the ministry and gives him three days to decide if he wants to join the Apostle in his missionary journeys. The young Christian does decide to join the Apostle and follows him all the way to Rome, witnesses his martyrdom, and then takes up his work preaching the Gospel amidst first century heathenism and superstition.

The program is the culmination of a week-long Drama Seminar which has been conducted at the school by The Academy of Arts. The students have received instruction in stage lighting, stage make-up and acting. The play will employ full Biblical costume, make-up and professional lighting. More than 25 students have been involved in the seminar.

The play will be presented in the auditorium of Dixie Baptist Church on Friday, October 30, at 8:15 p.m. Tickets are available at the High School office.

Costume Dance for Seniors

A senior citizen Halloween Costume Dance will take place at the Waterford Oaks County Park Activities Center on October 30 from 8 to 11 p.m.

The Pontiac Federation of Musicians will supply the music for ballroom dancing. Games, refreshments and prizes for the best costumes are all part of the festivities.

The dance is limited to the first 400 persons and registration is needed by October 21. Costumes are optional.

To register, phone 858-0915. Waterford Oaks is located on Watkins Lake Road between Pontiac Lake and Scott Lake Roads in Pontiac.

Haunted House on Maybee

Beginning Friday, October 23, and running through Friday, October 30, from 7:30 p.m. to 9:30 p.m., Frankenstein and a host of his fiendish friends will be taking up residence at 5331 Maybee Rd. between Sashabaw and Clintonville Rd., next to the cemetery.

The Clarkston Jaycees with an assist from the Clarkston Drama Club are planning to scare the wits out of you...

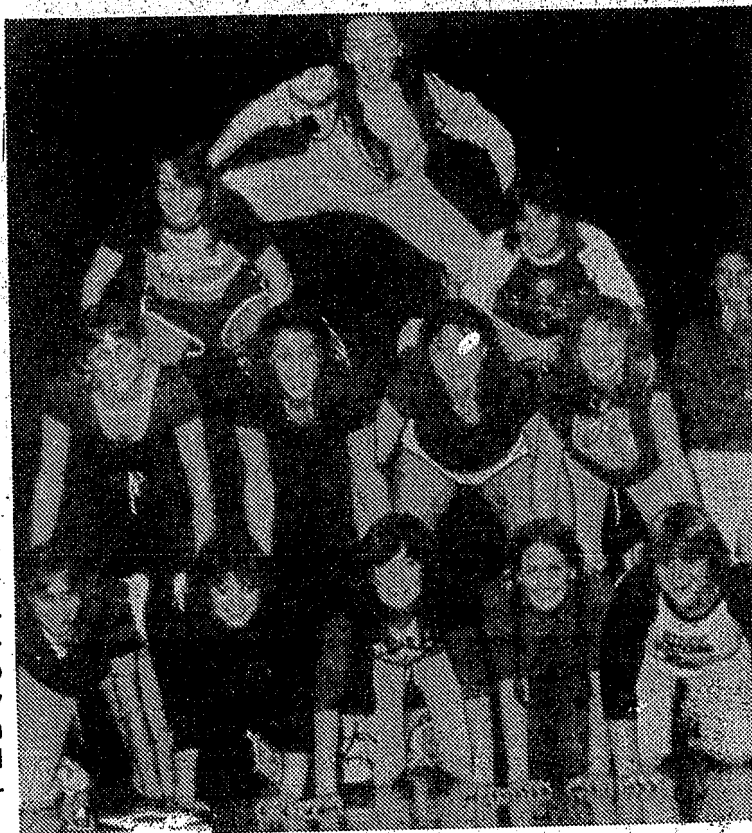

Crafts Space Available

It is not too early to apply for the 1982 Clarkston Community Historical Society's Crafts and Cider Festival to be held on September 17, 18, and 19. All arts and crafts should be handmade by the exhibiting artist.

Anyone interested in space for next year should send slides or photographs which are representative of all their work, along with a stamped, self-addressed envelope to the Clarkston Community Historical Society, P.O. Box 261, Clarkston.

Space is limited, also, for civic groups which would like to participate. Such groups are asked to sell a service (for example, food or entertainment).

For further information call Denise Symons, 625-8823.

Junior Miss to be Chosen

The Clarkston Junior Miss Program will be held this Saturday, October 24, at 7:30 p.m. and the finals on Sunday, October 26, at 6:00 p.m.

Tickets may be purchased by calling Barb Hamaker, 625-4041, or at the door.

There also will be an admittance fee for dress rehearsal on Thursday, October 22, starting at 7:00 p.m.

Dance for Cancer

"Shall We Dance" is the theme of the American Cancer Society's benefit scheduled for 7:30 p.m. on Wednesday, October 28 at Somerset Mall on West Big Beaver in Troy.

UNICEF Drive Saturday

Saturday, October 25th, Youth from the churches in Clarkston will be canvassing the community collecting money for UNICEF.

Young People and their drivers are to meet at First Church of God, 6300 Clarkston Road, at 2:00 p.m. for assignments. Cider and donuts will be served after the canvassing.

This is a ministry of the Clarkston Minister Association. For more information, call First Church of God, 625-1323.

Seniors Host Bazaar

The Independence Township Senior Citizens are working like busy bees preparing for their first annual Christmas Craft Bazaar. The Bazaar will be held on Friday, November 13, from 11 a.m. to 6 p.m. at the Senior Citizen Carriage House, 5980 Clarkston Road at the Clintonwood Park.

Table space is available to any Independence Township Senior Citizen who would like to sell their items. Donations for space must be received no later than Friday, November 6. This is a craft bazaar and only handmade items will be allowed for sale. No used or resale items will be accepted. For additional information call Rina at 625-8231.

Square Dance October 23

The Holly Square Dance Club will host a Halloween Costume Dance, on Friday October 23, at the Holly Elementary School. Dance starts at 8:00 p.m. Holly Elementary is on East Maple in Holly. For more information or directions call 634-5213.

Dance to Benefit ALA

The Sociable Ones Limited, a cultural singles group, will present a Halloween Dance for the benefit of the American Lung Association of Southeastern Michigan (ALASEM) on Friday, October 30, at the Sheraton Inn in Pontiac at 8:30 p.m.

