Clarkston Bank Again Releases More Cash; Grange Booster Meeting Was Big Success

3rd Release Made Available to Depositors at Once

For the second time in less than two months permission has been obtained from the Michigan Banking Department and in accordance with the plan of re-opening of the Clarkston State Bank, the bank today is making available in cash or credit time certificate C, due July 1st, 1936. The issuance of these certificates was a part of the reorganization plan and were issued, payable one certificate a year for five years. Two certificates were called in September and now the third year's certificates are called.

It is interesting to note that these payments have been made from the bank's resources and without necessity of an R. F. C. loan.

It was predicted when the first two certificates were paid that with conditions improving as they were that all certificates would be called within the next several months. So far the bank has accomplished in four months what was thought might take three years.

Old Fashioned Hallowe'en Frolic

Sponsored by Clarkston P. T. A. to Benefit Milk Fund

On Tuesday evening, Oct. 17, Clarkston High School Auditorium will be the scene of an "old fashioned" Hallowe'en masquerade and box social.

Music will be furnished and donated by Dr. Clayton Marsh's orchestra for those who wish to dance. Games and other amusements will be provided to please everyone.

There will be a fortune telling booth with Prince Ali Bendi in charge and prizes offered for best costumes. Coffee will be served, by ladies in charge, at a small cost.

Scouts See M. S. C. Game at Lansing

The Clarkston and Ortonville Boy Scouts attended the football game at East Lansing last Saturday. They met at the old school grounds at ten o'clock on Saturday morning. They were under the leadership of Robert Jones who is the assistant scoutmaster.

Epworth League Holds Election

A special election of officers of the Clarkston Epworth League was held Sunday evening at six thirty. The meeting was called to order by Rev. C. E. Edwards. The following vacancies were filled by President, Lewis Warden; first vice president, Mary Kathryn Hammond; treasurer, Elaine Marshall, and chorister, Loleta Mann.

The former holders of these offices were: President, Ralph Marshall, first vice president, Adele Gardner, chorister, Howard Newbanks, all of whom are attending college. Treasurer was filled by Jerry Cell who is working in Detroit.

Clarkston Locals

Miss Eva Dorr spent the weekend with her parents at Grass Lake.

Mr. and Mrs. Clarence Vliet were Sunday guests at the home of Mr. and Mrs. George Harris.

Ralph Marshall and Howard Newbanks spent the weekend with their parents.

Mrs. C. G. Fisk and Mrs. A. B. Wompole attended the P. T. A. meeting in Pontiac on Thursday last week.

Mrs. Margaret Bromfield of Bay City is visiting her sister, Mrs. William Buzzard, for a few days this week.

Last Saturday night Mr. and Mrs. George Nelsey attended the wedding of Erda Mesler and George Granger near Goodrich.

The monthly business meeting of the Ladies Aid Society was held on Wednesday evening at the home of Mrs. Fred Stewart at 2:30. Mrs. George Flemming was the assistant hostess.

Rev. and Mrs. C. E. Edwards visited with the former's parents in Washington last Monday. The Rev. Timothy Edwards is now in the latter half of his one hundredth year and is still determined to preach the Easter sermon in the Washington church next year, which falls very close to his hundredth birthday.

Clarkston "11" Edges Out Keego Harbor 7-6

One of the largest crowds ever to witness a S. O. C. L. football game saw Clarkston's Blue and White warriors open their 1933 football season with a victory over Keego Harbor 7 to 6.

The game started with neither team having the advantage but as the game progressed into the second period Clarkston became overpowered and fought with her back to her goal. Clarkston took the ball from Keego on downs but a blocked punt paved the way for Keego Harbor's touchdown. Klinger, Nashy Green, and White back, took the ball over in a series of line plunges. Keego failed to make good the extra point on a place kick.

In the third quarter Keego again started to launch her attack by throwing lateral passes but Huntly, speedy Clarkston back, intercepted one pass and ran into clear territory half the field's length, for Clarkston's touchdown. On a sprint around left end of Keego's line he added the extra point.

This however ended both teams' drive. When the final whistle blew neither team was in scoring position.

