The Clarkston Public Schools Will Be Reopened on Tuesday, September 5th

School Reunion Well Attended

Over 175 Former Students Assemble Once Again

Saturday afternoon about 175 former students of the Clarkston School assembled on the grounds of the old school for their annual reunion, and renewed old friendships.

After a bounteous lunch, a short business meeting was held consisting of an election of officers, setting a time for next year's meeting, and appointing committees for the next year.

The program consisted of community singing; Saxophone solo by King McIntyre; Reading by Barbara Miller Chamberlain; History of Clarkston Schools by Clarence Vliet; Stunts led by Vera Buzzard Nelsey and Winifred Baile Porritt.

As a token of affection the flowers used for the occasion were forwarded to A. S. Craft, a former professor much admired by his students, now living in Pontiac, Michigan.

We understand the oldest member present was Frank Yeager. The meeting next year will be held the third Saturday of August with lunch at one o'clock.

Officers elected were: President, Mrs. Beulah Walter Jones; secretary and treasurer, Mrs. Irene Van Horn Boice; chairman of program committee, Miss Helen Tindal; chairman of dining room committee, Mrs. Vera Miller Maybee; chairman of stunt program, Henry Jossman.

Attention Golfers Tournament Sunday

Bald Mountain Course Selected Again

When a golf course is so good that it is twice selected for the monthly golf tournament then it behooves all golf players to join the gang, and really enjoy a good game.

Incidentally since the last tournament, the professional made a hole in one. There is no reason why all players Sunday should not do the same, but to show how skeptical we are, the Clarkston News will send to the first golfer who makes a hole in one, during this tournament, a year's subscription to the News, gratis, free, and without cost.

The first foursome will tee off at seven in the morning.

Clarkston Locals

Mr. and Mrs. George Surles have moved to Drayton Plains.

Mr. and Mrs. Freshour and daughters Reta and Mable, of Holly, and Russell Janks, of Detroit, were Clarkston callers on Sunday afternoon.

Mrs. Agnes McFarland and daughter Bernice, Lee McFarland and daughter Marjorie, and Mrs. DeLind and daughter Mary Jean spent Tuesday in Detroit.

Mrs. Johnson will give the school of instruction for the Eastern Stars on Monday evening in the Masonic Temple.

Mr. and Mrs. H. C. North and daughter Lavina, and Miss Lizzy Moon, of Holt, have been visiting in Clarkston for some time.

Mr. and Mrs. F. Kennison and Mrs. C. C. Cook and daughter, of Detroit, were Tuesday guests at the home of Mr. and Mrs. O. J. LaMountain. Mrs. Kennison is Mrs. LaMountain's sister.

Mrs. L. Spalding entertained several ladies on Saturday afternoon in honor of Miss Ruby Ellis, who has been visiting at the home of Mr. and Mrs. William Russell. The afternoon was spent in playing 500. The first prize was won by Miss Gladys Gundry and consolation by Mrs. Roy Gundry. The guest of honor was also presented with a lovely gift.

Rather Interesting Mix-up in News Item Needs Explanation

Last week's News contained a story about Mr. and Mrs. F. E. Davies going to Muscle Shoals, on a fishing trip. Mrs. Davies left for Northern Michigan for a short stay. At the same time Mr. Davies accompanied a business friend to Muscle Shoals, to assist him in checking the possibilities of that locality.

NOTICE!

The Clarkston News has weathered the depression. Now it is going stronger than at any time in its history. Further plans for its improvement are under way, and are being molded into being with all due speed. We are constantly receiving favorable comment.

It is your paper. It prints news of interest to you. It is here when you want it. It stands for anything that will help or improve your community. YOU WANT A HOME PAPER. It has been impossible for the present publisher to meet all of you personally, but we are interested in you. It is our pleasure and duty to print your news items. We know you consider it your duty to subscribe. This is our temporary way of talking to you.

