COMMENT AND CRITICISM

Manhood, throughout the ages, has demanded security for himself and family. The constant cry has been "This is my right". Pressure toward more rights, like everything else, has reached high and low altitudes and depths. One high spot was when the English demanded of their King a "Bill of Rights". Another was when in founding these United States of America, pressure or "Public Opinion", demanded a known set of rules for their conduct which resulted in the Constitution of the United States. The English Bill of Rights or the Constitution of the United States are not just beautifully worded documents. Every word meant something and every clause covered a hoped for cure of existing evil. Considering that the U. S. is rather young as time goes, there is every reason to believe that people living before our set of rules was adopted had experienced nearly every condition that we face today. True we have had a wonderful example of brotherly love in the government caring for the indigent—but it seems to me that in the chapter of the Bible dealing with the life of Jacob, there was something about seven lean years and whether we call them lean years or depression years there remains a similarity in conditions. We must admit that certain conditions have made it necessary to change or rather amend the constitution, noticeably an amendment after the civil war concerning slavery. We must also admit that one time when we thought we knew more than our forefathers and believed we could govern the cure for thirst for our brothers that we found we had made a mistake and the amendment was repealed—perhaps our forefathers knew best after all. The greatest Book ever written, written years ago, covered conditions so well as they existed centuries ago that more and more copies are sold every year because it covers conditions so well to-day. If humanity has changed so little throughout the ages, we seriously doubt if citizens of the U. S. have changed a great deal from their forefathers living 160 years ago. Render thanks for the Bible and the Constitution of the U. S.

One country does not agree with another, so it sends over an army and proceeds to blow the other country to atoms, providing, always, it is strong enough to do so, and the rest of the world sits back and says "how foolish". An individual of one political belief assassinates a member of another political belief because he does not agree with that thought, and the members of both parties sit back and say "how foolish". Is it any wonder that civilization moves slowly when one country becomes prosperous and the rest become envious, or one man has a new, whether good or bad, thought and is assassinated.

Because we believe in a controlled system rather than a haphazard rule, we hope the Village fathers think hard and seriously about our bathing beach. Visitors will change to bathing suits in cars unless a bath house is erected, so why not erect a bath house and let the visitors pay part of our taxes, if not all, through profit that could be made from such a beach. . . . And the time to do something is before the bathing season opens next year . . . our bathing seasons last about four weeks.

LATEST REPORT ON US10-15 CONNECTION

Mr. Wm. Belitz, Supervisor Independence Township, Clarkston, Michigan
Dear Mr. Belitz:

Replying to yours of the 29th ult. The improvement of the connection between US 10 and M-15 through Clarkston is on our program of Work Relief projects that has been approved by the Federal Government. Arrangements are now being made for a survey of the project, which will be followed with the drawing of plans and the completion of other details required by the Federal Government. While we expect to place the job under contract this fall, it does not appear likely that the laying of the oil-aggregate surface can be accomplished before next season.

Yours very truly,
H. C. Coons,
Deputy Commissioner-Chief Engineer

HOME NEWSPAPER RENDERS SERVICE

Proof Found in Comparison by State College

Michigan weekly newspapers furnish their subscribers not only with the home town happenings but are depended upon for their readers to keep them in touch with the latest developments in farming, as shown by a comparison of inquiries at Michigan State College from readers of bulletins, journals and weekly papers.

The agricultural engineering department at the College published an article on the use of a gravel-asphalt mixture for floors in certain types of farm buildings. The story was given in detail in a College bulletin and was printed in condensed form in Michigan weekly newspapers at the same time. Later, the story was used by three national farm journals.

The bulletin was sent to 10,000 farmers. Seven of them wrote to the College asking for more information about the floor building material.

The national farm journals have hundreds of thousands of readers but only 96 of them asked for more information about the gravel-asphalt mixture.

