VOL. IV. NO. 26.

CLARKSTON, MICHIGAN FRIDAY, FEBRUARY 24, 1933

WHOLE NUMBER 183

Passes Away in Buffalo, N. Y.

Mrs. Frank Byrne Fox of "Maple Leaf Lodge" received a message from her close friend, Mrs. Peter Erb, of Buffalo, N. Y., of the passing away of Mrs. Erb's husband, Dr. Peter Erb. His demise was sudden although he had been in poor health since last summer. He had been at his office until Tuesday when the severe weather confined him to his home on 535 Ashland avenue.

Dr. Erb had been a general practitioner in Buffalo for fifty-three years. He was one of the few remaining "family doctors" who knew no specialty but treated all diseases. He was born in Buffalo, N. Y., in 1856.

In 1875 he went to the Homeopathic Department of Michigan University and studied there for four years before getting his Doctor's degree in 1879.

In the year he obtained his degree he also married Miss Eliza Dennis Ganong, who was a student at the same university. (Mrs. Erb was the daughter of Nelson Ganong of Ganong Estates, Waterford, and occupies her home every summer.) After Dr. Erb graduated at the University of Michigan he returned to his home city, Buffalo, to practice.

Dr. Erb was a member of "The American Institute of Homeopathy," "The Buffalo Historical and Natural Science Societies," "The Buffalo Lunch Club" and "The Alumni Association of the University of Michigan."

Funeral arrangements have not been made yet but will be held at his home in Buffalo. Later on his body will be removed to the burial plot in Waterford, Michigan. Besides his wife he is survived by a sister, Mrs. Oliver J. Beyer of Buffalo, N. Y.

Mrs. Erb has many friends in this vicinity who extend their deepest sympathy in her bereavement.

Obituary

Frances Belle, daughter of Charles E. and Melvina Dilley, was born at Davisburg, Michigan, February 8, 1869. On October 1, 1891, she was united in marriage to David H. Jones of Clarkston and they settled on the farm home near that village, where practically all their married life was spent.

The deceased was in poor health for some time, with a complication of diseases, and the last week in December she was confined in her bed, where all was done that loving hands and medical skill could do, but she gradually failed, until the evening of February 24, 1933, the Savior whom she had loved and trusted for so many years took her to Himself.

She was a faithful and loving wife, a kind neighbor, and had the art not only of making many warm friends, but of retaining them, to which the many expressions of love and friendship which she received testified.

She leaves, besides her husband, one sister, Mrs. Ulysses G. Ostrander of Linden, Michigan, three nieces: Mrs. W. S. Lobb of Linden, Mrs. Walter Fredrickson of Pontiac and Mrs. R. O. Shelley of Clio, and a host of friends to mourn her loss.

Funeral services were held from the late home Friday afternoon conducted by Rev. Edwards, pastor of the Methodist church of Clarkston. Wilfred Lobb of Linden sang the beautiful solo "One Sweet Solemn Thought." Interment was made in Lake View cemetery.

Card of Thanks

We wish to thank the friends and neighbors for the many expressions of love and sympathy which we received during the sickness and burial of our beloved wife and sister. The minister for his words of comfort and all who in any way helped to lighten the heavy burden of sorrow.

D. H. Jones and Mrs. Ulysses G. Ostrander.

Elizabeth Beardsley Buried Thursday

Funeral services were held yesterday for Miss Elizabeth Beardsley, a lifelong resident of Oakland county, from the Andersonville Presbyterian church with interment in the Andersonville cemetery. The Rev. George Hill officiated.

The deceased succumbed to an attack of pneumonia after an illness of only two days. Her demise occurred at the home of her sister, Mrs. Julian Gordon of Detroit, on Monday.

She was born in Springfield township fifty-two years ago on November 3, 1880, to Clarence and Mary Jones Beardsley. In addition to her sister she is survived by one brother, George, of Springfield township.

Conference Postponed

Although postponed temporarily, the Michigan Citizens' Conference on the Crisis in Education will be called off Lansing some time in the near future. The conference was originally scheduled for Wednesday, February 23, at the University of Michigan.

Warden and Spencer In Village Race

Two village caucuses attended by some forty to fifty people were held Monday and Tuesday evenings, respectively. At that time the following were chosen for candidates:

Citizen's Ticket
President—Casper Warden
Clerk—Percy Craven, incumbent.
Treasurer—Will Baldwin
Trustee—Ed O'Roark
Trustee—Seymour Miller
Trustee—Fred Steiner
Assessor—Lewis Chamberlain

People's Ticket
President—Roy Spencer
Clerk—Percy Craven, incumbent
Treasurer—Albert Gundry
Trustee—Ward Dunston
Trustee—Edward Lee Porritt
Trustee—Ray Ainsley
Assessor—Lee Clark

It will be noted on both tickets Percy Craven, who has held office for several terms, succeeds himself. He is alone in the race and, of course, his victory is assured.

Monday evening's caucus was in charge of chairman Charles Huntly, and Percy Craven acted as clerk. John Mann and Roy Gundry were tellers.

Tuesday evening's affair was in charge of A. B. Wompole, chairman, and John MacKillop, clerk. William Adams and C. Taylor acted as tellers.

All offices are for a period of one year with the exception of Trustee, which is for a two-year term.

Village election will be held on Monday, March 13, and the last day for registration is on March 4, according to Village Clerk Craven.

Clarkston High Wins from Keego

The second team game was slow, but the scoring was close. The ball handling was not up to par, and both teams were off on their shooting.

Parker and Souby, of Clarkston, were considerably off form. They muffed a lot of passes and often over-shot the goal.

Keego had difficulty getting thru the Clarkston defense, so they resorted to long shots and follow-ups. This plan of attack was not very successful. They couldn't hit the long shots, and Scraec and Porritt spoiled the follow-ups. These two boys were largely responsible for Clarkston's victory.

The scoring was slow throughout. Clarkston connected for only 9 points and Keego trailed with seven.

Justman Repeats
If you remember the girls game at Keego a few weeks ago, you probably will remember a Miss Justman, who plays forward for the Keego team.

In this previous game, Clarkston was leading by two points and only three minutes to go. Justman made seven points in the final three minutes to give her team a five point victory.

In the game last Friday, Justman tied the score at 13 all, with a free throw. Then she put Keego in the lead with a basket. Lovrie made two points for Clarkston to tie the score again at 15 all. Then with seconds to go, Justman tossed the winning basket.

Although Justman furnished the thrills at the close of the game, Cooper, of Keego was responsible for her team staying within striking distance of Clarkston. She made four field goals and two fouls for a total of 10 of Keego's 17 points.

For Clarkston, Chamberlain again showed some remarkable ability. She pivots, fakes and passes far better than the average player. However her shooting is only fair. Lovrie made 10 points for Clarkston. She shared high scoring honors with Cooper of Keego.

The final score was Keego 17 and Clarkston 15.

Varsity Game.
Keego opened the game by sinking two baskets. Marthey converted a free throw, and Holmes followed with a basket. The quarter ended 3 to 4 for Keego.

Shortly after the second period opened, Marthey dribbled from the center of the floor to the basket to score. This was the best play of the game. Clarkston ran their total up to 14 before the half ended. Keego trailed with 3 points.

White, Clarkston backward, went under the basket for a field goal on the first play of the second half. He accounts for one of these every game. The scoring was fairly even and the quarter ended 22 to 12 for Clarkston.

In the last period, Clarkston ran up seven points while Keego added three. The game ended with Clarkston 29 and Keego 15.

Approximately 5000 people witnessed the professional and amateur open ski meet at the ski slide in Bloomer State Park near Rochester Sunday. There were 7 professionals and 23 amateurs contending. John Erkilla carried off high honors with only one point more than Carl Hall, for the professionals. Bruno Saari was fourth in the amateur division.

Michigan Education Association Announces Radio Programs

Radio programs of the Michigan Education Association and others sponsored by the State Department of Public Instruction for the next several days are as follows:

February 26—CKOK, 3:15—F. B. Ruf, director, Y. M. C. A., Pontiac.

February 27—WKAR, 2:10—E. H. Chapelle, superintendent, Charlotte.

March 6—WKAR, 2:10—Fred Searl, commissioner of schools, Ingham County, Mason.

Former Resident Dies in the East

George Fitch, who was born at Sashabaw Plains in December, 1868, passed away at his home in Gloversville, New York, last week Wednesday.

He was the son of Henry and Hannah Fitch. His father died thirty-four years ago and his mother seven years ago.

In 1901 he married Miss Vernia McDougall and was a resident of this vicinity until nineteen years ago when they moved to New York.

He is survived by his widow and two daughters, Mrs. Mildred Harris and Mrs. May Grinnell of Gloversville; two sisters, Mrs. E. J. Miller and Mrs. William Starring of this village.

Funeral services were held last Saturday at the home with burial in the Gloversville cemetery.

Old Michigan Mill Nearly Century Old Again Makes Flour

Romeo, Mich. — The quiet charm of days long, long ago "Down by the Old Mill Stream" has been retained in the restoration and reopening of the nearly century-old Wolcott mill on the north branch of the Clinton River near here.

