COMMENT AND CRITICISM

Only a few more weeks until Xmas. It's a good time to start saving your pennies.

Have a good time Thanksgiving and see that everyone you know has enough to eat. Let none go hungry.

It seems that the Pilgrim Fathers were so pleased with their first harvest in 1621 that they held a service of gratitude to God. The New Englanders then set apart a day each year for this particular purpose and finally the spirit of thanksgiving spread throughout the land and Congress acted on a resolution calling on all citizens of the United States to give thanks to God for the many blessings he had bestowed upon them. Abraham Lincoln was responsible for the present custom of keeping the fourth or last Thursday of November as a national day of thanks to God.

This day of thanksgiving occurs next week, so let us all pause in the rush of our everyday work and remember that the best prayer is one of thanksgiving, most of us get all the blessings we deserve.

This rainy weather is a joy to the farmer as the water is much needed.

And the deer are coming down from the Northland. Sam Morgan shot a dandy. Floyd Kimball had a successful hunting trip and brought back his deer. Whether the hunters were successful or not, all report a good time.

Are you going to the C. H. S. Senior play Friday?

Everyone Is Invited To the Penny Social

This is being sponsored by the parents in the district for the purpose of raising money for school equipment. There will be a splendid program by the children and a fish pond which will be amusing and of course there will be the penny supper. Everyone is invited to attend.

HIGH SCHOOL CLASS NEWS

Senior

Ralph Grate was very kind to us—letting us use his car.

Junior

We are outlining short stories for Literature. It is enjoyed by all who participate.

The class rings we ordered haven't arrived as yet.

Ralph Grate arrived home from deer hunting. Minus the deer.

Sophomore

A big party was held in the gym, after which refreshments were served. The refreshments consisted of escalloped potatoes, hamburgers, jello, cake and cocoa.

We are reviewing for tests.

Freshman

It seems the Freshman Class never does anything. What a Class!

Eighth

We are planning on a class meeting for a party soon, hoping it will be a success.

Seventh

Another class like the ninth grade.

Mrs. Hutton's Room

We have two new children in our room, Mary and Jennette Mann. They came from the Pontiac schools. This makes our total enrollment 42.

John Ronk and Harlan Hicks were runners up in our second grade spell-down last Friday.

The kiddies have been very interested the last two weeks in making a "Thankful Board". They have been cutting out pictures representing the things they are thankful for. It is rather amusing to see our board. We have everything from delicious looking strawberry shortcakes to nasturtiums.

The second grade feel real proud of themselves, as they have started division work in their number class. The first graders are still working on writing the numbers to 100. The following can do this most difficult feat without help: Frank Ronk, Helma Hicks, Shirley Terry, Frances Molter and Gordon Hemingway.

Senior Class News

Election of officers will take place at this meeting.

All parents are urged to attend and take an interest in what is being done in the school. Also this is a fine opportunity for the parents to get acquainted with the teachers and perhaps by this parent-teacher contact be able to solve the child's problems better.

REP. FRED E. WATKINS ASKS FOR A RECOUNT

The official count of the votes cast for Representative in the State Legislature, second district, Oakland county, gave Joseph A. Long, Republican, of Commerce, a plurality of 28 votes over Fred E. Watkins, Democrat. Mr. Watkins has petitioned the county board of canvassers for a recount but a question has arisen as to jurisdiction. Mr. Long claims that the Legislature is the only body with authority to order a recount. It was so decided in a case from Bay county this week, but definite action has not been taken here.

One of the Largest, if not the Largest Banquet Ever Given in Clarkston, Took Place Wednesday Evening

Campbell-Richmond Post No. 63 and Auxiliary Unit Host and Hostess to Posts and Auxiliaries for November Meeting

Wednesday evening, The Campbell Richmond Post No. 63 and the Ladies' Auxiliary of Clarkston were hosts to the 17th District, which comprises Hazel Park, Royal Oak, Ferndale, Farmington, Northville, Birmingham, Pontiac, Lake Orion, Oxford and Holly, as well as our own Village of Clarkston.

The Banquet took place in the Clarkston High School Auditorium which gave room enough for a very novel arrangement of tables and brought forth much comment as to the roominess of the auditorium, the high ceiling removing that smothered feeling so common to small town dining rooms. The fact that the ladies of our Methodist Church had prepared a wonderful and exceptionally tasty chicken dinner did much to add to the friendly feeling of the occasion and made the guests more at home in our fair village. The music by the school orchestra was enjoyed.

Guests started to arrive at 6 o'clock and by seven o'clock when the school orchestra commenced to play more than 200 members were ready to take their places at the tables which were arranged like the spokes of a wheel, the speakers' table being across the front of the room in front

of the stage and forming the hub of the wheel. On each table was a large pot of chrysanthemums and at the speakers' table was a beautiful shoulder bouquet for each lady.

Rev. C. E. Edwards pronounced the invocation and the ladies of the church were in readiness to begin serving a most delicious chicken dinner. At the close of the meal many comments from the visitors were heard as to the generosity of the cooks and waitresses because everyone had as much as they could eat. The music by the school orchestra directed by Mr. Bach tended to give everyone a better appetite.

