CLARKSTON, MICHIGAN, FRIDAY, JANUARY 26, 1934

NUMBER 22

## Boy Scout News

The Boy Scouts of America held their regular weekly meeting Monday of this week. Eleven members were present and two officials. We had election of officers for the coming year. The following were elected: Patrol Leader—Henry Hoyt. Ass't Patrol Leader—Milton Fiske. Scribe—Lester Spencer.

We have changed our regular meeting night from Tuesday to Monday night. Five cents per week are the weekly dues and anyone who is absent is fined five cents additional.

A regular monthly hike will be carried out.

All Scouts are second class and are working hard on first class and merit badges.

Charles Rockwell has offered his help in conducting the troop. He is well liked by the boys and will be of great assistance to the present staff.

Watch for news every week for we are going out to get Oakland Area Council's trophy.

## COMMENT AND CRITICISM

Night after night, at the old Vulcan plant, the lights are burning, men are working and production is going ahead. Truly things seem to be improving.

Publishing a paper, giving the news, means just that. BUT your news must be correct. The News aims to publish all news, but only when it is true. This may explain why sometimes an accepted rumor is not published as news.

Someone has been taking advantage of my friends, Leonard and Miller. And at least the sign hanging over the desk tries to correct the fault.

## Blue and White Flash

### Clarkston School News

#### Walled Lake Takes Two

Walled Lake took the measure of last Friday's games, when they conquered the Varsity boys and the Clarkston girls.

Clarkston reserves took the lone encounter in defeating Walled Lake 14 to 13. This was a hot battle all the way through and with the aid of some clever ball controlling the local team was able to finish at the long end of the score. Leroy Knowlton played a good defensive game, while Stan Spencer was high point man with 6 points.

The lineup was: Spencer and Souby, forwards; Holcomb, center; Knowlton and Judd, guards.

The Clarkston girls lost to a more rangy squad from Walled Lake. The game was decided in the second half. However the score, which was 25 to 14, does not indicate the battle that was fought between the two teams. The Clarkston girls kept right up to Walled Lake during the first half, but then weakened in the last part of the game.

Lineup: Chamberlain and Lowrie, forwards; Dunston, jumping center; Spencer, running center; Walter and Hammond, guards; Boyns, running center; Shell and Yost, guards.

The boys fought a heated battle but Walled Lake with the aid of Harry Russel, forward, was able to take the game by the score of 18 to 30.

Clarkston took the lead several times in the first half, but Walled Lake put on a last minute spurt to take the game. Parker collected 18 points to lead Clarkston while Russel was high point man for Walled Lake with 14 points.

Lineup: Parker, Reynnells, Vliet and Souby, forwards; Irish and Moller, centers; Hursfall, Miller, Scraee and Mann, guards.

Mrs. Hutton's Room

Joyce Tindall, from Springfield Township, entered the second grade here Monday.

The First Grade has finished their primer and at present is reviewing with flash cards before entering their next reader.

Snow men, all of original design, are decorating the walls.

Billy Judd, who has been absent with the whooping cough for the past month, is back in school.

Mrs. Rockwell's Room

Children who received credits in our spelldown on January 19 were Richard Lawson, Elaine Gravilla, Florence Altar, Richard Shaughnessy and Stanley Perrin. (Third Grade.)

Jenny Poniatowski, Carmen Clark, Charles Allen, Marjorie Dickman, Betty Ash and La Vern Hoyt.

We have received a post card from Mazy Wompole, from Mineral Wells, Texas. The Wompoles are certainly having a fine trip.

## DINNER AT M. E. CHURCH ENJOYED

The dinner at the M. E. Church on Wednesday evening was enjoyed by about seventy-five or eighty people. While the crowd was not as large as usual, the Ladies Aid was glad to greet those who did attend. If you were among the absent then you missed a real meal. The ladies of the church appreciate the fact that some of the town folk were loyal enough to entertain some friends from out of town at the dinner. Mrs. Davies had some friends from Detroit and Mrs. Teggerdine had some friends from Davisburg. Mrs. Fred Stewart, who was in charge, wishes to thank her committee and all those who were kind enough to help make the dinner a success.

## Community Chorus Has Good Attendance

Mr. Hutton, the director of the community chorus, was very much encouraged on Monday when about twenty-five ladies assembled at the high school all in the mood for singing. Mr. Hutton is devoting his time to this class gratuitously and any woman or girl above high school age who is at all interested in music should avail themselves of this wonderful opportunity and help swell the chorus by being at the school every Monday at 4:15 p. m. The class is in session just one hour but the good derived from the singing lasts all week. This week the class started to prepare to study numbers to be given on a program in the spring. It is astonishing how a few hints from a director of music will help you to use your singing voice. You may think you cannot sing and a great many of those who are now attending the class had the same thought but just give your voice a chance before you make your final decision. You are invited to be at the school next Monday at 4:15 and if you do not feel like singing the first lesson or two perhaps you would make an excellent listener and we know you would enjoy yourself.

## Rev. C. E. Edwards Improved in Health

Everyone in the community will be pleased to know that Mr. Edwards is beginning to show signs of improvement since he was operated on at the Henry Ford Hospital in Detroit. Friends from Clarkston called to see him on Tuesday and found him more cheerful and more encouraged than he has been for quite some time. If you happen to be in Detroit it would be nice to call at the Hospital and see Mr. Edwards and perhaps shorten the day for him. He can receive visitors at most any hour of the day.

## Three Airport Pilots Purchase New Plane

Much interest is aroused by the new airplane purchased by three Pontiac pilots, B. B. Soules, James Bodin and M. A. Miner, according to Airport Manager Neil Brackstone. The ship is an Aeronca and one of the smallest types built. It has a two cylinder motor that is very economical in operation, using only two gallons of gasoline per hour. The economy is revealed by the fact that the fuel for a trip from Cincinnati to Pontiac cost only \$1.34.

## Community Events

Jan. 26—A fish supper at the Davisburg M. E. Church.

Jan. 26—Dance at Eastern Star Temple.

Jan. 30—Clarkston Literary Club to meet with Mrs. Lucy King and Mrs. Archie McIntyre.

Feb. 9—Mrs. Percy Craven will entertain the Legion Auxiliary at a dessert bridge at her home at 1:30. There will be a wash cloth and handkerchief shower and each member is asked to bring a guest.

Feb. 9—Baptist Ladies' Auxiliary birthday party at the church parlors.

Feb. 14—Monthly meeting of Campbell-Richmond Post, No. 63, American Legion.