The old mill's term of service began in 1843. It was built by Freeman Brothers, and was run entirely by water power. In 1878 the mill, a center for wheat-growing farmers in eastern Michigan, was purchased by Mr. F. B. Wolcott, who planted the cedars and Norway pines surrounding it today, bringing them as seedlings from northern Michigan. Now they shade the mill and the modern homes of his sons, the present owners, Fred, William and Louis Wolcott, who live on the crests of little hills near by.

Although the water wheel, once a picturesque outside feature, is now beneath the lower floor of the mill, water is still turning it, developing 64 horsepower. "Old Time Flour," one of the brands made by the Wolcott brothers, bears today on each bag a picture of the old mill with an original type wheel. Electric power has been installed in the mill, but is used only to run a new unit for making poultry feed. A flow of natural spring waters with which the wheat is washed, has made a pretty pond now stocked with fish.

Fourteen-inch oak timbers felled near the mill site when it was built, uphold the main floor where an old scale in use for no one knows how long, does daily service. The branding iron of the first owners, used in former days to mark the barrels in which wheat was shipped, has left its black mark again and again on the old timbers.

As far back as older residents of the neighborhood can remember, the mill site, pond, river and rolling country has been a gathering place for happy picnic parties, and it remains one of the most frequently visited and delightful natural parks in the district. The cool splash of falling water has been added to the picture in this lovely valley by the recent rebuilding of the dam on the site of the original one.

—Christian Science Monitor.

Exchange Comment

On nearly every human tongue to-day there is the great cry for leadership in every realm of life. "Give us leaders!" is the universal cry. To which, I am inclined to believe, echo answers back: "When you humans give us good followers the leaders will be seen among you—for they are among you now, but you see and hear them not."

—Birmingham Eccentric

Simeon Hagedorn of Fenton, veteran state dairy inspector, has been reappointed by Samuel T. Metzger, new commissioner of agriculture.

Celebrates Birthday With Dinner Party

Mrs. Frank Byrne Fox of "Maple Leaf Lodge", Waterford, celebrated her birthday on February 15, by giving a family dinner party.

The color scheme was carried out in Valentine shades. The dinner was a memorial one honoring the parents of Mrs. Fox, the late Mr. and Mrs. Waterman Phillip Grow, pioneers of Waterford and Oakland county, whose wedding anniversary came on St. Valentine's day.

Attending guests were: Mr. and Mrs. Charles E. Freese of Detroit; Mr. and Mrs. Alfred Grow of Grosse Pointe; Mr. and Mrs. Russell Waterman Grow and daughter, Mary Helen of Royal Oak; Mr. and Mrs. C. H. Clise, Mr. and Mrs. Harold Roberts and daughter, Joanne, Mr. and Mrs. Hugh Backus and daughter Barbara and Nancy, and Elizabeth Jane Clise, Suzanne Clise, Richard Clise, and Marjorie Helen Clise, (great nieces and nephew of Mrs. Fox), all of Royal Oak; Mr. and Mrs. Dana Grow Taft and Betty Kimmens of Pontiac.

Mrs. Carrie Isabel Baker of Detroit, who is often a guest at "Maple Leaf Lodge" was ill and unable to attend the festivities.

California Engagement Is Announced Here

Mr. and Mrs. W. J. Murry of Boyes Springs, California, announce the engagement of Mrs. Murry's daughter, Miss Agnes Walter, to Mr. Hugh Thomas McDaniel. The marriage will take place in the spring after Miss Walter completes her business course at a college in Santa Rosa, California.

Miss Walter has many friends in Clarkston, having been born here and being a graduate of the local high school. Following her high school education she spent a year at Albion College and one year at Junior College at Grand Rapids. She later entered the Michigan State University but did not complete her term on account of moving to California.

Mr. McDaniel was born and educated in Georgia but is now engaged in business in California.

After their marriage they will be at home to their many friends near San Francisco.

Harrison Walter, a brother of the bride elect, is attending high school at Michigan Center.

A Word from a Florida Resorter

The publisher of The Clarkston News is in receipt of the following communication from Mrs. E. S. Waterbury, who is spending the winter in Orlando, Florida, dated February 13:

"Each Sunday at 4 p. m. we make a special trip to our box at the post office for your Friday edition to find how the folks are at home."

"The blizzard of the past week gave us two cold days and a frost. Sunday following we had a wide open but sunny day."

My Mr. and I are well and hope to see you soon.

High School Basketball Announce Tournament

The District Tournament will be held at Oxford, March 2nd, 3rd and 4th. The drawings have not been made, but will be announced in a day or so.

The teams that will compete against Clarkston in the Class C division are: Romeo, Armada, St. Frederick's, Oxford, Orion and Almont.

The winner of this tournament will go to Orion the following week for the Regional.

Sister Passes Away

Mrs. Etta May Sorles, of Pontiac, sister of Mrs. Grant E. Beardslee and George N. Smith, of Clarkston, passed away at her home last Thursday. Death was attributed to heart trouble.

She was the daughter of the late Israel L. Smith and made her home with him a number of years after the death of her mother. They resided on the Dixie highway near Clarkston. The deceased was born near Pontiac on May 10, 1877.

Services were held Monday afternoon from the Bethel Tabernacle with interment in the Lake View cemetery.

Besides her husband she is survived by seven children, eight grandchildren, two brothers and two sisters.

McNitt-Holbeck-Smith Law Results Given

Barry County expects a vastly improved local, or township road system by 1936, when the absorption of township roads into county systems is scheduled to be completed under the McNitt-Holbeck-Smith law, J. G. Rakowsky, county engineer, told the annual Michigan Highway Conference last week at the University of Michigan Union. He gave cost figures for the first mileage allotted to Barry County, all of which has been improved to some extent.

The McNitt-Holbeck-Smith act provides that 20 per cent of all township roads will be turned over to the counties annually until 1936. For their care the counties received \$2,000,000 in 1932, from the gas tax, and will get an additional \$500,000 yearly until a maximum of \$4,000,000 is reached in 1936.

Barry County's first 20 per cent of township roads was 167 miles, Rakowsky reported. The widening of these roads to 20 foot top width, with ditches and drainage, was the principal grading job, care being taken not to disturb the original road bed, due to lack of funds for graveling all surface. Approximately \$170 per mile was spent as follows: grading, \$100; gravel, \$22; drainage structures, \$7; clearing, \$22; maintenance, \$19. A system of grading and patching 20 per cent one year and graveling this same mileage the next will be used by Barry County.

Road clearing was done by local welfare labor, Rakowsky told the Conference. The County contracted for grading at \$50 per mile for blade work, twenty cents per cubic yard for end haul earth work, and graveling, consisting of patching, at fifty-five cents per cubic yard laid down on the road. Maintenance is being carried on with the County equipment, he said.

Catches Two Northern Pike

Archie McIntyre displayed a wonderful catch of two Northern Pike, total weight of both fish being 17 1/2 pounds.

The fish were caught in Green Lake.

Father and Son Banquet Is Well Attended

A happy get together was enjoyed by many fathers and their sons at the annual banquet which took place Wednesday evening, and was sponsored by the Methodist church. Those who did not have sons of their own managed to get one somewhere.

Owen Emmons, principal of Cooley High School, Detroit, delivered the address of the evening. Other interesting features included community singing led by Lewis Warden, saxophone numbers by Floyd Hursfall, Don Black and Leo Jencks; violin selection by Harold Konzon, vocal offering by Dr. C. J. Sutherland, quartet selection by Louis Warden, Harvey Porritt, Robert Jones and Ralph Marshall, string quartet composed of Fred Stewart, Marvin Porritt, Lee McFarland and Lovell Spaulding and a duet by Robert Jones and Lewis Warden, accompanied by Mark McCallum. David Cell and Charles Huntly assisted Rev. C. E. Edwards, who acted as toastmaster.

Farm Bureau's Banquet Today

This noon the annual dinner and meeting of the Oakland County Farm Bureau is being held in the Methodist church here. The attendance from all indications will surpass that of previous years.

Election of officers will take place in the afternoon. Present officers are: James S. Mitchell, Holly, president; Herbert Baynes, Clarkston, vice president; Mrs. Iva Miller, Clarkston, secretary-treasurer.

The entire menu consisted of produce raised on farms in this county and was contributed by farmers present.

Mrs. Larion Is Taking A Chiropractic Course

Mrs. Mabel Larion is taking a Chiropractic Course through a university at Chicago and is also working with Dr. A. G. Giddings, near Williams Lake. Her future plans have not yet been announced.

Her interest in the subject of chiropractic has been turned over to her son, Edward, who is attending the same school and is studying for the present time.

AROUND THE DIAL
"Organ Melodies," the program sent to you daily over WEXL at 1:00 PM, featuring Lew Betterly, is no more. From now on this program will be "Console Capers". Very nice, don't you think?
Kirk Knight, the announcer, is responsible for the new name. He has been working with Lew since the program's inception two years ago. Lew was dissatisfied with the old name, so he gave Kirk the job of finding a new one. The result—"Console Capers".

