Greenan, Teddar Killed as Bank Bandit Commits Suicide

Deputy Sheriff Harvey Teddar was instantly killed and Undersheriff Frank Greenan fatally wounded in a gun battle with a bandit gang north of Lapeer shortly before noon Wednesday.

The Clarkston State Bank was robbed of approximately \$4,000 the night of July 16 and since that time Frank Greenan has been working on the case. When he received a very hot tip concerning the actual men who robbed the Clarkston Bank, and also the Yellow Cab and Detroit Edison recent robberies, he immediately went to investigate.

Tuesday evening a young fellow, 18 or 19 years of age, went to the officers and told them he knew of the robbery, of other robberies and where the bandits were. In fact, he knew all there was to know. He had become friendly with Ben Dillon, the bandit who went "over the top" and into the cage at the bank here. Dillon had told him everything and the youth at once reported to authorities. Tuesday evening the bank officials from here were called to headquarters and plans were made that Mr. Ray Ainsley and Mr. David Teggerdine go to the place where the bandits lived with officers to identify them.

So Wednesday morning the Lapeer county officers, several officers from Pontiac, Undersheriff Frank Greenan, Deputy Sheriff Clare Hubbell, Deputy Sheriff Harvey Teddar, Ray Ainsley and David Teggerdine met and drove to the bandit's newly purchased farm home north of Lapeer. As the group drove in the yard the deputies armed. Mr. Ainsley and told him to keep the bandit covered while he was in the yard. Mr. Ainsley at once identified him. He and a brother were cutting wood in the back yard and as soon as they saw the cars in the driveway they ran for the house. Sheriff Greenan was directly behind young Dillon and the Lapeer Sheriff behind Mr. Greenan. Mr. Ainsley remained in the car with Mr. Teggerdine and the men kept him covered as he dashed, unarmed, across the yard and entered the house. Sheriff Greenan, fearless, bravely followed him closely, only to be shot, first in one arm and then the other, from the house, before he could reach the bandit. He staggered and officers helped him into his car, where Mr. Ainsley and Mr. Teggerdine were stationed. Ainsley took the wheel and Teggerdine made the best turnout possible on his left arm above the severe wound to keep Greenan from bleeding to death. They were a very few miles from Fostoria and at once drove there, only to find no doctor in the town. They then proceeded to Mayville, the next town, where there is a good private hospital, and physicians, the best that could be procured, made every possible attempt to save his life. Greenan died shortly before midnight Wednesday.

Young Dillon, 20, shot himself in the face and died an hour after capture and removal to the Lapeer hospital. Officers took his mother, Mrs. Claudia Dillon, 52, his brother, Scott Dillon, 26, and his sweetheart, Marian Halliday, 18, to jail.

Ben Miller took a crowd in his car to the farm Wednesday afternoon and gave the place complete inspection. Ray Ainsley and David Teggerdine returned home about four o'clock in the afternoon.

Statement From Roy Reynolds

The untimely death of Frank J. Greenan, the Republican Candidate for Sheriff, has destined that I be a candidate in his place. It is with deep regret that it has been necessary for me to become a candidate for the office of Sheriff under these circumstances. Mr. Greenan was a man of whom I had the deepest admiration and respect for his ability as an officer, and his conduct as a gentleman. The manner in which he, and his fellow deputy, Harvey Teddar, met their deaths, typifies the service they have rendered to the people of this County, and should be an inspiration to the voters of Oakland County to select in office men of their type.

I wish to express a feeling of appreciation to the Oakland County Republican Committee for having selected me to carry on the work Frank J. Greenan started, and I am aware of the tremendous task before me. If elected, I will seek the co-operation of all law abiding citizens to assist in the enforcement of the law.

State Grange Holds Convention in Lansing

The Michigan State Grange met for three days last week to shape the program to guide the agricultural thought and vote of the state.

Perhaps the most important step they took at the convention was the definite decision that the organization refuse to demand a state income tax for the second successive year. The Grange Friday night refrained from advocating the income levy for fear of jeopardizing its immediate objective—adoption of the proposed amendment limiting property taxes to \$15 a thousand.