## Miss Eloise Miller Honored at Party

Dr. and Mrs. Raymond Miller entertained several friends and relatives last Friday evening in honor of their daughter Eloise who was celebrating her birthday. Six tables of pedro were in play with first prizes going to Mrs. Frank Leonard and Dr. Miller. Second prizes were awarded to Judd Skarritt and Eloise Miller. A cooperative lunch was served later in the evening.

## Births

To Mr. and Mrs. Fred Steiner—a 7½ pound son, Martin David, at the Mary Green Hospital, Thursday, January 18.

## Clarkston Locals

Mrs. C. G. Fiske spent the fore part of the week visiting friends and relatives in Detroit.

Mr. and Mrs. George Jones and family, of Birmingham, were the week-end guests of Mr. and Mrs. Chester Fiske and family.

Mrs. Wad. Harris, of Pontiac, spent Sunday with her mother, Mrs. Laura Walter.

Mrs. Anna Fleming spent a few days last week visiting Mrs. Russell Maybee of Sashabaw Plains.

Miss Shirley Douglass spent last week-end at the home of Miss June Dunston.

Mrs. Grace Reed, of Holly, spent a few days last week at the home of Mr. and Mrs. A. B. Hubbard.

Rev. and Mrs. William O. Moulton and family, of Ferndale, were Sunday callers at the home of Mr. and Mrs. August Doebler.

A total of 93,697 new automobiles were purchased by Michigan residents during 1933, according to Department of State records. There were 277,420 used cars sold in the state during the year, the records show.

The Bureau of Fisheries has made a study of the problem of barnacles and finds that American shipping and owners, including Uncle Sam, pay dearly for the tons of barnacles that attach themselves to vessel bottoms. A ship at sea from six to eight months accumulates a growth of from two to three inches, weighing from 50 to 100 tons. The results are loss of speed, increased fuel consumption, delayed voyages, wear of machinery and drydock inactivity.

## Ladies' Auxiliary of H. R. A. Holds Party

The Ladies' Auxiliary of the Highland Road Association enjoyed a bridge party at the home of Mrs. C. E. Elder on Highland road on Tuesday afternoon. Honors were awarded to Mrs. Pratt.

The president, Mrs. A. Hedin, surprised the ladies with a lovely draw prize which was won by Mrs. Phil LaLone. The next meeting will be held on Jan. 30 with Mrs. Fred Wazmuth and Mrs. Phil LaLone.

The card parties will be held at Miller's Crescent Lake Club house, which will be the future home of the Highland Road Association, as well as the Ladies' Auxiliary. The association will sponsor a benefit card party at the club house on Friday evening, Feb. 2, at 8 p. m. Everybody welcome.

## LEGION AUXILIARY HOLDS MEETING

Thursday evening of last week the Legion Auxiliary met at the home of Mrs. Henri Buck of Waterford. Mrs. James Saylor was assistant hostess. There were eleven members present with two new members. The regular business was transacted and the ladies decided to have a wash cloth and handkerchief shower for the children's billet at Otter Lake on February ninth at the home of Mrs. Percy Craven of Clarkston. Refreshments were served at the close of the evening.

## Liberty Theatre HOLLY

"Son of a Sailor", the newest screen comedy for Joe E. Brown, which arrives at the Liberty Theatre next Sunday and Monday is said to be the most laugh-producing vehicle ever assigned to the star.

It is a comedy of navy life. Al Cohn and Paul Gerrard Smith supplied the story, which carries its hero from his sailor's hammock aboard the aircraft carrier of the Pacific fleet to misadventures in a wealthy home ashore—and back again to the decks of the warship. Quite by accident, "Handsome" Callahan, played by Joe E. Brown, wins not only personal triumphs during his brief and eventful leave ashore—but saves from alien conspirators the plans of an epochal aircraft invention. His shore leave ends in triumph for this humble job, even though he is convinced that he is headed for the brig and a bread and water diet.

The star's supporting cast for "Son of a Sailor" is one of the finest he has ever had.

Many of the scenes for "Son of a Sailor" were filmed aboard the U. S. S. Saratoga. Brown and his supporting cast remained aboard this time as guests of Admiral Reeves, Captain Sogbaum and the crew. Eleven hundred U. S. tars, the full ship's complement, served as support to Joe and the principals from Hollywood.

Claudette Colbert, Richard Arlen and Mary Boland are starred in Paramount's story of America's "looney" family, "Three-Cornered Moon", produced by B. P. Schulberg, which comes to the Liberty Theatre on Tuesday, Wednesday and Thursday. It is adapted from the famous New York play by Gertrude Tonkonogy.

"Three-Cornered Moon" is the story of the Rimplegar family of Brooklyn, headed by the apple-headed Mary Boland, mother of the flock, who manages to lose the family fortune in the stock market. Her self-centered brood have paid no attention to her sorties into Wall Street and when the crash comes, it finds them running around in circles.

The family physician, Richard Arlen, in love with the daughter, Claudette Colbert, advises them to do something to help themselves. He suggests they take in roomers and becomes the first Tom Brown, a youngest Rimplegar, gets a job at a dollar a day as a lifeguard, William Bakewell, oldest brother, lands a role Wallace Ford, a law clerk, studies at top speed to pass the bar exams. Lydia Roberti, a Polish maid, doesn't understand English, can't be fired and doesn't know why she isn't paid.

Everything is "nice" to Mama Rimplegar, and when the family deposes her as financial head after her ruinous exploits in Wall Street, it's quite all right to her as long as she is permitted to sign papers, even if the papers are only receipts for room rent.

The romance between Arlen and Miss Colbert is almost on the rocks when she goes "arty" and brings home a posing, starving novelist to live with the family. But everything turns out for the best in the Rimplegar home, and when their financial troubles are settled they revert to their former reputation as the "nuttiest" crew in the world.

## Chevrolet Car Locally Displayed

After being out of cars for two months, it was very much appreciated by our local dealer, to have the Chevrolet Motor Co. place a show car in their sales room.

The car was accepted with very much enthusiasm by the public, especially the knee action. This seems to be a mysterious unit, but when explained it is just something we had forty years ago, as the local dealer put it. It is an important unit on one of the farming implements that any farmer can tell you about, and now is incorporated into one of the most outstanding units on the Chevrolet, revolutionizing riding qualities, also preserving the life of the car. The knee action adopted by the Chevrolet is a closed compact unit functioning in oil, and is the most practical one used because the front wheels are towed, and not pushed, making it another economical unit as it does not require as much power to propel the car, and also absorbs the strain on the "knee" action mounting. If you wish to demonstrate this yourself, load a wheelbarrow with cement and try to push it over a small stone. If you cannot push it over turn the wheelbarrow around and you will find you can tow it over very easily.