ANNE CAMPBELL, "Your friendly neighbor." Would you like to know more about her? Then here you are:
Newspapers all over the world carry daily one of her poems. You know, she is famed as the only woman to write a poem every day. These lyrics are looked for and treasured in countless households throughout the country.

Anne Campbell's rise to fame was spectacular. In 1922, she was engaged by the Detroit News to write a poem each day. Her poems became popular immediately, and in less than six years she made herself one of the most discussed personalities in her field.
She was the first poet to broadcast on the air. Her radio talks, dealing as they do in homely philosophy, have gained a wide audience. Clubs and societies of all sorts have demanded her services, and she has toured the United States as a lecturer-entertainer.

In private life she is Mrs. George Stark, and the mother of three children.

Oh, oh, oh, what trouble a little statement can cause. You remember last week in this column a statement was made to the effect that according to a vote being taken by a national magazine, Ben Bernie had the most popular orchestra on the air. Well, several letters have come in objecting to Bernie becoming King.

One letter suggested that we put it to a vote locally, and cast her vote for Rudy Vallee. That's a good idea, my vote goes to Wayne King. How about your opinion?
Harry Johnson heads the Citizen's ticket in the election. Harry Lowe, nominated on the People's ticket, refuses to be a candidate.

Clarkston Station School Notes

By Willard Weston

Our school has entered the Detroit News Spelling Contest. It includes the fifth, sixth, seventh and eighth grades. We have trials every week to see who can spell the best. Eileen See won in the fifth grade; Donald Teddy won in the sixth grade; Hilda Barnett won in the seventh and eighth grades. We are anxious to see who will win next week.

Twenty-two pupils were neither absent nor tardy last week. We all received valentines.

S-P-O-R-T L-I-T-E-S

There was one thing that happened in the Keego game that should never happen - throwing the ball at the basket. This happened time and time again.
Holmes was the worst offender, he did it repeatedly. He would dribble down the side line, get "sewed-up" and then use the ball as a shot-put. When a shot of this kind goes thru, it is about 90 per cent luck.

A basketball is made so that two hands should be used in handling it. College players and professionals never throw at the basket, so why should high school players? A college coach would jerk a player that used a basketball for a shot-put.

A forward can hardly help getting "sewed-up" in the corner and on the sideline. But there are better ways of getting out than throwing at the basket. One way to get out, pivot and fake the guard until he steps to one side, and then pass around him. If this can't be done, then it is nearly always possible to pivot and pass back. If nothing else, get a held ball. There is always an even chance of recovering. A thrown ball is recovered by the defense most of the time.
A thrown ball should not be confused with a hook shot or a pushed ball. When a player is within six or eight feet of the basket, it is better to leap into the air and push the ball upward toward the basket. A hooked shot is a shot made by a player that comes from under the

basket and shoots back over his head with one hand.

Now for a few words about Mr. Holmes. He is hurting himself, besides hindering team play. In that fourth period of the Keego game, he dropped a nice long shot from the side of the floor. If he shot more from this zone, he would score many more points.

Holmes has everything it takes to become a star—speed, size, fight, endurance, and a very accurate eye. There is no other player in the league with the possibilities that he has, intensive training for a year or so in fundamentals, and Mr. Holmes would be capable of filling a position on anybody's ball team.

Have you noticed that after

Marthey drives for the basket a few times, the guards aren't so anxious about getting in front of him.

Don't the gals have a tough time with their games? There must be a jinx around somewhere.

If Lowrie and Chamberlain were about four feet taller!

Did you see the big black ring one of the girls was wearing around her eye. Oi, Oi!

Waterford

Herbert Pratt has been home ill with the flu this week.

People from here attended the Washington banquet at Clarkston on Tuesday evening given by the Legion Auxiliary ladies.

Rev. H. A. Huey spoke to both Boy and Girl Scouts on Sunday evening at the church on George Washington. The Scouts responded in a goodly number in spite of the rainy evening.

Mrs. George Maten is showing marked signs of improvement. The cast has been removed from her limb. Sand bags are being used. She is a patient at the General Hospital on ... street.

Community people and ... to remember the ... has been set aside ... Banquet in ... the Ladies' dinner ... and ...

The Good will club will be entertained on Friday at the home of Mrs. Percy King for a one o'clock luncheon which will be served by the hostess. The members will respond to roll call on "Important Events of the Month of February." The program will be in the hands of Mrs. Percy Hunt of Pontiac. The club will make plans for the ensuing year's work during the business meeting.

Mrs. H. H. Pratt and Mrs. L. Owen were Pontiac callers on Friday afternoon.

The Red Cross sewing which members of the Auxiliary have been doing is just about completed and handed in. Mrs. Pratt has been head of the work in Waterford.

The Copenhagen children have been out of school with measles.

The Waterford P. T. A. will have met on Thursday of this week at the school auditorium at 8 o'clock. The main speaker was Mr. Glockzin of the Pontiac School Music Department and also leader of the McDowell chorus. The program was

How One Man Lost 22 Lbs. of Fat

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer - my first bottle of Kruschen Salts took all the aches and swellings out of my joints - with my first bottle I went on a diet and lost 22 pounds and now I feel like a new man."

To lose fat SAFELY and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast.

For your health's sake ask for and get Kruschen - the cost for a bottle that lasts 4 weeks is but a trifle at any drugstore in the world and if after the first bottle you are not joyfully satisfied with results - money back. All good druggists will be glad to supply you.

Leg Troubles

Varicose Veins
Ulcers - Bunches

An amazingly simple home treatment gives quick, sure relief without enforced rest, operations, injections - nor failure. Simply rub the afflicted limb with a generous amount of Emerald Oil and bandage it comfortably tight. Use a bandage three inches wide and long enough to give the necessary support, winding upward from the ankle to the knee, the way the blood flows in the veins. Just follow directions and you are sure to be healed. Your druggist won't keep your money unless you're

under the leadership of the program committee.

Some of the Girl Scouts and their leader, Mrs. R. C. Lunger, with Mrs. H. A. Huey, chairman of the council board, took a hike out to the home of Mildred Barkham on White Lake road on Saturday, a fine day for such a hike.

Rev. H. A. Huey spoke to the children in their rooms at school on "Lincoln", which is always a very interesting topic to present.

Mr. and Mrs. H. B. Mehlberg and family were Thursday visitors at the home of Mr. and Mrs. C. H. Mehlberg near Fenton.

Mrs. A. Walter and Mrs. L. Girst spent Tuesday in Pontiac obtaining material presented by the state representative, Miss Taylor, for the local sewing extension work which will be given later on. The regular time for it will be the second Tuesday in March.

Mr. and Mrs. O. Anderson and family have moved on Van Syckle road from the place on Pond street which they have been occupying.

Mr. and Mrs. Henry Buck and family with Guy Disbrow, the latter's father, were Sunday visitors at the home of Mr. and Mrs. Earl Kniffen of Armada.

Valentine parties were many in Waterford either on the regular date or that week. Miss Betty Slusser entertained her Sunday School class at her home on Tuesday evening. The various rooms of the school enjoyed the popular "Valentine Box" in their rooms on Tuesday afternoon. Miss Roberta Virgin was hostess to her Sunday School class on Friday evening at her home. The evening was spent in games, refreshments, and served valentines which were exchanged making a very happy evening for the girls.

Clarkston School Notes

Jokes

"Dearest, I want you to marry me." "But have you seen father?" "Many times, but I love you just the same."

"Always remember," said Tommy's father, "that whatever you attempt to do, there is only one way to learn. That is by starting at the bottom. There are no exceptions to this rule."

"None at all?" queried Tommy. "No."

School Chatter

Oh, I heard. That Mr. Waters was the hero at the scene of an accident last week. At noon a little girl was standing in a seat in the gymnasium and her foot fell through. She was a bit frightened but our hero came along and helped her. Later that day this same child was telling her mother about the incident. Her mother then asked her who helped her. She replied, "The little man with the pink suit on."

That Bob W. is quite a salesman. That Elaine M. cannot control her giggles.

That at the game Friday night the cheer leaders were a bit disgusted. When they gave the yell, Blue and White fight fight, the Keego fans yelled Green and White fight fight, thus making the cheering confusing.

That Floyd H. continually keeps a press in his pants sharp enough to shave with.

Junior News

The Junior class made almost four dollars at their candy sale Friday noon. This money along with some contributions has gone to pay for the first set of play books. Our policy this year is to advertise early as this brings the best results, so we are going to start immediately on our public work for the play.

Legal Notice

STATE OF MICHIGAN — The Probate Court for the County of Oakland.

At a session of said Court, held at the Probate Office in the city of Pontiac in said County, on the 14th day of February A. D. 1933.

Present: Hon. Dan A. McGaffey, Judge of Probate.

In the Matter of the Estate of William B. Grant, Deceased. George D. King, administrator of said estate having filed in said court a petition praying for license to sell at private sale the interest of said estate in certain real estate therein described.

It is Ordered, That the 20th day of March A. D. 1933, at nine o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the CLARKSTON NEWS, a newspaper printed and circulated in said county.

