Allied Youth Hold Meeting

Bernice McFarland and David Cell Represent Clarkston

At a social and business meeting of the Allied Youth of America last Saturday at the home of Mrs. Cyrus A. Newcomb, Jr., at Bloomfield Hills, Bernice McFarland and David Cell represented the youth of Clarkston and will serve as leaders in the organization which will be perfected throughout the country.

A buffet supper was served informally to the forty-two representatives of high schools of the county. The meeting was held to form a branch of the Allied Youth of America for Prohibition, and the representatives are to form branches in their respective towns.

The organization is a wholly distinctive one. There will be no distinction in matters of race, religion, or social standing. It is non-partisan and is affiliated with no existing organizations.

From the business meeting at which Mrs. Newcomb, Mrs. Shane and Mr. Buff spoke, Bernice and David report the following:

"Our young people, despite careless statements to the contrary, are fundamentally as sound and sober as young people have ever been. A fast-moving life, pulling more and more away from the home, naturally requires instruction and direction. This is the case equally in many countries which have not prohibition and yet are facing the same intemperance problems."

"We think that one of the most serious menaces to sane, wholesome and abundant living is indulgence in alcoholic liquor. We believe that young people require a re-statement of the reasons—new and old—for abstaining personally from such alcoholic indulgence, and that the same reason for abstinence holds good in the great game of life as it does in the scientific training of athletes."

"Our program is to provide adequate and attractive social and athletic activities, to furnish books, pamphlets and other sources of information on the effect of alcohol, and to arrange for conferences and meetings where well-known speakers may be heard and where intelligent discussions by young people themselves may be encouraged."

"Our most vital concern is that our young people shall be educated to forego a harmful and demoralizing form of indulgence."

"It is our further conviction that existing laws, constitutionally made, should be observed, less from fear of consequences if broken, than from a recognition of the fact that if the country is to endure, its laws must be respected and obeyed by the people."

Following the business meeting adjournment, dancing and other forms of entertainment were enjoyed by all. The young folks are looking forward to the return with their reports on March 5 and they hope the Clarkston report will be "plenty large."

Dairy Profits Truck

That alfalfa raises profits was the belief voiced by Oakland County Dairy Products Delegates at the recent county wide dairy conference held at Pontiac. Also, home grown dairy feeds of the right kind will help reduce the food costs for dairy cows.

The survey developed by the Oakland County dairy delegates showed that while alfalfa acreage is high in this county (20% of the 283 farms reporting are growing alfalfa) some farmers are still growing insufficient acreage to support the number of livestock they are raising.

The survey showed the dependence of dairymen on permanent pastures. These permanent pastures averaged 40 acres per farm. The use of emergency pasture crops is very limited. Only one farm in nine grow summer pasture crops. The dairy delegates believe that keeping fewer cows and feeding those that are kept better by growing a higher quality of roughage will help improve the net returns received from dairy herds in this county.

A truck operated by the Michigan State College—cooperating with the county agricultural agent, K. D. Bally, will be the first stop in a program of readjustment of crops and livestock on the farms of this county. It is a part of the general plan developed by the delegates to the dairy profits conference. At this conference delegates urged that enough alfalfa to feed all the dairy cattle be grown on every farm. They pointed out that it ranks first among all hay crops in feeding value and in total value per acre.

Delegates from this part of the county include the following:

Clarkston: J. R. Maybee, Bert Goodrich, Alex R. Solley, Michael Farley, J. P. Hubbard, Thomas Farley, C. W. Burke, F. J. Beckman, Jess Moore, Herbert Baynes, John L. Morrison.

Captured Dispatch Helped End the Revolution

How the British general Sir Henry Clinton put too much faith in a dispatch he intercepted from Washington and failed to act in time to save Lord Cornwallis from surrender at Yorktown, and the consequent victory of the colonists in the Revolutionary War, is a detail of history brought to mind by the publication of this dispatch now in the Clemm's Library of American History at the University of Michigan. The letter is reprinted in number three of the Bicentennial Notes issued by the Michigan commission on the Washington Bicentennial.

On June 5, 1781, at ten o'clock in the evening Clinton's scouts captured an American messenger with dispatches from Washington, to Lafayette, who was then annoying Cornwallis in Virginia. A conference had been held at Weathersfield, Connecticut, the letter said, and the Americans and their French allies had decided to make an effort to capture New York, where Clinton was located. There followed almost three months of feverish letter writing back and forth between Clinton and Cornwallis while Washington apparently was building up his army and preparing for the descent on New York with a force outnumbering the defenders.