Dance music will be provided by Carolyn and the Rhythm Makers and there will be a cash bar. Halloween costumes are welcome and a prize for the best costume will be awarded. Dinner for two at the Sheraton Inn, an autographed Detroit Pistons basketball, two tickets to a Pistons game and a special gift from Gwynn's men's shop in Birmingham are among the prizes to be raffled off that evening.

Dance tickets are available at the door and from Florence Laramie at the Sheraton Inn in Pontiac.

With
Lew Wint
Funeral Director

HOW LONG DOES IT TAKE TO PRE-PLAN A FUNERAL?

Pre-Planning a funeral can be done more quickly than you might have thought. The decisions that you make when pre-planning arrangements can be made without pressure, and you will have the assurance that your wishes will be followed.

We can provide you with all the types of information needed for planning your funeral. The type of service and the casket you select will be recorded for you; we keep a copy, and you also keep a copy in a safe place. (A safe deposit box, however, is not the place to store this information, since it may not readily be available to your family at the time of your death.) Tell others where you put the Pre-Plan papers.

All you need to do is fill out the forms to make your wishes known. If you wish, we can help you set up a trust fund, so as to be sure that the costs of the services you choose will be properly covered.

We can discuss your final wishes with you at your convenience - either at your funeral home or at your home. It is usually more practical if you come in to view our facilities and discuss the possible procedures. Just call us and we'll work out the details to suit you.

Dental Dialogue

by Gary R. Ushman, D.D.S.

Q. I purchased some mail order dentures. Now I am really dissatisfied with the fit and even adhesives aren't helping. What can I do?

A. The construction and repair of dentures is an area where Americans spend millions of dollars and not always wisely. Unfortunately there is a lot of quackery connected with dentures. Mail order dentures are a waste of your time and money, and because of improper fit they can actually damage the tissues of the mouth. If dentures irritate the tissues over a long period of time open sores can result. Improper dentures can even lead to the destruction of the underlying bone needed for support. See your dentist and have a well fitting denture made.

This column is presented in the interest of better dental health. From the office of Dr. Gary R. Ushman, 55 S. Main St., Clarkston, Michigan 48016. Phone 625-2066.

Consultants Begin M-15 Traffic Study

The highly touted, well financed and long awaited study of traffic and drainage conditions on M-15 got underway last week with the appearance in Clarkston of Richard P. Wolsfeld, a partner in the Minneapolis con-

sulting firm, BRW Inc.

BRW has been retained by the Village of Clarkston and Independence Township to review the problems of traffic congestion and inadequate drainage on M-15 (Ortonville Rd.) south of the Village. Within six months the firm is expected to present some options for the development of the highway and resolution of the drainage problem.

The independent consultant was hired by the two municipalities following public outcry over highway proposals suggested by the State's Department of Transportation (DOT), and subsequent inaction by DOT, who have said they will not move on the project until the township agrees to share funding of a drain under M-15 near Paramus Rd.

Wolsfeld thinks he can move the improvement process off dead center. After discussions last week with DOT officials he said, "My preception of (their position) is if a good solution is developed that is safe, meets approved design standards, and meets the needs of the community, they will endorse it."

The dissatisfaction with previous DOT proposals stemmed from long standing fears that improvements to M-15 along the commercial strip south of Paramus would bring increased pressure for highway widening through the Village of Clarkston.

A public hearing held in 1979 on a DOT plan for widening along the commercial strip to five lanes brought forth significant opposition, and a perception in some quarters that the state was not willing to listen to local concerns.

Wolsfeld said he does not believe that to be the case.

"I think they are open to considering alternatives," he said. "They proposed the five lanes as a spot safety improvement."

Wolsfeld said the state had offered, as proof of their good intentions, to turn over the stretch of M-15 between I-75 Dixie Highway over to the jurisdiction of Oakland County.

Despite his interest in DOT attitudes, however, Wolsfeld says his charge from the township board and village council is "to develop good alternatives."

In the coming months the firm will collect data on traffic counts, and accidents along the highway, together with forecasts of population and employment levels in the area in the attempt to assess the road's present and future use patterns.

Wolsfeld had scheduled for early this week a license plate count. Under the direction of Independence parks and recreation director, Tim Doyle, stations were to be established at the intersection of M-15 and Dixie Highway and at the I-75 interchange to determine how much of the traffic entering

the highway at its south end proceeded through the village and north as far as the expressway.

From the data base the company will attempt to determine the relative merit of various alternatives. Wolsfeld said he expected three, four and five lane improvements to be considered.

BRW also intends to maintain regular contact with local interests and the DOT as the study progressed. "We want all the participants to go through it step by step," he said.

Wolsfeld said he feels that active participation from each of the interested parties will result in a solution that is acceptable both locally and at the state level.

But, "If a consensus doesn't emerge, then I

guess what I'll have to do is tell them what my personal opinion is," he said.

Wolsfeld thinks that an agreed upon course of action could be implemented fairly soon. The state, he said, is willing to go ahead with the project if a cooperative approach can be mustered.

The drainage portion of the study is expected to review the source and severity of water runoff across the road and what the financial implications are of fixing them. The intersection of Dixie Highway and M-15 will also be scrutinized for possible improvements.

BRW's study is being funded by the village (\$5,000) and the township (\$15,000) with Community Development Block Grant funds from the federal government.

Walkers Raise 20 Grand for SCAMP

SCAMP walkers, 689 strong, hit the streets last Sunday to raise money for the summer camp program for handicapped youngsters. At day's end the non-profit organization had tallied \$20,036.02 on over 4500 miles of volunteer trekking.

The proceeds from the walkathon will be applied to an anticipated SCAMP budget for 1982 of \$54,000.

At right, Lynn Pet-

tinara and Terry Dearborn lead a contingent of youngsters along Holcomb Road on the first leg of a 10-mile walk.

EDITORIAL

It shouldn't come as any surprise that school district finances here in Clarkston are markedly less critical this fall than they appeared just six months ago.

The voters saw to that when they approved a new, three mills for schools on June 8.

But the expenditure side of the ledger is, to some degree, under local control.

In Clarkston, Superintendent Milford Mason has shown himself quite capable of containing costs.