DAN A. MCGAFFEY, Judge of Probate. RAUL MUMFORD, Clerk of Probate.

CLARKSTON, MICH.

BOZO BUTTS—THEY DRIVE HIM NUTS

Homemaker's Own Corner

Chicken, cooked in a casserole with a savory vegetable mixture is an excellent dish if you want a change.

This is a good method for older, heavier fowl which require long, slow cooking. All the juices are retained in the gravy and the seasonings penetrate the pieces of chicken giving them a fine flavor.

Casserole of Chicken with Vegetables

- 3 carrots 1 bunch celery 1 onion 1 green pepper 4 or 5 pound fowl 2 tablespoons butter 1 cup hot water 1 cup milk 1 1/2 tablespoons flour. Slice or chop the vegetables in very small pieces. Cut up the fowl, season with salt and pepper, dust with flour and brown delicately. As the pieces are removed from the frying pan, place them in the casserole. Pour the chopped vegetables into the frying pan and let them absorb the browned fat. Then transfer them to the casserole, add a cup of hot water, cover, and cook in a slow oven (275° F.) for 3 hours or until tender. Just before serving remove chicken, add milk and flour, which have been mixed. Cook 10 minutes longer. Replace chicken and serve from the casserole.

- 1/2 cup molasses 1/2 cup water (hot) 1 teaspoon soda Salt 1 1/2 cups flour 1/2 cup dates (chopped) 1/2 cup nuts (chopped)

Cream butter, add the sugar and beaten egg. Slowly stir in molasses which has been added to hot water. Sift flour and soda together and stir in slowly. Beat. Add dates and nuts. Steam 1 1/2 hours.

Sauce

- 1-3 cup butter 1 tablespoon flour 1 cup sugar Yolk of egg 1 1/2 cups hot water 2 tablespoons vinegar 1 teaspoon vanilla Pinch of salt Egg white.

Melt butter in a saucepan. Blend the flour into this and add sugar and hot water. Pour over egg yolk and bring to boiling. Add vinegar, salt, vanilla and fold in stiffly beaten egg white.

A housewife recently estimated that an inexpensive service wagon saves her 300 steps each day in the washing of dishes and 250 steps daily in other kitchen work.

The wheels of a play wagon, one dollar, and the handicraft of her husband were combined to save her a walk of 70 miles each year.

Your house plants breathe. If the leaves are washed occasionally, they will be healthier. Dust clogs the pores through which they take up the carbon dioxide of the air.

A Help in Handwashing

A small stool in the bathroom is an invaluable piece of furniture. Very young children are capable of washing their own hands and getting a drink of water, if they can reach the faucets. Many mothers whose children object to being washed will find that this trouble disappears if the children are allowed to wait on themselves. Children really love to be independent.

This stand may be made from a wooden box and covered with gay oil cloth. If daddy will put hinges on the lid, it will make a handy place to keep little slippers.

Another recipe for chicken past its first youth, is chicken shortcake. Chicken and dumplings is another.

For the chicken shortcake, be sure and cook 3 or 4 stalks of celery to give it flavor. The French or Italian cook would be likely to use garlic—just one "clove" dropped into the water and later removed.

When the chicken is tender, remove the meat from the bones in good-sized pieces, and make gravy with the liquor in which it was cooked.

Meanwhile, bake thick, soft biscuits. Split and butter them, and in serving cover the lower half with generous pieces of chicken.

Crisp celery, a molded vegetable salad and a fruit dessert would go nicely with this dinner.

This delicious steamed 'date pudding' was given to me and I was so enthusiastic about it that I want you to have it too.

- Date Pudding 2 tablespoons sugar 2 tablespoons butter 1 egg

hour of song and sermon. Everybody welcome.

On Thursday evening, March 2nd, we will begin our Lenten preaching services which will be held every Thursday evening at 7:30 until Easter. Your pastor will speak on timely topics and each night there will be a different organization of the church in charge of the preliminary set-up. This week the Official Board will have charge. It is expected that so far as possible all members of the church will attend these special meetings and the general public is cordially invited.

One week from Sunday evening, March 5th, the Epworth League will present an unusual feature in place of the regular preaching service. The "Hull Family", an organization of musicians and entertainers of national-wide reputation, will give a sacred musical entertainment of varied form which no one in our community can afford to miss. There will be no charge for admission, but a silver offering will be received. The public is urged to attend and the program offered deserves a packed house.

SEYMOUR LAKE METHODIST CHURCH C. E. Edwards, Pastor

9:00 Early morning worship and sermon. The pastor will speak on "The Far Country!" Everybody invited and welcome to worship with us!

May Collect Only Half Of Weight Tax

The proposal of Secretary of State Frank D. Fitzgerald to allow continued-use of automobiles until August 1 upon payment of one-half of the motor vehicle weight tax, seems likely to be enacted into law before March 1.

Because of the fact that hundreds of thousands of motorists would otherwise be deprived of the use of their cars March 1, Mr. Fitzgerald proposed that motorists be allowed to pay one-half of the weight tax. In return the motorists are to be provided with some suitable identification device which will be used in conjunction with the 1932 license. Cars thus equipped could be used until August 1, when the second half of the weight tax will be collected and 1933 license plates issued.

A bill providing for changes in the motor vehicle weight tax laws to conform to Mr. Fitzgerald's suggestions, was introduced in the senate by Senator Herbert P. Orr of Caro. The Senate committee which has had the bill under consideration, returned the measure to the floor of the senate last Friday without amendment and members of both senate and house of

representatives have indicated that party lines are to be forgotten in an effort to assist motorists. Barring unforeseen legislative delays, the measure should become a law next Saturday or Monday, February 27.

Under the present statute, 1932 license plates cannot be used legally after March 1, but in event the Orr bill is not enacted into law by that date, the legislature will be asked to pass a resolution providing for the continued use of 1932 plates until the bill is passed and the Department

of State is able to distribute the identification devices. Another advantage of the bill is that if motorists are allowed to use their cars, the state will receive revenue from the gasoline tax which otherwise would be lost.

The annual Solemn Novena to St. Joseph's Shrine, Cote-des-Neiges, Montreal, Quebec, is from the 10th to the 19th of March. Hundreds of cures are attributed each year to the influence of this sanctuary.

The local Boy Scout troop observed Parents' night Monday. Not only parents but others interested in the Boy Scout work attended and were delighted with the splendid progress the boys are making.

Clarkston Home News

Following the Auxiliary Banquet Tuesday evening three tables of bridge and four tables of 500 were formed. Bridge prizes were awarded to Mrs. L. R. McFarland and Raymond Jarvis; low to Mrs. J. Skarriff and Russell Walter.

Clarkston Home News

Mr. and Mrs. Byron Judd of Pontiac called on Mrs. Cora E. Skarriff Sunday evening. Mrs. Ervin Baker and daughters and Mrs. Edward Fuller and daughters were Friday afternoon visitors at the Mary E. Green home.

Drayton Plains

Miss Theresa Gesch entertained Miss Lois and Nora Giddings of Detroit over the week-end. Mrs. Lloyd Webb of near Rochester is spending several days visiting her daughter, Mrs. Chester Patrick and family.

Seymour Lake

The house on the Taylor farm, Irish Road, occupied by the Stanley Solley family, caught fire last Thursday in an upstairs room but was discovered in time by Mrs. Solley to get help and extinguish it.

Editors Comment on Grover C. Dillman

A digest of Michigan editors, both weekly and daily, regarding the coming campaign, follows: "Grover C. Dillman, State Highway Commissioner, will be a candidate for renomination on the Republican ticket this Spring, and if renominated, as he doubtless will be, must stand for election in April."

Mrs. Clara Ward received word Wednesday that her son, Joseph Schram of Silverwood, is seriously ill. Mrs. Adella Perkins who has been in ill health for some time is gradually gaining in strength.

Mrs. Letty Bradley is quite ill at this writing. Mrs. Jo Skinner escorted her mother to Melvi on Saturday. Her mother has improved considerably in health.

Mr. and Mrs. George Searle visited with friends in Detroit Sunday. Mr. and Mrs. Lee R. McFarland spent Friday in Detroit.

Mr. and Mrs. Ralph Emery and son Bradley spent the week-end at Greenwood guests of Mr. and Mrs. Wavel Holborn. Mrs. Holborn returned home with Mr. and Mrs. Emery and on Monday visited her parents, Mr. and Mrs. William Price, in Pontiac.

Traphagan

Mr. and Mrs. Cissina, Miss Lois O'Brian and John Knox of Flint spent Sunday evening at the home of Horatio Osmun. Don Addis and Miss Madeline Cooper were week-end callers of her mother's, Mrs. Annie Cooper, in Oscoda.

"The Emmet County Board of supervisors has unanimously adopted a resolution endorsing the candidacy of Grover C. Dillman for re-election to the office of state highway commissioner, an office that must be voted upon at the spring election. We believe we can safely say that the same sentiment prevails not only in Cheyobogan County, but throughout the entire North."

