Boy Scouts to Collect and Repair Toys - Clarkston School to Get \$15,000 C. W. A. Aid

These Toys to Be Given When Repaired to Needy

The local Boy Scout troop is planning to collect used toys and repair them, if necessary, for the benefit of those who will have a small Christmas this year.

We wish that everybody who has toys of any kind would let us take them and give them to children who would get great joy out of them.

We are going around house to house and collect them Saturday, December 16, 1933.

We take this time to thank everyone for their cooperation in the paper drive. We took in around \$5.00, which went to make our Scout Camp a success.

MacMillan-Thomack Nuptials

On Saturday afternoon, December 9, at 2:00 o'clock at the United Presbyterian Parsonage in Drayton Plains, occurred the wedding of Charlotte Ruth MacMillan and Neal Thomack. Only a few intimate friends witnessed the ceremony. Rev. G. J. Sutton was the officiating clergyman, using the single ring service. Immediately following the wedding, a dinner was served.

Mrs. Thomack has a host of friends in this locality and in Clarkston where she grew up and graduated from High School, who will join in extending best wishes to the couple.

Mr. Thomack formerly resided in Drayton Plains with his parents in Glendale Subdivision, but for the past three years has been living in Appleton, Wisconsin.

For the present, Mr. and Mrs. Thomack will live in Sashabaw Plains but they expect to establish a home in Drayton Plains in the near future.

SENIOR CLASS PLAY WELL PRESENTED

Miss Virginia Le Forge, Director, to be Congratulated

"Clarence", presented by the High School Seniors on Friday night, was enjoyed by a large audience. The cast was well selected and the talent which was very much in evidence, if not allowed to lie dormant, will instill into these young people the confidence in their own ability which will be needed in their later years. There were plenty of laughs and the humor throughout the play kept the audience wide awake.

The musical numbers between the acts were well rendered and well received, and the parents of all who took a part should be proud.

The various committees and the ushers were on the alert, and from all appearances they are striving to make this Senior class the best ever.

Legion Meeting Draws Good Crowd

The Campbell-Richmond Post, No. 68, held a very successful meeting if the attendance accounts for such. After a short business meeting, refreshments consisting of a real oyster stew, fried cakes and coffee were served, army style—mess line, plenty seconds (more than one dish to the unacquainted). A cordial invitation is extended to every eligible Legion member in this district to join and enjoy the meetings. The next meeting will be held at the home of James Saylor, of Drayton Plains, the second Wednesday of January.

Ladies' Auxiliary Gives Shower

Wednesday afternoon the Ladies' Auxiliary of the American Legion was entertained at the home of Mrs. E. O'Rourke of Clarkston. Each lady donated a towel to be sent to the Children's billet at Otter Lake. Five hundred was played. Prizes were won by Mrs. Judd Skarritt, Mrs. W. H. Stamp and Mrs. Henri Buck. Refreshments were served.

Attends the Preview of Chevrolet Cars

Joe Seeterlin was in Detroit on Tuesday of this week inspecting the Chevrolet for 1934. He says "It is the best Chevrolet produced so far." Chevrolet is expanding their sales program for 1934. Most of their advertising is to be expended in newspapers.

COMMENT AND CRITICISM

Christmas is just around the corner.

Everything you will want for Christmas can be purchased in Clarkston and the merchants will be glad to serve you. Your merchants help you pay taxes and should receive your consideration.

Blue and White Flash Clarkston School Notes

High School Assembly
Assembly for the pupils of the high school was held Monday at 1:00 p. m. in the English room. Mr. Winn explained the C. W. A. to us and the benefits derived therefrom by the school.

One of them was the finishing of the two east rooms, which will make quite an addition to the school. The one that will interest the pupils the most is the building in the near future of a tennis court. Other benefits derived are a regulation quarter mile track with cinder top, regrading of the football field and sodding the baseball backfield, and making a new parking lot, and completing the road that runs in back of the school to the Sashabaw road.

We feel that these improvements will make the Clarkston High School the best of its size in the county.

