SAD ACCIDENT OCCURS TUESDAY

Leslie Barber Was Drowned in Deer Lake

On Tuesday afternoon the residents of Clarkston were very much excited when word was spread around that a man was drowning in Deer Lake. Edward Seerlin was one of the first to arrive at the scene and in but a few seconds after the alarm many of the town's best swimmers and divers were in action. The sad happening took place at the southwest corner of the lake.

Everyone who could render any assistance was there. The victim was Leslie Barber, of Detroit, who was spending a part of his vacation with his brother at Drayton Plains. It seems that Leslie and a girl friend came over to the lake and he walked out towards the boat that is in that particular place, evidently not aware that there was any drop-off near. It all happened so quickly that no one is sure whether he came up under the dock and this stopped his getting to safety or whether weeds held him down or just what did happen. For more than an hour several Clarkston men worked diligently and some of them dove until they were almost exhausted but were unable to locate the body. Finally Erwin Baker, who was one of a few who were dragging with hooks, picked up the body. Artificial respiration was used but with no avail. The body was then taken to the Ogden Funeral Home.

Leslie Francis Barber was born Sept. 18, 1915, the son of Frank H. and Anna Gough Barber. Surviving are five sisters, Mrs. William Chase of Cheboygan, Mrs. James Saylor of Waterford, Mary E. Barber of Tara, Ontario, Coral I. Barber of Owen Sound, Ont., and Alma S. Barber of Birmingham, and two brothers, Oren G. of Sault Ste. Marie, Mich., and Earl J. of Drayton Plains, and his step-mother, Mrs. Matilda Barber of Cheboygan.

Funeral services will be held on Friday afternoon in Cheboygan with burial in the family plot in Pine Hill cemetery.

CHANGES ARE MADE IN HUNTING LAWS

Holly Sportsmen Will Do Well to Inform Themselves

A number of changes will be in effect in Michigan's hunting laws next fall and winter as a result of action taken under the Discretionary Power Act by the State Conservation Commission at its July meeting. The Discretionary Power Act, passed by the legislature of 1925, empowers the commission to shorten or close any open hunting season set by the legislature, when it feels such action is necessary to save the game and preserve hunting.

The commission reduced the 31-day open seasons provisionally set by the legislature on pheasants, ruffed grouse, sharp-tailed grouse and prairie chickens to 13 days in the open territory of the lower peninsula.

The commission had no authority under the Discretionary Power Act to increase the season on ruffed grouse, prairie chickens and sharp-tailed grouse in the upper peninsula, and so the 12-day season of previous years will prevail there.

Bag limits on the species of upland birds above mentioned, however, will be larger this year. The season bag limit on pheasants has been increased from four birds to six birds and the season bag limits on ruffed grouse and on combined prairie chickens and sharp-tailed grouse from 10 to 25. These limits are statewide in effect, except that prairie chickens and sharp-tailed grouse may not be hunted south of the north line of Townline 16 north.

The rabbit and hare season in the southern half of the lower peninsula was shortened by 30 days. South of the north line of Townline 16 the rabbit and hare season will close on Jan. 1. The rest of Michigan will close on January 31, as in previous years.

The 45-day season for hunting raccoon in the lower peninsula was left as set by the legislature. This means an increase of 15 days for raccoon hunting. The season will be from November 1 to December 15, inclusive.

No action was taken by the commission on migratory waterfowl, due to the fact that dates of any open season allowed this year will be set by the United States Bureau of Biological Survey. If an open season is declared by the Biological Survey on certain species of migratory waterfowl, it probably will be shorter than that provisionally allowed by the state legislature.

No action was taken on the woodcock season, pending plans of the Bureau of Biological Survey on migratory game birds.

Previous discretionary orders of the State Conservation Commission closing hunting for black and gray squirrels will continue this year. The season on fox squirrels will remain the same as previous years.

