# Second Golf Tournament Will Be Held Sunday, July 30; on the Bald Mountain Course

#### **Clarkston School Opens September 5th**

Full Staff of Teachers and Full **Course of Studies** 

\$1,400.00.

Our district by very drastic economy cuts by the Board of Education in salaries and operating costs, starts the new school year in a position held. by very few districts. Much credit is due the Board of Education who have labored faithfully to provide the best educational facilities possible for the students of this district and at the lowest cost. The present board carried through

the program of building and equip-ping our new school and by re-elec-tion has been kept intact each annual election. The members:

Leon R. McFarland-President. Earl Walter-Secretary. Lee M. Glark-Treasurer. Joseph P. Hubbard-Trustee.

Roy C. Spencer Trustee. Our school continues on the accredited list of the State of Michigan and received, following the last inspection, an excellent report commending the school on its fine building and its excellent condition after three years' e, and the very efficient teaching staff: and a second second

#### TEN YEARS AVERIL MAYNARD

Mary-Martha's thin hands trembled as she produced the Lee M. Clark. Treasurer, reports that since the annual meeting addi-tional delinquent taxes have been re-bional delinquent taxes due district in bionet taxes due district in closed banks and interest. Delinquent taxes due district in stoud see this game Sunday. letter with the French postmark, her voice shook and her eyes

looked at them so strangely they said no more. The morning Jack was to arrive Ma insisted on getting up. As Mary Martha settled her in a comfortable chair Ma paid her a tardy compliment: "You've been a good daughter to me."

Mary-Martha flushed painfully. Suddenly she could endure no more. "I'm going to my room to dress now," she said and kissed her mother's smiling face.

The house was still with expectant happiness. Suddenly there A program is being arranged, with was a thud, sounds of running feet, a scream. Ma lay on the ball game, quoits and other sports kitchen floor dead on her face the smile of the blest on her to be the state of the blest. The house was still with expectant happiness. Suddenly there kitchen floor, dead, on her face the smile of the blest, on her dress blueberry stains from the jar she had been stealthily carrying.

Mary-Martha gave one look. "Thank God "she breathed and

sat down calmly. "Mary-Martha!" remonstrated her sisters. "Oh! how are we going to break the news to Jack!" "Jack isn't coming," stated Mary-Martha.

"Isn't coming?" chorused her sisters.

"No. But Ma died happy thinking he was," went on Mary-Martha tonelessly, "and she lived happy for ten years on loving letters from him. I wrote 'em," confessed Mary-Martha grimly. "A buddy remailed 'em. Doctor said another shock would kill her. But I'm dying myself and I couldn't bear to leave her to find out the truth-Jack was killed in battle ten years ago!

All of which shows that news is frequently stranger than All of which shows that news is irrequency strained week eight young people on Wednesday af i fiction inasmuch as an item appeared in the papers this week eight young people on Wednesday af i fernoon at a birthday picnic in honor lescribing such a case.

## Waterford

Miss Roberta Virgin and her S. S class were entertained on Thursday evening at the home of H. B. Mehlberg in honor of their daughter Eleanor's 12th birthday. There were just twelve who attended and who played games during the evening. Refreshments were served at the close of the evening. All the girls made a vow that they would attend Sunday School on Sunday.

Kahler and family and Mr. and Mrs. O. D. Anderson and family went on a picnic to Crooked Lake on Friday where they helped their son, Robert Johnson, celebrate his birthday.

The wheat fields of Edwin Campbell, which were three in number, were indeed a beautiful sight for people who were traveling on the Airport road all through the time of the wheat ripening and cut as it stood in the field. People who have been through the wheat section in the middle west say one could have some idea of what it is like which is a very pleasant time for the eye to behold. Going farther one can visualize in a way that there would be many loaves of bread which could be baked from such fields of grain.

Mrs. Ava Lunger visited in town at the home of Rev. and Mrs. H. A. Huey the latter part of the week.

Mr. and Mrs. H. F. Buck and June Harris and Guy Disbrow of Andersonville road spent Thursday and Friday at Ionia where they attended the funeral of-Mrs. Buck's aunt, who was also a sister-in-law of Mr. Disbrow Upen their return Mr. Disbrow stayed

# for the body of a quality car **like CHEVROLET**

There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test - and every experiment - and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The same kind of construction used on practically all the highest-priced cars in America.

Chevrolet well knows that steel alone has one distinct advantage: it's cheaper. Steel also is strong-up to a certain-point. BUT-beyond that point, steel alone will bend and crumple under severe stress or shock. It takes the strength and supporting solidity of a hardwood reinforcement to give you the full protection and full satisfaction you want in a motor car body today.

If you're thinking of buying a new low-priced car, better watch this matter of bodies, and watch it carefully. Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six; with Fisher Ventilation; Cushion-Balanced Power; a Starterator. That car is Chevrolet-America's most economical automobile.

FORMERLY HAGELE'S MARKET RUDOLF SCHWARTZ

Members of the Session of the United Presbyterian Church and their wives were entertained at the home of Dr. and Mrs. L. G. Rowley in honor of Rev. C. J. Sutton, whose birthday it was. They played tele-grams, and a game in which they had to discover the names of members of the church from puzzles. Then the Elders went apart for their meeting in which they outlined the program of the church for the year. Later, a pirthday cake and ice cream were served.

The Ice Cream Social of the Young Married People's Class of the United Presbyterian Church was held at the Surles Farm near Baldwin Ave. or Friday evening. There were about 150 present. Some of the group climbed o the top of June Mountain and en eyed the splendid view. There were stunt games for the kiddles, and later the ice cream and cake, which was enjoyed by all.

## IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why? By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas-bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours-the economy is yours. The whole question of car economy needs clearing up .. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy. As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality, -judge for yourself.

As to economy, here is the record of a stock car three weeks out of shop in Oklahoma;

On a run of 10,054 miles at the rate of 1,000 miles a day-the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles. That should answer a lot of questions.
