WHAT LOCAL PEOPLE HAVE TO COMMENT

To the Editor of The Clarkston News: On March tenth last an unsigned article appeared in your paper, which, apparently, roused the indignation of one of our more or less well esteemed fellow citizens, and prompted the vitriolic attack on the undersigned.

Permit me to inform the general public that the reason I did not sign that article was because I did not write it. I did, however, furnish the legal references quoted therein, and heartily agree with the article as written, and will back it up, though I do not want credit for writing it.

I had no connection with the Township Board prior to the resignation of John Visgatis last summer. Since then I have been on the Board in a vacancy filling capacity. Vacancy is right! Formerly there were four R's—now, 3 R's and 1 D. When I did mention the constable matter, it don't take any superhuman intelligence to imagine what the outcome was.

This statement will probably get the same treatment if you ask the Board Members—3 to 1.

In order that the public may not be misled by the misinformation published in the issue of March 17th, I will say that the Township Clerk has a set of the Compiled Laws of Michigan for 1929, identical with that from which some of the material for the article of March 10th was taken.

How is it, then, that the author of the article of March 17th could deliberately attempt to mislead the readers of this paper? Possibly a dictionary would be of some assistance in determining the difference between a fine and a "forefeiture." Failure to qualify does not constitute a misdemeanor—therefore, there would be no fine, and no court costs. The unqualified candidate would simply owe the Township \$10.00 and if the Township Board should collect it, every cent of it would go to the Township, and to no one else.

In April, 1932, three of those "INNOCENT OLD MEN" referred to in the article of March 17th were elected as constables. They were: Ward Dunston, Joseph Seeterlin, and William Adams. Poor old fellows! It grieves me to think of their suffering injustice. Happily, however, search of the statutes reveals that Section 1042, Compiled Laws of 1929 provides that the Township Board may in its discretion, authorize the payment of Constables' bond from the General Fund. So the poor old fellows were never in any danger at all. What a relief. However, the Board didn't see fit to furnish their bonds, within the ten day limit, and they didn't qualify, and there you are.

According to the March 17th article no constable has qualified since 1912. How odd! And yet, the Republican ballot contains the names of two candidates who have been elected since that time. Does this indicate that the "joke" is to be carried into this election or will the new Township Board see fit to furnish their bonds for them, if elected?

Out of over six hundred qualified registered voters, only about one hundred fifty attended the caucuses. Don't let this happen at the election. All you voters get out and vote. If you live outside of town, and haven't a car of your own, be careful whom you thumb for a ride, as the intentions of both yourself and the driver might be misconstrued, especially if he happened to be a candidate. But get there somehow, and when you go to the polls, vote for somebody who CAN and WILL qualify.

"Yours for low taxes and conscientious voting."

John A. Morley, Justice of Peace.

A chicken pie supper will be given at the Andersonville Community House Friday evening, March 24, to aid the benevolent. Spring will start at 6:30 o'clock and will continue until all are served.

Mr. and Mrs. Ira A. Jones received word from Mr. Jones' sister in California that they received no injuries in the recent earthquake.

To the Editor of The Clarkston News: On account of a rumor that is being circulated throughout Independence Township, I am taking this opportunity to explain how I stand on public matters, and also to deny this story that is being circulated.

The story is that if I am elected Supervisor, I have promised to pay the indigents of the township in cash, instead of giving them groceries, as now is being done.

I wish to say that I have never made a statement of this kind to anyone, and whoever tells this story is either misinformed, or is telling it simply to hurt me.

However, I believe a plan can be worked out whereby the indigents, or unfortunates, as I call them, might be furnished jobs instead of dole, and if elected, I will work untiringly on this plan.

I also believe in reduction of property valuations to a Pre-war basis, and I believe that a great deal can be done along this line.

Yours very truly
Wm. Belitz.

Mrs. Wm. H. Banninger and daughter, Virginia Lee, were removed to their home yesterday.

Comstock has issued a proclamation urging that the people of Michigan observe Army Day, Thursday, April 6, "to pay tribute to the brave men of the United States Army who stand ready at all times to respond to the call to arms and likewise to the call to aid in times of distress and disaster." As the commander-in-chief of the Michigan National Guard, and deeply

interested in the adequate and proper defence of the state and nation in the time of emergency, Governor Comstock approves of the plans of the various patriotic organizations in arranging for observance of the day. The American Legion, the Legion Auxiliary, Veterans of Foreign Wars, Spanish War Veterans and other patriotic groups are sponsoring the observance in Michigan, and Legion post commanders are chairmen of the committees of arrangements.

DEATH TAKES
ERNESTINE COLEMON
 Drayton Plains was thrown into sadness last Saturday afternoon when word came of the death of Ernestine Colemon at the University Hospital, Ann Arbor at 1:50 o'clock, Saturday afternoon. For several months back she had been suffering severe headaches and three weeks ago was taken to the hospital for observation and treatment. From the very first it was found her case was very critical and an operation was performed for a tumor in the head and on the brain Saturday morning, of which she did not entirely rally.

Ernestine was born at Austin Corners, March 9th, 1916, the second daughter of Mr. and Mrs. Ernest Colemon. She spent a few days at home and enjoyed her 17th birthday going back to the hospital the following Monday. Her school days were spent in Drayton Plains and she graduated last June. She also was an active member of the Community United Presbyterian Young people's Sunday School Class and Christian Endeavor.

Besides her parents she leaves three sisters, Eulidine, Inez and Deleretta, and one brother Nathan, to mourn the loss of a loving daughter

VOTE for a REPUBLICAN SUPERVISOR

This is a Democrat year, But listen to this. Democrats have been in power in Waterford Township for the past ten years. Lets have a change, and get out of Debt.

In answer to the question of taxes and why they were raised while I was in office are as follows:

- 1.—The state tax commission put the figures on tax roll.
- 2.—That they during good times had been two years assessing.
- 3.—While my opponent raised no objection during those two years.
- 4.—My opponent even in good times had allowed every township account to be overdrawn.

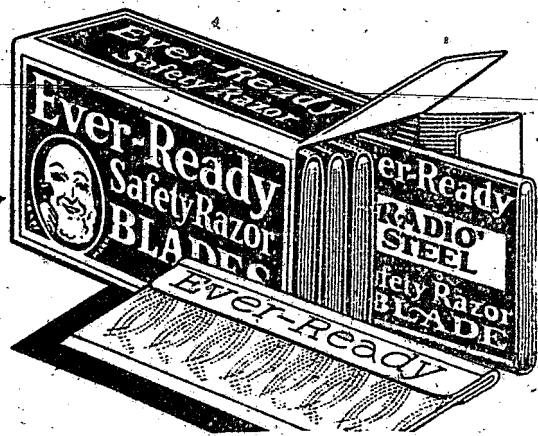

CITIZENS on welfare must not be fooled with promises. In answer to the erroneous statements circulated last year, see the next issue of this paper and learn the facts.