Waterford Center

Plans for the Father-Son Banquet were discussed and date set for Friday evening, March 10th. Tickets, 25c for adults, 15c for children under 15 years of age.

FIRESTONE SERVICE STORES INC.

This concern at 45 Oakland Avenue in Pontiac, is headquarters for tire service when in Pontiac for those that are particular. Firestone Tires can be purchased at Deley Bros. in Clarkston as well as receive a tire service that will please the most exacting. This Pontiac agency is the local home of the "Firestone Tire" which proved the basis of superior quality in service to many people in this section who favor this reliable brand. Metropolitan service of the highest type is rendered to the motoring public at this efficient establishment.

Mileage and comfort are the outstanding features that have made Firestone tires so popular. The tires stand up under cruel tests. It is the only sure test in a tire. Everyone who has driven a Firestone tire will tell you that they are great. Their strength and their tough and sinewy tread that are most capable of standing all constant flexing and severest impacts on the road. At the tests reveal, actual use proves. You can't go wrong on Firestone tires. They give comfort, easy riding, absolute safety on road.

Every community has its substantial citizens who are known as key-buyers. Men whose judgment of merchandise values is respected. They buy tires as they buy other products, on the basis that quality is the bed-rock of economy. In this community you will find Firestone Tires on the cars of all "key" buyers because they are aware of the absolute maintenance or top quality in this foremost product.

The life of a tire dealer is also measured by mileage. For the greatest factor in the increased sales of tire products is the experience car owners have with them. Ask anyone who uses these tires and you will learn there is no such thing as dissatisfaction with the performance, even under the severest road conditions.

The management has built up its large business on the stable foundation of satisfied customers and sells only the kind of tires that will merit continued patronage. It will pay you to inspect the stock when making a purchase in the line. Everything in tires is there for your needs, desires, and demands at prices pleasing to the purse.

H. L. Blackwood

Real Estate

With office at 976 Baldwin Avenue in Pontiac, is headquarters in this section for anything in the real estate line and enjoys the patronage and confidence from all the surrounding territory.

In this day and age when conservative men are constantly seeking investments where they are not only assured a permanent source of income, but a reasonable certainty of increase in value, the real estate dealer is doing more than his share to meet the demands of such men. This locality is indeed fortunate in having in its midst such a firm as this well known agency.

For sale, both town and country, at prices that cannot fail to be attractive to the intending purchaser, and has made many important deals in this section.

Mr. H. L. Blackwood has always made it a point not to list property for sale for more than its true value. This is where his close study of local conditions renders him an authority on values. In all transactions his word is as good as his bond, and people have come to look to him when seeking a desirable medium through which they may dispose of their property.

We take pleasure in this review in referring this well known man to all of our readers and assure them that whenever they have property of any kind to offer they can locate the best buyer by listing their property with Mr. H. L. Blackwood. Such men as he aid materially in the growth and expansion of the entire community.

M. A. BENSON LUMBER & COAL CO.

A very modern concern in Pontiac at 549 North Saginaw Street is under the direction of experienced lumber men that carry a complete line of builders' supplies, lumber and coal. This is a lumber concern with an enviable record of years in business in this line and is a concern which has built a reputation as one of the leaders in the lumber industry in this part of the country in quality of prices and service, under direction of men of wide experience in the business.

One of the essential features of any house, store or other structure is that it will stand the wear of years. The same is true of the reputation of any business firm, and that is why this concern enjoys an ever increasing volume of business and popularity.

On account of their experience and keen knowledge of the lumber markets, they buy at the lowest possible prices and offer the local public astounding values in lumber and building supplies of every description.

The people of this territory for many miles around are offered at very reasonable rates high-class lumber and building materials of every description and of the very best grade.

We will not attempt to detail the very large stock that they carry. Suffice it to say that this establishment compares favorably with the best and most up-to-date establishments of much larger cities in point of extent of stock, quality of work and material, and the general excellence of everything in the field of the lumber and supply business.

The contractors and builders, the farmers and the people generally have come to know that they can depend on this well known firm for just about everything that there is in the lumber and building material business. The reputation that they established for stock of quality and for straightforward dealings is bringing thousands of dollars to town that would go to some other trade center were this establishment not located here.

It may be truly said that this establishment is a valued asset to the community, and in this edition which calls to mind our onward progress, we wish to direct your special attention to their commendable activity as one of the distinct features of our business and industrial efficiency.

SARD H. BURLINGHAM CO.

Plumbing & Heating

Conveniently located in Pontiac at 57 West Lawrence Street, telephone number 24721, feature a quick and reliable service in repairing and alterations. They specialize in electric and acetylene welding and are amply equipped to take care of all cases of welding.

What the arteries are to the body a plumbing system is to the home. This comparison is indeed not far fetched. Both require careful and expert attention when they need repair. If your circulation system is bad, you are doomed; if the plumbing system of a home is defective you are never at peace.

Mr. Sard H. Burlingham and employees have gained that mastery of their trade which only comes with careful study and long experience. If you have plumbing troubles, you need look no farther to have them eliminated.

If you are building a home, consult this man. He will advise you the very best that can be obtained in the way of plumbing systems for your home. His work is

guaranteed and his prices are the most reasonable possible, consistent with the high quality of his service.

To visit his stock rooms and display rooms is to see the best that can be bought in the line of plumbing supplies. Here in the large display room you will find a complete bath room fitted out in the most modern style.

You will find on display in this house the latest kitchen plumbing supplies. All those conveniences which take away the drudgery from kitchen work. Sinks which contain the latest convenient device to make such tasks as dish washing far less annoying.

Needless to say, the enviable reputation of this popular plumber has been achieved only by doing business on the fairest basis possible. People instinctively fear sanitary engineers because of their fees. There is not a home in this or surrounding communities where this man has worked that will not vouch for the high quality of his work. He carries this same ideal of service in his life as a citizen in the community.

ROY SALES & SERVICE

When in Pontiac doing your shopping stop at 124 West Huron Street. This concern needs no introduction to the people of this community as they have been in business for the past seven years in Pontiac, being the largest company of its kind in Oakland county speaks for itself.

They are the largest company giving a complete service on washing machines, radios, vacuum cleaners, toasters, electric irons, curling irons and all miscellaneous appliances.

They feature balloon ringer rolls for washing machines and replacement service parts for forty-seven different washing machines and vacuum cleaners, in fact, they are prepared to repair all types of electrical appliances even of obsolete makes.

This company has built up a large business strictly on the basis of quality and up-to-date methods, are adequately equipped to give complete demonstrating service to the public at any time. Many people in this community who are the proud owners of radio sets from this reliable concern declare the investment is repaid the first year by

valuable tips obtained from the market reports.

A comprehensive knowledge and technical training in the business has taught this reliable firm that one small accessory of doubtful quality can spoil an otherwise fine set. Therefore it offers for sale only radios and accessories that are thoroughly high grade.

We would like to call the attention of our readers again to the service department of this firm. It is under the direction of expert management that is enthusiastic in the electrical field and keeps abreast of the newest developments as they appear. A few minutes in this department under its expert guidance and you will no longer need wonder where you will be able to have any of those worn out electrical appliances made like new.

We wish to compliment the management of this local firm upon the reliable service it is rendering the public in its special field and suggest to all readers that they pay a visit to the establishment to see the wonderful revelations in radios, washing machines, vacuum cleaners and repair service which range in price satisfactory to the purse.

WILKINSON INSURANCE AGENCY

Roy L. Wilkinson, Mgr.

Among the most prominent insurance writers in this section is this well known agency located at 405 Pontiac Bank Building in Pontiac, under a large element of the people in this community look for insurance service.

Representing as they do some of the largest companies in business, they are equipped to serve every need in their line. During their service to the public they have created an enviable record for honesty and efficiency and have built up a clientele of huge proportions as well as establishing a reputation as one of the most reliable and prominent members of their profession.

This business review would be lacking in appreciation if it did not direct attention to a leader in this profession, who through years of practice, has built a reputation for honesty and efficient service second to none in this section of the state. As the local representative of many of the largest and best known insurance companies in business, they have not failed to take advantage of their unusual opportunities to impress upon the community that of the companies they represent.

That they have succeeded in this to an extraordinary degree is evidenced by the fact that when one

thinks or speaks of insurance he unconsciously thinks of this agency. The two are indissolubly connected in the minds of the people of this city and vicinity. Not only does this firm perform the more material offices connected with the writing of insurance but is at all times ready and glad to give friendly and even disinterested advice based on wide experience in the field.

In years long gone the business of the insurance salesman was to convince people of their necessity for insurance and to persuade them to secure their protection. Today the work is not so much educational as it is advisory. The salesman or agent is expected to assist his clients in selecting the kind of insurance best suited to their needs—the necessity for such protection is now generally recognized. No one of whom we have any knowledge is better qualified to perform this important function than the Wilkinson Insurance Agency.

We therefore feel an unusual sense of satisfaction in directing your attention to them and recommending them to all.

Finally, in closing this review, we feel impelled to congratulate the community upon having a firm of such rare capabilities.

