Burgess Candidate for Congress

Roy H. Burgess was born on a farm in Redford township, Wayne County, Michigan, in 1889. His forefathers settled there in 1828-30. He was educated in the Redford public schools and old Central High School Detroit, and is a graduate of the school of hard knocks. In the years of 1909-10, he played professional baseball. At the age of 21, Mr. Burgess entered the hardware business with his father the firm name being George C. Burgess and Son. He organized Redford's first drug business, the Redford Pharmacy, Ltd., in 1913, later this firm became the Meyer-Burgess Drug Co. Mr. Burgess organized and was the first president of the Redford Exchange Club. He helped organize and was the first vice-president of the Peoples State Bank of Redford. He is president and founder of the Redford-Detroit Corporation, which owns the Public-Redford theatre building. He was appointed a member of the Detroit City Plan Commission by Mayor John C. Lodge, and was later reappointed to the same position by Mayor Frank Murphy. He was president of that non-salaried commission for the years of 1930 and 1931. Mr. Burgess is still serving as a member of that commission. He is president of Roy H. Burgess Inc., and of the Burgess Motor Sales, having had 18 years' experience in the automobile business in Redford. Mr. Burgess was recently appointed a member of the Board of Trustees of the Ford Republic School for boys. He was president of the Redford Board of Commerce when that organization was functioning. He was a member of the Redford township Board and served as Justice of the Peace for four years, preceding Redford Township annexation (the part of Redford to the City of Detroit.) Mr. and Mrs. Burgess and their three children reside at 22305 Grand River Avenue, Detroit.

You can't get away from the fact that

**A SIX IS MORE ECONOMICAL**

Just a moment, before deciding on that new low-priced car of yours. Have you counted cylinders? And have you counted right for greatest economy of gas, oil, upkeep and maintenance?

Thousands of tests have proved . . . engineers have established . . . owner experience has confirmed THIS FACT: For lowest, all-round motoring costs: SIX CYLINDERS. No more—No less!

Unless you do get SIX, one of two things is bound to happen: either you get too many cylinders—and sacrifice the economy for which Chevrolet is so famous. Or you don't get enough cylinders—and sacrifice the kind of maintenance cost that Chevrolet gives you—the lowest available in today's low-price market!

oil! It's so simple in design that adjustments and servicing can be done easily, quickly, economically! Because its smoothness is built-in—the body, chassis and engine are spared the repair costs that result from constant, inherent vibration!

**STILL GOOD AFTER 15,000 MILES**

And the Chevrolet Six stays young for—10,000, 15,000, 20,000 miles and more! Long past the point when owners might expect signs of wear, a Chevrolet carries on—smoothly, dependably, economically.

**SAVE WITH SIX CYLINDERS**

Why not strike a happy balance between "too many" and "too few"? Do as the majority of low-priced car buyers have done ever since January, 1931: SAVE—with SIX CYLINDERS. The Chevrolet six-cylinder engine gives you wonderful mileage on gasoline—and

Moreover it has every modern feature you're entitled to: Free Wheeling, for example; no car is up-to-date without it. And genuine Syncro-Mesh as originated by General Motors—not an imitation. And big, luxurious Fisher bodies, like those on costly cars. And four springs mounted lengthwise to the frame.

Remember, that you can switch to a 1932 Chevrolet for very little money. Chevrolet's new reduced prices are so low, and G. M. A. C.'s terms are so easy, you'll probably find it more economical to buy a new Chevrolet Six than to worry along with the old car any longer!

## Three HANDY HEATING HELPERS

for industrial processes  
using a small amount of heat

If you are a small manufacturer, or a big manufacturer with a process using small quantities of heat, you will be interested in these unique electric heating units. By means of these units, you can often do a small heating job cheaper than any other method.

SPOT

Take, for example, SPOT—the cartridge-type electric heating unit. This small unit provides a spot of clean, safe, odorless, precisely controlled heat just where it is needed in a process or in a machine. STRIP, the electric strip heater, provides strips of heat for use in scores of hard-to-heat locations, in cabinets, outlying buildings, crane cabs, valve houses. DIP, the electric liquid heating unit, can be placed in tanks or kettles or in compartments of machines, for the heating of oil, glue, wax, water or other liquids.

These units are surprisingly low-priced. A cartridge unit like SPOT sells for only \$2. A unit like STRIP sells for \$1.50. And a simple liquid heating unit of the DIP type is available for \$10. In addition there are many other kinds, among which you can choose one exactly suited to your heating needs.

Detroit Edison engineers will gladly study any heating problem you may have—especially your smaller jobs—and give you their recommendations. We do not sell or rent this equipment, and there is no obligation. Simply call the nearest Detroit Edison office.

### Esau Torturers Are Released by Court

At the preliminary trial held in Justice Holland's Municipal Court last week the two suspects that were held by Oakland County officials in connection with the robbery and torture of the John Esau family near Bald Eagle Lake several weeks ago were released due to the refusal of John Esau and his granddaughter to positively identify them in the session of the Court.

The men arrested by Undersheriff Greenan in Detroit two weeks after the robbery and they were subsequently released on bail and the other three could not be held. After several examinations this final hearing recently closed the case against them. Approximately 20 witnesses appeared in behalf of the suspects with the "alibi" that they were in Detroit the night of the crime.

### All-County Picnic Draws Large Crowd

Many local people were among the large crowd of more than 1,000 who attended the all-county picnic at Wall'd Lake Friday which was sponsored by the County Board of Supervisors.

Basket lunches were enjoyed at noon and during the afternoon the group had races, sports, and witnessed a balloon ascension, a parachute drop and a water battle between teams of firemen. The evening was spent at dancing.

Calvin N. Smith, Ferndale supervisor, presided, and introduced the Governor. Governor Brucker gave an address and following his talk, Helen Cheeseman, Clarkston, queen of the Romeo Peach Festival, presented the chief executive with a basket of peaches.

The Governor spoke and among the matters referred to, he mentioned matters he referred to the McNitt law which sends back to the counties \$2,000,000 additional of the gasoline tax.

### Seymour Lake

Nearly 200 persons from Detroit, Oxford, Pontiac, Orion, Clarkston, Flint and Ortonville attended the annual homecoming here Thursday. Dinner was served in the community house and a fine program with George Scott chairman of committee followed. Music, songs, short talks by former pastors, readings and solos were given and heartily appreciated. Mrs. Elizabeth Wiser of Oxford, 87 years of age, was given a beautiful bouquet from the Tolles nursery on Baldwin road in honor of being the oldest resident present.
