Clarkston Swamps Keego Harbor Teams

A capacity crowd saw the three basketball teams from Clarkston take three games from Keego Harbor in the latter's floor last Friday night. This is the first S. O. C. L. counter and gives the Blue and White Teams a 1,000 per cent and first place at the top of the league. All three games were slowly started but when the gun sounded a terrific battle was being displayed.

The Reserves started out and with the aid of Leroy Knolton, a newcomer, were able to take the lead throughout the game and when the gun sounded Clarkston was at the long end of the score which was 13-7. The boys all played well but had a little difficulty in getting their defense set.

The Clarkston girls started the game by keeping control of the ball most of the time. At first several fouls were committed, but at the start of the second quarter the game was running fast and smooth. Failing to make their foul shots good hampered the Blue and White at first, but they were pretty accurate later and that was probably the main reason for winning from Keego Harbor. The score was 12-14 in favor of Clarkston.

The Varsity were caught flat footed at first, Keego running up 9 points to Clarkston's 4. Waters at the start of the second quarter sent into the game a new team, then the fireworks started. Clarkston controlled the ball and as a result scored several points. The boys were accurate especially on long shots, missing very few of them. The team failed to make the foul shots, as the distance from the foul line to their baskets is longer than on our floor.

Klenger, center for the Harborites, was forced out of the game because he made 4 personal fouls. This gave Clarkston more of an opportunity to score as he was the main cog in their attack. The boys all performed well, resulting in one of the most exciting games seen this season.

This victory was the fourth straight win for Clarkston. The teams they had already subdued were Hadley, Alumni and Clawson.

When the game ended the scoreboard showed Clarkston with 21 points and Keego Harbor 17.

Next week the teams play Walled Lake on the home floor. Walled Lake has been champion for 3 years, so we expect to see quite a bit of power displayed.

Mrs. Hutton's Room

Stuart Nicol from Cass City has entered the Second Grade here.

Clayton Frick Jr. is back to school in the First Grade, after being absent four months.

Everyone seems to have made New Year's resolutions to study hard in our room after the Holidays. They are all getting down to work and much is being accomplished.

The Kindergarten children are all able to write their first and last names, and are now learning to write the letters, and the numbers up to 10.

The First Grade children are starting subtraction in number class.

The work books for the First and Second Grades have arrived, and all the children are enjoying them immensely.

Mrs. Rockwell's Room

Those who received credits in our spell-down, Jan. 12, were Richard Lawson, Elaine Gravilla, Richard Shaughnessy, Donovan Shays, Florence Allen and Stanley Perrin (third class); Marjorie Dickman, Carmen Clark, Betty Ash, Billy Miller, LaVern Hoyt and Donald Smith (fourth grade).

COMMENT AND CRITICISM

Some great poet once wrote a saying that has lived down thru the ages. It was something to the effect that "Life is real. Life is earnest". Thursday being press day, yours truly was up and going before daylight and the thought of how true that saying is today struck home.

Looking out the kitchen window, I could just see two trucks rounding Deer Lake, heading for Clarkston; I imagine to help on the C. W. A. work. I rushed down to the Post Office and all hands were on deck. Floyd and Wylie having finished sorting the mail were getting the office ship-shape for the day. Brad and Dale were placing their loads in their cars for the rural routes. Stores were opening and everything was up and going. Truly life is real and life is earnest, but everything in this world costs something and to really appreciate the fact, you have to pay the cost of the sight by arising early.

Shakespeare in writing Hamlet expressed an opinion to the effect that "there was a Negro in the woodpile". The expression still exists. Probably when you were a youngster and your mother told you that if you did such a thing you would suffer, being thirty years ahead of your time you went right ahead, remarking "Is that so?" But it took a 1934 radio comic to bring home to you all the doubt expressed in those three little words "Is that so?"

Forgetting the poets and comics, and thinking only of 1934 it would be wise to think of two things. If you need job printing NRA is not lowering prices of paper. If you believe in advertising—the national advertisers are now at work and now is a good time to start yours if you desire to profit during the year.

Baptist Ladies' Auxil. Has Large Attendance

Friday of last week the Baptist Ladies' Auxiliary met at the home of Mrs. William Kyle. There were 12 members and 10 visitors who answered the roll call and spent a very profitable afternoon. The next meeting will be held in the church parlors on February 9 and will be in the form of a birthday party. Each member should invite one guest.

