COMMENT AND CRITICISM

The Village duds, we believe should do something for the growing generation—from 4 to 40 or over. So many enjoy swimming in Deer Lake, that a decent, safe and trustworthy float should be provided. The rickety float now being used is a poor adv. for the Village; patched up with rails that have come loose and offer such a good place to injure the swimmer. It looks like driftwood compared to the inexpensive yet safe float on a private beach a few hundred feet away. Good times are here again so let's replace the float in use before the depression.

Somewhere there is something that tickles the funny bone in an event that took place in Clarkston this last week. Orson Coe is representative for a gasoline company, and they sell good gas but it must be placed in the car tank to make the car go. Orson, his mind on his customers, forgot his own interests and neglected to put some gas in his own car. As a result Orson had to walk to the nearest gas station to get some gas to run his truck for delivering gas and was his face red.

NEW USES FOR FARM PRODUCTS

Will Be Featured on Farmers Day Program July 26

New uses for farm products is to be the base upon which the Farmers Day program at Michigan State College, Friday, July 26, will be built and the principal speaker that day, Wheeler McMillan, editor, Country Home, has been investigating that subject for several years.

In an interview with Dr. William J. Hale, Midland, Mich., Mr. McMillan last year found out how one of the leading scientists in the industrial field believes farm products can be turned to other uses than food or clothing. Conversion of the products of farms into manufactured goods is not wholly new but the interest in increasing this use is at a high point now, and scientists are working overtime to develop new uses.

Mr. McMillan was chairman of part of the sessions at the agricultural-industrial conference called at Dearborn, Mich., by Mr. Henry Ford, and did much of the preliminary work which made that meeting possible. He said at that meeting, "We are today utilizing but a small portion of the productive power of our cultivated soil, and an even lesser proportion of the productive power of our agricultural energies. We who are food producers have felt ourselves limited by the inelasticity of human stomachs. Few of our customers, however rich, seem to want more than three meals a day."

"In contrast, the American people have an apparently infinite capacity, given adequate purchasing power, to consume the products of industry and agriculture other than food. Therein lies an opportunity of greater magnitude than we may comprehend without careful examination."

Michigan farmers will want to hear the message that Mr. McMillan will bring from the scientists who are working to develop processes which will turn farm products into manufactured articles. The practicability of the plan is attested by the use of such products now in the production of starch, alcohol, cellulose, and oils which have a ready sale.

PROVIDING BIRDS WITH FOOD FOR THE WINTER

Three tons of seed mixture, prepared according to the formula of the Game Division, Department of Conservation, are being used by individuals and organizations in Michigan and other states this summer to grow winter food and cover patches for game birds and animals.

The last 2,000 pounds made available by the Department was recently sold by the Michigan Farm Bureau. This brings the total amount of seed mixture sold by the Farm Bureau this year to 6,000 pounds, a ton more than the amount sold last year.

"Lead Kindly Light" was composed by John Henry Newman in 1832 while the ship on which he was taking a Mediterranean cruise was becalmed in the Strait of Bonifacio.

Mrs. Davies Elected To School Board

Walter and Clark Re-elected at Annual School Meeting

The school district for Clarkston, at its annual meeting, Monday evening, without a dissenting vote re-elected Earl Walter for a three year term as member of the board.

Lee M. Clark's term had expired and his name was again placed in nomination as were also the names of G. D. King and Mrs. F. E. Davies. Out of 32 votes, Clark received 24 and was declared elected for a three year period to succeed himself.

L. R. McFarland, whose term was not up for another year, resigned before the meeting and Mrs. F. E. Davies was elected to fill the vacancy. This sets a new tradition for the board as this is the first time, we are informed, that a woman has been on the board.

Mrs. Davies is well qualified for the job and the election was a very suitable reward for the interest she has shown in our school in the past. The meeting was very well attended, about 35 being present and it must have been somewhat pleasing to the old members of the board to see the interest manifested.