Then word came to Washington that a large French fleet under Admiral de Grasse had come up from the West Indies and had bottled up Cornwallis at his encampment at Yorktown, Virginia. Washington saw his opportunity. Abandoning his New York campaign he hurried south. Clinton still remembered the intercepted dispatch and regarded Washington's move as only a roundabout attack on himself. Too late he saw the change of intent. The helpless Cornwallis was caught on his peninsula between Washington and Lafayette on land and de Grasse on the sea. After a few days of furious bombardment he bowed to the inevitable and surrendered.

If Clinton had not been so sure that he knew exactly what Washington intended to do; if Cornwallis had marched straight to New York instead of settling down at Yorktown, or if Washington had not been far-sighted enough to abandon his New York campaign at a moment's notice, the Revolution might conceivably have ended differently. But now the colonists seemed to have the upper hand. One large British army was lost, another was almost isolated in the Carolinas. Clinton had too few soldiers in the north and poor prospects of reinforcements. The independence of the colonies was practically assured.

Car Smashed; Occupants Little Hurt Monday
 Four people, all said to be from De-
 troit, had one of those escapes from
 death that come under the head of
 miraculous, when their car went off
 the road at Farrantville Monday at
 about 11 a. m. The machine struck a
 tree, broke it completely off, and
 turned over three times, according to
 report. The occupants, two men and
 two women, escaped almost unhurt,
 except for small cuts and a shaking
 up.
 The car was a DeSoto, '29, sedan.
 It was completely wrecked, the frame
 being badly bent and the top smashed.
 Except for some of the wheels,
 there seemed hardly enough of the
 car unbroken to be worth salvaging.

Epidemic Shows Good Decline
 Both the measles and mumps are
 being checked very efficiently at present,
 but some new cases are expected to
 develop in the pupils of the High
 School, over the week end as the re-
 sult of being exposed several weeks
 ago.
 Every effort is being made by lo-
 cal officers to keep this epidemic in
 control, and we are sure with the co-
 operation the people are giving, that
 it will not be long before we will not
 have any warning cards on the doors.
 —Hudsonville Home News.

Quick Work Prevents Spreading of Fire
 When Mrs. Bertt heard the fire
 siren Tuesday morning she did not
 dream that the alarm had been sent
 in because of a fire in her house. Mrs.
 C. G. Bendle noticed the smoke break-
 ing thru the roof near the chimney.
 The fire truck reached the house
 promptly and extinguished the flames
 before they gained much headway.
 The damage was limited to a small
 portion of the roof. The house is
 owned by W. H. Meacham.—The
 Holly Advertiser.

Firemen Fight Two Blazes this Week
 About 11:30 Sunday forenoon a
 blaze was noticed on the roof of the
 Parkis residence on Davison street
 and an alarm turned in, which was
 promptly answered by the fire de-
 partment. At the start it appeared
 that their residence would be badly
 damaged, but thru the use of the new
 dry chemical the house was left in a
 remarkably clean condition and the
 damage to furniture and other equip-
 ment greatly lessened.
 The roof and attic were badly dam-
 aged, but the blaze was controlled.
 It is supposed that the blaze started
 from a spark from the chimney.

A loss of \$30,000 on the elevator
 and contents is reported. The prop-
 erty was owned by Abe Steinman of
 Flint. The fire was discovered by
 John Traux, an employe, when he
 came to work in the morning and is
 thought to have started from a
 switchbox. The building was a three
 story frame with steel sheeting and
 was erected twenty years ago by
 John S. Smith.—Davison Index.

The Washington supper which the Ladies Auxiliary sponsored on Monday night at the Waterford Church, was a success. The crowd was far larger than had been expected. All were fed, but more tables were placed and some had to wait until the rest were served. A fine supper had been planned by the committee, consisting of Mrs. Ainsworth Wyckoff, Mrs. Percy King, Mrs. Oscar Virgin, Mrs. Robert Beattie and Mrs. Nelson Silit.

The dining room was attractively decorated with the patriotic colors and the tables centered with primroses. The dining room was under supervision of Mrs. Arthur Perry, chairman, Mrs. Lyman Girt, Mrs. L. Owen and Mrs. A. McCaffery. The program, which was given, was arranged by Mrs. George Slayton, Mrs. H. A. Huey, Mrs. John Watchpocket, and Mrs. H. B. Mehler.

Song—"America," led by Mrs. H. B. Mehler.

Invocation—Mrs. M. Baker.

Mrs. James Sutton gave two Negro readings very well.

Rev. H. A. Huey gave a fine talk about Washington.

The program was ended by "The Star Spangled Banner".

The free will offering was most generous, which will be placed in the treasury of the Auxiliary and used for the expenses of the organization.