So that when the district's 1981-82 budget came in initially at something like a half million dollars less than reasonable, inflationary projections would dictate, it was only another indication that Mason had been doing his job.

What is of some concern, however, is the willingness (on the part of the school board, the press, and perhaps a majority of the voters) to ever thing that he might not.

The board sat through more than one doomsday speech last winter and spring, listening intently and uncritically while the superintendent set a "scenario". The gist of which was that if they didn't get some more tax dollars out of the public or decimate school programming they would be facing a real deficit of a million dollars within the next year.

It is now apparent that almost three quarters of that million dollars could have been (and has been) offset with sound management and a little luck in the investment market.

Admittedly, it would have taken a bold prognosticator to challenge those figures last winter. And one would have to be even bolder to assert that the district didn't really need the millage; the day of reckoning, while maybe not as close, is still ahead.

But it is the responsibility of elected officials to challenge expert opinion, and to subject "hard" facts to political reality.

The plight of the schools is real (although maybe less real here than elsewhere), but nothing is to be gained by exaggerating its seriousness to the voters; they will always return the favor, with interest.

MIKE MORROW'S TRIVIA

BORING! 000

by Mike Morrow

If you ever wanted to torture me all you would have to do is tie me down and show

me home movies from your vacation.

It wouldn't be so bad if people went to exciting places that I'd never seen before but movies of a trip to Aunt Hilda's house in Iowa or a trip to Cadillac does not thrill me.

Yet people treat their home movies as if they contained scenery from the best places on earth when in reality the subjects are less than interesting. Who really cares about watching Aunt Hilda hold up the prize pumpkin she grew or her toy poodle Lulu doing a back flip. Now if Hilda dropped the pumpkin on Lulu then I might be interested.

Not only are the subjects boring but the photography is enough to make you give up roller coasters forever. Something happens to people who can't even handle a Polaroid One Step without cutting half of the picture off when they get hold of a movie camera. They all become Cecil B. DeMilles, panning with the camera zooming in for a close-up and swooping it this way and that. In their attempt to give us a good movie they usually succeed in giving us a headache.

But what do you say to someone who asks you over to watch some hot movies of their trip through Wisconsin dairy country? If you are like me you lie through your teeth and say you would love it when in reality you would rather hang by your thumbs. Hopefully, if you are lucky you will fall asleep until the movies are over.

After some of the dull movies I've seen I guess I should be grateful. I just have to sit through the movies of the vacation without suffocating from boredom, those poor people had to live through it.

LETTERS

Letter to the Editor:

MONEY GO ROUND

Children Should Be Taught Consumerism

by Brenda L. Schneider

There's a lot of furor today about whether businesses should be allowed to advertise their products on Saturday morning children's television shows. The concern is being generated because many people feel children are being influenced unduly in the marketplace because of advertising aimed at them. This latest consumer issue brings to light again the need for consumer education for our children.

A child's consumer consciousness begins to develop at a very young age; a good example is the tiny tot begging his mother to buy Cap 'n Zoro Fruitgoop cereal. He remembers that the television told him that there would be a prize inside the box for him and he doesn't want any other kind.

Your child is destined to be making purchases the rest of his life and parents have a responsibility to teach their children as much about consumer education as they would about good nutrition. These fundamentals will help your child make better decisions in the marketplace which will in turn make his dollars go further.

Here are some tips on how to teach consumer education to your children.

1. As soon as your child begins to retain what he hears and sees on television, start to talk to him about the worth of an item. If it's a toy, on your next shopping trip let your child examine the toy as you point out the worth of it.

2. If you watch commercials with your children, take time to teach them to sort out if the item advertised can really live up to the promise it makes.

3. Provide your child with an allowance or pay him for doing additional household chores. Then it will be his money used to

make a purchase. It doesn't take a child long to put a value on a purchase when it's bought with funds earned by spending Saturday afternoon cleaning the garage.

4. When your child can read, let him analyze your grocery list with you prior to your shopping trip. Encourage him to pick out good buys. Then take your child to the store with you and teach him to read labels so he knows what he's spending his money on.

5. Encourage your child to set goals. This gives them something to work and plan for in the future. This fosters good self-discipline and becomes a great springboard for teaching other consumer skills. This can be done in a variety of ways. Of particular interest to your child might be the purchase of a calendar and some ornamental stickers. The sticker can be applied to the specific date on the calendar when the goal is accomplished. The child then can see when he or she met the defined goal.

6. Teach the concepts of saving by encouraging your child to save a portion of his allowance or a portion of money earned for accomplishing a given household task. Have a piggy bank where the child can save his money until he or she wants to put it into a savings account at a bank where it can make interest.

7. When your child can read, encourage the use of newspaper ads as a tool to learn about comparison pricing. Your child will soon learn the value of comparing prices before going into the marketplace.

8. When shopping for clothes for your child, show him or her the care instructions for the items to be purchased so they can begin to learn that properly cared for clothes will last longer.

9. If you use credit cards a lot when you shop, it is important that your child understand that even though no money exchanges hands, you still must pay for the item and, in fact, will pay more for the item than had you paid for it at the point of purchase. Many children, and your child may be among them, have no concept of how consumer credit works. The next time you use a credit card you might want to discuss how consumer credit works with your child.

The need for consumer education is great as the marketplace becomes more complex. Consumer education in our homes and schools can be an effective vehicle for moving easily from the immediate and the "practical" to more thoughtful considerations. Spending patterns are not merely representations of expenditures of dollars, they reflect the possible crystallization of aspirations and plans based upon one's personal value system. Why are those aspirations what they are? How will they be manifested in one's long and short term goals? What cultural and socio-economic factors influence one's value system?

By looking at those everyday situations which he experiences, your child can come to know himself and his impulses. He can learn to value his emotions rather than to reject them. He can also learn to guard against his own irrational biases. Such probing is of tremendous assistance to young persons who need to understand and accept their own motivations and emotions.

POET'S CORNER

Everlasting Love

Love sets it own pace
It's in no race

Love fills the world
Yet takes up no space.

Love is known
Yet has no face

Love is more than words can say
It surrounds us every day

Love is a heart in bloom
In which leave no gloom

Love whispers, love sings
Love is many things

But most of all
Love lasts.