The board was authorized by the vote of qualified voters to appoint a committee to take steps to dispose of the so called "Old School". The debate was whether to tear down the building and sell the material or to sell both building and ground.

The treasurer's report showed a better condition than has existed for some time. One thing that seemed important to the News was the number of times the building had been rented during the past year. The more a public building is used, the more it is appreciated and the more it is appreciated the more valuable it becomes.

Know Game Law Before Using Gun

Hillsdale Farmer Is Convicted For Shooting Pheasant

May a landowner shoot a pheasant out of season on his own property because he has suffered crop damages from game?

No, decided a circuit court jury in Hillsdale county.

The arrest of a farmer for a violation of the game laws on his own land was upheld in circuit court when a jury convicted Jacob Beck, 64, of Hillsdale on a charge of killing and possession of a female pheasant.

Beck had been arrested Oct. 14, 1934, the day before opening of pheasant season.

Faye Warner, Conservation Officer, was on patrol when he heard a shot and he found Beck in possession of a dead hen pheasant and a shotgun. Beck, when placed under arrest, contended that he had a right to kill the pheasant and charged that pheasants had been destroying his crops.

On arraignment in justice court Beck pleaded not guilty and demanded a trial, using as his defense the claim that a farmer has a right to abate a nuisance. He was found guilty in justice court and appealed the case to circuit court.

Beck had admitted shooting the hen pheasant in the justice trial, but contended that he was justified in so doing as long as he was on his own land at the time and protecting his own property.

The prosecution, however, showed that Beck had killed the pheasant at the edge of a swamp at least 80 rods from any crop or buildings and that the defendant had at no time reported any damage by game to conservation officials.

After hearing testimony and the arguments of counsel, the jury declared Beck guilty. Beck was assessed a fine of \$10 with costs of \$275.80 and his shotgun was confiscated by the conservation officer.

In instances where wild game birds or animals are doing damage to farm crops or property, the land owner is requested by the Department of Conservation to notify the local conservation officer before any control is attempted.

The Woman's Missionary Society of the White Lake Presbyterian Church is sponsoring an evening of entertainment by the Parent-Teacher Association of the Whittier School, Pontiac, which will consist of four one-act plays and special music. The program is under the direction of Miss Janice Antona, a state instructor in dramatics.

The White Lake Presbyterian Church is making preparations to celebrate its centennial. The church was organized on August 1, 1835, and the date set for its observance is Sunday, August 4.

WALTER REUNION HELD THURSDAY

Louis F. Walter of Clarkston Is President

The Walter Grove on Cranberry Lake north of Clarkston was the scene of the gathering of the children and their families of the late Mrs. Eleanor Walter on July Fourth. There were 43 who enjoyed the day. The cooperative dinner was served at one o'clock at two long tables set in the grove. Games were played and prizes won. The games were supervised by H. B. Mehler and Mrs. Dolores Green of Detroit. The president of the reunion is Louis Walter of Clarkston; secretary, Mrs. Helen Mehler.

The president named the committees for the ensuing year: Social—Misses Frances Bird, of Detroit, Velma McIntyre, Seymour Lake, Ilene Micholson, Detroit, Mrs. Vera Rowley, Detroit, Miss Clara Walter, Detroit.

The Fourth of July was set for the next gathering with the same place in mind. The guests were from Detroit, Pontiac, Watkins Lake, Groveland, Fowlerville, Clarkston, Seymour Lake and Waterford.

TWO BIG FEATURES COMING TO HOLLY

Notable Movie Attractions Are Listed for Showing

Strike up the laughs, for Will Rogers' new fun cyclone, "Doubting Thomas", opening Friday at the Holly Theatre. You'll hold your sides as Will tries to hold his wife in this rib-roking story about a thunder-struck husband and a stage-struck wife which was adapted from George Kelly's stage hit, "The Torch Bearers."