DIXIE SQUARE DEAL GARAGE

This garage of good workmanship located in Drayton Plains, telephone number 9750 has established the policy of getting the work done when promised at prices satisfactory to the purse.

They are leading citizens and specialize in all phases of the motor repair work. Realizing that not the first cost, but the service charges make an automobile an extravagance this widely known garage has gained its popularity because it keeps the service charges for auto owners in this city and community at the lowest minimum. "Let us keep your car in repair and it ceases to be an extravagance" is the slogan of this modern up-to-the-minute garage.

This garage has established a free department. Your car is free of charge at any time free of charge if you are told if any repairs are needed. This may save much in the long run. The attention places you under no obligation to allow this garage to do your repairs.

If your car is in need of repairs this garage has every kind of equipment and the finest experts among

workmen to give your automobile whatever attention it needs. This service includes everything from making the smallest repair to completely overhauling or practically rebuilding your car. You need not fear that inexperienced, incompetent mechanics will be broken in on your car. They value their garage in the community too highly to employ anyone but tested mechanics.

They are making automobile repairing their life work. They like it; their interest is in it; they are studying it all the time, and they are ready to give the public the benefit of their knowledge of automobile repairs and repairing; and we do not hesitate to recommend again this well known firm to the automobile users in this community.

They are men of high standing; their interest in the community marks them as public spirited individuals.

Courteous service, adequate accommodations and the lowest cost consistent with the high quality of work are necessary attributes to such a policy and this paper feels sure that the public is glad to respond to such a policy.

Dr. L. H. Seymour

Optometrist

Dr. L. H. Seymour, optometrist, with office at 307 First National Bank Building in Pontiac, is well known to the people throughout this section for the services he has rendered them. Science has played the major role in benefitting mankind. Knowledge through education has saved countless thousands from indescribable grief. But a few short centuries past, the science of medicine was virtually unknown. With the knowledge that in calling a doctor during illness we could, in most instances rectify things, came the elimination of considerable disease and suffering. The additional and equally important knowledge of our eyes is continually brought before us.

Few of us ever stop to realize that our eyes, like parts of our body need occasional attention, and yet how easily recognizable the fact that our eyes of vastly more importance than most parts of our body are not perpetual in their functions. The science of the eyes has disclosed the necessity of glasses for

many causes. To fail your eyes in this essential may lead to grave consequences and cause irreparable damage. To picture the loss of sight, the sorrow, the untold grief and unhappiness is an unpleasant thought and yet the dire realization of such a tragedy may bring happiness to hundreds of people in satisfaction adjusting the matter thru the use of the proper glasses.

Dr. L. H. Seymour has for the past several years satisfactorily served us of the rural districts with the finest of lens, and his many friends heartily recommend him to the public in general.

His type of service is of vital importance to hundreds of people who are without the proper vision and who may regain the function of their eyes by visiting him at his office and examination rooms.

This publication is glad to recommend this experienced optometrist to all its readers. He is a professional man of wide knowledge and experience, and a valued citizen in the community.

OAKLAND DAIRY

F. L. Ketzler, Mgr.

With modern dairy at 20 East Howard Street in Pontiac is one of the most popular firms in the community. Their milk, cream and dairy products are known to be pure and their manufacturing process sanitary.

One of the most popular concerns in the community is this well known plant for the production and distribution of milk, ice cream and other dairy products. The firm is popular for many reasons. The sanitary process by which the milk is bottled and by which ice cream is made assures the community of the purity of the products of this concern. Efficient management assures the public that it is getting service of maximum efficiency at all times. The high character and business ability of the men owning and managing this modern equipped plant inspires the confidence of all the people of the community.

Milk has long been recognized as the most fundamental food product of the nation. Every precaution must be taken to see that the pasteurizing and bottling processes are

sanitary in every respect. Regular inspections are made of the cows in the dairies from which the milk comes. State sanitary inspectors have complimented time and again this efficient plant whose managers are determined that its records for cleanliness and sanitation shall not be beaten in the state.

This firm also attributes a part of its success to the good will of the farmers, from whom it buys its milk and cream. These men have learned to rely on the prices paid by this plant as being the highest which it is possible to pay. The farmers know, too, that they will always get a square deal from the manager of this plant.

In addition to being among the most popular business men of the community, the manager of this plant is noted for his fine community spirit in boosting every project for the good of the people. He is not content to serve the people only in business but believes it is the duty of every man to contribute something to the welfare of the community outside of business life.

JOHN F. CLASS HEALTH SYSTEM

A most sanitary institution in Pontiac at 547 Auburn Avenue, telephone number 5885, enjoys a large and well merited patronage—catered both to ladies and gentlemen. "Without health all the other gifts of life are worthless." Human life seems to be so constituted that we mortals do not realize the truth of this statement until it is too late. Health is one of those things like a good wife—not appreciated until it is gone.

And when Charles Kingsley said that Cleanliness is next to Godliness he knew that cleanliness was worth while, for more than cleanliness itself and modern science has proved the truth of his statement.

The special scientific baths have properties which, steamed through the pores, eliminate all the poisons causing such diseases as rheumatism, neuritis, stiffening of the joints and other ailments.

What is this new health science? It is nature's own way, discovered by men and women, who lost faith in artificial means of curing disease and determined to turn to the better qualities supplied by nature which they believed would cure all diseases.

Perhaps you are feeling run down generally. You don't seem to have your normal amount of energy and push. Your work drags. You cannot sleep at night. If you sleep at all, you do not feel fresh when you awake in the mornings. There are poisons in your body. Something is needed to eliminate these poisons and to give tone to your system. For this, there is nothing like scientific baths. They bring in play every possible means for eliminating poisons from the body. This energizing bath, qualifies act as a tonic. They build up strength, purify the blood and raise your general efficiency.

And what is most surprising, these baths are not expensive. Most of the fine things of life really cost little money, and it seems God-given that this finest of cures should be within the reason of all.

Go and see the experts who give these baths. They may be just what you need. By their service to many ailing people in this community, these experts in charge of these baths have built an enviable reputation in the community. They are recognized as true community servants.

Oh Yeh?
Andy was busily engaged with a spade in the mud hole beside his car when a stranger halted him. "Stuck in the mud?"
"Oh, no!" replied Andy cheerily. "My engine died here, and I'm digging a grave for it."

Modesty Forbids
The Visitor—Who's the most enterprising man in this village?
The Native—Now look here, stranger, you'd better ask that there question of somebody else in this part—I never was much of a feller for talkin' about myself.

Musical Drink
Dorothy had tasted her first glass of root beer and had experienced the after effect, the tingling in her nose.
When asked how she liked the drink she said, "Yes, I like root beer but it makes my nose sing."

The Limit
Doctor—Well, how do you feel today?
De Mote—As near as you can get, Doc, I feel like a second mortgage on a last year's automobile.—Brooklyn Eagle.

Quoth the Artist
Social Worker—What is your name, my man?
Social Worker—No. 888.
Social Worker—Oh, but that's not your real name.
Artist—No—just my pen name.

Retail Business
Bobby, the guest in a northern Indiana country home, was much distressed because the fox terrier had no tail. The lad after listening to a business talk between his host and a tourist, said:
"Uncle Dan, why don't you retail Tritz?"—Indianapolis News.

One Ball Enough
"Did you ever go to a military ball?" asked a sleeping maid of an old soldier.
"No, my dear," growled the veteran. "I once had a military ball come to me, and what do you think?—It took my leg off!"

But Give Her Time!
"I passed Mrs. Snob in the street today, but she didn't see me; I wonder if the slight was intentional?"
"Oh, I don't think so; she hasn't been rich long enough to know how to be rude."

Quite a Difference
"It must have made Reggie feel happy when Joan told him he was one in a million."
"Quite the reverse. What she really said was that he was only one in a million."

Two Weak Spots
Teacher—Your history was bad, and you had to write it out twenty times, but you have only done it seventeen times.
Boy—Yes, sir; my arithmetic is bad also.

Earl F. Trapp

General Auto Repairing

Mr. Earl F. Trapp located in Pontiac at 669 Orchard Lake Avenue, at Ottawa Drive has had 20 years experience in Auto repairing and features motor rebuilding, brakes, retined and adjusted and body and fender work of all kind as well as general auto repairing. He will take a wrecked car and make it look like new.

One of the centers of activity that is visited by motorists from this section of the country is this very popular garage which by reason of its very accommodating policy has wide popularity.

This shop is conveniently located and commodious enough to look after the local patrons and the traveling public in the way of service.

When this firm started in business they determined to furnish service to every automobile owner, and there is no question but that they have succeeded.

In the repair department they have in charge able and efficient workmen and being backed by vast facilities which enable them to rebuild, replace or repair any automobile no matter what the trouble may be in a most satisfactory manner.

It can readily be seen that this firm is important and adds materially to the advantages of every owner of an automobile. The fact that visitors and local patrons can get real service at this up-to-date institution instills in the mind of the automobilist confidence in the fact that all his troubles can be taken care of in a "Most Workmanlike Manner."

We know of no concern more fully equipped or better prepared from the point of workmanship to be able to turn out work of class for its reasonableness of charges and for getting it done when promised than this one.