The deer and bear hunting seasons were left unchanged with the same open territory as last year. Moose, elk, caribou, wood ducks, spruce hens, killdeer, cedar ducks, swans, black-bellied and golden plover, quail, yellowlegs, and sandpipers continue on the protected list year around.

Dates of the open hunting seasons on the respective species of game birds and animals for the coming seasons on the respective species of game birds and animals for the coming fall and winter are as follows:

Deer, Nov. 15 to Nov. 30 in the upper peninsula, Nov. 15 to Nov. 30 in lower peninsula.

Bear, Nov. 15 to Nov. 30 in upper peninsula, Nov. 15 to Nov. 30 in lower peninsula.

Rabbits, hares, Oct. 1 to Jan. 31 in upper peninsula, Oct. 15 to Jan. 31 in lower peninsula; Oct. 15 to Jan. 1, south of north line of Townline 16 in lower peninsula.

Ring-necked pheasants, closed in upper peninsula, Oct. 15 to Oct. 27 in lower peninsula.

Ruffed grouse, Oct. 1 to Oct. 12 in upper peninsula, Oct. 15 to Oct. 27 in lower peninsula.

Sharp-tailed grouse, Oct. 1 to Oct. 12 in upper peninsula, Oct. 15 to Oct. 27 in lower peninsula. Season closed south of north line of Townline 16 by legislature.

Prairie Chickens, Oct. 1 to Oct. 12 in upper peninsula, Oct. 15 to Oct. 27 in lower peninsula. Season closed south of north line of Townline 16.

Get-To-Gether Held At Sashabaw Church

About Seventy-five Attended The Picnic Last Thursday

Every year the Sashabaw Cemetery association has a get-together at the church and this year was no exception. Last Thursday about seventy-five gathered at the church and enjoyed an out-door picnic lunch.

In the afternoon a short program was presented and everyone had a good time visiting. There were many there from Clarkston, Pontiac, Owosso, Oxford and many other small towns around. It seems that for some time the little cemetery was badly in need of care but now it has been beautified and those who attended the gathering this year were quite proud of it.

FAMOUS STARS IN "NO MORE LADIES"

Production Coming to Holly Theatre Next Week

An array of stars, plus a sophisticated story triumphantly tested first on Broadway, plus the important factors covered by "production value" equals "No More Ladies", Irving Thalberg's new production for Metro-Goldwyn-Mayer, opening Sunday at the Holly Theatre.

Joan Crawford and Robert Montgomery are co-starred, heading a cast which includes Charlie Ruggles, Franchot Tone and Edna May Oliver.

The co-stars were last seen together in "Forsaking All Others" and in "Letty Lynton" before that. "Ruggles of Red Gap" was Ruggles' last. Miss Oliver played Betsey Trotwood in "David Copperfield", and Tone scored in "Lives of a Bengal Lancer".

The new Crawford-Montgomery vehicle is based on the stage hit by A. E. Thomas, which completed a long run on Broadway and was hailed by critics and public alike as the most sparkling romantic comedy of recent seasons. The screen story stays close to the original, retaining all the comedy situations and bright dialogue that characterized the play.

Edward H. Griffith, noted for his success with sophisticated stories, directed "No More Ladies". Among his previous hits were "The Animal Kingdom" and "Holiday".

With smart Manhattan and Westchester County as locale of the new picture, Art Director Cedric Gibbons and his associates, E. B. Willis and Joseph Wright, were given a wide scope for the presentation of settings as original as those designed for "When Ladies Meet". These are mostly in "Neo-Greek", the new vogue already sweeping cosmopolitan New York.

In keeping with the aristocratic character she plays in the new picture, Miss Crawford wears Adrian-designed gowns of chic simplicity and tailored smartness. There are twelve of these glamorous ensembles in all.

The picture opens with a whirlwind romance between Marcia (Joan Crawford) and Sherry (Robert Montgomery), and maintains a rapid-moving tempo until the final fadeout. Marcia is a light-hearted but level-headed society girl whose love for Sherry, an incorrigible heart-breaker, is such that she submits to wedding bells well within the first reel.

