Three Trustees Elected TREASURER'S REPORT GAVE EVIDENCE OF NUMEROUS **ECONOMIES**

At the annual meeting for the elecion of members to the Board of Edication, held Monday evening at the Clarkston High School, L. R. McFarland was unanimously re-elected for a term of three years, over Mr. Mc-Farland's protest. The protest based on the ground that he had served for two terms and perhaps the community would be better served by a change. The consensus of the voters present, however, was strong enough to overrule the protest and he

accepted the position. The minutes of the last annual meeting-were read by Earl Walter. Lee, Clark in presenting the report of the Treasurer pointed out numerous economies that had been made

STEEL ALONE S NOTENOUGH.

-neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like

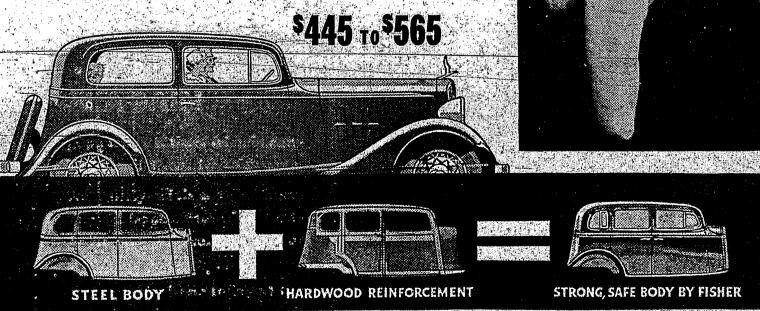

CHEUROLEI

Why is it that every 12cylinder and 16-cylin-

der car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment have definitely proved: STEEL ALONE IS NOT ENOUGH!

The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inclined to rumble and rattle. BUT-when you put the two together—a heavy, staunch steel body over tough, solid hardwood -then the hardwood reinforces the steel-and vice versa! And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet. CHEVROLET MOTOR CO., DETROIT, MICH.

Liberty Theatre HOLLY

The program for the Benefit Show consists of the outstanding feature, "Too Busy to Work," with Will Rogers, and also a short musical comedy featuring the popular radio star, Phil Harris, in "So This Is star, Phil Harris, in Harris" and another short subject. The show will be enjoyable to both

Will Rogers enjoyed making this production, because in it he does not have to wear high hats, powdered wigs, or evening clothes. He dislikes to "dress up" and in his daily life wears the most ordinary clothes. In Too Busy to Work", he appears as

vagabond wanderer and wears a ostume that fits both his role and nis personality. The picture is taken from the story of Ben Ames Williams and deals with he adventures of a penniless, happy-

go-lucky tramp who either walks, or

ides the brake beams of freight cars,

from place to place in search of his laughter who disappeared while he was fighting at the front. The child, now a young woman, accompanies her mother when she runs away with a man in more affluent sircumstances. The mother dies and

the girl becomes the head of her foster fathers' household and falls in love with his son.

Among the prominent players in the picture are Marian Nixon, recently seen in "Rebecca of Sunnybrook Farm", and Dick Powell, seen in 'Forty-Second Street".

Comedy, pathos and smashing frama—are blended in "Made on Broadway", the sensational expose of Manhattan's maddest administration with Robert Montgomery and Sally Eilers in leading roles, which will be at the Liberty Theatre Sunday and

Courtenay Terrett, famous metropolitan newspaper man, has drawn on some of his most colorful experiences fo serve as a hasis for action of the story, with Montgomery in a charac-terization that tops his previous eforts at flip sophistication. He plays ic role at a breath-taking tempo with every situation mounting in dramatic tension to a powerful climax.
