## COMMENT AND CRITICISM

Ho hum . . . after we write about an all-inclusive Veterans Club, we find that we omitted to mention all branches of the Service . . . in fact we forget that we have a Navy.

Anyway with "Mickey's" picture on the front page, our newsstand sales last week reached a new high and Gerald O'Dell claims that is the reason.

Every Veteran should attend the Legion Stag Dinner Friday evening. Not only is it free but it will provide a good time for everyone present and will raise expectations for an active year in the Post's history.

It's World Series time and I miss Ben Miller's hearty laugh as he relates his reasons why the Tigers should win the Series. Remember his famous bet of last year that the Tigers would whip the Giants. Then the Cardinals whipped the Giants and played the Tigers . . . the white Ben collected on his bet.

And now Clarkston is to have an organized fire department. This is as it should be and we are more than pleased to hear the news.

When four present contributed \$115.00 and the total collection was \$118.35, we wonder just why the thousands who attended church services with Joe Louis really went.

Is this Detroit's year? Louis came through and now it is up to the Tigers.

Personal note to all subscribers. If the paper is late this week it is because we did not work during the second game.

Personally I believe the Tigers will win the Series for the reason that one of the Detroit Reporters has picked the Cubs . . . We never saw him pick a winner.

We are more than glad to carry the Blue and White Flash Clarkston School News to you in this week's issue. We know you will like it.

The winner of the Series is such a question that there is quite a little money in town on the Cubs.

## Miss Sara Fiske Honored on Saturday

## Miss Fiske Will Marry William Reece This Fall

Last Saturday afternoon Mrs. Russell Walters was hostess at a miscellaneous shower at her home on Holcomb St. honoring Miss Sara Fiske whose marriage will be an event of this fall.

Miss Fiske is the daughter of Mr. and Mrs. Lloyd Fiske of Walled Lake and there was no better time than last Saturday afternoon to announce to twenty of her friends that she will marry William Reece, son of Mrs. Fred Marvin of Clarkston, this fall.

The bride-to-be was the recipient of many very lovely gifts. A happy afternoon was spent and refreshments were served.

The young couple intend to reside in Pontiac where Mr. Reece is employed.

## Garage and Car Destroyed by Fire

## Beagle Hound Was Severely Burned Before Being Rescued

Mr. and Mrs. Clarence Johnson and children were awakened early last Sunday morning by the barks of their beagle hound which was tied in the garage which is attached to the west side of the house.

They were surprised to see the garage in flames. Mr. Johnson had returned home about an hour and a half before the fire was discovered. Russell Janks, a driver for the Hickory Dairy, was the first to rush to the phone office and notify the operator to give the fire alarm. This is the second time in the last year that Russell has given the alarm in time to save a Clarkston home. However the volunteer fire department wasted no time and although a very strong wind was blowing they were able to save the house. One of the Johnsons managed to get the dog from the burning garage only after it was severely burned. The garage and car were destroyed.

## M. E. Ladies' Aid Met Wednesday

## Mrs. Alice Urch and Mrs. William Gulick Are Hostesses

On Wednesday afternoon the Ladies' Aid of the Methodist church held their meeting at the church with Mrs. Alice Urch and Mrs. William Gulick as hostesses.

There was a very good attendance and a great deal was accomplished. The ladies worked diligently sewing quilt blocks and cutting out aprons.

The regular business meeting was held with the president Mrs. Fiske in charge. It was decided to serve a dinner on the evening of Wednesday, Oct. 23rd. Mrs. Elizabeth Rockwell and Mrs. Arthur Beardslee will be in charge.

The Christmas bazaar was discussed and it was decided that it would take place the first week in December. The various committees were appointed as follows, aprons, Mrs. W. S. Barrows, Mrs. Bradley Miller and Mrs. W. H. Stamp; fancy work, Mrs. George Marshall, Mrs. LeRoy Addis, Mrs. Elizabeth Ronk, Miss Ada Scrace and Mrs. Irving Ronk; baked goods, Mrs. Anna Fleming, Mrs. Durand Ogden, and Mrs. Fred Stewart; white elephant, Mrs. F. After the business meeting Mrs. William Jones and Mrs. Alice Urch favored the group with a couple of interesting readings and these were very much appreciated.

Then Miss Nellie Pratt received congratulations and good wishes. She celebrated her ninetieth birthday by attending the meeting and the members were all pleased to welcome her.

The place of the next meeting will be announced later.

## LAMENTED ROGERS IN LAST PICTURE

Volcanoes explode, nations declare war, quintuplets are born and presidents come and go—and Will Rogers never failed to issue the crowning comment on whatever had just come to pass.

