## COMMENT AND CRITICISM

Well the Tigers have another chance at the World Series and will try and bring the championship to the City of Detroit and State of Michigan. Wanting to give you a picture of Manager Mickey in action, I take the privilege of placing an advertisement bearing his picture on page one. Forgive us folks, forgive us.

Perhaps one of the greatest assets one can have comprises a host of friends. And it is well to remember that old friends are better sometimes it is easier to hold old friends than make new ones. After friends have proven their worth hang on to them. But do not be a jellyfish to hold friends.

There is some talk of forming a Veterans Club in Clarkston for former Veterans of all wars, to take the place of the American Legion Post, the Veterans of Foreign Wars, and organizations founded during previous wars, and taking in anyone holding an honorable discharge of the U. S. Army. We doubt if this community can support a dozen or so different Veterans organizations and while we are not advocating such a club we have been asked to get the consensus of opinion and feel it a public duty to grant the request.

## Community Chorus To Meet Monday

Chas. Hutton Will Be the Director

The first meeting for this season of the Clarkston Women's Chorus will be held next Monday, Sept. 30th, at the High School, under the direction of Charles Hutton. The hour of the meeting for this first rehearsal and business session has been set at 4:00 o'clock and every member is urged to be there promptly at the appointed time. Approximately thirty women have signified their intention of becoming active members of the chorus, a slightly larger enrollment than that of last year. The chorus is eager to increase its membership and all women of Clarkston and vicinity are cordially invited to become members.

The chorus is very fortunate in again being able to retain Charles Hutton as director. Mr. Hutton is well known in music circles on account of his wonderful reputation as a vocal teacher. A very interesting and extensive program of work for the year is being planned.

## Clarkston vs. Walled L. Friday, September 27th

The Local Team was a Winner Last Friday

On Friday afternoon, September 27, the local High School team takes on Walled Lake Consolidated at the local field.

Walled Lake started the season with a display of power running over Northville by a score of 26 to 0, with a veteran team composed entirely of lettermen with a squad of 50 players. Walled Lake appears to be the team to beat in the Southwestern Oakland County Athletic League. Clarkston opened the season on the 20th and succeeded in beating Grand Blanc Reserves 7-0. Mann going over for the only touchdown on a run around left end behind good blocking from the 30 yard line in the 2nd quarter. McReynolds scored the point after the touchdown.

Clarkston has a team of 11 men all of whom played against Walled Lake to a 0-0 tie a year ago, however the backfield against Walled Lake will be starting together for the first time due to the absence of Farkner and Tucker who have been out on account of injuries. Fursfall, the regular center, will be on the sidelines because of a leg injury sustained in the Grand Blanc game.

Friday's game will be the first test of the 1935 season for the first time the regular backfield and line will be playing together, Fursfall excepted.

Coaches Bauer and Waters expect a successful season if more injuries do not occur. With a small squad of 20 useable boys to choose from and only one substitute who has played football up to this year, the coaches are faced with a serious problem of developing reserve material. Friday's game will be one of the best games of the season and Clarkston boys are keved up to give as good an account of themselves as they did a year ago.

The price of admission adopted at the league meeting last night for all league games was 25 cents for adults and 15 cents for out of town students who present athletic membership cards. Clarkston students may secure athletic membership cards by paying 25 cents to the athletic association. This card will entitle the student to an admission price of 15 cents to all out of town games. Without a card the price of admission to out of town students will be 25c.

All Clarkston students will be admitted free to home football games as students have made pledges to support football. The payment of a 25 cent pledge will entitle the student to an athletic membership card.

## AMERICAN LEGION NEWS

James Saylor has been elected to serve as Post Commander for the coming year.

**TRIAL ELECTRIC RANGE**

PREPARE a whole breakfast—a man's breakfast—in your electric oven in twenty minutes! Muffins, broiled bacon and eggs can all be prepared at the same time, and served together, deliciously hot and appetizing. Enhanced flavor, like that of old English grilled bacon, results from electric broiling. The bacon is evenly browned and keeps its shape—it does not shrivel into unmanageable curlicues. Even the eggs taste better than when fried, thanks to the "flavor conserving" heat of the electric oven, which does not cook to toughness but cooks thoroughly and gently. Finally, electrically baked muffins are delightfully flaky and tempting—a treat to top off any breakfast! Here is a meal after a man's heart—and with an electric range, it takes only 20 minutes to prepare. Wouldn't you like to try it—in your own kitchen—on a Trial Electric Range?

We will install an electric range in your kitchen without initial charge, so that you may give it a thorough trial. During this trial period you simply pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!

**FARM CREDIT ASSN. HELPING FARMERS**

**Gives Them Money for Several Purposes Here Outlined**

Pontiac Production Credit Association has more than doubled its volume during the past year, according to Sec. Treas. Fred J. Beckman. In addition to crop and livestock financing, indications for a good marketing season have encouraged many farmers in this section to make long needed repairs to their buildings and purchase new machinery. They have made considerable savings by paying cash and securing the necessary funds from their own Association.

Sec. Beckman states that there is an Association available to every farmer in the United States. The amount loanable to the individual depending entirely on the security he has to offer, his financial statement and ability to repay. These Associations are set up to provide to the worthy farmer, money at cost with the notes falling due at the time of

year he has his products ready for market.

In addition to the regular loans, the Production Credit Associations are now making loans on grain in storage under the Farm Storage Act of 1935 requiring only Warehouse or Elevator receipts for security.

The Pontiac Production Credit Association makes loans in Macomb, Oakland and Livingston Counties, with the office in the Post Office Building, Room 4, Pontiac, Michigan. If convenient farmers in Livingston County may make application at the Court House with Mrs. Margaret Manley, Howell, Michigan.