Next Friday Clarkston plays Walled Lake, 1932 champs of the Class C league. The game is to be played here and the boys feel fairly confident that they will do the best they have since the school entered the league.

The starting lineup of the team that played Friday was:

L. E. Reynnells.
L. T. Irish.
L. G. Waterbury.
C. D. Hursfall.
R. G. Miller.
R. T. F. Hursfall.
R. E. Souby.
Q. B. Ducker.
L. H. Clinton.
R. H. Huntly.
F. B. Grate.
Substitutions: Parker and Rexford.

Miss Erda Mesler Weds George Granger

Miss Erda Mesler, of Evart, and George C. Granger, of Goodrich, were united in marriage at the home of Mrs. Josh E. Johnson of Groveland, Saturday evening at 8:30. They were attended by Miss Lois Porter and John Campbell.

The bride's gown was French beige crepe and cream lace with corsage of baby mums and baby breath. Miss Porter wore orchid corsage with corsage of sweet peas and baby breath. They will reside on a farm near Goodrich.

Obituary

Harvey L. Travis, 79 years old, of Pontiac, formerly of Clarkston, died at the Pontiac General Hospital where he was suffering from a ruptured appendix for the past few days.

Mr. Travis was son of Mr. and Mrs. Andrew B. Travis. He attended the West Travis and Oxford High Schools. Mr. Travis moved from Clarkston seventeen years ago.

He is survived by four children: Fred Travis and Mrs. John Thors, of Pontiac; Martin B. Travis, of Hinsdale, Illinois; and Mrs. Myrtle Hender, of Toledo, Ohio; and one brother, Daniel W. Travis, of Pontiac.

The funeral was held at the home of his son Fred with Rev. R. M. Atkins of the Central Methodist Church officiating. The burial was held in the Clarkston Cemetery.

Clarkston Locals

Mr. and Mrs. L. J. Chamberlain and family spent Sunday at the home of Mrs. Chamberlain's mother, Mrs. C. E. Suppus, of Auburn Heights.

Mrs. Fred Holcomb entertained the Maccabees at their regular monthly meeting on Tuesday afternoon at a one o'clock potluck dinner, followed by a business meeting.

The local Methodist choir was largely augmented last Sunday by former members who are now attending school. They were home to attend Rally Day, and needless to say received a hearty welcome.

Mr. and Mrs. Percy Craven and Mr. and Mrs. Edward O'Rourke of Clarkston and Mr. and Mrs. Elmer Collins of Waterford attended the Century of Progress and the Legion Convention in Chicago, this week.

Mrs. William Beckman was pleasantly surprised at her home Tuesday afternoon by her neighbors of Oak Hill. Five hundred was played during the afternoon, after which a luncheon was served.

Comment and Criticism

Two national events this week, the American Legion Convention and the World Series! While we have never seen a world series, we did spend a week in Detroit during the American Legion Convention. It was worth going miles to see.

For a worth while movement, we believe the local milk fund for school pupils heads the list. It will be worth your time to attend the frolic, mentioned elsewhere in this issue.

Well did our local football team start the season right! Now we will expect them to keep up the good work.

Please do not be afraid to ask us about advertising in the News. We always have time to explain the advantages and rates.

Blue and White Flash Clarkston School Notes

The Blue and White news staff is being organized under the supervision of Mr. Winn. Robert Reynnells has taken the position of editor-in-chief. Lynn Rexford will handle the sports news. Loleta Mann has again agreed to report on the grades and Mary Kathryn Hammond has taken over the task of reporting on the high school.

We look forward to a good semester and plan to have all news of interest in the grades or high school in the paper. The news will be made interesting so that it will attract all students.

Tuesday, Oct. 3, the Freshmen held a farewell party for Shirley Douglass who is moving to Detroit. Games were played and refreshments served after the entertainment.

Kindergarten

This year there are 12 children in the kindergarten, 15 in the first grade and 13 in the second grade.

Henry Ronk has the honor of not having broken the lead of his pencil once all during the month of September.

The room is decorated with baskets of fruits and sunflowers.

The children are looking for worms to bring to school where they can watch them making cocoons.