Staff News
The staff of the Clarkston High School is as follows:
Editor-in-Chief—Robert Reynnells.
Senior Reporter—Florence Chamberlain.

Miscellaneous News—Reporter—Mary Kathryn Hammond.

Grade News

Mrs. Rockwell's Room—
The children who received credits in the spell down on Friday were:

3rd: Richard Shaughnessy, Elaine Gravilla, Stanley Perrin, Donovan Shaw, Richard Lawson and Florence Allen.

4th: Jimmy McCollum, Donald Smith, LaVern Hoyt, Charles Allen, Carmen Clark and Doris Reynnells.
For art work, we are making things to trim our room for Christmas.

Mrs. Beardslee's Room—
The boys and girls are enjoying the story of "Christmas Carol" by Dickens. They heard the story of "The Bird's Christmas Carol" last week.

Our room is decorated with attractive posters of Christmas trees, wreaths and candles which the pupils have made in their Art classes.

Nearly every child takes part in the Christmas Cantata which will be presented at the next P. T. A. meeting—the eve of December 20, in the High School Auditorium. All parents and friends are urged to be present.

A Christmas Cantata given by 126 grade children will be presented Wednesday, December 20 for P. T. A. The Cantata is entitled "On Christmas Street". It is being directed by Mrs. Hutton.

Senior News
The Senior play, "Clarence", presented December 8, turned out to be a grand success. Approximately \$70 was taken in. All character parts were depicted well and much of the credit is due to the director, Miss Virginia LeForge. In appreciation of her fine work the Senior class presented her with a gift after the play.

Ninth Grade
In Literature Class we are studying the widely known story, "Treasure Island" by Robert L. Stevenson.

Billy Spaulding is the newly appointed reporter and joke editor.

Don't forget the Clarkston High School Basketball teams swing into full action when they meet Hadley High School here Friday night. The prices are lower so let's see a big crowd out.

Mr. Newrich (in his new car) "Where are we now?"
Chauffeur: "Between Paris and Marselles, sir."

Mr. Newrich: "Don't bother me with little details. What country is this we're in?"

Mrs. W. Reynnells has as her guest her mother, Mrs. Zulkue, of Owosso.

Interesting News From the Southland

The following letter which was received by the publisher from J. Thompson Miller, who is spending the winter in Miami, Florida, will no doubt be of interest to our readers:
Miami, Florida,
Dec. 5th, 1933.

Dear Mr. Stamp:

We'll be arriving on Friday the first and as we left Clarkston on Friday, November the 17th, staying in Detroit over night, we were just two weeks on the way. When we left Toledo we went direct south from Flinday through Springfield, crossing the Ohio river at Maysville, Kentucky, going through Paris and Winchester, coming back on to Highway No. 25 at Richmond, Ky. This is a shorter route and saves going through Cincinnati and Dayton. We then went over No. 25 east from Corbin, Ky., through the Cumberland Gap and Asheville, N. C., spending two days at Augusta, Ga., with Mrs. Miller's sister. Then we went down to call on Mr. and Mrs. Cheeseman and family at Charleston, S. C., on the Atlantic coast, where they are successful dispensing their Clarkston brand of ice-cream.

