Independence Board Gets 10% Springfield Board Gets 5-10%

See Pages 2 & 10

Children were "egging it up" last Saturday when their mission at the Springfield Fire Department was to gather Easter eggs. See Page 3.

The plot thickens and the players get angrier as the Board and CEA haggle over a contract. See Page 12.

They came from near and far to protest a proposed gravel mining operation in Independence Township. To read what people had to say See Page 13.

Independence Board Gets 10% Raise

by Claudia Brazel

A traditional celebration of Democracy, the Town Meeting, was sparingly but enthusiastically attended by citizens in In-dependence Township Saturday, March 26.

Annual township meetings were created to provide citizens the opportunity to express

their views regarding township functions and the elected officials who serve those functions and to determine the salaries of elected township officials. Citizens are also asked to offer comment on the forthcoming year's proposed budget, which is outlined and approved by the township board.

State law requires that a Parlimentarian be appointed to provide procedure guidance throughout the meeting. This year, as in recent years, Township Trustee, Dale Stuart, filled that position.

No new petitions were offered by the

citizens for board review and correspondence was limited to one letter from citizen George White. White, who was in attendance last year, could not come to the annual meeting this year, so he sent a letter expressing his views.

White suggested that an increase should be considered for board member salaries, including those members with official positions such as the supervisor, clerk, and treasurer.

Moving on, Supervisor Jim Smith began review of the proposed, 1983 Budget and answered questions posed by the citizens, regarding assessments and other fiscal mat-

Finally, the question of salary increases formally appeared on the agenda. Trustee Bill Vandermark proposed that the supervisor, clerk and treasurer receive a raise that would allow them parity with increases allocated to union, township employees; who had received combined increases in the last two years of 20.3 percent.

Vandermark, proposed a 10 percent increase and spoke highly of the three men who hold the positions of Supervisior-Jim Smith; Clerk-Chris Rose; and Treasurer-Fred

Ritter.

Neil Wallace, a resident, offered the comment that an increase in wages was certainly in need and under local circumstances of an annual meeting was not a recreation of our state legislatures voting themselves a raise.

The citizens present agreed authorized a 10.3 percent increase, raising salaries thusly.

Supervisor from \$31,296 (82) to \$34,519

Clerk from \$28,689 (82 to \$31,644 (83/84). Treasurer from \$28,689 (82) to \$31,644

State police and fire department arson investigators say they are close to breaking the case of the arson that destroyed the Old

MIII Restaurant last May. Investigators are questioning several people who may have been involved in the arson, and they expect to seek an arrest warrant in the near future, Chief Wendell

Trager said. The case has been under investigation by fire department arson investigators and the Michigan State Police Arson Strike Force since the fire, which broke out about 4 a.m.

Waterford Woman Stands Trial on Income Tax Evasion

A 34-year-old Waterford woman will stand trial April 7 on charges of income tax evasion.

Gladys Marie Johnson, of 204 Fernbarry Drive, is accused of claiming she had no earnings during 1980.

She was ordered to face trial preliminary а following examination Thursday in 50th District Court.

According to Attorney General

Frank Kelley, she earned nearly \$20,000 at a Bloomfield Township psychological counseling center.

Kelley also charged Ms. Johnson earned about \$15,000 in 1979. State tax officials estimate she owes about \$1,500 in state income tax for the two years.

Conviction of income tax evasion carries a maximum penalty of five years in jail and a \$5,000 fine.

Engaged

Mr. and Mrs. Richard Bastien of Clarkston wish to announce the engagement of their daughter Kimberly Ann to Randy M. Robinson, son of Mr. and Mrs. M. Robinson of Davisburg.

A June 4 wedding is planned.

Chad Honored

Forty undergraduate students at The University of Michigan School of Natural Resources have been named to the "Dean's List" for the fall, 1982, academic term.

This honor is given to full-time students who earn an overall grade point average of 3.50 or higher (out of a possible 4) for that term.

The students who were honored in this area are:

Paul T. Chad, 6116 Snow Apple, Clarkston.

Jaycees Sponsor Egg Hunt

The Clarkston Jaycees Annual Easter Egg Hunt will be held April 2 at Clintonwood Park at 10 am with four age groups; 3 & under, 4 to 6 years, 7 to 9, and 10 and up.

Clintonwood Park is on Clarkston Road, 1/2 mile west of Sashabaw.

PTO Meeting Rescheduled

Anita Davision, representing the Gessell Institute, will be the P.T.O. guest speaker on Wednesday, April 13, 1983 at 7:30 p.m. at Davisburg Elementary School. She will be discussing developmental milestones in the four and a half to seven year old child.

Ballet at Masonic

The American Ballet Theatre will be at the Masonic Temple April 5 through 10, with Artistic Director Mikhail Baryshnikov scheduled to dance in four programs.

...Tickets for the American Ballet Theatre engagement at the Masonic Temple are available now at the Masonic Box Office and all CTC outlets.

Evening performances begin at 8 p.m. with the exception of Sunday's program beginning at 7:30 p.m., and both matinees on Saturday and Sunday begin at 2 p.m.

For further information call 832-2232.

BPW to Discuss Nutrition

The Waterford, Clarkston Business and Professional Women's Club will have as a guest speaker, Brenda Cox. Her topic will be nutrition. The meeting will be held at the Deer Lake Racquet Club on April 14 at 7 P.M. Deadline for reservations, April 11. Call Fran Stewart 623-1304 or Elizabeth Ronk 625-5395.

Globetrotters Coming

The basketball skills and comedy routines that have made the Harlem Globetrotters known the world over will be showcased April 2 and 3 when the Magicians of Basketball make their annual appearance in Detroit. Gametime for the Trotter performances are 3 and 8 p.m. on Saturday, April 2 and 3 p.m. on Sunday, April 3.