IN REGARD TO YOUR GOLD HOLDINGS

The full text of the order which is a part of the federal administration's policy of controlling gold, follows:

"Now, therefore, I, Henry Morgenthau, Jr., secretary of the treasury, do hereby fix midnight of Wednesday, Jan. 17, 1934, as the expiration of the period within which any gold coin, gold bullion, or gold certificates may be paid and delivered to the treasurer of the United States in compliance with requirements contained in such order of Dec. 28, 1933, as amended.

"In the event that any gold coin, gold bullion or gold certificates withheld in noncompliance with said order and of this order are offered after Jan. 17, 1934, to the secretary of the treasury, the treasurer of the United States, and United States mint or assay office, or to any fiscal agent of the United States, there shall be paid therefor only such part or none of the amount otherwise payable therefor as the secretary of the treasury may from time to time prescribe and the whole or any balance shall be retained and applied to the penalty payable for failure to comply with the requirements of such order and of this order.

"The acceptance of any such coin, bullion, or certificates after Jan. 17, 1934, whether or not a part or all of the amount otherwise payable therefor is so retained shall be without prejudice to the right to collect by suit or otherwise the full penalty provided in Section 11 (N) of the Federal Reserve Act, as amended, less such portion of the penalty as may have been retained as hereinbefore provided.

"The definitions of the terms 'person,' 'United States,' 'gold coin,' and 'gold bullion' contained in Section 4 of said order of Dec. 28, 1933, apply equally to such terms as used in this order."

H. MORGENTHAU, JR., Secretary of the Treasury.
Approved: FRANKLIN D. ROOSEVELT.

OAK HILL P. T. A. HOLDS PARTY

The Oak Hill P. T. A. sponsored a dance and card party last Friday evening at the Oak Hill School. Music was furnished by the Stemburg's Orchestra of Oxford. Light refreshments were served during intermission at which time Billy Allen and Junior Holtzman rendered a duet.

There were about seventy-five people present and all announced a lovely time. The P. T. A. expects to hold another similar party in the near future. Watch for it.

Surprise Party Celebrates Birthday

On Wednesday evening friends of J. Ogden helped him celebrate the closing of another year. They surprised him at his home and spent an enjoyable evening playing pedro. There were seven tables in play. Mrs. Raymond Miller won the ladies' high score and Miss Lucy Ogden low, while Charles Beardsley won the men's high score and Ward Sly, low. At the close of the evening refreshments were served.

Health Improved, Our Auctioneer Returns

Friends of John L. Morrison will be glad to hear that he is now back in the auction ring after a year's absence, caused by illness. Mr. Morrison reported to the writer that he feels that he can do justice to the job and invited anyone expecting to hold an auction this spring to call him.

First Shipment of Home Loan Bonds Arrives

This week we had the privilege of inspecting the first shipment of home loan bonds to arrive in Clarkston. As an example of engraving they are a fine job. As an example of how the Federal Government can help the home owner save his home they represent more than a fine job. To anyone in danger of losing his home they are worth investigating.

ENGAGEMENT ANNOUNCED

On Wednesday afternoon about twenty friends were entertained at the home of Mr. and Mrs. Heb. Beardsley, of Seymour Lake, when they announced the engagement of their daughter, Norma, to Earl Tank, of Snover, Mich. During the afternoon they had a good time playing progressive bug. Miss Stokes, of Pontiac, won the high prize. At five o'clock a very delicious two-course dinner was served at a table beautifully decorated with pink and white sweet peas. Guests were from Oxford, Pontiac, Clarkston and Seymour Lake.

Notice

All those interested in the Community Chorus be at the next rehearsal at the school on Monday, January 22, at 4:15 p. m. Work is being started on numbers to be given on a program under the direction of Charles Hutton. BE THERE.

For Homemakers

Cheese is one of the low cost menu's best friends, according to home economics nutrition extension specialists at Michigan State College. Few articles of food will so appetizingly adapt themselves to combinations with other materials, while at the same time provide the necessary elements for good health.

One pound of cheese represents the chief food elements of a gallon of milk and is one form in which a surplus of milk may be stored satisfactorily. Both American and cottage cheese are protein foods and may be used as meat substitutes. They are also high in calcium and phosphorus and in Vitamin A which means that much nutritive value is concentrated into a small amount.

An average serving of cheese contains about eighteen times as much calcium as an average serving of lean meat and nine times as much as one egg. Since calcium is decidedly lacking in the average American dietary, cheese ranks as an essential food.

The amount of protein in cheese means that it should be cooked at a very low temperature either over water or in a very slow oven to prevent its sticking to the bottom of the pan.

Cheese offers an excellent means for providing variety and flavor to meals that otherwise might not be tasty or interesting. Using it in English Monkey as a luncheon or supper dish is suggested.