Motel Fire Causes \$60,000 in Damages

Photos by Al Weiling

A fire broke out early Saturday morning at the Oakland Motel, 6854 Dixie Highway, causing an estimated \$50,000-\$60,000 in damages. The fire started in the motel's attic, and when Independence Township firefighters responded at 7:30 a.m. it had filled the edifice with smoke, forcing the evacuation of sleepy-eyed occupants. One fireman suffered a minor cut, no other injuries were reported. Township fire investigator, Gar Wilson, said the cause of the fire was undetermined and under investigation.

NEWS BRIEFS

DNR Keeps "Hands Off"

Another two hour public hearing on Deer Lake boat traffic was held last week at the Independence Township Hall. Department of Natural Resources (DNR) Water Safety Division officer, Eric Smith, presided, but offered little encouragement to residents that the State would involve itself in controlling the popular summertime recreation area.

The latest DNR hearing concluded a series of public sessions on the question that began in August when the township board approved funding for a new boat ramp at the lake's east end.

But the public clamor for stricter regulation of high speed boats is likely to continue, despite the apparent un-

willingness of the DNR to impose additional restrictions. Smith said the problem was "local".

"You run your own township," he said. "It's not our business."

Independence Township manages Deer Lake's only public access point.

Increased numbers and speed of watercraft on the lake have caused concerns among lake residents in recent years. And the township came under heavy fire for replacing the boat ramp, seen by some as an open invitation for even heavier concentrations.

The DNR, looked to as a higher authority, was brought into the fray. But Smith said the Water Safety Division was unlikely to suggest additional controls unless the lake's accident record worsened.

The approximately 40 lake area residents

in attendance at last Wednesday's hearing, however, vowed to continue their push for stricter regulation and more rigorous enforcement of regulations already in place.

Park Shelter On-Again

The on-again/off-again shelter for Clintonwood Park is on-again. And no one seems to know quite how. And no one seems to know why.

Sent back to the drawing board two weeks ago by the Independence Township Board for revised specs, parks and recreation director Tim Doyle's plans for an all-weather shelter and fitness trail at the popular township park were up in the air.

Doyle had been notified cuts in the federal government's land and water conservation

grants were going to leave him \$17,250 shy in matching money for the project.

Then, miraculously, a new notice -- Sorry, We have to cut back. We can only send you \$17,000.

It's the kind of tale to make a grown David Stockman cry.

But Doyle was elated. He had been trying to figure out how he could put together a \$35,000 project with \$17,000, especially when board members were grumbling that they had only agreed to the additions in the first place because the feds were going to pay half.

Now, with renewed board approval expected Tuesday, he has only \$500 to trim.

Doyle doesn't have any explanation. "It was approved by the State a year ago," he said. "But when it got to Washington, Reagan put a freeze on and we thought it might be dead."

"Somehow they shook it loose."

Supervisor Jim Smith has a theory, however -- "I suspect the money got too far away from Washington and they couldn't figure out how to stop it."

The original improvement plans called for a 30 foot by 60 foot shelter, extending off the south end of an existing restroom/storage facility at the park, with a fireplace included for winter warming.

The fitness trail is intended to ring the perimeter of Clintonwood and feature exercise stations along the route.

Doyle said last Friday that, if the board gives him approval, he would like to get the shelter finished this fall.

"The fitness trail will have to wait until next spring," he said.

Lunch Prices Up 10¢

Clarkston's School lunch prices took a jump this week with the introduction, Monday, of increases approved by the board of education at their meeting of October 12.

The full meal price was raised from 75¢ to 85¢ in the elementary schools and from 85¢ to 95¢ in the secondary schools.

The board enacted the increase on the advice of food service director, Mary Claya, who took over the job in September. Her predecessor, Debra Dillon, had predicted the increase would be necessary last year.

Claya said, "We can't afford to have the general fund subsidize the food service."

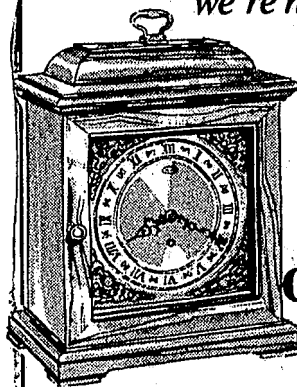

She cited a cutback in federal subsidies for school lunches as the primary reason for her increase request.

The Reagan administration, she said, has reduced subsidies for the two of the three lunch categories. For regular (full price) meals the government provided 16¢/meal in 1980-81; this year that figure is down to 10.5¢. For "reduced" lunches, the feds contributed 63¢ last year; that has been reduced to 58.75¢ in 1981-82.

Free lunches, those served to students deemed most needy, have actually been in seen their federal subsidy increase, from

83.5¢/meal to 98.75¢/meal. But since so few students in the Clarkston district participate in that program, its effect is not great here.

Lumberjack Builders Win Fire Hall Construction Bid

by Dawson Bell
Erection of a new Springfield Township fire hall is expected to get underway soon, following board approval last Wednesday of

a construction bid from Lumberjack Builders, a company owned by Davisburg resident, Jack Watson.

Lumberjack came in as the low bidder on the \$150,000 building project and was one of two bidders that estimated construction costs under original projections, according to supervisor Collin Walls.

Construction costs on the building, to be located at the corner of Rattalee Lake Road and Dixie Highway, totaled out to \$149,042.

Of the total, approximately \$120,000 was allocated to the fire department from a general fund loan. The fire fund itself (with \$35,000 available), will cover the rest of the initial cost, with the exception of \$15,000 for paving and landscaping which has been allocated from Community Development Act (CDA) funds.

Additional CDA monies will be spent to make equipment purchases for the new station. In all, the township is budgeting over \$200,000 for the project, although township officials say it should come to less than that. Two fire trucks, a 22,000 gallon tanker and a rescue van, have already been purchased and will be stationed at fire hall Number 2.

Final approval of the new station came more than a year after the board expressed its intention of augmenting Springfield's 25-man volunteer fire protection service with additional facilities. The first architectural renderings for Number 2 were drawn up last year.

