The committee is waiting for you to call in order that they may get the tag ready for your article and so save a great deal of hurrying and scurrying that day, because you realize there is always heaps to do at the last minute.

All committees are working hard to make this event a successful one and with your help, well, it will certainly be the biggest event that has been undertaken here for a long time Some of the exhibits that are already available are beautiful and you will surely want to see them. This year more than any year for a long time handwork is the main diversion of the day. Crochetting, knitting, quilt making, tatting, spinning and all kinds of needlework is being indulged in. What better place could you go for suggestions than to the Clarkston Methodist Church next Wednesday evening, have dinner there and then take your time to see

program starts. If you cannot be at the dinner, at tend the quilt exhibit afterwards. The charge for the quilt exhibit will be ten cents.

Do not neglect to call some member of the committee if you have an article to display. They would appreciate your co-operation. The committee is: Mrs. Walter Barrows, Mrs. David Miller, Mrs. Fred Stewart, Mrs. Mrs. Howard Huttenlocher and Mrs William Stamp.

County: . more correctly, the "37," who walked aged when cured in the ordinary way. lege farms department. an Convention yesterday. The more I think about it the more I am glad. it was done. I do have one regret, nowever, which I want to voice, but first let me go back a short way in our party history.

A few years ago we used to go to a county convention, any Republican who wanted to go, meet in Court Room No. 1 as we did yesterday, elect a chairman, go through the routine of appointing committees, and struggle to find sixty-four delegates who would go to the State Convention. We found that Eddie Barnard always controlled the Wayne Delegation, were glad that ours was free from any organized influence and came home.

that picture Two years ago changed in this County. We began hearing of George Martin from Ferndale. I wondered who he was He seemed to be rather a mysterious character, however it soon was whispered around that he was the State head of the Ku Klux Klan, then that he organized the "Oakland County Betterment Association," and I believe a league of, some kind. Well, we found at the County Convention two years ago that he had enough this evening, October 5th, at 8:00 delegates there to make himself o'clock. Everyone invited to hear this chairman of the Convention and run it to suit himself.

Two years have passed, another convention passed into history yesterday, and again the organization which George Martin represents controls the Republican machinery in the County of Oakland. So much for the resume, now let's get down to brass tacks.

When George Averill read the declaration of purpose," which preceded our walking out of the convention, he mentioned a "sinister influence" behind the election of Mr. Coulter. Personally, I have no fight with Mr. Coulter, but when Mr. Averill was called on by Mr. Coulter to name the "sinister influence," he read the "open letter regarding Mc-Kay" (in which I concur), but failed to mention the Martin (George) influence which we believe to be the Klan, regardless of what it is called.

I reproach myself for this. He was under the stress of the moment ment has heartily been endorsed by and I should have taken the floor and Dr. A. J. Randles, secretary of our supplemented his remarks. I can never forgive myself for not thinking of it at the time.

What a travesty on the spirit of Abraham Lincoln to think that an organization which (1) fosters race prejudice; (2) fosters religious prejudice: (3) pits Jew against Gentile: (4) pits white against black; (5) pits Protestant against Catholic; should be controlling the Republican Party in this great county. I do not believe there would be more than a handful of those delegates present who concurred in the Klan spirit and yet, because they did not know what the situation was, they were led to give their active support to Martin's (George) machine.

I am a protestant and a Mason and the only thing I am intolerant of completely destroy the nutritional is intolerance. As long as God lets value of the foodstuffs. were a poisonous snake wherever I find it. We have no room for it in the Country, and least of all in the Republican Party.

I view yesterday's events as a very Grandma on her many years and on behalf of the guests wished her many more.

Everyone present had a part in the special gift which was a lovely sewing cabinet. Many personal gifts were also received.