Reports from other cities have audiences rolling in the aisles of the theatres at Rogers' new wisecracks in the role of a simple, home-loving sausage manufacturer, whose calm world is tossed into a turmoil when his wife, Billie Burke, goes theatrical. She appears in an amateur charity show and if the Holly Theatre audiences hold on to their seats, it will be more than audiences in other cities have been able to do.

You'll laugh your fill when Billie Burke, under the influence of Alison Skipworth, who plans an amateur impresario, wants to make a career of the stage until Rogers finally effects a cure by hiring a bogus Hollywood director to tell the amateur group what he thinks of their screen tests after which Will surprises everyone with a sequence which can be chalked down as one of the highlights of all Rogers' films.

"Go Into Your Dance", First National's latest musical spectacle, opens at the Holly Theatre Sunday, with Al Jolson and his wife, Ruby Keeler, co-starring. The picture is based on a story by Bradford Ropes, author of "42nd Street". It is intensely dramatic in spots, with hilarious comedy situations, a glowing romance, and spectacular dance numbers in which scores of Hollywood's most beautiful chorus girls take part.

There are seven song hits in the picture written by the ace team of Warren and Dubin. These are sung by Jolson, Miss Keeler and Helen Morgan, famous torch singer.

The story concerns a Broadway entertainer, who is barred from playing in New York because of his fondness for wine, women and his "ponies". The staging of his comeback leads through love tangles, thrilling situations and a dramatic denouement.

STATE HIGHWAY HEAD WILL CONDEMN LAND

Murray D. Van Wagoner, State Highway Commissioner, has filed two condemnation suits in Circuit Court to take properties declared to be necessary for the improvement of two Oakland County highways. He sued Mary T. Slocum, of Holly, and Anna K. Swazy, of Clarkston, to take four parcels of land in Groveland Township declared to be necessary in the widening and improvement of State highway M-87.

The commissioner names the Highlands White Lake company defendant in the second suit to take three parcels of land in Highland and White Lake townships declared necessary in the improvement of M-59.

He states it has been impossible to arrive at an agreement with the owners. Appointment of three commissioners to sit and determine the amount of damage, if any, is asked. The hearing on the motions will take place in Circuit Court July 26.

The Justice Court

At a session in Justice Court, Clarkston, Monday morning, two disorderly cases were disposed of by Justice J. A. Morley as follows:

Carl Bergman paid \$10.00 costs and was sentenced to spend 60 days in Oakland County Jail. Herbert Beirsdorfer was sentenced to pay \$15.00 fine and \$10.00 costs, and was placed on probation for 90 days.

Both of these men were arrested by Constable Kimball.

CARIBOU INN HAS S. S. D. LICENSE

The State Liquor Commission has granted a Special District Distributor's license to Wm. F. Barry, and now liquors are available at the Inn for the convenience of the public. We believe that the Commission made a good choice in Mr. Barry as we believe that he will follow the spirit as well as the letter of the law and that the office will be conducted in a proper manner as contemplated by the voters.

Mrs. Nettie Conrad Expired Tuesday

Burial Was Thursday in Lake View Cemetery

Mrs. Nettie Conrad passed away at the St. Joseph Mercy Hospital last Tuesday.

Mrs. Conrad had been living with her niece Mrs. Forrest Jones and had been in poor health for the last 6 months.

Mrs. Conrad was born in Albion, February 22, 1862.

She lived in Grand Rapids for many years and made many warm friends. She was chaplain of the Ladies' Order of the Moose in Grand Rapids for 14 years.

Mrs. Conrad had lived in Clarkston about a year and in that short time she won her way into the hearts of many people on account of her cheerful and happy disposition.

Funeral services were held on Thursday afternoon at 2:00 at the Ogden Funeral Home with Rev. C. E. Edwards officiating. Burial was in Lake View Cemetery.

