In the sub-division south of Clarkston the grass clean-up squad were at work last Sunday and what a clean sweep they made. Before mid afternoon, the swamp and all the vacant property as far south as the Sam Morgan home was one black mass. When Ed Secterlin and his son Dick start out to do anything, they do it allright and stick to the finish. Their helper, Howard Huttenlocher, seemed

to enjoy himself. Anyway the three of them made a good job of it. **Blue and White Flash Clarkston School News**

> **Liberty Theatre** HOLLY

Preceded by keen pre-opening interest, the screen version of Louisa M. Alcott's classic, "Little Women," is to be seen at the Liberty Theatre Sunday, Monday and Tuesday.

The production, featuring a cast of 20 character artists headed by Katharine Hepburn, established a unique record in filmland long before actual production work began, when approximately 200,000 film fans wrote the RKO-Radio studio requesting that the story be made just as written, and not modernized, as was the studio's alternative project.

The tone of the letters indicated that the estimated 20,000,000 people in America alone who have read the great classic of home life would rather consider tampering with the letter and spirit of the original work uncalled for. School children, it was pointed out, have been taught to be- from Clyde and the McKeachie trio that the story represents the

hest ideals of youth. It was these letters that led to the decision to spend a fortune authenticating the period settings.

The Alcott home in Concord, Mass. where Louisa M. Alcott drew her characters from real life, was repro-duced in its entirety at Hollywood. The home was photographed inside and out, and these photographs were used as models for the settings.

Players selected for leading roles were not only chosen for their histrionic ability but for their resemblance to Louisa Alcott's descriptions of her characters.

Miss Hepburn plays Jo. The supporting cast and the roles they enact are Joan Bennett as Amy, Frances Dee as Meg, Jean Parker as Beth, ments were self-served with Mrs. Paul Lukas as Fritz Bhaer, Edna George A. Hill and Mrs. K. Burk-May Oliver as Aunt March, Douglass Montgomery as Laurie, Henry Stephenson as Mr. Laurence, Spring Byington as Marmee, Samuel Hinds as Mr. March, Mabel Colcord as Hannah, John Davis Lodge as Brooke and Nydia Westman as Mamie.

TRIBUTE PAID TO RURAL CARRIER

Patrons of Route 1, Davisburg, Honor Retiring Public Servant

A very pleasant event took place Wednesday evening, March 21, at the White Lake church when the patrons of R. F. D. 1, Davisburg, tendered Harry L. Thompson, rural carrier, and Mrs. Thompson, a reception, honoring Mr. Thompson for his more than a quarter of a century of faithful, efficient public service. Mr. Thompson's father, John Thompson, was the carrier at the time the route

was established April 1, 1902. He served for about eight years, with his son as substitute carrier, and on his retiring, Harry became the regular carrier.

There was a company of about one hundred people to do them honor and also honor John Thompson, who reached his 89th birthday the same day. After a social time a short program was given consisting of instrumental numbers by the Baker trio from this place, vocal solos by Robert Percival of the White Lake Inn, Billy Baker of Clyde and Miss Eileen Dickel of White Lake and a reading by Miss Clara Schneider. Stuart Patterson was chosen to present the chair that was given. He read a poem written in behalf of the R. F. D. patrons by Eliza L. Goodell and added some well-chosen remarks of appreciation of Mr. Thompson's

service. Rev. George A. Hill made a few remarks. Following the presentation both Mr. Thompson and his father gave some of their experiences on the route which were very interesting, and Mrs. Thompson also made a few

remarks. After the program, light refreshhardt presiding at the table where coffee was served,

It is with very sincere regret that the retirement of Mr. Thompson is received by his patrons and friends.

Sr. Classes for all.

Mr. and Mrs. Frank Jones spent Sunday with Mr. and Mrs. William Parks and family near Rochester, Michigan.

The Good Friday services will be held as usual from noon until three o'clock in the Central Methodist Church.

The heavy snow storm helped the Grand Trunk Railroad on Tuesday evening when six young ladies alighted from the 5:40 west bound train at Drayton Plains.

Mr. and Mrs. Orin Huntoon, of Pontiac, spent Tuesday evening with CREAM Mr. Huntoon's mother, Mrs. William Huntoon, and sister, Mrs. May Hall

The Adult Bible class held their regular monthly party and business meeting at the church last Friday evening. Instead of the usual pot luck supper the ladies prepared unusually nice boxes and they were auctioned off to the highest bidder. Ransom Robb was the auctioneer and everyone was well pleased with the

results. Games were the feature of the evening.

The Home Demonstration group, met Wednesday for its all day regular meeting in the church parlors. A cooperative luncheon was held at noon. The business meeting was called to order at 1:30. The lesson on "Finishing the Kitchen" was given by the leaders, Mrs. Charles Nolan and Mrs. Emil Koop. Achievement day will be held in Pontiac on May 15. The place will be announced later.

The Community United Presbyterian choir enjoyed a very pleasant evening at the home of Mr. and Mrs. William Chamberlain near Sashabaw Plains last Thursday evening. A delicious pot luck supper was served at seven o'clock. The choir spent the evening practicing their cantata which will be given Easter morning.

POTS and pans used on an electric range are as easy to wash as any china disheven after long use. You do not have to scour utensils after each cooking operation and there is no caking of grease to discolor them. An electric range cooks with pure, concentrated heat-without flame or smoke or soot. There are no products of combustion as in a fuel-burning stove-nothing to blacken pots and pans or soil kitchen walls and curtains. An electric range supplies only PURE HEAT from a glowing wire. Electric heat is as clean as sunlight.

\*We want you to try electric cooking in your own kitchen-without making any investment or being under any obligation. So we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let

you use it for six months, removing it without charge if you do not like it. Duwithout charge if you do not like it. Du-ring the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense.

Since this trial plan was begin a short time ago, over 1500 of our customers have taken advantage of the offer. Send in your application for a trial range today!

# STATE MATTERS OF INTEREST TO ALL

# Digest Prepared in Office of the Secretary of State

During the last half of 1933 Mich gan building and loan associations

paid to shareholders \$413.042.68 on filed applications for withdrawal of funds, and in addition to that, also paid them \$1,887,018.90 to relieve ecessities, or a total of \$2,300.061.58.

Reports indicate that loans are being made, some new money is beports. ing invested, and that men who have obtained employment are resuming payment on their mortgage loans. In Michigan there are 66 associations which are under the supervision of the building and loan division of the Department of State.

For the youthful collectors and traders there is a word of warning concerning surcharges and is a fine piont to be considered. If it is not an honest overprint, not changing the use, value, place or date, it does not create a new variety. A United States stamp with legitimate overprint was made in 1924 surcharged "Shanghai, China" for use in the Yankee postoffice in Shanghai. Also the 1c, 2c and 15c postage due stamps are surcharged with 2 lines of capital letters, "Canal Zone",

Occasionally the colors of stamps must be changed. In one case a 12c U. S. stamp was so near the color of a 2c issue, both shades of carmine, that the former was changed to mahogany or claret brown. It is also interesting to note that a 3c and 50c issue were so nearly alike as to be confusing and mistakes were often made in a 1c and 11c green.

Slight variations in such colors as brown and orange brown, brown orange, red brown and brown vary dollars in value.

Add these to your list of silly rumors. Many reports are reaching