In effect, the Grange, for the second straight year, said "now is not the time" for the income tax. It rescinded its demand last year for its favorite measure of tax relief on the personal recommendation of Governor Bruker.

Creation of a new federal tax and an additional national fund were among the recommendations. Delegates approved a resolution calling for a federal excise tax for education purposes. Another demand was for the creation of a national "depositors guaranty fund to restore confidence in banks and protect deposits." A third resolution recommended that representation from any one county in the state House of Representatives be limited to one-fifth the total House membership. The measure would restrict Wayne county's delegation to 20.

Other demands were: Petitioning the State Public Utilities Commission to reduce rural telephone rates; repeal of the small loan act; election of the county road and poor commissions and the county physician; termination at graduation of a school district's responsibility for paying the tuition of pupils sent to neighboring high schools; the rating of conservation officers "on the basis of prevention of violations rather than convictions"; and a study by the executive committee of the feasibility of a uniform textbook law for schools. A resolution also asked that the primary ballot be changed so that the party would not be restricted to one vote. They also asked that a law be passed to prohibit pictures of women in cigaret advertising.

Sister of Villager Succumbs at Oxford

Mrs. Jennie A. DeShon, age 71 years, 11 months and 2 days, sister of our Dr. Clark J. Sutherland, passed away Wednesday, October 26, 1932, at her home in Oxford following a lingering illness of several years.

Jennie A. Sutherland was born at Ray Center, Macomb County, November 2, 1860, a daughter of the late Andrew and Abigail Clark Sutherland, one of a family of five children. When a small child she moved to Oxford with her parents, where she has spent a large part of her life in the old homestead.

On January 1, 1883 she was united in marriage to Charles G. DeShon and the couple resided in Toledo, Ohio, Detroit and later in Oxford. Mr. DeShon passed away suddenly February 20th of this year.

Mrs. DeShon was a member of the Congregational Church and up to her illness in 1927 was an active worker in that society. She was also a member of the Oxford Order of Eastern Star and White Shrine.

Surviving are her two sons, Gordon A. DeShon and Charles G. DeShon, both of Detroit; two brothers, Dr. Clark J. Sutherland of Clarkston, Frank C. Sutherland of Oxford, and one grandson, Frank DeShon of Detroit.

Funeral services were held Saturday afternoon with Rev. H. B. Johnson officiating.

A. L. Moore Speaks at Republican Meet

Andrew L. Moore, Pontiac attorney and a member of the tax commission of the National Chamber of Commerce, spoke Monday evening to a group of one hundred and seventy people at a Republican Rally at the Clarkston Opera House on the tax question and the amendments.

Howard Huttenlocher, president of the Pontiac Junior Chamber of Commerce, presided at the meeting and first introduced the following candidates: Lynn D. Allen, George A. Dondero, G. Dewey Kimball, J. Lee Voorhees, Charles Sparks, Earl Phillips, Judge Dan A. McGaffey, Miss Mabel Brondige, Harry Merritt, Frank Greenan, Norman C. Orr, William R. Ransom and Harry Merritt. He also presented Mr. A. B. Hubbard of Clarkston formerly a Representative to the State Legislature at Lansing.

George A. Dondero, candidate for 17th Congressional District spoke a few words in behalf of all the Republican candidates and for President Hoover. He stated that America was the last nation to be struck by this world-wide economic depression and that already she was the first to emerge from it. He stated that there was an increase in business in all lines and that in Michigan also there were 45,000 more men at work October 15 than there were September to remove Hoover from the helm.

Andrew L. Moore first spoke a word in behalf of Governor Brucker and stated that "Comstock was trying to kill Brucker by criticism, and that we should beware of the man who promises everything as Comstock does.

In discussing the amendments Mr. Moore started with No. 8 and first took in the referendum on a statute known as the oleomargarine act. He explained that if one votes "yes" he is voting in favor of the interests of the dairy industry and that if he votes "no" it will be in favor of the oleo industry.

On No. 7, he explained that if adopted, only the names that appear on tax rolls will vote on the raising of money on bonds, etc., but that a great many names appear on the tax roll that do not pay taxes.