Those who survive are one brother, S. L. Bennett of Petoskey, and one sister, Mrs. Jessie Walter of Clarkston.

AUTOMOBILE "STICKERS"

GO OUT ON JULY 31

On Thursday, July 25, automobile license plates for 1935 will go on sale at half price, Orville E. Atwood, Secretary of State, has announced. The plates will be available from that date on, at the Department of State, and at all branch offices.

Cars that have been on the highways without 1935 plates have been equipped with 1935 half-year permits or "stickers." Cars placed in operation on the highways prior to July 25 must be equipped either with half-year permits or with 1935 plates purchased at full price, it is pointed out.

Owners of cars which have been equipped with half-price "stickers" have at all times had available the privilege of purchasing 1935 plates upon payment of the balance of the 1935 license plate tax. But in any event, "stickers" must be replaced with 1935 plates by midnight July 31, Atwood warns. No extension of time can be granted without express authorization of the legislature. Motorists are asked to bring their "sticker" registration certificates with them when they apply for their 1935 license plates.

STATE HIGHWAY MAPS FREE AT THIS OFFICE

The Clarkston News is indebted to Murray D. Van Wagoner, State Highway Commissioner, for copies of the July 1 edition of the 1935 official Michigan highway map, published by the State Highway Department as a service for Michigan citizens and visitors from other states. This edition contains corrections in the location and condition of State trunk line highways necessary to make the map accurate as of July 1. Another edition with necessary additional corrections will be available in September.

This map is available at no charge and persons desiring copies may obtain them at the News office or by writing to the State Highway Department.

 The house on Maple street formerly occupied by the Clarence Johnson family and now owned by the Walter family has been remodeled. The east side of the house has a porch along the entire side and the front porch has been torn away. The west side has two new sets of windows.
 At the Regotta home on the Van Zandt Sub. a great deal of outside improvement has been done. A fish pond has been sunk in the front lawn and at the entrance of the lawn is a boulevard lighting system of three lights which lights up the entire lawn and driveway. The father takes great enjoyment in working about the place and beautifying the grounds.
 An attendance contest has been

progressing for the past 15 weeks. A group of children will be awarded a book of Bible Stories. This was for the Primary class of the S. S. with Mrs. Henry Mehlberg as teacher and Mrs. Charles Calhoun as assistant. Several children received stars on their cards too for the attendance of parents. Sarah Collins, John Calhoun, Max Burt, Doris Eakle, Dale McLaughlin, Marion Roehm, Marion Sloat, Lillian Wilcox, Audria Williams, Billy Wyckoff. Plans for a reward for the others too are under way and will be announced at a later date.
"BLOSSOM TIME" NEXT OPERETTA
To Be Presented Under the Stars at Navin Field
 The current Opera Under the Stars production at Navin Field of Noel Coward's musical success "Bitter Sweet" will be followed by that immortal operetta "Blossom Time".
 Following "Blossom Time" which opens Saturday, there will be presented "Cyrano de Bergerac", "The Last Waltz" and "Nina Rosa". The succeeding musical shows on the adjusted Summer program will be announced shortly.
 The coming production of Romberg's "Blossom Time" on the mammoth outdoor stage will see a number of new faces in leading roles. Roy Cropper of "Student Prince" and "Vagabond King" fame will be seen for the first time with the "Opera" in the role of Baron Schober. Franz Schubert will be played by Paul Keist, who has appeared with Grand Opera in both New York and Chicago, and played the leads in "Vagabond King" and "Show Boat" taking Dennis King's places in these productions. The role of Mitzi Kranz will be played by another well-known newcomer, Diana Galen.
 Leonard Ceeley will be seen in this show in the role of Count Scharntoff. Robert Betts, Desiree Tabor, Robert Long, Barnett Parker, Nancy Welford, Elizabeth Crandall, Sandra Ward, Truman Gage, Bette Davis and many others will be seen in the prominent roles.
 "Blossom Time" is the one musical show that almost everybody knows and loves and is the greatest operetta success in the history of the stage. The romantic story is based on the character of the great composer Franz Schubert, who was for the most part unable to express himself except in music, and who left behind him one of the richest treasures of music the world has known. Although Dorothy Donnelly's story of Schubert's life is purely fictitious, it is none the less charming. Romberg, in writing the melodies, owes much to the real Franz Schubert for the themes.
 Schubert is presented as the adorer of Mitzi, one of the three charming daughters of Kranz, the court jeweler in Vienna. While he is seeking courage to tell his love, he discovers that Mitzi is being wooed by Baron von Schober, his best friend. In the end Schubert stands silent while the other wins the lovely lady, and then in music of rare eloquence tells the story of his love.

