COMMENT CRITICISM

Clarkston has been overrun with dogs this year and as a large number of complaints have come to the sheriff's office all owners are advised to have a license on their dog or keep the pet at home.

Signs of spring-the sap is running. Soon you can have maple syrup ith your griddle cakes.

As long as we have got to pay an excessive gasoline tax to build good roads, why not pave M-87? And while we are on the subject of a high tax if, altho N. R. A. is dead, we must still pay an assessment, why would it not be a good thing for the Federal government to pay the

And as we still feel like asking questions, why not take the profit from the U.S. holdings in gold and refinance the bonus and save 9 years interest?

But your soldiers who desire "fiat" or "printing press money" in payment of your bonus, so you can save your home—forget it. If the U.S. starts "printing press," morey, your home will not be worth saving.

And now let's rest for a week or so to get strength for the next elec-

State Aid Mailed

State aid for the public schools of Oakland County, in the amount of \$134.321, has been mailed recently to the county treasurer, according to an announcement of Paul F. Voelker, orchestra are working on "The Yel-State Superintendent of Public In- low and the Blue", "The Victors" and struction. The total amount of the "Varsity" and will be able to play recent release to 77 counties is them on their next program. \$1,643,000.

The distribution represents advances on the 1934-35 Thatcher-Sias appropriation. While the total allocation is computed fon the basis of competition: \$15,000,000, it is estimated that only two-thirds of this sum will be availrevenues by the close of the fiscal year. A total income of \$10,000,000 will make it possible to give each district two-thirds of its allocation. Districts able to finance their school programs for the current year will be given their aid later in the summer.

Fathers and Sons to Banquet March 21st

Dr. Peter F. Stair of Detroit to Be the Speaker

Plans are now under way for one of the finest father and son banquets ever held in Clarkston. The program is not fully arranged yet but the committee is making an effort to have something attractive and interesting. They have been very fortunate in securing Dr. Stair as the speaker and he will have something important to tell to the sons as well as the fathers.

The menu committee promises real meal so if you miss this event you miss, a good program and a good dinner. Remember the date March 21st. If you have not a son of your own you may be able to find somebody's son who wuld enjoy the evening; this advice applies also to the

Linaburys Honored in St. Cloud, Fla.

Mr. and Mrs. Jasper Linabury, of St. Cloud, Fla., formerly of Clarkston, celebrated their golden wedding anniversary Monday, March 4th, at the Tourists' Clubhouse, with about 300 present. A fine program was arranged in their honor. At 5 p. m. a chicken dinner was served to their family and immediate friends, with Mrs. Ira Jones and Mrs. Silas Linabury as hostesses. After a pleasant evening all departed wishing Mr. and Mrs. Linabury many more years of happy wedded life.

Missionary Tells Experiences in China

William N. Wager Sends Letter to the Standard Church

William N. Wager, the son of Mr. and Mrs. Norman Wager of Rosehush who was sent to China as a missionary in 1928 by the Standard Church of America and whose headquarters are in Brockville, Ont., wrote a letter which was sent to his aunt, Mrs. Francis Chamberlain, and cousin, Mrs. Bessie Owen, of Waterford. The letter was written from Hanshow, Hunan, China, Jan. 1st, 1935. He writes:

This is the time of the year when walls, woodwork, and furniture need the grimy look of winter taken off. Soap and water is not effective in removing the greasy film, but the home economics extension home man-The play chosen this year is "Here State College suggest a cleaning solution which will cut the dirt and minimize the amount of muscular

The solution, which is made of one cup sal soda, one cup ammonia, one cup vinegar, and one gallon of water, can be used for cleaning oil paint or enamel walls, varnished or enamel woodwork, and furniture. Like all effective cleaners, it must be used carefully to avoid damaging the sur-

Cleaning any enameled surface repeatedly with a strong solution will in time remove the gloss. A simple method of preventing the dulling of the surface is suggested. Heat onefourth cup powdered glue until melt ed. Use one cup of the solution to one quart of warm water. Wash the woodwork with this solution and do not rinse when it is dry. It leaves a slight film of glue on the surface which gives a gloss. When the woodwork or wall is dirty again, wash off the first film of glue with another solution of glue. This will very easily remove the dirt which has collected on the surface and leaves a fresh film. This is also satisfactorily ised on varnished woodwork.

Wax sometimes proves as satisfactory as furniture polish in polishing the furniture. Wax on the window sills will also make them easier to dust. It does prevent the varnish from drying out so it is a real protection for it.

A home-prepared wall paper cleaner which will give good results may be made from two cups sifted flour, one cup warm water, two tablespoons kerosene, four tablespoons ammonia, and two tablespoons salt. Cook as long as it can be stirred, then cool and work into balls with the hand. This amount will clean a small bedroom. A larger room will require twice the receipt. Do not use the cleaner until it becomes black and too laden with dust and soil because the soil is thus rubbed back into the paper and may ruin it.

Another method of cleaning wall paper which is reported as satisfactory is soaking a number of cloths about three by four feet in kerosene for five or six hours. The cloths are then allowed to dry 24 hours or until they are no longer greasy. One advantage of this method is that it is not as mussy as other cleaners and if used carefully, there is no danger of streaking. These cloths should not be allowed to lay around for any length of time on account of danger of spontaneous combustion.

Automobile drivers of the state are continuing to be placed under the financial responsibility act, which requires mandatory revocation of a driver's license for three years unless financial responsibility to meet damage claims up to \$11,000 is proven by leposit of cash, securities or insurance policies. HOLSTEIN BREEDERS TO MEET IN ROCHESTER

Holstein breeders of Oakland County County will meet at the Congregational Church, Rochester, at 6:45 p. m. Monday, March 18. A representative of the Holstein Friesian Association of America, Allen N. Crissey, will discuss opportunities for advancement of the breed in Oakland County. Mr. Crissey has had a wealth of experience in organizing county Holstein Associations that really amount to something besides being just social groups. Crissey has been working for ten years in the eastern states that offer the best outlet for surplus purebred Holsteins from Michigan.

J. G. Hays, Extension Dairyman from the Michigan State College, formerly for eleven years secretary of the Michigan Holstein Friesian Association, will talk over the dairy practices being followed by the most surcessful Michigan breeders.

Local arrangements for this meeting are being perfected by County Agent K. D. Bailey.

In the Star's dressing room LIGHTS circle the mirror!

VER the theater star's dressing table there is a magic circle of light that mercilessly reveals every flaw in make-up. The amount of light used is eloquent testimony to the need of plenty of light for a critical seeing task such as this. Your vanity table, too, requires a definite amount of light-just as there is a definite amount needed for reading, writing, sewing and other visual tasks. You can apply four simple rules to your home lighting that will assure good general quality of illumination throughout the house: (1) Use SHADES on all lamp bulbs to prevent GLARE. (2) Use shades with light-colored linings to get the most light. Wide shades, open at the top, are best, (3) Use correct-size lamp bulbs "WATTS". In table and floor lamps with 3 sockets, use 40 watts in each socket; two sockets, 60 watts; one socket, 100 watts. (4) Have at least one-tenth as much light in the rest of the room as you have on your book, newspaper, sewing, etc.