Tickets are available at the Joe Louis Arena Box Office, Hudson's and all CTC Outlets.

Boating Classes Available

The Oakland County Sheriff's Department is offering Boating Safety Classes to students between the ages of 12 and 16 years. Following completion of the course, the students will be awarded a Boating Safety Certificate which will allow them to operate a boat without adult supervision.

Contact Deputy John Graham, of the Marine Division, at 858-4993, from 8 a.m. - 4 p.m., Monday through Friday, for more in-

Musicals Discussed

"Words and Music", a study of seven popular American musicals, will be the topic of discussion on Thursday mornings at the Waterford Township Public Library beginning on April 14, from 10:00 to 11:30 a.m. This National Council on Aging program for adults over 50 is supported by the National Endowment for the Humanities and offered to the community by the Library with Marie Gormley serving as volunteer discussion leader.

The musicals included in the discussion will be "Show Boat". "Porgy and Bess". "South Pacific", "Guys and Dolls", "My Fair Lady", "West Side Story", and "Fiddler on the Roof".

Anyone interested in joining this 8-week discussion group should call the Library. 674-4831, for a reservation.

Holly Seeks Candidates

Three terms of Holly Board of Education members are available for candidates at the annual school election on June 13, 1983; two four-year terms commencing July 1, 1983 and expiring June 30, 1987; and one one-year term, commencing July 1, 1983, and expires June 30, 1984. Candidates must be 18 years of age, reside in the school district and be registered voters. Petitions are available inthe Board of Education office, 111 College Street, Holly and must contain a minimum of 20 signatures of qualified electors of the Holly School District. Deadline for filing is 4 p.m. on Monday, April 11, 1983.

Historians to Meet

Clarkston Community Historical Society has rescheduled its regular Board meeting to Wednesday, March 30th at 7:30 p.m., Village Hall, Clarkston.

Home Tour Benefits SCAMP

Mrs. Charles Wheeler, Mrs. Lew Wint, and Mrs. Alfred Hamilton of Clarkton are busy finalizing plans for the "Clarkston Home Tour I" to be held on Sunday, June 26 in the Village of Clarkston.

All proceeds from this tour will be used for the operation of the Clarkston SCAMP program for the summer of 1983. Clarkston SCAMP is a summer day camp program that provides recreational opportunities and academic reinforcement for children with special needs from the North Oakland school districts.

Diane Wint stated that six families in Clarkston have offered their distinguished homes for the event.

Advance ticket sales will be available soon. For registration and information, contact Margaret Olesnavage at 625-3330.

Stablex Meeting in Holly

The next Stablex Site Approval Board meeting will take place on Thursday, March 31 at 7 p.m. at Holly High School Auditorium on Baird Road:

For further information or more petitions call Chris Maniaci, 627-2962.

With Lew Wint **Funeral Director**

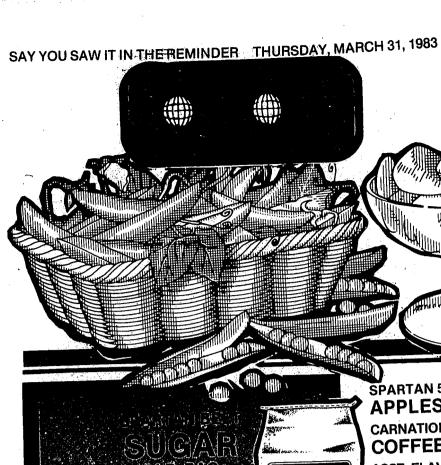

Should the Doctor tell a **Dying Person the Truth?**

Physicians are faced daily with life and with death, yet some may shy away from informing a terminally ill person of the seriousness of his illness. Most physicians agree that this is a mistake; that the seriously ill person needs to be told the truth so his confidence in the doctor is not under-

We are accustomed to placing complete trust in our physicians, and this is good. But when a person becomes seriously III and suspects that his doctor is not being completely honest with him about his condition, that faith is shaken. The patient doesn't know quite what to believe. And that confusion can be worse than knowing the truth.

True, there are individuals who would be so disturbed upon learning the truth that telling them would do them harm. But they are few, and the physician must use his judgement in each case. As a rule, we believe full honesty is still the best policy.

Your questions and comments are invited, and will be answered in private or publicly, through this column.

Advertising - Betty Kratt, Carole Platt, Jerry Rubingh, Jeff Copes, Pattie Colloto, Joe Lowrey

The situation is not good, and quickly get-ting worse between the Clarkston School Board and the Clarkston Education Association. Rumors and threats are now being circulated that our teachers will not return to their classrooms when Easter vacation ends.

That would be a travesty. As so often happens in these type of disagreements our children will do the suffering while teachers and school board representatives haggle.

over who gets paid what.

In case you didn't know, Clarkston teachers have been working without a contract for the entire school year. They chose to settle their differences, or try to, during the school year, rather than go out on strike in September like Waterford and several other local school districts did.

But the contract has not been resolved. The School Board, pleading poverty contends they can't pay increases and wants to hold the line on salaries. The teachers were

seeking an increase of 7-8%.

A factfinder was called in to offer his opinion several weeks ago. He came back with a proposal that split the two opposing viewpoints down the middle. He said the teachers should be granted an approximately 3.5% raise.

The CEA reluctantly accepted the factfinders decision, but the Board cried foul, insisting that the factfinder had used wrong figures when computing data for his decision. They again voiced their opposition

to any kind of raise. So here we are. Nothing settled, and

teachers threatening a walkout.