Plans for the fire station include 3 truck bays, a hose tower, dispatch room, bathrooms and showers, and a community room. The community room, however, is not included in Phase 1 construction; it is slated for addition when funds become available.

The board directed supervisor Walls and

township treasurer, Pat Kramer, to finalize contractual terms with Lumberjack Builders. Walls was also named to serve on a construction committee along with fire chief Marlan Hillman and the building's architect, Al Lopez.

The new station will be sited on acreage leased from the Oakland County Road Commission. The Road Commission has agreed to fence the property in as part of a 49-year, \$6,000 lease agreement with the township.

Township officials said slight modifications to that agreement, necessitated by changes in the building's final layout, would have to be completed before construction began. But they anticipated no difficulties.

Fire Station Number 2 is expected to become operational sometime in early 1982.

School Board Approves Bus Purchase Despite Hubbard Objections

The Clarkston School Board approved the purchase of six new Carpenter diesel transit school buses last week. But only over the vehement objections of board member, Addison Hubbard.

The usually reserved Hubbard angrily denounced an administrative recommendation to purchase the Carpenter units over comparably equipped Bluebird transit buses.

Superintendent Milford Mason said he based his recommendation on cost. The bid Carpenter submitted to the district carried a price tag of \$47,021 per unit, compared to \$48,906 per unit for the Bluebird. For six buses the price difference is about \$11,500.

"I cannot say that a Bluebird is better than a Carpenter or that a Carpenter is better than a Bluebird," Mason told the board.

But Hubbard disagreed, saying, "Even though the Bluebird is a more expensive unit...in my opinion they are a better unit."

He also had sharp words for the way in which the administration conducted its review of the bids. "I feel that Bluebird didn't get a fair shot," Hubbard said.

Both companies had been invited to the district to demonstrate their product, according to Mason. But Hubbard said that discussions the Friday prior to last week's board meeting with Wolverine Coach Corporation officials, the Carpenter Marketing Company, constituted post-bid negotiations that Great Lakes Sales, for Bluebird, had not been privy to.

Mason, in turn, denied that allegation. "Both sides have had an opportunity to know

what's going on," he said.

And the rest of the board seemed disinclined to take issue with the administrative recommendation. Board president Janet Thomas said, "If both (companies) have met (bid) specs, then the bottom line is the cost."

The schools' director of auxiliary services, William Dennis, agreed.

"I felt both buses were (judged) on an equal par," he said. "And I feel certain that we're getting just as good a bus (in the Carpenter)."

Dennis admitted that the district had experienced problems with a Carpenter bus it purchased several years ago, but he said that the new buses were of different design and, in his opinion, the problems had been resolved.

Great Lakes sales representative, Charles McGlinn said after the board made its decision to buy Carpenters that he felt his company didn't get a "fair shake."

He maintained that the Carpenter units, which call for a 19,000 lb. axle, compared to 24,000 lbs. on the Bluebird, were not as safe a bus.

He also resented the cost comparisons the board used in assising the bids. "They could have turned two items around and it would have changed the whole thing," he said.

McGlinn was especially frustrated by Thomas' refusal to allow him to present the Bluebird sales pitch before the full board. Thomas insisted that last Monday's session was for the sole purpose of board review and that the companies should be judged upon what they had included in their sealed bids.

The six new Carpenters will be the first bus replacements in the district (except in special education transport) in the last four years. Mason projected the continued purchase of six units every other year until the whole bus fleet is replaced.

Clarkston will take delivery on the first buses in July, 1982. The total cost, \$282,156, will come out of general fund transportation budget money from both the 1981-82 and 1982-83 fiscal years.

National Restaurant Month

Foxy's Successful at Clarkston Mills

Foxy's, the Machus restaurant at the Clarkston Mills Mall, has been in operation only a little over two months.

But it hasn't taken that long to make an impression on Machus company officials. Manager Tom Reiter, when asked how the latest addition to the Machus family compared to Bloomfield's Red Fox or the Rochester Foxy's, manager Tom Reiter responded, "They're starting to do some of the things we do here; we've been very successful."

"We like to say we have something for everyone," Reiter adds.

"This restaurant is a lot lighter and more informal than the Red Fox, but we have maintained high standards for our food."

The Foxy's menu is also varied, featuring running the course from enticing snacks through full, elaborate meals.

Foxy's also draws well at its afternoon happy hour from 3 p.m. to 6 p.m.

The Clarkston Mills is at 20 West Washington, Clarkston, one block west of Main Street.

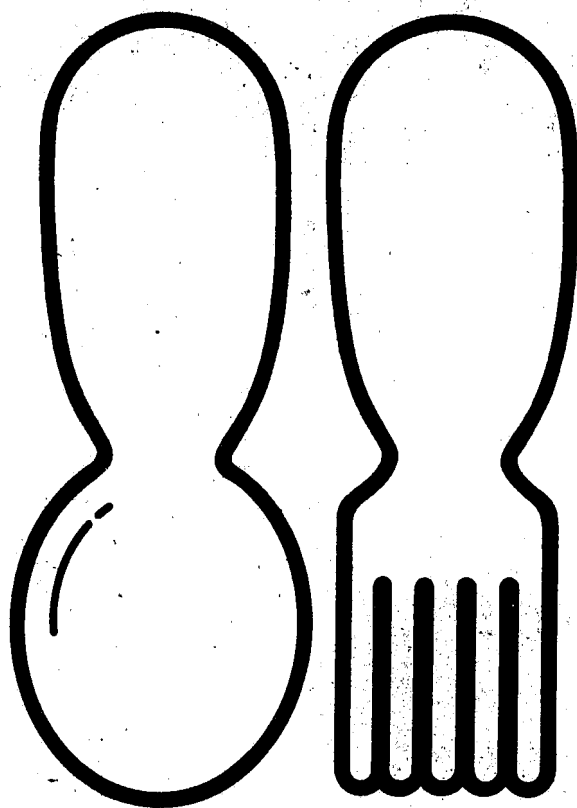

Lupe's Capitalizes on Tenuta's Fine Tradition

Lupe's Mexican restaurant is the successful downtown Pontiac offspring of longtime westside favorite, Tenuta's Villa Rio.

