They met at the church at 6:30 for a pot-luck supper and all who attended enjoyed their meal and the meet- 25 yard line where Yost was caught ing that followed. By all reports there was plenty to eat.

The business meeting was called to order by the vice-president, Mrs. Walter Barrows. The class was invited to the Barrows home for their November meeting. Mrs. Charles Hutton will be co-hostess. A discussion followed which resulted in deciding to have a surprise program for fall, the regular center, will be in each meeting. The program is to be physical condition to play. The game planned by the hostess.

Many ways in which the class could do real work were discussed and some of the plans are to be adopted. The class talked of forming a Secret Service Circle with Mrs. Elizabeth Ronk as secretary.

The meeting was beneficial to all in attendance and the officers are anticipating a larger gathering in November.

BUY ALFALFA SEED EARLY THIS FALL

Crop Is Short of Varieties Suit able in Michigan

Michigan farmers , who expect to buy alfalfa seed for sowing next spring should locate their seed early because the crop is short and varieties not suitable for this state may appear in the market later, according to the farm crops department at Michigan State College.

Michigan produced 2,600,000 pounds of alfalfa seed last year but the 1934 crop is not expected to be more han two-thirds as large. This Mich papers were read, one on the subject igan seed is well suited for use here but, as prices are high, much of the supply will probably be moved outside the State. This year's crop is Flowers of Michigan" by Mrs. C. E. not large enough to supply the Michigan demand if all remained here.

Montana, Idaho, Minnesota and the Dakotas produce alfalfa seed adapted for use in Michigan but the crops in all those states except Idaho are short this year. Southern grown seed To Leave for France is nearly worthless in Michigan. It germinates and grows during the summer and fall but kills out during Michigan winters.

Foreign alfalfa seed from warm countries is also a poor buy. It has the same disadvantages for Michigan as seed produced in the southern

The Michigan seed law requires al alfalfa seed to be sold in bags marked with the place of the seed's origin. Federal laws require that imported seed shall be stained with fourteen year old son will attend a dye so farmers will know where it came from. Buy Michigan or northern grown alfalfa seed.

Showing the complete reversal of form since their dismal showing against South Lyon a week ago the fighting Clarkston line held the veteran Milford team to a nothing to nothing tie. Clarkston's backfield was crippled by the absence of the regu-lar fullback and injury of Tucker earlier in the game which made necessary the shifting of positions and the use of inexperienced men. Consequently Clarkston's offense was unsuccessful and poor punting kept them in their territory practically all of the last half. Milford threatened to score on several occasions in the last quarter but failed in each attempt on account of penalties. Clarkston's only threat came early in the first quarter when Yost running from punt formation behind excellent blocking carried the ball from Clarkston's 20 yard line to about Milford's from behind after stumbling from

JACKIE COOPER IN "PECK'S BAD BOY'

Will Be Attraction Two Nights at the Holly Theatre

Suggested by, rather than adapted from, the famous "Peck's Bad Boy" stories that delighted readers a generation ago; the Fox Film screen Theatre, has Jackie Cooper as its star and Thomas Meighan in a story role. "Peck's Bad Boy" is in no ense a "kids" story. It is a rich human document.

Jackie, as Bill Peck, believes himself to be the son of Henry Peck, widower, but is actually the latter's adopted son. He is happy with his foster father until the arrival of Aunt Lily and her small son, Horace. These two set out to alienate father were given by Mesdames Barnhart, and son so that Horace may usurp Brown, Stewart, Jones, Dancy, Kell-Bill's place in the Peck household. They nearly succeed.

An episode adapted from the origto a climax by diverting to Bill the Mrs. Frank Jones, chairman, took blame for a piece of mischief done be held with Mrs. Frank Phelps on when Horace comes and tells him the

> Before the film is ended, however he has learned that his father could be no more devoted, were he his own flesh and blood. The story is said to reach its climax on a note of profound human understanding and with high-voltage dramatic effect.

> According to advance accounts Jackie Cooper has the finest role of his screen career as young Billy Peck. Both in its moments of comedy and in moving delineation of a small boy's heart-ache, it is said to

> surpass anything he has yet done. A notable cast includes Thomas Meighan, as the father; Dorothy Peterson, as the designing aunt; O P. Heggis, Jackie Searl and Henry

HOLLY THEATRE IS OPENED TO PUBLIC

First Presentation of Pictures Was Given Last Sunday

Holly now has one of the finest little theaters of which any town can hoast—the Holly Theatre, opened to the public last Sunday, under the ownership and management of A. Krikorian, who as manager of the Liberty Theatre, now closed, gave the people of this community the best movie picture house they have ever

resented with roses as compliments f the management.