The Schubert "Serenade" peeps into the first act and in the last act the immortal "Ave Maria" is the setting for the song "Lonely Heart". "The Song of Love", most popular of all "Blossom Time" melodies has as its basis the principal theme of Schubert's unfinished symphony. There are haunting suggestions of one of the "Moments Musicaux", of the "March Militaire", and of other familiar melodies in the operetta score.
 Watson Barratt, scenic designer, in making the settings for this lovely operetta is doing his utmost to make them even more beautiful and spectacular than any production up to

this time. The same is true of Ernest Schrapps who is the costume designer. Efforts are being made on the part of everyone to make "Blossom Time" a living picture of beauty and melody on the mammoth outdoor stage, a picture that will never be forgotten.

YOU WOULDN'T BELIEVE IT POSSIBLE

TO COOK SO MUCH FOOD IN DUTCH OVEN SUSAN . . .

Looking at all the food on the table, one would think that a full-sized range had been used to cook it. A 15 1/2-pound turkey, an equally large whole ham, potatoes, vegetables, layer cake, pie . . . this is an imposing spread to have been prepared by such a compact electric appliance as Dutch Oven Susan. For Dutch Oven Susan takes up so little space that it can be tucked away in a corner almost anywhere. Yet it will perform every cooking operation possible on a small stove. And it uses only about as much electricity per hour as an electric toaster.
 Dutch Oven Susan will cook a complete meal for a family of six—two vegetables, a roast, potatoes and gravy—while you are out for the afternoon. When you come home your meal is waiting, perfectly cooked—piping hot and ready for the table. Dutch Oven Susan is easy to use. You simply plug it into any convenience outlet. It will roast all cuts of meat to perfection; it will fry eggs, steaks, chops, etc.; it will bake cakes, pies, cookies, biscuits and muffins; and it will hold half-a-dozen pint jars when canning by the cold pack, hot water bath method.
 Dutch Oven Susan is available in several styles and sizes—one to fit your needs exactly. The medium size model will roast a 10-pound ham, a 6-pound chicken, or a large leg of lamb. The large size will easily accommodate a 15 1/2-pound turkey. And there is "Small Sister" Susan, an electric casserole, with a two-quart capacity. See this modern appliance at all Detroit Edison offices, Department Stores and Electrical Dealers.

4 DIFFERENT SIZES IN DUTCH OVEN SUSAN.
 6-QT. SIZE \$9.50 • 8-QT. SIZE \$10.50
 12-QT. SIZE \$14.95
 "SMALL SISTER" SUSAN
 2-QT. SIZE \$5.50 to \$8.50

June Report of Oakland County Herd Association

During the month of June there were twenty herds composed of 627 cows on test in the Oakland County Dairy Herd Improvement Association. Of this number, 47 cows or 7.4% were producing above 50 lbs. of butter-fat for the 30 day period, and 65 cows or 10.3% were producing above 1250 lbs. of milk. The association average was 7715 lbs. of milk and 29.58 lbs. of butter-fat per cow, with 81 cows or 12.9% dry.

Two new members have been enrolled to start testing in July, Earl Voorhees, of Davisburg, and E. W. Wackter, Pontiac, Route 1.