PONTIAC RECREATION

George A. Smith, Mgr.

This is a social and recreation center located in Pontiac at 100 North Saginaw Street for men from all over this territory. They have ten bowling alleys, also a table for that game that is steadily gaining in popularity, namely, Ping-Pong. Besides this you will find eight first class billiard and pocket billiard tables. Their equipment is the very best for the proper pursuit of billiards, pocket billiards and bowling. Billiards is the favorite sport of men from every class and age. If you wish to keep physically fit, there is a better sport than bowling.

This is one of the very popular gathering places for those who are interested in the greatest of all American sports, namely billiards and bowling.

It has been conservatively estimated that over ten million men of every age and class in the United States are pocket billiard enthusiasts. There are many contributing factors that make the game of pocket billiards the ideal sport and recreation for Americans. To enjoy the game of pocket billiards you don't have to take a day or a half day off and consequently a pocket billiard enthusiast need not neglect his business. In addition, upon leaving your office or store when you wish to play pocket billiards you do not

need to carry around a lot of heavy equipment and go several miles from town to play the game but can just step into this establishment where the best of equipment is ready and waiting for you.

The management of the Pontiac Recreation purchase the very best of equipment to begin with and then has kept it in the best of condition. The tables are all smooth and lively and none of the ivories are chipped and all cues are perfectly straight and available in various weights and lengths so that bank shots, combinations and other difficult shots may be played with perfect accuracy.

Bowling is an equally engrossing game and aids one greatly in keeping in top-notch physical condition. The alleys here are kept in the finest condition and everything necessary to the fullest enjoyment of the sport is available.

The cigar and cigarette department is replete with the popular brands and you may be sure of obtaining your favorite smoke here.

It affords us great pleasure in making this review to recommend the Pontiac Recreation to our readers and to urge those who do not now play billiards that if they wish to find a sport that is a healthy gentlemanly sport and one which will not unduly encroach upon their time try billiards.

F. J. Temple

Plumbing & Heating

This well known Pontiac concern at 162 Beach Street handles Hoosier pumps and water systems and enjoys a large patronage all over the city and surrounding territory. His specialty is plumbing and everything connected with modern plumbing.

In the upbuilding of the modern American city of the twentieth century, the services of the modern sanitary engineers are of the utmost value, for by the modern standards of living the length of the average human life has been greatly increased. This is partly due to the work of the sanitary engineer. This condition compels the modern sanitary engineer to be a man of advanced ideas, with a thorough knowledge of the laws of sanitation.

As regards the above, we cannot in this review of our onward progress fail to compliment him as he is regarded as most practical and competent in this line and is assisted by a most competent corps of helpers to be secured. He has been called to execute plumbing

systems in some of the finest residences in our section and his ability and facilities for undertaking and carrying to successful completion even the most intricate work in these lines is well known to those who have in the past had business dealing with him.

Those of our readers who desire any work of this nature executed should avail themselves of the services of this man. We can assure them of reliable work while the charges are always right.

We compliment him upon his well merited progress and the increasing patronage.

One of the features of the business is the installation of complete plumbing systems. He installs only the most improved designs and can show you places of reference that give the best satisfaction.

In this edition we also wish to compliment F. J. Temple upon the position in the business life of the community and upon the modern and satisfactory work which is being executed.

FOLEY & BEARDSLEE

Sand & Gravel

Foley and Beardslee, whose office is located on White Lake Road, have gained an enviable reputation not only in Pontiac but throughout this part of the state as well, as reputable dealers in sand and gravel for every purpose.

Did it ever occur to you why an architect or a construction engineer will always specify that the sand, gravel and crushed rock shall come from the plant of a reputable dealer in these commodities? It is because each material that enters into good construction should be of a kind and quality that by test is proven to be the best. To the average person sand is sand and rock is rock, but it is of the utmost importance to a construction job of any kind to know just what particular grade it is proper to use to insure the best result.

The contractors and the public in general should exercise great care and use only the very best products for while sand and gravel are not of major consequence as regards cost, they become most important as a base for the project they enter

into. These products may be likened unto the key stone of the arch, a small and apparently inconsequential thing in itself, but without which the structure is not complete.

Real estate projects are greatly aided by the gravelling of roads and driveways, particularly since the coming of the motor car, for the property that is not provided with an all-weather outlet makes a very poor appearance to a prospective purchaser.

Foley and Beardslee have furnished vast quantities of their products to public and private enterprises throughout a large section of the country, stimulating and aiding in the progress of many of our communities.

Their plant is equipped with every modern appliance for the economical and proper handling of their sand and gravel, and their business methods are of a high character. We wish them every success for this is one of our most worthy and important institutions.

GABEL-RISON CREAMERY CO., INC.

This well-known Pontiac Creamery located at 256 Norton Street—was organized for the purpose of giving the very best dairy products possible and has succeeded admirably and there is no question, but that their popular pure milk and cream is superior to the average and equal to any obtainable on the market today.

A most commendable institution under wise and prominent management, pays the top market to the farmers at all times.

This institution probably typifies better than any other the material progress of the community, and the fact that this section of the state is organized along twentieth century lines as regards the continued development of commerce and agriculture.

Popularity with both the producer and the customer is evidenced by the large numbers of farmers selling to them and the fame their brand of products has attained. By reason of the fact that they handle a volume of business equal to the total formerly handled by many smaller concerns, they are not only able to

pay the farmer a higher price for his cream but by the same token can manufacture and sell their products for less. And it can be readily seen that this twentieth century organization also enables them to produce a line of products of uniform high quality. At the offices of this company the producers encounter the most courteous treatment.

The production of cream is a proposition that ought to appeal to every owner of even a small farm, as it is a well known fact that this mode of farming builds up the land, at the same time making the producer more money than he can make by straight farming and then he gets paid right along in cash. The company is thus adding much as a valuable market at our door for the products of the farm.

We wish to give the Gabel-Rison Creamery Co., Inc., the prominent place which their modern institution merits as being among the foremost concerns in the field in this part of the country in this line of endeavor. They are a large contributor to the progress and prosperity of the community.

QUITE A SCARE

The doctor looked down at his patient and shook his head doubtfully. "You say you have the same nightmare every night," he said, "what is it?"

"I dream that I'm married, doctor," said the pale-faced man.

"To whom?" inquired the doctor.

The patient grimaced.

"To my present wife," he replied. "That's what makes it a nightmare!"

Consolation

Mrs. Newweld was paying her mother a visit.

"Oh, mother," she said, as soon as they met, "I'm so wretched. I've discovered that my husband only married me for my money."

"Mother raised her eyebrows inquiringly.

"There, there, my dear," she calmly replied, "don't worry about that. You at least have the comfort of knowing that he's not such a fool as he looks."

WILSON FOUNDRY & MACHINE CO.

One of the community's most progressive institutions in Pontiac on South Saginaw Street—has one of the best equipped foundry plants in this section.

This is one of our most flourishing industries and is worthy of more than passing notice for not only is it one of the leading concerns engaged in its especial field of endeavor in the country, but its work has gained a wide reputation for general excellence and is considered the best that can be secured in this line of endeavor.

By dint of hard labor and the unflinching determination to master every detail of this calling, they have earned a training in the intricacies of the profession that constitutes them an authority upon all subjects pertaining to this trade. Well versed

in all the technical theory of their business, they have merited the position that they have attained as experts, so no matter what problem you have in this work they can evolve the solution which will operate to your best advantage.

Concerns requiring large quantities of castings often find it difficult to find a reliable source of supply where they can obtain a continuous and uninterrupted flow of good castings that are uniform in strength and at the same time soft enough to machine economically. We are very fortunate in having such a plant in our midst that can be depended upon to produce this class of goods.

It is not surprising then that this concern should have such a successful career in business or that it

should now be one of the leading foundry establishments in this section of the country.

They do a general foundry business and the superiority of their foundry work is well known throughout this section, especially among manufacturers.

They employ a number of people in their plant, many of whom are most highly skilled workmen and thus the trade has the advantage of the work of men who have spent the better part of their lives at the trade. This concern has proven to be one of the most valued additions to the industrial organization of the community and has become one of our leading and most successful enterprises.

We wish to compliment Foundry & Machine efficiency of their plant.

STICKEL AUTO TOP SHOP

A progressive establishment in Pontiac at 55 Union Street, telephone number 25921. This is a concern that features a complete auto top, trimming, glass replacement and body repair service.

This shop specializes in auto collision work and are prepared to render first class service in Duco finish, as it is the only authorized Duco shop in Pontiac. Their name stands for reliability, service and satisfaction and all their work is guaranteed.

Nothing detracts from the appearance and comfort of a car so much as shoddy and worn out tops and curtains. They make a specialty of making your tops and curtains new at very attractive prices.

The trimming department is also quite a modern and scientifically equipped one, and in charge are ex-

perts who have turned out the many fine jobs that have won for this establishment such an enviable reputation. This is work that appeals to the finer sensibility and harmonizes with the lines and adornments of the automobile.

