COMMENT AND CRITICISM

Clarkston is quite a summer resort and a dandy place to linger around through the winter. Anyway either because of the location, the advantages we offer, the friendly attitude of the people or to be just mercenary, returning prosperity, there is a growing demand for property. For proof—read the want ads in this issue of the News—page 4. In other words a true want adv that has NEWS value.

There is some doubt in our minds as to whether we should talk about the election this coming Monday or gossip about the one last Monday. . . elections seem to be coming and going so fast one has trouble keeping up with them. But let's finish up on the last election. Patterson, Lynch and Morris for the Democrats and Doty, Holland and Hartrick for the Republicans. Presumably every attorney mentioned or rather in the race was capable. . . and six presumably good men were nominated. Regardless of our party and with due respect to the other party we believe that the judges should have been selected from a non-partisan ticket. It takes a big man to cater to party votes before election and be independent after he takes his place on the bench. Let us hope that the three elected are big—and let's change that law before next judicial election time comes around.

I have just come from a movie show. . . in Clarkston. . . and I liked it. . . so did the rest who were present. . . we believe it is a good thing for the community. . . The P. T. A. is sponsoring the shows to provide money to pay for the machine believing it worth while for the school. . . more power to them.

Is our younger generation up to date? The villain had been captured, in the movies, in the land of the midnight sun. Severe punishment seemed justifiable. . . and a three year old in back explained to his mama that the man would probably be electrocuted.

And Monday is Village election. . . only one ticket. . . ordinarily not much excitement. . . might not be any interest if it was not for the question of whether Ordinance No. 30 should be repealed or not. Regardless of how you feel on the subject you have the opportunity of expressing yourself by use of the ballot. Regardless of how you now feel, in the spirit of fairness, you should read both of the statements, for and against the repeal, to be found on page three of this issue.

It is perhaps not necessary, to most of you, to reiterate a statement of the policy of the News of impartial treatment of any disputed question as this is the paper that serves this district. Nor do we believe a "Voice of the People" is a necessity of a paper in a town of this size. We furnish this last statement because of the many things we could have printed which would only have beclouded the issue. Both statements on page 3 are political advertisements and have been paid for by the interested parties in an attempt to present their views to you.

Stopped in the bank to see how George liked the Southland. But it was the old story. He liked it but was glad to get home. And now he is a firm believer that if everyone could have a vacation he would like his home town even better.

Clarkston Locals

Mrs. Will Edwards and Mrs. E. V. Bailey attended a luncheon and quilt exhibit at Orion Saturday.

Mr. and Mrs. George D. King have returned after enjoying a few weeks of Florida sunshine.

Mr. and Mrs. D. M. Winn had as their guest last Sunday, her sister, Miss Ruth Reed of Detroit.

Mr. and Mrs. Fred Gibson, Mr. and Mrs. Glenn O'Berry of Drayton Woods were dinner guests Thursday evening of Mr. and Mrs. Clark Miller.

Miss Margaret Thorpe of Pontiac, teacher of Seymour Lake school, attended the Men's Box Social Friday evening.

The friends of Mrs. A. McIntyre will be glad to know that she has returned home from the hospital at Brighton and is getting along nicely. Everyone will be sorry to know that little Eugene Perrin, son of Mrs. Winifred Perrin, is ill with pneumonia.

Rev. C. E. Edwards is improving in health each day. Last Monday he even drove his car a mile or so out the highway and back again without harming himself any.

Waterford Banquets Fathers and Sons

Rev. R. M. Traver Gives Address

The first Father and Son Banquet that Waterford has sponsored in quite a few years was held on Wednesday evening, March 6th, at the Waterford Church.

The Ladies' Auxiliary of the church was hostess for the way everything was arranged.

A very pleasing sight greeted the guests as they entered the dining-room. The long tables were so attractive with their green and white color scheme and here and there a lovely plant.

The ladies who did the serving were very attentive and efficient and everyone had plenty to eat. Those who served were Mrs. Harry Harpur, Mrs. John Gillespie, Mrs. Howard Mortimore, Mrs. Arthur Walter, Mrs. L. C. Helfer, Mrs. DeCook and Mrs. H. F. Buck.