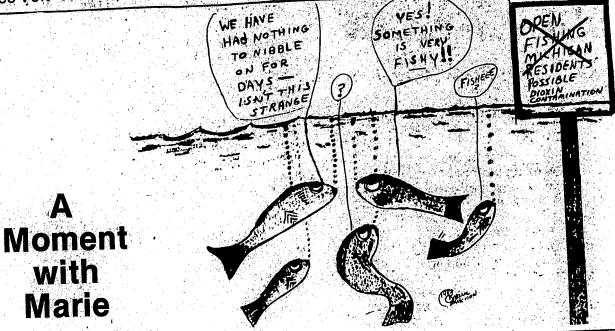

I don't pretend to know what goes on at negotiating sessions. Nor do I know all the intricate calculations that are being made to support each side's position.

I do know that the morale amongst our educators is decidedly much worse than it was when the school year began. And I do know that low morale does not maintain a good educational environment from which

our children are able to learn.

Let's hope and pray that the School Board and CEA can find it in their hearts to compromise and come up with an agreement that is suitable to everyone. A strike would be: devastating at this time of the year when school activities are just beginning to peak.

Friend of the Court

by Roland C. Fancher, Esq.

with

In an earlier article, I discussed a doctrine of law known as "Lord Mansfield's Rule." This doctrine was adopted in Michigan in 1880 by the case of "Egbert v Greenwalt," and said that if a child was born during the course of a marriage, the husband could not introduce evidence that he was not the father. Thus, even if the husband had been out of the country for several years prior to the birth of the child, legally he was still the father. This rule was intended to protect children from the stigma of illegitimacy, and to give them the advantages of having a legal

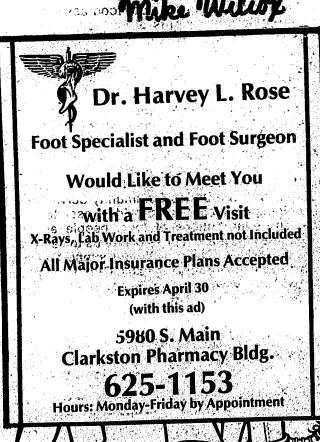

father In 1977, the Michigan Supreme Court determined that while a child born during the course of a marriage was still presumed to be the child of the husband, he could produce evidence that he was not the natural father. This evidence must be clear and convincing, however, before the trial court could rule that the husband was not the father.

Where then does this leave such situations which arose in divorces granted before 1977? Can an ex-husband reopen his divorce how and prove that he is not the father of the child? The Michigan Court of Appeals has said that he cannot, and that the change in the law is only effective from

At first impression, this may seem unjust. After all, why should a man be required to support a child that is not his natural issue? There is another side; the side of the child who would be illegitimatized. In many cases, the six-year statute of limitations on paternity may have run and no action is possible against the natural father. If the "legal" father can now avoid responsibility for the child, where does this leave the child? With no legal father, there would be no one from whom support could be obtained if the mother is unable to provide. In many cases, the child would lose all rights of inheritance, and rights to social security or disability benefits through the father Medical in surance coverage would also often be lost.

This situation involves a choice between the lesser of evils. One evil is worked upon the husband whose wife bore a child by another man. The other evil, however is to a young child, caught in adult difficulties, who would lose the benefits of having, a legal parent. To date, the courts have ruled in favor of the child.

If you have questions involving the operations of the Friend of the Court, address them to Mr. Fancher in care of The Reminder. Questions involving individual cases should be sent directly to the Oakland County Friend of the Court.

EFFERS

Independence Resident Balk at Safety Paths

Dear Editor:

I am very angry with the prospect of Independence Township building an eight foot wide (so-called) safety path along North Eston Road. In these hard times, where on earth is the township getting the money to waste on such a ridiculous project?

To begin with, I have often seen the safety paths along Sashabaw Road, north and south of Maybee Road. I can understand the necessity of the path in that area, due to the heavy traffic and the presence of Pine Knob school and even Sashabaw Jr. High further down Maybee Road. I would be fearful for the life of any child who would have to walk or bicycle to school along Sashabaw Road without the safety that path offers. Nevertheless, unlike a sidewalk, that path is an eyesore. It has widely cut through the front yards of all the residents on the west side of Sashabaw Road. Has anyone taken a close look at the front yards along North Eston Road? They are all considerably smaller than those front yards along Sashabaw Road. Those residents along North Eston would not have much of a yard left after an eight foot wide path is installed. Furthermore these residents would lose trees, shrubbery and fences; even a worse eyesore than along Sashabaw Road!

Secondly, a safety path along North Eston will further encourage young people to travel to the Richardson store on the corner of North Eston and Clarkston Roads. The store, already, is a "hang-out" for young people, considering the pop, candy, etc. it sells, as well as the stores arcade games. Certainly, one can say, Richardson's would benefit from a safety path on North Eston.

Third, I have lived fifteen years on a side street off North Eston. Several times I have called the township offices to try to get someone to do something about the property on the corner of North Eston Road and Rosedale Court, and vacate property on Rosedale Court. Both properties have never been maintained by the people who own them. The lots on Rosedale, for the past several years, have been kept mowed by residents on Rosedale, at their expense and time. The corner property has continued to be an evesore for fifteen years. I have been told that the township has not got the money to do anything about it. Yet, they have the money to "chop up" existing, wellmaintained property.

If the township is anxious to spend their money, may I suggest they do something to improve Algonquin Road, north of North Eston? The residents in the Thendara subdivision are practically begging for assistance to improve their roads, and rightly so, as Algonquin Road is a mess!

Come on, Independence Township be practical when setting up your priorities and use our tax dollars wisely!