Cook 1½ cups stale bread crumbs in 1½ cups milk over hot water for ten minutes. Cool slightly. Add one egg mixed with ½ teaspoon salt, ¼ teaspoon pepper, and one cup of mild cheese (grated or chopped). Cook, stirring constantly, until the cheese is melted and the egg begins to coagulate. Serve on six slices crisp toast. Grated or finely chopped green pepper makes a good garnish for this dish.

The next meeting will be January 30 at the home of Mrs. Lucy King and Mrs. Archie McIntyre.

MICHIGAN 1933 PLATES GOOD IN MANY STATES

Michigan motorists who are unable to purchase 1934 license plates, may drive to New York or Chicago as well as travel through adjoining states with 1933 plates without fear of embarrassment.

After it was announced that 1933 plates would be legal in Michigan until March 1st, 21 states and two Canadian provinces notified the department officially that they would honor 1933 Michigan plates until that date. They are Alabama, Delaware, Idaho, Illinois, Indiana, Iowa, Kentucky, Maryland, Missouri, Nevada, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Tennessee, Texas, Utah, Virginia, West Virginia and Wisconsin. The Provinces of Ontario and Saskatchewan also agreed to reciprocity.

From informal reports reaching the department, many other states are allowing 1933 Michigan plates to get used as long as they are legal here. Several motorists have driven to California without being halted and in cases where local officers have questioned the motorist, the state motor vehicle administrators have declared the Michigan driver could proceed on his journey.

If you enjoy a good movie be sure to see "These Thirty Years" at the High School Auditorium next Thursday evening, Jan. 25.

Mrs. George Nelsey's niece, Miss Gertrude Granger, of Goodrich, is reported to be recovering. Miss Granger has been ill for several weeks.

Parent-Teachers' Assn. Program Well Received

The regular meeting of the Clarkston P. T. A. was held in the school auditorium on Wednesday evening. The program was opened with two selections by the school orchestra under the direction of Frank Bach of Pontiac. These young musicians are to be congratulated on the manner in which their two numbers were rendered. We doubt if there are many schools in Michigan who could boast of as good an orchestra as our own. This one feature should attract large crowds to our P. T. A. meetings.

Following the musical numbers was the regular business meeting with our new president, Mrs. Elizabeth Ronk, presiding. The christening of the penny-box contributed much interest to the business meeting. Earl Walter officiated at the christening. The box was a little red schoolhouse, steeple, chimney and all and was made by Ray Clark. The sign over the front door of the school readers "P. T. A." Mr. Walter in his talk explained that while the chimney was large enough to accommodate a half dollar yet if every member would contribute one penny at every meeting, the needs of the P. T. A. would be met and would not be a burden on anyone. It is the idea of the committee this year to eliminate the dues and use the free-will offering plan.

Miss Mildred Butters favored the audience with a piano solo. Then the speaker of the evening, Judge J. Russell Holland of the Pontiac Municipal Court, was well received. His interesting and thought-provoking talk on "Helping the Youth to Stabilize His Thinking" stressed the fact that much could be done by the P. T. A. He said he had handled cases of young people between the ages of seventeen and twenty-five years and he found that why they had gone into a mental tailspin and landed in trouble was because they had lost faith in one or more of four different factors: 1st, God and the Church; 2nd, Themselves; 3rd, Education, and 4th, Work itself. The P. T. A. is organized to be of some help to young people and should not only buy window shades and install drinking fountains but should support any force or group that tends to strengthen the faith of the young person in any of the afore-mentioned factors. The P. T. A. should try to provide work for idle hands and help youngsters keep faith in themselves. He says it is not that the young people are afraid to face facts, they are all clear-eyed, sincere individuals but they have a distorted view of the facts and need courage and strength to reach out for themselves. All those present benefited from this address and left the High School determined to make our P. T. A. bigger and better.

At the close of the program tea and cakes were served.

INSTALLED AT OUR EXPENSE REMOVED AT OUR EXPENSE Cry an Electric Range in YOUR OWN KITCHEN THERE is no catch to this offer... there are no strings whatever. The only way we can prove to your satisfaction that electric cooking is what you want is to let you try it for yourself. We want you to enjoy electric cooking IN YOUR OWN KITCHEN—to learn at first hand how much you like it. To make this easy for you we will install an electric range without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. We want you to discover in how many ways electric cooking is better. We know that it is NOT EXPENSIVE—we want you to prove it for yourself from your electric bills. All you have to do is to ask us to put a range in your kitchen—we do the rest. Applications for ranges on trial installations will be taken care of in the order they are received. Call any Detroit Edison office.