Then, in a motion picture scene, a sweet little girl and a nice boy are married in a prison and Will Rogers—the shrewd, garrulous, imperturbable Rogers—chokes up, sheds tears and can't think of a thing to say!

It all occurred during the filming of Will Rogers' new starring vehicle, "Steamboat Round the Bend", which comes Thursday to the Holly Theatre.

The scene was the wedding of Anne Shirley and John McGuire. Eugene Pallette, the sheriff, was performing the ceremony. Pallette called for the ring, Rogers standing nearby was supposed to hand it to McGuire and say, "It belonged to your mother."

In the background a negro chorus was humming a dolorous chant, the spiritual "The Eagle's Nest". Suddenly the thing became too real for Rogers. There was a lump in his throat, tears were starting to his eyes. He knew that if he uttered his line it would be choked and spoil the scene. So he said nothing, passed the ring with a gesture that was more eloquent than any speech.

"Steamboat Round the Bend" plot revolves about the romance of the two youngsters, but its comic interludes are furnished by the hilarious rivalry of Will Rogers and his old friend Irvin Cobb as competing steamboat captains.

Greta Garbo's tenth anniversary picture, "Anna Karenina", opening Sunday at the Holly Theatre, is a story with a background of imperialistic Russia at the height of that nation's wealth and splendor.

Almost all of the characters in the novel are retained in the picture, totaling forty featured roles.

Heading the cast are Garbo, as Anna Karenina, and Fredric March as Count Vronsky, her lover. Basil Rathbone was lured from the stage to play Karenin, Anna's ruthless husband, and Freddie Bartholomew, as "David Copperfield", was called back from personal appearance triumphs to take over the role as Garbo's son.

## Royal Neighbors Celebrate Anniversary

## Five Charter Members Were Honored Guests

Last Thursday afternoon the Royal Neighbors had one of the biggest and best meetings they have had in a long, long time. The occasion was their 30th anniversary and an exceptionally fine program had been planned.

The charter members, Mrs. Mary Green, Mrs. William Baldwin, Mrs. William Belitz, Mrs. Albert Lawson and Mrs. Floyd Lowery, were the honored guests and everyone thoroughly enjoyed the picture they presented as they were escorted into the hall and introduced. They were dressed in costumes of 1905 and carried a banner which read "The Girls of 1905". For a few minutes no one could speak because of the applause and the laughing.

At one o'clock a lovely luncheon was served and those present decided it was a banquet.

In the afternoon the initiatory work was put on by the visiting Camp from Pontiac. They also gave an exhibition drill and all went on like clockwork. The Pontiac Camp is to be congratulated on their very efficient ritualistic work and their fine appearance on the floor.

Each charter member was presented with a gift and a beautiful corsage.

Among the sixty-five present were Mrs. Diantha Sage and her daughter, Mrs. Gertrude Powers and her daughter of Detroit.

Other prominent guests were Mrs. Richardson, the state deputy, from Detroit, and Mrs. Marie Wyss, the district deputy, from Pontiac.

## Clarkston to Have Fire Department

## Volunteers to Form a Dependable Organization

David McClelland, President of the Village, has appointed Jeff Hubbell Chief of Clarkston's Volunteer Department with power to place the members in the position where they can best serve.

His first position, that of protecting the property, was given to Ed. Seeterlin. It has been the history of the past that the extinguishing of the fire has done more damage than the fire. It will be Ed's job to prevent this.

Richard Seeterlin, Wm. Dunston and Ray Anthony will handle the nozzle of the hose.

Ted O'Rourke and Erwin Baker will handle the pump.

The first two objectives will be trial runs to find the best access to water and a way to get the chemicals on the job even before the pumping apparatus.

Your new Chief asks your cooperation in this worthwhile undertaking.

## STATE MATTERS OF INTEREST TO ALL

### Digest Prepared in Office of the Secretary of State

Applications for 1936 automobile license plates for municipally owned cars will be carefully examined by the Department of State, it was announced Thursday. The cost of license plates for cars owned by the state or any municipality, including counties, cities, villages, and school districts, is only 50 cents for each vehicle, regardless of size.

Instances have been discovered in which these 50 cent plates have been issued on application of municipalities which in fact did not own them. Because of this State Department officials are warning that applications for such 1936 plates in which any question may arise as to the car's actual ownership should be filed in ample time to permit investigation of the car's exact status. Some plates have been confiscated, the owners of the cars being compelled to pay the regular weight tax.