Sincerely, Marion J. Wood

Gravel Pit Not Welcome

Dear Editor,

The children of Independence Township should have been in attendance, Wednesday night, March 23rd 1983, at the Joint Public Hearing conducted by the U.S. Army Corps of Engineers and Michigan Department of Natural Resources regarding mining operations and subsequent land use configuration as proposed by the Edward C. Levy

Had the children been present they would have seen, their neighbors, teachers, shop owners and total strangers, gathering together; pursuing democracy. They might have wondered at the differences between people and how those differences seem to disappear when people unite for a common

The children would have heard the impassioned plea, of grown men and women to preserve a flower, a bird, a tree, and a way of

The children might also have asked, why anyone would want to put a gravel pit between two beautiful parks and within a lovely, quiet residential area?

Their youthful faces, that are most at home in the very environment the Edward C. Levy Company proposes to rearrange, might have raised the consciousness, of those delegated to reach a decision, regarding the development of the Levy Company's proposed mining operation.

Freckles, tossled hair, and missing teeth are characteristics of the small people in our community who may never be able to enjoy the serene beauty of the wetlands habitat within their own community; a generation of youth that may grow accustomed to a world where profit and business are placed above respect and admiration for life and creation.

If only for the children and their future, the Levy proposal should be denied.

Name Withheld

Food Programs Bring Out the Best in People

Dear Editor, Reminder:

There is a relatively small group of people in our area who have gathered together and chose to be different. If you travel through the little town of Davisburg on, of course, Davisburg Rd., you probably have noticed a sign at 586 address designating hours for food collection and distribution. The group originated as "Neighbors for Neighbors". From this an even smaller group has begun meeting at the Springfield Township Hall (downtown Davisburg) on Thursday mornings (9-11 a.m.). This will probably hold little interest to the majority of our present day population. In a society where even an ex-Governor of ours, self admittedly can be so readily "brainwashed" it is easily understood that the lesser members of our population, through years of television viewing, etc., could have slipped from the ideal standards of our "Founding Fathers" for a society: "Of the People, By the People, and For the People" to a population of individuals motivated almost entirely by greed and very little more than a desire to satisfy this greed (even where it is imposed by others who legally have their hands in our pockets). It is both: "About Time" and refreshing to me to have found and become a small part of a group of people who prefer to be motivated by the standard of "Do onto others as you would prefer they do onto you." Whether you know it or not, or whether you believe it or not: we ARE "Our Brothers Keeper"!

May the Lord Bless us all with His love and ex-RPH Paul understanding, "small fisherman & Oechslin/presently

potatoes" farmer (gardener), whom some I'm sure just consider to have been "out to lun-ch" for some time, but personally I don't give !" & cordially reciprocate their feelings, however at this time consider a comeback, thanks to the good people I've met recently in Davisburg & from Clarkston to Pontiac (especially those beautiful people - both guys & gals - on Howard St. at the old GM plant #4, who are to the best of their ability helping those in need and who in turn could use more assistance in doing so).

If you are unemployed, considering further education, or re-education we may not have the answer for YOU, we may not be able to solve your problems, but we hope to be mutually beneficial and if you would desire to be refreshed, as I, come join us (Tammy may get coffee!?!), you'll be welcome. Call Mr. Don Bradford or Tammy Vergin for further information or just join us (Thursday 9-11 a.m. in the basement of the Springfield Township Hall). Except 1st Thursday of April (meeting will be upstairs).

Join me also, if you would, at Howard St. where the Pontiac Food Program, which services many Oakland County residents including our area, originates. See me and we may possibly share the ride or see Virna Brown at GM Plant#4, a nice lady, who will truly appreciate your assistance, or call there first (857-8999). You'll probably be pleasantly surprised, especially by the sincere thank you for having helped your fellow human beings.

Paul L. Oechslin

Neighbors Progressing

The Neighbor for Neighbor food assistance program for residents of Springfield and Rose Townships in Oakland County Is progressing well. The program is set up to provide emergency food for families ex-periencing unemployment and its many side effects.

The Neighbor for Neighbor organization takes this opportunity to thank all those who have so generously given food, volunteered time and money to sustain the program. The willingness to care and share is most appreclated. The contributions of food from the United Way and United Community Services is helping us to continue providing assistance. The contributions of local people and organizations make it possible for us to carry on. We ask for your continued support as we strive to give a helping hand. Our building at 586 Broadway, Davisburg Is open:

Tuesday 9 a.m. - 12 noon Wednesday 1 - 5 p.m. Friday 10 a.m. - 4 p.m. Saturday 10 a.m. - 4 p.m. Phone: 634-0900

Springfield Officials Granted Raise

by Theresa Catalano

The budget for the 1983-84 fiscal year in Springfield Township includes a salary increase for the township officials. An approximate 25 residents attended the township's annual meeting and gave its approval on the recommended budget with only one change that being with the salary of the

The budget is based on a 5 percent increase for the supervisor, clerk, and the salary portion, not the meeting portion, for the trustees," stated Township Supervisor Collin Walls, "And the Treasurer's office is budgeted so that the projection is equal to the Clerk for the most part because of the anticipated increased work, responsibility of the summer tax collection plus some other things that have taken place over the last

couple of years in the Treasurer's office." The proposed budget recommended a raise in the Supervisor's salary from \$21,700 received this past year to \$22,785 for the upcoming fiscal year; Clerk's salary increased from \$20,600 to \$21,630; and the Treasurer's salary from \$18,800 to \$21,630. The Trustees would continue receiving \$50 per meeting, but have a salary increase of \$30 going from \$600 to \$630 in addition the the meeting payments.

'We are human, like you. We'd like an increased income," commented Walls. "The total elected officials wage increase within the budget represents approximately \$5,000 or 1/10 of 1% of the entire budget.

Tom Jackman of Andersonville Rd., supported by Steve Jantz of Davisburg Rd., motioned to accept the proposed budget. With no discussion rendered, the budget was passed unanimously to the relief of the Township board, who had to fight 135 residents that attended the meeting last year for a salary increase.

