#### Liberty Theatre HOLLY

The grandeur of the earth's white mantle of snow at the North Pole is shown in vistas that will stir film audiences in "Eskimo", great epic of the Arctic filmed by Col. W. S. Van Dyke for the Metro-Goldwyn-Mayer studios. The picture will be at the Liberty Theatre Sunday, Monday and Tuesday.

Thousands of miles of ice and snow provide a background for the greatest record of a native people ever made on film. Gasps come thick and fast for the audience as they thrill to panoramas that defy description. One scene shows the "Midnight Sun" streaking a track across the ice for fully two hundred miles with the figure of a native in the foreground dwarfed to a tiny speck. Other views show millions of tons of ice shifting and rearing in the Spring "crack up' and endangering the lives of Eskimo

hunters and fishermen. Capt. Peter Freuchen's story of life and love among the natives in this northernmost point inhabited by mankind has been faithfully and beautifully recorded. Particularly amazing is the moral code of these Eskimos which permits a husband to have more than one wife and also to "lend" his wives to his friends on occasion. It serves as the root of one of the strongest dramatic situations ever to reach the talking screen. Mala, mighty hunter and eader of his tribe, is the center of plications to the secretary at once, a powerful drama in which the wrong Mr. Beckman said. the epic scenes unfold. Great spectacles in the picture in clude the caribou charge in which more than 4,000 of the horned beasts go on the rampage; walrus hunts in which native boats are overturned and men injured in attempts to escape knife-sharp tusks; natives hunting whales in small boats; blizzards and icy hyrricanes at temperatures that defied human life; polar bear ment of agriculture."

Individual performances will long be remembered by audiences because of their utter simplicity. The players actually live their roles before the camera and the spectator is never conscious that a story is being

Mala, the native Eskimo who heads he cast, is superb in physique and gives a performance that will startle the public used to Hollywood's brand of actors.

Two roles of special interest are those of Inspector White, portrayed by Col. W. S. Van Dyke, and the cap ain of the whaling ship, played by Capt, Peter Freuchen, author of the pook on which the picture was based. Col. Van Dyke put on a uniform and went through his part like a tropper and Capt. Freuchen allowed his hair and beard to grow until his appearance became that of a perfect "menace" for the picture.

#### REDUCTION PLAN FOR HOGS, CORN

County Agr. Agent Gives Further Details to Farmers

Applications for Corn-Hog reducion are now being made out by Oakland County farmers. While Oakland is not primarily a hog county according to the 1930 census being only 600, yet the acreage of corn is quite extensive, the census for 1930 being 16,927. However, a large portion of this goes into the silo. Since the plan is entirely voluntary, farmers may have the privilege of sign-

ing for either plan-Some of the things the producer will get after he signs the corn-hog

reduction contract are: 1. Thirty cents a bushel, minus administrative expenses, on the estimated production of corn, in the past five years, on the acreage that he

2. Five dollars a head, minus adbrood sows, these sows having been fourths as many litters will be farrowed in 1934 as were farrowed on the average by his sows in 1932 and

3. The regular market prices for nis corn and hogs, in addition to the benefit payments; and the probability s that these prices will be materially higher when he sells than they are

DON'T WONDER ABOUT THE

# better flavor

OF ELECTRIC COOKING-PROVE IT FOR YOURSELF ON ONE OF THESE

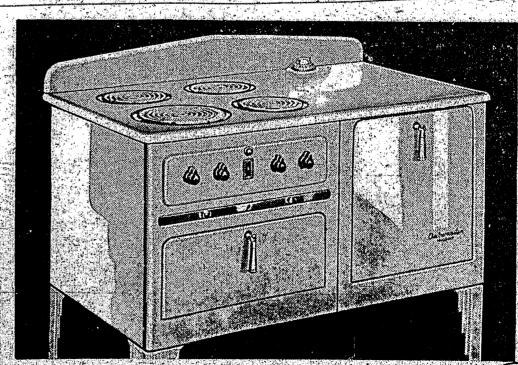

WE CAN tell you about the delicious natural flavor that electric cooking retains in foods. We can tell you that meats and vegetables cook to melting tenderness in their own juices, with all their goodness SEALED-IN. We can tell you how easy it is to bake light, finegrained cakes and flaky pastry in an electric oven. We can tell you how simply you can secure fluffy, golden-brown biscuits time after time. We can tell you these things, but the best way to convince you is to let you actually TRY AN ELEC-TRIC RANGE FOR YOURSELF.