The kitchen committee was ever dutiful and saw that the food was ready to be served. Those in the kitchen were Mrs. Charles Calhoun, Mrs. H. B. Mehlberg, Mrs. P. L. McLaughlin, Mrs. Lovell Spalding, Mrs. August Jacober, Mrs. Tucker and Mrs. Earl Schwalm.

After the dinner a good program was enjoyed. The program was prepared by Mrs. Charles Roehm, Mrs. Percy Hunt, Mrs. Oscar Virgin and Mrs. H. F. Buck.

Invocation—Henry Mehlberg.

Community Singing—Led by Howard Burt, Sr., with Miss Mable Burt at the piano.

Introduction of Toastmaster—Harry Harpur.

Toastmaster—Russell Galbraith.

Accordion Solo—Frank Soditch.

Toast to Sons—George Rosenquist.

Violin Solo—Harold Konzen.

Toast to Fathers—William Spalding.

Vocal Solo—Hollis Burt, with Miss Burt at the piano.

Address—Rev. R. M. Traver.

Mr. Russell Galbraith made a splendid toastmaster and was ready with a story for every participant.

Rev. Traver gave a very interesting and inspiring talk.

At the close of the program, bouquets of flowers were presented to the youngest father with son present, William Jacober with his son Billy Jr., and then to the oldest father with son present, Mr. Guy Disbrow and son Clinton.

After the presentations, Rev. Traver pronounced the benediction.

FAMILY HONORS MRS. WM. BUZZARD

Last Sunday was Mrs. William Buzzard's birthday and she was made happy by having her family with her for most of the day. At 1:00 o'clock a delicious dinner was served.

Mrs. Buzzard received many pretty and useful gifts and the best wishes of all present.

The guests included Mr. and Mrs. Tinman Nelsey, Mrs. Iva Miller, Mr. and Mrs. Ed. Wieland, and Frank Wille of Pontiac.

WOMEN'S CLUB HAS MEETING

Last Saturday afternoon the Republican Women's Club of Independence-Township met at "Ingle-Nook", the home of the President, Mrs. Milen Vliet. In the course of the regular business, the President mentioned several civic projects that the club was considering and asked the members to give each one some serious thought and be prepared to discuss these projects at the April meeting which no doubt will be held in the Town Hall.

After the business meeting, Mrs. Vliet introduced Mr. D. M. Winn, our school superintendent, who gave a short talk on educational affairs in this district, in the county and in the state. Mr. Winn's talk enlightened everyone as to the school finances throughout the state. Judge Russell Holland was then presented and he gave a very interesting talk on the life of "George Washington". Mr. Howard Bond, a Pontiac attorney, was introduced. He was present to speak in the interest of Mr. Floyd Blakeslee who was seeking the office of circuit judge.

At the close of the program the speakers were introduced personally to each one present.

PLAY PRESENTED NEXT TUESDAY

"The Ink Girl" by Ann Best Joder Will Be Directed by W. N. Viola of Pontiac

A three act comedy which is just one laugh after another will be given in the Clarkston Methodist church next Tuesday evening under the auspices of the Progressive Class of the Sunday School. No one will want to miss this evening's entertainment, especially when, on scanning the cast of characters, you see the name of Miss Verna Todd. Miss Todd will be remembered by a great many town-folk who attended the musical in the school a week or so ago, as the young lady who made everybody laugh until their sides ached. The cast is composed of talented young people who have enacted this same play several times in the last few weeks with great success. The story is told in 3 acts with fun from start to finish. The play will start at 8:15 and last two hours.

Do not forget the date, Tuesday evening, March 12th. Tickets may be secured from any member of the class or from some of the younger students. The price of admission will be 25 cents for adults and 15 cents for school children.

Mrs. Lavina Ryerse Expires Suddenly

Last Sunday morning word was received of the sudden death of Mrs. Lavina Ryerse at her home on East Pike street in Pontiac.

Mrs. Ryerse was born at Seymour Lake 21 years ago, the daughter of Warren and Sadie Beardsley Bailey. She went from Clarkston to live in Pontiac when she was a little girl and has lived there ever since. She was a member of the Congregational church.

Surviving are her parents, her husband, Hamilton Ryerse, a ten months old daughter Patricia Ann, and three sisters, Mrs. Bradley Miller of Clarkston, Mrs. Dale Scofe of Drayton Plains and Mrs. Helen Teachout of Flint.