Latecomer to the meeting, Claude Trim of Ware Rd., commented that he believed that the supervisor's office deserved a larger pay increase and pointed out that over the years that in the positions of clerk and treasurer, pay increases have been larger than that received by the supervisor. Trim motioned that the supervisor's salary be reopened for review. This was supported and carried.

"I'm really perturbed about this due to the fact this has already been discussed, voted on, and approved by the people of the town-ship," stated Mrs. Lorraine Woods. "I was very well satisfied with the approval of the raise as recommended, because you people (the Board) seemed to be so satisfied with

"I'm ready to approve the salaries as we

did in the first place," she added.

Trim then motioned that the supervisor's salary be increased from \$21,700 to \$25,000, an increase of \$3,300. There were serveral more comments against the increase by Patricia Kramer, Ruth Ann Hines, and Mrs. Woods.

"I've never felt so uncomfortable in a discussion," commented Walls. "It's important that we remember the position and what we expect of it. Not the personality that sets in it."

The motion passed.

The total expenditures of the General Budget (not including the extra 10% given to

the supervisor) is \$535,125.00.

In 1982, \$3,538,197.25 were collected in taxes and the Township distributed that same amount with \$571,875.84 going to Oakland County, \$2,772,643.12 going to the various schools, general fund receiving \$59,778.73; fire fund \$80,670.36; police fund \$41,479.20; and various Big Lake projects \$11,750.03.

The township board meetings will continue to be held on the second Wednesday of each month and the Reminder will continue to be used for township legal publications.

Independence **Announces Clean-up**

The Independence Township Spring Clean-up is scheduled to occur, during the weekend of May 14th and 15th.

This year there will be a one-site drop, at the Department of Public Works Building.

Cost is expected to be much less than last year's multiple-drop-site, clean-up which was more expensive than expected. Possible non-resident use, raised clean-up costs over the amount budgeted.

This year, one site will be prepared to accept heavy residential volume and there will be opportunity to browse and salvage through the collection.

There will not, however, be so easy an opportunity for non-township-residents, to burden local property owners with their trash and hauling fees. Twenty-four hour security will be provided by the D.P.W. Department for the site.

Gary Koop, of Koop's Disposal, has volunteered the use of his trucks. He asks only that the township help supply the manpower needed to clean-up portions of Clement Road.

Board, CEA Clarify Positions

by Claudia Brazel

C.E.A. President, Al Bartlett, has recently been vocal in expressing teacher concern with the condition of working without a contract. The C.E.A. and Clarkston school representatives have progressed through fact finding and other non-binding arbitration procedures to no avail.

Recently, Economist, William Haber, of the University of Michigan, completed his appraisal of the Clarkston Contract proposals and returned his recommendations to the Board of Education and C.E.A.

Superintendent, Milford Mason, was unhappy with Haber's proposal of a one year 3.5 percent increase in wages, with increments untouched by freeze or reduction policies. Mason was particularly upset by an error made in the report that mis-stated the District's Fund Equity.

When informed of the discrepancy, Haber responded that the change in figure did not alter his recommendation to the Board.

Clarkston School Board and Admin-

strators met with C.E.A. representatives and a mediator to discuss opposition and future action resulting from Haber's proposal. Nothing was resolved and opposing views seem more isolated than before.

Mason has revealed that the board and administration position is as follows: The District is seeking a two year agreement, with the teachers, that calls for a 1982-83 wage and schedule freeze that allows continued increment adjustments. The district then proposed a 5% wage increase, for the following year, plus increments with C.E.A. acceptance of the following three conditions: 1. That C.E.A. members give up their hospitalization plan through MESSA, an insurance company that provides insurance specifically for those persons in the "educational field, allowing the district to seek alternative insurance plans with equal coverage. 2. That contract language outlining classroom size be changed, and 3. That teachers provide playground super-

Mason stated that even with changes in the contract, reducing playground aides and hopefully insurance costs, the district would still have to reduce its budget by nearly \$1,168,000. This reduction will mean possible program cuts, the laying-off of 29.5 teachers, and 18 non-instructional employees. Even then, Mason is unsure of the district's financial position with so many factors dependent on state aide policies. Mason said he had, however, taken anticipated state payments into consideration when projecting budget analysis.

Mason is highly respected for his skill with figures by union and non-union employees. the difference in view seems to be the course

of action best suited to survival in these economic times. Mason is concerned about allowing the district to operate at a zero fund equity or with a borrowing deficit.

Al Bartlett of the C.E.A. feels that the very peculiarity of present economic situations calls for unique and futuristic approaches. Bartlett feels that over emphasis on fund equities will reduce the quality of education in the Clarkston Schools by cutting programs, crowding classrooms, and reducing teacher morale to such a point, that the district will suffer for years to come: long past the time when economic situations im-

Bartlett and C.E.A. members were upset to hear the board and administration had attached the contract contingencies, reducing the strength of class size contract. It is that type of thinking that worries C.E.A. members who feel control of classroom size is vital to the establishment of quality instruction.

The C.E.A. is also unprepared to relinquish their insurance program, which Bartlett says provides the best insurance for the dollar. out-performing even Blue Cross-Blue Shield. Bartlett adds that districts turn to MESSA to, provide for their employees, because of its proven track record.

Finally, the issue of playground supervision is nearly laughable to Bartlett, who states that the only districts still utilizing teachers, as playground aides, are those schools where teachers have preparation time due to student art, physical education, music, or lunch programs, that relieve the teachers for preparation time. Clarkston, Bartlett points out, has none of these programs excepting a general music

program.