NOW WE ASK YOUR CO-OPERATION. In keeping with our desire to improve and so that we can better use our time, we are going to place our mailing list in type. This work will be completed for the first issue in September. ONLY SUBSCRIPTIONS PAID IN ADVANCE WILL BE LISTED. Should you desire to continue or subscribe to the News and the price is not available at present, let us know and tell us when to send the statement. We do not want this to work a hardship on anyone. Of course publishers, even of the Clarkston News, like to eat. Check the date after your address now. You can do us a large favor by asking a neighbor to subscribe. We'll be hearing from you.

Comment and Criticism

Every now and then we hear of some famous corner, sometimes in Paris, sometimes in Hong Kong, where if you just sit still, every one of your worth-while friends will pass by. Let's change this to read—run a newspaper and you will hear all the shortcomings and good things about your fellow man. One thing we heard this week that interested us and is going to cost some money—A stranger passing thru town was praising the wonderful meal and service at McFarland's Restaurant. I have got to try it sometime, when the wife is set against cooking a meal. I'll bet Chase's Inn would be good too. So far the community table at Hubble & Hopkins has used up the few minutes devoted to a sandwich, but I have got to branch out.

Silently, one by one, in the Northern trout streams, gather the eager fishermen—Jim Beuler—Charles Huntly—and all tracing the steps of Isaac Walton. We understand that the Johnsons know how to fry fish.

At the school reunion we heard one party say "The second generation will be paying off the school debt" and the snappy retort "Well won't they get the benefit of it?"

And so, gentle reader, ends the fourth year of the Clarkston News, a good paper in a good community. 4 out of every 5 in Clarkston read the News, and our growing list of advertisers is evidence that it pays to tell them your advertising story. See you next year—in our next copy.

Educator Tells of School Crisis

15 Mill Tax Blamed for School Condition

Declaring that "It costs three-times as much to keep a boy in jail as in high school, and most of us would prefer to have our boys in school," Paul F. Voelker, State Superintendent of Public Instruction, speaking before the public groups in Pontiac Saturday, closed a very pointed and concrete exposition of the critical state of education within the boundaries of Michigan. The well meaning but misled advocates of the 15 mill tax amendment have precipitated a condition that is critical for Michigan school children. A 50% cut in finances means that 10% of the schools will be open only one month or not at all; 15% 2 to 3 months only; 25% only 4 months; 25% 5 months; 15% 6 to 8 months and only 10% 9 to 10 months, stated Mr. Voelker.

Before the schools of Michigan can get funds from the sales tax the first 19 million must go to state expenses, and the second 12 million to welfare. Michigan public schools face a 50% cut in revenue. In 1932, 86 million was spent in the state for public schools, in the peak year 114 million. The U. of M. faces a 20% cut, the normal schools 33% but the foundation of the educational system, the public school, faces a 50% cut, states Mr. Voelker. Schools have from 20 to 40 million in sight including approximately 23 million from the property tax, but that is contingent upon the fluctuating amounts of delinquency.

A bright light shows just now in the availability of the primary money which will be distributed in amounts almost equal to last year by the 15th of September.

Dr. Voelker visioned the future of our schools as being supported by an income tax. With the NRA against letting boys work before 20 years of age, Mr. Voelker saw the need for an extended period of education and also a better education to enable the men of the country to do their work between the ages of 20 and 45 years, when industry wanted them no longer, and apparently turned men out upon society.

Child Catches Hand In Laundry Wringer

Denny Warden had the misfortune to have his hand caught in an electric wringer on Monday morning. Mr. Warden took his son to the doctor who found it necessary to take fourteen stitches in Denny's hand. Denny is the son of Mr. and Mrs. Gillett Warden.

Clarkston Locals

Miss Ruth J. Chamberlain was the guest at the home of Miss Sara Belle Brooks last Friday and Saturday.

Mrs. George D. King, who underwent a serious operation at the Mellus Hospital at Brighton, is doing nicely.

Miss Marguerite Andrews spent last week visiting relatives in Armada.

Miss Peggy Verway, who has been visiting in Birmingham for the past few weeks, spent the weekend at the home of Mr. and Mrs. Edward Fuller.