On No. 6 he gave his opinion and made clear that he would vote "yes," prohibiting, if adopted, the pardoning of persons convicted of first degree murder. He explained that there is, in the proposed amendment, a provision that grants that at any time upon discovery of new evidence a person may move for a new trial. He showed that statistics of Michigan state that since 1887 life sentences have meant little more than 14 years imprisonment. He went on to say that unless the people of the country begin to put some teeth into law enforcement the law of life, liberty, and property, is in serious jeopardy.

No. 5 amendment provides that if you reside in a ward or city and registered you can vote regardless of whether or not you have moved within the last few years before voting time from one house to another. As the law stands today one might live in a city 20 years and move to another house in that same city a few days before election time and would not be permitted to vote.

No. 3, the apportionment and term of office of senators and representatives in the state legislature office amendment originated in the county of Wayne, and this is the third time they have attempted to do this. If adopted it would increase the number of Wayne County representatives from 21 to 39. Now, if they increased their population enough so that they could send 12 more representatives to the House they would control the vote there. Also, it would fix geographical districts by senatorial law, which, according to Mr. Moore, would not be good, and that it would give Wayne County a chance to have control. Therefore, we should vote "no" on proposal No. 3.

Mr. Moore took up No. 2 and No. 4 together and discussed the tax situation. He is in favor of tax limitation. He stated that Ohio, for the past ten years, has had tax limitation and has found it to be successful. If No. 2, the amendment of one and one-half per cent. of limitation, if adopted, stated Mr. Moore, would make the total amount of tax that can be levied on any property in any year one and one-half per cent. except for the added amount necessary to carry bonds, etc., on the property.

On No. 4, the homestead exemption amendment Mr. Moore analyzed it that it meant: 1. personal property to \$1,000 exempt; 2. Homestead exemption up to \$3,000; and 3. it would make a man his own assessor. Mr. Moore stated that this law is not what we want and that we are not ready for it. He gave his opinion in the matter that we should vote "yes" on No. 2 and "no" on No. 4. He stated that there will come a time when we can vote for the homestead exemption and that he was in favor of that. The time is coming, he said, when home-owning will be an asset.

Unfortunate Negligence

Last Monday night at about 12:30 o'clock, an accident occurred on Main Street, directly in front of the Addis store—our car being considerably damaged as the result of a barricade across the state highway extending from curb to curb. Young men about town, of high school age and those just beyond, allowed the spirit of mischief and devilry to get the best of even children's judgment, when they placed a 1½ ton steel grader and a large hay rack end to end across the highway. Even placing these obstructions across the road did not satisfy their thirst for jeopardizing human life and property—they had to camouflage the barricade with corn stalks, the result obviously being a first-class DEATH-TRAP.

Fortunately, there were no serious results unless \$25.00 to \$30.00 damage to the car could be considered serious, BUT, our car hit the hay rack. We have considered ourselves miraculously lucky that we were not headed north because the heavy steel grader was placed on the east side of the street. To add to the seriousness of the affair, you will recall that the weather was especially bad Monday night with rain and fog, and visibility correspondingly poor.

We just happened to be the first travelers to come along after the thoughtless parties completed their work. Think reader, it could just as easily have been YOU, the boy's parents, or members of the Village Council.

There are two aspects to the affair. I won't delve on the question of the boys who actually enacted the CRIME, violating every law of the state and public welfare, because officials are investigating and are in a good position to place the blame where it rightfully belongs. Deputy Seeterlin has stated that they will be prosecuted.

The second aspect brings the local residents and business men back to the old question of protection, one in which the village council has refused to take the initiative and responsibility, as they should do as public officials. We wonder if the village would have a town marshal at night, as most villages of our size and activity do have, if destiny would have brought the President's car down M-15 at 12:30 last Monday night. And on Halloween of all nights, our public servants neglected to keep the youngsters within bounds by giving the villagers adequate protection.

Since the accident, we can name at least ten local people who have come to us UNSOLICITED, and placed the blame for the accident on the local officials, and stated that there must come a time when they accept the responsibility rightfully theirs and give the homes and business institutions a night marshal.

Literary Club has Meeting; Plans Lunches

The Clarkston Literary Club met at the home of Mrs. Charles Bryant, Tuesday, November first, with 28 members in attendance. Roll call was responded to by the naming of an Indian custom.

