**Waterford School News**

First Grade: Marian Roehm has returned to school, after several days illness.

Bobby Smith has missed several days of school.

We hope that Margaret Dailey will soon be back with us again.

Second Grade:

Ardath Sutton, Harry Knox and Junior Welsh were visitors in our room this week.

Our attendance record is improving as the children who were ill with their vaccinations are returning to school.

Fourth and Fifth:

The fifth grade is finishing the study of Russia.

The fifth grade boys have organized a team to play the high school girls.

Seventh Grade:

Robert Johnson has moved to Clarkston.

Eighth Grade:

The eighth graders are going to write a General Science test, Wednesday.

Girl Scouts:

The Waterford Girl Scouts sold more cookies this year than any other troop in the county and will as a reward receive \$10 worth of equipment.

June Harris of this troop sold the most, selling 62 dozen. She will be permitted to take a trip to Greenfield Village with the other winners in the county.

Boys' Baseball:

In a very interesting game last Friday, Waterford was defeated by Auburn Heights 5-2. Auburn has a very good team and has gone this far without being defeated. This loss places Waterford in the third place in the league.

In the third inning, McFarland, our catcher, was injured and Jacober played that position for the rest of the game.

The batteries were: For Auburn, Powers, pitcher, and Fisher, catcher; for Waterford, McVittie, pitcher, McFarland and Jacober catching.

We will play a return game with Auburn on May 28.

Girls' Softball

Last Tuesday, May 14, our team went to Donelson for our second game. It was a very exciting game because we were not sure until the final inning which team would win. The Waterford girls won by the score of 22-18. Our pitcher, Geraldine Poloskey, was largely responsible for this score, because she made two home runs, one when the bases were loaded.

In a five-inning game played May 20th at Waterford, the girls won from Auburn Heights by the score of 18-9.

Geraldine Poloskey and Eunice Hubble rotated between pitching and first base. This gives us two victories out of three played. We hope to be able to maintain this average during the remainder of the year.

An exciting game was played at Donelson school on Tuesday of this week. The Waterford team was in the lead for a long time but when the game ended the score was 7-6 in favor of Donelson.