From there we went on down the coast through old historic Savannah, Ga., to Jacksonville, Fla., and on through the central part of the state which is considered the most beautiful part of Florida as the land is rolling and is dotted with hundreds of lakes, similar to Oakland County, and is covered with beautiful orange and grapefruit groves which are mostly all loaded to capacity this year. We arrived in Orlando with its thirty-five lakes inside the city limits and called on friends at Winter Park and then went out to Orla Vista to see Mr. and Mrs. Meyers from Clarkston. We went to see Mrs. Miller's cousin and family at Kissimmee, where they have been located for about thirty-five years. From there we went nine miles to St. Cloud and called on Cyrus Linabury and family, then through Lakeland where Mrs. Weighel and family from Green Acres are wintering. We continued on through Tampa to St. Petersburg to visit my sister and another cousin of Mrs. Miller's, who are spending the winter there. We were unable to find out if Mr. and Mrs. Bellows had arrived. We continued down the west coast through Bradenton and Sarasota, where Ringling Brothers and Barnum and Bailey have their winter quarters. They are open to the public with a twenty-five cent admission charge and are visited by thousands during their stay. Then we went into Fort Meyers where the deceased Mr. Edison and Mr. Ford have had their winter homes for some years, then across the state by way of Lake Okechobee to Palm Beach where Mrs. Lambert has her winter home and then down through Lake Worth where Mr. and Mrs. Van Avery usually spend the winter, through Fort Lauderdale and Hollywood into Miami, landing at 625 N. E. 61st Street, first block off of Biscayne Boulevard, the same place as we spent last winter, covering a distance of 2096 miles and using 121 gallons of gas for a total cost of \$25.40 or an average of 21 cents per gallon, making our transportation cost us 14 cents per mile including an alomite grease at 50 cents and 2 quarts of oil for 50 cents. We averaged 17 1-3 miles per gallon with our five passenger Buick sedan carrying Mrs. Florence A. Reid, Mrs. Miller and myself as passengers and our winter equipment.

We had fine weather and dry roads from Toledo on down. It is delightful here with a temperature of 78 degrees on Sunday, 81 degrees on Monday and a nice breeze blowing off the ocean where the water temperature was 78 degrees yesterday with thousands of bathers on the beach.

When coming through Florida's tourist cities I inquired how the number of early tourists compared to last year, and at most all cities was told about three this year to every one last year. Partly accounted for by the people who are not returning to California on account of the earthquake last spring, and others afraid to go to Cuba and a great many who are not going abroad on account of the money situation.

Prices are only slightly higher than last year, about the difference caused most everywhere by the N. R. A. code.

We receive the NEWS each Monday morning and it really requires one to be away from the town to fully appreciate its true value.

All are well and hope you and your good wife are in your usual health.

Yours very sincerely,
J. Thompson Miller

Mrs. Kenneth Shaw spent Tuesday visiting in Detroit.

LITERARY CLUB HOLDS XMAS PARTY

The Literary Club met at the home of Mrs. Alice Urch for their Christmas Party on Tuesday. There were twenty-nine present. The program was as follows: Christmas carols by the club; piano solo by Mrs. A. McIntyre; reading, Mrs. Ira Jones; vocal solo, Mrs. H. A. Huey; reading, Mrs. E. H. Souby; vocal solo, Mrs. Lee Clark; reading, Mrs. W. Kyle. Gifts were exchanged and refreshments were served. The meeting adjourned for the holiday season to meet again Jan. 2, with Mrs. Charles Bryant.

Interesting Views on Village Park

I am pleased to hear that the Village Board is going to make a start on improving the mill marsh, being incorporated in the C. W. A. project now under way.

For ten years or more I have endeavored to get this improvement under way. I corresponded with Edwin Denby and interviewed him. His consent was withheld by the Ford purchase then pending. I later corresponded with Mr. Ford's secretary; also had personal interviews. Result is that Ford became convinced that the water was not sufficient for any continuous power, and deeded the entire property to the village.

The so-called mill marsh has been an eyesore for a hundred years. It can now, with modest cost, be made and maintained a place of use and beauty. Its improvement will add to the value of every piece of real estate in the village. The location is exceptional. Most small villages are without parks, and those that have them are locations so distant as to be not appealing, and their maintenance is mostly for the use of tourists.

The central location of this land and the use of the pond water with its gravity pressure is most exceptional, and the latter will add active beauty for all time without operating cost. In fact a large central fountain, self operating, can be the major feature of beauty. This fountain should be placed so as to be visible from the main business street looking between the bank and garage. It should also be visible from M-15 at top of hill, depot road. The former view would please our local people when they go to stores, and the latter view would appeal to passing tourists. Trees now on the property should be so trimmed as to give both of these views clearly.