From 10,000 to 12,000 sets of these plates are issued annually. State Department officials believe that all but "a small percentage" of applicants are actually entitled to them. On advice of Harry S. Toy, Attorney General, however, the practice of issuing "government" plates on application of school boards in districts where children are transported will be stopped unless the boards actually own the vehicles.

The term "owning" in this connection includes exclusive use of a motor vehicle, through lease or otherwise, for a period of more than 30 days. The device of a unit of government leasing motor vehicles and thus legally applying for 50 cent plates is rarely resorted to for the reason that these units dislike responsibility of ownership in the event of accidents from which costly lawsuits may arise.

## Mrs. Floyd Terry Honored Last Friday

## Cubs or Tigers Slated to Win

Last Friday noon Mrs. Floyd Terry realized she was celebrating her birthday when 14 gathered at her home for dinner. A delightful meal was served and a happy afternoon was spent. Mrs. Terry received many beautiful gifts and the best wishes of all the guests.

## Pennant Should Be Won in Seven Games

With my heart for the Tigers and my money on the Cubs I barged into the editorial sanctum with this snappy remark, "The Tigers made three errors and the Cubs got three runs. Not bad. Not bad. And the first game was only the beginning."

"Oh yeah" accompanied by a look that would stand washing, remarks the boss.

"I suppose that, because you saw the games this year by radio, you know all the answers. Not that I care what you think but suppose you step out and see what the real followers of the National Pastime have to say."

So rather than get fired, I went to work and collected the following answers:

Mickey Cochrane: Detroit in the next four games. What a queer idea.

Charles Grimm: Cubs will cinch the pennant in next three games. (He is a very intelligent student of the game . . . he agrees with me.)

D. M. Winn, Supt. of Schools in Clarkston: We are holding classes as usual but the students cannot be expected to study so they may listen to the radio report in the study periods.

Irving Ronk: Glad you came in. Help yourself to a free score card.

Jeff Hubbell: I hope you present the story of our volunteer fire department in such a way that everyone will want to co-operate.

A stranger: How do we get to the Dixie?

Henri Buck, James Saylor and Charles Roehm: The Legion's Stag Dinner should go over good.

Joe Seeterlin: The 1936 cars should be much better than those of the past.

David McClelland: The show sponsored by the merchants last Saturday was not of long duration, but it was good.

Ed. Whipple: Prospects for the new 1936 cars are showing a lot of enthusiasm.

Edward L. Porritt: I need some printing for my dairy.

L. J. Chamberlain: I will have some news about our Fellowcraft Club pretty soon.

C. J. Cheeseman: We expect to leave for the South Friday or Saturday of this week.

Having secured such a fine array of opinions I decided that perhaps the World Series was just a tempest in a tea pot and nothing to stay out in the rain thinking about so decided to call it a day.

Athletic News  
The C. H. S. football season is well under way. Friday, Sept. 11, the local boys took the game with Grand Blanc with a score of 7-0. Our last Friday's game was won by Walled Lake with a score of 12-7.

Clarkston kicked off to W. L. and forced them to kick. The exchange of kicks in the first quarter placed W. L. in its first scoring position. The local line held most of the W. L. running plays in check, the one weakness in the line being the center position. Hursfall, the regular center, was on the sidelines with a twisted knee, and his position was filled by George Dupee, a freshman who was groomed to fill the position. Playing his first game Dupee lacked the necessary experience in breaking up the W. L. line attack, but much improvement is expected in the next few weeks.

W. L. completed several passes, none of which were good for lengthy gains.

Clarkston's running attack showed spots of brilliance and then bogged down.

Parker and Secord both broke away for long gains, but were brought down by the secondary men overtaking them.

The two teams were fairly evenly matched and both sides displayed some excellent football. W. L. excelled in the punting game where they gained a large percentage of their yards.

The absence of Hursfall from the game was the difference between the defensive games.

This week Clarkston goes to South Lyon to meet their high school team. South Lyon is in for a tough battle as they were the only team to beat Clarkston last year. That single defeat, 7-0, keeping Clarkston from winning the League Championship. In fact this was one of just two touchdowns to cross Clarkston's goal line last season. So still feeling the sting of that defeat Clarkston goes determined to win. If Parker, Secord, Tucker and Hursfall are off the injured list by Friday, the local lads should be successful; if not the outcome will be questionable.