It is then that the picture settles down to revealing the problems that accumulate behind the glamorous exterior of the too-popular young Park Avenue couple.

Meantime, into the story have walked such true-life characters as Fanny, Marcia's salty maiden aunt (Edna May Oliver); Jim, who wants to save her from her husband (Franchot Tone); Edgar, a thorn in the side of organized society (Charlie Ruggles); and Therese, the night club singer (Gail Patrick).

The final scene comes when Marcia, in revolt against Sherry who has neglected her, invites all Sherry's former women friends to their country home. The ensuing party, with its surprising consequences, carries the story to a triumphant finale.

Every scene of "No More Ladies" bears the mark of Irving Thalberg's astute showmanship.

FIRE DESTROYS BULLEN HOME

Damage Largely Covered by Insurance

Early Wednesday morning the home of Mr. and Mrs. Richard Bullen, between Mason and Lansing, was completely destroyed by fire. Mrs. Bullen will be remembered as Isabel King, the daughter of Mr. and Mrs. George D. King, of Clarkston.

The cause of the fire was the backfire of a truck being backed out of a garage attached to the dwelling. Apparently the tank exploded and as the windows of the home were open the fire swept through the home with such rapidity that it was impossible to save even personal clothing.

Luckily no one sustained personal injuries.

Waters introduced a resolution at the meeting of the Board of Supervisors this week, which was passed, 46 to 8, to appropriate \$1,500 for the purchase of 14 dairy cows for the Oakland County Infirmary and for the building of suitable fences with which to enclose fields for pasture. The resolution also directed the poor commissioner to take steps to raise as much produce on the county farm as it is possible to produce.

Grange members in Oakland and adjacent counties will gather at the Davison fair grounds Aug. 17 for a special program which will include an address by Harry Caton, of Ohio, national secretary of the Grange. A 4-H fair for Genesee County clubs will be held at the same time, and a potluck dinner will be served at noon.

Hollyhocks Grow To An Enormous Height

Last Sunday one of the big city papers told about Hollyhocks in Detroit that had grown to a height of 9 ft. and a few inches, but if you really want to see a tall hollyhock you want to take a trip out to the home of Mr. and Mrs. James Urch.

There you will find Hollyhocks 11 ft. 4 1/2 in. high. The blossoms are exceptionally pretty. Those who really think that the grass is greener in the next pasture, the hollyhocks are bigger and better in Detroit and the gardens are prettier in some other town should spend a day or two of their vacation making a garden tour in and about Clarkston.

Clarkston To Share In Federal Program

Connecting Link Between M-10 and M-15 to Be Improved

Clarkston will share in the \$4,800,000 federal works program. The project approved is to resurface the road from M-15, beginning by the Caribou Inn, West to Holcomb St., then South to Depot Road and West again to M-10 or the Dixie Highway, a distance of one mile.

The project is to cost in the neighborhood of \$10,000 and will employ 28 men. While at first this cost may seem rather high, it is to be remembered that it will be necessary to replace the one way bridge at Deer Lake.

The project was promoted over two years ago and has been on the fire ever since. The recent appropriation assures its completion. On June 17, a committee composed of Supervisor William Belitz, Wm. Barry, L. J. Chamberlain, David McClelland and Roy Addis called on State Highway Commissioner Van Wagoner and explained the need of this particular project. This week The News received notice from Mr. Van Wagoner that the project had been approved.

Much of the trade in Clarkston comes from west of the Dixie and for some time the highway connecting this trade area has been in very poor condition.

Supervisor Belitz and the Committee of public spirited citizens are to be complimented in securing this improvement for Clarkston. The money has been appropriated by Congress and would be spent anyway so we might as well have a share in the shower of money.

"VAGABOND KING" IS NEXT IN LINE

In Opera Under the Stars at Navin Field

"The Vagabond King," most stirring of operettas, will come to life in a blaze of glory and splendor on the mammoth stage at Navin Field. Opera Under the Stars has selected this ever popular musical success as its next week attraction to open on Monday August 5. The current production of "The Countess Maritza" will have its last performance on this coming Sunday evening.

