Mrs. Rockwell's Room

The children who received credits in our spell-down on last Friday were Frederick Denton, Ray Gravilla, Elaine Waterbury, Gwendolyn Prouse, Betty Taylor, John Allen.
 We are very busy getting our program ready for the P. T. A. meeting this week.
 Donald Smith is our health officer this week.

Miss Hyde's Room

The first grade has been divided up into four classes. The names are Cardinals, Bluejays, Downey Woodpeckers and the Meadow Larks. Vera Paris and Elaine Gravilla have been neither absent nor tardy all year long.

Seventh Grade

In History we will begin studying a chapter on "Life, Labor and Liberty in America on the Eve of the Revolution."

In Hygiene we are studying about the eyes.

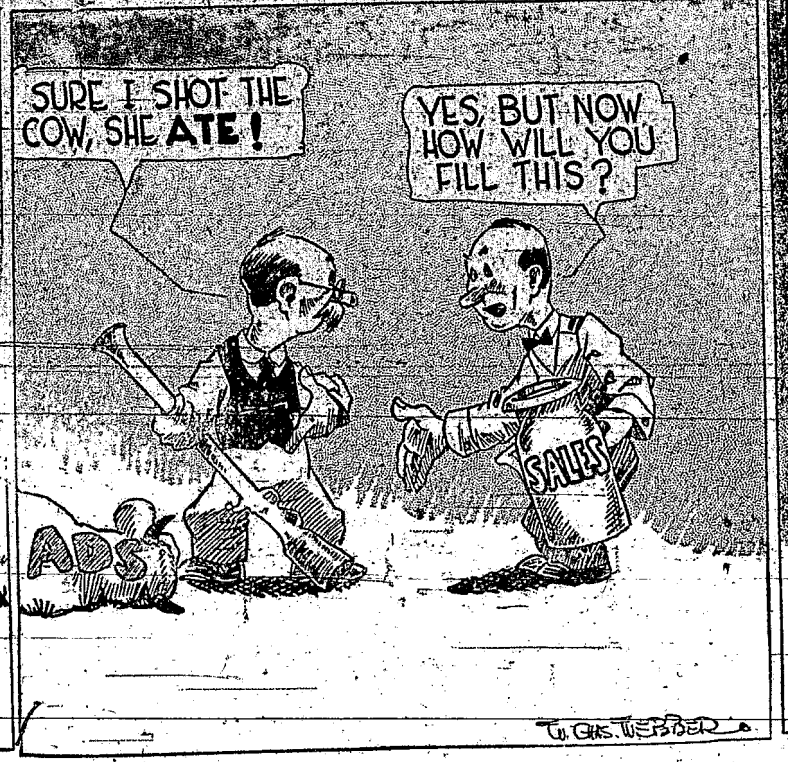

We are studying direct and indirect subject in English. We just finished studying about transitive and intransitive verbs.

We are working problems about quadrilaterals in Arithmetic.

Eighth Grade

The 8th grade Agriculture class has been very busy recently with a variety of field trips. On Tuesday we visited the local greenhouse and listened to an explanation by Mr. Davies of the proper treatment for indoor plants. The class, under the leadership of John Miller, Ralph Grote, Manley Drake and Gordon Jones, plans to work on the school grounds, caring for lawns and shrubbery. Mr.

Not Much of a Saving

Wompole is helping us get started on this project.

In Arithmetic we are studying percentage.

In English we are finding it interesting to write telegrams.

Ninth Grade

We are studying the reforms of Martin Luther and the founding of the Protestant Church in History.

In Algebra we are learning to multiply algebraic fractions.

The freshman class will hold a party in the gym in the near future.

Junior News

American Literature notebooks are due this week.

American History: We are working under a new plan this month. Each student is required to give a twenty minute report on a magazine article which has been assigned to him. We expect to have two reports a day and under this schedule it will take about three weeks to give all the reports.

Senior News

Economics: The twelfth grade class is studying the United States Banking System and the Monetary System of the United States.

Chemistry: The students are having a review this week in chemistry.

On Thursday in lab, we performed the experiment on Borax and Boric Acid. Tuesday Mr. Waters worked the exercise on "Four Methods of Preparing a Salt—Sodium Chloride." The methods are direct combinations, double replacement due to an insoluble product, double replacement due to a volatile product, and by neutralization.