Funeral services were held Wednesday afternoon at 2:30 with Rev. John Stearns officiating. Burial was in Perry Mount Park Cemetery.

John Russell Walter Represents 5th Generation

John Russell Walter, the young son of Mr. and Mrs. Russell Walter, can boast of being the fifth living generation and what's more, all are well and happy. He has his parents in Clarkston, his grandparents, Mr. and Mrs. Lloyd Fiske of Walled Lake, his great grandparents, Mr. and Mrs. Thomas Parker of Clarkston, and his great, great grandfather, Oliver Osmond of Pontiac.

Mr. & Mrs. Geo. Smith Entertain Friends

Last Friday evening Mr. and Mrs. George Smith entertained twenty friends at a dinner at their home at Clarkston Station.

At 7:00 o'clock a delicious dinner was served and during the evening Pedro was played. The prizes were awarded to Merritt Rockwell, Mrs. Stewart, See, Miss Doris Morgan and Will Clement.

Progressive Class Meets Tuesday

Plans Completed for Play to Be Presented March 12th

On Tuesday evening, the telephones were kept busy, calling the members of the Progressive Class of the Methodist S. S. to attend a special meeting at the home of Miss Ada Scrace. A goodly number were present and at 8:00 o'clock Mrs. Ray Clark, the president, opened the meeting. The main reason for calling the meeting was to decide upon a play to be given March 12th. Committees were appointed, tickets were distributed and in a very short time all arrangements were completed. Plans for a missionary program in the Sunday School the first Sunday in April were discussed.

At the close of the meeting refreshments were served. This meeting took the place of the meeting which was to be held at the home of Mrs. Lee Clark next Wednesday. However the next regular meeting will be with Mrs. Clark, the second Wednesday in April.

Clarkston Folk to Be Busy for a Few Nights

Just imagine all the affairs you must attend in the next week and a half. The P. T. A. dance this Saturday night at the school. Of course dances are just the thing for these winter nights, because you know spring and summer will soon be here and then you won't get a chance to dance in Clarkston for a while and who wants to dance in warm weather anyway. And then the P. T. A. is having Dusenberry's orchestra from Pontiac to furnish the music and you know you will have a good time. Everyone should support the P. T. A. anyway so we know the hall will be crowded.

Then next Tuesday evening, "The Ink Girl" presented at the Methodist Church. You know you won't want to miss that for it may be quite a while before you get the chance to have such a good laugh and two hours entertainment for such a small price.

And then on Friday night, March 15th, the Masons and Eastern Stars are expecting to meet you at the school again to trip the light fantastic to the peppy music furnished by the Rhythm Aces.

And Oh, Yes, the card party at the Masonic Temple on March 23rd. The Past Matrons missed you at their last party and you missed a good time, so mark up Sat., March 23rd, in your date book.

Don't get your dates all tangled up and think these good times are going on in some other town. You can enjoy yourself right here. So show your loyalty to your home organizations by supporting them.

"We'll be seeing you."

The P. T. A.—March 9th.

The Progressive Class—March 12th.

The Masons and O. E. S.—March 15th.

The Past Matrons' Club—March 23rd.

Prosecutor Pence Speaks in Clarkston

Tuesday evening, at a meeting of The Independence Grange, the speaker was Prosecutor David C. Pence. Mr. Pence gave an interesting talk on crime conditions in Oakland County and how the Prosecutor's office functions.

Blue and White Flash Clarkston School News

The moving pictures at the school are being well attended and according to reports are being thoroughly enjoyed. Next week the pictures will be shown on Thursday afternoon, Mar. 14, at 3:15. These pictures will be educational as well as entertaining. Adults or children under school age are welcome to come and see any of these pictures. A straight price of ten cents is charged for either afternoon or evening shows. On the following week there will be an evening show. The subject will be announced next week.

Mrs. Durand has been ill for the past few weeks. We all hope that she gets well soon and will be back with us.

The boys scored 322 points against 266 for the opponents. Scoring was led by Parker, Clarkston diminutive forward, who connected for 105 points during the season. Souly and Molter followed with 84 and 72 points respectively.

Miller and Souly are lost to next year's team through graduation, but the reserves this year with a record marred by just two losses in the league will no doubt deliver several.

