Our forefathers fought for liberty, which was expressed in their desire to have a voice in running the government. Better to take a little time and vote, now, than spend some of the time you used to take to knock and have a good time.

Richard Barthelmess' newest picture for First National, "Massacre" which will be shown on the screen of the Liberty Theatre for the first time next Sunday and Monday, is said to be the most pretentious production in which the star has appeared for many vears.

The picture, which deals with the American Indian of today and his conflict with modern civilization, combines picturesque and colorful spectacles with dynamic drama and a unique romance.

Barthelmess has the role of a Sioux brave who has been educated at Haskell. Steeped in the ways of the white man and ignorant of the conditions of his own people he begins his career as a circus rider and wins the plaudits of white girls for his dare-deviltry. He is lionized by a wealthy society girl seeking new and unusual thrills.

Called back suddenly to his reservation, his eyes are opened to the pitiful plight of his people by an

Indian maid who has fallen madly in love with him. Cocksure of himself, he tries to take things into his own hands and starts a series of thrilling

and dramatic incidents that wind up with the smashing climax of an Indian uprising.

The Department of State will issue weight tax refund checks at the rate of 5,000 a day, if possible, Secretary of State Frank D. Fitzgerald announced last week. Refunds are to be made to both purchasers of 1934 license plates and o purchasers of the half-price windshield permits: In all about 250,000 motorists will be mailed refunds. These range, for the most part, from \$5 to \$8. The speed of refunding is governed by the state's check-writing equipment. It was decided that the purchase of additional equipment would be a waste of money. For that reason, about 10 weeks will be required to mail out all refund checks. The

refunds will be sent from the main office in Lansing. Branch offices, which issued the plates, will not make refunds, Motorists, under the extension of Bed and Fertilization for Corn and time allowed by Mr. Fitzgerald, may Beans"-Paul J. Rood, Soils Departuse 1933 license plates until March

## A TELEPHONE PAYS ITS WAY

There are fewer lonely days and dreary evenings for those who have telephone service. It brings you the voices of friends and family, and takes yours to them. And when impromptu "get-togethers" are arranged, those who can be reached by telephone usually are the ones invited. A telephone is worth its cost in social advantages alone. Also, it helps find employment, saves trips to the stores or elsewhere in stormy weather, and is PRICELESS PROTECTION in emergencies, enabling you to summon doctor, firemen or police instantly, day or night.

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week,