Without considerable thought the beautification of this land may seem to many a big job, but I look at it quite otherwise. My dream has been an improvement and continuous maintenance without cost other than purchase, initially, of iron pipe, tiling and cement. I believe a community interest would have supplied all labor of improvement and then its continuous upkeep. I would not look for this free labor in normal times, but consider the absence of employment for months and months!

The improvement work I would plan thus: Dig ditches to carry all spring water to central stream. These ditches in number sufficient to make the flat swamp suitable for plowing.

When this has proven correct, then place tile, laid in a small cement trough, to insure continuous alignment.

The group consisted of the hunters and their families that go north each year to Camp McClelland.

None of This Amount to Be Added to School Tax

Due to the quick action of the school board in taking advantage of the aid offered by the C. W. A. Act, the following projects have been allowed in the school district:

1. Caulking all windows in building.
2. Covering steam pipes in boiler room.
3. Painting all wood trim on outside of building.
4. Finishing two unfinished rooms on first floor of building (Southeast corner).
5. Repainting and refinishing gymnasium floor.
6. Resurfacing street beginning on Church St. at Village limits along school property.
7. Completing drive on west side of building from Church Street to Sashabaw St. Provision is being made for parking cars along drive.
8. Providing catch-basins, tile and ditches to drain area along driveway.
9. Construction of running track on athletic field.
10. Construction of two tennis courts.
11. Covering athletic field with black dirt and seeding same.

Considering that sooner or later the rooms would have to be finished, this aid will save the district this cost and while the work might not be finished at this time, gives the work now to unemployed, who need it.

The work is now under way. Men who wish to apply for work are hired through the C. W. A. office at Pontiac.

The play will compete with other county winners at Eastern Junior High School in Pontiac, Jan. 13. "Elmer" was directed by Otto Scott, and the cast included Fred Hoyes, Harry Hoyes, Marion Girst, Bernice Kerr, Arvilla Nelsey, Wilma Ingamells, Elaine Nelsey, Richard Button and Charles Gale.

Box Social Friday

The box social which is being planned for this Friday evening at the Waterford School is one to raise money for the continuing of the school bus. The committee in charge of it are Mrs. Marshall from Macedonia Gardens and Mrs. Crabtree from north of Waterford. They were appointed by James Sutton, chairman of the bus project. There is a fine program being arranged with numbers from the Dasenberry Studio of Pontiac.

Miss Audria Duguid Entertains Her Class

The Young People's Class of the Waterford Sunday School entertained at the home of Miss Audria Duguid with Miss Virginia Raush as assistant hostess on Saturday evening. The evening was spent in playing games which were arranged by the hostesses. Fourteen young folks with the teacher, H. B. Mehlberg, were present. Refreshments were served at the close of the evening.
 A committee from the class with Russell Galbraith as chairman will be responsible for the decorations in the church at the Christmas exercises which are being planned for Thursday evening, Dec. 21. The January party will be announced at a later date.

Waterford S. S. Plans Christmas Exercises

The Waterford Sunday School will have their annual Christmas exercises and tree on next Thursday evening at the church. The Waterford day school teachers are having full charge of the program this year. The Christmas treat arrangements for tree, decorating of church are all in the hands of the Sunday School members. The Christmas treat committee is Mrs. A. Walter, Mrs. J. Miller, Mrs. E. Schwalm, Mrs. O. Anderson.
 The decorating of tree and church is in charge of H. B. Mehlberg's Sunday School class with Russell Galbraith as chairman. The tree committee is headed by Henri Buck. It is hoped that the entire community will feel welcome to come and join in the good time in store for us on that evening.
 Friday will be the last day of school for this year. The teachers and pupils are going to their homes to spend the holidays and get in readiness to begin the New Year work on January 2.

