CLARKSTON, MICH., MAR. 25, 1932

Confidence Expressed in Dr. Walter I. Werner

Re-print—The following article was printed in the March issue of a national periodical, "Business and Commerce".

The recent dismissal of Dr. R. G. Tuck by the board of directors from the staff of the Oakland County Tuberculosis Sanatorium, Pontiac, Michigan, has given rise to a great controversy in that county, the citizens of which have risen to the support of the institution's capable head, Dr. Walter I. Werner.

Dr. Tuck has hinted at most serious charges against Dr. Werner and his management of affairs of the Oakland County Tuberculosis Hospital; but those who are familiar with Dr. Werner, and his brilliant work—feel sure that his sense of personal pride and integrity would never allow him to play politics or dabble in human misery. His past record has been one of brilliant achievement, and certainly is not to be confused with the actions of a dismissed man. Dr. Werner is known and recognized as one of the most brilliant medical men in Michigan, and his work has received the approval and backing of the state's leading figures. Dr. Tuck has no cause for complaint, and his insinuations are against all accepted decency in human conduct. We are positive that the truth will be known, and that Dr. Werner will not be made to suffer from the acts of an irresponsible person.

"An Electric Range was a luxury when we were married... Now I couldn't be without mine!"

IT'S AN ELECTROCHEF

"Only well-to-do families could afford electric ranges when WE started house-keeping—so we did not have one. But nowadays, with the Electrochef so low-priced, and its cooking cost so low, I wouldn't be without it! If every young housewife today knew what a difference this modern stove makes, an Electrochef would be the first thing she'd insist on in her kitchen. It's not only the cleanliness and the beauty of my range that I like, but also the delicious flavor retained by electric cooking. Very little water is needed for electric cooking, and meats and vegetables cook in their own juices. All the healthful food values and natural elements are retained, instead of being lost in steam. Brides today are lucky to be able to start housekeeping with an Electrochef. This lovely range makes cooking a real pleasure!"

BUDGET PAYMENT PLAN \$10

FIRST PAYMENT Installed, ready to cook. Balance small monthly payments. Sales under these conditions to Detroit Edison customers only.

Waterford
 Easter exercises will be given by the Waterford Sunday School on Sunday evening (starting at 7:30). The music will be in charge of Mrs. Nelson Smith. Each teacher is responsible for numbers contributed from each of his or her class. A fine program has been arranged, made up of songs, both solos and group songs, readings, dialogues, and a playette. The community is invited to come and take part in this service and enjoy the children.
 Several children from Waterford School are having whooping cough, which breaks up the attendance so badly. The flu kept the attendance down, now this illness is making a second inroad into the attendance and making the work hard for both pupils and teachers.

She Has Speed
 "The stenographer we require," ran the ad, "must be fast, absolutely accurate, and must have human intelligence. If you are not a crack-of-jack, don't bother us."
 One of the answerers wrote that she noted their requirements and went on: "Your advertisement appeals to me strongly—stronger than prepared mustard—as I have searched Europe, Airopo, Hope, and Hoboken in quest of someone who could use my talents to advantage. When it comes to this chin-music proposition, I have never found man, woman or dictaphone, who could get first base on me, either fancy or catch-as-catch-can. I write shorthand so fast that I have to use a specially prepared pencil with a platinum point and a water cooling attachment; a note pad made of asbestos ruled with sulphuric acid and stitched with catgut. I run with my cut-out open at all speeds, and am, in fact, a guaranteed, double-hydraulic welded, drop forged and oil-tempered specimen of human lightning on a perfect thirty-six frame, ground to one thousandth of an inch."
 "If you would avail yourself of the opportunities of a lifetime, wire me, but unless you are fully prepared to pay the tariff for such services don't bother me, as I am so nervous I can't stand long enough to have my dresses fitted."
 She got the job.

And then Again

"Mother, we've had the best time playing postman," exclaimed the small hopeful of the family. "We gave a letter to every lady in the block."
 "But where did you get the letters, dear?"
 "Oh, we found 'em in your trunk in the attic, all tied up with blue ribbon."
 Lunatic (at the asylum): "Who are you?"
 Superintendent: "Why I'm the superintendent here."
 Luny: "Oh! Well it won't take them long to knock that notion out of your head. I was Napoleon when I came here."

Most of the facts of life conspire to call the optimist a liar.

Assemblies

Monday an assembly was held in the English room for the purpose of hearing about the Ypsilanti chorales. Adele Gardner announced the following program:
 "What It Was All About"—Loleta Mann.

 "Buildings and Campus"—Howard Porritt.
 Miss Hyde then told of the general idea of the "Passion of St. Matthew". She reported that the 202 High School voices blended perfectly and that it was a decided success. The chorus sang three chorales, which were very beautiful.
 Tuesday we had assembly and heard Elder S. Lawrence Moss of Salt Lake City give an address on "The Great Exodus and Conquest of the Western Desert." He illustrated his talk with film pictures.

RE-ELECTION FOR OFFICE OF
Supervisor

Outstanding Facts Concerning My Record

I reduced the cost of operating the Supervisor's office over \$600.00, approximately 33% as compared with 1930.

I voted to reduce Board members' salaries from \$7.00 per day to \$5.00 per day plus mileage, which effects a considerable saving.

As a member of the salary committee, I secured a reduction of the county officials' salaries of approximately \$110,000.

There has been some criticism of this work because the salaries of some of the higher officials were not reduced. Permit me to say in this connection that Michigan has a law which provides that it shall be unlawful to change the salary of an executive public official during the term for which he is elected. The Salaries Committee did, however, summon every County official whose salary they could not lawfully reduce, to appear before them and they were asked to voluntarily take a cut in their salaries.

I introduced the only resolution on the Board asking the Governor to call a special session of the legislature to consider the question of the Covert Tax Relief.

I voted to cancel 13 Covert road projects, totaling two million dollars, which had been approved by the previous Board.

Study These Figures

The 1931 tax roll was more than \$14,000 less than in 1930.

From 1925 to 1930 the taxes levied in Independence Township increased over 100%. The following are the levies beginning with 1925:

1925	\$ 54,835.23	1929	\$123,595.23
1926	66,497.95	1930	130,845.19
1927	91,866.24	1931	116,833.07
1928	108,407.34		

This shows an increase of over \$76,000.00 in a period of five years. The 1931 tax roll brought a saving to the taxpayers of over \$14,000. These figures may be verified by the County records.