Mrs. Albert Janks and daughter May are spending the week with the former's sister and brother-in-law, Mr. and Mrs. Judd Skarrit.

Mr. and Mrs. Vern B. Emmett and daughter Shirley, who have been tripping through the east and who spent some time at the Century of Progress, have returned to their home at Dollar Lake.

Mrs. Frank Brooks, Mrs. Emma Green, Mrs. William Jones and Mrs. Ben DeLisle assisted Mrs. J. Ward in tying a quilt on Wednesday. A dainty lunch was served at noon. We understand that the quilt will be displayed in the window of the Clarkston Dry Goods Co.

David Cell left his motor running in front of Anthony's gas station on Wednesday evening. The car started up and crashed into the Eliza Clark house across the street, damaging the porch quite badly, and breaking the two front wheels. David was able to reach the car before it crashed but he was unable to stop it.

NRA COMPLAINTS

- All NRA violations should be reported to the Department of Commerce, 801 First National Building, Detroit, Michigan.
- Complaints will not be received over the telephone.
- The department invites communications in person or in writing from individuals, regarding what they honestly believe is a violation of the President's Reemployment Agreement or a temporary or permanent Industrial Code.
- The written signature and address of the complainant must appear on all complaints. Where the complainants request that their identity remain confidential, this confidence will be honored both with respect to individuals and to business firms.
- Because of the tremendous amount of work at the Detroit NRA Headquarters, written complaints cannot be individually acknowledged but a form acknowledgment will be returned immediately.

Former Clarkston Girl Weds Detroit Doctor

The marriage of Miss Leola Francis to Dr. John Stageman of Detroit has been announced. The wedding took place on Saturday evening at the Baptist Parsonage in Waterford. They were attended by Dr. and Mrs. L. Martin.

The young couple left for Council Bluffs, Iowa, where they are visiting the bridegroom's parents. They are planning to visit the Century of Progress Exposition in Chicago before they return to Detroit where they will make their permanent home.

Mrs. Stageman was a former Clarkston girl. She started training as a nurse in Harper Hospital in Detroit after graduating from the Clarkston High School.

Home Loan Blanks

Forms of applications for loans under the Federal farm mortgage relief act may now be secured through Congressman George A. Dondero and assistance will be given to all applicants in completing their loan forms. Requests should be addressed to Congressman George A. State Appoints Orchard Inspector

All Orchards to Be Inspected Immediately

Fred Holcomb has been appointed by the State as Orchard Inspector for the township of Independence. Mr. Holcomb's duty is to try and curb the spread of blights and insects that cause so much damage to the orchards.

Coming Events

The eleventh annual homecoming of the Oak Hill School will be held at the school house Saturday, August 26. A pot-luck dinner at noon. Come and meet old friends.

Two New Teachers; Tuition Rates Reduced

The Clarkston Public School will reopen Tuesday, September 5, with the same number of teachers in charge as closed the preceding year. Registration of pupils will take place Tuesday morning and classes will meet Wednesday morning. There has been no reduction in the school program over last year.

Two new teachers have been employed to replace teachers not returning. Miss Eva Dorr of Grass Lake will have charge of the commercial department and Miss Virginia LeForge of Ypsilanti will teach history. Both teachers are graduates of the Michigan State Normal College at Ypsilanti and have four year degrees. Schools that are accredited by the University must, when filling vacancies in high school, employ only degree teachers if these teachers are to teach any academic classes. The new ruling took effect January 1, 1933.

Tuition for the coming year has been reduced to \$50 in grades K to 8, and \$60 in grades 9 to 12. This reduction is in line with the reduced cost of operation and will relieve the parents of any tuition obligation since the district is required to pay \$60 per year. The State Department of Public Instruction has ruled that districts must pay tuition for post graduates who desire to attend high school provided they are under 21 years of age and otherwise eligible.