## STATE MATTERS OF INTEREST TO ALL

### Digest Prepared in Office of the Secretary of State

The first step toward allowing voters of Michigan to express themselves as to lowering license plate costs and gasoline taxes, was taken last week when officials of the Automobile Club of Michigan filed forms of two petitions with the Department of State.

The petitions were submitted at this time in order to obtain approval as to their correctness in form.

The first petition would add a new section to the state constitution prohibiting the gasoline tax collected by the state from exceeding two cents a gallon. At the present time the state gas tax is three-cents a gallon.

The second petition also adds a new section to the constitution fixing the amount that can be charged for automobile license plates. Instead of 65-cents per hundred pounds as at present, the petition calls for a maximum rate of 35-cents per hundred or a reduction of approximately 36 per cent.

In order to place the proposals before the voters, 161,000 signatures must be obtained and filed with the department.

Secretary of State Frank D. Fitzgerald has been advocating substantial reductions in license plate costs for several months. His plan calls for amendments to existing laws by the legislature rather than by mandate of the constitution. The fact that 33,000 fewer license plates had been sold on Jan. 17, 1934, than on the same date in 1933 is evidence of the necessity for reducing the weight tax. On Jan. 17, only 60,636 of 1,300,000 motor vehicles in Michigan had obtained 1934 license plates.

A pamphlet containing all motor vehicle laws enacted by the legislature subsequent to 1931 will be available for distribution by the Department of State next week. The pamphlet will be supplemental to the compilation of motor vehicle laws published in 1931.

## Clarkston Locals

Mrs. Gertrude Green has as her guests, Mr. and Mrs. Guy C. Green and family, of Hudson.

The sun seems to be shining again for A. B. Hubbard, who has been on the sick list for some time. Dr. Reed of Goodrich was called to the Hubbard home this week in consultation and along with their family doctor they have decided that Mr. Hubbard is on the road to recovery.

Miss Florence Grant, of Birmingham, was entertained on Wednesday afternoon at Green Acres by her sister, Miss Clara Grant, of Detroit.

Mr. and Mrs. Marion Ricker and son, of Detroit, spent Sunday at the home of Mr. and Mrs. Charles Green.

Theo. Goodfellow, of Royal Oak, visited last week at the home of Mr. and Mrs. August Doebler.

Irene and Milton Miller entertained several of their friends at their home last Saturday evening.

Miss Clara Grant, of Detroit, is a visitor at Green Acres this week.

Frank Webb Jr. has gone to Florida where he will spend the next few months. Frank has been in poor health for quite some time and has undergone one or two very serious operations. His many friends will be glad to know that he is on the way to recovery and will wish for him a pleasant winter in the sunny south.

Waterford

Waterford P. T. A. meeting will be tonight (Friday) at the Waterford School. This is "Children's Night". The children will give one part of the program and the remainder of the evening they will be entertained. Pictures will be one attraction for them. All parents are invited to come and enjoy the evening. The P. T. A. usually meets on Thursday but the change in date was made for the benefit of the children.

Mr. and Mrs. William Vliet of Clarkston were guests on Friday at the home of Mr. and Mrs. W. B. Craven on Sunday of last week.

Mrs. Andrus Bradley who has been very ill at her home here on Maple St. for the past few weeks is slowly recovering.

Jack Ivory, of Williams Lake, was the guest of his friend, Kent Rosenquist, on Saturday.

Mr. and Mrs. Harry Barquet and family of Detroit were visitors at the home of Mr. and Mrs. W. B. Craven on Sunday of last week.

Walter Whitfield of Williams Lake Road entertained several friends in his home here on Friday evening.

Ellsworth Watchpocket of Watkins Lake visited his grandparents, Mr. and Mrs. E. D. Spooner the first of this week.

Mrs. Henri Buck was pleasantly surprised on Tuesday when six friends visited and reminded her that she had had a birthday recently.

The C. W. A. work on the Waterford building is making slow progress, the various rooms having to be dismissed at different times to allow the redecorating to go on. Some carpentry work that was being done interfered with the work for a short time.

Mr. and Mrs. E. D. Spooner were honored on Thursday evening at their home on Williams Lake Road when their daughters, Mrs. John Watchpocket and Mrs. H. B. Mehlberg, entertained 16 of their friends. The guests were Mr. and Mrs. Charles Newton, Mr. and Mrs. Guy Newton and Mr. and Mrs. Robert McDonald, of Pontiac; Mr. and Mrs. Alfred Austin, of Silver Lake; Mr. and Mrs. William Austin and Mr. and Mrs. Edwin Walter, of Clintonville; Mr. and Mrs. Nelson Morgan, of Sashabaw Plains. The evening was spent socially and a two-course supper was served at the close of the evening.

Saturday evening Mr. and Mrs. E. D. Spooner entertained Mr. and Mrs. A. F. Bahm and Mr. and Mrs. W. Hoffman, of Pontiac, at their home.

The Ladies' Auxiliary of the Waterford Church will have their February meeting in the church parlors on Feb. 1. A one o'clock luncheon will be served by the following hostesses: Mrs. E. Ledger, Mrs. A. McCaffrey, Mrs. J. Miller. The president is desirous of having all the auxiliary members present.

Mrs. Bert Cooper, of Barnes Sub, who has been very ill at her home here, is slowly improving. Mrs. Borough of School St. is helping her.

Rev. J. W. Jacobus, of Vassar, was in town one day of the past week driving a new Ford car.

Mr. and Mrs. S. T. Atkins and son Martin, of Detroit, were guests of the latter's parents, Mr. and Mrs. Harry Martin, on Sunday.

"Pat" Smith, of Detroit, was the week-end guest of his aunt and uncle, Mr. and Mrs. Frank Dolan. Bridge Club Entertained

Mr. and Mrs. Claud Button entertained at their home near Pontiac Lake on Saturday evening at a cooperative dinner at 6:30 o'clock, for the following guests: Mr. and Mrs. Charles Justus, of Commerce, Mr. and Mrs. Harry Martin, Mr. and Mrs. E. J. Dahl, Mr. and Mrs. C. E. Selmes and Mr. and Mrs. Robert Hickson. Three tables of bridge were played and honors awarded to Mrs. E. J. Dahl and Charles Justus, and E. J. Dahl and Mrs. Charles Justus.