Three very interesting papers were given. First, "The Franciscan Father and Old Missions" by Mrs. David Teggerdine; second, "Picturesque Indians of the Southwest," by Mrs. Byron Beardslee; and third, "Hawaii, the Paradise of the Pacific," by Mrs. Lucy King.

A very interesting report was given by Mrs. B. Reynolds of a meeting she attended in Pontiac on a lecture by Dr. Malik of India, telling of the life of his people who still live in the jungles of India.

The next meeting of the club will be with Mrs. Ira Jones, November 15.

The ladies of the club are planning to serve lunches on election day. The proceeds will be used for welfare.

WHOLE TRUTH

About the Probate and Juvenile Office

- THE TRUTH IS, that the present Probate Judge CONSENTED to a 10% salary reduction only after being requested to do so by county officials.
- THE TRUTH IS, there never was need for a second Probate Judge in Oakland County.
- THE TRUTH IS, according to information from the Board of Auditors office, that the conveyance of children to the University Hospital is done WITH A COUNTY OWNED CAR, by a County employee, at the Taxpayers expense.
- THE TRUTH IS, that real economy will begin in the Probate Office when all unnecessary expenses are eliminated. True, the work has increased but it is also true that salaries have been materially increased. In addition, modern methods and modern office facilities have made the handling of the work easier. Records in the Auditors office show that the total expenses of the Probate division have steadily INCREASED, not decreased since 1929.
- THE TRUTH IS, that the Probate and Juvenile office has six more employees than 20 years ago.

Respected citizens from every community are supporting Sam Patterson for Probate Judge. His 30 years of specialized practice in Probate work and his freedom from any political connections make him eminently qualified

Senior Play

See the Senior Play story on page one.

Mrs. Huttenlocker seems to be getting quite a kick out of the job of transforming Cec into an Irish Cook and George into a very stiff English Butler. Their parts are very amusing.

Jerome Galigan doesn't know just how to go about the job of falling in love with Cec. Jerome says, "Shouldn't think that would be very hard to do."

Lynn Rexford didn't need much practice on how to break dishes. It just came natural to him.

Vonda, Cec, George and Lynn are all brothers and sisters. Cec and George get along together, which has always been true. Vonda and Lynn have a little family spat which they act out quite naturally.

At Last the Boys Have Stepped Out.

At last the boys have proven to us that they can do it, and it sure makes us all feel pretty good. You remember South Lyon beat us a few weeks ago. Well New Hudson walloped them and then we in turn won a game, New Hudson being the loser.

It was a nice game to watch. Clarkston made only one substitution. There were only a few penalties drawn and the game was played very clean. This is Clarkston's last scheduled game for this year. I believe that there will be a few more games played with other schools that want post-season games.

Seventh Grade

The 7th grade class had a class party Friday night after school from 4 to 6 and the group played games in the gym and had refreshments in the Domestic Science room. They all say they had a grand time. Mr. Winn was a guest of the class.

Drayton Plains

Due to the hard rain on Monday night Halloween was very quiet.

The tenth grade is working hard on a play to be given soon. Keep watch for the date in this paper as it will appear soon.

THIS MAN SECURED 3 DIFFERENT JOBS BECAUSE HE HAD A TELEPHONE

(An actual case, reported to this company)

A Michigan man, who was working only every other month, secured spare-time work on three occasions because he had a telephone.

During an off-duty month he was called and given an extra week's work by his company. Then he was called and given temporary work in Ann Arbor. And soon, thereafter, he was summoned by telephone to another special job.

He got this extra work because he had a telephone.

The person who tries to get along without a telephone may miss work that would pay for the service many times over.

Chain-Store Company

says:

One of the greatest chain-store companies, noted for its well-designed, brightly lighted show windows, declares:

"We value our windows for advertising purposes at millions of dollars a year in sales. Without proper light, our windows would be worth only a fraction of their present value."

Show windows are an important part of the modern store. In the highly competitive merchandising field of today, modern lighting intensities increase window stopping power by 17 per cent to 75 per cent. Large, successful stores know this—and it applies equally to the small merchandiser. In a number of tests, sales have increased as much as 10 per cent by changing the intensity and arrangement of store lighting.

