#### Local Fire Department Answers False Alarm

The Clarkston Volunteer Fire Department got a hurried call to the Dixie Highway, Tuesday evening at o'clock. They rushed the nr extinguishers to the farm of Ezra Smith and then down the Dixie to South Main Street but the fire could not be found. It is to be hoped that the habit of crying fire to see the department work does not grow. Everyone likes a joke now and then, but a false alarm is no joke.

#### An Attendance Record That Cannot Be Beaten

The following is a list of students of Clarkston Junior and Senior High School who deserve special mention for having a perfect attendance during the school year:

Ralph Yost-seventh grade. Caroline Walter-eighth grade. Phyllis Boyns-ninth grade. Basil Tucker-ninth grade. Duane Hursfall-ninth grade Ruth Walter-tenth grade.

#### Memorial Day Visitor Here from Detroit

Although we had several visitors in town for Memorial Day, there is one that should receive special mention. Charles Campbell, a former resident of Clarkston, came up from Detroit to spend the day with Frank Yeager Mr. Campbell is eighty-four years old and a Civil War veteran, Every Memorial Day he makes an effort to visit the graves of his comrades who are resting in Lakeview Cemetery.

#### Engagement Was **Announced Sunday**

Mr. and Mrs. Herbert LaVigne ere hosts last week end to their cousin, Theodore Sattler, of New York City, On Sunday they entertained 14 guests. Mrs. Genevieve Blessed of Grosse Points was guest of honor. At this time the engagement of Mrs. Blessed and Mr. Sattler was announced. The table was beautiful being covered in white satin tapers, white lilacs and white iris.

Mrs. Chas. Green, accompanied by her niece, Mrs. Wm. Gordon and family of New Boston, is spending a few days with Mrs. Green's sister, Mrs. Hattie Newell, at Lewiston,

#### John Renwick Metheny **Artist of Near East**

. He and his brother and sister live clergyman in the Near East, and for

18 years U. S. consul at Mersina. As a child he often spoke French or German, occasionally in English but more often in Turkish or Arabic.

Today his sketches of the Near East are accepted by such well known magazines as the National Geographic and others of like high standing.

Mr. Metheny is well known locally, of David McClelland. Some of his sketches have been presented to Mr. and Mrs. McClelland. Mrs. Metheny Graduation March and Mrs. McClelland are sisters.

Sunday's News feature section carried news of his interesting life in Vonda Douglas the Near East.

#### CYCLONE STRIKES OAKLAND COUNTY

more years of happiness,

#### Considerable Damage South and East of Davisburg

A cyclone of not very pretentious proportions, hardly to be classed with the Kansas variety but still a sizeable blow, passed through a narrow stretch of country south and east of Davisburg last Friday afternoon. Ira

E. Kinney, of Davisburg, who watched it from his back porch as it pursued its whirling, dipping course, says that it was a funnel shaped cloud, typical of cyclones and that while it was turning rapidly it did thinks it was in sight fully five min-

It struck first on the old Kneale farm south of Davisburg and then moved diagonally northeast to the farm of Augustus Jennings, where the greatest damage was done. All of the farm buildings were more or less damaged, including the house, and some were totally demolished, and all of Mrs. Jennings' chickens and turkeys were killed. Right across the road at Fred Shafer's but little damage was done.

From the Jennings place the cyclone continued on its breezy way and its effects were next displayed at the badly dealt with, and at William Harpley's, where several trees were

blown down.
From the Harpley place the destructive wind veered more to the Bloomfield Township. Burial will be north until it reached the old William Clerk farm. Here the barn and garage were blown down and the house damaged.

Turning again to the northeast the Is Being Organized cyclone struck the Dick Pennell farm, where outbuildings were demolished and one barn blown into the small

lake on the farm.

Gompleting this destruction the

### Two Local Boys Enjoy - FOLEY HEADS BANK

### Military discipline and army offic-ers are not so dreadful when we hear what Gordon Boice and Jack Denton, who are now at Camp Custer, have to

These boys are in Company 680 of the Civilian Conservation Corps and belong to what is known as the working unit. Gordon gets a great kick out of his two mules and Jack enjoys tossing dough in the bake shop.

