Your Tax Bill to Be Slightly Delayed

Clarence K. Phillips, township supervisor, has informed the News that the suit of the Chemical Securities Corporation to force the county of Oakland to spread an amount of money on this year's levy to cover the amount sued for has been decided against the county. The County Tax will be:
\$00.61 for State Tax

\$12.14 Total

The extra load made necessary as a result of this suit will be between \$1.50 and \$1.75 per \$1,000 of assessed valuation.

Mr. Walter, who has conducted an ice business for a number of years, is well known. He will continue to serve the same good quality of dairy products that built up the business of the Miller Dairy, and will handle a full line, including milk, whipping and coffee cream, chocolate milk, creamed cottage cheese, pure Jersey milk and creamery butter. He will also continue his ice routes.

The meeting of the Highland Road Association which was held in the Waterford Center School last Thursday evening was attended by about 50 members and interested people. Robert Gallagher presided at the meeting and letters were read from several federal aid men in regard to the attitude they have taken on the Highland road project. A committee was appointed to make plans for a mass meeting to be held at the Pontiac High School in the near future, at the request of Pontiac business men, who are also interested.

Another committee was also appointed to make arrangements for a feather party to be held in the Crescent Lake Country Club house. Refreshments were served by several ladies of the community.

COMMENT AND CRITICISM

It was a perilous trip from their home across the ocean to their home in the wilderness in the new world. How much doubt of the future there must have been. How many there were to say "let's go back. This country will never be anything." But faith in their beliefs, confidence in the future, the knowledge that the Heavenly Father helps those who help themselves, enabled the majority to carry on. Then after the first crops were harvested, the first Thanksgiving. To you who have traveled the years of the weary, wasteful and depressing depression, who are still confident, and who are still carrying on, our wishes that you may still enjoy your Thanksgiving this year.

In a recent address before 1,200 at the Michigan Youth Council gathered at Albion, Dr. M. S. Rice, the eminent Detroit Divine, said: "The big metropolitan daily papers will not print the truth. They know the truth, but they will not print it. The only things they will print is the propaganda they are interested in. But the small town newspaper is saving the day. Thank God for the small town newspaper. If there ever was a time when we should all rally to their support, it is now. Don't dare go back on them. If the great moral issues before us today are won for the forces of righteousness no one will have helped more than the small town editor, and if he wins it will be the greatest tribute ever paid the small town paper."

Senior Play
The Senior play "Clarence" will be presented December 8 at 8:00 p. m. in the high school auditorium. Practice is being started on the third act this week. The play is being directed under the supervision of Miss LeForge.

Senior News
The graduating pictures of the students have arrived at the office, and Mr. Winn informs us that we can get them by paying the balance that is due on them. Several of them have been seen and by the results many of the students will be well pleased with them.

Important
As yet we have no reporter on the tenth or eleventh grades. If anyone is interested in this work please communicate with any of the news staff. As we have had no news from these grades we will be glad to have someone take over this work.

Mrs. Beardslee's Room
Grades 5 and 6
Dorothy Rouse won the fifth grade spelling and Evelyn Davies the sixth grade on Friday afternoon.

The boys and girls are enjoying "Letters to Channy" by Helviz Chandler Washburn, an intensely interesting story of a trip around the world.

In their Art classes, the pupils are making a Thanksgiving frieze, also depicting Pilgrim and Indian figures, log cabins amid trees.

Nearly all of our pupils are taking part in the Christmas cantata which will be presented just before the holiday.

Mrs. Rockwell's Room
Those receiving credits in our spelling down on Friday Nov. 17, were: Third Grade—Anne Russell, Florence Allen, Elaine Gravilla, Richard Lewson, Stanley Perrin, Louise Shaughnessy, Fourth Grade—Carmen Clark, Doris Reynnells, Betty Ash, Jenny Pomiatowski, Marjorie Dickman and Charles Allen.

Basketball
The boys' basketball practice has not started as yet. Physical examinations blanks have been given out and by the results we ought to have a larger squad than last year. However Mr. Waters will have to build a new team as most of last season's players have gone.

The girls have started their campaign for this coming season in basketball, with many of last year's regulars back in uniform. They are practicing now at noons, as Senior play practice takes up most of the time.