Class Enjoys Skating Party About 30 members of the Waterford Center Sunday School enjoyed a skating party and later in the evening a wiener roast on the west shore of Crescent Lake on Saturday evening. Mr. and Mrs. Charles Horton and Mr. and Mrs. Oscar Trueblood acted as chaperons.

CUT PRODUCTION IN CORN AND HOGS

Federal Plan Is Similar to One Adopted for Wheat

Decline in exports of pork to Europe from 17,000,000 hogs in 1919 to 4,000,000 in 1933 left the United States with more pork than the domestic market can digest and a plan to reduce this surplus will be presented to Michigan farmers by the United States Department of Agriculture.

Press, radio, and talks at local meetings will be used by the extension division of Michigan State College to acquaint State farmers with the plan, and it then will be a matter for each farmer to decide whether he wants to cooperate with producers in this and other states to make the plan effective.

Corn and hogs are partners in the production plans of most farmers and these two commodities are coupled in this plan to increase farm incomes by reducing surpluses in the basic crops of the United States. The plan is quite similar to that used in reducing the wheat acreage inasmuch as it contemplates the reduction of the number of acres of corn planted and the number of pigs farrowed for pork.

Secretary of Agriculture Henry A. Wallace asks that the corn acreage of the country be reduced 20 per cent and the number of pigs farrowed 25 per cent. To recompense farmers for the reduction in numbers of acres and of numbers of livestock, the secretary will make benefit payments to those farmers who sign crop contracts. Money for the benefit payments is derived from a processing tax levied upon hogs slaughtered for market. Hogs killed by farmers for home use are exempt from tax.

This plan will affect thousands of Michigan farms. Other thousands will be only indirectly concerned because their owners can not qualify as contract signers, due to the small acreage of corn grown for grain or to the minimum number of pigs raised on the farm.

Farmers who did not raise an average of 10 acres of corn for grain in 1932 and 1933 or an average of three litters of pigs per year in the same years can not sign crop reduction contracts to receive benefit payments. Corn harvested and placed in the silo can not be used in obtaining a base acreage to qualify for a corn crop reduction contract.

It is not necessary that a farmer qualify under both the corn acreage and the hog production features of the contract. Producers can qualify for either commodity, but those who qualify only for hogs must agree not to increase their acreage of corn over the average grown in the past two years.

Corn crop reduction contract signers agree to reduce their acreage at least 20 per cent and can reduce the number of acres still more but benefit payments will not be made on more than a 30 per cent reduction. Hog raisers agree to reduce the number of litters farrowed by 25 per cent. Corn contract signers will be paid at the rate of 30 cents per bushel, less expenses, on the estimated yield of the acres taken out of production. A farmer whose average acreage of corn grown for grain in 1932-33 was 20 acres would contract to reduce this amount by four acres in 1934. A local committee of farmers inspects the four acres taken out of production and estimates the yield of corn which that land would have produced in 1934. The contract signer is paid 30 cents per bushel, minus expenses, for this estimated yield.

Signers of hog contracts will be paid \$5 per head, less expenses, for 75 per cent of the hogs marketed or to be marketed from litters farrowed in the past two years. Farmers who sold 24 hogs a year for slaughter from the past two years' litters will be paid five times \$18 or \$90, minus the amount of the grower's share of administrative expenses.

The corn crop contract signer agrees not to increase the number of acres of any basic crop (in Michigan this would mean wheat) above the acreage planted in 1932 or 1933, whichever year was the highest. He also agrees not to plant the land taken from corn production to any crop to be harvested, except permanent pasture. The land may be planted to prevent soil erosion or to choke out weeds but such plantings may not be harvested.

The signer of a hog contract can not have any interest in hogs not under contract, and he agrees not to increase his average production of milk or its products. He also agrees not to increase the aggregate corn acreage grown by him, whether he has a corn crop contract or not. He can not increase the average number of feeder hogs purchased for feeding.

Part of the benefit payments on both corn and hogs will be made as soon as the contracts are approved. For corn, the first payment is 15 cents per bushel and for hogs \$2 per head. Payments on corn are completed with a second payment of 15 cents, minus expenses, about Nov. 1, 1934. The balance of the hog payments is made in two installments, \$2 and \$1, with expenses deducted.

Methods for placing these plans of reducing the production of corn and hogs before Michigan farmers will be quite similar to the methods used in the wheat-acreage reduction campaign. County agricultural agents will hold local meetings and explain the plan. Local farmers who are interested will then appoint temporary and permanent committees to interview farmers, obtain signatures to contracts, review the contracts, and inspect the land taken out of corn production.

Expenses for doing the work in each county or each district, in places where more than one county is included, will be determined by the charges made by local committees. The expenses for each district will be deducted from the benefit payments due farmers in that district.

Waterford Center School Notes

The seventh grade is greatly relieved to find that they did not have to take the mid-year examinations.

The eighth grade has been very busy this week taking the mid-year examinations. Richard Harer and Dean Heiple have the best marks in arithmetic.

The girls and boys of the 4-H Club are going to have a party Friday, Jan. 26.

Constance Pilcher, Rudy Jergeovich, Rachael Bomacci and Ellen Seeterlin each received a Michigan Reading Circle certificate this week.

Room I Nine first graders in Miss Bookie's room have completed the Winston Primer and are starting to read their Companion Primers on Monday.

The second grade is working on a new project of safety.

Room II We made Health Posters for Art on Friday.

We are having our monthly tests this week.

Third graders are finding the story of Pinocchio very interesting.

Fourth graders are learning the poem, "The Norse Lullaby", by Eugene Field.

Room III Rachael Bomacci was the winner in this week's spell-down.

Pupils in Miss Chamoin's room have been enjoying the story of "The Spunk Leader of the Dog Team".

The 6th grade is studying "The Swiss Mountain People" in their geography lesson.

POTATO GRADING IS NOW CHANGED

New Ruling Provides for a No. 2, With Certain Specifications

When U. S. standards for potatoes first became effective in the state of Michigan they were based largely on size, the number ones being 1 1/2 inch minimum and number twos 1 1/4 inches. Later these grades were separated due to the demand of southern shippers for lower minimum diameter on partial and immature new potatoes, and also for the convenience of local sellers of early potatoes which had not yet reached their full growth.

The rulings were then changed to U. S. No. 1 and U. S. No. 1, small, also with the permission to market new potatoes U. S. No. 1 which were 1 1/2 inches and all up, when so declared on the label.

