Sheriff has Busy Week in Vicinity

Deputy Sheriff Seeterlin has been having a busy season lately and many calls have come in for investigation.

A Mrs. Warren of Andersonville had three hens and a rooster stolen one night last week. It was reported and it was thought that a certain man had taken them. Investigation showed that the fowl were not there, so the man was cleared of suspicion.

trace has been found of the fowl. Last summer Frank Green lost a boat. He hunted high and low for it but did not catch sight of it until one day recently when he thought he recognized it on Windiate Lake. To gether with the Deputy, Mr. Green went to see the boat at a close range and found that it was his. It was one Butler Holcomb had made and they are always marked so that they can be recognized. So Frank Green got his boat back. It has been all painted up and fixed for an outboard motor also, and is no worse for the

Mrs. Bertha Anderson of White Lake reported that she had been threatened with firearms and assault and battery by a neighbor and wanted him arrested. It seems that there has been some difficulty over a cow straying on the other's property, and the neighbor, became, angry. Mrs. Anderson swore out a complaint and the Deputy went after the man and brought him to Judge Morley's court, where he was arrainged for assault and battery. 🤌

Candidate for Judge of Probate

In announcing my candidacy for the office of Judge of Probate for Oak land County, I desire to say:

That I was born in Eaton County Michigan on a farm, educated in the schools of this state, have had forty years experience in the practice of law, have held office of Prosecuting Attorney of Oceana County, eight years as Municipal Judge of the City of Pontiac, the record of which the people of Oakland County are quite familiar. Both of these jobs were given me by the people who were

strongly Republican. Tongry Republican. I believe a public office is a public trust, and that the people have a right to, and do, demand a fair, intellectual and courteous service, without influence from any organization of any kind.

上义。 Respectfully,

Henry W. Harpster.

Storm Leaves Trail of Damage to Rurals

The heavy wind, rain storm last Thursday afternoon and evening left a trail of damage to crops, property and trees in the rural sections near here, and in some cases, did costly wreckage. Fortunately for our community the storm was a little farther north and damage done near here was mainly to trees. Between Holly and Ortonville there were 25 trees -uprooted and blown across the road. Several farms nearer Ortonville had windows broken by the hail. Other farms nearer here suffered damage to corn crops and trees. Branches were gathered together from all the lawns around the village Thursday night and Friday morning. Several trees blew down in the village. Some of the corn was damaged at the Squire farm. At the Clarence Drake farm the strong wind blew down a fence and let all the pigs out.

Mrs. Melville Chase Dies at Age of 83

Wife of Professor Chase of Hillsdale Passes: Was Well-known, Wellloved Poetess, Homemaker, and Student

Eleanor McMillan Chase, 83, wife of Professor Melville Warren Chase, Doctor Emeritus of Hillsdale College, passed away at the home at Hillsdale early Monday. Mrs. Chase has been in ill health for the past two years. She was the mother of Lauren D. Chase of Chase Inn, Clarkston.

Mrs. Chase was born July 29, 1849, near Hamilton, Ontario, in Canada. When she was seven years of age she moved, with her parents, onto a farm near Reading. She went to school at Hillsdale and while she was very young, entered the college there. She studied two years in the Liberal Arts department, but left school because of illness of her mother. When she was 20 years of age she married Alfred Hill, an instructor of languages at the college of Hillsdale. To this union was born a daughter, Winifred, who is the present Mrs. Duane McNabb of Chicago. Mr. Hill died when the

daughter was but two years old. She later married Melville W. Chase, who has been very prominent in college circles and has been a musical leader for the past fifty odd years. To this union were born twins, Lauren D. and Arda M. Arda died

at the age of seven. Professor and Mrs. Chase have lived in Hillsdale all of their married lives. Mrs. Chase has been an ideal homemaker and a well-known poetess. She has had two volumes of poems published. After her family was grown and had left home, Mrs. Chase returned to her studies at Hillsdale College and received her Bachelor of Arts degree at the age of sixty. She has been an honorary member of the Woman's Commission of the college for many

Funeral services were held Wednesday, July 27, at the College Baptist Church, with Dr. J. W. Mauch, ex-president of Hillsdale College, officiating. Burial was at the Oakwood Cemetery, Hillsdale.

Surviving are the husband, Melville Chase, one son, Lauren D. Chase of Clarkston, and one daughter, Mrs. Duane McNabb of Chicago. Professor Chase, who celebrated his ninetieth birthday in February, will make

his home here with his son. Many villagers will remember Mrs. Chase as the dear little old lady who spoke to the Eastern Star meeting this past winter.

SAMUEL J. PATTERSON.

"I was born on a farm near Holly, Oakland County, Michigan, in 1874, a son of James K. and Martha Hadley Patterson. My father served as prosecuting attorney for Oakland County in the late seventies. My father and mother both died when I was a small boy, and I was taken into the home of my uncle, Thomas L. Patterson, of Holly, where I was reared as one of

the family. "I attended school at Holly until the fall of 1895, when I entered the law office of Fred A. Baker of Detroit, where I worked and studied law during the day, and attended night sessions and lectures of the Detroit College of Law until I graduated in June, 1898. Immediately after graduation, I came to Pontiac and worked in the Probate Office under the direction and supervision of Judge Thomas L. Pat-

"In 1900 I became associated with my cousin, John H. Patterson, in the active practice of law, under the firm name of "Patterson and Patterson" which association continued until 1920, when my affiliation with other interests necessitated the opening of a separate law office, where I have continued in the active practice of law since that time.