Mr. Wompole presented the Kindergarten room with a number of polywogs, crabs, goldfish and bullheads.

Mrs. Rockwell's Room

Neither tardy nor absent in September.

Third Grade—Barbara Andrews, Marjorie Baker, Alvin Beardslee, Wallace Chamberlain, Mary Craven, Robert Hubbard, Byron Miller, Stanley Perrin, Anne Russell, Louise Shaughnessy, Richard Shughnessy, Warren Smith, Phyllis Walter, Mazy Wompole.

4-H CLUB EXHIBIT AT PONTIAC ON OCT. 31

The Lion's Club, Pontiac, will sponsor the annual Crops Exhibit of the Oakland County 4-H Clubs at the Pontiac Market on October 31st in connection with the Market Festival.

75 Club members in ten different clubs in the county are growing potatoes and corn this year. The fine weather during the latter part of September has been a great help to the potato crop and it is expected this will be one of the finest exhibits of its kind in this section. A fine list of prizes will be announced later with details of the show.

Mr. and Mrs. Arthur Green and Miss Ruth Belitz spent Sunday afternoon visiting at the home of Mrs. Green's sister and family, of Flint.

Coming Events

October 6—The Baptist Auxiliary will meet at the home of Mrs. Ira Jones in the afternoon.

Oct. 17—Hallowe'en Frolic at High School Auditorium—Benefit Milk Fund. Get your costume ready and plan a tasty box lunch. Come and have a good time, and play a part in providing milk for the needy school kiddies. We want this to be an outstanding event! Join in the fun! Be there!

Ralph Smith, Local Pilot Will Fly To South Pole

The many friends of Pilot Ralph Smith, a former employee of the American Airways, will be interested to learn that he will accompany Admiral Richard E. Byrd in the giant condor plane which he will use in his Antarctic expedition. They will be gone two years. They arrived from Boston, by way of Chicago, Sunday, and left Monday morning for New York. The plane weighs 10,000 lbs., carries 800 gallons of gasoline and has a total load of 26,000 lbs. They intend to fly over the South Pole. His many friends in this community wish him success on his wonderful expedition.

HEAD TAX REGISTRATION WILL SOON BE STARTED

The registration of all persons in Michigan 18 years of age and over will be begun Tuesday, Oct. 17. This compilation, a big job, is for the purpose of making effective the new old-age pension law which goes into effect on that date. A head tax of \$2 will be assessed against all persons 21 years of age and over, but the registration will include all 18, 19 and 20 years of age. The object of this, we presume, is to secure data for the near future. The registration will be concluded by Nov. 25, and it is expected that money to pay old age benefits will be on hand some time in December. The maximum allowance is \$30 a month, but actual experience in other states shows that the average payment is not over \$20.

Miss Josephine Stewart and Mrs. George Flemming spent the weekend visiting in Detroit.

Mrs. Bliesath's mother is ill at the home of her daughter and son-in-law on Waterford Blvd.

Waterford School Notes

The Boy Scouts, under the leadership of Scoutmaster Russell Galbraith, made their annual trip to East Lansing to see the football game last Saturday. Three auto loads of boys made the trip in the company of Mr. Henri Buck, Rev. H. A. Huey and Mr. Hurt. Warren McVittie assisted Mr. Galbraith in handling the troop.

The Girl Scouts met last Monday after school and re-organized for the coming year under the leadership of Mrs. Lunger with Miss Hines as assistant. The troop of about sixteen members elected the following Patrol Leaders: Marion Burrill, Margaret Dorman, Mildred Barkham and Madeleine Burrill. Miss Hines and Mrs. Lunger attended the Leaders' meeting held in Pontiac on Wednesday evening.

During the last week the upper classes met and elected the following officers:

Tenth Grade
Mildred Barkham, president.
Margaret Dorman, vice-president.
Margaret Walker, secretary.
Harry Stevens, treasurer.

Ninth Grade
Hilda Barnett, president.
Russell Well, vice-president.
Ralph Well, secretary-treasurer.