The present ruling as applies here in Michigan recognizes U. S. No. 1 potatoes as a potato of 1 1/2 inches or

greater in diameter which is free from defects such as ill-shape, mechanical injury, second growth, growth cracks, scab, etc., with a tolerance of only 5% of potatoes which may be in any way affected with such difficulties.

The rulings now wisely provide for a No. 2 potato which may be 1 1/4 inches minimum diameter and may contain all potatoes of larger size which are not affected by any mechanical injury, second growth, growth crack, chatter or other damage which will cause a loss of not to exceed 10% in the normal process of paring.

This makes a very good potato for immediate use and if honestly graded in accordance with law will sell reasonably near the price of number ones. Therefore, contrary to the general view, it is not necessary for our growers or shippers to discard and throw away reasonably good potatoes. They should, however, and must be excluded from the number ones and sold in their proper grade as a No. 2 potato. If this practice is religiously carried out by all farmers and shippers an improvement in the demand and price of Michigan potatoes will result in a condition whereby the number ones alone will bring more money than the total crop could possibly bring through an attempt to mix both grades.

The site of Nineveh, the ancient capital of the Assyrian Empire was long unknown. The city was captured and destroyed about 606 B.C. by the Medes and Babylonians but excavations on the supposed site began in 1842 and many valuable relics have been recovered.

DEPOSIT INSURANCE.

When money is deposited in an "insured" bank you are promised by a combination of the Government and other Federal agencies, plus the combined strength of the banks through the formation of the Federal Deposit Insurance fund, that you can get it whenever you want it. Deposits up to \$2500.00 are covered until July 1st. After that deposits up to \$10,000.00 are covered.

Clarkston State Bank

MICHIGAN BELL TELEPHONE CO.

JUST SITTING AROUND, ... NIGHT AFTER NIGHT

Margaret and John have lots of friends—and are well-liked by all. But they have no telephone to enable friends to reach them easily.

So Margaret and John just sit around, night after night, missing many good times. Yet, for only a few cents a day, they could have the countless advantages of telephone service.

Besides being a social asset, a telephone helps in finding employment... in keeping in touch with one's work... in "running" errands. And it offers priceless protection in emergencies, making it possible to summon doctor, firemen or police, instantly.

Waterford Center

Mr. and Mrs. C. Matteson, of Pontiac, spent Sunday evening with James Chamberlain at his home at 6299 Highland road.

Mrs. C. E. Selmes spent Sunday evening in Pontiac, the guest of Mr. and Mrs. F. W. Selmes of Park St. Sunday School Class Party

A very enjoyable evening was spent in the school auditorium at Waterford Center on Wednesday evening of last week when approximately 35 boys and girls planned a cooperative supper at 6:30 o'clock, followed by games until 9:30 p. m. Mr. and Mrs. John Horton and Mr. and Mrs. Robert Hickson were among the guests.

Mr. and Mrs. G. D. Andress and Miss Ruth Hickson attended the dancing party sponsored by the Rifle Club in Pontiac Saturday evening.

Mr. and Mrs. Vern Selmes and daughter Janet visited the former's parents, Mr. and Mrs. C. E. Selmes on Sunday.

Sunday guests at the home of Mr. and Mrs. Charles Scott included Mr. and Mrs. Arthur Dewel and Mr. and Mrs. Al Turnbull, of Detroit.

Mr. and Mrs. U. R. Remeley entertained a few friends at cards at their home at Crescent Lake last Saturday evening. Refreshments were served later in the evening.

Mrs. Mahell Hood, of Crescent Lake, has accepted a position at the General Motors Corporation.

Mrs. A. A. Seeterlin, Mrs. Chris Jorgensen and Mrs. Carlos Richardson were recent callers at the home of the latter's sister-in-law, Mrs. Wilbur Richardson, on Airport road.

Mr. and Mrs. Harold Bird, of Hickory Drive, were among the guests at the Western Union banquet held on Saturday evening at Torry Shelby Hotel, Detroit.

Mr. and Mrs. A. Hedin spent Sunday with friends in Corunna, Ontario.

Mr. and Mrs. Hollis Brown and daughters were Sunday dinner guests of Mr. and Mrs. Roger Brummitt of Telegraph Road.

Mr. and Mrs. Harold Bird and George Tardiff, of Pontiac, spent Sunday in Detroit and attended the Automobile Show.

Drayton Plains

John H. Judd is confined to his home with a severe cold. Wesley Stevens is recovering from a case of the mumps. Dona and Reta Danford are recovering from the measles. Mr. and Mrs. John Watkins spent Monday in Detroit on business. Mrs. L. Mastin is spending several weeks with Mr. and Mrs. C. Light in Royal Oak, Mich. The Baptist Bible was held at the home of Mr. and Mrs. James Wilkinson on Thursday evening. Mrs. Frank Pearsall is still confined to her home from the effects of a fall she suffered some weeks ago. Mrs. Neil Gundry was removed to the General Hospital on Saturday to undergo an operation. Mr. and Mrs. Robert Garrison and Miss Mable Garrison spent the weekend at Mt. Pleasant, Mich. Joseph Hanggee is confined to his bed with lumbago. Russell and Donald Langdon spent the week-end with Dolton Hiltz, of Redford, Mich. Mrs. William Pelton and Mrs. L. G. Rowley spent Thursday in Detroit shopping. Mrs. Grant Beardslee, who has been confined to her home with mumps, is able to be out. Mrs. Joseph McGaffery of Drayton Woods has recovered from an attack of the flu. Mrs. C. Berkley, of Chicago, is spending some time with her daughter, Mrs. Neil Gundry, and family. Mrs. C. Sures and Mrs. Burton Smith were Sunday callers on Mrs. George Barnard. Mr. and Mrs. Walter Bishop of Detroit spent Sunday with his mother, Mrs. Della Bishop. Mr. and Mrs. Fred Girodat of Detroit spent Sunday afternoon with Mr. and Mrs. John H. Judd. Howard Stewart is recovering from the flu which has kept him confined to his home the past week. Miss Hazel Clemons spent the week-end with Miss Wanda Monroe, of Pontiac. Harold Lewis continues to be quite ill at the General Hospital, Pontiac, following a severe operation. James Stacey and daughter Clydia, of Saginaw, spent Sunday with Mr. Stacey's sister, Mrs. Arthur Hill, and family. Mr. and Mrs. J. H. Reed, of Waterford, spent Sunday with their son Everett Reed and family in Drayton Woods. Born to Mr. and Mrs. Ralph Houghton of Warren Drive, a daughter, Gertrude Irene, on Monday, January 15.