"During my thirty years of active have given special attention to Probate Court practice, settlement and administration of estates, and have acted in the capacity of executor, administrator and trustee of many estates, all of which has given me an extensive and personal knowledge of Probate Court work, which, coupled with my legal training and business experience, would qualify me for the

office of Probate Judge. "From such personal knowledge experience and legal training, I fully realize and appreciate the responsi bilities connected with the Probate Office, and the various departments thereof, and feel I am qualified to meet and fulfill the requirements of

the office. "The citizens of Oakland County are at the cross-roads in county affairs; all are more or less affected by existing conditions. The tax payers of this county have the right to the whole-hearted, sympathetic co-operation of their public officials, to the end that economy and efficiency shall prevail in order to reduce heavy tax burdens. If nominated and elected, I pledge myself to economize in every possible way consistent with efficiency and good service.

"If elected, I shall not consider such election a personal victory, but rather a clear and decisive demand of the people of Oakland County for a new order of things, in harmony with

"Based upon my experience, train ing and qualifications, and pledge for efficiency and economy, I offer my services to the people of Oakland County. If you think I am qualified to meet the requirements of the office of Judge of Probate, and am worthy of your help and support. I shall appreciate your co-operation and make every effort to merit the respect and confidence of the people of Oakland County, and will serve all of the people of the County to the best of my

The most powerful and economical low-priced truck you can buy

It takes an exceptionally good truck to meet today's hauling needs. It must be capable of long runs at high speed. It must be powered to let the driver ignore road conditions. It must be able to operate with a minimum of time out for servicing, and with the lowest possible consumption of gasoline and oil. Add to these features big capacity, driver comfort and long life, and you have pictured the ideal hauling unit. And what's more, you have an accurate description of Chevrolet's new line of trucks-the most powerful and economical low-priced trucks you can buy! It's the six-cylinder engine that makes these trucks so efficient—and so popular. Sixcylinder smoothness reduces wear on all truck parts. Six-cylinder power and speed make possible bigger bodies with a larger bulk capacity. Six-cylinder flexibility gives you a faster power response. Today you can get these six-cylinder advantages at the lowest prices in Chevrolet history!

Welsh for Governor

George W. Welsh of Grand Rapids nas announced his candidacy for the Republican homination for governor. He has had experience in public office as a member of a Common Council, legislator, speaker of the House, Lieutenant Governor and is now City

In declaring his candidacy, Mr. Welsh said:

"While the question of Prohibition has received a preffered position in the public mind it is by no means the sole problem, or even the most importproblem at present confronting

My own attitude on this question has been a matter of common knowledge for years, and has frequently been publicly stated. I repeat that in my opinion Prohibition is both a governmental and an economic blunder that must be corrected by Repeal at the earliest possible moment. Regulation of personal habits is a proper function for the home, the church and the school; it is not a

proper function of government. "The major problem today, in my opinion, is the problem of maintaining and continuing the institution of orderly government. The power to tax is the power to destroy. The bankruptcy of the taxpayer means the inevitable bankruptcy of the commonwealth. If Michigan is to avert a total collapse of its public financial structure in state, county, township, city and village; if the keystone of the arch—the taxpayer—is to be saved from loss of home or farm, there must be ruthless reduction in the tax load. Every non-essential service in every branch of government must be abolished; not altered or curtailed. Political expediency has no place in this economic war. Government must follow the same course that the private citizen and private business has been forced to follow-the course of liquidation. There can be no healthy start toward normalcy until this has been done.'

SERVICE NOW REACHES SOUTH AFRICAN UNION

9,500-mile Radio Telephone Circail Goes via London

Regular radio telephone service between North America and South Africa was established on June 1 This opening marked the first major extension of commercial telephone service to the African continent from the United States.

The territory reached by the new service includes Cape Town, towns of Port Elizabeth and De-Aar, and other nearby points. All Bell System telephones in the United States come within the scope of service, together with Bell connected telephones in Canada, Cuba and Mexico.

The daily service period is from 8:30 a. m. to 8:30 a. m., New York daylight saving time, which corresponds to from 9:30 a. m. to 2:30 p. m. in Cape Town,

Conversations are through the transatiantic radio telephone stations of the American Telephone and Telegraph Company, in connection with the British Post Office stations in England, where the calls are switched to the London Cape Town radio circuit. The total length of the circuit from New York to Cape Town is about 9,500

The radio stations in South Afrien are owned by the Overseas Communication Company of South Africa. The transmitter and receiver are both about forty miles from Cape Town, the first at Klipheuval, the second at Milnerton. Previous ly, but a single African city-Ceuta in Spanish Morocco-could be connected by telephone with North America, over cable spanning the Straits of Gibraltar and wire links to the radio terminals in England.