Eighth Grade
Mardelle Burrill, president.
Fern Batchelor, vice-president.
Lyle Walker, secretary-treasurer.

Seventh Grade officers will be announced next week.

The Freshmen Initiation took place on Wednesday. Many a good laugh was had at the expense of the Ninth Graders, whose clothes and capers furnished a great deal of amusement.

Mr. Avery, the County Club Agent, was at school on Monday making preparations for handicraft work at school this year.

The Ninth Graders are having a class party Friday evening.

The first P. T. A. meeting will be held Oct. 26. A fine program is in preparation, and a cordial invitation is extended to every parent.

Enrollment of school 204 and steadily growing.

Waterford P. T. A. Committees Named

MOTOR TAXATION IS A BIG BURDEN

Expert's Study Reveals Need of Reduced Levies

In further support of its program for the drastic overhauling and reduction of the motor tax structure of the State, the Automobile Club of Michigan calls attention to the recent study of automobile vehicle taxation made at the University of Michigan at Ann Arbor.

The study of motor taxes as compared with the proper road charges was made by John S. Worley, Professor of Transportation Engineering at the University, and reveals that in the fourteen year period 1918 to 1931 weight taxes and gasoline taxes levied on motor vehicles were \$22,074,618 in excess of what should have been properly charged to them.

It also shows that the overcharge is still continuing at the rate of close to \$12,000,000 a year, exclusive of such levies as the new State sales tax and the Federal gas tax.

Commenting on Prof. Worley's findings, Wm. G. Bryant, President of the Automobile Club of Michigan, stated:

"Because of Prof. Worley's thorough piece of research in road cases, road use and motor vehicle taxation, Michigan is extremely fortunate in having for the first time in the history of the State a measuring rod of what the motorist should be called upon to pay. Application of his findings to our road and tax problem will make it possible to develop an equitable motor tax schedule without sacrifice of reasonable road requirements."

"He demonstrated conclusively that the motor tax levies in the State of Michigan are excessive. He has found that in the period 1918 to 1931 the State collected \$22,074,618 in weight and gasoline taxes, as compared with \$220,033,117 that should have been properly charged to motor vehicles on account of State trunk line highways (including through routes in urban areas) and for use of county and township roads."

"He has found that in 1931 the excess of motor taxes over proper road charges amount to \$11,236,303. And there is little doubt that 1932 and 1933 will show an equally glaring disparity as between what the motorists of Michigan should properly pay and what they are actually charged."

BENEFIT PLAY AT LIBERTY THEATRE

Mothers' Club Will Present Mary Pickford in "Secrets"

HOLLY

"Secrets," to be shown at the Liberty Theatre Tuesday, Wednesday and Thursday, Oct. 10, 11, and 12, is a simple love story, a romance of plain people who have stood side by side thru the years and still have retained the spirit of youth and love.

Yet it has plenty of "situations," charm, sweep of masterful scenes, daring and intrigue and a tremendous greatness that will hold you breathless to the last second.

He (Leslie Howard as John Carlton) spent his life keeping secrets from the woman he loved and she, (Mary Pickford as Mary Marlowe Carlton), spent hers keeping him from knowing that she knew them.

Don't miss seeing Mary Pickford and Leslie Howard in "Secrets," and you will not only enjoy a pleasant evening but contribute to one of Holly's most worthy organizations, The Mother's Club, which is sponsoring this play.

"The Life of Jimmy Dolan," co-starring Douglas Fairbanks, Jr. and Loretta Young, coming to Liberty Theatre next Sunday and Monday, is a really delightful entertainment. The young stars are ably supported by a cast which includes Fifi Dorsay, Aline MacMahon, Guy Kibbee, Lyle Talbot, Harold Huber, Farina and many others.

The character which young Fairbanks essays in this film is something different in his long list of screen characterizations, which has run from American "newspaper" reporter to Russian prince.

As a southpaw pugilist who has just won the championship, Doug is given the chance to display his boxing prowess in two exciting sequences in the picture. The story, however, is not confined to the prize ring. As a result of a crime, he has to flee the city and forever cut off everything dealing with his past. His ceaseless wanderings bring him to a farmhouse where he joins the lives of a woman, a girl and four children and tries to bury his past in the execution of farm chores. The conflict between his new life and the old life which shadows him, provides the scenario and the players with a lot of novel material with which to work.