The story run in Michigan weekly newspapers created enough interest among their readers, to cause 192 of them to write the agricultural engineering department for further details. Letters from the subscribers to the home town papers came from as far away as California. That is an indication that home news is the best news and when someone moves away from a small town it is more than likely that the local paper follows them to their new residence.

Michigan State College knows the importance of the weekly papers in acquainting citizens of the State with the latest news about agriculture and home economics. Those newspapers have cooperated with the College for nearly 20 years in printing news material sent from East Lansing each week.

Mrs. Walter Estes Honored Wednesday

Misses Mae and Nell Barry Are Hostesses

On Wednesday afternoon another lovely affair was given complimenting Mrs. Walter Estes, better known to the town folk as Miss Bertha Zych.

Misses Mae and Nell Barry were hostesses at a bridge tea and miscellaneous shower at Caribou Inn. During the afternoon six tables of bridge were in play and the prize winners presented the gifts to the honored guest. Mrs. Estes was the happy recipient of many other beautiful gifts.

The tea table, which was very pretty with a large cut glass candelabra for a centerpiece and a smaller candelabra at each corner, was presided over by Mrs. Clark Miller of Clarkston and Miss Dorothea Oliver of Pontiac.

There were several out-of-town guests.

RUTH WALTER GETS SURPRISE

Last Saturday evening Mrs. Gertrude Durand accompanied by Misses Marguerite Andrews, Phyllis Boyns, Betty and Jeanette Miller drove to Farmington to spend the evening with Miss Ruth Walter who is employed at the Crippled Children's home. The group thoroughly enjoyed seeing the surprised look and the big smile with which Ruth greeted them. Like most young girls, Ruth gets a trifle lonesome for some of the home folk and a visit from a former teacher and some girl friends made a real evening. They visited the park at Redford and had a grand time. Ruth is looking forward to spending a week-end at home very soon.

NEW QUESTION TO BE ASKED DRIVERS

Object Is to Keep Check on License Expiration

Owners of automobiles, who apply for 1936 license plates, will be asked one question on the application blank which has never been asked in previous years. The question will be: "When does your operator's license expire?"

The decision to embody this question on the application blanks for 1936 license plates has been made by Louis R. Morony, Director of the Motor Vehicle Division of the Department of State. The decision was endorsed by the executive committee of the Michigan Safety and Traffic Directors' Association, meeting recently in the East Lansing headquarters of the Michigan State Police.

The original proposal included recommendations that the giving of this information be made a condition of the issuance of the plate; Morony, however, chose to include the question merely as a device for reminding owners and operators that their operator's licenses have expiration dates on them, under the uniform operators' license act of 1931. Applicants for licenses will be asked to give this information merely as a matter of cooperation with the department.

With some 200,000 operators of cars being unlicensed today, the expectation is that the majority of them being forgetful rather than intentionally unlicensed, will thus be reminded of their delinquency. It is the belief that virtually no one will have the temerity to ask for a license plate while actually signing his name to a statement that his operator's license has expired.

FELLOWCRAFT CLUB IS ORGANIZED

Wednesday night the Fellowcraft Team of Cedar Lodge No. 60, F. & A. M., met and organized for the coming year.

Joe Hubbard was elected president with L. J. Chamberlain vice president.

There is a lot of work ahead and the team not only expects to do perfect work in their own lodge, but will probably accept invitations and show other lodges how well Clarkston can work.

VETERANS HAVE ANNUAL REUNION

328th Field Artillery to Meet in Pontiac

For three days beginning Friday of this week, the former members of the 328th Field Artillery will meet in Pontiac with headquarters in the Roosevelt Hotel. This was a Michigan-Wisconsin unit organized at Camp Custer under Colonel Frank E. Hopkins and was in the thickest of the fight in the Meuse-Argonne section in France for ten months during the World War. In 1924 they formed the 328th Field Artillery Association and every year since about 150 have attended the annual get-together.