Mr. and Mrs. Arthur Button spent Friday evening in Pontiac and attended the minstrel show given in the Baldwin School. Mr. and Mrs. A. E. Mowbray and family spent Sunday with Mr. and Mrs. Nathan Burkwith, of Detroit, Mich. Mr. and Mrs. Arthur Hill and Mr. and Mrs. Malcolm MacCollum spent Sunday afternoon and night at the home of Mr. Hill's daughter at Flint. Mr. and Mrs. R. W. Robb and family spent Sunday with Mr. and Mrs. Charles Furler of Elizabeth Lake. Mrs. Lucy Nolan and granddaughter, Patsy, of Pontiac, spent Sunday with her son, Charles Nolan, and family. Mrs. Floyd Webb, of Rochester, will spend several weeks with her daughter, Mrs. Chester Patrick, and family. Mr. and Mrs. Fred Wright and family, of Cass City, spent Sunday with Mrs. Wright's sister, Mrs. Frank Jones and family. Floyd Robinson, of Detroit, spent Sunday with his sister, Mrs. O. R. Brannhart. Cecil Carey returned home with his uncle for a few days visit. Mr. and Mrs. Roy Dancy entertained Mrs. Dancy's sisters, Mrs. Arthur Taylor, of Goodells, Mich., and Mrs. Ernest Summerfield, of Hamilton, Ontario, the first of the week. Charles Nolan and sons, Charles Jr. and Norman, attended the father and son banquet at the Green Apple Club in the Lincoln High School at Pontiac last Wednesday evening. Arthur E. Mowbray, Jr., entertained five of his little friends last Friday afternoon, it being his 7th birthday. Games were played and refreshments were served. Mr. and Mrs. Alfred Zollner, Miss Edna Zollner and Clayton Nunn, of Rochester, Mich., and Mrs. Lillian Moore, of Detroit, spent Sunday with Mrs. Julia Zollner and Miss Wanda Clemons. The Home League of Drayton Plains entertained the Home League of Pontiac last Wednesday evening in the Salvation Citadel. A banquet supper was served at 7:30 with a business meeting later in the evening. Mrs. A. E. Mowbray of Seely Drive entertained her bridge club last Thursday at a delicious one o'clock luncheon. The honor guest of the afternoon was Mrs. J. P. Wells of Pontiac. Don't forget to save up a few pennies for the Aid play which will be given in the church parlors on Friday evening, February 2. The ladies have been working on this play for some time and along with special music there will be an evening of good entertainment.

Mr. and Mrs. Harry Manning and Mr. Richards, of Alpena, Mr. and Mrs. George Wallace and daughter, of Detroit, and Mr. and Mrs. J. H. Chapman, of Keego Harbor, spent Sunday with Mr. and Mrs. John Stewart of Linda Court. A most enjoyable evening was spent by the Adult Sunday School class at the church on Friday evening. After the regular business meeting election of officers for the year followed. Oliver Seibert was elected president, Ransom Robb vice-president, Mrs. Carl Kruger secretary and Earl Grahl treasurer. A delicious cooperative supper was served at 10 o'clock. Mrs. Walter Aderholdt very pleasantly entertained Mrs. Harold Van Camp, Mrs. Edward Emigh, Miss Bertena Juickinson and Mrs. Ernest Spear, of Pontiac, and Mrs. Willard Spear and Miss Thelma and Mildred Spear, of Orion, on Thursday, the occasion being the 16th wedding anniversary of Mr. and Mrs. Aderholdt and also the birthday of Mrs. Aderholdt's sister, Mrs. Van Camp. The kindergarten class in the church parlors is being well attended. Thirty-seven are already enrolled and many more children are expected. The homecraft classes are also in the lead. So many ladies have joined that the class has been divided and one group meets every Monday and Thursday afternoon from 1 to 4 and the other group Tuesday afternoon from 1-4 p. m. and Friday mornings from 10 a. m. to 1 p. m. Some changes have been made in the other classes for adults. Gardening and dramatics on Monday nights, Wednesday evenings mathematics at the school, Thursday evening public speaking and English at the school, Friday evening vocal study at the church and physical education at the school. This is a wonderful opportunity for the people to refresh their minds on different subjects and any adult is eligible to join.

WILL COVER ALL FARM OPERATIONS

In Program to Be Given at East Lansing Farmers' Week

Special programs for all types of farm business conducted in Michigan probably will be the most valuable feature of Farmers Week at Michigan State College, Jan. 23 to Feb. 2. The week begins with a day devoted to the dairy industry. Associations representing four of the major dairy breeds will hold their annual meetings during the week and two banquets are scheduled for Monday night. Members of the dairy department at the College will talk at the special meetings all five days and A. J. Glover, Hoard's Dairyman, will speak on Monday. Farm crops programs start on Tuesday and continue through the rest of the week. The Crop Improvement Association's annual meeting is set for Tuesday afternoon and the crop men have a banquet that night. Several men not connected with the College talk at the crops meetings. Two crops shows are to be held. Horticultural meetings start Tuesday and continue through the week. All of them are held in the Horticultural building. Landscape meetings are in the same building but a separate program is provided for home beautifiers. All kinds of activities are provided for livestock men. Meetings, shows, elections of officers for the breed associations, and special programs will crowd the hours from Tuesday through Friday. Most of the events for horsemen occur on Tuesday, Thursday and Friday. Soils programs are split into two sections, one for upland farmers and one for those specializing in muck soils crops. Muck farmers meet on Wednesday and the two succeeding days, and the upland soils meetings start Tuesday. Agricultural economics and farm management sections have meetings from Tuesday on through the week. Some of the most important discussions will occur in these meetings. New regulations and plans for agriculture make it imperative for farmers to get the latest information, and this will be given in these sectional programs. Problems in agricultural engineering will be discussed by members of the College staff, and the College department has several exhibits prepared to show the value of farm tools and equipment. Meetings in this section start Tuesday and are held in the gymnasium annex. Beekeepers meet four days starting Tuesday in the Horticultural building. Foresters have a one-day program on Wednesday in the Forestry building. The commercial foresters association meets Friday in the same building. Social workers and those interested in the human problems of the rural districts should attend the Michigan Country Life Association meetings held on Wednesday in the Engineering building. The Masters Farms Association meets Thursday in the Union Building, and the Master Farm Homemakers Association meets the same day in that building. The State Grange meets Friday and sponsors a Grange singing contest. The Short Course Association meets Tuesday. Many events interesting to poultrymen start Tuesday and continue through four days. Prominent poultry growers from this State and from other states appear on the sectional programs. A turkey show is one of the features of the week.