The Northwestern Mounted police were organized in 1873 and now number between 700 and 900 of the most efficient police forces in the world.

Thanksgiving Thoughts STILL THANKFUL

"Let us come before His Presence with Thanksgiving."
Thursday, November 30th is the day the Nation is requested to observe as a day to give thanks. It is the oldest holiday in our National history.

It was dark time for the newly arrived colonists of the little Massachusetts Bay settlement, to endure with courage and faith. They never complained, but prayed and worshipped the Giver, "whose loving kindness is better than life."

We are not to wait for some great stroke of good fortune to flood our souls with gratitude before thanking God for our blessings, but daily and at all times recall God's loving provision for us all the day of our lives.

Have we as many blessings to be thankful for as these Pilgrims? Appreciation and expression are two of the great rich blessings of life. Ingratitude is a great sin.

Jesus healed ten lepers; one returned to thank Him. Jesus said "were there not ten healed? Where are the other nine?" Are you the one or one of the nine?

This generation has more to be thankful for than any generation that ever lived.

If you were fortunate enough to visit the Hall of Science at the Century of Progress, Electrical and Transportation Buildings and the Hall of Religion, you would exclaim with the psalmist, "I was glad when they said unto me, 'Let us go into the House of the Lord.'"

For the ordinary comforts of life; for food and clothes and shelter, for friends, loved ones, Christian companions; let us not continue to take these things for granted, but accustom ourselves to see in them the hand of a good and loving Heavenly Father.

"Surely goodness and mercy shall follow me all the days of my life, and I shall dwell in the house of the Lord forever."

PIONEER SOCIETY ACTIVE IN SECURING RECORDS

James H. Lynch, president of the Oakland County Pioneer and Historical society, is endeavoring to revive interest in that organization, and with his experience, ability and activity, he is certain to be successful. He has announced that Mrs. E. V. Howlett, wife of Dr. Howlett, of Pontiac, has agreed to take up the work which was carried on for so many years by Mrs. Lillian D. Avery in her lifetime. Part of that work consists of the accumulating of data relative to historical matters and the recording of the deaths of old pioneers. The organization is county-wide and its purpose is to keep alive the pioneer spirit and file away data relative to the pioneers. The News is glad to assist in this worthy object and suggests that all of its readers do what they can to help. The information collected by the society will be invaluable in the years to come.

Consideration Asked on Several Needed Improvements

Believing that Clarkston should share in the federal Civil Works Administration program, which is not only designed to relieve the local welfare load, but also to help furnish work for those whom circumstances might force to apply for such aid, the city fathers labored far into the evening, Tuesday, to assemble plans for needed repairs and improvements. The News, expressing its sympathy for those who have had to apply for aid, feels that this plan will relieve the task for those who are perhaps more fortunate and have not had to apply, as yet.

The Village President, Casper Warden, and Councilman R. C. Ainsley conferred with the agent in Oakland County on Tuesday and were prepared at Tuesday's meeting to advise in the selection of what the village most needed and how the petitions for federal aid should be presented.

These petitions were then prepared and were presented Wednesday to the Oakland County Office and then taken by them to Lansing for final approval. We understand if the project is accepted by the Lansing office that it is started at once.

The projects presented included: Project No. 1—Repair, resurfacing and redraining of N. Holcomb St. from Washington St. to Miller Road.

Project No. 2—Miller Road, 2 catch basins.

Project No. 3—4200 feet of ditch cleaning on North Main St.

STATE MATTERS OF INTEREST TO ALL

Digest Prepared in Office of the Secretary of State

The need for a reduction in price of automobile license plates is shown by the decrease in motor vehicle weight taxes and gasoline taxes collected by the Department of State in 1933.

For the first nine months of 1933 the total gasoline tax amounted to \$15,122,807. This is a decrease of \$1,187,512 under the amount collected during the same period in 1932.

The motor vehicle weight tax for the first 10 months of 1933 was \$17,532,437 or \$1,149,492 less than was collected for the first 10 months of 1932.

Department records show that on Nov. 1, 1933 there were 58,416 fewer motor vehicles operating on Michigan highways than there were a year ago. Secretary of State Frank D. Fitzgerald has recommended that the legislature reduce license plate costs to three, six and nine dollars. This reduction, he declares, would permit thousands of motorists, who cannot afford to pay the present weight tax, to use their automobiles.