Herbert Baynes is general chairman of the reunion this year and he is assisted by others from different parts of the county. They have planned to have their banquet and entertainment on Saturday night.

A most delightful afternoon was spent and Mrs. Marvin received some very beautiful handkerchiefs.

The 500 prizes were won by Mrs. Fred Marvin and Mrs. Judd Skarritt. The Marvins are moving from their present neighborhood and the little party was just a way for her friends to say "We'll miss you".

Dainty refreshments were served.

TEST DAIRY FEED AT STATE COLLEGE

Results of Interest to Cattle Feeders of Michigan

Tests made of rations for dairy cows show that many generally accepted ideas concerning these feeds are wrong, according to the dairy husbandry department at Michigan State College.

One of the commonest mistakes concerns the value of alfalfa hay, as many feeders think that, even when sufficient quantities of alfalfa are fed to supply all necessary protein, the protein is not the right kind.

Two equal lots of dairy cows were fed at the College to settle this argument. One lot received ground yellow corn, ground oats, wheat bran, cottonseed meal, oil meal, salt, and steamed home meal. The other cows were fed a mixture of ground oats, ground rolled oats, alfalfa leaf meal, and common salt.

The feeding period extended over a period of four months. The cows were as nearly equal as possible in production ability. The cows fed the complex grain mixture produced nine pounds more of butterfat and 304 pounds less of milk than those on the oat and alfalfa mixture. The total production for the cows on the simple mixture was 27,186 pounds of milk and 852 pounds of butterfat. Maintenance of body weights was equal on the two rations.

Another misconception about dairy feeds is the belief that cottonseed meal injures dairy animals if fed in large quantities. This has been disproved by trials at the College and by tests made by the U. S. Dept. of Agriculture. No injury to the general health of animals fed large amounts of cottonseed meal nor any udder troubles were caused by the meal even when the feeding continued over long periods.

Mr. and Mrs. Watson Celebrate Anniversary

Clarkston Newcomers Get Acquainted

Last Sunday evening Mr. and Mrs. W. W. Watson entertained twenty-four guests to help them celebrate their wedding anniversary and at the same time to introduce Dr. and Mrs. Schurze and son Dan to some of the Clarkston folk. Dr. Schurze will open a dental office here, very soon.

A most enjoyable evening was spent and dainty refreshments were served.

Among the guests were Mrs. Crapo Cristy and daughter Mary of Ann Arbor and Clarkston and Mr. and Mrs. George Skenkle of Detroit.

Mrs. Albert Lawson Honored at Shower

On Thursday afternoon of last week, the members of the Royal Neighbors gathered at the home of Mrs. Albert Lawson on Holcomb St. and gave her a delightful surprise. As the guests arrived at the house Mrs. Lawson began to realize that a miscellaneous shower was being staged and she was so surprised she could hardly talk.

A pot-luck luncheon was served and a pleasant afternoon was had. Mrs. Lawson received many beautiful and useful gifts and she told the guests that words could not express her appreciation for all their kindnesses to her since their home was destroyed by fire.

Mrs. Eva Kelley passed away at the University Hospital, Ann Arbor, on Saturday evening, August 31st. Mrs. Cooper was born May 8, 1894, in Tuscola county, the daughter of Jesse and Susie Young Cooper. For the past six years she has been a patient sufferer with arthritis and for the past two and one-half years has made her home with her sister, Mrs. Frank Jeffery, and family, of Seely St.

She leaves to mourn her loss a kind and loving daughter, her parents, Mr. and Mrs. Jesse Cooper of Marlette; three sisters, Mrs. Grace Ehle of Detroit, Mrs. Mae Schell of Cass City and Mrs. Frank Jeffery with whom she made her home; two brothers, George of Marlette and Fred of Kingston; several nieces and nephews, and a host of friends.

The funeral was held at the home of Mrs. Schell in Cass City on Tuesday, September 3, with burial in Cass City cemetery, Rev. Bartes of the Methodist Church officiating. Mrs. Kelley was a life long member of the Methodist Church and for several years sang in the choir. For the past three years she was perfectly helpless.