The leading role in "The Vagabond King", that of Francois Villon, will be played by one of the country's outstanding tenors, Paul Keast. Mr. Keast took Dennis King's place in the original company and has played this famous role over one thousand times. In fact the opening performance will be the 1006th time he has sung the famous Friml songs from behind the footlights.

"The Vagabond King", as most know, is based on the story "If I Were King" by Justin McCarthy. Rudolph Friml, composer of "Rose Marie" and many other successes, wrote some of his greatest melodies for this production. Among the favorite songs are "Song of the Vagabonds", "Only a Rose", "Love for Sale" and "Tomorrow".

This show will be staged on a more elaborate scale than it has ever been presented before. The large outdoor stage will give ample opportunity to create beautiful settings of spectacular proportions. There will be a greatly augmented chorus singing the stirring songs, and a large and brilliant cast will all combine to make this production of "The Vagabond King" the greatest in its many years of popularity.

The story is of Villon, who is an educated and gay devil-may-care leader of a band of thieves in the days of Louis IV. He falls in love with Lady Katherine, a beautiful attendant at the King's court. As a result, he finds himself in a rather embarrassing position. Circumstances evolve and he finally finds himself rewarded with the kingship for a day, so much for the story which is in itself a most intriguing and thrilling romance.

Paul Keast will be supported by such favorite stars as Gladys Baxter, Leonard Ceeley, Hope Emerson, Bartlett Simmons and Barnett Parker.

The Opera Under the Stars performances are given nightly, rain or shine, at 8:30 at Navin Field, and all of the seats are reserved. The extremely low admission prices enable all to have an opportunity to see the great musical productions which are being presented this summer. There are over fifteen hundred seats as low as twenty-five cents.

Properly Stowed Bags Add to Comfort

Comfort, pleasure, and safety on a tour depend largely on efficient loading of the luggage, and modern body designs have done much to ease the problem, as these views of Chevrolet models reveal. In the upper left view, the suitcases have been fitted in snugly, the adjustable front seat having been moved forward to allow extra leeway, and the driver is now pushing back the seat to clamp the bags in place for the day. Upper right, the tourist is utilizing the baggage space back of the rear seat. The two lower pictures show the loading of a coupe compartment and a sedan trunk.

EXERCISE CARE IN HANDLING GRAIN

Advice Given Farmers by College Authorities

Excessive rains and high humidity during the present harvest season are apt to cause heavy losses to Michigan grain raisers unless great care is taken in handling the grain before threshing, according to the farm crops department at Michigan State College.

The losses will be in two classes, reduced prices due to excessive moisture content in threshed grain or losses of grain from sprouting in shocks in the field. A bushel of wheat testing 58 pounds must contain not over 14 per cent moisture to grade as No. 2. Discounts from prevailing prices as much as seven cents a bushel have been made on wheat containing 17 per cent moisture.

Grain which contains too much moisture to bring top prices if threshed now can be stacked or placed in the barn and allowed to cure before it is threshed. Sweating in the stack or mow will bring the moisture content of the grain down to permissible limits, and the grain can be threshed during dry weather later.

The only treatment possible for grain already threshed is to use plenty of bin space so that the grain is not piled deeply, and to ventilate it by shoveling from one bin to another. One mill has already reported the offering of grain for sale which

contained so much moisture that it could not be handled in the mill.

Stolen Auto Halts Parley of Pooches on Signboard

Pensacola—The conversation between a greyhound and a Scotch terrier on a signboard at the Frisco crossing in West Pensacola was interrupted when the automobile about which they were talking suddenly tore down the signboard. The greyhound had just repeated for the 1,859,936,437th time: "It's no use, Mack, it's a Ford V-8" when the car, to which he referred at that particular time, suddenly left the highway and plunged straight at them. The particular portion of the signboard on which they rested tumbled to the ground while four heroes, who had taken the automobile without permission a few minutes before, piled out of it and ran away. The car, a 1935 model Ford V-8 sedan, de Luxe, was already the object of a hunt by officers at the time it plunged through the signboard. While the automobile was being sought all over the city, reports were received it had interrupted the conversation between the greyhound and the Scotch terrier on the West Pensacola signboard.