**ELECTRIC RANGE**

**COOL**

**PUT A**

**IN YOUR KITCHEN**

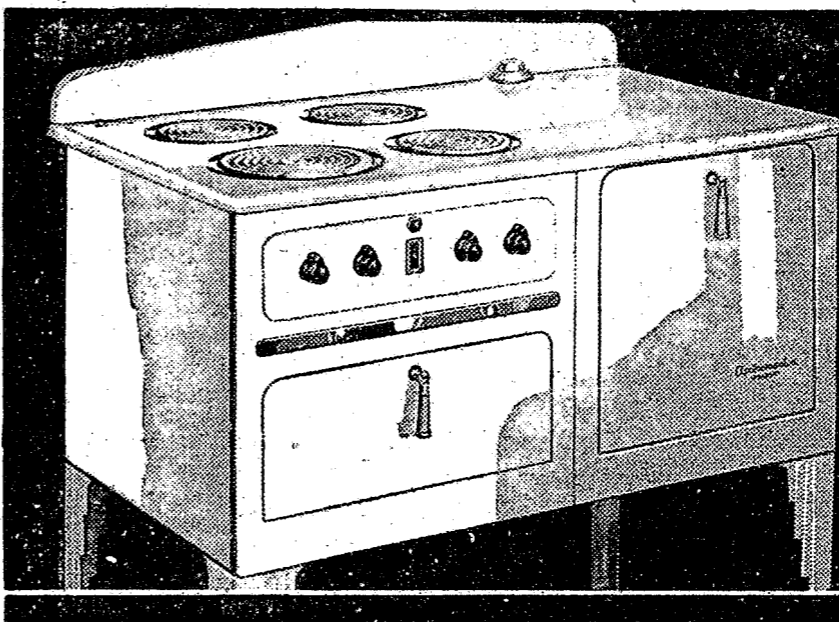

**on Trial\* - - -**

**PROVE FOR YOURSELF THAT ELECTRIC COOKING IS COMFORTABLE COOKING**

You have probably heard a great deal about the advantages of an electric range—the feature of **COOLNESS**, among others. Here is your chance to see for yourself how surprisingly comfortable your kitchen is—even in the warmest weather—when you do your cooking electrically. You can use the electric oven for baking or roasting and it will not noticeably raise the temperature of the room. This is because the oven is well-insulated and semi-sealed. There is no stovepipe to carry the hot air from your oven through the kitchen, heating up the atmosphere, as in a fuel-burning stove. And on the surface units, the heat goes directly from the electric element to the cooking utensil. All of the heat is used for cooking; little can escape into the room, and there is no hot flame to heat the surrounding air and make the kitchen uncomfortable.

Electric cooking is **COOL** cooking.