Parishioners Visit Rev. and Mrs. Edwards

Last Sunday about twenty-five friends and former parishioners of Rev. and Mrs. Edwards, from Detroit, came to Clarkston for their annual visit. After a most bountiful and enjoyable dinner, held in the church parlors, an evening service was informally begun with group singing interspersed with special numbers from members of the Strathmoor choir. Mr. August Krummel then gave a splendid address on the need of enthusiasm for the things of God, and Rev. Edwards spoke a few words of appreciation for the visit. They promised to come again in the near future and it will be planned to make the meeting public.

NEW HOSPITAL IS ASSURED FOR VETS

Location May Be on Land in Oakland County

With the erection of a new 350-bed veterans' hospital in this state now definitely assured through information received by Congressman George A. Dondoro, attention has now been turned to the selection of a possible site.

When the question of erecting a new hospital in Michigan came up for consideration Congressman Dondoro appeared before the Federal Board of Hospitalization and urged that such a hospital be located within sixty miles of the city of Detroit for the reason that within a sixty mile radius there resides about 70% of the veteran population of the state.

Oakland county, through Congressman Dondoro, has already placed before the Federal Board of Hospitalization its offer of a forty acre tract of land without cost to the government. The land, which is immediately adjacent to the Oakland County Sanitarium, is well elevated and has a fringe of beautiful lakes for an immediate foreground. Engineers and hospital authorities consider the terrain particularly well suited to hospital purposes. Prior to the establishment of the Oakland county hospital directly to the north of this tract, a staff of hospital engineers, was called in to consider the desirability of the location and pronounced it ideal.

Erection of this new hospital will supply much needed hospitalization facilities for Michigan veterans, who have heretofore been compelled to accept treatment in Ohio and Illinois hospitals, at points many miles distant from their homes and families.

Decision as to the location of the new institution will undoubtedly be made in the near future, after representatives of the Federal Board of Hospitalization have had an opportunity to view the various sites offered and form a basis for determination.

SUBJECT SELECTED FOR HIGH SCHOOL DEBATES

Shall the United States own all munition plants in order to control the sale of arms from this country to warring nations, and thus foster world peace, or, as in the past, permit private manufacturers to make and sell them where they will and promote war, is the basis for argument in "Nationalization of Munitions", the subject for the nineteenth annual high school debates sponsored by the Extension Division of the University of Michigan. Will the recent Neutrality Act passed by the Congress successfully accomplish this without the course suggested, is a timely angle to the question in view of the imminent Italian-Ethiopian conflict and general European war which it threatens to precipitate.

Last year Monroe High School won the State Championship in competition with about two hundred high schools on the subject, "Federal Aid to Education".

Dr. W. D. Henderson continues as Director of the Extension Division of the University of Michigan, and Dr. William P. Halstead is Manager of the Forensic Association.

When the Waterford School opened its doors on Monday for the school year the enrollment at the close of the day was found to be 220 and no doubt this will be somewhat increased during the week. The attendance in the younger grades was particularly heavy being approximately 8% greater than last year. The addition of an extra teacher will in the grades tend to alleviate the congested condition. Heretofore lack of room and seating capacity has handicapped the teaching force in getting classes under way.

Among those from Waterford who attended the State Fair during the past week were Mrs. John Miller, Mrs. Lillian Norton, Mrs. Clema Newladns, Fred Dates, Mr. Nickols, Mr. and Mrs. E. D. Spooner, Mrs. H. B. Mehlberg and daughter Eleanor.

The short business meeting was held, Rev. Traver offering prayer. Prayer also was offered by Rev. Donovan of Imlay City. He and Mrs. Donovan were guests. The group responded to roll call by Bible verses. The group voted to retain the same officers for the coming year: President, Mrs. Mehlberg; vice president, Mrs. Angus McCaffrey; secretary and treasurer, Otto Duguid. The entertainment committee, Mrs. Earl Schwalm and Mrs. P. L. McLaughlin, were also named. The October meeting will be at the home of Mrs. Ida Beattie. Games were played at the close of the business meeting.