Literature: The class has been studying life and works of Arnold, reading "Sohrab and Pustum" as outside reading and discussing it in class.

In the Scholastic we read "The Stolen Bacillus" by H. G. Wells, a famous British novelist, and a one-act play, "The Short Cut," by Wilde. We also studied up-to-date happenings in the world and selections from Neidhart.

We had an interesting argument on whether the perpetual Flunker should be allowed to go to school. Most of the class agreed that he shouldn't.

SENIORS TO SELL CANDY

Seniors will sponsor a candy sale at each of the home baseball games. This money will be used to defray graduation expenses.

And then Again

Mr. Winn to caddie: "Notice any improvement since last year?"

Caddie: "Had your clubs shined up, haven't you?"

Miss Buchanan: "Now, Stuart, what did Caesar exclaim when Brutus stabbed him?"

Stuart: "Ouch!"

To Win Success

- Be brief—politely
- Be aggressive—tactfully
- Be emphatic—pleasantly
- Be positive—diplomatically
- Be right—graciously

Mrs. Huttenlocher (with newspaper): "It says here that the Eskimos use fishhooks for money."

Mr. H.: "Get it must be tough on their wives getting fishhooks out of hubby's pocket while he's sleeping."

Mrs. H.: "Oh, well, the nights are six months long up there, dear."

Baseball

The baseball season of Clarkston High School opened on Friday of last week in a game at Milford. The highlights in our battery were Rexford's home run and Huntly's three-bagger when the bases were full. The line-up was as follows:

- Pitcher—Vallad
- Catcher—Parnall
- First base—Kelly

ONE SWALLOW MAY NOT
MAKE A SUMMER

but "One Stove
changed my whole kitchen!"

IT'S AN ELECTROCHEF...

"Since I've had my new Electrochef electric range, my kitchen seems entirely made over. It's hard to believe that anything could change it so completely. The room is brighter and pleasanter, and actually appears new with my modern, snow white range standing in the sunlight by the window. I suppose it's the sheer cleanliness of this new cooking method that appeals to me most. Imagine a stove that supplies only PURE HEAT from a glowing wire—without smoke or soot to blacken utensils or soil my kitchen walls and curtains. Then too, the smooth white porcelain and sparkling chromeplate finish of my Electrochef make it so much easier to have a really clean stove. Simply wiping with a damp cloth restores the original luster. I'd never again be satisfied with any other stove!"

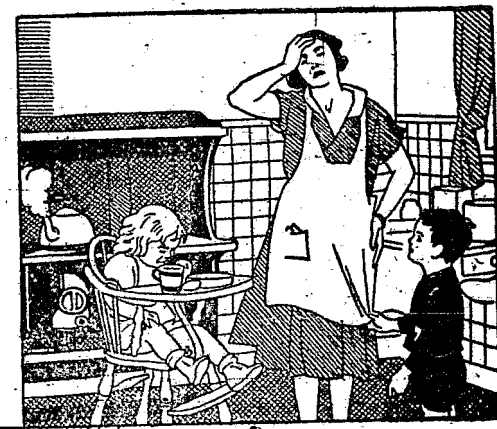

BUDGET \$10 FIRST PAYMENT
 Installed, ready to cook. Balance small monthly payments. Sales under these conditions to Detroit Edison customers only.

GET AWAY FROM DRUDGERY

GAS IS THE MODERN FUEL

Real gas is everywhere known as the modern cooking fuel. Fast—full heat the instant the burner is lighted. Clean—as sunlight. Automatic temperature control—perfect baking results. And Philgas Service brings all these conveniences to your home beyond gas mains.

A PHILGAS KITCHEN IS MODERN

Just because you live beyond the city gas mains, you needn't wear yourself out cooking on a slow, dirty or obsolete range. You needn't spend long, unnecessary hours in the kitchen, putting extra years on your face. Philgas Service has changed all that—for you now can have a modern, sparkling gas range with all the latest improvements. You can cook with real gas just as though you lived in the city.

Picture yourself in a clean, happy kitchen—with all cooking drudgery gone—with a beautiful, colorful gas range. Think of the hours of extra leisure the speed of gas cooking will bring.