Holly Flower Show

The annual Holly Flower Show will be held in the High School gymnasium on Tuesday and Wednesday, Aug. 29-30. The time is short and the full cooperation of the citizens of the community will be gratefully received, both in helping to put on the exhibition and in making displays. It is hoped to make the show even better than its predecessors, notwithstanding unusual handicaps.

There will be no formal program at the Flower Show this year but good music will be provided at appropriate periods. Both amateur and commercial growers are invited to exhibit and the Junior Flower Club will be given a place of prominence. No entry fee will be charged and no admission. Ribbon awards will be made in the various classes. Any person wishing to reserve space for an elaborate display should call or see Mrs. Halstead, the secretary.

Chevrolet Planning for 1934 Program

First of a series of eight meetings which will bring more than 2,000 field officials of the Chevrolet Motor company into two-day conventions with central office executives got under way in Detroit this week.
 Seven similar meetings are being held at regional headquarters in the following order: Atlanta, Ga., New York, N. Y., Buffalo, N. Y., Chicago, Ill., Dallas, Texas, and Oakland, Cal. Four weeks will be required to complete the schedule.
 Laying the groundwork for an expanded 1934 program, and determin-

ing broad basic policies to be followed in the coming year are primary objects of the conventions. H. J. Klingler, vice-president and general sales manager, assumes personal direction of them and has on tour with him nine sales department heads.
 At each meeting all zone managers, their assistants, office staffs and field representatives in that region are in attendance. Each departmental head details for the audience the immediate future plans and campaigns pertaining to his specialized department.
 Similar meetings have been held annually at this season for the past few years.

About 100 Attend W. C. and Webster Picnic

About 100 people attended the Waterford Center and Webster Sunday School picnic at Leland Grove, Pleasant Lake, on Saturday. A picnic dinner was enjoyed at 1 o'clock, and free ice cream was the big feature especially with the children. Games and contests with prizes for the winners provided much amusement and a game of soft ball between the men and women and also between the girls and boys made a complete day. Oscar Trueblood and Charles Horton had charge of the sports and provided themselves good entertainers. Everybody went home tired but happy.

If your elephant wants to ride on top IT'S ALL RIGHT WITH A CHEVROLET

CHEVROLET We didn't actually plan on elephants when we chose the bodies for the new Chevrolet. But we did choose bodies rigid enough, and strong enough, to support six tons of elephant or anything else you can name. **Fisher bodies . . . steel bodies plus a hardwood frame . . . exactly the same type of bodies used on all 12 and 16-cylinder cars.** Steel alone is not enough to make you as safe and secure as we want you to be in a Chevrolet. **A steel body, welded into a solid wall of protection plus resilient hardwood reinforcing to take up stress, absorb shocks and**

prevent the steel from following its natural tendency to buckle under pressure makes the sturdiest body of all—the kind used on the Chevrolet, and on no other low-priced car. Remember that when you buy a car. Be sure to get all you pay for . . . the super-safety of a steel-plus-wood Fisher body. **CHEVROLET MOTOR COMPANY, DETROIT, MICH.**

For Homemakers

Pickling time brings pickling troubles. Some causes of the more common difficulties in having a good product result are discussed below.

Too hot or too strong vinegar poured over fruits or vegetables, too strong brine, or too much sugar may cause shriveling.

Softening sometimes is due to bacterial action. Too weak vinegar or brine will allow the pickles to soften from fermentation, or it may result from warm storage.

A bitter flavor may be caused by boiling the spices in the vinegar too long or by using too much spice. A soft or slippery condition is the most common form of spoilage and is caused by bacterial action.

Top layers of vegetables fermented in brine will spoil unless the scum is frequently removed. If allowed to remain, the vegetables underneath are infected and broken down.

Pickles should not stand in brine more than 24 hours. Soaking in brine (1 pound salt to 1 gallon water) for 24 hours makes cucumbers crisp and improves the flavor.

Heating in a copper vessel to make pickles "green" is not a recommended practice, as copper acetate is formed, which the pickles take up in appreciable quantities.

Home remedies for stains are often helpful in keeping the wardrobe in good condition. Probably the most common stains are caused by grease spots, for which there are three general methods of treatment.