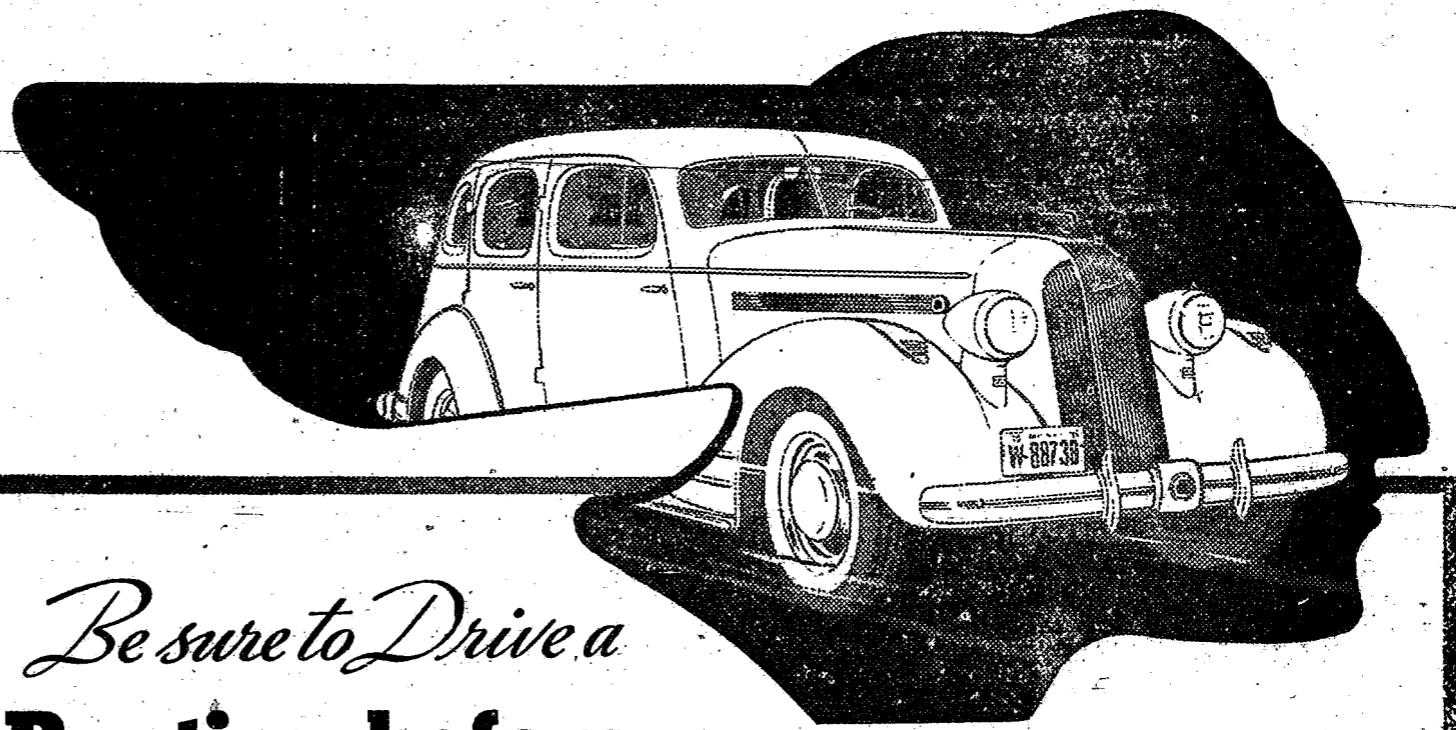

\* We want you to try an electric range in your own kitchen. We want you to enjoy cool electric cooking without making any investment or being under any obligation. So we have arranged a special trial offer. We will install an electric range in your kitchen without initial charge, and let you use it for six months, removing it without charge if you do not like it. During the trial period, you pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Since this trial plan was begun a short time ago, over 4000 of our customers have taken advantage of this offer. Send in your application for a trial range today!

A study of one thousand families using an electric range showed a cooking cost of

Clarkston, Mich.

CLARKSTON, MICHIGAN

Waterford

Mr. DeCook, who lives on the Magee farm, is spraying the orchard. Miss Margaret Dorman gave a formal dinner party to several Pontiac High School friends recently.

Mr. and Mrs. Henri Buck went to the hospital at Grand Rapids on Monday to see her sister, Mrs. Lulu Winslow, who is ill.

James Saylor entertained eight friends at his home on Thursday evening. This was what is called a "stag party." The men enjoyed a few card games and refreshments were served.

Mr. and Mrs. Carolon Annis and family of Grand Rapids were guests at the home of the latter's mother, Mrs. Edwin Campbell, over the week-end.

Mrs. Hines has returned to her former home. Blisath's have rented the apartment where Mrs. Hines and Miss Marveta Hines were living. Miss Hines has gone to Pontiac to live.

Mr. and Mrs. Lyman Girst and family and Miss Sarah Combs enjoyed the week-end at Holland, Mich., where the lovely tulip festival was in session. They returned Sunday evening.

Richard (Dick), the son of Mr. and Mrs. E. E. Lambertson, who was in the St. Joseph Mercy Hospital recently for an attack of appendicitis and who was operated on, recovered nicely and was able to be returned to his home in a week's time. He is now able to be out.

Raymond Kneisel, who has been the teacher for the Clarkston Station School for this year, also the year before, finished his school year with a picnic on Saturday. While he taught the school for this year he made his home with Mr. and Mrs. Ernest Blinke. He left Saturday for his home at Evert, Mich., and was to report to the Ferris Institute at Big Rapids on Monday for the summer term.

Mr. and Mrs. George Rosenquist and L. C. Helfer went to LaPorte, Ind., on Saturday afternoon where they met Mrs. Rosenquist's parents, Rev. and Mrs. Fred Keast, who came all the way from California by motor. At LaPorte they had an accident which greatly damaged their car but injured them slightly. Mrs. Keast's head was cut above the eye. They will spend an indefinite time here with the Rosenquist family.

**HANGGEE'S INS. AGENCY**  
4645 Dixie Highway  
DRAYTON PLAINS  
Phone 714-F12

Drayton Plains

Joseph Hanggee is taking the school census this week.

Mrs. William Huntoon was quite ill last week. She is reported much better at this writing.

The two weeks old infant of Mr. and Mrs. E. Eldred passed away last Saturday night.

Rev. and Mrs. C. J. Sutton returned home last Saturday evening from Pittsburgh, Pa., where they attended the 10th anniversary reunion of Rev. Sutton's seminary class.

William Pelton has recovered from an illness which confined him to his home for some time.

Mrs. W. E. Oakes is recovering nicely from a serious operation in the Henry Ford Hospital, Detroit.

Lucille Hanggee has returned to her home after spending a week with her grandparents, Mr. and Mrs. Chas. Poole, at Sashabaw Plains.

The Drayton Plains Home Demonstration Group joined the Oakland County Group to spend last Wednesday at Greenfield Village.

The C. U. P. choir has postponed its musicale for possibly two weeks. It was to have been given tonight at the church.

The Pontiac High School Chorus, directed by Mr. John O. Otten, sang in the Hartland Music Hall last Sunday afternoon. Miss Edith Sutton and Miss Ernestine Barnhart are members of the Chorus.

Mr. and Mrs. Carl Kruger spent Sunday afternoon at Rochester.

