A. FLOYD BLAKESLEE
A GOOD MAN FOR CIRCUIT JUDGE

MY STATEMENT

I am mindful of the heavy responsibility which rests upon the lawyer who is elevated to the Bench as Circuit Judge in Oakland County.
 I am fearful sometimes for the Dignity and Probity of a court when it is liable to become the "Plum" of a Party's Political strength or the instrument of a group of friends or enemies.
 More is demanded than the basic purpose of Fairness and Honesty to litigants.
 —A careful economy in the administration of the business of the court.
 —A human understanding and cooperation with the County Board of Supervisors in their efforts to lighten the burden of the Taxpayers.
 I am pledged to Fairness to litigants, Careful Economy and Cooperation.

Charles S. Matthews
 Candidate for
CIRCUIT JUDGE

Makes the Following Announcement

I believe the Circuit Judgeship should be absolutely divorced from politics. Under our present laws this is impossible, because Circuit Judges must be nominated and elected either on the Republican or Democratic ticket.

I was brought up in a Republican faith. My father, Colonel S. S. Matthews, cast his first vote for Abraham Lincoln when a soldier in the Civil War. My first vote was cast for Theodore Roosevelt and I have been a member of the Republican party since that time, although in the last twenty-five years I have sought no political office.

Now, I am a candidate for nomination on the Republican ticket at the Primaries March 4th for one of the three positions on the bench. If nominated and elected, I make this pledge to the people of Oakland County.

I will have no outside connections that might, by any chance, influence my judgment in cases coming before me in my judicial capacity.

My qualification for this position is the knowledge of law, and incidentally of human nature, acquired in more than thirty years of active practice before the Courts.

My people on both sides of the family came to this County more than a hundred years ago, and I have lived in the City of Pontiac for the past fifty-four years.

There is no substitute for the services of your Eyesight Specialist!

AN eyesight specialist can lengthen the life of eyes young and old. He also knows that correct lighting is essential to perfect vision. Unless you use exactly the right amount of light for each seeing task—unless you have enough light for comfortable, EASY SEEING—eyestrain will result and your eyes will be injured. We suggest these four simple rules to guide you in obtaining good lighting for your home: (1) Use correct size lamp bulbs—"WATTS". (In table and floor lamps, use 40 watts in each socket for 3-socket lamps; 60 watts in 2-socket lamps; 100 watts in 1-socket lamps.) (2) Use SHADES on all lamp-bulbs to prevent GLARE. (3) Use shades with light-colored linings to get the most light. Wide shades, open at the top, are best. (4) Have at least one-third as much light in the rest of the room as you have on your book, newspaper, sewing, etc.

Instruction is individual. No capable student will be held back for the class, but each one will be pushed on as fast as he can go. Every scope for individuality will be allowed. Good lettering will be taught, to the envy of any onlooker, and certainly is a pleasure to be able to address one's packages neatly, do Christmas cards, etc. The course is intensely practical, only the bare minimum of theory being exposed.

One need know nothing of sketching or drawing to join this course, and there are no entrance requirements. Why not join up, be able to draw, letter, and not alone "read blue prints" but actually make one's own?

Dramatic Theory and Practice

Did you intend to come up last Monday to Dramatic Theory and Practice? Well it was cold, but after you arrived we forgot about the weather. Is it too late? Well, no, but the others will be getting ahead of you. We have started, and what a fine group we have! We have over thirty! We will take some more. We could divide the groups. We really need some more men. Most of the real good plays usually have male characters in the majority. The reason being that it is much easier to move men about than women. Therefore we can add men of all ages. Dramatic Theory discussion Monday 7-8, practice one hour extra when cast.

MADRIGALE SINGERS AT HARTLAND MUSIC HALL

The Madrigale Singers from the Central State Teachers' College at Mt. Pleasant, Michigan, will present a most interesting program at the Hartland Music Hall next Sunday afternoon at three o'clock.

The first part of the program will be composed of madrigales from the early English composers, many of the numbers from the repertoire of the famous English singers who toured this country two seasons ago. They will also sing some Russian folk songs and some modern ones.

The second part of the program will be of miscellaneous nature with soloists, duets, and quartets by Madrigale members, or a 40 minute operetta will be given.

These singers have done professional work under the direction of Dr. J. Harold Powers for several seasons. It is an unusual privilege that is offered to residents of the surrounding towns to hear this program.

You and your friends are most cordially invited. There is no admission charge but a silver offering will be taken.

"His qualifications recommend his election as CIRCUIT JUDGE"

A vote for CALVIN N. SMITH is a vote for one who believes in LOWER TAXES AND ECONOMY.

Mr. Smith says: "I believe in government at the lowest cost consistent with good government. I was a member of the Board of Supervisors of Oakland County for some years and am familiar with the financial condition of the County. I understand the problems of the County and of the taxpayers. I commend the Board of Supervisors for their action, recently taken, relative to the reduction of salaries of Circuit Judges. If elected, so far as I am concerned personally, I shall be entirely satisfied with the salary as reduced by the Board of Supervisors."