Auxiliary Presents Christmas Program

The Ladies' Auxiliary of Waterford held its December meeting on Thursday in the church parlors. The hostesses were Mrs. H. A. Huey, Mrs. William Hunt and Mrs. George Kimball, Jr., who had a very attractive long table decorated in the Christmas colors, at which 27 members and guests were seated. The luncheon was co-operative with just two courses. Following this was a business meeting led by the president, Mrs. H. H. Pratt.
 Two Christmas songs opened the meeting. The devotionals were led by Mrs. A. McCaffrey and Mrs. Geo. Kimball, Jr.
 The Auxiliary voted to give a great deal of thought and effort towards making Christmas a happy one in the hearts of the less fortunate. Christmas baskets will be made up at the home of Mrs. H. A. Huey, where canned fruit may be left by those wishing to help with this work. A barrel will be placed in the store for those wishing to contribute that way, and a bottle in which those who wish to leave money to use for purchasing meat for the baskets.
 The committee in charge of distributing the baskets is composed of Mrs. A. McCaffrey, Mrs. Galbraith, and Mrs. L. McLaughlin.
 The Auxiliary also voted to buy toys which will be given for Christmas cheer. The committee named for this work was Mrs. C. Rosenquist, Mrs. L. Girst and Mrs. H. Mehlberg.

The quilt which is being made under the supervision of a committee comprised of Mrs. Charles Calhoun, Mrs. H. Harrin and Mrs. J. Miller, will be tied on Thursday at the home of Mrs. George Maten on Maple St. The New Year's party on Jan. 1st will be where chicken pie reigns supreme. The committee will arrange for the chickens, pies, bread, coffee, celery, and the rest of the dinner will be pot luck. Those wishing to come will please notify the committee so there will be sufficient chicken pies made. The dinner will be at 1 o'clock. The committee named was Mrs. H. B. Mehlberg, Mrs. L. McLaughlin, Mrs. McLaughlin, Sr., Mrs. L. Owen, Mrs. H. H. Pratt, Mrs. E. Ledger. There will be a free-will offering taken up to defray the expense of the dinner.

Bible Class Party Is Very Pleasant Event

The Bible Class Party had its December meeting at the home of Mr. and Mrs. George Maten on Maple St., when 23 people had a fine time. The evening was started by music. Mrs. John Miller led in prayer. Roll call was Questions on the Life of Jacob. The lesson study was conducted by H. B. Mehlberg, superintendent of the Sunday school. The class voted to continue the study on the children of Israel and taking the life of Moses as the main study for the January meeting.
 The Sunday School decided to help with the Christmas party at the church Thursday night. A committee was appointed. The games were in charge of Mrs. John Watchpocket. Refreshments of gingerbread and whipped cream and coffee were served. The class have their meetings each month and the interest which has kept up gives evidence of the success of the work. These are open meetings to any who are interested.

The following classes will participate: Mrs. Mabel Hood's Young Ladies' Class, Charles Horton and U. R. Remeley's class of boys and Mrs. R. N. Hickson's class of girls. A pot luck supper will be served at 6:30 o'clock, and Christmas gifts will be exchanged. Games and Christmas carols will furnish entertainment.