UNIQUE PULLING CONTEST ON FARM WEEK PROGRAM

A unique pulling contest will be staged as a feature of one of the evening programs during Farmers' Week at Michigan State College, East Lansing, Jan. 29 to Feb. 2, to settle an ancient and heated argument about various types of farm power units. An ox team, a span of mules and a balanced pair of lightweight horses will fight it out in this three-corner contest Wednesday evening, Jan. 31, in Demonstration Hall on the campus. The oxen, owned by F. B. Martin of Battle Creek, weigh 5,000 pounds. They are red five-year-old shorthorn twins, and are worked regularly on the Martin farm. An outstanding mule team which weighs slightly more than 3,000 pounds and has competed in pulling contests will be one of the opponents for the oxen. A team of brown Percheron geldings which weigh more than 3,000 pounds will round out the three-way battle for pulling supremacy. Because the mules and horses entered have had experience competing on a dynamometer, the contest during Farmers' Week will be held with all three spans hitched to a stone boat, in order to give the ox team a fair chance. St. Sepulchre, at Cambridge, is the oldest of the four remaining Round Churches in England and was built by the Normans in 1101. The British Air Ministry has contracted for 300 of the latest type fighting ships to train her Royal Air Pilots. These planes will have a maximum speed of 300 miles an hour. Official U.S. Maps have changed the name of the island of Haiti to Hispaniola, the name given it originally by Christopher Columbus when he discovered it on Dec. 6, 1492.

GUN PERMITS ARE NOW BEING ISSUED

Only persons holding 1933-34 small game licenses are eligible to obtain permits which allow them to carry guns in hunting areas during the closed seasons, according to the Department of Conservation. These "gun permits" are now being issued by local conservation officers and at the Lansing office of the Department. All of them expire September 30, 1934. The permits are issued upon request to permit shooting predators and other non-protected birds and animals, and to engage in target practice. Louisiana is known as the Pelican State.

New "Knee-Action" Chevrolet Gives Passengers Ride Like a Glide

In the design and development of the new 1934 Chevrolet, particular attention has been given to driver and passenger comfort, all annoying sensations of disconcerting sound and feeling having been eliminated. The upper photo shows the new Chevrolet coach with its long, sleek lines. Wind noise has been eliminated by the Fisher No Draft Ventilators and the new streamlined bodies. Chevrolet's "Knee-Action" wheels enjoy the advantage of being completely enclosed in a weathertight housing the coil springs and shock absorbers ride in a bath of oil. William E. Holler, Chevrolet's general sales manager, is shown at the left holding a chart which shows the internal construction of the system. The radiator of the new car has added beauty through its graceful and sharply pointed design. Smartness has been the theme in every line of this year's Chevrolet.

The driver and passengers in the new 1934 Chevrolet get a ride like the glide of an airplane. One of the main factors in improving the riding qualities of the new car to such a great extent is the "Knee-Action" or independently sprung front wheels, to use the technical term. So much has been written about independent springing that the public has doubtless concluded that it is something too technical to understand. As a matter of fact, there is nothing complicated about either the principle involved or the construction of the system. Chevrolet's "Knee-Action" enjoys the advantage of being enclosed in a welded weathertight housing in which the entire spring mechanism and shock absorbers ride up and down in a bath of oil. An automobile gives a perfect ride when both the front and rear springs have the same "frequency" or tension. Actually this has been impossible to carry out in the past because the front springs had to be over twice as "stiff" as the rear springs in order to hold the front axle, wheels and brakes in place. In independent springing, the wheels and spring mechanism are rigidly attached directly to the frame and there is no front axle. By relieving the front springs of the task of carrying the wheels and axle, therefore, it became possible to make the front springs as "soft" as the rear springs. When the new Chevrolet strikes an irregularity in the road, both front and rear move up and down with the same frequency—there is no inclination on the part of the rear end of the car to leap into the air and throw the passengers forward and upward. Chevrolet's "Knee-Action" has additional advantages all contributing to a comfort in riding never before thought possible in a motor car. There is a decided improvement in handling, steering, safety at high speeds and tire economy. In design, the front spring is a neat, compact and efficient unit, as Mr. Holler points out in the above picture. The entire spring mechanism is attached rigidly to the frame. From this enclosed unit the wheels spring vertically at the ends of strong, steel horizontal arms.

# STUDY OF 'POSSUM NOW BEING MADE

## Result Will Determine Fate of the Animal in Michigan

Clarkston hunters and trappers the past season reported a considerable increase in the number of opossums, and they will be interested in knowing that the State Department of Conservation has set out to determine whether the animal is desirable or a nuisance.

If the results of the studies show that its desirable characteristics outweigh its objectionable ones, the probabilities are that the state protection will be continued. If the 'possum cannot justify himself, the chances are he will be placed on the unprotected list of predators.

Paul Hickie, mammalogist of the State Department, has been detailed to make an intensive study of the opossum and the work will continue until some definite conclusions have been reached.

The 'possum is a foreigner to Michigan. There are early records at the beginning of the century of his presence in the vicinity of Ann Arbor. Since that time the 'possum has spread out through most of the southern section of the state and is increasing rapidly in numbers. In 1928-29 there was an open season the entire year on 'possum and Michigan fur dealers reported 994 pelts purchased. In 1931-32 with a season limited to one month, 4,668 pelts were reported.

This is too rapid a rate of increase in a species whose status is doubtful to be ignored, the Game Division of the Department believes.

Most of the evidence for and against the opossum now is circumstantial, according to the Department. Its fur is worth from 20c. to 60c., a little less than the value of a muskrat. It has either two or three litters a year and may have as many as 18 to a litter. They can probably stand a lot of hunting, and friends of the animal say it is valuable if it can turn carriages into a marketable product.

However, there are many who argue that the opossum is a nuisance and is destructive, especially to farm fowl and to game birds.

It is claimed that 'possums get into chicken coops and where they have been studied in the south they have been found to be an important enemy of the quail. They are said to destroy nests of pheasants and ducks and young rabbits, and are believed by fur hunters to be an important factor in reducing the number of skunks, since frequently opossums are reported trapped in old skunk dens.

Raccoon hunters dislike 'possums because their dogs frequently follow opossum trails when they might be hunting 'coons.