The Men's Prayer Group were entertained at the home of Harold Detweiler last Saturday evening.

The Mens Club met with great success when they staged the mock wedding on Monday evening. Everyone had such a good time that the men are planning to repeat the program in the near future.

For Homemakers

The farm homemaker can take advantage of the present low price of wool and replace her old, heavy cotton comforters with light woolen ones made at an average cost of about 80 cents per comforter, according to home economics extension specialists of Michigan State College.

The medium grade of wool contains less grease than the very fine or the coarser grades. To wash the fleece, immerse in clear, lukewarm soft water, 110° F., leaving only a short time so the action of the soap in the next solution will felt the wool fibers. Lift the fleece from the clear water

into a 1 per cent soap solution, using about one pound of neutral soap to 12 gallons of rain water at 110°-122° F., and work carefully but not continuously for half an hour.

Another solution of the same temperature, but using only one-third as much soap and about one ounce of "soda ash" or sal soda, is then used to work the fleece gently for another half hour. If the fleece still is not clean, use another solution of weaker soap content. Then rinse in lukewarm soft water for three to five minutes, rinse again in cooler soft water, and dry in warm air.

The specific temperatures recommended should be used, as wool will shrink and felt when placed in temperatures above 122° F. A washing machine will not be satisfactory because it will cause the wool to felt and make it hard to card. If the fleece is too large, divide it into two parts, washing the wool from the back first and then use the same solutions for the other wool. The solution given in the third step will need to be repeated for the second lot of wool as it will need a good, clean soap solution.

Card about a handful of wool into a pad about 11 by 14 inches. About 50 such pads are necessary for a comforter, or about two and one-half pounds. Allow the edges to lap over each other about two inches when putting the pads together in a comforter.

LARGER SALES TO PEOPLE OF SOUTH

In These Michigan Has Had an Important Share

Michigan manufacturers had a substantial share in the increased purchases of southern farmers in the past year, according to Henry A. Wallace, secretary of agriculture.

Waybills from four railroads in southeastern states show that shipments of furniture over those lines increased substantially in the period from July 1, 1933, to June 30, 1934, as compared with the corresponding 12-month period. Shipments of stoves and heaters grew from 6,251, 271 pounds to 11,481,799 pounds. More than twice as many pounds of refrigerators went over the lines, and shipments of tables and chairs increased 1,010 per cent and 121 per cent, respectively.

Electrical appliances and woolen blankets were two other commodities which southern housewives bought in larger quantities.

Children shared in the new purchases with an increase in shipments

of roller skates of more than 48,000 pounds. Purchases of toilet preparations for women were greater by 677,996 pounds.

Many other manufactured goods were bought in much larger quantities during the second year. The points of origin for all these shipments were in 16 northeastern states, one of which was Michigan.

Michigan has an interest not only in factory payrolls in the state but also in lumber, iron and wool used in manufacturing plants in other states. Increased buying of manufactured articles in any section of the country helps many lines of Michigan industry.

DAVISBURG

Mr. and Mrs. Chester Cole, of Davisburg, announce the marriage on May 18 of their daughter, Helen, to Glen Robinson, of Davisburg, son of Mr. and Mrs. Thomas Robinson. They were quietly married at the bride's home. Rev. J. O. L. Spracklin, of Davisburg, performed the ceremony. The couple were attended by Mr. and Mrs. Harold Hampton, of Pontiac.

WHITE LAKE AND ANDERSONVILLE CHURCHES

Memorial services at the White Lake Presbyterian Church Sunday at 10:45.

Memorial services at the Andersonville-Springfield church at 2:30.

The New York Sun recently carried a complete descriptive list of the 234 stamps issued in commemoration

of the twenty-fifth anniversary of George V as king of the British Empire. Anticipating that many collectors will try to acquire a complete set, several firms are preparing special albums, both bound and loose leaf. Studying the list, visioning the colors and designs and how representative they are of the colony where issued, it is easy to understand why anyone would become enthusiastic about such a set.