When the chairman, H. F. Buck of Waterford, introduced the toastmaster, W. H. Stamp as the Arthur Brisbane of Clarkston and this from Henry caused a good deal of laughing. The toastmaster then proceeded with the program and introduced Mr. Buck, the commander of the local Post, who gave a few words of welcome to the guests from the Campbell-Richmond No. 63. On account of sickness, Mrs. J. Shaughnessy, the president of the local Auxiliary unit, was unable to be present and the first vice president Mrs. W. H. Stamp was called upon to extend greetings from the auxiliary.

On introducing each speaker Mr. Stamp made many humorous remarks which kept the crowd in good spirits and always wide awake for what was to come next.

Clyde Murdock, the district committeeman from Rochester was asked for a few words and he stressed the fact that respect for our Flag was not taught as it should be. He related a few instances which occurred on Armistice Day and which proved the teaching of respect for our Flag was being neglected.

Mrs. Crawford of Pontiac, the committeewoman for the auxiliary told briefly about the noble work of the auxiliary and the legion and just what the organization's program meant to the nation.

At this time the toastmaster told about hearing, seeing or reading some time and somewhere, the statement "Baby Take a Bow" and so he called on a few noted guests who were seated here and there in the audience and asked them to "Take a Bow".

Miss Genevieve Beardslee then favored the group with a piano solo. The speaker of the evening, C. H. Pratt, vice-commander of the third zone from Flint, was introduced and in his usual calm way he brought before the district many important facts that should be considered legion business. The Flag ceremony, the soldiers' bonus and the ballots that are used at election were mentioned and last and perhaps the most important factor of all was the increasing of the legion and auxiliary membership. He said, "This organization was willing to sacrifice homes and lives for their country and their people and every member should be proud that he can now take a part in the great program that the American Legion is carrying on."

Mr. Pratt's talk was appreciated and received great applause. J. McGregor, district sergeant-at-arms of Pontiac, they said a few words and the toastmaster, after making some announcements closed the program with a few brief remarks.

The Ladies then retired to one of the class rooms for their business meeting while the men remained in the auditorium for their meeting.

The Campbell-Richmond Post No. 63 and the Auxiliary unit feel that the evening was a success and they wish to express their profound thanks to all who helped make it so—the ladies of the church, the school orchestra and its director Mr. Bach, Miss Genevieve Beardslee and Rev. C. E. Edwards.

For your
THANKSGIVING DINNER... Enjoy Delicious Electric Cooking

This TRIAL PLAN
 places an Electric Range in your kitchen without obligation!

You've never tasted roast turkey or chicken or duck until you've tasted this tempting Thanksgiving treat. Roast fowl prepared in an electric oven has a totally different flavor... an appetizing goodness and rich natural flavor that is unsurpassed. Mild electric heat penetrates evenly to all parts of the fowl, and the dressing is fluffy-textured and fragrant, thoroughly seasoning the meat. Little water is used for cooking, and the meat is roasted to perfection—crisp and uniformly brown outside, tender and full-flavored within. Because an electric oven is practically self-basting, like a pressure cooker, the meat cooks in its own natural juices.

Why not cook your Thanksgiving dinner electrically? We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During this trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

WILL ROGERS AS "JUDGE PRIEST"

Coming to Holly Theatre Two Nights; Other Attractions

One of America's most noted authors, Irvin S. Cobb, has supplied Will Rogers with his latest Fox Film vehicle, "Judge Priest," which will come to the Holly Theatre on Friday and Saturday of this week.

According to all advance reports, the film gives Will the finest and most human role of all those he has played on the screen. Preview audiences in Hollywood and New York have hailed it as the most notable of all Rogers' gallery of American characters.

The popular series of stories by Irvin Cobb has been used as the basis for this screen history of the shrewd and wise Kentucky judge who flourished in Paducah, Kentucky, in the late years of the past century.

Rich human interest, it is said, blends with laughter and tears in this tale of a sleepy southern town, which is still not too sleepy to cradle stirring drama. Millions of readers know this grand old jurist of fiction. Now millions more will know and love him.

Will Rogers, from all accounts, contributes to the film a memorable portrait of this ex-Confederate soldier, who dilutes justice with the milk of human kindness and who saves from disaster a helpless girl and the father whom she has never known.

"Hide-Out," the picture that comes to the Holly Theatre next Sunday and Monday, is one of those rare entertainments you like to see often but don't see often enough.

It is the story of the reformation of a jolly playboy-racketeer through his unwilling precipitation into the midst of a rural atmosphere.

Robert Montgomery plays one of his most whimsical roles as "Lucky" Wilson, the racketeer who, driven from his favored New York haunts by the relentlessness of the law, realizes he has not discovered life and love until he finds himself nestling in the bosom of a simple farmer's family.

Maureen O'Sullivan, as Pauline, the farmer's daughter, is more winsome than ever in her role.