(Concluded on page four)

Civic Happenings

Saturday, March 9th—Republican and Democratic caucuses.

Monday, Village of Clarkston election.

Monday, April 1—General election for judges and regular Township election.

MANY ATTEND SCHOOL MOVIES

Rin-Tin-Tin and Charlie Chaplin Enjoyed

Two good pictures were shown at the school on Wednesday evening. Those who attended enjoyed seeing Charlie Chaplin in "Shanghai'd" and Rin-Tin-Tin in "Where the North Begins". At first the voices and the different sounds were missed and it seemed strange to see the silent pictures once again. However as the picture progressed and your interest in the story grew, the sounds were forgotten and the picture was enjoyed. The children, especially the younger ones, who do not get into the city to see the talkies very often, enjoyed themselves a great deal.

The P. T. A. intends to show two good pictures, a feature and a comic, every two weeks and in this way to help to pay for the movie-machine for the school. Let's co-operate with the P. T. A. and crowd the auditorium on March 20th.

The Ladies' Aid Has Sewing Bee

Aprons Were Made for an April Sale

On Wednesday the Ladies' Aid of the Methodist church spent a fine day at the church, making aprons that will be sold the first Wednesday in April. At 10:00 a. m. a number of the ladies were at the church ready to begin work. Sewing machines, scissors, needles and thread, yard goods and patterns were furnished and the Sunday School room was a real bee-hive. At noon a pot-luck lunch was served and everything satisfying to the palate was to be seen on the long table. The ladies enjoyed a good meal and had a friendly visit before resuming work for the afternoon. About three o'clock Mrs. C. G. Fiske, the president, called the business meeting and it was at this time that the decision was made to have the apron sale on April 3rd.

The Aid also decided to have the "Father and Son Banquet" this month. The different committees were appointed. The program committee expects to secure a speaker from Detroit. All fathers and sons should watch for the date and plan on making this banquet the biggest and best ever held in Clarkston.

After the business meeting the ladies kept working until 5 o'clock. There were a few absent from this sewing circle and if they still wish to donate an apron or some material or if they wish to work on some of the material that the Aid already has, just call Mrs. Walter Barrows.

Community Events

March 8th—Friday afternoon—The Baptist Ladies' Union will meet with Mrs. Fred Steiner. A pot luck dinner will be served at 1 o'clock. All members are invited.

March 9th—Saturday evening—The P. T. A. dance at the school. Dusenberry's orchestra will furnish the music. Everyone invited.

March 11th—Monday evening—The Oak Hill P. T. A. will meet at the Oak Hill School. A fine musical program is being prepared. The 6th and 7th grade boys are taking an active part. Prosecuting Attorney David C. Pence of Pontiac is to be the speaker. Everyone is urged to attend.

March 13th—Wednesday evening—The Campbell-Richmond Post No. 63 of the American Legion will meet at their hall on N. Main St. The Ladies' Auxiliary will act as hostess after the meeting.

March 15th, Friday night—Dance at the School Auditorium sponsored by Masons and Eastern Stars. Modern and old time dancing. Rhythm Aces to furnish the music.

March 15th—Friday night—The Webster Community will sponsor a dance at Williams Lake Country Club. There will be modern and old time dancing. Coleman's orchestra will furnish the music.

March 23rd—Saturday night—The Past Matrons' Club is sponsoring a card party at the Temple. Everyone is invited.

The program is in charge of Mrs. Guy Stark and Mrs. A. A. Sesterlin. A mock wedding is being arranged.

Mrs. O. M. Weaver was pleasantly surprised at her home last Wednesday evening, the occasion being her birthday anniversary. About 45 friends and neighbors "walked in" to the evening. Six tables of propped and greasy pedro were played, and a cooperative luncheon was served later in the evening.

The "Sunshine" class of girls from the Waterford Center Sunday School enjoyed a class party at the home of Miss June Weaver on Thursday evening, from 7 to 9 p. m. Games and contests were enjoyed and supper was served. Places and white were used in the table decorations.

Friday evening, Mar. 15, "The Ink Girl" will be presented by the Junior Jitney Players under the direction of W. N. Viola at the Waterford Center School. Proceeds are to be given to the eighth grade. Miss Thora Wilson and Miss Madelon Chomoin have charge of the arrangements. Tickets are on sale at the school, 10 cents and 25 cents.