Public Acts of 1933 are now being distributed by the Department of State. Under the law the Public Acts are furnished without charge to various county officials and may be purchased from the Department by citizens for \$1.50.

A new political party will appear on 1934 ballots. It is called the Progressive Fusionist Party and has adopted as an emblem the American flag and pictures of Theodore Roosevelt and Thomas Jefferson. The vignette and proper application for a place on the 1934 ballot were filed with the Department of State last week.

Liberty Theatre HOLLY

Thrills, pathos, comedy and romance are deftly combined, it is said, to make "Night Flight" coming to the Liberty Theatre Sunday and Monday, one of the greatest productions of the season.

The story is announced as the most authentic and most human tale of the night air mail written. It is from the pen of Antoine de Saint-Exupery, himself a pilot over the very air line in South America so vividly described in the talking picture.

Central in the story is John Barrymore as the hard, stern general manager of the air line. It is he who, with strict discipline, keeps his men flying through dark and through fog to get the mail through.

Fellerin (Robert Montgomery), one of the pilots, reports a storm coming in from the mountains, which he is then crossing. He wants to avoid this gale, but is ordered to proceed through it.

The storm approaches the coast and menaces Fabian (Clark Gable), pilot of the plane from Puntas Arenas to Buenos Aires. He, too, is ordered to press on, told that his mail must make connections with the Brazil plane for Europe.

Barrymore lashes his people to the highest point of efficiency, even the doddering old inspector of planes, Robineau (Lionel Barrymore), inclined to be too lenient with the pilots.

At home, Madame Fabian (Helen Hayes) eats a pathetically lonely dinner when she is told her husband has been delayed and, later becomes the storm center of great drama when the radios from Fabian indicate that the pilot is hopelessly lost. . . . that he has but five minutes of gas left.

With an impressive all-star cast the new picture, "Beauty for Sale", adapted from Faith Baldwin's popular novel, "Beauty", will be seen at the Liberty Theatre next Tuesday, Wednesday and Thursday.

The picture tells the story of three girls who follow different paths to desired happiness. They all work in the same beauty salon where intimate boudoir secrets are revealed within its perfumed wall. It is here many hilarious situations develop. The drama in which the triangular love episode is featured is enacted by Madge Evans, Alice Brady and Otto Kruger.

Una Merkel plays a gold-digging role and Philip Holmes is cast as a youthful philanderer. May Robinson achieves another notable mother characterization. Others in the splendid cast are Eddie Nugent, Hedda Hopper, Louise Carter and John Roche.

STATE BEAN GROWERS SEEK FEDERAL RELIEF

Governor William A. Comstock and Commissioner of Agriculture Samuel T. Metzger disclose that a meeting was held Tuesday, November 14, in the office of the Commissioner of Agriculture with the representative bean men of this state who have been following up the united effort to obtain a loan to the Michigan bean growers for the purpose of creating a higher market price, and at the same time, prevent a wholesale dumping of beans on the market at this time. Congressman Michael J. Hart, who has been working with this group, also attended this meeting. The Governor and the Commissioner of Agriculture appointed Elmer McDonald, Port Hope; Harry Patterson, Alma; C. E. Ackerman, Durand; Burt Wermuth, Detroit; L. E. Osmer, Lansing; Leo D. Cline, Birch Run, and C. H. Bramble, Lansing, as a committee to proceed to Washington as soon as an appointment can be made with the Board of Directors of the Commodity Credit Corporation. Congressman Hart will be with the committee at the hearing.

LIVE STOCK SHOW OPENS NEXT WEEK

Exposition Draws Entries from All Over the World

Next week the 1933 International Live Stock Exposition will open its 34th year in Chicago. The show will be held from December 2 to 9.

B. H. Heide, secretary-manager of the Exposition, sees in the large entry of live stock and crops an expression of faith in their calling on the part of the continent's leading farmers and stock breeders and an indication of the basic stability of live stock farming, notwithstanding the general depression.

Coming each year the week following Thanksgiving, the Chicago Exposition is the close of the agricultural snow season in North America, which begins with the district and county fairs of early summer and continues through the larger fairs and expositions to a climax at Chicago.