The Good Will Club will be entertained on Friday, Sept. 20th, at the home of Mrs. Harold Wormley of Royal Oak in honor of her mother, Mrs. Will King. Roll call will be answered by giving current events.

Glenn Campbell has been transferred from a Detroit position to one in Trenton Valley and took up his work on Monday.

John Calhoun was seven years old on Sunday. He is the proud possessor of a new shiny red wagon.

The Primary class of the Waterford Sunday School with the teachers, Mrs. H. B. Mehlberg and Mrs. Charles Calhoun, gave a party at the church parlors Wednesday noon. There was a good attendance. A long table was arranged at which the children were seated. During the past year the children had an attendance contest and awards were given to those with the most perfect attendance. Like **MEAT LOAF?**
Bake it in a TRIAL ELECTRIC RANGE and learn the difference electric cooking makes!

FOR health's sake, meat should be eaten once a day, even in summer, according to some dietitians. Ham Loaf makes an ideal, economical summer dish... and it is at its best when baked on an electric range. In an electric oven, the mild, penetrating moist heat retains all the delicious natural flavor of the ham, and seals in all the beneficial juices that are lost through "drying out" in an ordinary oven. That is why there is such a deliciously different taste to meats cooked electrically. Goodness and health value are retained, together with surpassing flavor.

The Ham Loaf shown here will be enjoyed equally as much whether sliced cold for

sandwiches or served as the principal dish for dinner. Why not prepare this treat in your own kitchen on a Trial Electric Range?

Here are the details of the Trial Plan: We will install an electric range in your kitchen without initial charge, so that you may give it a thorough trial. During this trial period you simply pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that