Mrs. Glen Hickson entertained the members of her 500 club at her home on Airport road on Tuesday. A cooperative 1 o'clock luncheon was served to the following guests: Mrs. L. W. Pilcher, Mrs. A. A. Sesterlin, Mrs. Frank Hickson, Mrs. Hollis Brown, Mrs. Gerald Andress, Mrs. Phillip La Lone, Mrs. Otis Tate. Honors were awarded to Mrs. Gerald Andress, Mrs. Phillip La Lone and Mrs. Hollis Brown.

The March meeting of the Waterford Center P. T. A. will be held at the school on Thursday evening, Mar. 7, at 7:30 o'clock. A short business meeting will be conducted by the president, Mrs. Robert Hickson, and election of officers will be held. Those serving on the nominating committee are Frank Lane, Harry Reeves and Mrs. Donald Upton. The following program in charge of Mrs. Mabel Hood, Mrs. Charles Scott and Mrs. Elmer Davis will be presented: Vocal solo by Ernest Kohn. Selections by a sextet from the Clawson High School. A one act play by students from the Pontiac High School and a vocal solo by Miss Shirley Waterland from Clawson. Miss Mary Barnett will be the guest speaker. Room mothers in Room I have charge of the social half hour. Light refreshments will be served with Mrs. Frank Lane as chairman.

Dr. Luckiesh Speaks on Eyesight Conservation

Dr. Matthew Luckiesh, noted scientist, spoke in the auditorium of the Detroit Edison Building, 2000 Second Avenue, Detroit, on Thursday, March 7th, on a subject of vital interest. All principals and teachers of public, private and parochial schools; members of parent-teachers associations; health officers and social workers; oculists, optometrists and opticians and other interested people were invited to attend.

Doctor Luckiesh, founder of "The New Science of Seeing"

Dr. Luckiesh is the founder of what is known as "The New Science of Seeing", the new science which aims to save eyesight by preventing eye abuse. His scientific researches over a long period of years have brought to light a mass of valuable

facts about eyesight, which formed the basis for his talk on "The New Science of Seeing".

Among other things, the Science of Seeing has pointed out that, though civilization has lifted heavy loads from the backs of human beings, it has added tremendously to the tasks our eyes must perform. This has resulted in an appalling amount of eye trouble. These figures tell the scarcely credible story of crippled eyes in the United States:

At birth—perfect vision. School—20% defective vision. College—40% defective vision. 60 Years—95% defective vision. Laboratory studies have definitely proved that improper lighting, along with greatly increased use of the eyes at night and for prolonged periods under artificial lighting, has been the chief cause of this mounting toll of human eyesight.

At Tusculum, Alabama, a three-year test was carried on to determine what effect lighting has upon children's school work—whether or not classroom lighting really makes any difference in students' grades. This experiment showed some startling results: Two rooms, identical in every respect except lighting, were chosen for the test. In the first room the lighting was poor—such as is ordinarily used. In the second room the lighting intensity was four times as high; also it was controlled automatically by an electric eye, so that when the sunlight failed the lights went on. Teachers, classes and rooms were scientifically interchanged at intervals, so that differences in ability of teachers and students would not affect the test. It was found that there were three times as many failures among the students in the poorly lighted classroom as in the well lighted classroom. As far as it is humanly possible to ascertain, LIGHTING made the sole difference in these astonishing results.

Dr. Luckiesh and his associates, through The New Science of Seeing, are attempting to arrest the increase in impaired vision, and the more deeply hidden penalties of poor seeing conditions. Their plan of attack includes three objectives: First, to make the public "eyesight conscious". Second, to bring about periodic examinations by eyesight specialists of as large a part of the population as possible. Third, to correct the poor lighting conditions which tend to abuse eyesight and to waste other human resources.