The hours of work in the camp are 8 hours per day for five days each week. The choys are housed 6 in a tent, but the conveniences at Camp Custer are modern even to shower baths. How long some of the boys will enjoy this camp is not known because while a number of them may be stationed at Camp Custer, others are apt to be sent any place in the U. S., where reforesting is to be

In Company 680 there are about 270, while in the whole camp there are approximately 6,000

The men are well taken care of under the very capable supervision of Lieut. W. H. Stover, Capt. P. A ard. Not enough can be said about the ability of these officers because by their thoughtfulness and courteous actions, they have won their way into

The meals are well prepared. The food is very nourishing yet is not ability to work was well known as costly, when you consider that an published in Detroit papers as having men. Each man is allowed 4500 cal

On entering camp each is supplied In wandering thru Mr. Yeager's with razor blades, tooth brush, and shop we noticed a small iron cannon, paste, soap and towels. #### MIGHER PRICES FOR MILK SOUGHT

#### Campaign Begun to Boost Return to Producers

The first step by Michigan farmers toward the goal of higher prices for farm products has been taken by farmers who are selling milk to condensing plants and who have started organizing to avail themselves of the trade agreement feature of the Farm Act, according to R. V. Gunn, economist, Michigan State College.

Local and regional groups of milk producers will be organized to select representatives to appear at Washington for hearings at which measures will be taken to improve the at the School of Contract Bridge at conditions now confronting both the Caribou Inn next Tuesday evening. producers and the manufacturers of condensed milk. The owners of the pleasure from the period of practice condensaries will cooperate with the play and the social hour following farmers, and with secretary of agri- each lesson. All who are interested culture, Henry A. Wallace, to im- in Contract Bridge are invited to prove market practices and to secure

higher prices. The first meeting of the Michigan group was attended by farmers who epresented 4,000 dairymen. Their milk is produced outside the Detroit fluid milk area and is sold to eight condensing companies, most of them located outside the State.

Seven committeemen were selected at the East Lansing meeting to assist in perfecting the state organization. These men are George Kohn, Fenwick; Floyd Hines, Perrington; Proctor Hill, Mt. Pleasant; Maurice Hines, Coopersville; Howard Nuget, Bad the home of Emilie Swain. A sur-Axe; Audley Rawson, Cass City, and prise program is being planned for

Ben Fink, Sparta.
The Michigan Milk Producers Association is helping in the work, and B. F. Beach, secretary-manager, of the Association, will act as Michigan's representative at Washington until a dairyman can be elected.

#### 500 CLUB MET WEDNESDAY

The 500 club met Wednesday at the home of Mrs. Claire Hopkins. A pot luck dinner was served at noon. High prize was awarded to Mrs. Sam Mor-gan, and lbw to Mrs. Jack Coryell.—

Mr. and Mrs. Linsley Coon, of De-troit, were guests of Mr. and Mrs. George Harris Tuesday.

esides at Williams Lake. Clifford G. Waterbury is owner and manager of the Canteens on the Dixie Highway and the Waterbury meat market in Clarkston. He has resided in this vicinity most of his

Besides transacting routine business the Board decided to open the bank Saturday evenings from 7:30 to 8:30 beginning at once.

#### PETER W. ADDIS HAS PASSED AWAY

#### Death Came Tuesday Morning After Illness of Long Duration

After a serious illness of a little over two months, which was preceded by failing health for a much longer period, Peter Ward Addis, aged 69 vears, died at his farm home in

Holly township early Tuesday morning, May 30, Mr. Addis was a son of Ephraim and Jane Petty Addis and was born in Holly township, April 16, 1864, on the farm now owned and occupied by Leo Tinsman. When he was 11 years old his parents moved to a farm near Clarkston, at the junction of the Dixie Highway and the Clarkston Station road. Here he grew to manhood and resided until about 1887. when he went back to Holly township and located on the farm now owned

by his brother, Fred Addis. On Oct. 22, 1890, Mr. Addis was married to Miss Julia C. Haddon, of Holly. They lived on the same farm until 1896, when they moved a half mile east, where they had erected new farm buildings, including the

house that has since been their home. Mr. Addis was descended from two Revolutionary ancestors, a fact in which he took a quiet but justifiable pride. He was not a man to seek public acclaim but was content to follow the even tenor of his way, an honest, frugal man, doing unto others

as he would be done by. He is survived by his widow, one son, Raymond E. Addis, of Holly; three grandchildren; the brother above mentioned, and one sister, Mrs.