Ordinary laundering of washable materials with soaps containing naphtha or kerosene, taking care to rub the particular spot thoroughly, are usually effective.

Carbon tetrachloride, chloroform, ether, gasoline, and naphtha are common organic solvents to be used in the removal of common greases and cedar and other vegetable oils.

Place a pad of clean cloth or blotter beneath the stain before the solvent is applied and change as soon as it becomes soiled.

More rubbing and solvent are necessary when the spots contain dirt or fine particles of metal. Apply solvent from wrong side of material to wash particles onto pad of cloth placed underneath.

Floyd Timmerman Has Narrow Escape

Floyd Timmerman, mail carrier from Ortonville to Flint, met with a rather narrow escape Monday afternoon. He was driving south on Sarginaw street in Flint when a shot was fired from somewhere nearby and the bullet passed through his windshield directly in front of him.

He stopped his car and a policeman who was nearby and had heard the shot came to him. They were unable to locate where it came from and as Mr. Timmerman was not hurt save for a few splinters of flying glass he came home, but he hopes whoever is handling fire arms will be a little more careful hereafter.

Alfalfa Seed

Farmers are asked to watch for seed setting in alfalfa. The fact that a few fields of alfalfa are showing signs of setting seed is responsible for considerable interest among Oakland County alfalfa growers.

The fact that alfalfa sets seed rather rarely makes the question of saving a crop of seed an unusual one. Whether a seed crop can be obtained can be determined by examining individual plants and noting the number of seed pods present.

Williams Lake

Arthur Rogers, of Whittemore, Mich., is spending a few days at the home of Dr. and Mrs. A. Giddings.

HELP BIRD STUDY BY BANDING THEM

Bird bands other than the official tags used by the state and the United States Bureau of the Biological Survey are frequently sent to the Department of Conservation for identification according to Harry D. Ruhl, in charge of the Game Division.

Individuals who mark birds with private bands wish to obtain help in getting additional information about their migrations, they should put their name and address plainly on the band, he suggested.

When ELECTRIC HOT WATER SERVICE offers so many advantages... BY ALL MEANS ENJOY IT! It costs \$3 a month to operate a 40-gallon electric water heater (\$4 for a 60-gallon and \$5 for an 80-gallon). But heating water electrically has numerous advantages. Here is what an electric water heater brings you: (1) Convenience. Completely automatic, an electric water heater ends running up and down stairs to light the tank, and waiting for water to heat. Built like a thermos bottle, its thoroughly insulated walls keep the heat inside and assure an abundance of hot water when you want it. (2) Dependability. Once the heater is installed, you can forget it. Day and night, summer and winter, year in and year out, it furnishes a constant supply of steaming hot water, instantly available at a turn of the faucet. Abundant hot water is a great comfort in the home—for bath and shower, for washing and washing, for cooking, cleaning, laundering and dish washing. And an electric water heater provides ideal hot water service. AS LITTLE AS \$10 FIRST PAYMENT (balance in convenient monthly payments) place an electric water heater in your home. Here's One Good Way to END AGONY OF NEURITIS
 Newark Man Knows How and Loses 10 Pounds
 "Gentlemen: I used Kruschen Salts to try and get rid of Neuritis from which I had suffered for one year in my left shoulder and arm. I took a little of the salts in the morning, sometimes in my coffee, other times in water. I would also occasionally take a dose in water at night before retiring. For 3 months I used the salts and while I lost 10 pounds in weight, the pain in my shoulder HAS ENTIRELY DISAPPEARED. During the time I was taking the salts I received no other medical treatment so I am fully convinced the Kruschen Salts did the trick." C. K. Murray, Newark, N. J.
 Take one half teaspoonful of Kruschen Salts in a glass of hot water every morning—a jar lasts 4 weeks—get it at any drugist in the world—costs but a trifle.

