Religious Dramas at Hartland Next Sunday

Next Sunday, Mrs. Merrill will again present the "Will-O-Way" Players in a one-act Easter play called "The Dust of the Road". The story is about the visit of Judas to a man and woman contemplating theft and what came of it. This play is so very appropriate for this season and is classed along with "Peter, the Rock".

The Dearborn Dramatic Guild will also present "The Painting of the Duchess", a religious legend. This story takes place in medieval Europe. The cast include A. Charcoal Vender, a Tinker, a Beggar, Dame Margaret, Dame Elsa, and the Apple Woman, also villagers and children, an artist, a gentleman of the Duchess' Court and the Duchess, a tyrannical woman.

Everyone is most cordially invited to attend. No admission will be charged but a silver collection will be taken.

The Hartland Area Music Festival will be presented the first week in April beginning on Easter Sunday afternoon and ending on the following Friday evening. No tickets are being issued this year. No admission will be charged but a silver collection will be taken to help defray expenses.

Births

Born to Mr. and Mrs. Raymond Jewell, a son, on March 8.

The University of San Marcos in Lima, Peru, founded in 1551 by the Jesuit priests who accompanied the Spanish conquerors to South America, is the oldest seat of learning in the Americas.

Fair Play

The Clarkston News is an impartial servant of the Community it serves and as it is the one newspaper read by everyone, it is politically independent. It believes in clean politics and will not, under present ownership, publish letters tending to criticize any or all candidates. The News would encourage the better class of office seekers and does not believe in forcing any candidate to run a gamut of abuse in the press which might keep out of the race one perhaps better fitted but who does not wish to stand for such unfair criticism.

P. T. A. PLANS INTERESTING PROGRAM

A Very Attractive and Colorful Sketch to Be Presented

Everybody in town should attend the P. T. A. meeting at the High School next Wednesday evening. Besides the regular business meeting, which usually takes up but a very short period of the time, the grades under the supervision of Mrs. Beardslee will present a Dutch sketch. Windmills, tulips, Dutch costumes and the smiling faces of our boys and girls will brighten the scene and make everybody happy.

The school orchestra will again display the talent that is evident in the younger Clarkston group and to let you in on the secret we will tell you that the High School chorus is figuring on giving a preview of some of the numbers to be used in their Minstrel show.

Don't forget there is always a few minutes to chat and mingle with the other parents and the teachers. All in all, there is a good time in store for you if you attend this P. T. A. program next Wednesday evening, March 21.

Village Election Held Monday, March 12th

At the village election held Monday small interest was shown, there being only one ticket in the field.

Casper Warden was elected president; Percy Craven, clerk; William Baldwin, treasurer; Frank Leonard, Frank Howland, Roy Gundry, trustees for two years; Lewis Chamberlain, assessor.

SEED LOANS MAY NOW BE OBTAINED

Committee Announces Early Applications Are Advisable

Announcement is made of the appointment of Ray Duncan, of South Lyon, Henry W. Wedge, of Troy, and Lee Brooks, of Milford, as the county committee by the Emergency Seed Loan Administration of the U. S. Department of Agriculture.

As the result of the passage by Congress and the signing by the President this week of the Emergency Seed Loan bill, the committee has been advised that loans of an emergency nature will be made in Oakland County again this spring. Last year about \$30,000 was loaned to Oakland County farmers on crop mortgages. A good share of the money has already been paid back on the 1933 loans.

According to a statement made by the President when this bill was signed, emergency loans this year will sort of taper off so they will not be available in 1935. It is the intention of the government to place farm credit on a more permanent basis and so the Production Credit Corp. has been set up to function permanently. Loans can be made through the emergency fund from \$25.00 to \$250.00. Applications for more than \$150, however, must first be made to the Production Credit Association. The emergency seed loan fund is limited to the purchase of seed, feed, fertilizer and spray material or for the necessary cash expenditures in putting in crops. The money cannot be used for an increase in the production of basic commodities which the farmer has been growing during the past two years.

Applications for loans will be available in about ten days through the office of the County Agricultural Agent in the Post Office Building, Pontiac. The time required to put through a loan is about three weeks. Farmers who expect to borrow from this fund should get their applications in early. Announcement will be made through this newspaper as soon as applications are available.

COMMENT AND CRITICISM

Imagine what I saw in Clarkston this week. That truck of Earl Walt's needs greasing now and then. However I never realized that they greased the same by running the two front wheels on Kenneth Anthony's hydraulic jack and leaving the two rear wheels on the ground. I would call that greasing on installments.

My favorite radio program, if my favorite anything means anything to you, is some comic sketch. There is enough sorrow and seriousness in the world so that however much comic change you can work into your daily life, the change will be beneficial.

I miss that big wholesome smile and greeting of Rev. C. E. Edwards. Be glad when he is out around again.

Winchell's Flash Column

Editor's Note: We regret to say that your beloved friend, Walt Winchell, has passed on (out the school entrance). However his faithful ghost is going to carry on in his pencil tips, and preserve this well known column. We hope the public will not regret this too much. The ghost will do his best to make this spurge interesting.

Flash—

Right off the press—D. A. known as Durward Ah is in my mind a future comedian. He just exposed that froggy voice of his and if you really want to have some fun ask him what the "last words" are.

I wonder how Dewey is coming with his play lines.

Harold Konzen is destined to be a second Fritz Kreisler.