The very lack of these programs is additionally upsetting to the instructional staff In the Clarkston District. BARTLETT SUGGESTS THAT THE BOARD AND AD-MINISTRATION HAVE WAITED TOO LONG TO DEAL WITH Clarkston's reduced program offerings, and that, the instructional staff is receiving the same, walt and see, treatment.

Clarkston teachers are one of two remaining contract groups, in Oakland County school districts, still working without a contract. As Bartlett says, "This won't and can't go on much longer." Bartlett hopes the board will become more aggressive in dealing with the district's financial problems, seeking alternatives to cutting programs and reducing the size and morale of its instructional staff.

Mason feels a need to go easy and prefers to maintain an equitable budget that reduces borrowing need. Reducing programs and cutting staff seem to be the only way to satisfy union contract demands, according to Mason. Mason adds that one contract agreement usually sets a precedent for those to follow and assumes other employee groups will also want an increase in wages. The board's duty, and the administrations, is to draw a line on budget expenditures and maintain an equitable and qualitative school

Bartlett worries that the cost of maintaining a fund equity or zero deficit budget will cut the system itself.

The question, as Bartlett sees it is, what kind of school district do we want in Clarkston....One with a fund equity but poor curriculum advantages; or a district whose curriculum programs are aimed at the future; utilizing all assets available?

Public Hearing Participants Gang Up on Gravel Proposal

by Claudia Brazel

The Township Hall was filled to capacity, March 23, by Interested persons who wished to speak or gather information regarding the Edward C. Levy Company's revised proposal to initiate mining operations in Independence Township.

The Levy Company withdrew earlier permit requests, made in 1979, and had returned for Department of Natural Resources and Army Corps of Engineering approval with a new

The new plan calls for the actual mining of 300 acres of the 500 acre parcel with creation of an 80 acre wetlands and a 200 acre lake.

Also proposed in Levy's plan are the construction of berms and inclusion of nondevelopment areas bordering the site to help eliminate noise and dust factors as well as aiding in some preservation at wetlands/uplands habitats.

Dr. Tilton, a research botonist, presented basic engineering and conservation date for the Levy Co., outlining soil composition waterflow and hydraulic concerns, habitat preservation, and mining operations.

Also supportive of the Levy Company's plan were Amy Trimmer of the Chamber of Commerce and a representative from a Conservation Club, who felt the Levy Company's proposed plan of development, was well documented and researched and would offer economic benefits to community and state

all other individuals and represented groups present urged for denial of operational permits. Township Supervisor James Smith and Village Council President Jackson Byers spoke out against the placement of gravel mining in the independence site. Smith directed his statements to concern over drops in the areas water levels and Levy's lack of substantiated documentation as to possible outcomes that could result from water level changes. Smith called for an independent study of hydrological facets of site development stating that even FEMA maps-supplied by the government for flood plan evaluation failed to supply adequate information regarding hydrological

Byers, reflected on traffic and environmental concerns that could affect the very livelihood and maintainance of the Village's way of life.

One after another, speakers arose to refute Levy claims that the environmental structure and habitat of the area could be

Obituaries

Sarah H. Sommers of Springfield Township died after a long illness on March 18. Sommers, 87, was born in Springfield on July 10, 1895. She was preceded in death by her husband William H. and daughter Lucille W. Sommers. She was the daughter of George Harris and Kitty Cuthbert, descendent of the Oakland County ploneer Windiate Family from the early 1800's. She attended the one room country school called the Fair School and was a graduate of Pontiac Business Institute before World War I. Her father operated the Davisburg Mill.

She is survived by her children, Mrs. Chester (Hazel) Beauregard of Orange California: Mrs. Alvin (Iva) Caverly of Clarkston; Floyd H. Sommers of Clarkston; and Glenn D. Sommers of Davisburg; and 13 grandchildren and 10 great grandchildren. Also surviving is one Edward Harris brother.

Foot Tune-Ups For Spring

Spring! What a great time of year. The community is enjoying the outdoors. After waiting for a break in the weather, people of all ages are seen walking, jogging, biking, playing tennis and baseball. The outdoors are alive

Every year in Oakland County, more people who want to be in the best possible shape, begin exercise programs. Some train for competition, others for self satisfaction. One of the biggest disappointments at this time of year are the aches and pains of increasing our activity. The most common question asked in my office is, "Why does my foot hurt now? It never hurt before." Well, let's think like a foot for a moment. Feet are designed to support our body weight and they function to move ourselves forward. When we begin to run, jump, pivot, etc., we put a greater work load upon our feet than we previously did. Therefore, overuse syndromes appear, resulting in pain.

To avoid these painful situations, may I suggest the following: .

- STRETCH EXERCISES (STRET-CH BEFORE AND AFTER AC-TIVITY)
- 2) FOR ACTIVITY START SLOW GRADUALLY INCREASE YOUR

SPEED AND STRENGTH

- OR **BANDAIDS** 3) APPLY MOLESKIN AND/OR VASELINE: JELLY OVER THOSE AREAS, WHERE BLISTERS USUALLY OCCUR.
- 4) PROPER SHOES AND PROPER FIT ARE A MUST. (BREAK IN A NEW PAIR OF SHOES BEFORE YOU RUN FOR MILEAGE OR COMPETE IN A TENNIS MATCH)
- 5) IF PAIN BEGINS, IT MEANS YOUR BODY IS REACTING TO STRESS. (AT THIS TIME YOU WOULD BE BEST TO CONTINUE YOUR ACTIVITY AT A LATER TIME. STOP-REST NOW!)