Many little known facts are being brought to the attention of the public, such as the following: 1. That we use one-quarter of our energy to see, and that a business or professional man seated at his desk for long periods under poor lighting may be as tired after a day's work as a man engaged in hard physical labor. 2. That 80 per cent of our knowledge comes through our eyes, and that today we are using our eyes for severe visual tasks about 30 per cent more than was common a generation ago. 3. That if a child has to hold the book he is reading much closer than 14 inches, the chances are his eyes are being strained. The remedy is

eyeglasses or better lighting, or both. 4. Sunlight measures around 10,000 foot-candles. (A foot-candle is the light of one candle at a distance of one foot.) In the "shade of the old apple tree" there may be 1,000 foot-candles or more. Indoors, in the chair by the window, the light measures 200 foot-candles. Yet at night, we read under a bridge lamp furnishing only 3 to 5 foot-candles.

5. That reading with the page brightly illuminated and the rest of the room comparatively dark often causes unnecessary eyestrain and fatigue. Some light should be permitted to go to the ceiling, so as to reduce the harsh contrast.

The Illuminating Engineering Society has organized a Better Light—Better Sight Committee whose aim is to bring the story of eyesight conservation to the people of Michigan. The meeting in Detroit, on March 7th, was planned as part of this eyesight care activity. The committee was fortunate in securing Dr. Luckiesh as speaker, and the auditorium of The Detroit Edison Co. was filled.

Dr. Luckiesh is a prominent member of the American Physical Society, the Franklin Institute, the American Institute of Electrical Engineers, the Optical Society of America, etc., and is Director of the Lighting Research Laboratory of the General Electric Company. He has published hundreds of scientific and technical as well as popular articles, and has written seventeen books. Dr. Luckiesh is not only an outstanding scientist, but also a man of great character, and a magnetic speaker.

ADVICE TO MOTORISTS

Orville E. Atwood, Secretary of State, has advised car owners expecting to drive outside the state, to equip their cars with full year 1935 plates, if possible, rather than merely with stickers.

While all states have been advised of Michigan's sticker system, in states requiring only rear plates, police officers are attracted only to the rear of passing cars. The sight of a 1934 plate there has already resulted in some Michigan drivers being stopped until the stickers on the front windshields may be inspected. In any state, delay, loss of time and inconvenience may result from the use of a 1934 plate. Atwood had previously warned drivers against taking their cars out of the state with neither new plates or stickers, during the current extension until midnight, March 14, for old plates.

Officials of the Secretary of State's office refute the belief of many that only financial stringency dictates purchase of stickers. Two common reasons which oftener explain stickers; some car owners intend to buy new cars prior to August 1, final date for use of stickers; some firms with fleets of cars prefer holding 50 per cent of their license money until it is actually necessary to spend it, as a matter of business principle. With most commercial firms, though, desire to prevent a false impression dictates purchase of full plates, regardless.

CRANBERRY BEANS A SUGGESTED CROP

May Prove Profitable Venture For Michigan Farmers

Shifting some of the Michigan navy bean acreage to the production of light cranberry beans is recommended by the farm crops department at Michigan State College if the grower can obtain good seed and will take the proper precautions in harvesting his crop.

Cranberry beans have been a popular garden bean for some time and have been sold under various names. Terminal markets quote prices now on two classes, dark and light cranberry beans. The light type is more popular and sells for the best price at present.

The bean itself is somewhat longer than the common white bean and is larger. The under color is pinkish tan and there are spots or blotches of dark red. The vines grow large and spread more than ordinary white beans.

Yields of the cranberry bean have not been as large as of the Robust bean in trials at the College. Prices now are about \$5.00 for cranberry beans and \$2.50 for navy beans so the lighter yield is more than compensated for by the higher price. Yields of cranberry beans will average about 70 per cent of those of navy beans.

Plantings should be made as near June 1 as possible. The beans should be spaced from two to four inches apart in the rows, and a little over a bushel of seed per acre is required. Superphosphate alone may be used to fertilize beans on the better soils but a complete fertilizer with an analysis of 2-16-2 or 4-16-4 should be applied on soils lacking organic matter.

The methods of cultivating cranberry beans are the same as for the ordinary kind but special care must be used in harvesting the cranberry type. The beans are larger and are apt to contain a higher percentage of moisture. This moisture must be removed or the beans will not store well. Sale of beans with too high a moisture content will ruin the demand for cranberry beans from Michigan and will drive the trade to the purchase of beans from other states.