They have taken many a used car and made it look almost like new through their excellent top work. Don't think that your car or the top on your car is gone beyond recall. In many cases a new top does not cost nearly so much as you might think.

In making this review of our progress we are glad to compliment the Stickel Auto Top Shop upon the position they occupy in the life of the country and call their excellent and satisfactory service as well as reasonable prices to the attention of the public.

MARSHALL FURNACE CO.

Vern Cholier, Local Agent

Is an authorized agency in Pontiac, located at 23 Portage Street—for Wolverine Furnaces and specializes in repairing all makes of furnaces and estimates given on new and replacements.

This is one furnace whose popularity is nation wide and is sold at a price no higher than those of inferior makes.

They repair any make of furnace and have a power suction cleaner for cleaning furnaces.

The Wolverine furnace is an aristocrat among furnaces and is strictly in a class by itself. It provides the most approved means of supplying an even temperature throughout every room in the house at the minimum cost.

Please remember that the installation of each and every furnace is a subject of more importance to the company than the furnace itself.

In these days when time and thought are being extended to devise additional comfort and happiness just think of the Wolverine fur-

nace as a spirit of genial warmth that carries content and good cheer into the home during the chilly winter.

Installation of this popular furnace means a well earned and permanent rest for the housewife from the former drudgery accompanying the use of old style heating methods.

The unusual popularity of the Wolverine furnace adds more than its cost as a selling feature of your building. In the permanent home the fuel economy features added to the saving in doctor bills will soon pay for itself.

Wolverine Furnaces make warm friends. Considering its combined features of economy and convenience you cannot longer afford to be without one. You will only live once—Why not, with your family enjoy the comforts while here?

This Agency is in a convenient location. Call and take the matter up with them, they will be pleased to furnish facts and figures that will interest you.

J. L. Van Wagoner

In Pontiac at 418 Pontiac Bank Building—represents some of the largest and strongest life insurance companies in the country, and enjoys a large and increasing patronage in the community.

The success of Mr. J. L. VanWagoner is due mostly to the fact that he appreciates a large volume of business. Since his inception he has always been at the service of patrons and at all times willing and ready to give any and all information desired and assuring all people that there are no obligations. The by-word of his progress has been courtesy and accommodation and his hundreds of policy holders will testify to this policy which has ever increased his business.

Because of the fact that he does represent some of the largest and most popular insurance companies in the country he has policies with very attractive features and never failing protection. A man without life insurance in this modern day is like a "man without a country." Everyone should be insured these modern days.

Life insurance offers the advantages of protection, but also usually meets the requirements of some future day. It is a business invest-

ment, a worthwhile way to save your money.

You can easily pay for a child's college education by carrying a policy on them for the amount of the educational cost. In this way the cost is extended over a period of years. Most business men carry insurance, and if in debt (to the amount of their obligations) so in case of death their loved ones have no debts hanging over their heads. The farmer should also protect his loved ones in like manner and more especially if in debt. When the man, the head of the family, is taken away he cannot be replaced, but insurance will leave a income for the family.

Not long ago some statistics on estates were taken and it was found that in money left after death by Americans, 87 per cent came from insurance and only 13 per cent from other sources. There is no question but what this is the day and age when insurance is the essential necessity of every individual.

Mr. J. L. Van Wagoner has an enviable record of years of service to the people. He has profited through years of satisfactory service that your patronage has been well merited. Insure today that your loved ones will be provided for tomorrow is usually too late.

GENERAL AUTO PARTS

A very reliable concern in Pontiac at 527 South Saginaw Street have used parts for all makes of cars, pay cash for all wrecked cars, is one of the strictly up-to-date and highly efficient auto wreckers of this section and they are prominent citizens. What you expect of such a progressive establishment you will find here. And let us assure you that the charges will be moderate and the services satisfactory.

Motorists, garage men and the general public have learned from experience that this firm has a large stock of parts from all standard makes of cars. They have a large stock of gears, axles and other parts also. They make a special feature of carrying a large stock of generators, starters, batteries and other electrical equipment.

They buy old and used automobiles paying the top of the market for them. This place is an auto wrecking establishment and thus has a large stock of parts. It makes no difference what the name or the model of your car, if you need a part for it see them. And if you want to dispose of it don't worry

if it is about "all in," just see the firm and you will be pleased and surprised at the price they offer.

They have parts for all makes and models of automobiles at prices which will save you many a dollar. Both garage men and auto owners have learned that it PAYS both in TIME and MONEY to see them about parts. When you break some part of your car or "discover" some worn part should be replaced, it's better to call them first. They save the motorists of this community many dollars by selling parts at reasonable prices. It costs double and sometimes triple to send to the factory for car parts. They carry used parts for most every make of car and truck, and nine times out of ten you can secure the part you want from them.

We take pleasure in this business review in directing attention to this concern. Motorists are of the business men of these parts and an active interest in the onward progress of this section of the state and merit the leading position held in the business life of this section.

ASHER'S GARAGE

Walter L. Asher, Prop.

One of the community's most progressive concerns located at 322 Oakland Avenue in Pontiac, telephone number 7254, is under the direction of experienced management and feature a very complete repair department for auto owners. Offering 24-hour service under the direction of a management who is one of the best mechanics in this section of the state.

No matter what the make or reputation of the car may be, the years of service obtainable by the owner will depend upon the class of service it receives at the hands of the auto mechanic. Sooner or later every car will need repairs. The careful autoist will not even wait until his car suffers a breakdown. He will have it given a thorough inspection or overhauling at regular intervals.

What a satisfaction it is to know the car is in good hands, and that when delivered it will do all that the auto mechanic claims for it! It is just this guarantee of good workmanship that has been responsible for the fame enjoyed for several years by one of the busiest automobile repair and service shops.

This progressive firm does all kinds of automobile repair and overhauling work. A big feature of their service is the twenty-four hour wrecker service. Large and modern wreckers are kept busy both night and day and give immediate efficient service no matter if it is to bring in a "stalled" car or pull out the most difficult wreck.

Every car must at some time undergo repairs. It is at this time that the auto mechanic establishes his reputation for service or merit. The shop forces at this establishment is prepared to furnish any of the lines of general automobile repair work from general overhauling to specialized lines of work.

Service is not an idle boast. It is the result of years of good workmanship done by men of recognized skill. Experienced automobile mechanics are employed at this garage to assure the best in riding comfort and ease of control. It is a favorite stopping place for autoists, leading to immediate car attention, in addition to its large list of regular patrons who know that this service is one of the best.

Yum-Yum
"And what," asked the chief of the Cannibal Islands, in his kindest tones, "was your business before you were captured by my men?"

"I was a newspaper man," answered the captive.

"An editor?"

"No, merely a sub-editor."

"Cheer up, young man! Promotion awaits you. After dinner you shall be editor-in-chief."—Sarnia (Ont.) Observer.

Silent Communication
"Do you believe in telepathy?"

"Well," replied Miss Cayenne, "I am convinced that thoughts are sometimes conveyed without words. For instance, when I step on a hotel piazza full of women who look startled and whose conversation suddenly ceases, I know exactly whom they have been talking about."—Washington Star.

The Compliment
"You remember Agnes Calich at college, don't you?"

"Why, no; I don't recall such a person."

"Well, she was the plainest girl in our class—but I forgot—that was after you left."—Pathfinder Magazine.

Desperate Determination
"You are indulging in puns a great deal of late."

"I am trying to be personally merry," answered Miss Cayenne, "to counteract the influence on my own disposition of the melancholy news articles I write."

"But why should you become a sob sister?"

"It seemed the only way I could be sure of subsistence."

Father's Part
The very modern child was looking through his father's book of World War photographs.

"Dad," he said presently, "what were you in the war?"

Father smiled proudly.

"Why, my son, your father was a battery sergeant-major," he replied.

"High or low tension, dad?" asked the boy.

Combined
Tommy asked John, a young school-fellow, to tea. John, who came from a much larger house, said with surprise: "What, have you only one room? We have a dining room and a drawing room."

"Oh, have you?" said Tommy, undaunted. "Well—we draw in the dining room."—Pearson's.

English
Father (to boy of six, just home from school)—What lesson did you learn this morning?

Boy—Oh, grammar!

Father—What sort of grammar?

Boy—Well, dad, cats and dogs are common hounds, but you and I are proper hounds. — London Evening News.

Racial Trouble
"What on earth is the matter?" said the doctor's friend. "You look awfully mad."

"I should think so, too," was the angry reply. "Here I have been treating a patient for three years for yellow jaundice and I've only just learned that he's a Chinese."—Tribune.

One for the Old Man
Her Dad—But can you support my daughter on your salary?

Ambitious—Well, I'd probably have to go into debt doing it, just as she says you did.

But He Knows the Numbers
"I should think I have a good memory. I know all the telephone numbers in the town by heart."

"Impossible."

"Yes, they start at one and go to 9657, but I haven't the faintest idea to whom they belong."

Is Doubt
"Mrs. Bilgins says his youngest is the image of his father," remarked Miss Cayenne.

"What did you say?"

"Nothing. I didn't know whether to congratulate Mr. Bilgins or to sympathize with the baby!"