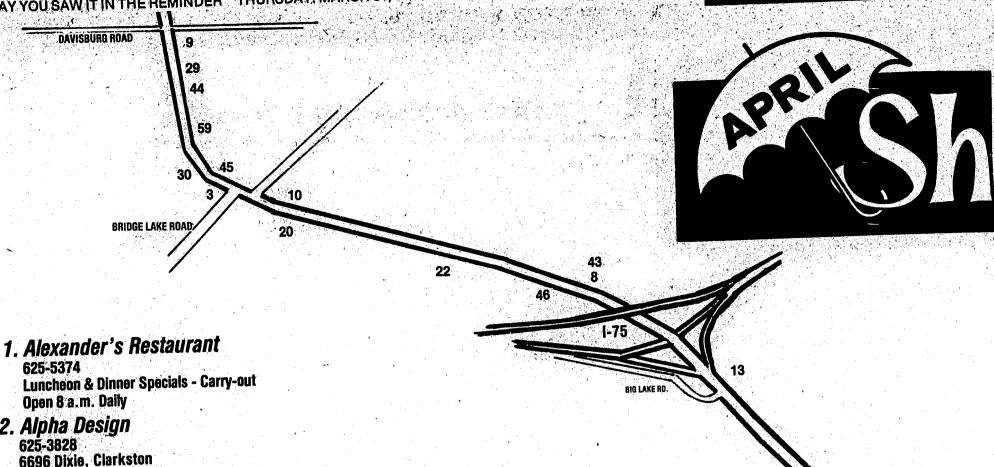

My office will be happy to give you an excellent set of complimentary stretching exercises. Please call or stop by.

I am always available to consult with anyone concerning sports injuries or any other foot and ankle problems.

Wishing you a safe and enjoyable Spring and Summer!

> Sincerely, Dr. Mark Warren

GRAVEL HEARING

Cont. from Page 13.

maintained.

Groups from areas outside of the township came to protest what they view as the needless destruction of a natural wildlife

Trout Unlimited, proposed that D.N.R. stocking of the Clinton River with trout is in direct conflict with the Levy proposal, adding that the planted trout, a cold water species, could be affected by the 75 degree water surface temperatures the Levy operation would create on its site, eventually feeding into the

The Ann Arbor Naturalist Council sent botonist Christopher Graham to express their dismay over the destruction of the natural habitats within the Clinton River headwaters, that would occur should the Levy Company gain development permits.

Graham took the audience on a visual and mental trip back into time, explaining how glacier movement and disbursement had created the rare habitat that now exists on the proposed site.

Graham and the group he represents are in agreement with other conservationists that

engineering controls cannot be put on natural resources and still preserve their unique statement of life and nature.

Elizabeth Harris, Eastern Michigan Environmental Council, urged that permits be denied, expressing their groups concern over loss of aquatic ecosystems present on the development site.

Harris stated the groups opinion that there are other alternatives available for site development that would not result in the degradation of the area of its environmental impact.

Placing strong emphasis on the Constitution's guarantee of environmental protection, Harris proposed that the D.N.R. and the Army Corps of Engineers would be remiss in their duty, according to statute guidelines, in approving Levy development

permits.

Research Ecologist Paul Thompson, Chairman of Clinton River Headwaters Site, and member of Cranbrook Institute of Science, called the proposed development site an outdoor museum and added that it contained one of the best and most preserved of all state wetlands areas. Thompson also disagreed with Tilton's count of rare and natural habitat species, environmental

Former Senator Kerry Kammer spoke,

reminding D.N.R. representatives and the Army Corps of Engineers that a program, initiated by Kammer, while in office, to preserve, by purchase, lands such as the Levy site, was to prevent just this type of development.

The Clinton River headquarters/Independence site is compatible, and congruent with the preservation program in all areas of its unique environmental aspects. Purchase of the site by state, township, or county means has been given a number two priority this year in state considerations.

Stressing that Michigan has already sacrificed 70% of its wetlands to development in the last 100 years, Kammer urged the

review board to deny permits.

State Representative Matt Dunaskiss was also on hand to press for denial of operational permits; asking D.N.R. representatives to uphold their responsibility of natural resources and environmental con-

Township Trustee Bill Vandermark spoke in opposition to the mining operation and Village Planning Commission member Ted Thomson, asked for a show of hands by those opposing permit approval and those favoring it. Thomson did so, because he didn want to read later somewhere that pro's and con's of the issue "are about the same". Hands of objection to the mining operation were overwhelmingly displayed and so recor-

Thomson also asked that the D.N.R. particularily, be attentive to the statutes outlining their purpose and power and hopes that they will follow the law.

Two representatives, in particular, drew attention to the issues of individual, community, and environmental concern. They were James Brennan, a resident of Independence Township and Jean Fox, Commissioner for Oakland County Parks.

Brennan, who lives on Sashabaw, had proposed to develop residential sites in the general area of the Levy Company's site. When Levy's intended us of their property surfaced, financing committments for Brennan's project dried up, and his plans for development had to be withdrawn.

Brennan, asked when his interests and those of others, like himself, would be acknowledged as important by the D.N.R.? He wondered how long person's like himself can manage to preserve against the wealth of companies like Levy, that eventually wear down the little guy and even small communities, until they have accomplished their intentions.

Jean Fox, drew a standing ovation for comments to the D.N.R. and Army Corps board members. Fox stated that she represented the interests of all the citizens of Oakland County, who support the County parks through their tax dollars.

Fox emphatically opposed the Levy operation, stating that the whole purpose of Independence-Oaks County Park was to provide a tranquil and peaceful setting of natural beauty and recreation for the public at large and that the accomplishment of that would be adversely affected, if not totally denied by the creation of a mining operation adjacent to park land.