Owner, Peter Tenuta, has brought the food and seasoned management techniques closer to Saginaw Street and incorporated them into a tasteful and reasonably priced menu.

Among the house favorites -- a nacho, complete with Lupe's specially seasoned beef and topped with melted cheese; the botana, a "bean" nacho, with olives and pepperoni tossed in; mariachis, Mexico's answer to "sweet and sour" -- "hot and cold", tortilla chips and beans, topped with shredded lettuce, sour cream, and jalapeno peppers; the vegetarian nacho is also a preferred item with many Lupe regulars.

Lupe's is located at the corner of Wide Track Drive and Huron Street, just east of the railroad tracks.

Revere's Reputation for Fine Food Unmatched

If fine quality Mexican food, friendly, efficient service and a relaxed informal atmosphere is your idea of a "night out"; then Revere's in Oxford is the place for you...and your family.

For more than one year the owner Larry Laidler has been serving the area with his special style and for the last seven years Revere's has offered some of the finest Mexican style food in all of Oakland County.

To say the portions are generous for all of Revere's dinner features is an understatement. The specialty of the house, "Nachos Supreme" is simply an experience and very few customers seem to leave without a "doggie bag" for midnight snacking at home.

The pastry-like flour tacos in the Titanicos Dinner are packed with beef, cheese, lettuce, and a special tomato sauce. Even the borderline Mexican style food lover will find this dinner to be a real taste sensation. Both mild and hot sauces are provided at your table so you may season your dish to taste.

Located at 1076 South Lapeer Road in Oxford, Revere's is open 11 a.m.-2 a.m. every day except Sunday when they open at noon. All major credit cards are accepted.

Wing Lauk Introduces Cocktails to Menu

Wing Lauk, Waterfall Plaza's popular Chinese restaurant, is the creation of Leo and Diane Gee. Together, and with the help of three working children, they opened Wing Lauk 2 1/2 years ago.

They have been expanding and improving services ever since.

Dry for its first two years, Wing Lauk now serves cocktails. The new license also made it possible for the Gees' to open up their banquet facilities in time for the holidays this year.

And, from the start, Wing Lauk's has been known for its fine menu of Chinese and American foods, served in a charming atmosphere.

Among the specials available at Wing Lauk -- a platter for two, including soup, egg rolls, almond chicken, BBQ spare ribs, fried shrimp, sweet and sour pork, and fried rice.

All accompanied by the reliable Gee family service.

Wing Lauk is located on Dixie Highway, just south of Andersonville Road in the Waterfall Plaza.

Flo's Forte is Family-Style

Flo's Country Kitchen in Ortonville is, not unexpectedly, a family-style restaurant featuring homemade food at reasonable prices.

Marge Kirchner, Flo's manager, fits right in with that theme, six of her ten children have either worked in the restaurant before or are working there now.

Flo's is open every day at 6 a.m. for the breakfast crowd, and stays open until 10 p.m. weekdays and Sunday, and until 12 midnight on Friday and Saturday.

And most of what comes across the counter during the course of those hours is homemade. That includes Flo's famous pies in fourteen different flavors.

New at the Ortonville restaurant is an expanded party/banquet/meeting room that seats fifty.

Flo's Country Kitchen Restaurant is located at the corner of M-15 (Ortonville Road) and Glass Road in Ortonville.

Michigan Restaurants Triple Since 1970

The food service industry in Michigan will record sales of \$5.63 billion in 1981, according to estimates from the Michigan Restaurant Association. That's nearly triple the sales recorded in 1970.

The average Michigan resident will spend \$549.72 dining outside the home this year.

Michigan's 25,000 foodservice operations, including fast food restaurants, tableservice dining establishments, cafeterias, food contractors and food operations in hospitals, schools, hotels and department stores provide 360,000 jobs, making them the state's largest retail employer.

Today Americans spend four percent of their disposable income on meals outside the home, more than the proportion spent on medical services, new cars, education or home entertainment appliances.

In 1979, about 37 percent of the consumer's food dollar was spent on food-away-from-home, compared to 33 percent in 1970.

and 25 percent in 1955. By the year 2000, it is estimated that consumers will spend 50 percent of their food dollar in foodservice establishments. Eating out will benefit due, in part, to the upward trend in the number of two-wage earner families.

In 1980, eating and drinking places nationwide employed 4.8 million persons with a payroll of approximately \$19 billion, larger than the employment or payroll of grocery stores, department stores or auto dealers. Commercial restaurant sales are more than those of building supply and hardware stores, gasoline service stations, drug stores, apparel stores or furniture and appliance stores.

Despite these figures, 94 percent of all restaurants have sales of less than \$500,000, categorizing them as small businesses. Over 60 percent of all restaurants are sole proprietorships or partnerships.

Great Food Emphasized at Pete's Road Haus

Pete's looks, feels, and tastes like a road house. No surprise, it's full name is Pete's Road Haus.

Situated on heavily traveled M-24 in Lake Orion, Pete's is owned and operated by veteran restaurateur, Pete Kalohn, a lifetime resident of Lake Orion.

It is a family run operation and has been since opening, March 17, 1973.

To get to Pete's Road Haus from the west, take Clarkston-Orion Road to M-24 (Lapeer Road) and turn left; Pete's is a block away.

Harry's Offers 10 Day Special

Harry's of Drayton Plains is taking national restaurant month seriously. From October 21 through the 31st, the purchase of a lunch or dinner at the regular price, entitles the second member of the party to a meal at half price.

The special is typical of the price discounts that are a regular feature at Harry's.

For example - Every Sunday is Brunch Day at Harry's. Eggs any style, bacon, sausage, potatoes, chicken livers, pancakes, danish, fresh fruit, the works, and a dollar off this weekend.

Harry's lunch and dinner menus features a fine selection of pizza, ribs, and Greek salads. Beverages include offerings from a full bar.

Harry's is located at 5171 Dixie Highway, Drayton Plains, across the street from the K-Mart Shopping Center.

SPORTS

Despite Home Course Advantage, Golfers Lose Two

Senior Golfer Dave Huttenlocher

by Ron Wagner

It was a bright, sunny day last Tuesday and there was a healthy breeze blowing. It was a beautiful setting. Unfortunately, Jim Chamberlain's golf team didn't play up to the weather, they lost to West Bloomfield, 167-171.