Why get old before your time, when Philgas Service—the exact duplication of city gas service for homes beyond gas mains—can bring you city conveniences at such low cost? A nominal down payment will start you cooking the easy way.

Michigan Voters to Have New Issues

Five questions at least are certain to be submitted to the voters of Michigan at the November election. Forms of petitions for four other proposed constitutional changes have been approved by the Department of State, but sufficient signatures have not been filed with the department as yet, to insure places on the ballot.

Three of the questions will be placed on the ballot by mandate of the 1931 legislature. Two of the questions involve changes in election laws and the third is on the subject of pardons for those convicted of first degree murder.

The oleomargarine bill, adopted in 1931, and prohibiting the use of colored oleo, has been held in abeyance by the filing of referendum petitions and will be on the ballot for approval or disapproval of the voters.

The first proposal to change the constitution, instituted by petitions, calls for changes in the prohibition statutes.

Drayton Plains

Mrs. E. Robinson has gone to South Lyon for a short time.

The Spring convention of young people of the Detroit Presbytery will hold their meeting this Saturday afternoon and evening at the church with supper at 6 o'clock.

Charles Nolan left Sunday for Boston and other eastern points, which will take about ten days before he returns home.

Evelyn McClay was home Monday with a severe cold.

Several cases of Whooping cough in town.

Mrs. Kenneth Willings and Mrs. Noble Phelps attended the Legion Auxiliary meeting at Clarkston on Wednesday afternoon.

The Drayton Plains 4-H Club will put on a program and style show for the P. T. A. on May 3 at the school. Election of officers will also take place at that time for the coming year.

Harry Knapp has rented his farm at Clyde and has moved back to his farm on Walton Boulevard.

Mr. and Mrs. Frank Jankawski and family spent the week end at their farm at Edenville, Michigan.

Mr. and Mrs. Mike Wall entertained Mr. and Mrs. Lyle Allsweeds of Flint last week.

Mr. and Mrs. Robert Keblbeck spent the week end with friends at Midland.

Mr. and Mrs. Thomas J. Walker spent last week with relatives at Elsie, Michigan.

Mr. and Mrs. Stanley Coleman spent Wednesday with Mr. and Mrs. Ernest Coleman and family.

The Ladies' Missionary Society met at the home of Mrs. Waldren Keasey on Tuesday evening. 21 ladies were present. A delightful and interesting program was given. The meetings during the summer will be held in the afternoon from two to four, at the church each second Tuesday of the refreshments were served.

Mrs. Francis Flinger has gone to Detroit where she expects to make her home.

Oakland County Democrats Meet

The Oakland County Democratic Club held a meeting Wednesday evening in the Clarkston Town Hall. A Township Unit was formed.

Frank Dunston was chairman of the meeting and was also elected chairman of the Independence Township Unit. A large crowd was present, and thirty new members were taken in.

Village Ordinance Soon to be Effective

The new Village Ordinance No. 29 will go into effect May 1st and will regulate the dumping of rubbish, foul matter, drainage or seepage from cess pools, drains, etc., or the accumulating thereof.

This ordinance declares it unlawful and a public nuisance to dump, throw, allow to accumulate, or seep into, or flow, or allow waste materials, such as tin cans, car bodies, ashes, old iron, frames, fencing, slops, washwater, seepage or flowage from cess pools or septic tanks, garbage or leaves, to accumulate at or by or flow into any street, alley or ditch, creek, lake or pond, within the Village of Clarkston. This is one more worthy effort to make Clarkston a fine place in which to live.

ARTIFICIAL LARYNX BRINGS USE OF VOICE TO WOMAN

Mrs. W. P. Healan, of Oklahoma City, Okla., spoke not long ago for the first time in four years. She was able to do so by means of the new artificial larynx, developed by the Bell Telephone Laboratories. Following an operation in which her larynx was removed, Mrs. Healan has conducted her business and carried on social conversations by means of pencil and paper for a number of years. Now, by use of the new artificial larynx, Mrs. Healan finds that she will be able to talk well enough to resume operation of the hemstitching business which she owns in one of the Oklahoma City department stores.

Why Not

"Mummy, why do men shoot lions and tigers?"

"Because they eat sheep and kill the lambs. They should not do that."