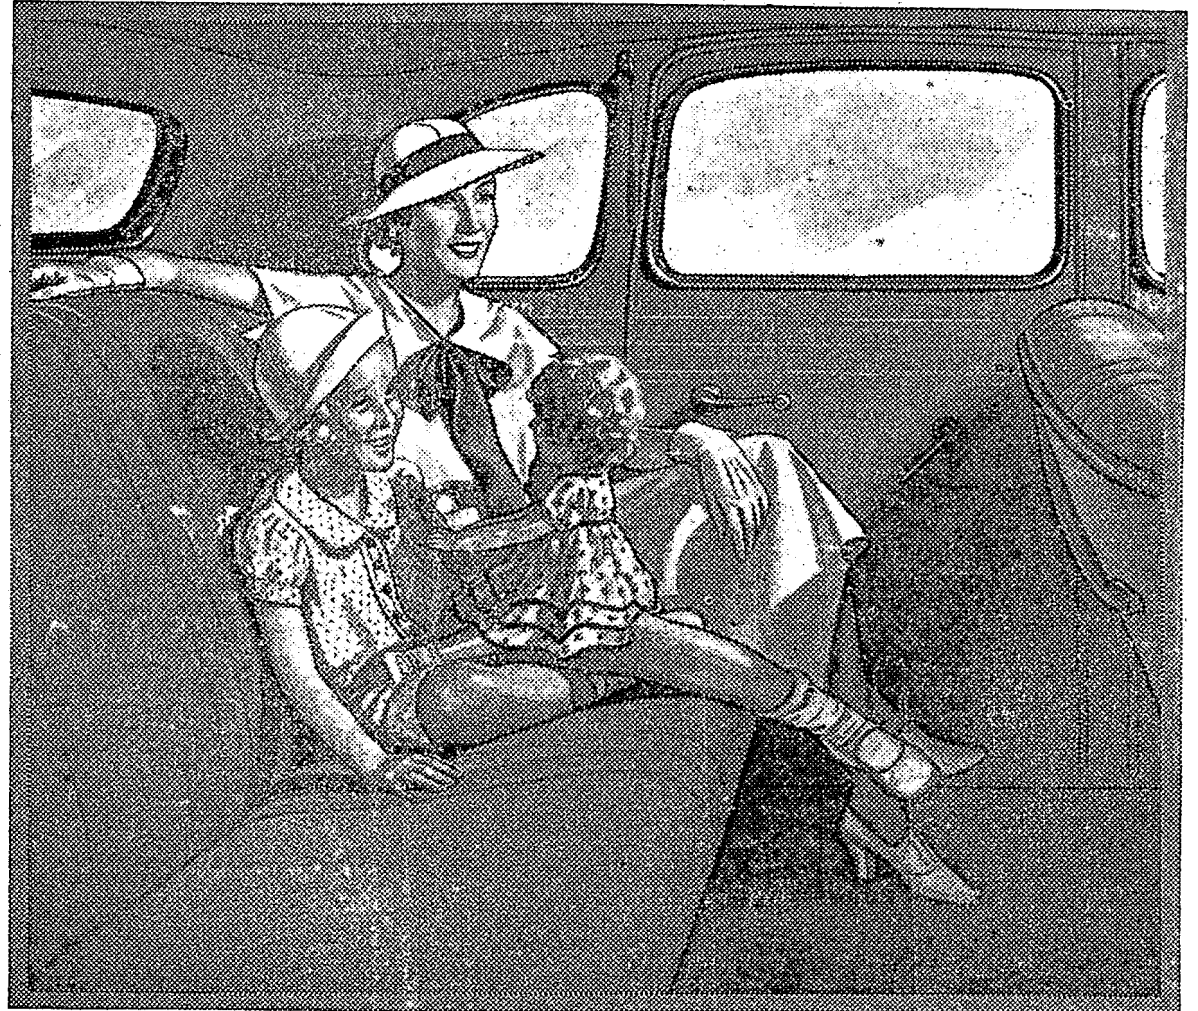

A study of one thousand families using an electric range showed a cooking cost of less than

you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

Mrs. John Shaughnessy Green-Sakofske Rites Hostess Last Friday Were Read Tuesday

Mrs. John McCallup was the guest of honor at a social affair given by her neighbors and friends at the home of Mrs. John Shaughnessy last Friday afternoon. The McCallups are moving from the Reese house on Holcomb St. to the Nelsey house on Washington St. and a number of neighbors and friends took this way of telling Mrs. McCallup how much she will be missed in the neighborhood. They presented her with a very lovely gift and had a fine afternoon visit. At the close of the afternoon, refreshments were served.

The wedding of Miss Blanche Green and Private Bernard Sakofske of Selfridge Field was held Tuesday night under auspices of the Junior Chamber of Commerce, Pontiac.

The ceremony was performed in the auditorium of the Board of Commerce before a bower of lovely flowers and fernery with more than 200 persons witnessing it.

Municipal Judge Milton F. Cooney read the service. He spoke briefly of the ancient character of the rites and the significance of the vows and the ring and then pronounced the binding words.

The bride and bridegroom stood with their attendants before a white railed altar, while the soft gleam of a score of lighted candles illuminated the scene.

Preceding the appearance of the wedding party, Marguerite Ballard played the wedding march from Lohengrin.

The bride was attired in a blue velvet gown with matching hat and accessories. She carried a bridal bouquet. The bridegroom was in the uniform of the U. S. Air Corps to which he is attached.

Miss Florence LaVee and Robert Robertson were the attendants.

Following the ceremony, relatives of the couple and their friends attended a reception.

Miss Blanche Green will be re-

membered by Waterbury people as Irene Green. They lived here a number of years ago. Bernard Sakofske and his father lived in Waterbury when he was a young boy.

The rural schools of the county were closed on Monday to allow the teachers to attend a county institute at Pontiac.