## LEGAL NOTICES

### Chancery Sale

In pursuance and by virtue of a decree of the Circuit Court for the County of Oakland, State of Michigan, in Chancery, made and entered on the 24th day of January, A. D. 1934 in a certain cause therein pending, wherein William F. Pierce and Ada G. Pierce, his wife, are complainants and Hannie G. Shepard is defendant, Notice is hereby given, that I shall sell at public auction to the highest bidder, at the Saginaw Street entrance to the Court House in the City of Pontiac (that being the place of holding the Circuit Court for said county), on Monday the Twelfth day of March A. D. 1934 at eleven o'clock in the forenoon, Eastern Standard Time, the following described property, viz: all that certain piece or parcel of land situated in the Village of Clarkston, County of Oakland and State of Michigan, described as follows:

The south 53.75 feet of the following described property which is part of the West half of Section 20, Town 4 North, Range 9 East; Commencing at the north ¼ corner of the said Section 20; thence due south along the north and south ¼ line 2325.87 feet; thence south 89 degrees 34 minutes 45 seconds west 618.76 feet; thence south 71 degrees 57 minutes west 608.80 feet to the intersection of the center lines of the Miller Road and Holcomb Street, which is the point of beginning of the herein described parcel; thence south 18 degrees 36 minutes east 174.58 feet; thence north 74 degrees 09 minutes 30 seconds east 266.40 feet, more or less to the Highwater mark of the Mill Pond, bordering the herein described property on the east, thence north 26 degrees 46 minutes 30 seconds west along said highwater mark 50 feet; thence north 22 degrees 26 minutes 10 seconds west 76.09 feet; thence north 24 degrees 10 minutes west 60.86 feet to the center of Miller Road; thence south 71 degrees 57 minutes west 248.09 feet, more or less, to the point of beginning.

Dated January 24th, 1934.

EARL L. PHILLIPS,  
 Circuit Court Commissioner,  
 Oakland County, Michigan.

## For Homemakers

Butter is an excellent source of Vitamin A which is apt to be lacking in many diets. Serving it at every meal and using it generously in cooking is recommended by home economics extension nutrition specialists of Michigan State College.

Dr. H. C. Sherman of Columbia University says, "Because a shortage of Vitamin A weakens the body in so many ways and increases its susceptibility to so many infections, it appears probable that differences of intake of this vitamin, more than any other, affect the general health and length of life of the people of today."

The flavoring power of butter is almost as important as its nutritional value. Butter dressings will improve the flavor of meat, fish, and vegetables. "Maitre D'Hotel Butter" is excellent served with steak or chops. Four tablespoons butter, ½ teaspoon salt, pinch of cayenne pepper, one teaspoon chopped parsley, and one tablespoon lemon juice are creamed together.

Another dressing which has butter as its main constituent is "Hollandaise Sauce." Divide ½ cup butter into three pieces. Put one piece in a pan with two egg yolks and one tablespoon lemon juice. Cook over hot water, stirring constantly with a wire whisk until butter is melted. Add second piece of butter and, as mixture thickens, the third piece. Add one third cup boiling water, beat thoroughly, cook about one minute and season. If mixture curdles, add two tablespoons heavy cream or boiling water, drop by drop and beat vigorously.

## EXPLANATION REGARDING FARM BORROWING PLAN

The agreement between the Farm Credit Administration and the Agricultural Adjustment Administration will not bar any farmer who has adequate security and is otherwise eligible to borrow, from obtaining loans for financing agricultural production from production credit associations or from private credit agencies discounting with the Federal Intermediate credit banks, according to a statement issued by the Farm Credit Administration. The only effect of the agreement is that the farmer who has not signed a production control agreement will be required to furnish, in addition to other necessary loan papers, satisfactory evidence that he plans no increase in production of basic agricultural commodities in a manner detrimental to the

## Safe Pleasant Way TO LOSE FAT

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scales today and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you four weeks. Take one half-teaspoonful in a glass of hot water every morning and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends,—"One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

Leading druggists America over sell Kruschen Salts—You can always get it.

### Wm. H. Stamp, Attorney, Clarkston, Michigan

MORTGAGE SALE Default having been made in the terms and conditions of a certain mortgage made by Edith Helen Wilcox, Mortgagee, to Lee Kerton, Mortgagor, dated the 8th day of April, A. D. 1928, and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on the 16th day of April, A. D. 1928, in Liber 52 of Mortgages on pages 412 and 413, and a certain mortgage made by Lee Kerton, Mortgagor, to Lee Kerton, Mortgagee, dated the 11th day of April, A. D. 1928, assigned to Charles H. Kerton and Mary M. Kerton, his wife, and recorded on April 15, 1928, in the office of the Register of Deeds for said County of Oakland in Liber 606 of Assignments on pages 38-39 on which mortgage there is claimed to be due at the date of this notice for principal and interest the sum of Two Thousand Ninety Dollars and sixteen one hundredths (\$2,095.16). No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Tuesday, the 27th day of February, A. D. 1934, at 12:00 o'clock A. M., Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder at the easterly entrance of the Court House in the City of Pontiac, Oakland County, Michigan, (that being the building where the Circuit Court for the County of Oakland is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at seven per cent (7%) and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid for the mortgage, necessary to protect his interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situated in the Township of Independence, in the County of Oakland and State of Michigan and described as follows: to-wit: Lot number thirty-six (36) of Moon Valley Subdivision according to the plat thereof recorded in Liber 41 of plats page 38 in the Register of Deeds Office for Oakland County.

Dated November 28th, 1933.

# TRY AN ELECTRIC RANGE

## FOR YOURSELF!

USE IT FOR SIX MONTHS—THEN DECIDE IF YOU WANT TO KEEP IT

Stop wondering whether you can afford electric cooking—whether or not you will really like it. Take advantage of this chance to FIND OUT definitely. Enjoy electric cooking in your own kitchen, with a range installed at our expense and removed at our expense.

We want you to TRY electric cooking in your own home before making an investment. To this end and for a limited period we will install an electric range without initial charge, and let you use it for six months, removing it without charge if you do not like it.

During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Electric cooking is NOT expensive. We know it—we want you to discover it. Once you have enjoyed the delicious flavor it imparts to foods, its cleanliness, its coolness and its convenience, we believe that you will never again go back to any other method of cooking.

Applications for ranges on trial installations will be taken care of in the order they are received. Call any Detroit Edison office.

THE DETROIT EDISON CO.

A study of one thousand families using the electric range showed a cooking cost of

LESS THAN 1¢ PER MEAL