The cranberry bean can be thoroughly dried by using the McNaughton system of harvest. In this system, the beans are placed in small stacks around a post or stake. The stack must be built with quite straight sides and must extend far enough above the stake so settling does not expose the center support. A complete description of this harvesting system will be sent to anyone who requests it from the farm crops department.

For Homemakers

Source and variety have an important bearing on the price of oranges, home economics institution management directors at Michigan State College say.

Florida oranges, which are primarily the juice stock, are priced lower than California fruit on the markets in this section of the country. Of the two varieties produced in California, the Washington Navel and the Valencia, the latter is the more expensive, not because it is a better orange, but because it is the only orange offered on the market in the summer.

Oranges are an all-year-round product. However, there is a seasonal aspect in the volume of shipments, and a corresponding variation in price. During the winter months, oranges are plentiful and the prices moderately low. In the summer, the supply is limited to one variety and the prices are somewhat higher than during the remainder of the year.

The two price peaks should not be overlooked by the consumer. One is at the end of the Washington Navel season in the spring, and the other

at the end of the Valencia season in the autumn.

Since orange sizes are influenced by cyclical production, it is economical to buy small sized fruit for juice during a year of a heavy crop. During a year of light crop, when the larger sizes are more abundant, the juice from small sizes actually costs more per quart than an equivalent yield from larger sizes.

The difference in price between grade one and grade two oranges is sufficient to warrant the consideration of the second quality for use where appearance is not an important factor.

In Appreciation

For the splendid support given me at the Primary Election on Monday, I am deeply grateful. It will be my constant endeavor to continue to merit the confidence of the people of Oakland county in all my relations with them, personal, official and political.

FAMOUS STORY TO BE SEEN ON SCREEN

"David Copperfield" Listed for Showing at Holly Theatre

"David Copperfield", which comes to the Holly Theatre starting Sunday promises to be unusual in many respects.

It is the picture which introduces to the screen little Freddie Bartholomew, the ten-year-old boy who is hailed as the greatest screen "find" since Jackie Coogan rocketed to fame with Charlie Chaplin in "The Kid". Freddie plays the juvenile "David".

It is an adaptation of a novel which has entertained millions, and was called by its author, Charles Dickens, "my favorite child".

Sixty-five stars and featured players are in the unprecedented cast. Among the stars are W. C. Fields, Lionel Barrymore, Madge Evans, Maureen O'Sullivan, Edna May Oliver, Lewis Stone, Frank Lawton, Freddie Bartholomew, Elizabeth Allan, Roland Young, Basil Rathbone, Hugh Williams, Herbert Mundin—to mention only a few.

It is one of the few pictures on record in which the writer of the adaptation plays one of the roles; the novelist is Hugh Walpole, the eminent writer and authority on Dickensians.

It is an outstanding example of a famous book which is coming to the screen true in spirit and flavor to the original, and without a trace of "motion picture license".

PRAISE ACCORDED WORK IN COLLEGE

Assistant Director Is Pleased; Other Interesting Items

Mrs. Florence Lyman of Detroit, an Assistant Director of Wayne University Freshman Colleges, visited the Holly Freshman College, Wednesday afternoon, February 27. Mrs. Lyman is in charge of Languages of the Wayne Freshman Colleges. She visited both the College Algebra and French classes and offered very pleasant compliments on the work of Mr. Lee and the students in both classes. She was very much pleased with the pleasant facilities which the College has at its disposal, due to the generosity of the people of Holly.

Due to the high prices of the text books for the second semester and the hardship on the students in raising any large amount of money at this time of year, the College has adopted a cooperative book plan. According to this plan, each student contributes eighty-five cents for each class in which he is enrolled, to a general fund. This fund is used to purchase the minimum number of text books for each class. These books are placed in the library and checked out to individual students when they wish to use them. This plan saves the students a great deal of money and, with the expressed willingness of the students to cooperate, will work very satisfactorily.

Mr. Eclair Reed, a prominent banker of Fenton, will give a talk to the College Accounting class on the relations between Banking and Accounting. Due to the general lack of understanding of banking principles, Mr. Louis Thurmon, the Accounting instructor, feels sure that the talk will be very valuable to anyone and invites the public to attend. This talk will be given Thursday night, March 7, at 7 p. m. in Room 2.

