Election Monday! Be Sure To Vote!

Waterford Township

Facts that will help you decide in casting your ballot for Supervisor of Waterford Township, at General Election next Monday, April 3rd.

MORRIS M. JAY Republican Candidate for Supervisor

On April 4, 1931, the voters elected me Supervisor of Waterford Township. In view of the fact that I am again nominated for the same office, I wish to take this opportunity to clear mistatements regarding my term of office.

After entering office, I found that the General Fund, the Cemetery Fund, the Highway Improvement and Road Repair had all been overdrawn.

The School Fund, to the amount of \$10,000 was illegally transferred to defray Township salaries, gravel and other current expenses, which is a specific violation of the law, with no consideration for financing the schools.

When I became Supervisor in 1931 the funds in the treasury were practically exhausted and the school district in debt. (?) When I left office in 1932 I had paid off the school debt and had \$10,000 in the treasury.

In 1930, my opponent borrowed for the Township \$15,000 from the First National Bank of Pontiac to pay the delinquent Covert Road Tax. In 1931 the Supreme Court allowed the refunding of this tax. Waterford Township received their refund but the money was NEVER used to pay off this note. It was used to meet other obligations. That note now stands at \$12,000 and must be paid.

The Covert Roads in Waterford have not been built in accordance with the state law, which specifies that petitions for roads must have the signatures of 66 per cent of abutting property owners. (Williams Lake Road petition has 48.7%). (The Airport Road has but 32%). My opponent made a sworn affidavit that the legal number of signatures had been secured. He is in favor of refunding the Covert Road Bonds over a period of twenty years. I AM IN FAVOR OF THE GAS TAX PAYING THE ROAD BONDS.

If you will compare the financial reports of the Township Board, you will find that the real economy was practised during my term of office in 1931, and not in Mr. Gale's terms of 1930 and 1932.

If elected Supervisor, I pledge to turn over to the Poor Relief or Township at least 20% of the present salary. Be fair to yourself. Consider that taxes have increased from 200 to 500% in the past eleven years. THIS MUST STOP.

The State Tax Commissioners came to Oakland County in 1929 and 1930 to re-evaluate property. The assessments spread by the Commission was placed on the township roll, with no regard whatever for the Supervisor's figures, the valuation being practically doubled. This forced me to do one of two things, (1) Refuse to spread the assessment of the Commission, which would force the Governor to remove me from office, thereby tying up the finances of the Township and closing the schools for a year—or (2) spread the assessment according to the state figures. After obtaining legal advice, I found I was compelled to accept the figures of the Tax Commission.

Your taxes in 1932 were lower than 1931 for three specific reasons. 1. There were no Covert Road Tax spread in 1932. However, this matter is not to the credit of my opponent as the legality of the roads is being tested in the courts. 2. All school districts have lowered their budgets, over which my opponent has no control. 3. Money has been borrowed for relief work to be paid later. Where

ANNOUNCEMENT

I am taking this opportunity of announcing to the voters of Independence Township my candidacy for the office of supervisor at the election, April 3.

The duties of the office have been most exacting for the past three months making it utterly impossible for me to make a personal canvass. If my conduct of the affairs of this office meets with your approval your support will be most heartily appreciated and I promise if elected that my best efforts will be put forth for further tax reductions toward which such encouraging progress has been made in the last two years.

C. K. Phillips

Have you saved on your taxes? ?? ? The errors cited by the treasurer, Charles A. Bird, concerning the tax roll were of such minor importance that they could have been easily rectified had I had the cooperation of the treasurer.

It was brought to the attention of the Township Board, according to the final audit in 1931, that the treasurer was short but no action has been taken to rectify this shortage.

NOTICE: I should like to correct a misunderstanding. John Morley was a party to the article published in the News on March 10. The article was in my possession for more than a week before the contributors were identified. Hildegard H. Banninger

To the Editor and Voter of Independence Township:

I wish to make a statement that I was not on the Township ticket last spring for Constable, but was in 1931, and did qualify. Qualifying does not include a bond as that only protects the Township and should be placed by the Board of Township officers and not by the person elected.
WM. ADAMS

To the Editor of The Clarkston News:

It seems to me that there is some misunderstanding between the Justice of Peace and our Township Clerk but we must have a Justice; he seems to rap hard but there is one thing I like about John Morley—he never raps with an empty bottle, may the bottle be ever so small.

To my knowledge he is the best qualified Justice that we have ever had in Independence Township. In 21 years I never called on him when he was not on the job and told me all I wanted to know. They are talking of cutting expenses in the Township and I think there is a good place to cut them—they are running 8 men for Constables—I think they are throwing away time and money, for if they are elected they never qualify and if they do qualify, they are never on the job and there is no salary to it. When a Constable wants to be a salaried man he has to take out a cash bond with the County Treasurer and there isn't business enough in the Township for anyone to take out a bond.