The herd of 24 pure bred and grade Jerseys owned by Schoenberger Bros. of New Hudson lead the association with an average production of 782 lbs. of milk and 37.57 lbs. of butter-fat. Mrs. E. M. Bricker's pure bred Guernseys are a close second; O. C. Farmer's 23 pure bred and grade Guernseys second; and James Hunter's herd of ten cows of mixed breeding are fourth.

Earl Miles of Wabeek Farm holds the spotlight of the month in the

matter of individual cow production. He has also the three highest producing cows in both the two and three year old classes, as well as the highest and third highest cow in the four year old class.

The B. D. Horton Farm of Holly own the second high four year old, as well as the highest mature cow. The four year old, a pure bred Holstein, with 1764 lbs. of milk and 65.2 lbs. of butter-fat, and the mature cow, a grade Holstein, with 1580 lbs. of milk and 63.9 lbs. of fat.

Testing in your local Dairy Herd Improvement Association, and keeping records of production, cost and income, is the best method of improving your position as a dairy farmer, advises K. D. Bailey, County Agricultural Agent. He says there is room for two or three more members in the local association. See him about joining or write the tester, A. J. Schroth, 117 Mt. Clemens street, Pontiac.

COUNTY FAIR WILL BE HELD AUG. 7-10

Officers and Directors Planning for Event at Milford

Only five weeks in the offing is the Oakland county fair, August 7-10, the annual event which yearly attracts many visitors from communities in this section. The exhibition this year will be known officially as the 55th of a continuous showing since the fair's beginning back in the days of the old Milford Agricultural society in 1880.

Details of the 1935 fair are beginning to take shape and Secretary W. S. Lovejoy predicts one of the best little fairs ever held.

As for the past several years livestock showings will be largely in the hands of the boys and girls 4-H clubs under County Agent Bailey. Competition among the boys and girls for

premiums is keen and youthful showmen spend spare hours for weeks ahead grooming their entries for the big show.

Something new in the floral hall exhibits will be furnished by the agricultural, home economics, commercial and manual arts classes of the high school. A practical demonstration of work in these classes will be given, with agricultural boys testing soils, home economics girls baking, manual arts boys engaged in turning out small articles, and commercial students showing work of the stenographer. The Oakland County building will be filled with exhibits of interest, according to C. L. Kenney, who this year has charge of the building and concessions.

The Happyland Carnival Company will again provide the rides and midway features, with several new and novel additions.

Henry Leuders and Co. of Detroit again are booked for platform attractions. Baseball is in charge of Earl Rogers and the speed program is under S. L. McCall.

Fireworks or no—is the question now debated among directors with the final decision yet to be reached, probably at their next meeting which occurs on Saturday night.—Milford Times.

Supervisor C. B. Waters, accompanied by Supervisor Alfred Gale, of Waterford, was in Lansing on Monday to see State Highway Commissioner Murray D. Van Wagoner in regard to M-87. He reports that Mr. Van Wagoner assured him that the improvement of this highway would be extended from Olive Branch to the Holly Village limits this year if possible. It depends largely upon securing the necessary money from the Federal Government. If this is obtained the work will be done.

According to the United States Naval Observatory, there are about 7000 stars visible to the naked eye.

"I saved money when I bought this FORD V-8 and I save money every time I drive it"

"WHEN you consider all the things you get with the Ford V-8 without extra charge, there is no doubt about it, it's the most economical car you can buy. And there is no argument about its being the most economical car to operate. You see this economy in gas, oil, tires, service and everything that costs money. The V-8 engine has all the speed, pick-up and power I'll ever need—and more! And these modern Ford brakes are just as powerful and dependable for stopping the car as the V-8 motor is for starting and operating it. Besides, you can't beat the Ford all-steel body, to say nothing of Safety Glass throughout. The fact is, the Ford V-8 is the ideal car for this part of the country!"