The College Geography class is scheduled to inspect the American Spring Works, Thursday, March 7. The tour of inspection will be conducted by Mr. E. A. Hartz, General Manager of the concern. The tour is a part of the "Know Your Michigan" campaign that is being conducted by the Geography class and it was believed best to start at home.

The Davisburg Ladies Aid will meet in the church parlors Wednesday, March 13. Dinner at noon. Public invited.

The Pontiac High School will give a three-act comedy entitled "The Ink Girl" at Davisburg Town Hall Friday evening, Mar. 22. It is sponsored by the Davisburg Ladies Aid.

VOTE NO on the proposal to repeal Ordinance No. 30 of The Village of Clarkston, Oakland County, Mich.

Your Village Council made and passed this ordinance and it was published on June 4, 1934 and became effective on July 4, 1934. It prohibited the operation and use of motor boats, pleasure crafts or other water crafts propelled by gasoline, or other internal combustion engines, upon any body of water lying within the corporation limits of Clarkston.

Your lakes are too small for motor boats.

The present ordinance covers the present and future motor boat situation. Consider the fact that other motor boats may be put in operation on both Park Lake and The Mill Pond.

Let the motor boats operate on larger lakes where they may not be considered a nuisance. Keep them out of the Village of Clarkston.

The Homes of a Michigan Citizen

LET us examine him on several points that distinguish a good citizen from a bad one:

Does he pay his taxes? ... During the past ten years he has paid a total of \$32,332,175.31 taxes into State and Federal funds. Last year he paid \$2,670,873 to Michigan.

Is his home an eyesore? ... He has 356 homes distributed over the great State of Michigan. Many of these he built himself and owns—substantial buildings in good taste, each an asset to the neighborhood and standing on grounds that he always keeps neat. Where less space is required, he rents a home. Large or small, it is always adequate to the needs of the community it serves.

What sort of customer is he? ... Each year he buys huge quantities of Michigan products—copper and furniture,

poles, automobiles, iron, stone, labor. How does he treat his employees? ... With fairness and consideration.

There are seventy-three hundred of them, both men and women, and they all say that he is a good man to work for. He pays them \$12,000,000 in wages annually; this month he is paying them one million dollars, most of which will be spent and circulated throughout Michigan.

What does this Michigan citizen supply to his community? ... Telephone service. And in supplying that service, it is his aim that the improvements of the past shall continue; that the service shall be rendered with efficiency, economy and courtesy; that always there shall be available for his fellow-citizens of Michigan a telephone service that is as fine as any in the world.

Notice to Voters of the Village of Clarkston

I wish to thank the people of Clarkston for the support you have given me by signing my petitions to have the Ordinance No. 30 prohibiting the operation of motor boats on waters inside the Village of Clarkston repealed put on the ballot for election on Mon., March 11, 1935. I am asking for a square deal. I have been a taxpayer and property owner for the past ten years. I have spent my money with the merchants here. I ask my friends and neighbors for honest and fair consideration and to repeal this ordinance. I sincerely hope you will turn out and vote on that date and consider the young folks.

Thanking you,
JOHN RATTEW.

MRS. HENRY MARKS HAS PASSED AWAY

Estimable Woman Succumbs to Illness of Several Weeks

[From the Holly Advertiser]

This community was saddened Saturday morning to learn the news of the death of Mrs. Henry Marks, 78 years old, which occurred at her home on East Maple street, where she had lived for 40 years, at 12:20 that morning. She had been in failing health for several weeks.

Rosa Frank was born in Germany, Feb. 17, 1857, the daughter of Heyman and Yetta Jossman Frank. She came to this country when a young girl. Following her marriage to Henry Marks they lived at Ortonville for several years. From there they came to Holly forty years ago, where Mr. Marks was engaged in mercantile business until he retired a few years ago.

Mrs. Marks was one of the oldest members of Electa Chapter, No. 160, O. E. S., and was also a member of the Monday Club. She was a devoted wife and mother and a friend to all in the circle of her acquaintanceship. Surviving are the husband; two daughters, Etta, at home, and Mrs. Edith Cochrane, of Los Angeles, Cal.; and one granddaughter.

Funeral services were held in Detroit Monday at 1:30 p. m., Rabbi Leo M. Franklin, of Temple Beth El, officiating. Burial was in Woodmere cemetery.

Remember Your Home Newspaper

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.