The theatre seats a few over 300, the chairs are comfortable, arranged with plenty of space between the rows and so placed that the occupants look between the persons in front, not at their backs, and the aisles are wide. The heating arrangements have not been used, except for a test, which was highly satisfactory ters in the ceiling and the cold air

goes out at the floor. The new screen presents the picthe benefit of the disabled war vet- tures in close detail and is hung on erans netted over \$9.00. Miss Ernest a recessed stage and surrounded by ine Barnhart, chairman, made the most sales. She was assisted by minor adjustments now remain to be Esther Washburn, Norma Cross, Ken-effected before every feature of the neth Milleur, Catherine Jones and theatre will be as near perfect as modern developments make possible.

For Homemakers

The knitting needle and the crochet-hook seem to be well on their vay toward enjoying the full measof their old-time popularity.

these garments is an important one, The loyeliest piece of woolen can be easily ruined by improper handling in washing.

All knitted garments should be measured before laundering, so they can be stretched to their original size and shape before drying. Use an abundance of lukewarm water, 90-100°F for washing and avoid any change in temperature.

· Use a mild soap and no strong washing powders. Make suds in the water rather than by rubbing soap directly on the garment. Gently work in the suds by squeezing rather than by rubbing the article. A kneading motion will prove effective and is not nearly so hard on the garment.

The same even temperature of 90-100°F is used for the rinsing. Never allow the water to boil. Squeeze the garment from the last suds and rinse thoroughly in several changes of lukewarm water the same temperature as the soap solution.

CAMPAIGN ADVICE

(Charlotte Republican)

The campaign is getting under way. Don't believe anything wriften or spoken in opposition to a candidate after October 25th. Whatever is privileged and deserves to be told or printed, should be given to the voter on or before that date. All such charges are known today. The public is entitled to the facts concerning the viewpoints and personal character of men seeking its favor and support, but there is not going to be any changes in these facts between Oct. 25 and election day. In other words, give everyone plenty of time to reply to any and all charges-if they deserve such suggested dignity. There is considerable merit in this paragraph from the October Valve World, house organ for the Crane Co. of Chicago:

"A newspaper writer, famed for the vitriol of his attacks on men of opposite political views, is noted also for his solitude. He has few friends among the enemy. The reason, he says, is simple: 'I can't know a man and hate him.' When Carl Sandburg, the poet, was a young man, he was a socialist and worked on a radical neswpaper. He was especially hostile to Julius Rosenwald, the head of Sears Roebuck. Each spoke of the other in acid terms. Later, they became acquainted, and, drawn together by a common interest in the life of Lincoln, became fast friends. Dr. Johnson, I think it was, who on entering a coffee house one morning, pointed to a man across the room and said: 'I hate that man.' 'But you don't even know him,' protested his friend, Boswell. answered the great lexicographer, 'that's why I hate him?"

JOHN A. BRADLEY ON ROAD COM'ION

Elected by Board of Supervisors to Succeed H. A. Hillman

In a contest for a position on the Oakland County Road Commission, the Board of Supervisors on Wednesday afternoon elected John A. Bradley, of Holly, to succeed Howard Hillman, of Davisburg, for a full term of six years. There were five candidates for the position. Mr. Bradley will assume his new duties

on Jan. 1 next.
Mr. Bradley is both competent and deserving of the honor. He has held many positions of trust and responsibility in the village and town-ship with credit to himself and his constituency.

MABEL L. BRONDIGE DIED LAST THURSDAY

Miss Mabel L. Brondige, former register of deeds of Oakland county, died suddenly from a heart attack at her home in Pontiac last Thursday morning. She had the distinction of being not only an efficient official but the only person who ever served three terms as register of deeds of the county. Her age was 51 years.
There were performances on the opening day from 2 to 11 p. m., becomen township in 1883, but had lived in fore crowded houses. All ladies were Pontiac since childhood. Her father, the late George F. Brondige, was also register of deeds of the county, and she had a long training in the office before her election. In 1932, he was defeated for renomination in

he primary. Funeral servies were held Saturlay afternoon.