Waterford Center School Notes
 Ruth Barzen, School Reporter
 A mid-month examination for the eighth grade was held Friday, Dec. 8. Room 2 is putting on two plays for the Christmas program. The first is a Mother Goose operetta founded upon the story of "Bobby Shattoe". Five boys and five girls take part in this. The second is a play entitled "Fire of Icicles". Jean Harrer, Earl King, Velma LaLone, Jimmy Baum and Alice Klees take part in this.
 Fifth and Sixth Grades
 Our plans are well under way for our Christmas program which is to be given in the school auditorium, Friday evening, Dec. 22.
 We are sorry to lose Madonna Bellisle. She has moved to Pontiac.
 Rachael Bonacci and Constance Pilcher have completed their work with the Michigan Reading Circle and have received a certificate and gold star.
 The story of "Janey" (an orphan girl seeking a home) made a good impression upon the pupils in Miss Chamoin's room. The pupils felt so sorry for Janey, that they are planning on collecting toys and dolls to make orphan children in Pontiac happy at Christmas time.
 The cast for the Christmas play presented by Rooms 3 and 4 has been chosen. The play, which is "The Birds' Christmas Carol", has the following characters:
 Mrs. Bird..... Ruth Barzen
 Mr. Bird..... David Coffey
 Carol..... Mildred Kerr
 Mrs. Ruggles..... Janis Baum
 Donald..... Richard Harrer
 Uncle Jack..... Dale Trueblood
 Peoria..... Delta Trueblood
 Kitty..... Rachel Bonacci
 Sara Maud..... Mary Winger
 Susan..... Helene Remley
 Peter..... Lloyd Simmons
 Cornelius..... Elmer Klee
 Clem..... Jim Roddewig
 Larry..... Jimmy Seeterlin
 Elly..... Betty Harrer
 The contest between the Hawks and the Roaring Racers in Room 4 closed today. The final average for the Hawks was 88% and for the Roaring Racers it was 90%. The Hawks will give a party for the winners, Janis Baum and Lloyd Simmons were chosen as leaders in the next contest.
 Safety posters were made by the seventh grade in Room 4. The posters illustrate different ways of safety with matches, fire, live wires and automobiles.

DRIVE CAREFULLY AND PREVENT KILLING GAME
 One can hardly drive a distance of even ten miles nowadays on good roads without seeing some dead animal, killed by a car. Few people know that the destruction of such life in this way probably exceeds that done by all the poachers in the state, and included in the list are fox squirrels, partridge, muskrats, rabbits and other form of wild life as well as poultry, dogs and cats.

There are times when an accident to such creatures on the road is unavoidable, when the driver must act to save himself, but in most instances the animal or bird can be saved if the driver will slow down when he sees something starting to cross the road or will swerve his car that the wheels may not touch the creature.

The first commanders of American naval vessels were Army officers, commissioned by George Washington in 1775, during the siege of Boston.

ment, and refill the ditches. Thereafter the land could be plowed, dragged, and seeded for lawn. A good-sized spring could be enclosed with cement in the west bank for drinking water. If desired other small springs for drinking could be on the east side bank.

The steep bank at northwest corner can be made into a grandstand. Just below this grandstand could be a leveled small field for lawn tennis, basketball and other similar games. This latter would be about all the actual grading necessary.

Around the large central fountain I would make a circular footpath and from this central path let other paths radiate in all desired directions. I would make all these footpaths by covering the surface with pea gravel. This small stone placed in quantity

sufficient to sink in level and to a good degree defeat growth of lawn grass. Pack this small stone so that a lawn mower would catch any grass growing through. This would make all paths plainly visible from the distant views I have mentioned.

Beside the gravel walks, say forty feet apart, I would define flower beds say 5x10 feet in size, bordering them with field stone say five inches in diameter, laid one foot apart level with lawn, so lawn mower would go over them. These beds could be assigned each to local organizations, such as Boy Scouts, Girl Scouts, etc.

For continuous care of the ground as a whole I would consider the entire village residents divided into groups, each group to give labor once each two weeks, thus effecting daily care. This care would probably be lawn mowing of one-sixth of flat area and picking up litter for neat appearance. I believe an hour's work during the early evening would be abundantly sufficient. That's not much once in two weeks, and the park would be continuously neat and tidy.

I go into all this detail in attempt to convince the folks that both initial improvement and continuous care are not at all big jobs—a keen community interest is manifest.

This Community Park—I would so name it—would add immensely to the social atmosphere of the community, inasmuch as it would bring the citizens into frequent contact. A small section could be provided

for tourists. While the location allows considerable privacy for visitors, it is close to the business district for supplies, etc.

Clarkston will not only clean up an eyesore in the center of the village but provide a park that can be a thing of beauty and the pride of every citizen large and small.

Let's all go to it!

ICE FISHING LAWS NEARLY THE SAME

Few Changes Made in Regulations Governing the Sport

Local fishermen will be interested in knowing that only one change has been made in the ice fishing regulations this year. This winter, ice fishermen will be limited to five fish lines with but one hook attached to each line. Ice lines left unattended for more than two hours are considered set lines and are illegal.