Whitford Kane, for thirty years one of the leading character actors of the London and New York stage, carries off signal honors as Farmer Miller. Elizabeth Patterson, veteran "screen" mother, appears as Maureen's mother, and Mickey Rooney, 12-year-old comedian, is seen as her mischievous and inquisitive young brother.

For Homemakers

Winter's smoke-filled air usually means dull window-panes. Effective, easily prepared cleaners have been suggested by home economics extension home management specialists at Michigan State College.

The cleaners are made in gallon proportions. One gallon clear water is used in each one, mixed with 8 tablespoons ammonia, one tablespoon washing soda, two tablespoons kerosene, or two tablespoons trisodium phosphate, respectively.

Wall paper becomes dingy at this season of the year, too, but may be cleaned, according to the specialists, by a preparation consisting of two cups sifted flour, one cup warm water, two tablespoons kerosene, four tablespoons ammonia, and two tablespoons salt.

Grease spots can be removed from wall paper by placing a piece of blotting paper against the spot and pressing with a warm iron. For more stubborn spots, a paste of French chalk or powdered magnesium, will do the work. Apply the paste to the spot, let it dry 24 hours, and brush off carefully.

Oil paint or enameled walls, varnished or enameled woodwork, and furniture may be cleaned with a preparation of one cup sal soda, one cup ammonia, one cup vinegar, and one gallon water. More water can be used if the surface is not very dirty. The solution is strongly alkaline, so it must be applied quickly, and rinsed quickly and thoroughly with fresh water.

Walls and other painted surfaces may be sized with a glue solution prepared with one-fourth cup powdered glue and three cups water. Heat the mixture until the glue is melted. Use one cup of this solution

to one quart water. Apply after the surface has been washed, and do not rinse. This will restore the gloss. When the surface is soiled again, wash off the first film of glue with another solution of glue.

STATE MATTERS OF INTEREST TO ALL

Digest Prepared in Office of the Secretary of State

The first official act of Secretary of State Clarke W. Brown was the appointment of Orville E. Atwood as deputy. Both took the oath of office Thursday, November 15, and were sworn in by Hugh H. Carpenter, deputy clerk of the Michigan Supreme Court.

Atwood is secretary of state-elect and will assume office Jan. 1, 1935. Until his election, Mr. Atwood was director of the motor vehicle division of the department and his appointment will make him still more familiar with the duties confronting the secretary of state.

Secretary of State Clarke W. Brown placed the 1935 license plates on sale Saturday, Nov. 17, for both new and old automobiles.

While the law provides that plates be available for new cars on Dec. 1, the secretary is given discretion and the date was advanced in order to stimulate the sale of new cars. In past years department records show that automobile sales declined during November because purchasers wished to delay until the next year's plates were available.

The 67 building and loan associations in Michigan have assets of \$132,955,913.21, according to the 39th annual report of the building and loan division of the department of state by the Director, Coleman C. Vaughan.

The report shows that a new company was incorporated in Pontiac and that another in Royal Oak was granted a charter to form a federal association.

STATE LIVESTOCK TO BE EXHIBITED

At Chicago International Which Opens December 1

Over 400 head of livestock from Michigan will strut their stuff at the International Livestock Show at Chicago from December 1 to 8. This is the largest number ever shown by Michigan breeders at the International.

Plans are now under way to have the breeders of each type ship together in order to save transportation costs and to make it possible for the exhibitor who has only one suitable animal to show it. The animals to be sent are individuals which have made the best show records in the state this year.

The horse exhibit will total 37; the sheep will number close to 300, including two carloads of lambs for the carload exhibit; beef cattle will consist of more than 50 head. The smallest exhibit will be that of swine, as only classes for barrows are now included. Michigan State College will have an exhibit of 13 barrows in this class.

One of the most complete wool exhibits ever consigned from the state will be shown this year. This exhibit, which is sponsored by the Michigan Pure Bred Sheep Breeders' association, will consist of 50 fleeces.

Visitors from Michigan to the International will find the best of Michigan livestock on exhibition, and authorities are expecting to bring back many prizes as a result of the care with which the animals have been chosen.

HALFWAY READY

for the busiest season of the year?

Your stocks of merchandise are fresh and new... your styles are up-to-the-minute... your prices are geared to produce sales. But can prospective customers SEE what you have to offer? With adequate lighting, your other sales efforts can be made doubly effective.

People do not buy merchandise that lurks on gloomy shelves or in dark show cases. Murky windows and hard-to-see displays provide no attraction for the possible buyer who walks past your store. **DRAMATIZE** your wares with light and draw attention to your windows. Good lighting forces people to look—whether they will or no. Now is the time to bring your store lighting up to date... and cash in on the added customer-attraction value that good lighting brings.

Improving your lighting is not necessarily expensive. Often a few dollars will bring your lighting system up to date, and your increased sales will more than pay for the cost of alterations. Detroit Edison engineers will gladly check your lighting without charge or obligation, and submit recommendations. This is part of our service. Call any Detroit Edison office.
