Clarkston Schools Call to Students

Opened on Tuesday, Classes Are Working on Schedule

Tuesday the Clarkston Schools opened for the year with an enrol-ment of 159 in the High School and 111 in the grades, under the capable supervision of D. M. Winn, assisted by a staff of efficient teachers. In the three days intervening, as we go to press, the classes have been organized and are running on regular schedules

The 5th and 6th grades occupy one of the rooms on the ground floor was finished under the CWA projects.

The new courses which were added this year have proven quite popular and should make a valuable addition to the curriculum.

The cinder track around the athletic field has been completed giving the school quite a complete plant for the education of the child outside of the school.

Athletic news will be forthcoming next week and as soon as the high school editorial board can be organized we will again start the publica-tion of the Blue and White Flash.

CANDIDATES COVERING COUNTY IN AN INTENSIVE CAMPAIGN TO MEET VOTERS

What has probably been the campaign with the most candidates for some time will close next Tuesday. Michigan is one of those states that employs the primary "system" of electing candidates for the fall election, hence Tuesday's election will eliminate all self appointed nominees and substitute the choice of the people as to who shall "run" on the various tickets.

Announcement

On and after October 1st, 1934, the interest paid on Savings Deposits will be computed at the rate of two per cent per annum, instead of the present rate of two and onehalf per cent.

Increasing deposits coupled with the lowyields obtainable on high grade investments that will measure up to both Federal and State present-day requirements make this reduction necessary.

We trust that this change will be only temporary and that interest rates on qualifying savings investments will soon be again at a level that will justify a higher interest rate.

ROY N. REYNOLDS, who is completing his first term as Sheriff of Oakland County, is seeking his second term. Sheriff Reynolds, who established himself as the respectable and efficient head of this important department, seeks re-election on the Republican ticket in the primaries next Tuesday, September 11th.

No time could be more appropriate than the present to review his work and record since he became Sheriff of this County January 1, 1933. Two things stand out above all others. First, he has stamped out organized gambling in Oakland County.

The guns of the racketeers are leveled at him because of his determined and persistent drive against slot machines and other forms of gambling and outlawry. Evidence of why they are waging a bitter and venomous fight against him is the stack of slot machines, gambling tables and other equipment of illicit "business" piled high behind the bars at the county jail. .

He wrecked their illegal operations from the day he took the oath of office. While some of our neighboring counties continue to be "alive" with slot machines and gambling dives, this county is clean. Such a record on the part of any Sheriff is a noteworthy accomplishment.

The second outstanding fact is that the sheriff's department has been operated in this efficient manner at a saving of nearly \$50,000.00 per year under the cost of the department in the immediately preceding years. Here are the official figures:

1929	***************************************	\$169,350.86
1930	d	186,868.78
1931		156,339.45
1932		134,439.50
1933		85,611.46
1934	(six months)	46,083.83

These figures are from the records in the Oakland County Board of Auditors offices. The net operating cost for 1933, the first year Sheriff Reynolds' term, was \$80,518.80, or \$781.20 less than the drastically reduced budget fixed by the Board of Supervisors for the Sheriff's Department.