STATE MATTERS OF INTEREST TO ALL

Digest Prepared in the Office of Secretary of State

Since 3-4 beer became legal in Michigan, the number of licensed malt manufacturers has dropped from 88 to 9. Department of State records show. Of the 9 licensed manufacturers, two have already ceased selling malt and two others have announced that they will stop in a few weeks.
 Michigan, Ohio, Illinois and Indiana have agreed that trucks, properly equipped in their home states, will not be molested in the other states. At the present time, the laws of the three states vary greatly in the type of lights required on the rear of trucks. This reciprocity was agreed upon at a meeting in Indianapolis. At the same time the three states agreed to make residence of the owner and not his place of employment the determining factor in the purchase of license plates. Thus a man living in Michigan and working in Ohio, Indiana, or Illinois, will purchase Michigan license plates.
 Although 14 chain-store companies have filed suit to test the legality of the chain-store license law, 24 companies operating 219 stores already have applied for licenses.

DAVISBURG EVENT DREW BIG CROWD
 Homecoming Proved Drawing Card for '08 Residents
 One of the most interesting events in months was the homecoming of former members of the Davisburg M. E. Church and residents of the community. About 200 were in attendance, coming from Detroit, Pontiac, Cass Lake, Fenton and Holly. It was held August 17.
 After a bountiful pot luck dinner served at the church a program was rendered in the church auditorium. The program opened with singing of hymns, followed by prayer and "Address of Welcome" by the present pastor, Rev. J. O. L. Spracklin. "Response" by Olive Pepper Dickie of Pontiac; "Memorials" by Mrs. W. R. Winn of Fenton; for S. G. Waters, Rev. E. Bickford and Hulda Bird Snow, who passed away during the past year. A duet, "Face to Face" was sung by Fannie Cole Walls and Mabel Rhoades Garrison, of Pontiac, as a memorial to Mr. Waters.
 The Davisburg Choir, composed of Harriet Lyon Walls, Bessie Steel Garrison, Gertrude Horton, Amy Horton, Lucile Horton, Ward Rohm, Arthur Lowden, Glenn Robinson and Ira Kinney, and Lorabelle Maguire, organist, was heard in two numbers, "In Perfect Peace" and "I Do Not Ask". Miss Jean Schelp, of Holly, played a piano number, "Ward Rohm sang two solos, "Mona" and "Confite to the Fair". Mrs. Lulu Waters gave two readings, "Homing", "Cradle Song" and "River, River" were sung by a vocal trio composed of Evelyn Belford, Elizabeth Hamilton and Jeanette Baird, of Holly. Vocal solos, "My Soul is Athirst for God" and "In an Old Fashioned Lawn" were sung by Mrs. Belle, of Fenton.
 Reminiscences were given by John Chesnut, of Fenton; Grace Tindall Hubbard, Ora Hall Steinbaugh and Milo Ballard, of Pontiac; Kittie Simpson Potter, of Detroit; May Wilson Cooke, of Holly; Rev. W. R. Winn, of Fenton; Bell Hall Hadley and Lulu Hudson Gillies, of Davisburg. In closing the hymn, "Blest Be the Tie that Binds" was sung by all joining hands and circling the church.
 At the business meeting held before the program, May Wilson Cooke was elected general chairman and Ward Rohm secretary for the coming year. Next year's homecoming is to be held the third Thursday in August at the church.

Wheat Allotment

Meetings of all wheat growers in this community are called as follows:
 Monday, August 28, 7:30 p. m. Ortonville Town Hall.
 Tuesday, August 29, 7:30 p. m. Clarkston Town Hall.
 Wednesday, August 30, 7:30 p. m. Holly Town Hall.
 Friday, September 1, 7:30 p. m. Highland Town Hall.
 The purpose of the meetings is to acquaint wheat growers with a plan by which they can obtain a fair price for their product during the next several years.
 The plan to cut the wheat crop is entirely voluntary. Those who sign contracts will receive adjustment payments. Those who prefer to act individually get no payments. Both will dispose of their wheat crops in any way they wish. It can be sold, fed to livestock, used for seed, or in any other way that will be most profitable for the farmer.
 If the production of wheat for the 1934 crop is up to the ten year average the prospects for a good price are not good. The largest carry-over of stocks of wheat on hand is anticipated unless a reduction in planting is made this Fall.
 The horse power of Destroyers attached to our fleets average about 28,000.