Detroit Edison illuminating engineers will test your lighting without charge. Their skilled study of your store may enable them to suggest changes that will greatly improve your illumination.

Schrader

Nominee for Sheriff

As the Democratic nominee for Sheriff I wish to offer my experience and qualifications for that office.

7 years police experience.
Chief Deputy Sheriff of Oakland County 5 years.
Organizer of both Police and Fire Departments and chief of both.

Graduate of the Detroit Police School.
If elected to the office of Sheriff of Oakland County, I offer to the people a complete and constructive reorganization, full cooperation with other departments, equalization of pay, abolishment of the third degree method, radio zone patrol for outlying districts.

This radio zone patrol may be installed in the Sheriff's office and in six Sheriff's cars for the nominal sum of \$1440 or a trifle more than one-half the yearly salary of one Deputy Sheriff. This radio zone patrol would give to the farmer and to the outlying districts a service of from 2 to 10 minutes, due to the fact that the officers will be on the road patrolling in their particular zone.

Due to the drastic cut in the Sheriff's budget and the cut in the personnel of the department provided by the Board of Supervisors, a radio equipped department is the only possible method of giving adequate protection.

Again I offer my combined knowledge of police and sheriff's work in seeking this office, and hope to merit your support in the coming election November 8.

Tax Expert Praises

From a Talk by
A. L. MOORE

"Through the co-operation of county drain commissioner 'Pat' Van Wagoner, and the people of this county owe him a debt of gratitude, the Oakland-Macomb drain was stopped and the taxpayers saved about \$3,396,712.

From a widely published address by Moore at a taxpayer's meeting in Stevens Hall, Pontiac, October 13, last year.

TAX RELIEF WORK OF VAN WAGONER

Two years ago we needed a drain commissioner who knew when to build drains and when NOT to. In building NOT ONE new county drain, while maintaining 256 miles of old drains at half the cost, 'Pat' VanWagoner proved himself the ECONOMY-ENGINEER the office needs.

We commend him to you as an able man worthy of your support. THANK YOU.

PHILEMON J. MILLER

The delinquent tax burden on real estate is one of the first matters that should be solved by the legislature in its session of 1933.

I believe that if legally possible, the delinquent tax should be erased from real estate so that the property owner can start with a clean slate and instead of being a non-payer of the costs of government, he may become a tax payer again. If it is not legally possible to erase the whole delinquent tax, I believe that it may be possible by legislative action to wipe out the difference between the obligations of the assessment districts or municipality and the unpaid delinquent tax, which will in most cases result in a reduction of 50% of the delinquent tax, the remaining delinquency to be funded over a period of 10 years to be collected as are other taxes but to have the interest and penalties reduced.

If the 50% reduction can be legally accomplished the man who now owes \$100.00 delinquent tax will only have to pay \$50.00 and if this is spread over a period of 10 years it will only mean a levy of \$5.00 per year.

The lovely decorations and refreshments were in keeping with the season as was also the entertainment. and not a liability.

In discussing the "Red, White, and Blue" amendment on prohibition, he stated that the new effect of passing this proposal would be to release all state control of the liquor traffic and that it would nullify all existing liquor laws on the statutes today. Then the only restraint would be the federal law. If carried, continued Mr. Moore, until the time of readjustment under the federal law, the local law under state control will be abolished, and therefore he contends that we should vote 'no' for proposal No. 1. He stated that a lot of people have a mistaken idea and that to vote 'yes' would not repeal the 18th amendment. There will be an indefinite period of two or three years before resubmission of the 18th amendment will take place in Congress. First, Congress must make up its mind how to resubmit and then it comes back to constitutional conventions called in each state, then to the capital conventions in 48 states and when 36 of these say 'yes' then and not until then will the 18th amendment be repealed. So we must, according to Mr. Moore, we must defeat No. 1 or we will remove all restraint and control under the state law.

Joseph Timmis, Ph. D., from the National Republican Committee in Chicago, was the national speaker of the evening and devoted his time to the qualities of Herbert Hoover and conditions at the capital.

Following these talks, there was a general get-together and cider and doughnuts were served.