In 1930 the total tax roll was over \$130,000 and was reduced over \$65,000 in two years.

Tax valuations were lowered from \$3,901,000.00 in 1930 to \$2,614,000.00 in 1932.

Your attention is directed to the fact that the present system of caring for the unemployed for which Mr. Phillips worked on untiringly resulted in a saving of at least one-half.

In 1931 Mr. Phillips introduced the first resolution on the Oakland County Board of Supervisors requesting the governor to call a special session of the legislature to consider the question of Covert Road Tax relief.

At the present time it is financially impossible for the township to give unemployed work with remuneration in cash, however, the national government have plans whereby all of the unemployed will receive work, with compensation in cash which will bring relief to the township. A start has already been made along this line. During the last two weeks \$100 in cash has been paid to the unemployed.

To the Editor of The Clarkston News;
On account of a rumor that is being
circulated throughout Independence
Township, I am taking this opportuni-
ty to explain how I stand on public
matters, and also to deny this story
that is being circulated.

The story is that if I am elected

Supervisor, I have promised to pay
the indigents of the township is cash,
instead of giving them groceries, as
now is being done.

I wish to say that I have never
made a statement of this kind to any-
one, and whoever tells this story is
either misinformed, or is telling it
simply to hurt me.

However, I believe a plan can be
worked out whereby the indigents, or
unfortunates, as I call them, might
be furnished jobs instead of dole, and
if elected, I will work untiringly on
this plan.

I also believe in reduction of prop-
erty valuation to a Pre-war basis, and
I believe that a great deal can be done
along this line.

Your Very truly
Wm. Belitz

SPRING BROODING OF CHICKS

There is probably no farm prac-
tice that has changed more during
the past few years than has the
method of breeding chickens. At
least 80 per-cent of the chickens
reared annually in Michigan are now
artificially brooded.

The growing of healthy chicks will
be the principal subject for discussion
at a poultry meeting to be held at
7:30 P. M. Thursday, April 6
at Grange Hall on the poultry farm of
Clarkston.

This meeting will be in charge of
Mr. E. R. Hancock, of the Poultry

Agricultural Agent.

In addition to discussing good
methods of raising baby chicks, a dem-
onstration of killing, dry picking and
dressing fowls for market will be
made.

VOICE OF A VOTER

To the Editor of the Clarkston News

A few weeks ago, there appeared
in your paper, regarding Constables,
an article by Mr. Huntly, our Town-
ship Clerk. He made the statement
that no Constable had qualified for
office since 1912; that all were old
men—meaning we were incapable of
holding the position.

This is a misrepresentation, entire-
ly as Mr. Morely pointed out. Last
year I was elected Constable by a
large majority. Three days later I
called on Mr. Huntly, at his request,
and qualified as far as I knew how.
I took the oath of office and signed
the book. If bonds were needed, why
didn't the township put them up, or
ask the Constable elect to do so?

But what did they do later? Just
after the election last Fall, they had
a special township board meeting and
appointed a man who nobody knew,
and who was to act as an officer in a
Pontiac Court. This was just
another case of double crossing; but
some of our prominent seem to be
well versed in this "art".

The same thing was pulled off in
the Village, and Mr. Huntly was in-
volved in that also. Two years ago,
when the village was considering a
night watchman, I put in an applica-
tion for the job, with a signed peti-
tion of every business man in the village
but three. These three were appointed
by the Village President to hire a
watchman. What did they do but
try and hire an outsider? It didn't
work. Again last year it was tried
in another way, and it didn't work,
but the man worked long enough so
we all found out what kind of a man
he was. The main reason why my
application was denied, according to
Mr. Huntly, was my affiliation, but I
was good-enough to serve in UNCLE

SAM'S ARMY, and with a record of
which I am proud.

Now there are a few people in the
township, who are poor, unfortunate,
or unemployed, and he is telling them
what they should have and do. It
seems to me that it is a poor time to
jump on a man when he is down.

This big saving in yeast cakes and
kerosene SHOULD put the township
on its feet. At any rate, it will adver-
tise the township of Independence as
over the United States as being the
cheapest bunch of philanthropists in
the country, and make the unfortun-
ates in other sections thankful they
don't live here. If we are going to
treat the unfortunate indigent as
cattle, why not feed them ensilage?
Then the cost would be even less than
six cents a day.

Be careful how you vote, for the
only way you can judge a man is by
his past deeds.

If you want to know two men who
stand for honesty and straight deal-
ing, you show me two better men
than Mr. Belitz and Mr. Warden, and
they are at the head of a good
straight-honest ticket. Get out and
vote, and don't let any lying propa-
nda mislead you into voting wrong.

This means you. If you vote right,
you will have reason to be proud of
your choice; if you don't, you will
be in the position of one who has to
make excuses. And then it will be
too late.