ILLUSTRATION OF THE WHEAT ALLOTMENT PLAN

Harvest Year	Acres	Bushels
1930	18	371
1931	22	590
1932	20	410
	60	1371—Divide by 3
3 Yr. Average	20 Acres	457—Three Year Average
		89%
Reduction	4 Acres	406.7—Adjusted 5 Year Average
		54%
		219 bu. domestic allotment
Maximum Acreage		.28.
Permitted for 1934 Crop	16 Acres	\$61.13 Benefit Payment for 1933

Every Wheat Grower Should Figure Out for Himself the Benefits for Reducing Wheat Acreage by the Following Form

Harvest Year	Acres	Bushels
1930		
1931		
1932		
Total		

How to Figure Benefit Payment

1. Take 89% of 3 year average bushels produced to get adjusted 5 year average.
2. Take 54% of adjusted 5 year average production to get farm allotment.
3. Multiply the farm allotment by 28 cents per bushel to get benefit payment. The farm allotment is not the minimum number of bushels the farmer is allowed to produce.

BENEFIT PAYMENTS WILL BE MADE—THREE YEARS.

How to Figure Acreage Reduction

1. Take total acreage planted for harvest during the years 1930, 1931 and 1932.
2. Divide this total by three to get the average acreage.
3. Reduce by the percentage which will be announced by the Secretary on August 24th. This will be around 20%. This will give the minimum acreage which will be allowed for planting this Fall.

ACREAGE REDUCTIONS WILL BE MADE ONLY TWO YEARS—1934-1935.

Ford V-8 Car Test Ended Aug. 21
 Telegram from Ford Motor Co. Explains Success

The following telegram was received by Beattie Bros., local Ford dealers, explaining wonderful performance of the Ford V-8 test car:
 "Ford V-8 White Star test run officially ended today. Mayor Couzens stopped engine this morning. Total Mileage 10,038. Average speed 28 miles per hour. Gasoline consumption 21.988 miles per gallon. Oil changed every 1,000 miles. No oil added between changes. This test proves conclusively the economy of Ford V-8."

Clarksville, Tenn.
 May 17, 1933.

Dear Sirs:
 The greatest pleasure and satisfaction I have experienced in the purchase and use from the fifty or more cars, mostly Fords, but several of larger and more expensive types, in the past twenty years I am now enjoying in the use of the Ford De Luxe V-8 Sedan purchased of you recently.
 No car, in my judgment, can be driven more easily, with more comfort, greater speed and with as little cost as the new Ford V-8. As you know, I now own and use two of Ford's newest models, one a De Luxe Coupe and the other a De Luxe Sedan and the reason is ENTIRE SATISFACTION.
 Very respectfully yours,
 (Name on Request.)

WHEAT ALLOTMENT PLAN
 How it Might Work

	With the Allotment	Without the Allotment
1933—457 bu. @ \$1.00	\$457.00	457 bu. @ \$1.00.....\$457.00
Benefit Payment	61.13	
1934—368 bu. @ \$1.00	368.00	457 bu. @ \$1.00.....457.00
20% Acreage Cut		
Benefit Payment	61.13	
1935—368 bu. @ \$1.00	368.00	457 bu. @ \$1.00.....457.00
20% Acreage Cut		
Benefit Payment	61.13	
Total Cash Received	\$1,376.39	\$1,371.00

The above plan pre-supposes dollar wheat and uniform yields and is intended to serve as an illustration for two farmers, one who signs a contract and reduces acreage and the other who does not sign a contract. Growers who do not accept the domestic allotment plan will be free to grow any amount of wheat. If a majority of farmers decide that they will refuse the help of the Government in reorganizing their business and proceed to increase the wheat surplus by enlarging their fields, future pleas for farm relief will surely fall on deaf ears.