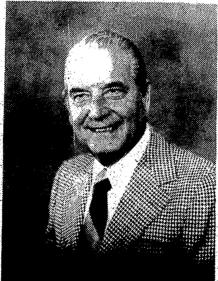

At the wednesday nights hearing Township Supervisor James Smith, discovered that both the Oakland County Road Commission and the Department of Interior support denial of the Levy permits.

Library Corner

Pre-School Story Time at Independence Township Library is Wednesday, April 6, 10 a.m. and 11 a.m.

There will be two sessions of Story Time for pre-schoolers starting April 6. Films for this popular program will be: "The Mole and the Egg" in which Mole finds an egg and tries to find a mother for it, and "Chick, Chick, Chick" showing the activities of chicks and chickens in a barnyard setting.

After-School Movie Hour is Wednesday, April 6, 4:30 p.m.

Jason Hollady, M.D. **Opens Family Practice**

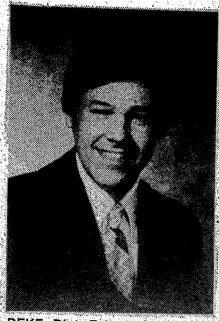

Jason L. Hollady, M.D., announces the opening of his office for Family Practice at 4721 Dixle Highway, Drayton Plains, phone 674-2211. The office is located across from Farmer Jack just south of Walton.

Dr. Hollady was raised in the Pontiac area graduating from Bloomfield Lahser High School. He then went to the University of Michigan for undergraduate study and earned his degree from the College of Human Medicine at the Michigan State University. He worked his way through school as an orderly in the Emergency Department at St. Joseph Mercy Hospital in Pontiac. There, he met his wife. Nancee, of Milford: They have a two year old son, Brent, and live in Drayton Plains.

Dr. Hollady completed his residency at Sparrow Hospital in Lansing then began working at the Durand Family Practice Clinic as the only doctor. Durand is a small community about 20 miles southwest of Flint.

Personal comments:

I became a Family Physician because I enjoy caring for all the members in a family and the wide variety of medical problems they have over time. I think having one physician to contact about all medical problems is not only the most efficient way to practice but the most satisfying for both doctor and patient.

DEKE: Diet, Exercise, Knowledge, and Enjoyment,

Diet: Americans eat far too much fat usually in the belief that they need to get enough protein. It Is important that people become aware of the correlation between a high fat diet and poor health including arteriosclerosis, heart disease, and high blood pressure.

Exercise: Is crucial to the development of a healthy body but must be performed consistently and within the limits of a person's own ability.

Knowledge: An asset in choosing a lifestyle that fits one's needs and goals. A big part of my Job is to provide people with the information they need to make decisions about their health and the well-being of their family.

Enjoyment: I like to ask people what three things they do to make themselves happy. Many times people cannot respond because

SAY YOU SAW IT IN THE REMINDER - THURSDAY, MARCH 31, 1983

Road Improvements

Oakland County road rehabilitation and safety projects made possible in 1983 by new state-collected gas and weight taxés are announced.

The projects total \$8.24 million, of which \$3.5 million will be state gas and weight tax funds and \$4.75 million will be federal aid that the staté funds madé possible, said John R. Gnau, Jr., Chairman of the Board of Oakland County Road Commissioners.

"These projects represent the highest priorities, in terms of costeffectiveness, among all road improvements of this type on county roads," said Gnau.

The projects, listed by communities, are as follows:

Waterford Township CLINTONVILLE, ROAD, near Barkman Street: Cut earth embankment south of Barkman and add gravel to Barkman to Improve intersection sight distance. remove tree on inside of curve north of Barkman, widen first curve north of Barkman, install guardrail around curve. (\$72,000; federal aid \$54,000.)

AIRPORT ROAD at Elizabeth Lake: Reconstruct to "T" intersection with three-lane approach on Airport and passing lane on Elizabeth Lake Road, pave three-

foot shoulders for 100 feet from end of tapers, install signal. (\$293,000; federal aid \$218,000.)

Waterford & Independence Twps. SASHABAW ROAD, Island Park Drive to Woodhull: Install street lighting, Improve drainage. upgrade and install guardrall, pave shoulders where necessary, pave approaches and remove trees for safety at Major and Oakman Streets. (\$117,000; federal aid \$86,000.

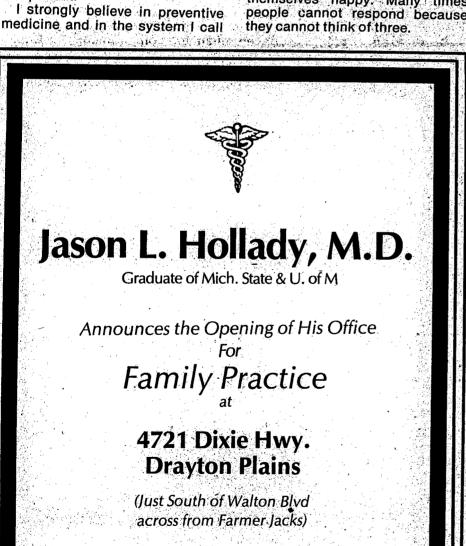

Independence Township

CLARKSTON ROAD, from Clintonville to Eston: Pave approaches of Clintonville and South Eston, widen and correct crown of curves at Park Drive and east of Park Drive, cut embankments, réconstruct curves at Clintonville and Eston Roads, pave shoulders, úpgrade guardrail, recovery area at curves. (\$367,000)

MAYBEE ROAD, near Waterford Road: Pave Waterford Road approach, cut embankment on outside of curve west of Waterford Road, install chevrons, upgrade guardrail. (\$59,000; federal aid

\$43,000). Independence & Orion Twps.

BALDWIN ROAD, north of Clarkston Road to west Indianwood curve: Overlay with dip correction, improve curves, clear trees and slope as necessary for safety, pave three-foot shoulders. (\$191,000).