The Big Demand of Truck Buyers Today is for Economy

IT PAYS 3 WAYS TO BUY CHEVROLETS

1 1/2-Ton Stake (157-inch wheelbase)

Today, when every wise buyer of trucks is particularly interested in getting dependable transportation at lowest cost, the money-saving advantages of Chevrolet Trucks have a particularly strong appeal. Truck buyer after truck buyer is discovering that it pays three ways to buy Chevrolets. And truck buyer after truck buyer is deciding to take advantage of the big savings which Chevrolet offers. You, too, will get better haulage service at lower cost by buying a Chevrolet Truck because of these triple economies:

1. Chevrolet Trucks sell at the world's lowest prices.

2. They use less gasoline and oil because they are powered by six-cylinder valve-in-head engines.

3. They give longer, more dependable service because of the extra quality which Chevrolet builds into every part of its products.

Visit your nearest Chevrolet dealer—this week. Have a thorough demonstration of the right Chevrolet Truck for your haulage needs. Buy a Chevrolet and get better truck performance at the world's lowest prices!

THE CLARKSTON NEWS

### Clarkston Locals

Mrs. Hattie Walter has returned home after spending a few days with Mrs. Leman Cambrey of Flint.

Keith Douglas and Orin Grippen of Detroit were Sunday guests of Mrs. Jean Douglas.

Mrs. Arthur Hadley of Holly spent a few days last week with her daughter, Mrs. Lee Clark.

Mr. and Mrs. Guy Walter left on Thursday morning for Hamilton, Ontario, where they will spend a few days with relatives.

Mr. and Mrs. George Harris and Mrs. Oscar Virgin visited with Mrs. Eta Vliet of Rodney, Mich., last Sunday.

Mrs. Lee Clark, who has been ill for the last week, is recovering rapidly and was able to go to Detroit on Thursday.

Mr. and Mrs. E. H. Reid and sons of Drayton Woods and Mr. and Mrs. Fred Stewart were Sunday afternoon guests of Mr. and Mrs. William Windiate of Linden.

Mrs. Thomas Parker spent last week end in Detroit, the guest of her daughter, Mrs. Pearl Ireland, and they attended a mother and daughter banquet.

Mr. and Mrs. Louis Walter and Mrs. John deLinde and daughter Margery Ellen were guests of Mr. and Mrs. James Van Avery at dinner last Monday evening. The occasion was Mr. Van Avery's birthday.

Mr. and Mrs. William A. Hubble, of Pontiac, and Mr. and Mrs. N. D. Thomaek, of Clarkston, visited Max McMillan at the University Hospital at Ann Arbor last Sunday.

Donna Louise Hubble, year-old daughter of Mr. and Mrs. A. F. Hubble, of Clarkston, was taken to St. Joseph Mercy Hospital last Friday. She will remain there about three weeks for observation and treatment.

The Mother's Day stamp recently issued by Austria is like our Mother's Day stamp in name and size only. The picture is by the artist Danhauser and shows a very young mother resting on her right arm while the left encircles an infant. Printed in deep indigo, with the name of the country in light faced type at the top and the value at the bottom, it has the appearance of a finely engraved miniature.

## Thirty Million Miles of Ford Economy

MORE MILES. Faster miles. Greater economy... that is the story of the Ford V-8. There are conclusive figures from owners to show that it is the most economical Ford car ever built.

A particularly interesting and complete report of costs comes from a national fleet owner who has owned 854 Ford cars which have run more than thirty million miles in business use.

175 were Model T Fords which were run 5,017,075 miles. 599 were Model A Ford cars which were run 24,041,632 miles. 80 are Ford V-8 cars which have been run 2,982,886 miles.

This owner's cost records show that Ford V-8 cars cost 12% less to operate than the Model A Fords and 31% less than the Model T Fords. And they covered more miles per month. The monthly average for the Model T Fords was 1509 miles. For the Model A Fords, 1866 miles. And 2571 miles for the Ford V-8.

Each year the Ford car gives you more in value and performance and costs you less to operate.

Actual

Figures

Show

The Ford V-8 is

**12%** More economical than the Model A.

and **31%** More economical than the famous Model T.