That is what we want you to do. And to enable you to do it, we are making a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not

like it. This permits you to try electric cooking in your own home without making any investment. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

We believe that once you have tried electric cooking, you will never again be satisfied with any other kind. Send in your order for a trial range today.

# CHEVROLET ANNOUNCES a revolutionary new line of low-priced trucks

Bigger, huskier models feature an entirely new engine, giving increased power on less fuel than ever!

THE 1934 line of Chevrolet trucks—truck-built for truck service all the way through—feature the Blue-Flame engine—a great new development that will be welcomed by every truck buyer in America. Here are the remarkable facts: The new models-bigger in bodies, with stronger, heavier frames, huskier transmissions and rear axles, and larger brakes. They will deliver more power. They will haul bigger loads than ever. Yet, thanks to the new Blue-Flame engine, operating costs are

in the hauling field. The net result of all these improvements is a line of trucks like no others on the market-the first to offer such a combination of big capacity, great power and unequalled economy. CHEVROLET MOTOR CO., DETROIT, MICHIGAN

#### STATE MATTERS OF INTEREST TO ALL

Drunk driving increased 45 per cent during January, 1934, as compared with January, 1933, acording tc records of the Department of State. The information reaches the department through the financial responsibility and the motor vehicle-operators license laws:

In January of this year there were 168 persons who either pleaded guilty or were found guilty of drunk driving or 52 more than in January of the year previous.

Since the financial responsibility law became effective last Oct. 17, a total of 659 motorists have been found guilty of some major traffic violation and have come under the provisions of the act. Of this number but 49 have been able to show proper proof of financial responsibility as demanded by the law.

Sale of windshield sticker permits under the two-payment plan allowing legal use of 1933 plates until August 1. 1934, will start Feb, 23, according to announcement by Secretary tof State-Frank D. Fitzgerald.

Under this plan, motorists, upon payment of one-half of the weight, tax will receive a permit which must be fastened on the lower right hand corner of the windshield. With this sticker in place, the 1933 license plates can be used. In event that the legislature reduces the annual weight tax in the next few months, proper adjustment will be made when the second half of the weight tax is paid, if authorized by the legislature, Mr. Fitzgerald announced.

## MICHIGAN BELL TELEPHONE CO.

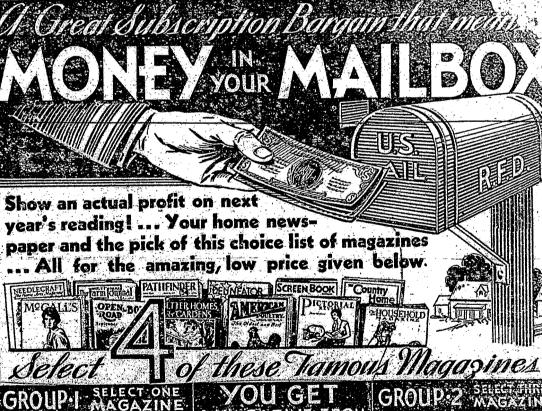

## IT'S INCONVENIENT AND EMBARRASSING FOR BOTH

Repeated requests to use a neighbor's telephone soon prove embarrassing and inconvenient for both persons. The "borrower" has to leave her house, even in bad weather, to use the telephone. The accommodating neighbor is interrupted in her work or rest. And sometimes she even is asked to deliver a telephone message!

You can have your own telephone at a cost of only a few cents a day! It will pay its way in the

convenience and protection it provides for the entire family. Any Telephone Business Office will furnish complete information; and take your order.