Farmers from seven provinces of Canada will exhibit in the crops department of the show. Draft horses will be sent from as far away as Saskatchewan, and Ontario sheep breeders have entered among the largest flocks of purebred sheep that will appear in the competitions.

Officials of the Exposition state that there will be more draft horses exhibited than at any time in the last decade. A spectacular feature of the draft horse show is the performances of ton weight six-horse teams. There will be eight six-in-hands competing at the evening Horse Shows of the Exposition this year, which the management declares is the largest entry of these big hitched in the history of the International Show.

In view of the nation-wide interest and the desire of thousands of those associated with the industries of agriculture to visit the International Stock Show, all the railroads entering Chicago have announced special low round trip fares at rates ranging from two cents a mile to a fare and a third for the round trip. WOMAN HEARS CHURCH SERVICE BY TELEPHONE

Old Parishoner, Ill, Listens to Congregation's Greeting

When the Rev. Dr. Harold L. Stratton, pastor of the Pilgrim Congregational Church in Worcester, Mass., was ready to conduct his services one Sunday morning recently he lifted the receiver from a telephone on the pulpit and called Geneva 7895, the number of Mrs. Emma R. Marden, who lives in Dorchester, Mass.

Mrs. Marden is one of the two original teachers in the Sunday School out of which Pilgrim Church resulted, and it was on the golden anniversary of the school's founding that the novel telephone call was made.

"Good morning, Mrs. Marden," the Rev. Dr. Stratton said. "This is Pilgrim Church bringing you greetings as guest of honor at the 50th anniversary celebration of its Sunday School."

By means of telephone amplification, Mrs. Marden, who is eighty-nine years old and slightly deaf and who has been confined to her bed for the past eight years, was able to hear perfectly. The superintendent of the Sunday School sent Mrs. Marden the greetings of the school and named the people familiar to her who were in the congregation. An appropriate song was sung, and then the congregation, raising their voices, sent a hearty "God bless you," which was clearly heard across the fifty intervening miles by the listening woman in Dorchester. Mrs. Marden then spoke briefly in acknowledgment of this unusual and beautiful tribute.

Housewives Quickly Note Missing Item in Modernly Equipped Kitchen

A telephone which attracted a lot of attention on the opening day of A Century of Progress Exposition at Chicago did so because—it wasn't there!

The absence of the telephone was due to a series of last-minute circumstances, and it was thought at the time that no one would notice it. But those who were in charge of the H. J. Heinz Company's exhibit at the Exposition didn't know the American housewife of today as well as they thought they did.

Colored instrument installed

The exhibit showed a series of replicas of kitchens in other lands and in earlier times, contrasted with the attractive and well-equipped kitchen of 1933. As originally featured, this kitchen contained a conveniently located extension telephone of special color to harmonize with the decorative scheme of the room. But within an hour of the opening of the exhibit, the telephone mysteriously disappeared.

Someone had "lifted" it, and there wasn't sufficient time to procure another instrument of exactly the right shade. Rather than to make use of a black telephone, even temporarily, it was decided to wait for a new instrument of the proper color, it being figured out that with so much to see, especially on the opening day, the absence of the telephone would hardly be noticed.

It "Belonged" There

However, such proved to be far from the case. Before the substitute instrument arrived there was a flood of comments and inquiries. "Your modern kitchen certainly looks complete—except that it should have an extension telephone," commented one alert housewife. "Would not a telephone be convenient in a kitchen of 1933?" asked another. "You have a radio but no telephone!" objected a third. And there were dozens and scores of others who asked bluntly, "Where's the telephone?"

The number and frequency of the inquiries were convincing evidence that, whatever may be the things one may safely omit from a modern kitchen, the telephone is not one of them.

We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. We want you to TRY electric cooking in your own home before making an investment.

During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the Waldorf electric range (shown below) or \$1.25 for the Electrochef. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

With an electric range, you can bake perfect minicrust pies like the one above. Famous chefs for centuries have vied in baking the flaky, light crust and spicy, juicy goodness of the filling. And you, with an automatic electric oven and its gentle electric heat, can bake the SAME KIND OF PIE in your kitchen. An electric range, with its accurate oven control, ends guesswork in baking. You can produce uniformly fine results time after time. You simply set the dial for the correct temperature, and the electric oven does the rest.