Chamberlain had a total of 30 linksters playing at Spring Lake Country Club, Clarkston's home course.

The golfers were sent out onto the course in order of season averages. The top two of Clarkston went out with the top two of Bloomfield and so on. Depending on the number of golfers available on each team, a JV match may also be played.

The scores from the first four finishes on each team are added together to determine match scores.

The first two on for the Wolves were Mark Piazza and Enzo Duva. They were followed by Dan Gaulin and Dave Huttenlocher, then Eric

Tiaht and Jeff Hoeksema. All six have figured in CHS scoring through the fall season.

Tiaht was the team medalist with a 41 and Gaulin's and Piazza's scores counted. Huttenlocher and Hoeksema tied for fourth.

The team had nothing but praise for the fall course at Spring Lake, especially the greens, which have remained smooth and lush despite a succession of early frosts.

Spring Lake is also favored by the CHS linksmen because they play it regularly.

"On other courses you have to pay more attention to where you hit the ball," said senior Gaulin. Away matches do help in one way, however, they require the golfers to concentrate harder, according to Gaulin.

Despite their "home field" advantage, CHS struggled last week losing first to West Bloomfield and Thursday to Waterford Mott, 159-172. Scoring against Mott were Piazza, Guva, Gaulin and Huttenlocher.

CHS Cross Country Teams 2nd & 6th in County Meet

The Cross Country teams split Tuesday at Mott. The girls won 22-35. Sheri Rowland was first in the 5000 M run with a time of 20:49; Chris O'Rourke, 3rd, 22:10; Pa. Stoecklin, 4th, 22:11; Aileen Collins, 6th, 23:06, and Tracy Sherman, 8th, 24:18.

The boys lost 22-36. Paul Burch took first place at 17:16, John McInnis, 5th, 18:12; Al Wall, 18:44, Scott Coppersmith, 10th, 18:46; and Gil Degato, 12th, 19:12.

Saturday the teams competed in the GOAL league meet. The league standings are determined by an average of the league meet finishes and the dual meet records. The boys were 6th in the meet, but moved to 5th in the league. Burch finished fourth in the three-mile run with a time of 16:21.

The girls ended up second, the best in CHS history. Although undefeated in dual competition, Rowland was hampered by a hip injury and finished 3rd at 19:35. Stoecklin was 7th at 20:25.

Both girls, along with Burch, were named to the All-League team.

Tennis Team Closes Out Season With Wins

The girls tennis team had a full final week, with three matches and regionals. Monday they lost to the regional champs, Brighton 5-2. Mary Smith and Shelly VanKeuren took the wins for Clarkston. On Tuesday they whipped Lakeland 6-1 and Wednesday they beat Rochester Adams 5-2.

The team was not without recognition Friday at regionals. Mary Smith was seeded first at first singles, Sue Spain was seeded third at third singles, Shelly VanKeuren, seeded second at fourth singles and the third doubles team was seeded third.

Spain and Jenny Kithil (2nd singles) made it to the semi-finals, VanKeuren lost in the finals, and Smith walked away with top honors, winning the first singles. Her performance earns her a spot in the state tournament.

The team came in third overall behind Brighton and Rochester.

Note - Clarkston's junior varsity football team did not play last week. Their would-be opponent, Waterford Kettering, is not fielding a JV team this year.

SCA Kickers Win 3, Remain Unbeaten

Springfield Christian Academy ran up their regular season soccer record to 10-0 last week with wins over Brighton Christian, Community Baptist of Port Huron, and Faith Bible School of Davison.

The kickers, playing without the services of top goal scorer, Rod Phillips, who suffered a broken arm in tournament play October 10, got by Community Baptist on Tuesday. The final score was 2-1; athletic director Tom Norton said a wet field hampered both sides in that encounter.

On Thursday the prepsters mauled Brighton Christian, 19-0, in a home contest played at Colombiere College. Freshman, Ryan Pike, scored four of Springfield's goals.

Friday's game was the week's toughest. But SCA turned the trick, scoring a 1-0 vic-

tory on Tigg Vanaman's penalty shot with four minutes to go in the second half.

Springfield plays its final regular season games this week, Tuesday at Colombiere again Oxford and Friday in Roseville where they take on Calvary Baptist.

The Michigan Association of Christian Schools tournament begins this week too. SCA will play its first game Thursday against Davison's Faith Baptist on a neutral field at Grand Blanc. Game time, 4:30 p.m.

Norton said he considered the school's chances in the state tournament "pretty good". "But a lot depends on whether or not Roddy Phillips can play," he added.

The junior star was still questionable Monday. Norton said he probably could play if doctors could remove a hard cast and replace it with a softer one.

CHS Steals High-Scoring Kettering Game

The Clarkston gridders avenged their own homecoming loss by defeating Waterford Kettering last Friday at theirs. Final score, 26-22.

Dave Fulcher opened the scoring with a 2-yard dive in the first quarter. The Captains took the lead in the second 7-6, but Fulcher struck back on first and four from the four. A two-point conversion attempt failed. Half-time score 12-7.

Then in the third, Eric Beamer went in with a Mike Stefanski pass on third and three from the three. Willie Williams provided the point after. Kettering picked up two points

near the end of the quarter with a safety following a blocked punt.

On their possession following the safety, the Captains threw a 30-yard pass to end the third quarter and added 7 at the beginning of the final quarter to make the score 19-16.

The Wolves came right back with a 25-yard, third down pass to Rich Schrader. On the next play, from the three yard line, Fulcher scored his hat trick TD. Exchange student Jorge Thiers booted the extra point.

It was by far the most impressive offensive showing by the CHS gridders to date.

Kettering scored one final time to make the score Wolves 26 - Captains 22.

B-Ballers Split

The girls had an even, but productive week, losing one and winning one.

They lost Tuesday to Warren Cousino at home 57-52. Michelle Ulasich was the high scorer with 18 points and 5 assists. Annette Ulasich had 9 points and 15 rebounds.

Thursday they traveled to Rochester and ruined a weak opposing team, 40-24. Coach Dave McDonald took advantage of the rout to play his entire squad. Michelle Ulasich had 11 points and Sue Ketvirtis had 9 rebounds.