The mixture of prize fight thrills, an escape from justice, and romance which the "spoiled hard boiled boxer" eventually finds, provides a variety of interest that is to please the varying tastes of movie fans.

For Homemakers

Many farm housewives are now using Michigan soft wheat flour to bake bread because a Michigan wheat grower who takes wheat to the mill and exchanges it for flour made from wheat grown in the state is not required to pay the processing tax.

There are several differences in baking bread successfully with soft wheat flour and the home economics extension nutrition specialist at the Michigan State College offers the following suggestions:

More flour is used in proportion to liquid and the dough should not be kneaded or handled as much as when the hard wheat variety of flour is used. More yeast is required in the recipe than usual.

The usual bread-making directions may be used as the basis of the recipe. In a recipe making 3½ pounds of bread the necessary changes in amounts of ingredients to be used include: 2½-2¾ pounds sifted soft wheat flour (depending on its weight and strength), 2½ cups liquid (milk or potato water), 4 teaspoons salt, 3 tablespoons sugar, 2 tablespoons fat, and 1½ ounces yeast (three cakes). If liquid yeast is used, the changes in the recipe would be 2½-2¾ pounds sifted soft wheat flour, 4 teaspoons salt, 5 tablespoons sugar, 3 tablespoons fat, and 3½ cups liquid yeast.

It is not necessary to knead the dough as much as when the other type flour is used, and the dough should not be allowed to rise any more than double its size. It will rise more rapidly than with hard wheat.

If you have been WAITING

TO BUY A NEW STOVE
—WHY NOT CHOOSE
THE RANGE THAT
WILL GIVE YOU
MORE?

THERE are values in stoves just as there are values in shoes or hats or automobiles. And if you are buying a new range, you want to select the one that will give you the most for your money. Many stoves sold today are NEW but not MODERN. They lack features that are a few of the things you should look for in a range.

OVEN HEAT CONTROL. No range is modern without complete control of oven heat. Accurate heat control simplifies baking and roasting and eliminates guesswork.

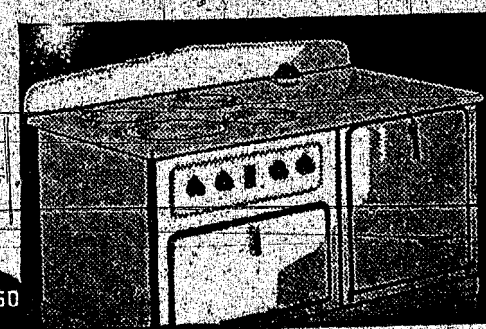

MINIMUM SHRINKAGE IN ROASTS. A stove using flaming fuel for cooking often causes as much as three-quarters of a pound weight-loss in a five-pound roast. This wasteful shrinkage is almost entirely eliminated in an electric oven. None of the roast is lost in steam, because the oven is semi-sealed.

CLEANLINESS. In fuel-burning stoves, a certain amount of dirt and soot is unavoidable as a result of combustion. The soiling of kitchen

walls and curtains, and the blackening of kitchen utensils, are natural consequences. An electric range, however, furnishes only pure heat from a glowing wire.

SEALED-IN FLAVOR. To bring out the fullest flavor in foods, it is necessary that they cook in their own juices, preserving all of their delicious natural elements. An electric range SEALS-IN nourishing and healthful juices in roasts, and cooks meats and vegetables to melting tenderness with the addition of very little water.

Only an electric stove has all the modern features. You can own a new Walart Electric electric range for \$89.50 installed and ready to cook.

THE DETROIT EDISON CO.

A study of one thousand families using the ELECTROCHEF electric range showed a cooking cost of

INSECT CONTROL VERY IMPORTANT

And Now Is a Good Time to Get After the Pests

One of the cheapest methods of controlling insect pests of field, garden, and orchard crops is to collect and destroy the trash which furnishes a winter home for many insects, according to the entomology department at Michigan State College.