Black bass may be taken through the ice until December 31, but on that date the season closes on that species until next June 25, so that from January 1 until March 31 all species of fish other than black bass and trout may be taken with hook and line through the ice. All lakes other than designated trout lakes and all streams other than designated trout streams will be open to

hook and line fishing during the winter.

A minimum size of six inches has been restored to perch, rock and calico bass.

The spear fisherman will be limited to the use of his spear on inland lakes to the months of January and February. He may take pike, ciscoes, pilotfish, whitefish, Menominee whitefish, dogfish, garpike, carp, suckers, mullet, redhorse, sheepshead, lake trout and smelt. He is not permitted to use an artificial light.

Crappie have been added to the list of designated game fish, which prohibits their sale when taken from inland waters.

A 1934 general rod license will be necessary for all fishing after January 1.

Liberty Theatre HOLLY

"Adorable", with Janet Gaynor and Henry Garat in the stellar roles, comes to the Liberty Theatre on Tuesday, Wednesday and Thursday, Dec. 12-13-14. It is reported as a notable production with the most popular player in America and the premier European screen actor setting a new standard in film entertainment.

Miss Gaynor plays the role of a lovely girl who does the wooing and the winning of a handsome soldier of the guard. Garat's role is said to

give him a splendid occasion for his American motion picture debut.