Said McDonald of the week, "We played two good games, and I'm hoping we're back on track again."

Robert Kraud

Free Tax Seminar at Deer Lake Club

Two free seminars on "How to Use The New Tax Act Profitably" will be sponsored by Shearson/American Express, Inc., the New York based financial services firm. The

first seminar will be held at the Deer Lake Racquet Club in Clarkston on October 27, from 7:30 p.m. to 9:30 p.m. and the second will be held the following evening Wednesday, October 28, from 7:30 p.m. to 9:30 p.m. at Roma's of Bloomfield on Telegraph Road.

These seminars, being held nationwide by the 260 Shearson/American Express branch cities have already been attended by over 30,000 people. They focus on the recent landmark legislation, The Economic Recovery Tax Act of 1981. This act, the cornerstone of the Reagan administration's economic policy, is designed to restore incentives for economic growth and encourage capital formation and job creation.

The public is invited to attend and learn how the new law will benefit them. The seminars will cover the following areas: Estate and Gift Tax Relief, Retirement Planning-IRA/Keogh, Tax Free Savings (All Savers Certificates), Tax Credits for Business Incen-

tive, Special Deductions for Charitable Contributions, and Deferral of Tax Disadvantaged Income.

Robert W. Kraud, Certified Financial Planner, will discuss the new laws' implications for investors and outline investment strategies that will benefit both individuals and business.

A special booklet, prepared by Shearson in conjunction with the national accounting firm of Coopers & Lybrand, will be available to those who attend these seminars.

Reservations are required for the seminars and refreshments will be served at both Deer Lake Racquet Club and Romas of Bloomfield. To make a reservation, call Robert Kraud at 358-5000 ext. 218. If you would like a copy of the special booklet but cannot attend one of the seminars, you can reserve a copy by calling the above number.

Colleagues Honor Mel Vaara

Clarkston Schools assistant superintendent, Mel Leroy Vaara, was honored Friday, October 16, by his colleagues on the Oakland County Curriculum Council.

Vaara is the outgoing president of that body and the council paid tribute to his efforts in the past year by presenting him with an engraved bronze plaque.

The curriculum council is a study and planning auxiliary of the 28 public school districts in Oakland County. Throughout the year the group discusses educational goals, writes position papers and makes recommen-

dations to the district on a variety of curriculum topics.

Vaara has been with the Clarkston Schools for over 25 years. He joined the district as a teacher at Clarkston Elementary, taught math and physical fitness at Clarkston Junior High and moved into administration as an assistant principal in 1965.

In 1971 Vaara was promoted to administrative assistant under then superintendent, Dr. Leslie Greene. And in 1976, when Greene retired, he became assistant superintendent under Milford Mason.

WWI Vets Win Citations

Clinton Valley Barracks Number 2803 veterans of World War I and Auxiliary convened Saturday October 10th at the Davisburg Township Hall. A pot-luck dinner was enjoyed by all at noon after which the business meeting was opened according to ritual. Reports were given on sales of apple blossoms. Money will be sent to the several Veterans Hospitals and Facilities in the State of Michigan at Thanksgiving time.

Several citations were received from the National Convention

which was held in Minneapolis, Minnesota. Several in the area attended that in September. A personal citation was given to Ive Land on publicity chairman, for getting the news of the Veteran's meetings in the local newspapers.

An invitation was received from the Clarkston American Legion Post to be their guest on Sunday, November 8th for dinner.

The next meeting will be Saturday, November 14th at the Township Hall when Thanksgiving will be celebrated with a turkey dinner.

'On Golden Pond' at OU

Terence Kilburn, the Artistic Director of the Meadow Brook Theatre will stage Ernest Thompson's comedy, "On Golden Pond," which will open a four week run Thursday, November 5, at 8:30 p.m. on the campus of Oakland University near Rochester.

The play tells of Ethel and Norman Thayer, an older couple who have returned to their summer cottage for the forty-eighth consecutive year on Golden Pond, somewhere in Maine. During the course of the play their daughter, Chelsea, arrives for her father's eightieth birthday celebration, with her are her fiancé and his thirteen year old son by a previous marriage. Chelsea asks her parents to keep her fiancé's son for a few weeks while she and her fiancé tour Europe. The Thayers agree and summer

begins for all of them.

Tickets for "On Golden Pond" may be reserved at the box office now by calling 377-3300. It will run from November 5 through November 29.

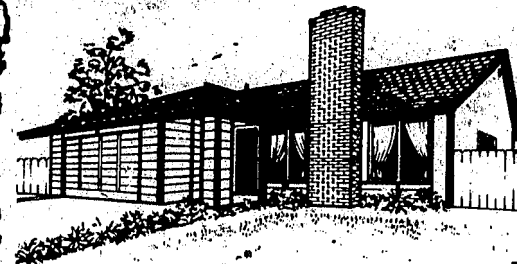

Airman Assigned to Texas

Airman James E. Chapman II, son of Mr. and Mrs. James E. Chapman of 12815 Shaffer Road, Davisburg, has been assigned to Shepard Air Force Base, Texas, after completing Air Force basic training.

The airman will now receive specialized instruction in the aircraft maintenance field.

Chapman is a 1981 graduate of Holly High School.

HEAT WITH WELL WATER

AND SAVE UP TO 80% OF HOME HEATING COSTS

There are over 25 manufacturers of Groundwater Heatpumps today, causing a lot of confusion among homeowners.

WOULD YOU LIKE TO BENEFIT FROM SOME EXPERIENCE?

FACT

Pioneer Systems, Inc. is the No. 1 distributor of the No. 1 selling heat extractor in the Midwest.

WE GUARANTEE OUR HEAT EXTRACTOR TO BE 100% MORE EFFICIENT THAN THE BEST HEAT PUMP YOU CAN BUY TODAY

We are not a dealer, therefore we cannot sell equipment direct, so all we can offer you are some very worthwhile facts. Write or call toll free and we will send you free information on:

1. Heating with well water
2. Cooling and dehumidifying with well water
3. Water disposal
4. Wells and well water
5. The truth about tax credits
6. Is free hot water really free?

7. How much can I really save?