A complaint—E. C. quit singing in the type room the fifth hour. You'll get the others spinning dreams on the typewriters.

What's this I hear? E. B. and another Senior Gentleman?

For Homemakers

Carbon tetrachloride as a successful means of removing perspiration stains from silk fabrics is suggested by home economics specialists of Michigan State College.

Begin working from the wrong side of the garment, laying it flat on absorbent material such as a blotter or several thicknesses of cotton, and sponge carefully with water, working toward the center. This will remove all water soluble material. Carbon tetrachloride is then applied to remove the grease. Tapping with a chamois will remove every trace of the stain.

Paint can be removed easily if treated before the stain becomes hard. Apply turpentine to the spot to soften it, then carbon tetrachloride to remove the grease. Varnishes may be removed by the same process, or slightly warmed alcohol is equally successful.

Certain kinds of ink can be washed out with water if treated immediately. Other ink stains may be treated with a weak solution of oxalic acid, washed or sponged out, following this with a weak solution of ammonia. Rinse thoroughly with water before allowing to dry.

Cold water is used to soften egg stains, and then may be washed out with soap and warm water.

One of the new methods of removing protein stains, such as white of egg, ice cream, and blood, is to apply a digestive agent, solvase, and then flush the stain with clear water.

The United States Navy was the first regular customer for radio telegraph apparatus in this country.

BAKED ELECTRICALLY

try them for yourself in the oven of one of these new TRIAL ELECTRIC RANGES!

SPLIT open one of these baked potatoes that really *make you hungry*—smell the aroma of its steaming hot, fluffy tenderness! Add a lump of butter, garnish with a sprig of parsley... then enjoy this flavorful and nourishing treat. In an electric oven the gentle electric heat penetrates the potato thoroughly and evenly. That is one of the reasons why electric baking is probably the most healthful method of preparation.

★ We want you to try electric baking in your own kitchen. We want you to enjoy electric cooking without making any investment or being under any obligation. So we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Since this trial plan was begun a short time ago, over 1500 of our customers have taken advantage of the offer. Send in your application for a trial range today!

Liberty Theatre
HOLLY

Beautiful Dolores Del Rio enacts the most thrilling romance ever experienced by a girl, in RKO-Radio Pictures' musical extravaganza, "Flying Down to Rio", at the Liberty Theatre Thursday, Friday and Saturday of this week.

Loved by two handsome screen heroes, Gene Raymond as an American and Raul Roulien as a Latin-American, she is first virtually kidnapped by Raymond who soars aloft with her in his "flying plane" and woos her with original compositions. Later she is spirited aloft by Roulien, but Raymond gets aboard the same plane; and in the climax Roulien is bested at love and Dolores and Raymond are married far above the clouds by the plane's pilot.

The production is enacted by an all-star cast including Ginger Rogers and Fred Astaire, celebrated idol of New York and London, and a chorus of 200 beauties, selected from 10,000 applicants.

Thornton Freeland directed, Vincent Youmans wrote the music, Edward Eliscu and Gus Kahn the lyrics, Ann Caldwell the screen play and Lou Brock, Supervisor, contributed the original story.

A great character enacted by the greatest of character actors is the chief attraction of "One Man's Journey," the RKO-Radio Picture coming to the Liberty Theatre whose supporting cast of May Robson, Dorothy Jordan, Joel McCrea and Frances Dee is headed by the inimitable Lionel Barrymore.

Barrymore's character is that of a simple country physician who is a great human benefactor, but nonetheless considers himself a failure. While the story centers chiefly about the doctor's activities, it is rich in youthful romance, with Miss Jordan and James Bush the central figures of an absorbing love affair, and McCrea and Miss Dee the principals of another. Even Barrymore enjoys a "December romance" with the veteran actress, May Robson, who is seen as his housekeeper.

Barrymore's performance, it is contended by previewers, ranks as one of the finest of this outstanding star's long and brilliant career.

"One Man's Journey" will be at the Liberty Theatre Sunday, and Monday, March 18-19.

Elias Howe, a native of Massachusetts, inventor of the sewing machine, was a long time trying to get any of his countrymen interested in his invention.

STATE MATTERS OF INTEREST TO ALL

Digest Prepared in Office of the Secretary of State

As soon as the governor signs the bill providing for a 36 per cent reduction in the cost of automobile license plates, the Department of State will start making refunds to the approximately 200,000 motorists who have purchased 1934 plates at the old high rate.

The bill provides that weight taxes be reduced from 55 cents to 35 cents per hundred weight.

All refunds will be made from Lansing and will be mailed to the automobile owners; it was announced, and motorists will not be able to secure their refund checks from the branch office where they purchased their 1934 plates.

Secretary of State Frank D. Fitzgerald has announced that 1933 plates may be used for 10 days after the new bill becomes effective. This "grace" period was allowed so that motorists would not be compelled to wait in line long hours in order to secure their new license plates. The two-payment plan of paying the weight tax will continue in force this year, it was announced.

How many families in Michigan move each day without leaving a proper forwarding address at their old home?

While accurate statistics are impossible to secure, records of the title division of the Department of State indicate that from five to seven families out of each 1,000 families do this daily.

For the past few weeks, approximately 2,000 motor vehicle titles have been mailed out by the department each day. And from 10 to 15 titles are returned each day with the notation by postal authorities that the person to whom the envelope is addressed cannot be located.

All titles returned by postal authorities unclaimed are held in a special file until the motorist writes in to the department, giving the new and correct address.