S D. Patterson, of Holly. A son, Lee Addis, died in 1910 at 18 years

The funeral will be held at St John's Catholic churck in Fenton Friday morning at 9:30 o'clock, with burial in the cemetery adjoining.

THE DETROIT EDISON COMPANY

News Want Ads Bring Results

Henry Ford Dearborn, Mich.

May 22, 1933

I suppose that I may claim to be the first Ford Dealer. I not only made cars, but sold them and frequently delivered them myself. The "drive away" is not new; often I have driven cars from Detroit

to towns in Ohio or Indiana or Michigan to make delivery. There were no good roads in those days, and the people where I

drove had never seen a motor car before. My first really enthusiastic customers were Country Doctors. They were the first to realize the value of dependable transportation to a

widely scattered practice. . Even today I occasionally hear from some of those first-Ford users. We had to teach local mechanics how to care for the cars. That is how Ford Service began, which is now found everywhere in the world.

We believed from the beginning that a sale does not complete our transaction with our customer -- it creates upon us an obligation to see that our customer's car gives him service. Ford Dealers know

their duty to the public in this respect. I can say of Ford Dealers generally that they have been and are men of character and standing in their communities. Most of them have been with us many years, which indicates that we agree on basic business principles. The Company provides that the methods used to sell the Ford car are consistent with the self-respect of the Dealers who handle it.

The present Ford V-8 is the peak of our 30 years experience. We have never made a better car. Its eight-cylinder engine is powerful and smooth running. The car is admittedly very good looking and has comfortable riding qualities. It is economical in operation because of advanced engine design and low car weight. It is the fastest, roomiest and most powerful car we have ever built.

- Kiny Ford

### THE DETROIT EDISON COMPANY

GENERAL OFFICES 2000 SECOND AVENUE

DETROIT, MICHIGAN May 29, 1933

TO THE CUSTOMERS OF THE DETROIT EDISON COMPANY

This is the minth of a series of weekly letters addressed to our 00 customers in 29 cities; 58 villages and 130 townships in the southeastern corner of the State of Michi Last week we tried to show you that there is a lot more to our sy than just a power house and some wires. The power plant is seldom one-third of the system. And the cost of making the power at the power house is just a shadow less than the taxes that we are required to pay - or rather, that we are required to collect from you. Please look at this showing of how much tax money was taken out of each dollar you paid us in recent years.

much	tax	money	Was ca		each.	out dolla	T.		Remai of ea	ning to ch doll by you	us out ar paid

(The three per cent U. S. tax is additional to

When you get a bill for city or state taxes, or when you fill out your income tax blank for the United States Treasury, you know you are being taxed. When you paid your electric light bills since 1920, you did not know that you were paying added taxes, from five cents out of each dollar in 1920, up to thirteen and a half cents on the dollar this year. The taxes were there just the same, and we want you to know it.

thirteen and a half cents on the dollar this year. The taxes were there just the same, and we want you to know it.

These indirect taxes affect all of you. They make a tax-gatherer of your learning company. You blame the company if you think your bill is too high. To be exact about it, your electric bill would have been lower by eight cents of the dollar if the total taxes on the Company had been fixed at the 1920 figure. It looks easy to tax the electric company. To do so changes the place for a few days, but it does not change the pain, and you pay just the same in the long run.

We have never made a campaign against high taxes. We have no wish to make one never made a campaign against high taxes. We have no wish to make one now. But we may find ourselves in the place where fairness to you will require us to join-in such a campaign. If that comes about we will want you to understand that it is your pocketbook that we are protecting, and we ask you to keep that statement in mind.