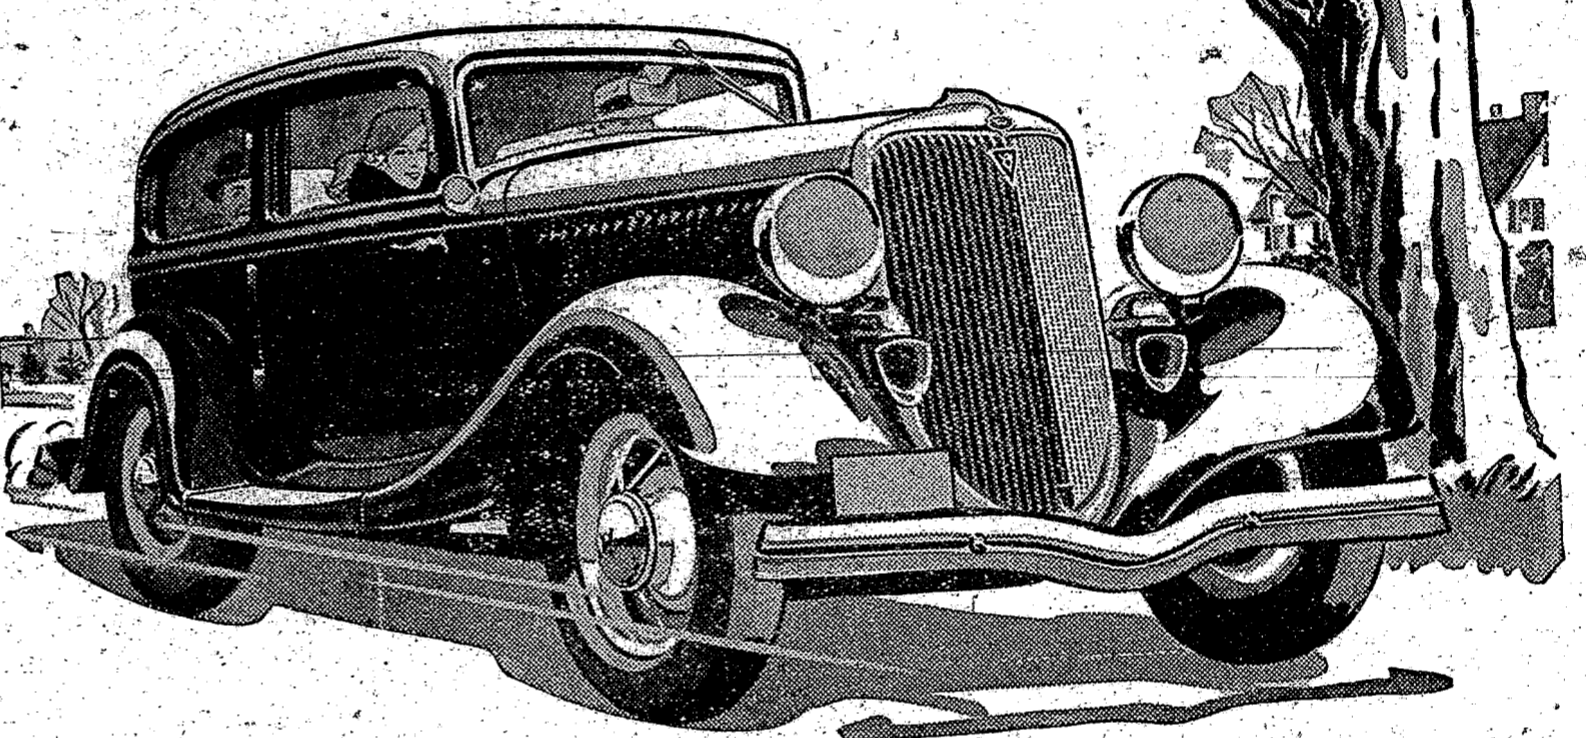

The supporting cast is a notable aggregation of character performers, and includes C. Aubrey Smith, veteran of the stage and screen; Herbert Mundin, whose portrayal of Bridges in "Cavalcade" is one of the outstanding performances in films; Blanche Friderici; Stuart Holmes; Albert Conti; Ferdinand Schumann-Heynk; Esther Muir; Hans von Twardowski; Peter Duray; Barbara Leonard; Sterling Holloway and Joe Carter.

The direction is by Wilhelm Dieterle. The story is from the pens of Paul Frank and Billie Wilder, and the screen adaptation was provided by George Marion, Jr. and Jane Storm.

Sammy Lee, who conceived and staged the musical sequences for nearly all of the important Zeigfeld productions and for many other Broadway hits and motion pictures, supervised the musical and dance numbers of "Adorable", each of them an important adjunct of the picture. The music is by Werner Richard Heymann, with additional songs and lyrics by Richard A. Whiting and George Marion, Jr.

In July, 1908, a meteor estimated at 40,000 tons struck in the wilderness of Siberia 4000 miles from Moscow. Scientists searched many years before finding it and valued its metal contents, chiefly iron, at between one and two million dollars.

Announcing

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon, especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new moldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

PRICES REMAIN LOW.—Tudor Sedan, \$535. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (5 windows), \$555. De Luxe Coupe (3 windows), \$555. De Luxe Roadster, \$525. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f.o.b. Detroit.)

"BLAZES!"

That radio has gone dead and Christmas programs on the air.

What to do?

Here is a gift that is more than a new stove. It is a gift of freedom—freedom to spend long afternoons (even the entire day) doing the things you like. Freedom from standing over a hot stove, freedom from the drudgery of hours spent in cleaning a greasy stove and soot-blackened utensils. Freedom from cleaning soiled kitchen walls and curtains.

These are only a few of the reasons why an electric range means so much FREEDOM to the modern Home Manager. The new fully automatic electric range gives her hours of added leisure and whole holidays from the kitchen. It assures perfectly cooked meals, piping hot and ready to serve when she returns home.

You do not need to buy an electric range to find out if you like electric cooking. We will install an electric range without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today.

This timer clock makes cooking with your electric range completely automatic. You can go out for an afternoon of cards, the theater, shopping—and never worry about being home in time to cook supper. You simply put the whole meal in the oven before you leave. At the proper time, the clock turns the oven on, and after the meal has finished cooking, turns the oven off automatically. This convenience doesn't cost you a cent for added fuel: There is no flame burning all the time while the clock waits to be used. When you come home, your supper is waiting—deliciously cooked and ready for the table. An electric range brings you REAL kitchen freedom!