ASK COOPERATION OF BIRD HUNTERS

Read This and Then Fill Out Blanks Below

Department of Conservation Lansing September 19, 1935

Dear Editor: Since 1929 the Game Division has been sending out Game Bird Tally Cards to obtain information from hunters on upland game bird conditions. From these tally cards we hoped to be able to obtain a check on the population of pheasants, "partridge," and prairie chickens. We were using these cards to obtain information as to how many birds were seen per hunter, number of birds bagged per hunter, sex ratio in the case of pheasants, and also where hunting appeared best. These tallies, if a sufficient number were returned, would give us a good check on the general conditions for upland game birds.

Using this system of distribution we have failed to receive as many returns as were needed to summarize game conditions and hunting success. For this reason we are asking the newspapers to cooperate with us this year and desire to enlist your cooperation. We hope that you can cooperate with us in this campaign for more accurate information on hunting.

WHAT A CHECKING ACCOUNT Means To You SAFETY... your funds will be protected from fire and theft, your cancelled checks a receipt for every payment. A RECORD... with taxes going higher, the cautious business man wants a record of every receipt and expenditure for his own-protection in figuring his income tax. CONVENIENCE... the ability to write a check enables you to meet any emergency without the hazards of carrying cash. Clarkston State Bank

We are enclosing a mat of our revised bird hunter's report. If you can arrange to print this cut in your paper during the grouse season it will help us very much. In the upper peninsula the season opens on October 1 and closes October 27. We shall appreciate your printing this report from October 1 to October 30, as often as space permits. We have found that sportsmen like to use these newspaper report blanks. Undoubtedly the items on hunting which they read in your paper help to increase their enthusiasm in cooperating with us. When these reports have been received and tabulated, several news releases explaining information received from the hunters will be sent to you for use in your newspaper. Hoping that you will find it possible to help us in this plan, I am Yours very truly, H. D. RUHL, In Charge, Game Division.

The leaves of Turkish tobacco are strung one by one like beads (see how it is done in the picture). After the leaves are strung they are packed in bales (see picture) —sometimes as many as 80,000 leaves to the bale.

We have on hand at all times for CHESTERFIELD cigarettes upwards of 350,000 bales of Turkish tobacco...

The pleasing aroma and flavor of Turkish tobacco is almost necessary if you want a good cigarette. Turkish tobacco is more costly when you take into account that you have to pay 35c a pound duty, but we have to have it to blend with our mild ripe home-grown tobaccos. It helps make Chesterfields milder, it helps give them better taste. Just try them.

Outstanding for mildness for better taste

**POTATO CONTROL STILL UNCERTAIN**

No program for the control of potato production in Michigan nor in the United States will be inaugurated until the farmers who grow potatoes and the consumers who eat them have had a fair opportunity to express their views at a public hearing to be held in Washington Oct. 3, according to R. J. Baldwin, administrator for AAA in this State.

Michigan representatives who will go to Washington will be Claude L. Nash, Michigan State College, and Harry Riley, Bellaire, Michigan. It is probable that F. P. Hibst, Cadillac, manager of the Michigan Potato Growers Exchange, will also attend the hearing. Representatives for consumers are to be selected by their organizations.

In the event that it is determined at the public hearing to have a potato adjustment control plan, the plan may take one of two different forms.

There may be a voluntary acreage control or there may be a form of control through marketing. There is also the possibility that no adjustment plan will be adopted for potatoes.

Funds for the administering of the Act as passed by Congress were included in the third deficiency bill which failed to come up for carrying the Act into effect.

The Act itself has two titles, one of which provided for the acreage adjustment and the other for adjustment through marketing allotments. Neither is in effect now nor will be until after the public hearing has provided evidence of the wishes of the people of the United States.

**Owned by Those it Serves**

THE ownership of the Michigan Bell Telephone Company, as a part of the Bell System, is shared among 850,000 people in all sections of the country. More than half the stockholders are women. Of these, 210,000 are housewives. There are 115,000 employees of the Bell System who own shares. The other owners include thousands of clerks, salesmen, mechanics, doctors, teachers, farmers, laborers—people in all walks of life.

The average holding per person is only 28 shares. And nobody owns as much as one per cent of the stock.

Thus, the tremendously valuable equipment behind your telephone was built by the savings of many thousands of small investors. That money was invested because people believed in the

telephone as a necessity vital to modern business and social life. Such public confidence is a tribute to the policies of the management; it made possible the development and expansion of the service through a half-century of unhalting progress.

Without that money, without that confidence, telephone service could not exist as we know it today in this State and Nation. It could not have attained the degree of perfection which makes it indisputably the finest, most efficient telephone service in the world.

Such wide-spread ownership is a measure of public confidence in the telephone in this State and Nation. It is a gauge of the people's estimate of the solid, enduring worth of the service.