Weeds, leaves, crop residues, wood taken from orchards in thinning or pruning, and many other materials furnish hiding places and protection to beetles and moths that cause serious damage to crops. Some of the insects pass the winter as adults and some as immature forms but all that live until the next spring start multiplying. One insect in the spring may mean thousands during the crop season.

Dead or dying trees near orchards are breeding places for some of the borers which attack fruit trees. Wild seedlings of fruit trees may be breeding places for fruit insects or for diseases of fruits. All such possible sources of trouble should be destroyed during seasons when work is not pressing.

Fall plowing increases the chances of destroying insects which pass the winter just beneath the surface of the ground. Several enemies of field and garden crops suffer severe losses from weather and from birds on fall-plowed ground.

Weeds, stubble, and leaves can be collected and burned if they are not to be plowed down. The value of the humus in such material if returned to the soil does not compensate for the added expense of summer control measures for the insect they harbor.

SAYS TELEPHONE AIDS PUBLIC AND MERCHANTS

A recent issue of the National Grocers Bulletin points out that in many cases, about sixty to seventy-five per cent of the retail grocer's business comes over the telephone.

"The American public," continues the Bulletin, "has accepted the telephone to such an extent that its use has become almost second nature. When something is wanted in a hurry, most people turn instinctively to the telephone, and this is a tremendous help to the merchant who is interested in increasing the volume of his business by building up telephone trade."

"His task is not that of pioneering in an unknown field; it is largely a matter of encouraging or stimulating a tendency that already exists. Neither does he have to teach the public how to use the telephone; he only has to develop and extend the use the public is already making of it."

"The fact that nearly every store receives unsolicited orders by telephone shows in itself that there is a real public demand and desire to use the telephone for shopping purposes. The small retail merchant may capitalize this demand to his own profit and at the same time render a valuable service that the public really wants."

DASH RECORD NOW STANDS IN HUNDRETHS OF SECONDS

The timing device recently officially adopted by the Intercollegiate Amateur Athletic Association was designed by Bell Telephone Laboratories and is generally known as the Kirby two-eyed camera. It makes possible timing in the hundredths of a second, and, as a result, the Intercollegiate record made in 1932 by Bill Carr of the University of Pennsylvania for the 440-yard dash is 0:46.44 instead of 47 seconds flat.

STATE MATTERS OF INTEREST TO ALL**Digest Prepared in Office of the Secretary of State**

Total assets of Michigan's 65 building and loan associations are \$142,693,028 according to annual reports of the associations just filed with the Department of State. The assets, according to a summary of the reports, decreased \$10,240,353 during the last fiscal year, or 6.7 per cent.

The decrease in assets, according to the reports, is due to delinquencies in payments on loans, withdrawal of savings shares for payment of living expenses and withdrawals for the purchase of real estate.

There have been no receiverships or voluntary liquidations of building and loan companies in Michigan during the past two years. In Ann Arbor two associations merged during the past year and in Flint an association which went into the hands of a receiver in 1930, was reorganized and again authorized to conduct its business with a capitalization of \$2,000,000.

Cost of collection of the gasoline tax by the Department of State for the first six months of 1933 was six-tenths of one per cent. This is a reduction of 25 per cent as compared with collection costs for the entire year of 1932.

In 1932 the cost of collecting \$21,759,195 in gasoline tax was \$1,794,759. For the first six months of 1933, the cost of collecting \$8,832,291 amounted to \$52,917.

According to information reaching the Department of State, petitions for a referendum on the Ruff election law providing for partisan election boards are in circulation in various parts of the state. If approximately 85,000 signatures are secured on the petitions, the law will be held in abeyance until after voters have expressed their opinion of the law at the election in November, 1934.

The way of a bird in the air will always be a matter of study and wonderment to man. The Golden Plover nests in the Arctic circle, gathers in flocks in Labrador in July, feeds up, crosses into Nova Scotia and strikes out over the sea for the northern coast of South America, 2,000 miles away. The winter is passed in Argentina, and when they return to their nesting grounds, 8,000 miles distant, they follow an inland route through Central America up the Mississippi Valley.