Mr. and Mrs. William Smith had as their guests last Sunday, his sister, Mrs. Julia Yeager, and her daughter, Charlotte, and son, Frederick, of Lapeer.

Floyd Hursfall returned home last Thursday after spending a year in Los Angeles. He was accompanied by Jim Curtis of Los Angeles, who will be his guest for a short time.

Next Wednesday evening the Royal Neighbors of Pontiac will meet with the local camp at the American Legion Hall. All members are urged to be present.

CARD OF THANKS

I wish to extend my most sincere thanks to all my neighbors and friends for their kindly expressions of sympathy during my recent bereavement and also to the business men of Clarkston for the beautiful floral tribute.

Henry L. Garter.

The News regrets that due to an unfortunate omission, this card was not published last week.

4-H CLUB PROGRAM AT COUNTY FAIR

The Oakland County Fair to be held at Milford, August 7, 8, 9, 10, will be a pageant of progress of 4-H Club work. It will reflect the achievements of rural boys and girls in establishing herds and flocks of superior quality, in improving homes and barns and making the occupation of farming attractive and profitable.

Club work in Oakland County is promoted by the Board of Supervisors, the Michigan State College, and the U. S. Dept. of Agriculture. Only members enrolled in 1935 4-H clubs are eligible to exhibit. All entries must be made through the 4-H club superintendents.

Joseph Pittenger is general superintendent of the committee in charge of the other members of which are K. D. Bailey, county agricultural agent, and Leona MacLeod, Home Demonstration Agent.

The assistant superintendents are: Keith Middleton, dairy; Robert Hanna, sheep; Erwin McClelland, beef; Howard Beardsley, colt; Stuart Beardsley, poultry; Roland Gessert, handicraft; Leona Algoe, canning; Alice Sorrell, clothing.

SPRAYING FOR CODLING MOTH IS ADVISED

Fruit growers in Oakland County have reported catches of Codling moth in the past few days and K. D. Bailey, county agricultural agent, has issued instructions for spraying, which should be done at once.

"Use of lime-sulphur is an optional matter," Mr. Bailey states, "depending upon the amount of apple scab there is in the orchard." Arsenate of lead may be used on fruit which is to be washed. If the fruit is not to be washed, summer oil and nicotine is recommended.

Detailed spray directions are available at the office of the extension office in the Post Office building in Pontiac.

PORTRAIT

... of a lady cooking her DINNER!

No staying in the kitchen today! There are so many other things one wants to do on a pleasant afternoon . . . and this charming lady has a capable electric servant—Dutch Oven Susan—who will see that dinner is ready when she returns home. Dutch Oven Susan is an Electric Cook! She cooks a complete meal for a family of six—two vegetables, a roast, potatoes and gravy—all at one time. You simply plug this handy electric appliance into any convenient outlet, and then go out for the afternoon. When you come home your dinner is waiting, perfectly cooked—piping hot and ready for the table. Dutch Oven Susan will roast all cuts of meat to perfection; it will fry

eggs, steaks, chops, etc.; it will bake cakes, pies, cookies, biscuits and muffins; and it will hold half-a-dozen pint jars when canning by the cold pack, hot water bath method. Yet it uses only about as much electricity per hour as an electric toaster. Dutch Oven Susan is available in several styles and sizes—one to fit your needs exactly. The medium size model will roast a 10-pound ham, a 6-pound chicken, or a large leg of lamb. The large size will easily accommodate a 15½-pound turkey. And there is "Small Sister" Susan, an electric casserole, with a two quart capacity. See this modern appliance on display at all Detroit Edison offices, Department Stores and Electrical Dealers.
